Public Hearing regarding the adoption, with amendments, of the International Code Council's 2015 International Fire Code as Chapter 15.32 of the Davenport Municipal Code. [All Wards]

Recommendation:
Hold the Hearing.

Background:

In 2017, a fire code evaluation project was initiated following the adoption of the 2015 International Building Code. Currently, the City operates under the 1994 Uniform Fire Code. Since 1994, there have been many construction changes and changes in best practices for administering a fire code; there are also numerous inconsistencies between the current fire code and the updated building code which create challenges for both contractors doing business in the City of Davenport and staff enforcement of these code sections. The staff recommendation is to adopt and implement the 2015 International Fire Code so that both the building code and fire code are in alignment. Additionally, there are a series of local amendments that have been included and are proposed based off of research from peer cities who have implemented this particular code.

The contractor community was notified of this potential update in January, and a series of three public meetings were held at the Central Fire Station. In these meetings, staff gave a presentation to explain the purpose of the code update, and also went through each of the local amendments. A copy of that presentation is attached to this agenda item.

Third Consideration: Ordinance for Case REZ20-05 being the request of Rev. Richard Hayslett to rezone 508-510 Marquette St from R-4C, Single- and Two-Family Central Residential District, to C-1, Neighborhood Commercial District. [Ward 3]

Recommendation:

Adopt the Ordinance.

Background:

Christ Apostolic Church is located immediately north of the property proposed for rezoning. If successful, it intends to construct a parking lot on the property. Parking lots in C-1 also require a Special Use approval from the Zoning Board of Adjustment.

At its June 16, 2020 meeting, the Plan and Zoning Commission unanimously voted to forward this case to the City Council for approval.

Findings:

1. The rezoning is consistent with the Comprehensive Plan.
2. Additional parking is needed for the church.
3. The rezoning will not negatively impact the surrounding neighborhood.

Comprehensive Plan: The property is designated as RG, Residential General in the Comprehensive Plan.

Residential General (RG) - Designates neighborhoods that are mostly residential but include, or are within one-half mile (walking distance) of scattered neighborhood-compatible commercial services, as well as other neighborhood uses like schools, churches, corner stores, etc. generally oriented along Urban Corridors (UC). Neighborhoods are typically designated as a whole. Existing neighborhoods are anticipated to maintain their existing characteristics in terms of land use mix and density, with the exception along edges and transition areas, where higher intensity may be considered.

This property is located along Marquette St, an arterial. Marquette St is designated as an Urban Corridor in the Comprehensive Plan.

Urban Corridor (UC) - Generally established corridors along major streets marked by mixed use development with commercial uses generally clustered at major intersections and/or transit stops. Urban corridors are mostly fully built-out and redevelopment occurs slowly. Commercial uses in UC generally serve adjacent neighborhoods with goods and services. The character and intensity of Urban Corridors can vary due to street and surrounding neighborhood characteristics. Therefore, specific corridor and neighborhood plans, and supporting zoning provisions, should be created developed to help guide future development decisions.

To date no site plan or other engineering plans have been submitted. It is assumed that if the parking lot is constructed, it will comply with all City regulations.

A neighborhood meeting was held on Thursday, May 28, 2020 at City Hall. Property owners within 200 feet were notified, and a sign placed on the property. No one other than the applicant, Chair of the Plan and Zoning Commission, and staff attended. No one spoke at the neighborhood meeting. The protest rate is 0.0%

No technical review comments have been received.

Discussion:

Following are the Approval Standards for Map Amendments found in the Zoning Ordinance (17.14.040.1):

a. The consistency of the proposed amendment with the Comprehensive Plan and any adopted land use policies.

Staff believes the request is consistent with the Comprehensive Plan as it calls for higher intensity uses along arterial streets.

b. The compatibility with the zoning of nearby property.

An improved, maintained parking lot should be compatible with the neighborhood.

c. The compatibility with established neighborhood character.

The property is already vacant and should be compatible.

d. The extent to which the proposed amendment promotes the public health, safety, and welfare of the City.

Providing more off street parking should add a degree of safety by providing more parking off the residential streets.

e. The suitability of the property for the purposes for which it is presently zoned, i.e. the feasibility of developing the property in question for one or more of the uses permitted under the existing zoning classification.

Parking is suitable at this location.

f. The extent to which the proposed amendment creates nonconformities.

No nonconformities will be created.

Conclusion: Staff knows of no reason this request should not be approved.

NOTICE OF REZONING APPLICATION

508-510 MARQUETTE STREET

Dear Property Owner:

You are being contacted because you own property within 200 feet of the property identified above. The owner, Christ Apostolic Church, is requesting the City rezone the property from R-4C, Single and Two Family Central Residential District to C-1, Neighborhood Commercial District. See attached location map.

If successful the church intends to construct a parking lot on this property.

There will be multiple opportunities to provide input on this proposal but with the COVID-19 situation we are forced to alter our procedures somewhat.

The first step in the rezoning process is to hold a neighborhood meeting. In addition to holding an in person meeting, we will be utilizing the GoToMeeting format. This meeting will be held on May 28, 2020 at 5:30 pm, in the Council Chambers at City Hall, 226 W. 4th Street. Due to COVID-19, no more than 10 persons will be allowed in the room at any time. If you want to participate in the virtual meeting, please let us know and we will send you connection instructions.

Then on June 2, 2020, the Plan and Zoning Commission will hold its public hearing. This meeting will be held at 5:00 pm in the Council Chambers of City Hall. You may attend in person, but again, no more than 10 persons will be allowed in the room at any time. Following the public hearing, the Commission will make its recommendation the Council, which will in turn hold another public hearing.

Your input into this process is vital and we ensure you that your questions will be answered and your concerns heard.

While City Hall is closed to the general public, you may contact us by the following methods:

Email to: planning@davenportiowa.com

Phone to: 563-326-7765

Letter mailed to:

Community Planning Division
City Hall
226 West 4th Street
Davenport, Iowa 52801

Or as previously mentioned you may attend the public hearing on June 2 in person.

You also have the opportunity to formally protest the proposed rezoning by expressing your protest in writing, either by letter or email, to our office. If more than 20% of the area's owners within 200 feet protest the proposed rezoning, then a supermajority vote of 75% or more of the City Council is necessary for approval.

Sincerely,

A handwritten signature in black ink, appearing to read 'Matthew G. Flynn', with a horizontal line underneath.

Resolution setting a Public Hearing on Wednesday, August 19, 2020 at 5:30 p.m. on the proposed conveyance of City-owned parcels H0023-33, 1412 W 14th St, to Kerry and Misha Davis, petitioners; and A0060-21, 1619 W Pleasant St, to Brealynn and Donald Dickerson, petitioners. [Ward 4]

Recommendation:
Adopt the Resolution.

Background:
As part of the Urban Homestead Program funded with a variety of Federal housing grants, the City has acquired and rehabilitated two single family homes with the intention of selling them to income eligible households in Davenport. This program, which has been approved by City Council as part of the City's CDBG Five Year Comprehensive and One Year Annual Plans, enables vacant properties to be returned to the tax rolls and improves the look and feel of neighborhoods while providing eligible working households with affordable homeownership opportunities.

The respective petitioners have applied for and been approved as federally eligible to acquire these properties from the City. City staff solicited appraisals for the properties and they are being sold for \$138,700 and \$140,000 respectively.

Approval of this Resolution authorizes staff to advertise a Public Hearing on the proposed conveyance, which is required by State law. The Hearing would be scheduled for Wednesday, August 19, 2020 at the Committee of the Whole meeting.

RESOLUTION setting a Public Hearing on Wednesday, August 19, 2020 at 5:30 p.m. on the conveyance of City-owned parcels H0023-33, 1412 W 14th St, to Kerry and Misha Davis, petitioners; and A0060-21, 1619 W Pleasant, to Brealynn and Donald Dickerson, petitioners.

WHEREAS, the City has operated the Urban Homestead Program since the 1980s to acquire typically abandoned or vacant houses, rehabilitate them with Federal funding, and to quit claim deed the property to qualifying low/moderate income working home buyers; and

Second Consideration: Ordinance amending Schedule XIII of Chapter 10.96 entitled "7-Ton Truck Restrictions" by adding 59th St from Main St to 61st St. [Ward 8]

Recommendation:

Adopt the Ordinance.

Background:

The 7-ton designation is typically used on streets that can't handle heavy traffic or shouldn't be used as a cut-through to avoid a nearby collector or arterial street. W 59th Street itself can accommodate truck traffic but it is a gateway into the residential area so no trucks should go west of Main Street where residential zoning begins. The streets within the neighborhood are narrow and not meant to carry heavy traffic. There are also signs prohibiting trucks on 61st St west of the frontage road and on 65th St west of the frontage road that leads to 76th St. With this Ordinance, the only trucks allowed in the residential area are ones that have business to be there, such as moving and delivery trucks. The City will install an advance warning sign on 59th at the frontage road and another at Main St.

Resolution approving the proposed Resolution of Necessity for the 2020 Alley Resurfacing Program covering the north-south alley between Pershing Ave and Iowa St from E Columbia Ave to E Garfield St. [Ward 5]

Recommendation:
Adopt the Resolution.

Background:
This program involves the resurfacing of one alley with Hot Mix Asphalt (HMA). This is an assessment program where 50% of the total cost to reconstruct or resurface the alley is paid for by the City and the other 50% is paid for by the abutting property owners based on the size of their abutment. The resident requesting to have their alley reconstructed or resurfaced would have to obtain the necessary signatures on a petition prepared by the City with over 50% of the owner-occupied property abutting the alley.

The City has received a petition for the east-west alley between Pershing Ave and Iowa St from E Columbia Ave to E Garfield St. The estimated cost of these improvements is \$80,000 with a budgeted amount of \$80,000. This Resolution is a continuation of the assessment process.

Second Consideration: Ordinance amending Chapter 15.32 of the Davenport Municipal Code titled "Uniform Fire Code" to adopt the International Code Council's 2015 International Fire Code with amendments. [All Wards]

Recommendation:
Adopt the Ordinance.

Background:

In 2017, a fire code evaluation project was initiated following the adoption of the 2015 International Building Code. Currently, the City operates under the 1994 Uniform Fire Code. Since 1994, there have been many construction changes and changes in best practices for administering a fire code; there are also numerous inconsistencies between the current fire code and the updated building code which create challenges for both contractors doing business in the City of Davenport and staff enforcement of these code sections. The staff recommendation is to adopt and implement the 2015 International Fire Code so that both the building code and fire code are in alignment. Additionally, there are a series of local amendments that have been included and are proposed based off of research from peer cities who have implemented this particular code.

The contractor community was notified of this potential update in January, and a series of three public meetings were held at the Central Fire Station. In these meetings, staff gave a presentation to explain the purpose of the code update, and also went through each of the local amendments. A copy of that presentation is attached to this agenda item.

Section 5. The Loan Proceeds shall be held by the Lender and disbursed for costs of the Project, as referred to in the preamble hereof. The City shall keep a detailed and segregated accounting of the expenditure of the Loan Proceeds to ensure compliance with the Internal Revenue Code (as hereinafter defined).

Section 6. So long as any of the Bonds, the Outstanding Bonds or any Parity Obligations are outstanding, the City shall continue to maintain the Utility in good condition, and the Utility shall continue to be operated in an efficient manner and at a reasonable cost as a revenue producing undertaking. The City shall establish, impose, adjust and provide for the collection of rates to be charged to customers of the Utility, including the City, to produce gross revenues (hereinafter sometimes referred to as the “Gross Revenues”) at least sufficient to pay the expenses of operation and maintenance of the Utility, which shall include salaries, wages, cost of maintenance and operation, materials, supplies, insurance and all other items normally included under recognized accounting practices (but does not include allowances for depreciation in the valuation of physical property) (which such expenses are hereinafter sometimes referred to as the “Operating Expenses”) and to leave a balance of net revenues (herein referred to as the “Net Revenues”) equal to at least 110% of the principal of and interest on all of the Bonds, the Outstanding Bonds and any other Parity Obligations due in such fiscal year, as the same become due.

Section 7. The provisions, covenants, undertakings and stipulations for the operation of the Utility and for the collection, application and use of the Gross Revenues and income from such operation, as set forth in the Outstanding Bond Resolutions shall inure and appertain to the Bonds to the same extent and with like force and effect as if herein set out in full, except only insofar as the same may be inconsistent with this resolution.

Nothing in this resolution shall be construed to impair the rights vested in the Outstanding Bonds. The amounts herein required to be paid into the various funds hereafter named shall be inclusive of said payments required with respect to the Outstanding Bonds. The provisions of the Outstanding Bond Resolutions and the provisions of this resolution are to be construed whenever possible so that the same will not be in conflict. In the event such construction is not possible, the provisions of the resolution first adopted shall prevail until such time as the obligations authorized by such resolution have been paid or otherwise satisfied as therein provided, at which time the provisions of this resolution shall again prevail.

Section 8. From and after the issuance of the Bonds, the Gross Revenues of the Utility shall continue to be set aside into the City’s Sewer Revenue Fund (“Sewer Revenue Fund”) created under the Outstanding Bond Resolutions. The Sewer Revenue Fund shall be used in maintaining and operating the Utility, and after payment of the Operating Expenses shall, to the extent hereinafter provided, be used to pay the principal of and interest on the Bonds, the Outstanding Bonds and any Parity Obligations, and to create and maintain the several separate funds established under the Outstanding Bond Resolutions.

Section 9. The provisions in and by the Outstanding Bond Resolutions, whereby there has been created and is to be maintained a Sewer Revenue Bond Sinking Fund (herein referred to as the “Sinking Fund”), and for the payment into said fund from the Net Revenues of the Utility such portion thereof as will be sufficient to pay the interest on and principal of the Outstanding Bonds, are all hereby ratified and confirmed, and all such provisions shall inure and constitute the security for the payment of the interest on and principal of the Bonds hereby authorized as may be outstanding from time to time; provided, however, that on the first day of each month of each year, the minimum amount to be set aside, in addition to the amounts required to be set aside in the Outstanding Bond Resolutions, and paid into the Sinking Fund shall be not less than as follows:

An amount which, when added to like amounts to be deposited therein during the succeeding months prior to a semiannual or annual installment payment date on any Bonds, will be sufficient to pay 100% of the installment of principal and interest coming due on such semiannual or annual payment date

Money in the Sinking Fund shall be used solely for the purpose of paying principal of and interest on the Bonds, the Outstanding Bonds and any Parity Obligations as the same shall become due and payable. Whenever Parity Obligations are issued under the conditions and restrictions hereinafter set forth, provisions shall be made for additional payments to be made into the Sinking Fund for the purpose of paying the interest on and principal of such Parity Obligations.

If at any time there should be a failure to pay into the Sinking Fund the full amount above stipulated, then an amount equivalent to the deficiency shall be paid into the Sinking Fund from the Net Revenues of the Utility as soon as available, and the same shall be in addition to the amount otherwise required to be so set apart and paid into the Sinking Fund.

No further payments need be made into the Sinking Fund when and so long as the amount therein is sufficient to retire all of the Bonds, the Outstanding Bonds and any Parity Obligations then outstanding which are payable from the Sinking Fund and to pay all interest to become due thereon prior to such retirement, or if provision for such payment has been made.

All of such payments required to be made into the Sinking Fund shall be made in equal monthly installments on the first day of each month, except that when the first day of any month shall be a Sunday or legal holiday, then such payments shall be made on the next succeeding secular day.

Section 10. The provisions in and by the Outstanding Bond Resolutions, whereby there has been created and is to be maintained a special fund to be known and designated as the Surplus Fund into which there shall be set apart and paid all of the Net Revenues remaining after first making the required payments into the Sinking Fund, are all hereby ratified and confirmed. All money credited to the Surplus Fund shall be transferred and credited to the Sinking Fund whenever necessary to prevent or remedy a default in the payment of the principal of or interest on the Bonds, the Outstanding Bonds and any Parity Obligations.

As long as the Sinking Fund has the full amounts required to be deposited therein by the Outstanding Bond Resolutions and this resolution, any balance in the Surplus Fund may be expended by the City in such manner as the Council, or such other duly constituted body as may then be charged with the operation of the Utility, may from time to time direct.

Section 11. All money held in any fund or account created or to be maintained under the terms of this resolution shall be deposited in lawful depositories of the City or invested in accordance with Chapters 12B and 12C of the Code of Iowa and continuously held and secured as provided by the laws of the State of Iowa relating to the depositing, securing, holding and investing of public funds. All interest received by the City as a result of investments under this section shall be considered to constitute Gross Revenues of the Utility and shall be deposited in or transferred to the Sewer Revenue Fund and used solely and only for the purposes specified herein for such funds.

Section 12. The City hereby covenants and agrees with the owner or owners of the Bonds, the Outstanding Bonds and Parity Obligations, or any of them, that from time to time may be outstanding, that it will faithfully and punctually perform all duties with reference to the Utility required and provided by the Constitution and laws of the State of Iowa, that it will segregate the Gross Revenues of the Utility and make application thereof in accordance with the provisions of this resolution and that it will not sell, lease or in any manner dispose of the Utility or any part thereof, including any and all extensions and additions that may be made thereto, until all of the Bonds, the Outstanding Bonds and Parity Obligations shall have been paid in full, both principal and interest, or unless and until provisions shall have been made for the payment of the Bonds, the Outstanding Bonds and Parity Obligations and interest thereon in full; provided, however, that the City may dispose of any property which in the judgment of the Council, or such duly constituted body as may then be charged with the operation of the Utility, is no longer useful or profitable in the operation of the Utility nor essential to the continued operation thereof and when the sale thereof will not operate to reduce the revenues to be derived from the operation of the Utility.

Section 13. Upon a breach or default of a term of the Bonds, the Outstanding Bonds or any Parity Obligations, the Outstanding Bond Resolutions and this resolution, a proceeding may be brought in law or in equity by suit, action or mandamus to enforce and compel performance of the duties required under the terms of this resolution and Division V of Chapter 384 of the Code of Iowa or an action may be brought to obtain the appointment of a receiver to take possession of and operate the Utility and to perform the duties required by this resolution and Division V of Chapter 384 of the Code of Iowa.

Section 14. The Bonds, the Outstanding Bonds or any Parity Obligations shall not be entitled to priority or preference one over the other in the application of the Net Revenues of the Utility regardless of the time or times of the issuance of such Bonds, the Outstanding Bonds or Parity Obligations, it being the intention of the City that there shall be no priority among the Bonds, the Outstanding Bonds or Parity Obligations, regardless of the fact that they may have been actually issued and delivered at different times. The City hereby reserves the right and privilege of issuing Parity Obligations.

Section 15. The City agrees that so long as the Bonds, the Outstanding Bonds or any Parity Obligations remain outstanding, it will maintain insurance for the benefit of the owners of the Bonds, the Outstanding Bonds and any Parity Obligations on the insurable portions of the Utility of a kind and in an amount which usually would be carried by private companies or municipalities engaged in a similar type of business. The proceeds of any insurance, except public liability insurance, shall be used to repair or replace the part or parts of the Utility damaged or destroyed. The City will keep proper books of record and account, separate from all other records and accounts, showing the complete and correct entries of all transactions relating to the Utility, and the owners of the Bonds, the Outstanding Bonds or any Parity Obligations shall have the right at all reasonable times to inspect the Utility and all records, accounts and data of the City relating thereto.

Section 16. The provisions of this resolution shall constitute a contract between the City and the owners of the Bonds and Parity Obligations as may from time to time be outstanding, and after the issuance of the Bonds, no change, variation or alteration of any kind of the provisions of this resolution shall be made which will adversely affect the owners of the Bonds or Parity Obligations until all of the Bonds and Parity Obligations and the interest thereon shall have been paid in full, except as hereinafter provided.

The owners of a majority in principal amount of the Bonds and Parity Obligations at any time outstanding (not including in any case any obligations which may then be held or owned by or for the account of the City, but including such obligations as may be issued for the purpose of refunding any of the Bonds or Parity Obligations if such obligations shall not then be owned by the City) shall have the right from time to time to consent to and approve the adoption by the City of a resolution or resolutions modifying or amending any of the terms or provisions contained in this resolution; provided, however, that this resolution may not be so modified or amended in such manner as to:

- (a) Make any change in the maturity or redemption terms of the Bonds or Parity Obligations.
- (b) Make any change in the rate of interest borne by any of the Bonds or Parity Obligations.
- (c) Reduce the amount of the principal payable on any Bonds or Parity Obligations.
- (d) Modify the terms of payment of principal of or interest on the Bonds or Parity Obligations, or any of them, or impose any conditions with respect to such payment.
- (e) Affect the rights of the owners of less than all of the Bonds or Parity Obligations then outstanding.
- (f) Reduce the percentage of the principal amount of the Bonds or Parity Obligations, the consent of the owners of which shall be required to effect a further modification.

Whenever the City shall propose to amend or modify this resolution under the provisions of this section, it shall cause notice of the proposed amendment to be (1) filed with the Lender and (2) mailed by certified mail to each registered owner of any Bond or Parity Obligation as shown by the records of the Registrar. Such notice shall set forth the nature of the proposed amendment and shall state that a copy of the proposed amendatory resolution is on file in the office of the Deputy Clerk.

Whenever at any time within one year from the date of the mailing of said notice, there shall be filed with the Deputy Clerk an instrument or instruments executed by the owners of at least a majority in aggregate principal amount of the Bonds and Parity Obligations outstanding at the time of the adoption of such amendatory resolution specifically consenting to the adoption thereof as herein provided, no owner of any Bonds or Parity Obligations shall have any right or interest to object to the adoption of such amendatory resolution or to object to any of the terms or provisions therein contained or to the operation thereof or to enjoin or restrain the City from taking any action pursuant to the provisions thereof.

Any consent given by the owners of a Bond or Parity Obligation pursuant to the provisions of this section shall be irrevocable for a period of six (6) months from the date of such consent and shall be conclusive and binding upon all future owners of the same Bond or Parity Obligation during such period. Such consent may be revoked at any time after six (6) months from the date of such consent by the owner who gave such consent or by a successor in title, but such revocation shall not be effective if the owners of a majority in aggregate principal amount of the Bonds and Parity Obligations outstanding as in this section defined shall have, prior to the attempted revocation, consented to and approved the amendatory resolution referred to in such revocation.

The fact and date of the execution of any instrument under the provisions of this section may be proved by the certificate of any officer in any jurisdiction, who by the laws thereof is authorized to take acknowledgments of deeds within such jurisdiction, that the persons signing such instrument acknowledged before such officer the execution thereof, or may be proved by an affidavit of a witness to such execution sworn to before such officer.

Section 17. It is the intention of the City that interest on the Bonds be and remain excluded from gross income for federal income tax purposes pursuant to the appropriate provisions of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations in effect with respect thereto (all of the foregoing herein referred to as the "Internal Revenue Code"). In furtherance thereof the City covenants to comply with the provisions of the Internal Revenue Code as they may from time to time be in effect or amended and further covenants to comply with applicable future laws, regulations, published rulings and court decisions as may be necessary to insure that the interest on the Bonds will remain excluded from gross income for federal income tax purposes. Any and all of the officers of the City are hereby authorized and directed to take any and all actions as may be necessary to comply with the covenants herein contained.

Section 18. If any section, paragraph, clause or provision of this resolution shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the remaining provisions of this resolution.

Section 19. All resolutions and orders or parts thereof in conflict with the provisions of this resolution are, to the extent of such conflict, hereby repealed.

Section 20. This resolution shall be in full force and effect immediately upon its adoption and approval, as provided by law.

Passed and approved August 12, 2020.

Recommendation:
Adopt the Resolution.

Background:
Adam Holdt contacted the City asking to purchase W0453-OLD (outlot D of Olympia Fields 11th Addition, see Exhibit A). Scott County Quit Claimed the parcel to the City in 2013. The parcel is not buildable and not necessary for City operations. Mr. Holdt has been maintaining the parcel for the past 12 years believing it was his property. He recently found out that was not the case and is offering to purchase the 1,950 square foot triangular parcel for \$20.

Recommendation:

Background:

The Oak Brook 7th Addition Subdivision Plat identifies the land in questioned as a utility easement and not a separate parcel. Scott County shows the land as a separate parcel owned by the City of Davenport, identified with its own parcel number. The parcel is encumbered 100% by a utility easement. The owners of 927 W 60th Street have expressed a willingness to accept ownership of the city parcel. It is in the City's best interest to convey this parcel to the owners of 927 W 60th Street with the utility easement remaining in place. The owner of 5821 Vine Street, the adjacent parcel to the south, declined to take ownership.
