STAFF RECOMMENDS DENIAL.

Recommendation:
Adopt the Ordinance.

Background:

Customers from AutoZone have done repairs to their vehicles on Washington Ln because they are not allowed to do so in the parking lot. The property owner and resident at 1729/1731 Washington Ln requested this because customers often park in front of his place to do work on their vehicles.

Resolution approving updates to the transit system including the following: reducing Saturday bus fares to \$0.50, improving Saturday service connections, offering on-demand Sunday service from 10:00 a.m. to 5:00 p.m. to those with a 30-day pass traveling to employment, and eliminating regular route Sunday service. [All Wards]

Recommendation:

Adopt the Resolution.

Background:

Transit services went through a major update in 2016 after a study had been completed to optimize the routes and cost. As a result of this study, there were several key outcomes:

- Number of routes were reduced
- Routes were modified to a 'grid' type of structure which is a best practice in transit
- Sunday service was added, prior to this, service only occurred Monday to Saturday

Since the route changes have occurred, ridership has remained relatively steady at around 2,100 rides per week day and 1,000 rides on Saturday. Sunday service has not caught on or been as popular as expected when the service was added with only 350-400 rides per Sunday (less than 200 unique riders).

Transit staff recently did a survey on Sunday to understand ridership. Of the Sunday riders surveyed, one quarter were using the service for work, one third were using the service for shopping, and the rest for miscellaneous other reasons. The majority of these riders (over 60% surveyed) were monthly pass holders for CitiBus transit services. In reviewing cities of similar population that offer transit services, the majority do not offer the service at all. The other peer cities reviewed that do not offer Sunday service are Joliet, Naperville, Springfield, South Bend, Cedar Rapids, Olathe, Topeka, Dayton, and Green Bay. The following cities offer Sunday service: Elgin, Peoria, Rockford, Evansville, Ann Arbor, and Lansing, which a majority of these cities have a major university driving higher weekend ridership.

The City currently partners with River Bend Transit for on-demand ADA Sunday service, which could be expanded specifically for Sunday riders traveling to work with a 30-day bus pass. The service would be offered the same hours as current: 10:00 a.m. to 6:00 p.m. Currently, Bettendorf does not provide Sunday service, so there are no available connections between the two cities, which is likely another reason for lower ridership. On demand service would allow those working in Bettendorf better access.

An improvement identified is running the Saturday Route 4 on a 30 minute service to help improve connections to the rest of the system. Staff is hopeful improving service on this primary connector line would make riding on Saturday more convenient overall in increase Saturday ridership. In addition, by reducing Saturday fares, it would encourage higher ridership on Saturday.

In summary, the City of Davenport has made great strides to improve rider experience and communication over the last four years since the route changes went into effect. Staff committed to the City Council that periodic updates about these changes would be provided. Transit provides a critical service to our population and staff strives to provide this service with a balance of cost and benefit to the tax payers of Davenport.

Staff believes this balance is not currently being achieved on Sunday and these funds would be better spent providing the following improvements:

- Saturday route 4 time point change to 30 minutes for improved connections
- Reduce Saturday fares to \$0.50 to encourage more ridership on Saturday
- On-demand service offered on Sunday for those connecting to employment with 30 day passes
- Addition of a part time cleaner to continue the extra rigorous cleaning that has been taking place due to COVID-19. This extra cleaning has been performed with Sunday drivers during April and May with success.

Resolution No. _____

RESOLUTION offered by Alderman Dunn.

RESOLVED by the City Council of the City of Davenport.

RESOLUTION approving updates to the transit system including the following: reducing Saturday bus fares to \$0.50, improving Saturday service connections, offering on-demand Sunday service from 10:00 a.m. to 5:00 p.m. to those with a 30-day pass traveling to employment, and eliminating regular route Sunday service.

WHEREAS, staff has identified the following improvements:

- Saturday route 4 time point change to 30 minutes for improved connections;
- Reduce Saturday fares to \$0.50 to encourage more ridership on Saturday;
- On-demand service offered on Sunday for those connecting to employment with 30 day passes;
- Addition of a part-time cleaner to continue the extra rigorous cleaning that has been taking place due to COVID-19. This extra cleaning has been performed with Sunday drivers during April and May with success.

WHEREAS, Notice of Hearing on the transit system updates was published as required by law;

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Davenport, Iowa that said updates to the transit system are hereby approved.

Passed and approved this 22nd day of July, 2020.

Resolution ordering preparation of detailed plans, specifications, notice of hearing, notice to bidders, form of contract, and publication of the notice to bidders and notice of hearing covering the 2020 Alley Resurfacing Program for the east-west alley between E River Dr and Wood Ln from Forest Rd to the alley end, CIP #35038. [Ward 6]

Recommendation:

Adopt the Resolution.

Background:

This program involves the resurfacing of one alley with Hot Mix Asphalt (HMA). This is an assessment program where 50% of the total cost to reconstruct or resurface the alley is paid for by the City and the other 50% is paid for by the abutting property owners based on the size of their lot. The resident requesting to have their alley reconstructed or resurfaced would have to obtain the necessary signatures on a petition prepared by the City with over 50% of the owner-occupied property abutting the alley.

The City received and has accepted two petitions for this work. The first alley is the east-west alley between W 16th St and W 15th St from Myrtle St to 1521 Marquette St and north-south from W 15th St. to W 16th St. The second alley is the east-west alley between E River Dr and Wood Ln from Forest Rd to the alley end. The program cost for both alleys is currently estimated at \$160,200 and are budgeted in CIP #35038. Due to the assessments, half of the project expense would eventually be recouped by the City. State law requires that certain Council actions regarding the assessment procedure must precede the bid letting date.

Second Consideration: Ordinance for Case REZ20-05 being the request of Rev. Richard Hayslett to rezone 508-510 Marquette Street from R-4C, Single- and Two-Family Central Residential District, to C-1, Neighborhood Commercial District. [Ward 3]

Recommendation:

Adopt the Ordinance.

Background:

Christ Apostolic Church is located immediately north of the property proposed for rezoning. If successful, it intends to construct a parking lot on the property. Parking lots in C-1 also require a Special Use approval from the Zoning Board of Adjustment.

At its June 16, 2020 meeting, the Plan and Zoning Commission unanimously voted to forward this case to the City Council for approval.

Findings:

1. The rezoning is consistent with the Comprehensive Plan.
2. Additional parking is needed for the church.
3. The rezoning will not negatively impact the surrounding neighborhood.

Comprehensive Plan: The property is designated as RG, Residential General in the Comprehensive Plan.

Residential General (RG) - Designates neighborhoods that are mostly residential but include, or are within one-half mile (walking distance) of scattered neighborhood-compatible commercial services, as well as other neighborhood uses like schools, churches, corner stores, etc. generally oriented along Urban Corridors (UC). Neighborhoods are typically designated as a whole. Existing neighborhoods are anticipated to maintain their existing characteristics in terms of land use mix and density, with the exception along edges and transition areas, where higher intensity may be considered.

This property is located along Marquette Street, an arterial. Marquette Street is designated as an Urban Corridor in the Comprehensive Plan.

Urban Corridor (UC) - Generally established corridors along major streets marked by mixed use development with commercial uses generally clustered at major intersections and/or transit stops. Urban corridors are mostly fully built-out and redevelopment occurs slowly. Commercial uses in UC generally serve adjacent neighborhoods with goods and services. The character and intensity of Urban Corridors can vary due to street and surrounding neighborhood characteristics. Therefore, specific corridor and neighborhood plans, and supporting zoning provisions, should be created developed to help guide future development decisions.

To date no site plan or other engineering plans have been submitted. It is assumed that if the parking lot is constructed, it will comply with all City regulations.

A neighborhood meeting was held on Thursday, May 28, 2020 at City Hall. Property owners within 200 feet were notified, and a sign placed on the property. No one other than the applicant, Chair of the Plan and Zoning Commission, and staff attended. No one spoke at the neighborhood meeting. The protest rate is 0.0%

No technical review comments have been received.

Discussion:

Following are the Approval Standards for Map Amendments found in the Zoning Ordinance (17.14.040.1):

a. The consistency of the proposed amendment with the Comprehensive Plan and any adopted land use policies.

Staff believes the request is consistent with the Comprehensive Plan as it calls for higher intensity uses along arterial streets.

b. The compatibility with the zoning of nearby property.

An improved, maintained parking lot should be compatible with the neighborhood.

c. The compatibility with established neighborhood character.

The property is already vacant and should be compatible.

d. The extent to which the proposed amendment promotes the public health, safety, and welfare of the City.

Providing more off street parking should add a degree of safety by providing more parking off the residential streets.

e. The suitability of the property for the purposes for which it is presently zoned, i.e. the feasibility of developing the property in question for one or more of the uses permitted under the existing zoning classification.

Parking is suitable at this location.

f. The extent to which the proposed amendment creates nonconformities.

No nonconformities will be created.

Conclusion: Staff knows of no reason this request should not be approved.

Total Land Area: Please SelectDoes the Property Contain a Drainage Way or is it Located in a Floodplain Area: ☐ Yes ☐ No**Submittal Requirements:**

- The completed application form.
- Recorded warranty deed or accepted contract for purchase.
- Authorization form, if applicable. If the property is owned by a business entity, please provide Articles of Incorporation.
- A legal description of the request if not easily described on the deed or contract for purchase.
- Required fee:
Zoning Map Amendment is less than 1 acre - \$400.
Zoning Map Amendment is one acre but less than 10 acres - \$750 plus \$25/acre.
Zoning Map Amendment is 10 acres or more - \$1,000 plus \$25/acre.
\$10.00 per sign; more than one sign may be required depending upon the area of the request.

Formal Procedure:

(1) Application:

- Prior to submission of the application, the applicant shall correspond with Planning staff to discuss the request, potential alternatives and the process.
- The submission of the application does not constitute official acceptance by the City of Davenport. Planning staff will review the application for completeness and notify the applicant that the application has been accepted or additional information is required. Inaccurate or incomplete applications may result in delay of required public hearings.

(2) Plan and Zoning Commission public hearing:

- The City shall post notification sign(s) in advance of the public hearing. A minimum of one sign shall be required to face each public street if the property has frontage on that street. It is Planning staff's discretion to require the posting of additional signs. The purpose of the notification sign(s) is to make the public aware of the request.
- The applicant shall make a presentation regarding the request at a neighborhood meeting. The purpose of meeting is to offer an opportunity for both applicant and neighboring residents/property owners to share ideas, offer suggestions, and air concerns in advance of the formal public hearing process. Planning staff will coordinate meeting date, time, and location and send notices to surrounding property owners.
- The Plan and Zoning Commission will hold a public hearing on the request. Planning staff will send notices to surrounding property owners.

(3) Plan and Zoning Commission's consideration of the request:

- Planning staff will perform a technical review of the request and present its findings and recommendation to the Plan and Zoning Commission.
- The Plan and Zoning Commission will vote to provide its recommendation to the City Council.
- If the Plan and Zoning Commission recommends denial, the request may only be approved by a favorable 3/4 vote of the City Council.

Formal Procedure (continued):

(4) City Council's consideration of the request:

- The Committee of the Whole (COW) will hold a public hearing on the request. Planning staff will send a public hearing notice to surrounding property owners.
- If property owners representing 20% or more of the area within 200 feet of the exterior boundaries of the request submit a written protest, the request may only be approved by a favorable 3/4 vote of the City Council. For the purpose of the 20% protest rate, formal protests will be accepted until the public hearing is closed.
- The City Council will vote on the request. For a zoning map amendment to be approved three readings of the Ordinance are required; one reading at each Council Meeting. In order for the Ordinance to be valid it must be published. This generally occurs prior to the next City Council meeting.

NOTICE OF REZONING APPLICATION

508-510 MARQUETTE STREET

Dear Property Owner:

You are being contacted because you own property within 200 feet of the property identified above. The owner, Christ Apostolic Church, is requesting the City rezone the property from R-4C, Single and Two Family Central Residential District to C-1, Neighborhood Commercial District. See attached location map.

If successful the church intends to construct a parking lot on this property.

There will be multiple opportunities to provide input on this proposal but with the COVID-19 situation we are forced to alter our procedures somewhat.

The first step in the rezoning process is to hold a neighborhood meeting. In addition to holding an in person meeting, we will be utilizing the GoToMeeting format. This meeting will be held on May 28, 2020 at 5:30 pm, in the Council Chambers at City Hall, 226 W. 4th Street. Due to COVID-19, no more than 10 persons will be allowed in the room at any time. If you want to participate in the virtual meeting, please let us know and we will send you connection instructions.

Then on June 2, 2020, the Plan and Zoning Commission will hold its public hearing. This meeting will be held at 5:00 pm in the Council Chambers of City Hall. You may attend in person, but again, no more than 10 persons will be allowed in the room at any time. Following the public hearing, the Commission will make its recommendation the Council, which will in turn hold another public hearing.

Your input into this process is vital and we ensure you that your questions will be answered and your concerns heard.

While City Hall is closed to the general public, you may contact us by the following methods:

Email to: planning@davenportiowa.com

Phone to: 563-326-7765

Letter mailed to:

Community Planning Division
City Hall
226 West 4th Street
Davenport, Iowa 52801

Or as previously mentioned you may attend the public hearing on June 2 in person.

You also have the opportunity to formally protest the proposed rezoning by expressing your protest in writing, either by letter or email, to our office. If more than 20% of the area's owners within 200 feet protest the proposed rezoning, then a supermajority vote of 75% or more of the City Council is necessary for approval.

Sincerely,

June 17, 2020

To the Honorable Mayor and City Council:

At its June 16, 2020 meeting, the Plan and Zoning Commission considered Case REZ20-05, the request of Richard Hayslett to rezone 508/510 Marquette Street from R-4C, Single and Two Family Residential District to C-1, Neighborhood Commercial District.

The Commission voted unanimously, 10-0, to forward the Case to the City Council with a recommendation for approval, with the following findings:

1. The rezoning is consistent with the Comprehensive Plan.
2. Additional parking is needed for the church.
3. The rezoning will not negatively impact the surrounding neighborhood.

Sincerely,

Robert Inghram, Chair

First Consideration: Ordinance amending Schedule XIII of Chapter 10.96 entitled "7-Ton Truck Restrictions" by adding 59th St from Main St to 61st St. [Ward 8]

Recommendation:

Adopt the Ordinance.

Background:

The 7-ton designation is typically used on streets that can't handle heavy traffic or shouldn't be used as a cut-through to avoid a nearby collector or arterial street. W 59th Street itself can accommodate truck traffic but it is a gateway into the residential area so no trucks should go west of Main Street where residential zoning begins. The streets within the neighborhood are narrow and not meant to carry heavy traffic. There are also signs prohibiting trucks on 61st St west of the frontage road and on 65th St west of the frontage road that leads to 76th St. With this Ordinance, the only trucks allowed in the residential area are ones that have business to be there, such as moving and delivery trucks. The City will install an advance warning sign on 59th at the frontage road and another at Main St.

First Consideration: Ordinance amending Chapter 15.32 of the Davenport Municipal Code titled "Uniform Fire Code" to adopt the International Code Council's 2015 International Fire Code with amendments. [All Wards]

Recommendation:

Adopt the Ordinance.

Background:

In 2017, a fire code evaluation project was initiated following the adoption of the 2015 International Building Code. Currently, the City operates under the 1994 Uniform Fire Code. Since 1994, there have been many construction changes and changes in best practices for administering a fire code; there are also numerous inconsistencies between the current fire code and the updated building code which create challenges for both contractors doing business in the City of Davenport and staff enforcement of these code sections. The staff recommendation is to adopt and implement the 2015 International Fire Code so that both the building code and fire code are in alignment. Additionally, there are a series of local amendments that have been included and are proposed based off of research from peer cities who have implemented this particular code.

The contractor community was notified of this potential update in January, and a series of three public meetings were held at the Central Fire Station. In these meetings, staff gave a presentation to explain the purpose of the code update, and also went through each of the local amendments. A copy of that presentation is attached to this agenda item.

ORDINANCE NO. _____

Ordinance amending Chapter 15.32 of the Davenport Municipal Code to adopt the International Code Council's 2015 International Fire Code with amendments.

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

Section 1. That Chapter 15.32 entitled "International Fire Code" is hereby amended to read as follows:

15.32.010 International Fire Code (2015) adopted.

Except as hereinafter modified, the International Code Council's 2015 International Fire Code, including appendices, is adopted by reference as the fire code of the City of Davenport, Iowa and hereby incorporated by reference into this chapter.

15.32.020 Modifications to 2015 International Fire Code.

The 2015 International Fire Code is modified as follows:

A..Amendment - Section 101.1: The City of Davenport.

These regulations shall be known as the Fire Code of the City of Davenport, hereinafter referred to as this code. The following definitions shall be in place:

Wherever the word "jurisdiction" is used in the International Fire Code, it is the City of Davenport.

Wherever the party responsible for the enforcement of the International Fire Code is given a title of "Fire Marshal" and the following definition: "Fire Marshal is the Code Official of the Fire Prevention Bureau" or a duly authorized representative.

Whenever the words "Department of Fire Prevention" are used, they shall be held to mean "Fire Prevention Bureau".

The word "shall" is mandatory, and the word "may" is permissive.

B..Amendment - Section 202 (M): Commercial Cooking Appliances.

Appliances used in a commercial food service establishment for heating or cooking food and which produce grease vapors, steam, fumes, smoke, or odors that are required to be removed through a local exhaust ventilations system. Such appliances include deep fat fryers; upright broilers; griddles; broilers; steam-jacketed kettles; hot-top ranges; under-fired broilers (Charbroilers); ovens; barbecues; rotisseries; residential stoves/ovens and similar appliances. For the purpose of this definition, a food service establishment shall include any commercial building or portion thereof used for the preparation and serving of food including for employee purposes.

C. Amendment - Section 503.2.1: Dimensions.

Fire apparatus access roads shall have a minimum unobstructed width of not less than 20 feet (6096 mm), exclusive of shoulders, except for approved security gates in accordance with section 503.6, and an unobstructed vertical clearance of not less than 14 feet (4268 mm).

D. Amendment - Section 507.5.1: Where required.

Where a portion of the facility or building hereafter constructed or moved into or within the jurisdiction is more than 150 feet (122 m) from a hydrant on a fire apparatus access road, as measured by an approved route around the exterior of the facility or building, on-site fire hydrants and mains shall be provided where required by the fire code official.

E. Amendment - Section 507.5.1.1: Hydrant for fire department connections.

Buildings equipped with a fire department connection installed in accordance with Section 912 shall have a fire hydrant located on a fire access road within 100 feet (30 m) of the fire department connection as measured by an approved route around the exterior of the building.

Exception: The distance shall be permitted to exceed 100 feet (30 m) where approved by the fire code official.

F. Addition (New Section to IFC) - Section 604.8: Shutdown of Emergency and Standby Power Systems.

In addition to the requirements of NFPA 10 for a remote manual stop, a keyed switch to shut down the generator shall be located at the remote annunciator panel or fire panel. The Code Official shall determine its location. If there is no annunciator or fire alarm panel or the location of these panels is determined to be inadequate for this shut down button, the Code Official shall determine its location.

G. Addition (New Section to IFC) - Section 901.4.6.1: Fire Sprinkler Riser Room.

A fire sprinkler riser room shall be separated from the electrical room. The riser room shall have no electrical panels, devices, or apparatus inside the room other than the outlets or support equipment (lighting, air compressor, and heater) required for the use of the fire sprinkler system and/or the fire alarm panel. The sprinkler riser room shall not be

exclusively accessed from the electrical room, but the electrical room may be accessed from the riser room.

H. Amendment - Section 903.3.1.2.1 - Group R Balconies and Decks.

Sprinkler protection shall be provided for all exterior balconies, decks, and ground floor patios of dwelling units where the building is required to have a fire sprinkler system installed. Sidewall sprinklers that are used to protect such areas shall be permitted to be located such that their deflectors are within 1 inch to 6 inches below the structural members and a maximum distance of 14 inches below the deck of the exterior balconies and decks.

I. Addition - Section 903.3.1.2.3 - Fire Sprinklers for Canopies.

A canopy covering a door that is required to be marked as an exit shall be required to have fire sprinklers installed outside that door if the canopy extends more than 4 feet out from the door and is 12 feet or less in height from the ground regardless of whether the canopy is combustible or non-combustible. Canopies that have vehicle access under them with door openings shall be required to have fire sprinklers installed under the total canopy regardless of whether the canopy is combustible or non-combustible.

Exception: If the Code does not require a building to have a fire sprinkler system, section 903.3.1.2.3 does not apply.

J. Addition (New Section to IFC) - Section 904.12.2.1 - Ventilation Operation.

The ventilation system shall shut down the make up air to the hood and continue to exhaust upon activation of the hood fire extinguishing system. Supply air openings other than part of the hood system shall be a minimum of 6 feet from any part of a Type I Hood. Supply air openings closer than 6 feet must shut down upon activation of the extinguishing system.

K. Amendment - Section 905.1 - General.

Standpipe systems shall be provided in new buildings and structures in accordance with Sections 905.2 through 905.10. In buildings used for *high-piled combustible storage*, fire protection shall be in accordance with Chapter 32. For the purposes of this Section 905 "Standpipe Systems", Sections 905.3.1 through 905.6.2 shall be amended by deleting all references to Class II and Class III standpipe systems and inserting Class I standpipe systems in their place.

L. Amendment - Section 905.2 - Installation standard.

A Class I standpipe system shall provide 2 ½ inch (63.5 mm) hose connections to supply water for use by fire departments and those trained in handling heavy fire streams. Also, 2 ½ inch to 1 ½ inch reducers with 1 ½ inch caps shall be provided on each standpipe outlet. 2 ½ inch and 1 ½ inch threads shall be National Standard Threads (NST). No hose is to be provided.

Exception: Hose may be provided when the facility has an assigned and trained fire brigade.

M. Deletion - Section 905.3.4.1 - Hose and cabinet.

This section shall be deleted.

N. Deletion - Section 905.5.3 - Class II system 1-inch hose.

This section shall be deleted.

O. Addition (New Section to IFC) - Section 905.3.9 - Building Footprint and Access.

Where the most remote portion of a floor or story is more than 400 feet from a hose connection or fire department access road, the fire code official is authorized to require standpipes to be provided in approved locations.

P. Amendment - Section 907.2 - Where Required - New Buildings and Structures.

An *approved* fire alarm system installed in accordance with the provisions of this code and NFPA 72 shall be provided in new buildings and structures in accordance with Sections 907.2.1 through 907.2.23 and provide occupant notification in accordance with Section 907.5.

Not fewer than one manual fire alarm box shall be provided in an *approved* location to initiate a fire alarm signal for fire alarm systems employing automatic fire detectors or waterflow detection devices. Where other sections of this code allow elimination of fire alarm boxes due to sprinklers, a single fire alarm box shall be installed.

Exceptions:

1. The manual fire alarm box is not required for fire alarm systems dedicated to elevator recall control and supervisory service.
2. The manual fire alarm box is not required for Group R-2 occupancies unless required by the *fire code official* to provide a means for fire watch personnel to initiate an alarm during a sprinkler system impairment event. Where provided, the manual fire alarm box shall not be located in an area that is accessible to the public.

Q. Addition (New Section to IFC) - Section 907.2 (a) - Manual Fire Alarm Pull Boxes.

Manual fire alarm pull boxes ("pull stations") shall be required where deemed necessary by the Code Official.

R. Addition (New Section to IFC) - Section 907.2 (b) - Monitoring.

All fire alarm systems shall be monitored by a UL listed monitoring station.

S. Amendment - Section 907.2.1 - Fire Alarms in Group A Occupancies.

A manual and automatic fire alarm system shall be installed in accordance with NFPA 72 in Group A Occupancies have an occupant load of 300 or more. Group A occupancies not separated from one another in accordance with Section 707.3.10 of the *International Building Code* shall be considered as a single occupancy for the purposes of applying this section. Portions of Group E occupancies occupied for assembly purposes shall be provided with a fire alarm system as required for the Group E occupancy.

Exception: Manual fire alarm boxes are not required where the building is equipped throughout with an automatic sprinkler system installed in accordance with Section 903.3.1.1 and the occupant notification appliances will activate throughout the notification zones upon sprinkler water flow.

T. Amendment - 907.2.3 - Group E

In the absence of a complete automatic sprinkler system, a complete automatic detection system utilizing an emergency voice/alarm communication system shall be installed throughout the entire Group E occupancy. A Group E occupancy with a complete automatic sprinkler system shall be provided with a fire alarm system utilizing an emergency voice/alarm communication system in compliance with Section 907.5.2.2 and installed in accordance with Section 907.6. As a minimum, smoke detection shall be provided in corridors at a maximum spacing of 30 feet on center, and heat or smoke detection shall be provided in any hazardous or non-occupied areas in all new or existing Group E occupancies.

Exceptions:

1. Group E occupancies with an occupant load of less than 50.
2. Manual fire alarm boxes are not required in Group E occupancies where all of the following apply:
 - 2.1. Interior corridors are protected by smoke detectors with alarm verification.
 - 2.2. Auditoriums, cafeterias, gymnasiums, and the like are protected by heat detectors or other approved detection devices.
 - 2.3. Shops and laboratories involving dusts or vapors are protected by heat detectors or other approved detection devices.
 - 2.4. Off-premises monitoring is provided.
 - 2.5. The capability to activate the evacuation signal from a central point is provided.
 - 2.6. In buildings where normally occupied spaces are provided two-way communication system between such spaces and a constantly attended receiving station from which a general evacuation alarm can be sounded, except in locations specifically designated by the fire code official.
3. Manual fire alarm boxes shall not be required in Group E occupancies where the building is equipped throughout with an approved automatic sprinkler

system, the notification appliances will activate on sprinkler water flow, and manual activation is provided from a normally occupied location.

4. Emergency voice/alarm communication systems meeting the requirements of Section 907.5.2.2 and installed in accordance with Section 907.6 shall not be required in Group E occupancies with occupant loads of 100 or less, provided that activation of the fire alarm system initiates an approved occupant notification signal in accordance with Section 907.5.

U. Amendment - 907.2.9 - Group R-2

An automatic smoke detection system that activates the occupant notification system in accordance with Section 907.5 shall be installed in Group R-2 occupancies.

1. Common spaces outside of *dwelling units and sleeping units*
2. Laundry rooms, mechanical equipment rooms, and storage rooms
3. All interior corridors serving *sleeping units or dwelling units*

Exception: An automatic smoke detection system is not required in buildings that do not have interior *corridors* serving *sleeping units or dwelling units* and where each *sleeping unit or dwelling unit* either has a *means of egress* door opening directly to an exterior *exit access* that leads directly to an *exit* or a *means of egress* door opening directly to an *exit*.

Required smoke alarms in *dwelling units* and *sleeping units* in Group R-2 occupancies shall be interconnected with the fire alarm system in accordance with NFPA 72.

V. Addition (New Section to IFC) - 1028.6 - Exit Discharge Pathways.

Exit discharge pathways shall be paved from all required exits of a building to a public way or parking lot.

15.32.030 Open fires and burning.

A. Definitions.

1. OPEN FIRE - Shall mean any burning of combustible materials where the products of combustion are emitted into the open air without passing through a chimney or stack. Open fire as used in this section shall not be interpreted to include recreational fires or cooking fires which may be conducted without permit of the fire department.

2. RECREATIONAL FIRE - Shall mean the burning of wood for pleasure, cooking or similar purposes, either contained in a receptacle originally designed and manufactured for such purpose; or uncontained so long as the fire being burned has a total wood fuel area of not more than eight feet in diameter and four feet in height, and the fire is being used in conjunction with camping in a publicly- or privately-owned campground or at least 25 feet from the nearest structure or combustible material.

3. COOKING FIRE - Shall mean the burning of conventional fuel materials such as charcoal, natural or propane gas to cook food in a receptacle such as a barbecue grill or barbecue pit, which was originally designed and manufactured for that purpose.

4. GARBAGE - Shall mean animal and vegetable waste resulting from the handling, preparing, cooking, storing or serving of food or of material intended for use as food.

5. RUBBISH - Shall include, but is not limited to, nonputrescible (not subject to rotting or decay) solid waste consisting of combustible and noncombustible wastes such as ashes, paper, cardboard, tin cans, wood, glass, bedding and crockery.

6. REFUSE - Shall mean putrescible (subject to decay or rotting) and nonputrescible wastes including, but not limited to, garbage, rubbish, household waste, incinerator residue, street cleanings, market and industrial solid wastes and sewage treatment wastes in dry or semi-solid form, organic growth such as vines, weeds, grass, flowers, leaves, plant stems or stalks, or similar growth.

7. BUILDING MATERIALS - Shall mean any material including but not limited to lumber, brick, concrete, plaster, plaster board, gutters, floor coverings, or similar substances accumulated as a result of repairs or additions to existing structures, construction of new buildings, or demolition of existing structures.

8. PROHIBITED MATERIALS - Shall include, but not be limited to, dead animals, waste oil, plastic material, rubber products or materials, tires, tar or tar-based products or materials, asbestos containing materials, creosote containing materials, styrofoam, plastic- or rubber-coated wire, and similar substances.

9. WOOD - As used in this section, shall mean that part of a tree or shrub that consists of a more or less hard and compact substance which makes up the bulk of the trunk and branches of the tree or shrub, and which is concealed from view by the bark, and which when cut transversely is found to consist of concentric layers. Wood does not include tree stumps, shrub stumps, roots, wood products or items manufactured or consisting of processed wood such as lumber, plywood and similar items.

B. Open Fires Prohibited. No person shall ignite, cause or permit to be ignited, allow or maintain an open fire containing any garbage, rubbish, refuse, building materials, business waste as defined in Chapter 8.08, or prohibited material.

C. Exceptions to Prohibition on Open Fires.

1. The prohibition against open fires shall not be construed to prohibit the open burning of wood, as defined in section 15.32.030 A9, subject to the other requirements imposed by this section. The City, however, does not encourage the burning of wood and will collect wood not larger than six inches in diameter nor longer than five feet in length at curbside during normal solid waste collection if it is securely tied together in a bundle of 50 pounds or less in weight.

2. The fire department may, at its discretion, issue an open burning permit, subject to the other requirements of this section, for the following types of fires:

a. Controlled ceremonial bonfires.

b. Disaster rubbish. Disaster rubbish includes yard waste and other similar organic waste that may otherwise be prohibited as refuse and building material, which occurs as a result of a community disaster. Disaster rubbish may be burned only when an official declaration has been made that an emergency disaster condition exists and then, only during the period of time designated in the emergency disaster declaration.

c. Prescribed agricultural or natural areas. The open burning of fields or other areas planted with vegetation native to this region, may be permitted if necessary for the maintenance of native plants and controlling growth of invasive plant species. Such prescribed burns may only be conducted by personnel approved by the fire marshal or fire chief and with an approved burn plan and burn permit.

d. Bona fide training fires. Fires set for the purpose of bona fide training of public, institutional or industrial employees in methods of fire fighting.

e. Flare stacks. Open burning or flaring of waste gases may be permitted.

D. Regulation of Open Fires.

1. Prohibited on Public Property. No person shall ignite, cause or permit to be ignited, allow, maintain or burn a fire in any manner on publicly owned or publicly controlled property. Publicly owned or controlled property includes, but is not limited to, bridges, streets, alleys, sidewalks, boulevards, public rights-of-way, and other public property or places which have not been approved in writing by the fire chief or his designee. This section shall not be construed to prohibit cooking fires in public parks unless otherwise prohibited in this code, recreational fires as allowed on publicly-owned campgrounds unless otherwise prohibited by this code, or approved burning of fields and natural areas, pursuant to Section 15.32.030 C2c.

2. Attending to Fire Required. All open fires, cooking fires and recreational fires shall be continuously attended to by a competent person until the fire is extinguished. A person attending to an open fire, cooking fire or recreational fire must have a garden hose connected to a water supply or an approved fire extinguisher readily available to control the fire.

3. Distance from Structures. Open fires shall not be located, ignited, allowed, permitted or maintained less than 50 feet from any structure or combustible material.

4. Prohibited During Hazardous Conditions. When atmospheric conditions or local circumstances make the burning of open fires hazardous, the fire chief and/or fire marshal may prohibit any or all open fires by issuing a proclamation banning open fires. Such proclamation shall remain in effect until such time as the fire chief and/or fire marshal recalls or cancels the same.

5. Sunrise to Sunset. Open burning is permitted only between sunrise and sunset. All open fires must be completely extinguished at sunset.

6. Burn Days. The burning of wood in an open fire on private property shall be prohibited unless the fire chief or his designee has declared a particular day a "burn day" by recorded message on the telephone.

7. Burning to Clear Land. Notwithstanding Section 15.32.030 C1, no person shall ignite, cause or permit to be ignited, allow or maintain the burning of refuse, wood, trees, brush, shrubs, or similar organic growth for the purpose of clearing the land of trees, shrubs, brush or similar organic growth for development.

E. Nuisance Fire Conditions. No person shall burn any matter which the Fire Chief or his designee determines is causing:

1. Dense, thick, or heavy smoke, or
2. A strong odor, or
3. Constitutes a hazardous condition to life or property.

15.32.040 Penalty.

A. Anyone violating the provisions of this chapter is guilty of a simple misdemeanor and shall upon conviction be subjected to a fine not to exceed \$625.

B. Anyone violating the provisions of this chapter is guilty of a municipal infraction and shall upon conviction be subjected to a civil fine not to exceed \$750 for a first offense or \$1000 for a repeat offense; additionally the City also may seek an appropriate injunctive remedy to abate or correct further violations of this chapter.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed as are any motions or resolutions of council that purport to give authority to a council standing committee to make a determination as all such determinations shall henceforth be made by the city council.

EFFECTIVE DATE. This ordinance shall be in full force and effective after its final passage and publication as by law provided.

Subject:
Resolution approving Case F20-06 being the request of IMEG for a final plat of Animal Family Vet Care Center 1st Addition on 2.19 acres, being a replat of lot 1 of Brady 80 Industrial Park 4th Addition and land immediately to the north, located at 6011 Brady St; plat to contain 1 industrial lot. [Ward 8]

Recommendation:
Adopt the Resolution.

Background:
Comprehensive Plan:

Within Urban Service Area (USB35): Yes
Future Land Use Designation: Residential General (RG)

Technical Review:

Streets: No streets are proposed with this request.

Storm Water: The plat will need to conform to any requirements of the City of Davenport Natural Resources Division.

Sanitary Sewer: Sanitary sewer is existing for these sites.

Other Utilities: Normal utility services are available in this developed area.

Parks/Open Space: No park shall be required with this infill development.

DISCUSSION

Planning Staff has reviewing this plat for conformance to the subdivision code. The plat meets (or shall meet as conditioned) code requirements.

The Plan and Zoning Commission considered Case F20-06 at its June 30, 2020 meeting.

Findings:

1. The final plat conforms to the comprehensive plan Davenport+2035; and
2. The final plat (with conditions recommended by City staff) would achieve consistency with subdivision requirements.

Recommendations:

The Plan and Zoning Commission accepted the listed findings and forwards Case F20-6 to the City Council with a recommendation for approval subject to the following two (2) conditions:

1. The 50' wide high power line utility easement adjacent to the east shall be shown along the north lot line to accommodate the existing high power lines; and
2. Existing lot lines for both existing lots shall be shown.

Please note that the final plat has been revised to achieve consistency with the listed conditions, and therefor, the conditions are not included in the resolution.

The Commission vote was 8 yes, 0 no and 0 abstentions.

BRADY STREET / HIGHWAY 61
(ROW VARIABLE)

BACKGROUND

Comprehensive Plan:

Within Urban Service Area (USB35): Yes

Future Land Use Designation: Residential General (RG)

Technical Review:

Streets: No streets are proposed with this request.

Storm Water: The plat will need to conform to any requirements of the City of Davenport Natural Resources Division.

Sanitary Sewer: Sanitary sewer is existing for these sites.

Other Utilities: Normal utility services are available in this developed area.

Parks/Open Space: No park shall be required with this infill development.

DISCUSSION

Planning Staff has reviewing this plat for conformance to the subdivision code. The plat meets (or shall meet as conditioned) code requirements.

STAFF RECOMMENDATION

Findings:

- 1) The plat conforms to the comprehensive plan Davenport+2035; and
- 2) The plat would achieve consistency with subdivision requirements properly conditioned.

Recommendation:

Staff recommends the City Plan and Zoning Commission forward F20-05 to City Council with a recommendation for approval subject to the following conditions:

1. The 50' wide high power line utility easement adjacent to the east shall be shown along the north lot line to accommodate the existing high power lines; and
2. Existing lot lines for both existing lots shall be shown.

PLAN AND ZONING COMMISSION

DESCRIPTION

Case P20-1 of Townsend Engineering for final (and preliminary) plat KC Kimberly Hills Addition on 8.57 acres, being a replat of lot 2 of Westgate 13th Addition (PIN 01637-02) located north of the W 37th St & N. Birchwood Ave intersection; plat to contain 33 single-family lots. [Ward 2]

Recommendation: Staff recommends the City Plan and Zoning Commission forward P20-1 to the City Council with a recommendation for approval subject to the following:

Aerial Photo & Zoning Map (R-3 Single Family & Two Family):

This plat map illustrates a residential subdivision within the Westgate 10th Addition. The map is bounded by North Line NW 1/4, SE 1/4, Section 16, T78N, R3E. Key streets shown include Birchwood Avenue (50') running vertically, Joyce Lane (50') running vertically, and 38th Place (50') running horizontally. The subdivision is divided into several blocks of lots. The westernmost block contains lots 1 through 9, with Lot 1 being the largest at 9,343 sq. ft. The middle block contains lots 10 through 24, with Lot 21 being the largest at 10,328 sq. ft. The easternmost block contains lots 25 through 60, with Lot 25 being the largest at 10,196 sq. ft. The map also shows various utility easements, including 10' utility easements, 20' front setback lines, and 20' rear setback lines. The map is signed by the Surveyor General of the State of North Dakota, dated 10/1/2011.

BACKGROUND

Comprehensive Plan:

Within Urban Service Area (USB35): Yes

Future Land Use Designation: Residential General (RG)

Technical Review:

Streets: 1,485 linear feet of streets are proposed with this request.

Storm Water: The plat will need to conform to any requirements of the City of Davenport Natural Resources Division; see the condition in the recommendation.

Sanitary Sewer: Sanitary sewer will be extended to this subdivision.

Other Utilities: Normal utility services are available in this developed area.

Parks/Open Space: No park shall be required with this infill development.

DISCUSSION

Planning Staff has reviewing this plat for conformance to the subdivision code. The plat meets (or shall meet as conditioned) code requirements.

STAFF RECOMMENDATION

Recommendation:

The Plan and Zoning Commission considered P20-01 at the June 16th meeting.

Findings:

- 1) The preliminary plat conforms to the comprehensive plan Davenport+2035; and
- 2) The preliminary plat would achieve consistency with subdivision requirements properly conditioned.

The Plan and Zoning Commission accepted the listed findings and forwards Case P20-01 to the City Council with a recommendation for approval subject to the following conditions: (these conditions have already been met)

1. Kimberly Street shall be changed to "Kimberly Road"
2. A permanent or temporary turn around, either with a hammer head or cul-de-sac at the west end of 38th, shall be provided for city services;
3. Storm sewer, excess stormwater passageway and sanitary easements shall be shown;
4. The outlots shall be labeled according to their purpose;
5. Existing sewers shall be identified;
6. Sanitary sewer shall be shown in correct location within the utility easement and the description shall include sewer in the easement description

Subject:

Resolution ordering preparation of detailed plans, specifications, notice of hearing, notice to bidders, form of contract, and publication of the notice to bidders and notice of hearing covering the 2020 Alley Resurfacing Program for the alleys between W 16th St and W 15th St from Myrtle St to 1521 Marquette St and north-south from W 15th St to W 16th St, CIP #35038. [Ward 4]

Recommendation:

Adopt the Resolution.

Background:

This program involves the resurfacing of one alley with Hot Mix Asphalt (HMA). This is an assessment program where 50% of the total cost to reconstruct or resurface the alley is paid for by the City and the other 50% is paid for by the abutting property owners based on the size of their lot. The resident requesting to have their alley reconstructed or resurfaced would have to obtain the necessary signatures on a petition prepared by the City with over 50% of the owner-occupied property abutting the alley.

The City received and has accepted two petitions for this work. The first alley is the east-west alley between W 16th St and W 15th St from Myrtle St to 1521 Marquette St and north-south from W 15th St. to W 16th St. The second alley is the east-west alley between E River Dr and Wood Ln from Forest Rd to the alley end. The program cost for both alleys is currently estimated at \$160,200 and are budgeted in CIP #35038. Due to the assessments, half of the project expense would eventually be recouped by the City. State law requires that certain Council actions regarding the assessment procedure must precede the bid letting date.

Resolution expressing intent to institute proceedings to enter into a Sewer Revenue Loan and Disbursement Agreement and to issue not-to-exceed \$9,000,000 Sewer Revenue Bonds. [All Wards]

Recommendation:
Adopt the Resolution.

Background:

The City proposes to enter into an amended Sewer Revenue Loan and Disbursement Agreement with the Iowa Finance Authority and borrow money in a principal amount not-to-exceed \$9,000,000 pursuant to the provisions of Section 384.24A of the Code of Iowa. The proceeds of this borrowing will be utilized to complete the City's Ultraviolet Disinfection Project at the Water Pollution Control Plant.

The Agreement will not constitute a general obligation of the City, nor will it be payable in any manner by taxation but, together with the City's outstanding Taxable Sewer Revenue Bond, Series 2010 (Build America Bond – Direct Payment); Sewer Revenue Improvement and Refunding Bond, Series 2015; Sewer Revenue Bond, Series 2016; Sewer Revenue Bond, Series 2019; and any additional obligations of the City as may be hereafter issued and outstanding from time to time ranking on a parity therewith, will be payable solely and only from the Net Revenues of the Municipal Sanitary Sewer System of the City.

RESOLUTION NO. _____

Resolution expressing intent to institute proceedings to enter into a Sewer Revenue Loan and Disbursement Agreement and to issue not to exceed \$9,000,000 Sewer Revenue Bonds

WHEREAS, the City of Davenport (the “City”), in the County of Scott, State of Iowa, did heretofore establish a Municipal Sanitary Sewer System (the “Utility”) in and for the City which has continuously supplied sanitary sewer service in and to the City and its inhabitants since its establishment; and

WHEREAS, the management and control of the Utility are vested in the City Council (the “Council”) and no board of trustees exists for this purpose; and

WHEREAS, pursuant to a prior resolution of the Council (the “Series 2010 Bond Resolution”), the City previously issued its \$10,000,000 Taxable Sewer Revenue Bond, Series 2010 (Build America Bond – Direct Payment), dated June 2, 2010 (the “Series 2010 Bond”) to the Iowa Finance Authority (the “Lender”), a portion of the principal of which remains outstanding; and

WHEREAS, pursuant to a prior resolution of the Council (the “Series 2015 Bond Resolution”) the City previously issued its \$5,781,106.70 Sewer Revenue Improvement and Refunding Bond, Series 2015, dated December 11, 2015 (the “Series 2015 Bond”) to the Lender, a portion of the principal of which remains outstanding; and

WHEREAS, pursuant to a prior resolution of the Council (the “Series 2016 Bond Resolution”) the City previously issued its \$7,538,000 Sewer Revenue Bond, Series 2016, dated April 29, 2016 (the “Series 2016 Bond”) to the Lender, a portion of the principal of which remains outstanding; and

WHEREAS, pursuant to a prior resolution of the Council (the “Series 2019 Bond Resolution” and, together with the Series 2010 Bond Resolution, the Series 2015 Bond Resolution and the Series 2016 Bond Resolution, the “Outstanding Bond Resolutions”), the City previously issued its \$10,387,000 Sewer Revenue Bond, Series 2019, dated December 6, 2019 (the “Series 2019 Bond” and, together with the Series 2010 Bond, the Series 2015 Bond and the Series 2016 Bond, the “Outstanding Bonds”) to the Lender, a portion of the principal of which remains outstanding; and

WHEREAS, pursuant to the Outstanding Bond Resolutions, the City reserved the right to issue additional obligations payable from the net revenues of the Utility and ranking on a parity with the Outstanding Bonds; and

WHEREAS, the City, in the performance of its corporate functions as prescribed by the laws of the State of Iowa and the Charter of the City, has heretofore proposed to enter into a Sewer Revenue Loan and Disbursement Agreement (the “Agreement”) with the Lender in a principal amount not to exceed \$9,000,000, pursuant to the provisions of Section 384.24A of the Code of Iowa, for the purpose of paying the cost, to that extent, of constructing improvements and extensions to the Utility, and has published notice of such proposal and has held a hearing thereon;

NOW, THEREFORE, Be It Resolved by the City Council of the City of Davenport, Iowa, as follows:

Section 1. All objections received or made at the hearing are hereby overruled. It is the intent of this Council that the City should enter into the Agreement in the future and that Sewer Revenue Bonds should be issued in evidence thereof in a principal amount not to exceed \$9,000,000, upon such terms as may be recommended by the City's Finance Director and approved by this Council. This Council also hereby declares that this resolution constitutes the "additional action" required by Section 384.24A of the Code of Iowa.

Section 2. All resolutions or parts thereof in conflict herewith are hereby repealed to the extent of such conflict.

Passed and approved July 22, 2020.

Subject:
Motion approving the contract for the Water Pollution Control Plant Secondary Clarifier Rehabilitation design and preparation of bid documents to H R Green in the amount of \$51,000, CIP #39009. [All Wards]

Recommendation:
Pass the Motion.

Background:
The Water Pollution Control Plant secondary clarifiers mechanical equipment have been operational since the last rehab assessment and repairs in 2003. The life expectancy of the equipment is 20 years. This professional service agreement provides a full rehab and replacement assessment of the equipment and operations of the secondary clarifiers.

H R Green will prepare the plans and specifications for bid documents and is within budget. Funding for this is from CIP #39009 Clarifier Drive Repair & Replacement Program FY21.

Subject:
Motion approving the contract for the Airport Maintenance Building Repairs to Bush Construction Company Inc of Davenport, IA in an amount not-to-exceed \$52,035, CIP #20012. [Ward 8]

Recommendation:
Pass the Motion.

Background:
An Invitation to Bid was issued on May 28, 2020 and sent to contractors. On June 26, 2020, the Purchasing Division opened and read seven (7) bids. See attached bid tab.

This project includes the renovation of the exterior of the airport's maintenance building, tuckpointing brick, replacement of broken and missing bricks, replace the leaking and broken doors and windows, repair and reseal the leaking roof.

Bush Construction Company Inc was the lowest responsive and responsible bidder. They have successfully performed work for the City in the past.

Funding for this work is from the CIP #20012, Airport Maintenance Building Renovation. These funds are from the sale of General Obligation Bonds.
