Resolution authorizing the conveyance of fourteen (14) Public Housing properties (24 units) to Ecumenical Housing Development Group (EHDG). [Wards 1, 2, 3, 6, 7 & 8]

**Recommendation:**

Adopt the Resolution.

**Background:**

The U.S. Public Housing Program was created in 1937 (even before the creation of the U.S. Department of Housing and Urban Development or HUD) as government-owned and operated housing for those at the lower end of the household income spectrum.

Across the country, most public housing (PH) properties are owned by the federal government and operated by independent public housing authorities (PHAs). Iowa however is one of the few states where a county or municipality can own PH properties and operate a PHA.

As such and because of needs identified in the late 1960s and 70s, with assistance from HUD, the City constructed a total of 42 "scattered site" public housing units on 21 properties sprinkled around the City, accomplishing the goal of deconcentrating assisted housing units. The properties consisted of a mix of single-family houses, duplexes, and two six-plex structures.

Since the late 60s, a shift in federal funding began to provide rental assistance via vouchers to leverage private sector investment in owning and maintaining rental housing. In recent years, HUD started exploring best practices and reform in this arena. In particular, they noted that smaller portfolios of public housing often find it challenging to break even financially, given the significant reporting requirements and modest administrative fees allowed. In 2019, the regional field office began a discussion with the City regarding these financial sustainability issues.

At the same time, reflecting on the City's strategic operations, there was consensus that owning and operating rental housing is not part of the City's core mission. While not owning or managing, the City would continue to provide voucher assistance as well as rehab and development assistance for housing and other development activities.

Beginning in January 2019, the City began to explore options with HUD. Initially, sale of both the Public Housing units and the Heritage building, which is part of a different HUD Program, to a single operator was explored. However, the nature of these different assets and the respective HUD programs resulted in different buyer pools and operational outcomes. The Heritage building was sold in July 2021.

In 2020, the national market was tested and several community discussions were held that led to issuing a Request for Interest process for local affordable housing nonprofits. In order to preserve the units for affordable housing and continue the neighborhood stabilizing impact of existing and successful local partners, three nonprofits were identified in this process: Ecumenical Housing Development Group (EHDG), Vera French Housing, and Habitat for Humanity.

The fourteen (14) properties proposed to be sold to EHDG were appraised at roughly \$1.7m and include a mix of single-family and duplexes (primarily two- and three-bedroom units). The offer is for \$240,000. As these were built with HUD funding and are part of the Public Housing Program, there are restrictions on the use of any proceeds from sale.

Given all of the above, in January 2021 the City Council approved the submission of the Disposition Application to HUD which is required in order to convey the properties. A short history of the three nonprofits as well as overall plan and relocation information was required in the submission. The application has passed through several HUD review phases over the past year. Staff was informed in February 2022 that a recommendation for approval is pending.

While not finalized, the City was made aware that one or more of the nonprofit buyers are pursuing rehab financing options wherein contingent site control is necessary. Ultimately, setting and holding a Public Hearing on the conveyance of City property is required by State law. Starting this contingent approval process now simply reduces the number of steps still remaining should HUD approve the request.

Each buyer offer is treated separately (elsewhere on this agenda) through the Public Hearing and conveyance process. As such, approval of this Resolution will authorize staff to convey these fourteen (14) properties (24 units) to EHDG, subject to approval by HUD and any other contingencies.

**Subject:**

Resolution authorizing the conveyance of three (3) Public Housing properties (14 units) to Vera French Housing. [Wards 4 & 8]

**Recommendation:**

Adopt the Resolution.

**Background:**

The U.S. Public Housing Program was created in 1937 (even before the creation of the U.S. Department of Housing and Urban Development or HUD) as government-owned and operated housing for those at the lower end of the household income spectrum.

Across the country, most public housing (PH) properties are owned by the federal government and operated by independent public housing authorities (PHAs). Iowa however is one of the few states where a county or municipality can own PH properties and operate a PHA.

As such and because of needs identified in the late 1960s and 70s, with assistance from HUD, the City constructed a total of 42 "scattered site" public housing units on 21 properties sprinkled around the City, accomplishing the goal of deconcentrating assisted housing units. The properties consisted of a mix of single-family houses, duplexes, and two six-plex structures.

Since the late 60s, a shift in federal funding began to provide rental assistance via vouchers to leverage private sector investment in owning and maintaining rental housing. In recent years, HUD started exploring best practices and reform in this arena. In particular, they noted that smaller portfolios of public housing often find it challenging to break even financially, given the significant reporting requirements and modest administrative fees allowed. In 2019, the regional field office began a discussion with the City regarding these financial sustainability issues.

At the same time, reflecting on the City's strategic operations, there was consensus that owning and operating rental housing is not part of the City's core mission. While not owning or managing, the City would continue to provide voucher assistance as well as rehab and development assistance for housing and other development activities.

Beginning in January 2019, the City began to explore options with HUD. Initially, sale of both the Public Housing units and the Heritage building, which is part of a different HUD Program, to a single operator was explored. However, the nature of these different assets and the respective HUD programs resulted in different buyer pools and operational outcomes. The Heritage building was sold in July 2021.

In 2020, the national market was tested and several community discussions were held that led to issuing a Request for Interest process for local affordable housing nonprofits. In order to preserve the units for affordable housing and continue the neighborhood stabilizing impact of existing and successful local partners, three nonprofits were identified in this process: Ecumenical Housing Development Group (EHDG), Vera French Housing, and Habitat for Humanity.

The three (3) properties proposed to be sold to Vera French Housing were appraised at roughly \$600,000 and include two (2) six-plexes and one (1) duplex (a mix of two- and three-bedroom units). The offer is for \$200,000. As these were built with HUD funding and are part of the Public Housing Program, there are restrictions on the use of any proceeds from sale.

Given all of the above, in January 2021 the City Council approved the submission of the Disposition Application to HUD which is required in order to convey the properties. A short history of the three nonprofits, as well as overall plan and relocation information was required in the submission. The application has passed through several HUD review phases over the past year. Staff was informed in February 2022 that a recommendation for approval is pending.

While not finalized, the City was made aware that one or more of the nonprofit buyers are pursuing rehab financing options wherein contingent site control is necessary. Ultimately, setting and holding a Public Hearing on the conveyance of City property is required by State law. Starting this contingent approval process now simply reduces the number of steps still remaining should HUD approve the request.

Each buyer offer is treated separately (elsewhere on this agenda) through the public hearing and conveyance process. As such, approval of this Resolution will authorize staff to convey these three (3) properties (14 units) to Vera French Housing, subject to approval by HUD and any other contingencies.

Resolution authorizing the conveyance of four (4) Public Housing properties (4 units) to Habitat for Humanity Quad Cities. [Wards 3 & 8]

**Recommendation:**

Adopt the Resolution.

**Background:**

The U.S. Public Housing Program was created in 1937 (even before the creation of the U.S. Department of Housing and Urban Development or HUD) as government-owned and operated housing for those at the lower end of the household income spectrum.

Across the country, most public housing (PH) properties are owned by the federal government and operated by independent public housing authorities (PHAs). Iowa however is one of the few states where a county or municipality can own PH properties and operate a PHA.

As such and because of needs identified in the late 1960s and 70s, with assistance from HUD, the City constructed a total of 42 "scattered site" public housing units on 21 properties sprinkled around the City, accomplishing the goal of deconcentrating assisted housing units. The properties consisted of a mix of single-family houses, duplexes, and two six-plex structures.

Since the late 60s, a shift in federal funding began to provide rental assistance via vouchers to leverage private sector investment in owning and maintaining rental housing. In recent years, HUD started exploring best practices and reform in this arena. In particular, they noted that smaller portfolios of public housing often find it challenging to break even financially, given the significant reporting requirements and modest administrative fees allowed. In 2019, the regional field office began a discussion with the City regarding these financial sustainability issues.

At the same time, reflecting on the City's strategic operations, there was consensus that owning and operating rental housing is not part of the City's core mission. While not owning or managing, the City would continue to provide voucher assistance as well as rehab and development assistance for housing and other development activities.

Beginning in January 2019, the City began to explore options with HUD. Initially, sale of both the Public Housing units and the Heritage building, which is part of a different HUD Program, to a single operator was explored. However, the nature of these different assets and the respective HUD programs resulted in different buyer pools and operational outcomes. The Heritage building was sold in July 2021.

In 2020, the national market was tested and several community discussions were held that led to issuing a Request for Interest process for local affordable housing nonprofits. In order to preserve the units for affordable housing and continue the neighborhood stabilizing impact of existing and successful local partners, three nonprofits were identified in this process: Ecumenical Housing Development Group (EHDG), Vera French Housing, and Habitat for Humanity.

The four (4) single-family properties proposed to be sold to Habitat for Humanity Quad Cities were appraised at over \$400,000 (a mix of three-and four-bedroom units). They have asked that they be donated. As these were built with HUD funding and are part of the Public Housing Program, there are restrictions on the use of any proceeds from sale.

Given all of the above, in January 2021, the City Council approved the submission of the Disposition Application to HUD which is required in order to convey the properties. A short history of the three nonprofits, as well as overall plan and relocation information was required in the submission. The application has passed through several HUD review phases over the past year. Staff was informed in February 2022 that a recommendation for approval is pending.

While not finalized, the City was made aware that one or more of the nonprofit buyers are pursuing rehab financing options wherein contingent site control is necessary. Ultimately, setting and holding a Public Hearing on the conveyance of City property is required by State law. Starting this contingent approval process now simply reduces the number of steps still remaining should HUD approve the request.

Each buyer offer is treated separately (elsewhere on this agenda) through the Public Hearing and conveyance process. As such, approval of this Resolution will authorize staff to convey these four (4) properties (4 units) to Habitat for Humanity Quad Cities, subject to approval by HUD and any other contingencies.

**Subject:**

Resolution awarding a contract for engineering services for the Flood Mitigation | River Drive from Carey to 3rd Street project to HR Green, Inc of Cedar Rapids, Iowa in an amount not-to-exceed \$335,500, ARP #14. [Ward 3]

**Recommendation:**

Adopt the Resolution.

**Background:**

On July 27, 2021 the City Council approved the City Administrator's recommended American Rescue Plan Act budget. Included within that budget plan is a flood mitigation project that calls for a number of storm sewer improvements that, once completed, will allow vehicular access along East River Drive to the intersections of 3rd and 4th Streets during flood events from the Mississippi River up to approximately stage 22. To accomplish this, the plan recommends the installation of backflow prevention on the local storm sewer system to keep East River Drive dry until the seawall is overtopped. A new storm sewer connection will also be constructed to separate existing intakes below stage 22 between Carey and 3rd from the upland area.

On February 16, 2022, a Request for Qualifications was issued and sent to architectural/engineering firms. On March 3, 2022, the Purchasing Division opened and announced two (2) proposals. An evaluation committee reviewed and scored each proposal. Based on the outcomes of the scoring matrix, the evaluation committee selected the firm that would be the best fit for the City's expectations and needs.

HR Green, Inc is being recommended for this project. The total contract cost includes, but not limited to the following: preliminary/final design; geotechnical testing; environmental testing; survey of surrounding structures inside and outside the project limits; and preparation of permit applications to the Iowa DOT, CP Rail, Department of Natural Resources and U.S. Army Corp of Engineers along with conducting a 2D interior hydrologic and hydraulic model to identify the optimal storm sewer improvements within this corridor. Cost for construction administration and inspection were provided by HR Green, but are not being selected as part of the initial contract. If it is decided to include those additional services, a contract amendment will be brought forth at a later date.

Funding is made available through the American Rescue Plan Act.

The project will repair the Skybridge north tower and remove the pedestrian bridge on the second and third level of the north tower that connects to the south parking ramp structure. The north face of the tower has sustained years of moisture damage due to the water run-off from the connecting walk-way into the tower. The removal of the bridges will help reduce the water damage to the tower. The project also involves cleaning and replacement of damaged curtain wall glazing.

**Subject:**

Resolution authorizing the Mayor to execute the necessary documents to grant an overhead electric easement across City-owned property located at 3400 Brady Street (parcel P1316-03) to MidAmerican Energy. [Ward 7]

**Recommendation:**

Adopt the Resolution.

**Background:**

The purpose of the easement is to allow for the installation and operation of an overhead electric transmission circuit operating at 161 kV nominal voltage and an overhead electric distribution circuit operating at 13 kV nominal voltage. The easement is needed to relocate the lines to accommodate an Iowa DOT bridge replacement project along Brady Street. It is anticipated that a 105' above ground steel pole with a concrete foundation approximately 7' in diameter will need to be installed on the north side of the easement. This portion of the easement overlaps with an area identified as a public utility easement. No other poles in the easement area are anticipated.

The easement will be across City-owned property located at 3400 Brady Street (parcel P1316-03), approximately 215 feet west of the Brady Street Bridge over Duck Creek.

**Subject:**

Resolution authorizing the Mayor to sign the agreement for the perpetual, non-exclusive easement to construct, reconstruct, operate, maintain, replace or remove electric supply line(s) for the transmission and distribution of electric energy and for communication and electrical controls related to Grantee's operations (MidAmerican Energy Company, Petitioner). [Ward 3]

**Recommendation:**

Adopt the Resolution.

**Background:**

The easement represents two existing tracts of riverfront parcels that have been leased with the Riverfront Improvement Commission for several years. MidAmerican now prefers one time up front easements rather than ongoing lease arrangements. The one-time payment to the Commission in lieu of continued annual lease payments is \$205,706.67.

Public Works, and specifically those connected with the design plans for Veterans Memorial Park, were consulted, and have no concerns.

The Riverfront Improvement Commission approved the agreement at its regular meeting on February 22, 2022. The City Council must provide concurrent approval.

The required notice was published in the *Quad City Times* for the Public Hearing which was held on March 16, 2022.

Resolution adopting an updated Investment Policy. [All Wards]

Recommendation:  
Adopt the Resolution.

Background:

The Davenport City Council has adopted an investment policy which is mandated by Chapter 12 of the Iowa State Code. The policy was first adopted in 1992 and has been revised multiple times with the last iteration in 2018. The Finance Department is responsible for establishing and maintaining an internal control structure designed to ensure the safeguarding of Davenport's assets from loss, theft, or misuse.

The investment policy addresses the investment programs primary goals which include safety of principal, maintaining appropriate levels of liquidity, and a reasonable return on investments. In addition, the policy addresses delegation of authority, investment objectives, prudence, eligible investments, maturity limitations, diversification, safekeeping, pooled cash and interest allocations, ethics conflict of interest, reporting and the process to select depositories.

The written investment policy must be periodically reviewed by staff and all material changes must be approved by City Council. After review, staff is proposing the following changes to the investment policy:

- 1) Adding CDARS as an investment option.
- 2) Eliminate wording to restrict the purchase of certificates of deposit.
- 3) Adding minimum interest rate provision for certificate of deposit required by the State.
- 4) Aligning funds available to be invested up to sixty-three months with Iowa State Code.

City of Davenport  
226 West 4th Street

Dear Tiffany:

The Board of Supervisors approved the implementation of the Slough Bill on March 29, 1990. The Slough Bill provisions allow exemptions for wetlands, recreational lakes, forest cover, forest reservations, rivers and streams, river and stream banks, wildlife habitat, native prairies and open prairies.

The resolution states that the Board will not consider exemptions for otherwise qualifying real property when it is located within the corporate limits of any municipality until the city council of that municipality first gives approval to the exemption request. Below is a list of exemptions the Davenport City Assessor received:

<u>Name</u>	<u>Acres</u>	<u>Tax Exemption</u>	<u>Amount</u>
Brian Ritter	3.8	Forest Cover	\$36,470
Shirley Perry	5.0	Open Prairie	\$4,890
Genesis Systems Group LTD	7.0	Open Prairie	\$116,500
John Carillo	6.6	Open Prairie	\$5,830
Lillian Voss/Burton Voss Trust	57.59	Forest Cover	\$54,840
David R. Bierl	2.3	Open Prairie	\$1,150
David R. Bierl	5.65	Forest Cover	\$2,830
Dean Krueger	22.51	Open Prairie	\$19,010
Dean Krueger	25.8	Forest Cover	\$21,500

The exemption requests are enclosed for your city council's review and consideration.

Please notify me as soon as possible once the Davenport City Council has taken action on these exemption requests, and if possible email a copy of the resolution. Contact Nick VanCamp, Davenport City Assessor, should additional information be needed. Thank you for your attention to this matter.

Sincerely,

Deborah Dierkes

**Subject:**

Motion approving the allocations for Year 48 (July 1, 2022 – June 30, 2023) Community Development Block Grant (CDBG) funds and HOME Investment Partnership (HOME) funds. [All Wards]

**Recommendation:**

Pass the Motion.

**Background:**

The Citizens Advisory Committee (CAC) completed its process for funding recommendations for the Year 48 CDBG program, which is a subpart of the City's FY 23 operating budget. The CAC reviewed the CDBG applications at a work session and held a public meeting at which applicants made presentations and answered questions about their programs and projects. The CAC's process concluded on March 7, 2022 when the CAC passed a motion on its Year 48 funding recommendations for the Federal FY22 CDBG estimated entitlement of \$1,745,273. These allocations will be included in the Year 48 Annual Action Plan, which will be submitted to HUD (U.S. Housing and Urban Development) in May for approval.

The purpose of the HOME Program is to create affordable housing opportunities for low and very low income residents. City HOME dollars are targeted to the construction or rehabilitation of single and multi-unit housing. HOME funds are available to non-profit, for-profit, or Community Housing Development Organizations (CHDO) developers of affordable housing. For Federal FY22, the estimated HOME entitlement is \$432,106.

The attached Funding Summary lists for each of these programs: the agency receiving funds, its purpose, the services it will provide, and the amount of funding to be used. HOME dollars are reflected in bold.

These awards are estimates, and are contingent upon the City receiving the entitlements as indicated from HUD. The CAC also passed a motion to authorize City staff to make across board cuts and increases to awards if the allocation is +/- 15% of what is estimated. If the allocation is more than +/-15% from the estimated amount, the CAC will meet again to make new recommendations.

A public hearing on these recommendations occurred on this cycle. Approval of this action will authorize staff to submit documentation to HUD and execute any necessary agreements.

Motion approving a professional services contract for federal grant consultant work with Keller Partners and Company of Washington, DC in the amount of \$86,400, CIP #60015. [All Wards]

**Recommendation:**

Pass the Motion.

**Background:**

In an effort to better identify grant opportunities and strategically market projects at the federal level, the City of Davenport issued a Request for Proposals (RFP) on February 10, 2022 to any qualified firms interested in assisting the City in this endeavor. On February 24, 2022, the Purchasing Division opened and announced three proposals. City staff reviewed all three and scored them on the firms overall experience, quality of proposal and pricing structure.

Keller Partners and Company of Washington, DC is recommended for this service. Since 2018, they have been an excellent partner in assisting City staff with grant applications and arranging meetings with key federal departments in order to promote city wide goals. During that time, the City has been awarded approximately \$12.5 million in grants from federal agencies such as Economic Development Administration, Federal Emergency Management Administration, Department of Transportation, and Department of Justice.
