Public Hearing on the proposed conveyance of fourteen (14) Public Housing properties (24 units) to Ecumenical Housing Development Group (EHDG). [Wards 1, 2, 3, 6, 7, & 8]

Recommendation: Hold the Hearing.

#### Background:

The U.S. Public Housing Program was created in 1937 (even before the creation of the U.S. Department of Housing and Urban Development or HUD) as government-owned and operated housing for those at the lower end of the household income spectrum.

Across the country, most PH properties are owned by the Federal government and operated by independent Public Housing Authorities (PHAs). Iowa, however, is one of the few states where a county or muncipality can own PH properties and operate a PHA.

As such and because of needs identified in the late 1960s and 70s, with assistance from HUD, the City constructed a total of 42 "scattered site" Public Housing units on 21 properties sprinkled around the City, accomplishing the goal of deconcentrating assisted housing units. The properties consisted of a mix of single-family houses, duplexes, and two six-plex structures.

Since the late 60s, a shift in federal funding began to provide rental assistance via vouchers to leverage private sector investment in owning and maintaining rental housing. In recent years, HUD started exploring best practices and reform in this arena. In particular, they noted that smaller portfolios of Public Housing often find it challenging to break even financially, given the significant reporting requirements and modest administrative fees allowed. In 2019, our regional field office began a discussion with the City regarding these financial sustainability issues.

At the same time, reflecting on the City's strategic operations, there was consensus that owning and operating rental housing is not part of the City's core mission. While not owning or managing, the City would continue to provide voucher assistance as well as rehab and development assistance for housing and other development activities.

So beginning in January 2019, the City began to explore options with HUD. Initially, sale of both the Public Housing units and the Heritage High-Rise, which is part of a different HUD Program, to a single operator was explored. However, the nature of these different assets and the respective HUD programs resulted in different buyer pools and operational outcomes. The Heritage property was sold in July 2021.

In 2020, the national market was tested and several community discussions were held that led to issuing a Request for Interest process for local affordable housing nonprofits. In order to preserve the units for affordable housing and continue the neighborhood stabilizing impact of existing and successful local partners, three nonprofits were identified in this process: Ecumenical Housing Development Group (EHDG), Vera French Housing, and Habitat for Humanity.

In January 2021, the City Council approved the submission of the Disposition Application to HUD which is required in order to convey the properties. A short history of the three nonprofits, as well as overall plan and relocation information was required in the submission. The application has passed through several HUD review phases over the past year. Staff was informed in February 2022 that a recommendation for approval is pending.

While not finalized, the City was made aware that one or more of the nonprofit buyers are pursuing rehab financing options wherein contingent site control is necessary. Ultimately, setting and holding a public hearing on the conveyance of City property is required by State law. So starting this contingent approval process now simply reduces the number of steps still remaining should HUD approve the request.

Each buyer offer is treated separately (elsewhere on this agenda) through the Public Hearing and conveyance process. This Public Hearing was advertised in accordance with State Code.

Recommendation: Hold the Hearing.

Background:

The U.S. Public Housing Program was created in 1937 (even before the creation of the U.S. Department of Housing and Urban Development or HUD) as government-owned and operated housing for those at the lower end of the household income spectrum.

Across the country, most PH properties are owned by the Federal government and operated by independent Public Housing Authorities (PHAs). Iowa however is one of the few states where a county or muncipality can own PH properties and operate a PHA.

As such and because of needs identified in the late 1960s and 70s, with assistance from HUD, the City constructed a total of 42 "scattered site" Public Housing units on 21 properties sprinkled around the City, accomplishing the goal of deconcentrating assisted housing units. The properties consisted of a mix of single-family houses, duplexes, and two six-plex structures.

Since the late 60s, a shift in federal funding began to provide rental assistance via vouchers to leverage private sector investment in owning and maintaining rental housing. In recent years, HUD started exploring best practices and reform in this arena. In particular, they noted that smaller portfolios of Public Housing often find it challenging to break even financially, given the significant reporting requirements and modest administrative fees allowed. In 2019, our regional field office began a discussion with the City regarding these financial sustainability issues.

At the same time, reflecting on the City's strategic operations, there was consensus that owning and operating rental housing is not part of the City's core mission. While not owning or managing, the City would continue to provide voucher assistance as well as rehab and development assistance for housing and other development activities.

So beginning in January 2019, the City began to explore options with HUD. Initially, sale of both the Public Housing units and the Heritage High-Rise, which is part of a different HUD Program, to a single operator was explored. However, the nature of these different assets and the respective HUD programs resulted in different buyer pools and operational outcomes. (The Heritage property was sold in July 2021.)

In 2020, the national market was tested and several community discussions were held that led to issuing a Request for Interest process for local affordable housing nonprofits. In order to preserve the units for affordable housing and continue the neighborhood stabilizing impact of existing and successful local partners, three nonprofits were identified in this process: Ecumenical Housing Development Group (EHDG), Vera French Housing, and Habitat for Humanity.

In January 2021, the City Council approved the submission of the Disposition Application to HUD which is required in order to convey the properties. A short history of the three nonprofits, as well as overall plan and relocation information was required in the submission. The application has passed through several HUD review phases over the past year. Staff was informed in February 2022 that a recommendation for approval is pending.

While not finalized, the City was made aware that one or more of the nonprofit buyers are pursuing rehab financing options wherein contingent site control is necessary. Ultimately, setting and holding a public hearing on the conveyance of City property is required by State law. So starting this contingent approval process now simply reduces the number of steps still remaining should HUD approve the request.

Each buyer offer is treated separately (elsewhere on this agenda) through the public hearing and conveyance process. Notice of this public hearing was advertised in accordance with State Code.

Public Hearing on the recommended allocations for Year 48 (July 1, 2022– June 30, 2023) Community Development Block Grant (CDBG) funds and HOME Investment Partnership (HOME) funds. [All Wards]

Recommendation: Hold the Hearing.

#### Background:

The Citizens Advisory Committee (CAC) completed its process for funding recommendations for the Year 48 CDBG program, which is a subpart of the City's FY 2022 Operating Budget. The CAC reviewed the CDBG applications at a work session and held a public meeting at which applicants made presentations and answered questions about their programs and projects. The CAC's process concluded on March 7, 2022 when the CAC passed a Motion on its Year 48 funding recommendations for the Federal FY 2022 CDBG estimated entitlement of \$1,745,273. These allocations will be included in the Year 48 Annual Action Plan, which will be submitted to HUD (U.S. Housing and Urban Development) in May for approval.

For Federal FY 2022, the City's HOME allocation is estimated to be \$432,106.

These awards are estimates, and are contingent upon the City receiving the entitlements as indicated from HUD. The CAC also passed a motion to authorize City staff to make across the board cuts and increases to awards if the allocation is +/- 15% of what is estimated. If the allocation is more than +/-15% from the estimated amount, the CAC will meet again to make new recommendations.

Subject:

Public Hearing on granting an overhead electric easement across City-owned property located at 3400 Brady Street (parcel P1316-03) to MidAmerican Energy. [Ward 7]

Recommendation: Hold the Hearing.

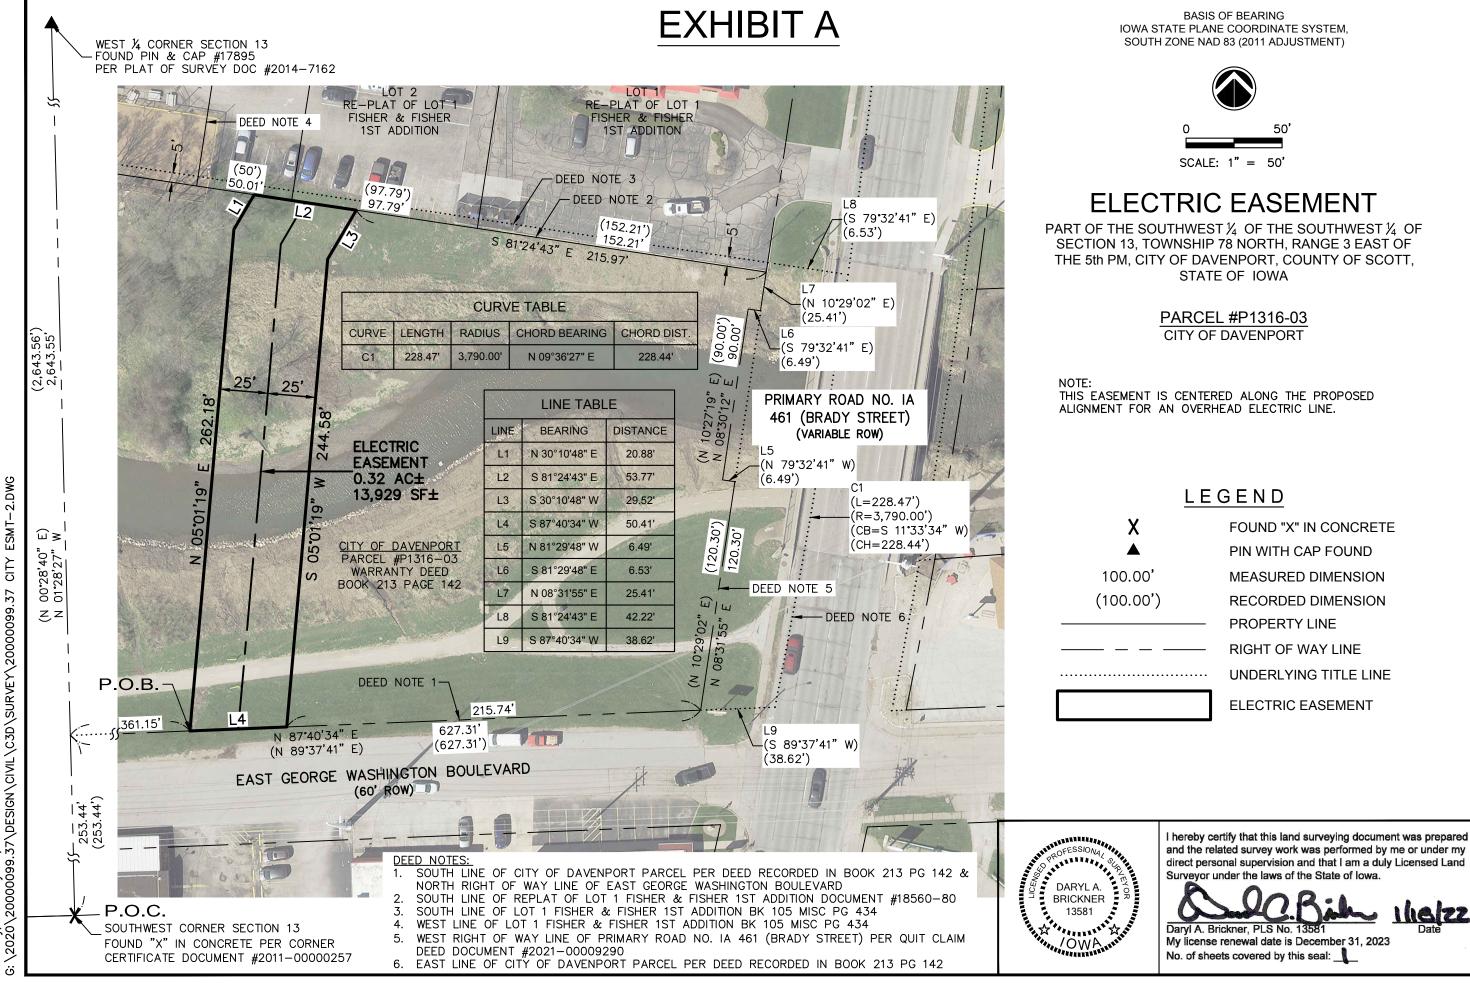

## Background:

The purpose of the easement is to allow for the installation and operation of an overhead electric transmission circuit operating at 161 kV nominal voltage and an overhead electric distribution circuit operating at 13 kV nominal voltage. The easement is needed to relocate the lines to accommodate an Iowa DOT bridge replacement project along Brady Street. It is anticipated that a 105' above ground steel pole with a concrete foundation approximately 7' in diameter will need to be installed on the north side of the easement. This portion of the easement overlaps with an area identified as a public utility easement. No other poles in the easement area are anticipated.

The easement will be across City-owned property located at 3400 Brady Street (parcel P1316-03), approximately 215 feet west of the Brady Street Bridge over Duck Creek.

Subject:

Public Hearing on the proposed perpetual, non-exclusive easement to construct, reconstruct, operate, maintain, replace or remove electric supply line(s) for the transmission and distribution of electric energy and for communication and electrical controls related to Grantee's operations (MidAmerican Energy Company, Petitioner). [Ward 3]

Recommendation: Hold the Hearing.

#### Background:

The easement represents two existing tracts of riverfront parcels that have been leased with the Riverfront Improvement Commission for several years. MidAmerican now prefers one time up front easements rather than ongoing lease arrangements. The one-time payment to the Commission in lieu of continued annual lease payments is \$205,706.67.

Public Works, and specifically those connected with the design plans for Veterans Memorial Park, were consulted, and have no concerns.

The Riverfront Improvement Commission approved the agreement at its regular meeting on February 22, 2022. The City Council must provide concurrent approval.

The required notice was published in the Quad City Times for the Public Hearing which was held on March 16, 2022.

### Subject:

Resolution authorizing the conveyance of fourteen (14) Public Housing properties (24 units) to Ecumenical Housing Development Group (EHDG). [Wards 1, 2, 3, 6, 7 & 8]

Recommendation: Adopt the resolution.

### Background:

The U.S. Public Housing Program was created in 1937 (even before the creation of the U.S. Department of Housing and Urban Development or HUD) as government-owned and operated housing for those at the lower end of the household income spectrum.

Across the country, most PH properties are owned by the Federal government and operated by independent Public Housing Authorities (PHAs). Iowa however is one of the few states where a county or muncipality can own PH properties and operate a PHA.

As such and because of needs identified in the late 1960s and 70s, with assistance from HUD, the City constructed a total of 42 "scattered site" Public Housing units on 21 properties sprinkled around the City, accomplishing the goal of deconcentrating assisted housing units. The properties consisted of a mix of single-family houses, duplexes, and two six-plex structures.

Since the late 60s, a shift in federal funding began to provide rental assistance via vouchers to leverage private sector investment in owning and maintaining rental housing. In recent years, HUD started exploring best practices and reform in this arena. In particular, they noted that smaller portfolios of Public Housing often find it challenging to break even financially, given the significant reporting requirements and modest administrative fees allowed. In 2019, our regional field office began a discussion with the City regarding these financial sustainability issues.

At the same time, reflecting on the City's strategic operations, there was consensus that owning and operating rental housing is not part of the City's core mission. While not owning or managing, the City would continue to provide voucher assistance as well as rehab and development assistance for housing and other development activities.

So beginning in January 2019, the City began to explore options with HUD. Initially, sale of both the Public Housing units and the Heritage High-Rise, which is part of a different HUD Program, to a single operator was explored. However, the nature of these different assets and the respective HUD programs resulted in different buyer pools and operational outcomes. (The Heritage property was sold in July 2021.)

In 2020, the national market was tested and several community discussions were held that led to issuing a Request for Interest process for local affordable housing nonprofits. In order to preserve the units for affordable housing and continue the neighborhood stabilizing impact of existing and successful local partners, three nonprofits were identified in this process: Ecumenical Housing Development Group (EHDG), Vera French Housing, and Habitat for Humanity.

The fourteen properties proposed to be sold to EHDG were appraised at roughly \$1.7 m and include a mix of single-family and duplexes (primarily two- and three-bedroom units). The offer is for \$240,000. As these were built with HUD funding and are part of the Public Housing Program, there are restrictions on the use of any proceeds from sale.

Given all of the above, in January 2021, the City Council approved the submission of the Disposition Application to HUD which is required in order to convey the properties. A short history of the three nonprofits, as well as overall plan and relocation information was required in the submission. The application has passed through several HUD review phases over the past year. Staff was informed in February 2022 that a recommendation for approval is pending.

While not finalized, the City was made aware that one or more of the nonprofit buyers are pursuing rehab financing options wherein contingent site control is necessary. Ultimately, setting and holding a public hearing on the conveyance of City property is required by State law. So starting this contingent approval process now simply reduces the number of steps still remaining should HUD approve the request.

Each buyer offer is treated separately (elsewhere on this agenda) through the public hearing and conveyance process. As such, approval of this resolution will authorize staff to convey these fourteen properties (24 units) to EHDG, subject to approval by HUD and any other contingencies.

Resolution authorizing the conveyance of three (3) Public Housing properties (14 units) to Vera French Housing. [Wards 4 & 8]

Recommendation: Adopt the resolution.

### Background:

The U.S. Public Housing Program was created in 1937 (even before the creation of the U.S. Department of Housing and Urban Development or HUD) as government-owned and operated housing for those at the lower end of the household income spectrum.

Across the country, most PH properties are owned by the Federal government and operated by independent Public Housing Authorities (PHAs). Iowa however is one of the few states where a county or muncipality can own PH properties and operate a PHA.

As such and because of needs identified in the late 1960s and 70s, with assistance from HUD, the City constructed a total of 42 "scattered site" Public Housing units on 21 properties sprinkled around the City, accomplishing the goal of deconcentrating assisted housing units. The properties consisted of a mix of single-family houses, duplexes, and two six-plex structures.

Since the late 60s, a shift in federal funding began to provide rental assistance via vouchers to leverage private sector investment in owning and maintaining rental housing. In recent years, HUD started exploring best practices and reform in this arena. In particular, they noted that smaller portfolios of Public Housing often find it challenging to break even financially, given the significant reporting requirements and modest administrative fees allowed. In 2019, our regional field office began a discussion with the City regarding these financial sustainability issues.

At the same time, reflecting on the City's strategic operations, there was consensus that owning and operating rental housing is not part of the City's core mission. While not owning or managing, the City would continue to provide voucher assistance as well as rehab and development assistance for housing and other development activities.

So beginning in January 2019, the City began to explore options with HUD. Initially, sale of both the Public Housing units and the Heritage High-Rise, which is part of a different HUD Program, to a single operator was explored. However, the nature of these different assets and the respective HUD programs resulted in different buyer pools and operational outcomes. (The Heritage property was sold in July 2021.)

In 2020, the national market was tested and several community discussions were held that led to issuing a Request for Interest process for local affordable housing nonprofits. In order to preserve the units for affordable housing and continue the neighborhood stabilizing impact of existing and successful local partners, three nonprofits were identified in this process: Ecumenical Housing Development Group (EHDG), Vera French Housing, and Habitat for Humanity.

The three properties proposed to be sold to Vera French Housing were appraised at roughly \$600,000 and include two six-plexes and a duplex (a mix of two- and three-bedroom units). The offer is for \$200,000. As these were built with HUD funding and are part of the Public Housing Program, there are restrictions on the use of any proceeds from sale.

Given all of the above, in January 2021, the City Council approved the submission of the Disposition Application to HUD which is required in order to convey the properties. A short history of the three nonprofits, as well as overall plan and relocation information was required in the submission. The application has passed through several HUD review phases over the past year. Staff was informed in February 2022 that a recommendation for approval is pending.

While not finalized, the City was made aware that one or more of the nonprofit buyers are pursuing rehab financing options wherein contingent site control is necessary. Ultimately, setting and holding a public hearing on the conveyance of City property is required by State law. So starting this contingent approval process now simply reduces the number of steps still remaining should HUD approve the request.

Each buyer offer is treated separately (elsewhere on this agenda) through the public hearing and conveyance process. As such, approval of this resolution will authorize staff to convey these three properties (14 units) to Vera French Housing, subject to approval by HUD and any other contingencies.

#### Subject:

Motion approving the allocations for Year 48 (July 1, 2022– June 30, 2023) Community Development Block Grant (CDBG) funds and HOME Investment Partnership (HOME) funds. [All Wards]

Recommendation: Pass the Motion.

#### Background:

The Citizens Advisory Committee (CAC) completed its process for funding recommendations for the Year 48 CDBG program, which is a subpart of the City's FY 23 operating budget. The CAC reviewed the CDBG applications at a work session and held a public meeting at which applicants made presentations and answered questions about their programs and projects. The CAC's process concluded on March 7, 2022 when the CAC passed a motion on its Year 48 funding recommendations for the Federal FY22 CDBG estimated entitlement of \$1,745,273. These allocations will be included in the Year 48 Annual Action Plan, which will be submitted to HUD (U.S. Housing and Urban Development) in May for approval.

The purpose of the HOME Program is to create affordable housing opportunities for low and very low income residents. City HOME dollars are targeted to the construction or rehabilitation of single and multi-unit housing. HOME funds are available to non-profit, for-profit, or Community Housing Development Organizations (CHDO) developers of affordable housing. For Federal FY22, the estimated HOME entitlement is \$432,106.

The attached Funding Summary lists for each of these programs: the agency receiving funds, its purpose, the services it will provide, and the amount of funding to be used. HOME dollars are reflected in bold.

These awards are estimates, and are contingent upon the City receiving the entitlements as indicated from HUD. The CAC also passed a motion to authorize City staff to make across board cuts and increases to awards if the allocation is +/- 15% of what is estimated. If the allocation is more than +/-15% from the estimated amount, the CAC will meet again to make new recommendations.

A public hearing on these recommendations occurred on this cycle. Approval of this action will authorize staff to submit documentation to HUD and execute any necessary agreements.

Thanks to all who participated last year in Project Renewal's FIT-FEST!

Project Renewal is announcing our annual FIT-FEST on **Saturday, April 23, 2022** - and you are invited!

We are notifying all residents along this event route so you may contact us with any questions, concerns and/or would like to participate. *The route will be blocked off the morning of the event* <u>7:00 a.m. – Noon, Saturday, April 23, 2022</u> for the safety and well-being of participants and residents. If you must use your vehicle during this time please park off the route THE NIGHT BEFORE. This will help with the safety for all and respect for your property. The approximate time to expect the streets to be clear is after Noon. As soon as the route is clear of pedestrians and obstacles traffic will resume. We ask for your patience and consideration at this time.

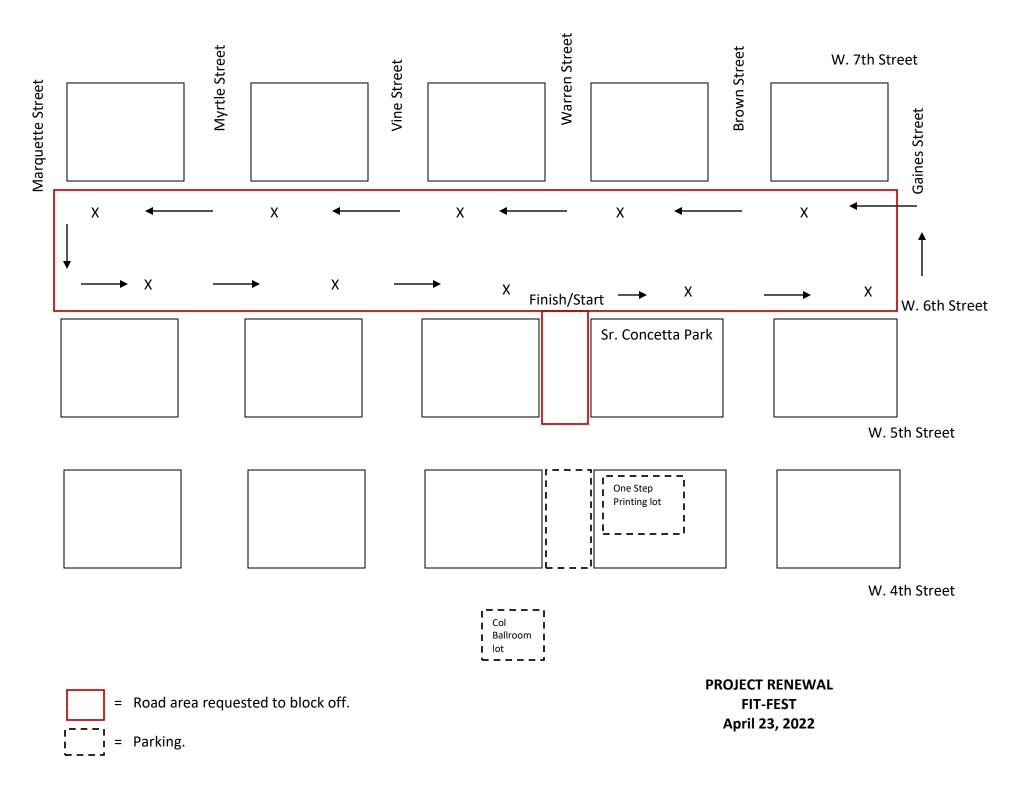

This event promotes physical well being and healthy lifestyle choices among area youth and adults. It also brings awareness of positive developments in the surrounding neighborhood. In addition, this fundraising opportunity is a chance for people to learn more about the service Project Renewal provides area children and the community. This is a good time for us to tidy up our yards and streets to share with visitors the beauty of our neighborhood!

Project Renewal provides educational and recreational activities for children during the school year and summer in a safe, loving environment. Staff and volunteers are positive role models for the children, reinforcing values needed in order to live healthy and productive lives. Project Renewal is an important organization in our community which can deeply impact the life of a child and is very rewarding personally for those who volunteer or provide financial support.

Many opportunities, if interested, are available to you for this event; you can run, walk, volunteer, cheer - cheer from your own yard and/or join the festivities at Sr. Concetta Park. The route will start and finish at 6<sup>th</sup> and Warren Streets where the park is located, refreshments will be available, awards and prizes for registered participants. Resolution awarding a contract for engineering services for the Flood Mitigation | River Drive from Carey to 3rd Street project to HR Green, Inc of Cedar Rapids, Iowa in an amount not-to-exceed \$335,500, ARP #14. [Ward 3]

Recommendation: Adopt the Resolution.

# Background:

On July 27, 2021 the City Council approved the City Administrator's recommended American Rescue Plan Act budget. Included within that budget plan is a flood mitigation project that calls for a number of storm sewer improvements that, once completed, will allow vehicular access along East River Drive to the intersections of 3rd and 4th Streets during flood events from the Mississippi River up to approximately stage 22. To accomplish this, the plan recommends the installation of backflow prevention on the local storm sewer system to keep East River Drive dry until the seawall is overtopped. A new storm sewer connection will also be constructed to separate existing intakes below stage 22 between Carey and 3rd from the upland area.

On February 16, 2022, a Request for Qualifications was issued and sent to architectural/engineering firms. On March 3, 2022, the Purchasing Division opened and announced two (2) proposals. An evaluation committee reviewed and scored each proposal. Based on the outcomes of the scoring matrix, the evaluation committee selected the firm that would be the best fit for the City's expectations and needs.

HR Green, Inc is being recommended for this project. The total contract cost includes, but not limited to the following: preliminary/final design; geotechnical testing; environmental testing; survey of surrounding structures inside and outside the project limits; and preparation of permit applications to the Iowa DOT, CP Rail, Department of Natural Resources and U.S. Army Corp of Engineers along with conducting a 2D interior hydrologic and hydraulic model to identify the optimal storm sewer improvements within this corridor. Cost for construction administration and inspection were provided by HR Green, but are not being selected as part of the initial contract. If it is decided to include those additional services, a contract amendment will be brought forth at a later date.

Funding is made available through the American Rescue Plan Act.

### Subject:

Motion approving a professional services contract for federal grant consultant work with Keller Partners and Company of Washington, DC in the amount of \$86,400, CIP #60015. [All Wards]

Recommendation: Pass the Motion.

#### Background:

In an effort to better identify grant opportunities and strategically market projects at the federal level, the City of Davenport issued a Request for Proposals (RFP) on February 10, 2022 to any qualified firms interested in assisting the City in this endeavor. On February 24, 2022, the Purchasing Division opened and announced three proposals. City staff reviewed all three and scored them on the firms overall experience, quality of proposal and pricing structure.

Keller Partners and Company of Washington, DC is recommended for this service. Since 2018, they have been an excellent partner in assisting City staff with grant applications and arranging meetings with key federal departments in order to promote city wide goals. During that time, the City has been awarded approximately \$12.5 million in grants from federal agencies such as Economic Development Administration, Federal Emergency Management Administration, Department of Transportation, and Department of Justice.

Resolution adopting the FY 2023 Operating Budget, FY 2023 Capital Improvement Budget, and the FY 2023 - FY 2028 Capital Improvement Plan. [All Wards]

Recommendation: Adopt the Resolution.

### Background:

The City has held three budget work sessions on the operating and capital budgets. The recommended FY 2023 Budget presented to the Council is balanced, satisfies City Council liquidity policies, and maintains the current tax levy rate at \$16.78 per \$1,000 of taxable valuation. The overall budget for FY 2023 is \$236,113,064 and is up 0.77% from FY 2022.

This budget continues the City's practice of developing two-year budget plans. Two-year budget plans have proven successful in increasing fund balances and providing for long-term budget planning. The six-year Capital Improvement Plan includes more than \$240 million of capital projects.

Under the laws of the State of Iowa, the City is required to adopt an annual budget and certify it to the County Auditor no later than March 31 of each year. The City Administrator's Recommended Budget is presented prior to the required Public Hearing on March 16, 2022 and notice was posted in the *Quad City Times* on March 1, 2022.

### Subject:

Resolution authorizing the Mayor to execute the necessary documents to grant an overhead electric easement across City-owned property located at 3400 Brady Street (parcel P1316-03) to MidAmerican Energy. [Ward 7]

Recommendation: Adopt the Resolution.

### Background:

The purpose of the easement is to allow for the installation and operation of an overhead electric transmission circuit operating at 161 kV nominal voltage and an overhead electric distribution circuit operating at 13 kV nominal voltage. The easement is needed to relocate the lines to accommodate an Iowa DOT bridge replacement project along Brady Street. It is anticipated that a 105' above ground steel pole with a concrete foundation approximately 7' in diameter will need to be installed on the north side of the easement. This portion of the easement overlaps with an area identified as a public utility easement. No other poles in the easement area are anticipated.

The easement will be across City-owned property located at 3400 Brady Street (parcel P1316-03), approximately 215 feet west of the Brady Street Bridge over Duck Creek.

#### Background:

The easement represents two existing tracts of riverfront parcels that have been leased with the Riverfront Improvement Commission for several years. MidAmerican now prefers one time up front easements rather than ongoing lease arrangements. The one-time payment to the Commission in lieu of continued annual lease payments is \$205,706.67.

Public Works, and specifically those connected with the design plans for Veterans Memorial Park, were consulted, and have no concerns.

The Riverfront Improvement Commission approved the agreement at its regular meeting on February 22, 2022. The City Council must provide concurrent approval.

The required notice was published in the *Quad City Times* for the Public Hearing which was held on March 16, 2022.

- 3. The auditor engaged to audit any fund of the City.
- 4. The State Auditor
- 5. Affirmative Action Commission

### Section 2 - Delegation of Authority

The responsibility for conducting investment transactions resides with the Finance Director/City Treasurer of the City of Davenport. Investment responsibilities, however, may be delegated to the Revenue Manager. Only the Finance Director/City Treasurer and those authorized by this Investment Policy may invest public funds.

All contracts or agreements with outside persons investing public funds, advising on the investment of public funds, directing the deposit or investment of public funds, or acting in a fiduciary capacity for the City shall require the outside person to notify in writing to the Finance Director/City Treasurer within thirty (30) days of receipt of all communication from the auditor of the outside person or any regulatory authority of the existence of a material weakness in the internal control structure of the outside person or regulatory orders or sanctions regarding the type of services being provided to the City by the outside person. The records of investment transactions made by or on behalf of the City of Davenport are public records. They are the property of the City of Davenport, whether in the custody of the City or the custody of a fiduciary or other third parties. The Finance Director/City Treasurer shall establish a written system of internal controls and investment practices. The controls shall be designed to prevent losses of public funds, document those officers and employees of the City responsible for elements of the investment process, and address the capability of investment management. #### Section 4 - Prudence

The Finance Director/City Treasurer, when investing or depositing public funds, shall exercise the care, skill, discretion, and diligence under the circumstances then prevailing that a person acting in a like capacity and familiar with such matters would use to attain the Section 3 investment objectives. This standard requires that when making investment decisions, the Finance Director/City Treasurer shall consider the role that the investment or deposit plays within the portfolio of assets, expect a good return of income while preserving City capital and the investment objectives stated in Section 3.

Iowa Code exempts the Council, its agents, and City employees from personal liability from losses of a depository in the absence of negligence, malfeasance, misfeasance, and nonfeasance. When investing

This exemption is applied for annually (see attached). As provided by Iowa Law (Slough Bill), land committed to certain open spaces may be exempted from local real estate taxes with approval of the Board of Supervisors. In Scott County, the practice is to refer such requests to the City Council when the property is within the corporate limits of a municipality.
