**I. Call to Order:**

Board member Reistroffer called the Zoning Board of Adjustment meeting to order in City Hall Council Chambers, Davenport, Iowa at approximately 4:02 p.m.

Board Members present: Reistroffer, Darland, Boyd-Carlson and Quinn.

Excused: Loebach

Staff present: Koops, Berkley and Attorney Hoyt.

**II. Secretary's Report:**

Minutes were approved for the 6-24-21 Hearing by voice-vote.

**III. Old Business:**

None.

**IV. New Business:**

**Request HV21-04 of Nick Roman dba K9 Resorts QC on behalf of CLC Realty LLC at 1409 E. Kimberly RD for a Hardship Variance to construct an 8-foot fence in the rear yard for an animal care facility exercise area. Section 17.08.030.B.1. of the Davenport Municipal Code restricts this fence to a maximum of 7 feet in height. [Ward 7]**

Koops presented the staff report. No comments were received in favor or against the request.

**Findings & Staff Recommendation:**

Findings:

- Item #1 zoning code does result in hardship as applied for the proposed use;
- Item #2 physical and topographical conditions ensure no impact to adjacent property;
- Item #3 unique circumstance has been established;
- Item #4 protection of essential character has been established;

Recommendation:

Staff recommends that Board adopt staff's findings and approve request HV21-04 as proposed.

The petitioner addressed the Board and presented their request.

**Motion**

Quinn moved to approve, seconded by Darland, the request of HV21-04 as proposed. The motion carried and was approved unanimously (4-0).

Darland, yes; Quinn, yes; Boyd-Carlson, yes; Reistroffer, yes.

**Description**

Request HV21-03 of Jim and Amy Holt at 4710 W. 60<sup>th</sup> Street for a Hardship Variance to construct an approximate 40' x 64' (2,560sq.ft.) detached garage in the rear yard. Section 17.09.030.K. of the Davenport Municipal Code allows a detached garage of 1,681 sq. ft. (existing dwelling is 3,363 sq. ft.). The proposed garage exceeds the allowed garage area by 879 sq. ft. [Ward 2]

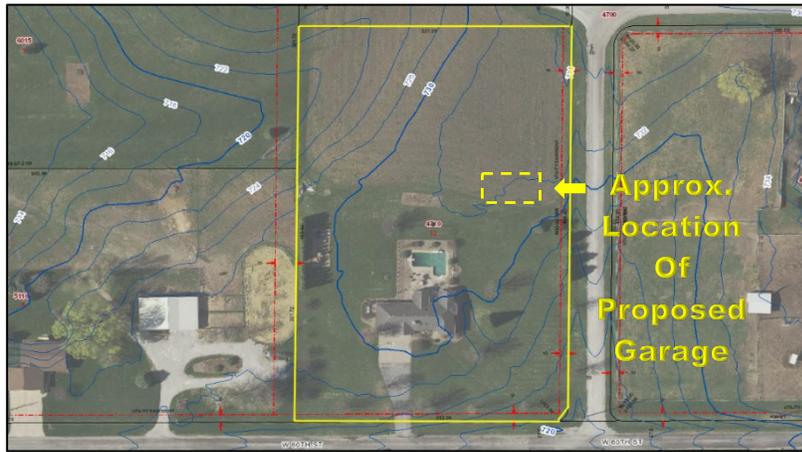

**Site – Front (south) Building Elevation**

**Proposed Detached Garage Site Plan**

## Site Elevation Contours (2'elevations) & Aerial

### Background

This request is before the Board due to the area of the proposed garage. The Zoning Ordinance allows a maximum of 50% of the dwelling's living area for accessory garages. The proposed garage is 76% of the living area of the dwelling on this lot.

While there are other large garages or 'pole barns' in this vicinity, all of those garages were built prior to the existing Zoning Code. The chart below shows a comparison of four sites which are to the northeast proposed of the site:

Garage Comparison of Near-by "pole barns"

	4620 W 60th	4540 W 60th	4520 W 60th	4440 W 60th

<b>Existing "2019 R-1" Zoning:</b>	R-1	R-1	R-1	R-1

@ The 2nd garage was approved with a hardship variance which allowed a second structure.

**Background** (continued)

It should be noted that the of the properties with excessive garages referenced by the petitioner in their application were all built under a Code which left the size of an accessory structure unregulated, other than the fact that the structure must somehow be accessory to the dwelling use located on property.

In the R-1 Districts of the prior zoning ordinance, code interpretation allowed a garage/storage structure up to the size of the principal structure on the lot, and anything larger than that was deemed a primary use, and therefore not allowed in a residential district. All other single-family districts at that time limited an accessory garage/structure to 1,080 square feet.

In comparison, the new zoning does place limitations on detached garages in an R-1 District. The new restriction allows for a garage up to 50% of the living area of the dwelling on the lot. At the time of the drafting of the 2019 Zoning Ordinance, the planning consultants, and city planners reached consensus (and backed by City Council) that garages in the R-1 District should have a size limitation.

**If this hardship request is approved, the lot will have more garage area than living area (1,084s.f. existing + 2,560s.f. proposed; 3,644s.f. garage vs 3,363s.f. dwelling area). The garages will no longer be ancillary to the dwelling. Garages are only allowed in an R-1 District if they are accessory structures to the dwelling (principal) use.**

**Purpose of a Hardship Variance**

In the Davenport Municipal Code, Section 17.14.060 states: *The purpose of the hardship variance process is to provide a narrowly circumscribed means by which relief may be granted from unforeseen applications of this Ordinance that create practical difficulties or particular hardships.*

The Zoning Board of Adjustment is authorized to approve a hardship variance whereby reason of exceptional narrowness, shallowness, or shape of a specific piece of property, or by reason of exceptional topographical conditions or other extraordinary or exceptional situations of a specific piece of property, whereas the strict application of any provision of this title would result in atypical and practical difficulties and whereby clearly demonstrable hardship upon the owner of such property, amounting to practical confiscation thereof and not a mere inconvenience to the owner, and only after all approval criteria have been met, shall a hardship variance be considered by the Board.

**Discussion**

The applicant wants space garage to “*store machinery for the up keep of all property*” and to “*store and clean the equipment we would need to get to be able to take care of the current and additional land*”.

The petitioner has indicated that a covenant from the Home Owner’s Association does not allow for the keeping or storage of machinery or any miscellaneous items outside. While the covenant has not been supplied to staff, covenants are not a burden of the Zoning Code. All properties within the City are required to meet State and City laws and code regardless of what a covenant requires.

Staff asked the petitioner how they determined the needed size for the garage and along those lines of thought, what specific items would be necessary to be stored in the

structure, and how the applicant determined that the allowed detached garage size of 1,681 sqft. is insufficient and that the proposed garage of 2,560 sqft. is needed.

Staff requested an inventory of the equipment needed to be stored in the detached garage. Staff has not received such a list, nor does staff know how many square feet these items would need per item.

The petitioner has indicated that the 1.5 acres of land that was row cropped by the farmer will now be kept as grass and will be mowed by the petitioner. A mower, rake, bailer and a small tractor would be easily be contained by the allowed 1,681 sqft. garage.

Also of note, the property owner already has an attached garage of 1,084 sqft. garage, which combined with the allowed 1,681 sqft. detached garage is a total of 2,765 sqft. storage space for the entire property.

Staff received a phone call the week of June 7<sup>th</sup> from an abutting neighbor who is concerned that the garage will be used to store items from the applicant's various business ventures which include a landscaping business, and the *All Around Town* store located at 4401 West Locust Street. Services provided at the store are outdoor construction (kitchens, bars, patios, retaining walls, outdoor lighting, water features, pergolas, fencing, swimming pool installation, hot tub installation, turf care, holiday lighting) and a full service retail center. Since the applicant provides turf care for their business, the mowing equipment stored on this site would be difficult to identify as equipment ancillary to a sign-family dwelling, versus equipment provided for custom lawn care service through the All Around Town business.

On June 18<sup>th</sup> staff received another phone call from an adjacent owner concerned about the increased dust from additional usage of the gravel access drive. Staff is also concerned that the applicant have not provided proof of access rights to the proposed garage via the adjacent gravel road. Without proof of access right, the petitioner will be required to pave a driveway from West 6<sup>th</sup> Street to the proposed garage.

Given the concerns stated about, staff is leery of an approval for such a large structure in a low density single-family district.

### **Approval Standards**

The Zoning Board of Adjustment decision must make findings to support each of the following: (code requirement/*applicant's response*/staff comments)

1. Strict ordinance application of will result in hardship unless specific relief requested is granted.

Applicant Response:

*We would like to build a pole barn on our residential property in the west end of Davenport. We live on 3.72 acres. The back portion of our property had been being managed by a farmer from when we purchased the property (2013) until last fall when we decided to take it over.*

*We were supposed to start the pole barn process last fall until the derecho. Then our contractor put all new buildings on hold so he could focus on all the repairs. We would like to a pole barn approximately 40' x 64' in the northeast portion of our lot to store machinery for the up keep of all property.*

*We will have a paved driveway that connect to the neighbor's driveway on the east side of the lot. Our Home Owners Association covenant requires machinery to be stored inside. The pole barn is needed to house the equipment we need.*

Staff Comments:

Items owned by the petitioner are not grounds for a hardship variance. The site allows for a total of 2,765 sqft. storage space without a hardship variance. Garage space over and above the allowed 2,765 square feet of storage/garage space is a convenience to the petitioner.

2. The particular physical surroundings, shape, or topographical conditions of the specific property impose a particular hardship upon the owner, as distinguished from a mere inconvenience, if the strict letter of the regulations were to be carried out.

Applicant Response:

*We are wanting this pole barn to accommodate the machinery to maintain this property. Having additional storage actually does apply to the majority of nearby properties. As stated before we have three neighbors (not zoned Ag) that have at least one pole barn for the exact reason of why we are wanting one.*

Staff Comments:

Properties built 5, 10 to 20 years ago when the zoning ordinance was different are not grounds for a hardship variance. The need for the variance must be unique to the physical traits of the subject property.

3. The plight of the owner is due to unique circumstances that do not apply to a majority of adjoining or nearby property, and is not a self-created hardship.

Applicant Response:

*The building will be a rectangle shape building with a low sheen [paint finish]. There will be two garage doors facing east. The hardship would be not having a storage facility for the machinery [needed] to maintain the property.*

Staff Comments:

The site allows for a total of 2,765 sqft. storage space without a hardship variance. Garage space over and above the allowed 2,765 square feet of storage/garage space is a convenience to the petitioner. A unique circumstance has not been demonstrated by the petitioner.

4. The hardship variance, if granted, will not alter the essential character of the locality.

Applicant Response:

*Being granted this variance will not alter the character of the locality at all. We have three neighbors to the north east that have pole barns as well. We are in the city limits but all of the families in this residential are live on 3+ acres. We have a great design and appropriate colors for this proposed pole barn. We have every intention of maximizing this barn to fit into our existing property.*

**Staff Comments:**

While the character of the area may not be immediately impacted by the proposed structure, the hardship variance and the existing attached garage do present a very large amount of storage space for a single-family dwelling. This excessive storage space which will be difficult for the normal single-family household to utilize may very well impact the character of the neighborhood as any new or future owners could look for ways to maximize the use of the property by renting out the storage space for others to use for person or business uses, both of which are illegal uses in this low density dwelling district.

**Findings & Staff Recommendation:**

Findings: (supported by the previous analysis)

- The petitioner has not demonstrated by reason of exceptional narrowness, shallowness, or shape of a specific piece of property, or by reason of exceptional topographical conditions or other extraordinary or exceptional situations, that this property subject to the strict application of this title results in peculiar and practical difficulties;
- Item #1 application of the ordinance creating hardship has not been demonstrated;
- Item #2 physical and topographical conditions do not limit use of the site;
- Item #3 unique circumstance has not been established;
- Item #4 essential character of the area will not be protected;

Items of Concern:

- Need for the garage has not been supported by a detailed inventory of items to be storage in the garage/size of the items have not been determined/provided to staff and the covenant has not been provided;
- Staff has no assurance that the garage will not be converted to a business in the future
- Ownership of mowing/turf equipment will be difficult to determine, home owner vs business owned; business equipment cannot be legally storage at this property;
- Access rights to the adjacent gravel drive have not been provided;

Recommendation:

Staff strongly recommends denial of the request as it does meet any of the approval criteria necessary for a hardship determination.

Additionally, if the hardship is approved, there will exist a threat to single-family investment in this neighborhood as the large storage building will be enticing for those who seek inexpensive locations in which to locate a business.

Item #1 Zoning Code Created Hardship, #2 Physical/topographical Hardship #3 Unique Circumstance Hardship and item #4 Protection of Essential Character have not been met per the approval criteria established in Section 17.14.060 of the Davenport Municipal Code.

**Request:**

Please describe the variance(s) requested:

We recently took over all of our land. A large portion was farmed by a local farmer. We are wanting to build a pole barn approx 40 x 64 to store and clean the equipment we would need to get to be able to take care of the current + additional land.

Existing Zoning: R-1

**Submittal Requirements:**

- The completed application form.
- A PDF that shows the location and dimensions of existing and proposed structures affected by the hardship variance. If a paper copy is provided, the maximum size is 11" x 17".
- Description and evidence that demonstrates consistency with the criteria listed in Section 17.14.060 of the Davenport Municipal Code.
- Recorded warranty deed or accepted contract for purchase.
- Authorization form, if applicable. If the property is owned by a business entity, please provide Articles of Incorporation.
- Required fee - \$200.

**The Applicant hereby acknowledges and agrees to the following procedure and requirements:**

(1) Application:

- Prior to submission of the application for the hardship variance, the applicant shall correspond with Planning staff to discuss the request, potential alternatives and the hardship variance process.
- The submission of the application does not constitute official acceptance by the City of Davenport. Planning staff will review the application for completeness and notify the applicant that the application has been accepted or additional information is required. Inaccurate or incomplete applications may result in delay of required public hearings.

(2) Public Notice for the Zoning Board of Adjustment public hearing:

- Planning staff will send a public hearing notice to surrounding property owners.

(3) Zoning Board of Adjustment's consideration of the hardship variance:

- Planning staff will perform a technical review of the request and present its findings and recommendation to the Zoning Board of Adjustment.
- The Zoning Board of Adjustment will hold a public hearing and vote on the request.

(4) The staff report will be available on the City website approximately 4 days before the ZBA meeting at this location: [https://www.cityofdavenportiowa.com/government/boards\\_commissions](https://www.cityofdavenportiowa.com/government/boards_commissions) under Zoning Board of Adjustment > Search Minutes & Agendas.

It is the applicant's responsibility to access the website to see the staff report. Planning staff will not mail/email the report.

Provide description and evidence that demonstrates consistency with the following criteria listed in Section 17.14.060 of the Davenport Municipal Code:

The strict application of the terms of this Ordinance will result in hardship unless the specific relief requested is granted.

We would like to build a Pole barn on our residential property in the west end of Davenport. We live on 3.72 acres. The back portion of our property had been being managed by a farmer from when we purchased the property (2013) until last fall when we decided to take it over. We were supposed to start the Pole barn process last fall, until the derraccio hit. Then our contractor put all "new" builds on hold so he could focus on all the repairs, which leads us up to now. We would like to build a 64x40 pole barn in the NE portion of our lot to store machinery for the upkeep of our property. We will have a paved driveway that connects to the gravel road on the east side of our lot. Our HOA covenant says we cannot have machinery or any misc. items being kept outside or in the driveway. We need the barn to house the equipment we need.

Provide description and evidence that demonstrates consistency with the following criteria listed in Section 17.14.060 of the Davenport Municipal Code:

The plight of the owner is due to unique circumstances that do not apply to a majority of adjoining or nearby property, and is not a self-created hardship.

We are wanting this Pole barn, to accomodate the machinery to maintain this property. Having additional storage ~~are~~ actually does apply to the majority of nearby properties. As stated before we have 3+ neighbors (who are not zoned A&R) that have at least one pole barn for the exact reason of why we are wanting one.

Provide description and evidence that demonstrates consistency with the following criteria listed in Section 17.14.060 of the Davenport Municipal Code:

The particular physical surroundings, shape, or topographical conditions of the specific property impose a particular hardship upon the owner, as distinguished from a mere inconvenience, if the strict letter of the regulations were to be carried out.

The building will be a rectangle shape building with a low sheen, matte material used for the exterior. There will be two garage doors - facing east. The Hardship would be not having a storage facility for the machinery to maintain the property.

Provide description and evidence that demonstrates consistency with the following criteria listed in Section 17.14.060 of the Davenport Municipal Code:

The hardship variance, if granted, will not alter the essential character of the locality.

Being granted this variance will not alter the character of the locality at all. We have three neighbours to the NE of us that have pole barns as well. We are in city limits, but all of the families in this residential area live on 3+ acres. We have a great design + appropriate colors for this proposed pole barn. - F. Home office;
- G. Accessory uses.

1. One private garage shall be allowed on lots of twenty thousand square feet or less, or two private garages, on lots equal to or exceeding twenty thousand square feet in size provided one of the garages is attached to the principal dwelling to be used for residential purposes. The floor area shall be no more than forty percent of the principal structure for attached garages. However, one two and one-half car garage, twenty-four feet by thirty feet or seven hundred twenty square feet, is permitted as a minimum. Detached garages shall be limited to a maximum of one thousand eighty square feet except as provided in Section 17.52.050K.

## Public Hearing Notice | Zoning Board of Adjustment

**Date:** 6/24/2021    **Location:** Council Chambers | City Hall | 226 W. 4th ST.  
**Time:** 4:00 PM    **Subject:** Public Hearing for Hardship Variance before the Zoning Board of Adjustment

Example Notice  
Ward 2  
13 Notices Sent

To: All property owners within 200 feet of the subject property located at **4710 W. 60th Street.**

### What is this About?

This notice is being sent to inform you that a public hearing will be held for a Hardship Variance. The purpose of the Hardship Variance is to grant permission to waive or alter a size or dimensional code requirement.

#### Request/Case Description

**Request HV21-03 of Jim and Amy Holt at 4710 W. 60th Street for a Hardship Variance to construct an approximate 40' x 64' (2,560 sq.ft.) detached garage in the rear yard. Section 17.09.030.K. of the Davenport Municipal Code allows a detached garage of 1,681 sq. ft. (existing dwelling is 3,363 sq. ft.). The proposed garage exceeds the allowed garage area by 879 sq. ft. [Ward 2]**

### What are the Next Steps after the Public Hearing?

For approved ZBA requests, the ruling is effective immediately. Rulings of the Zoning Board of adjustment are final. The applicant may request reconsideration at the next public hearing, and aggrieved parties may file a writ of certiorari with the district court.

### Would You Like to Submit an Official Comment?

As a neighboring property owner/occupant you may have an interest in commenting on the proposed request via email or in person at the public hearing. Official comments must have written signatures sent to [planning@davenportiowa.com](mailto:planning@davenportiowa.com) (no later than 12:00 PM *one day before* the public hearing) or to: Planning, 1200 E 46<sup>th</sup> St, Davenport IA 52807.

### Do You Have Any Questions?

If you have any questions or if accommodations are needed for any reason, please contact the planner assigned to this project (Scott Koops, AICP) at [scott.koops@davenportiowa.com](mailto:scott.koops@davenportiowa.com) or 563-328-6701. **Zoning Board of Adjustment  
Planning Staff Report – Outdoor self-storage units  
July 22, 2021**

**Description**

Request SU21-05 of Kevin Koellner on behalf of Elmore Storage LLC at 6403 Elmore Ave for a Special Use for an outdoor storage facility being a continuation of the existing use located on the C-3 property. Table 17.08-1 requires a Special Use for an outdoor storage facility on property zoned C-3 General Commercial District. [Ward 6]

**Background**

In 2015 the south half of this site was developed with outdoor storage units, at which time the property was zoned for Planned Development District, which allowed for the use.

In January of 2019 the zoning code was replaced and the property was zoned C-E Elmore Corridors which rendered the property nonconforming with respect to use of the property.

The C-E District does not allow for outdoor self-storage units. Accordingly a zoning map amendment was recently requested and approved (on 7-14-21), rezoning the property to C-3 General Commercial District. The C-3 zoning allows outdoor self-storage units which are a continuation of the existing use on the lot.

In addition to the rezoning, the site requires Special Use approval which is required for the outdoor self-storage units in the C-3 District.

As additional background, the Findings of the Zoning Map Amendment are as follows:

1. The zoning map amendment is consistent with the Davenport 2035+ Land Use Plan, (Regional Commercial – RC) which allows for the proposed use and other such similar uses.
2. The proposed C-3 District and storage use is compatible with the adjacent zoning, area characteristics, and public health and welfare as there are other regional commercial uses nearby and the use is allowed in the RC future land use classification.
3. Rezoning the property to C-3 General Commercial District does not create any nonconformities and will in fact change a nonconforming use into a conforming use.

**Self-Storage Facility (Outdoor)** is defined as:

A facility for the storage of personal property where individual renters control and access individual storage spaces and where each storage unit has individual outdoor access.

## Site Aerial:

## Discussion

Planning staff is in agreement with City Council that this location is suitable for an outdoor self-storage facility. The northern portion of this lot has been graded for use similar to the portion of the site to the south.

The facility is currently secured by a gated access-code security fence. The petitioner has proposed to extend this fencing onto the northern portion of the lot so that all use areas will be enclosed with the same fence style and shall also have restricted access.

## Approval Standards

1. The establishment, maintenance, and operation of the proposed special use will not endanger the public health, safety, or welfare.

The proposed use meets code requirements for outdoor self-storage. The site is properly designed to have minimal, if any, impact on adjacent property and public facilities if constructed per required building code as has been proposed by the developer and with the required solid fence screening.

2. The proposed special use is compatible with the general land use of adjacent properties and other property within the immediate vicinity.

The plans meet code requirements and the site is properly designed to have minimal, if any, impact on adjacent property as proposed.

3. The special use in the specific location proposed is consistent with the spirit and intent of this Ordinance and adopted land use policies.

Rezoning REZ21-03 has been approved, rezoning the property to C-3 general Commercial District. Land use policy has been met along with all code requirements, as properly conditioned.

## **Recommendation**

### Findings:

1. The petitioner proposed location/design/construction meets Special Use requirements
2. This use is compatible with adjacent land uses and type of development
3. Security measures in place shall limit unwanted access to the site.
4. The proposed Special Use is in accordance with the criteria for Special Use approval.

### Recommendation:

Staff recommends that Board adapt staff's findings and approve request SU21-05 subject to the following conditions:

1. Prior to occupancy the pad sites shall be enclosed with the same or similar style of fencing as the existing fence to the south;
2. The new portion of the site shall have restricted access to the site in a similar or same manner than the area to the south;
3. Should complaints arise due to noncompliance of these conditions, and/or if staff is aware of infractions to these conditions and/or any other code violations, a rehearing of the special use shall be scheduled per Davenport Municipal Code specifications for Zoning Board of Adjustment Special Use public hearings; at which the Special Use may be modified, re-approved or revoked.
