<u>Second Consideration:</u> Ordinance for Case REZ22-01 being the request of Patrick Fennelly to rezone property located south of Telegraph Road and east of South Utah Avenue (the southwest 9.15 acres of Parcel #S3117-04) from S-AG Agricultural District to R-1 Single-Family Residential District. [Ward 1]

Recommendation:

Adopt the Ordinance.

Background:

The petitioner is requesting a rezoning from S-AG Agricultural District to R-1 Single-Family Residential District. The purpose of the rezoning request is to create two new single-family lots.

The site is currently being used for farming and open space. The land also contains wooded areas and steep topography changes along the creek, making the eastern portion of the property difficult to navigate. The most developable area is the ground adjacent to South Utah Avenue.

The petitioner owns approximately 59.15 acres of which 9.15 acres is subject to this rezoning request. The owner intends to subdivide the subject property to create two new single-family lots along South Utah Avenue. The remainder of the property will remain undeveloped and zoned S-AG Agricultural District. A survey of the property has been provided by the applicant delineating the land to be rezoned.

The Plan & Zoning Commission reviewed Case REZ22-01 at its March 15, 2022 meeting and recommended approval (10-0) with the following condition and findings:

Condition:

1. No more than two R-1 Single-Family Residential lots shall be platted on the 9.15 acre area.

Findings:

- 1. The proposed rezoning to R-1 Single-Family Residential District is generally consistent with the Comprehensive Plan and adopted land use policies.
- 2. The petition is compatible with the zoning and land uses of nearby property.
- 3. The rezoning request is compatible with the established neighborhood character, which includes single-family dwellings, agriculture, and open space.
- 4. The proposed amendment promotes the public health, safety, and welfare of the City.
- 5. Rezoning the property to R-1 Single-Family Residential District does not create any nonconformities.

A staff report has been attached with a full analysis.

Ordinance No.

An ORDINANCE for Case REZ22-01 being the request of Patrick Fennelly to rezone property located south of Telegraph Road and east of South Utah Avenue (the southwest 9.15 acres of Parcel #S3117-04) from S-AG Agricultural District to R-1 Single-Family Residential District.

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

<u>Section 1.</u> The following described unit of Scott County, Iowa real estate is hereby rezoned to "R-1 Single-Family Residential District."

Part of the Northwest Quarter of Section 31, Township 78 North, Range 3 East of the 5th Principal Meridian, City of Davenport, Scott County, Iowa, more particularly described as follows:

Commencing at the West Quarter corner of said Section 31, per Corner Certificate 01803-96; Thence North 01°30′35″ West, along the west line of the Northwest Quarter of said Section 31, a distance of 664.63 feet to the Point of Beginning; Thence North 01°30′35″ West, continuing along said west line of said Northwest Quarter, a distance of 465.20 feet; Thence North 88°03′42″ East, a distance of 844.98 feet; Thence South 01°39′49″ East, a distance of 231.00 feet; Thence North 88°02′25″ East, a distance of 187.83 feet; Thence South 02°07′02″ East, a distance of 1035.90 feet to the Point of Beginning. The above described real estate contains 10.28 acres, more or less. For the purpose of this description, the west line of the Northwest Quarter of Section 31, has an observed bearing of North 01°30′35″ West.

Section 2. That the following findings and conditions are hereby imposed upon said rezoning:

Findings:

- 1. The proposed rezoning to R-1 Single-Family Residential District is generally consistent with the Comprehensive Plan and adopted land use policies.
- 2. The petition is compatible with the zoning and land uses of nearby property.
- 3. The rezoning request is compatible with the established neighborhood character, which includes single-family dwellings, agriculture, and open space.
- 4. The proposed amendment promotes the public health, safety, and welfare of the City.
- 5. Rezoning the property to R-1 Single-Family Residential District does not create any nonconformities.

Condition: No more than two R-1 Single-Family Residential lots shall be platted on the 9.15 acre area.

<u>Section 3.</u> At its March 15, 2022 meeting, the City Plan and Zoning Commission voted to forward Case REZ22-01 to the City Council with a recommendation for approval subject to the listed findings and condition.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

EFFECTIVE DATE. This ordinance shall be in full force and effective after its final passage and publication as by law provided.

City of Davenport Plan & Zoning Commission-Staff Report March 15, 2022

Case REZ22-01: Request of Patrick Fennelly to rezone property located south of Telegraph Road and east of South Utah Avenue (The southwest 9.15 acres of Parcel #S3117-04) from S-AG Agricultural District to R-1 Single-Family Residential District. [Ward 1]

Background:

The petitioner is requesting a rezoning from S-AG Agricultural District to R-1 Single-Family Residential District. The purpose of the rezoning request is to create two new single-family lots.

The site is currently being used for farming and open space. The land also contains wooded areas and steep topography changes along the creek, making the eastern portion of the property difficult to navigate. The most developable area is the ground adjacent to South Utah Avenue.

The petitioner owns approximately 59.15 acres of which 9.15 acres is subject to this rezoning request. The owner intends to subdivide the subject property to create two new single-family lots along South Utah Avenue. The remainder of the property will remain undeveloped and zoned S-AG Agricultural District. A survey of the property has been provided by the applicant delineating the land to be rezoned.

Why is a Zoning Map Amendment Required?

The Zoning Ordinance does not permit single-family dwellings in an agricultural district, which are under 38 acres in area. A rezoning to R-1 Single-Family Residential District is the least intensive zoning classification and is consistent with similar land uses on South Utah Avenue.

Comprehensive Plan:

Within Existing Urban Service Area: No Within Urban Service Area 2035: Yes

Future Land Use Designations:

The property is designated Agricultural Reserve (AR) and Open Space/Public Land (OS) in the Davenport +2035 Land Use Plan.

- Agricultural Reserve (AR) Areas located outside the Urban Service Area and unlikely to develop in the foreseeable future. Uses should be limited to agriculture and open space, with only limited residential development needing minimal urban services.
- 2. Open Space/Public Land (OS) Includes undeveloped open space, natural areas, floodplains and wetlands that may be or may not be planned for future park and recreation development This future land use is not associated with the subject property; however it is found of the remainder of the applicants land.

Zoning:

The property is currently zoned <u>S-AG Agricultural District</u>. This district is intended to address existing agricultural land uses. The standards of the S-AG District promote the continuation of farming, and protect agricultural land uses from encroachment of incompatible developments. Single-family dwellings and any accessory dwellings that are ancillary to the principal activity of agriculture are permitted within the S-AG District.

The applicant is requesting a rezoning of the property to <u>R-1 Single-Family Residential District</u>. This district is intended to accommodate the lowest-density single-family neighborhoods within the City of Davenport, exhibiting a predominantly semi-suburban development pattern of large lots and generous yards.

Technical Review:

- 1. <u>Zoning:</u> The two proposed single-family lots identified on the submitted subdivision plat satisfy the minimum lot area and width requirements. The R-1 Single-Family Residential District requires a minimum lot size of 20,000 square feet (.46 acres) and a minimum lot width of 100 feet. Lot 1 is 217,802 square feet (5 acres) and 231.03 feet in width. Lot 2 is 180,776 square feet (4.15 acres) and 231 feet in width.
- 2. <u>Legal:</u> In considering spot-zoning, courts generally determine whether the zoning relates to the compatibility of the surrounding uses. One of the most important criteria is the extent to which the requested zoning is consistent with the comprehensive plan. Spot zoning is rebutted when the challenged zoning is found to be consistent with present surrounding uses or the comprehensive plan. Given the presently existing R-1 districts in relation to the S-AG zoning in the area, similar land use, and consistency with the comprehensive plan, it is the City's Legal staff's opinion this is not spot zoning.
- 3. <u>Utilities:</u> The property will be served by water, gas and electric utilities, but will not be served by sanitary sewer. Any dwellings will be served by a private septic system, which will require approval by the Scott County Health Department.

Approval Standards for Map Amendments (Chapter 17.14.040):

The Plan and Zoning Commission recommendation and the City Council decision on any zoning text or map amendment is a matter of legislative discretion that is not controlled by any particular standard. However, in making their recommendation and decision, the Plan and Zoning Commission and the City Council must consider the following standards. The approval of amendments is based on a balancing of these standards.

a. The consistency of the proposed amendment with the Comprehensive Plan and any adopted land use policies.

<u>Staff Response:</u> The property is designated Agricultural Reserve (AR) in the Davenport +2035 Land Use Plan. This land use category is designated for areas located outside of the Urban Service Boundary, which are unlikely to develop in the foreseeable future. Uses should be restricted to agriculture and open space, with only limited residential development needing minimal urban services.

Based on the submitted subdivision plat, the applicant is limited to a total of three single-family homes on 59.15 acres (the 2 proposed single-family lots in R-1 and an additional single-family home in S-AG). To ensure lower intensity residential development, Staff is recommending no more than two residential lots be platted within the subject property. This will further encourage compatibility with the large lots in the surrounding area.

It is staff's opinion that the rezoning request meets the Comprehensive Plan's threshold for limited residential development and minimal urban services.

b. The compatibility with the zoning of nearby property.

<u>Staff Response</u>: South Utah Avenue, north of West River Drive and South of Telegraph Road, consists of a mix of properties zoned either R-1 Single-Family Residential District or S-AG Agricultural District. Rezoning the southwest 9.15 acres to residential is compatible with the existing zoning districts along the South Utah Avenue corridor. The petitioner's remaining 50 acres of land will remain under the S-AG zoning, thereby retaining the low density housing, farming, and open space character of the neighborhood.

It is staff's opinion that the proposed amendment is compatible with the zoning of nearby property.

c. The compatibility with established neighborhood character.

<u>Staff Response:</u> There are fifteen continuous lots along the east side of Utah Avenue, south of the subject property, containing single-family dwellings. Rezoning the site for the establishment of two new single-family lots is consistent with the development of the surrounding area. The proposed 5 acre lot and 4.15 acre lot far exceed the lot sizes of other R-1 zoned property along South Utah Avenue. This reduced density creates a balance between residential and agriculturally zoned property.

It is staff's opinion that the proposed amendment is compatible with the established neighborhood character.

d. The extent to which the proposed amendment promotes the public health, safety, and welfare of the City.

<u>Staff Response:</u> Rezoning the property to R-1 Single-Family Residential District will not be detrimental to the surrounding area, which is predominantly single-family dwellings, agriculture, and open space. It is staff's opinion that owners of agriculturally zoned property will not be negatively impacted if the rezoning request is approved. In addition, the R-1 District is the most comparable zoning district to the S-AG Agricultural District in terms of dimensional standards and principal uses. The use restrictions imposed on the surrounding neighborhood will remain consistent should the property be rezoned to R-1.

It is staff's opinion that the proposed zoning map amendment will develop in a manner that promotes the public health, safety, and welfare of the City.

e. The suitability of the property for the purposes for which it is presently zoned, i.e. the feasibility of developing the property in question for one or more of the uses permitted under the existing zoning classification.

<u>Staff Response:</u> A residence on an agricultural site may be established if the property is a minimum of 38 acres. Given the petitioner owns 59.15 acres, one single-family home may currently be developed on the property. Based on the plat of subdivision submitted by the applicant, a total of three homes can be constructed on the 59.15 acre property: one dwelling on Lot 1, one dwelling on Lot 2, and one dwelling on the 50 acre agriculturally zoned parcel.

It is staff's opinion that the proposed zoning map amendment will enable the area to be developed in a manner consistent with the surrounding neighborhood.

f. The extent to which the proposed amendment creates nonconformities.

<u>Staff Response:</u> The two proposed single-family lots, which has necessitated the zoning map amendment, far exceed the minimum standards of the R-1 Residential Single-Family Zoning District. The minimum lot area in the R-1 District is 20,000 square feet (0.46 acres) while the proposed lots are 217,802 square feet (5 acres) and 180,776 square feet (4.15 acres) respectively.

It is staff's opinion that the proposed zoning map amendment will not create any nonconformities.

Public Input:

Letters were sent to property owners within 200 feet of the proposed request notifying them of the March 1, 2022 Plan and Zoning Commission Public Hearing.

To date, staff has not received any written responses from adjacent property owners. During the March 1, 2022 Plan and Zoning Commission public hearing, a representative of 245 South Utah Avenue spoke in opposition to the rezoning request. The abutting property owner to the north and west, John Gerdes, spoke in favor of the rezoning. A prospective buyer of Lot 1 was also in attendance to speak in favor of the petition.

Staff will apprise the Commission of any additional correspondence at the March 15, 2022 Plan and Zoning Commission meeting.

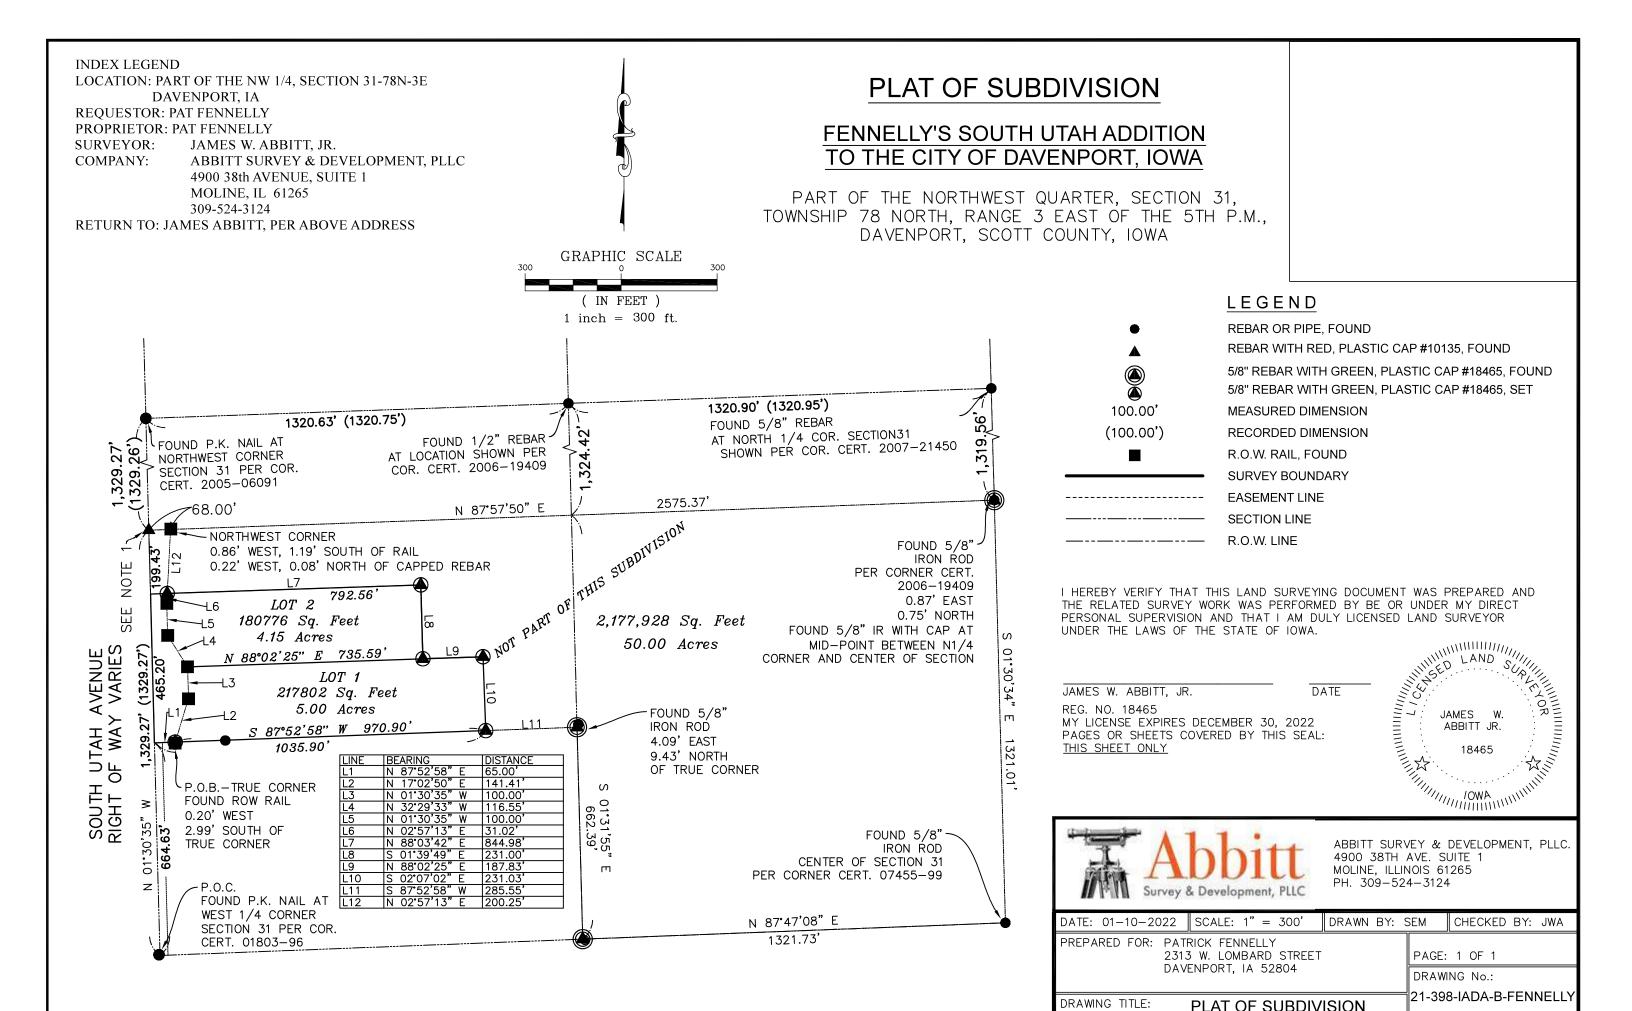

Staff Recommendation

Staff recommends Case REZ22-01 be forwarded to the City Council with a recommendation for approval, subject to the following condition.

1. No more than two R-1 Single-Family Residential lots shall be platted on the 9.15 acre area.

Findings:

- 1. The proposed rezoning to R-1 Single-Family Residential District is generally consistent with the Comprehensive Plan and adopted land use policies.
- 2. The petition is compatible with the zoning and land uses of nearby property.
- 3. The rezoning request is compatible with the established neighborhood character, which includes single-family dwellings, agriculture, and open space.
- 4. The proposed amendment promotes the public health, safety, and welfare of the City.
- 5. Rezoning the property to R-1 Single-Family Residential District does not create any nonconformities.

Spot Zoning

Spot zoning is when a rezoning decision results in a single parcel, or small island of property, with restrictions on its use different from those imposed on the surrounding property. Spot zoning can be valid if there is a reasonable basis to treat the spot-zoned property differently from the surrounding property. For example, a parcel or two designated as neighborhood commercial in a residential area is perfectly appropriate if it provides needed retail services to residents. However, zoning is not appropriate if it is for the financial benefit of an individual property owner but detrimental to the surrounding area. According to the lowa courts, the factor of primary importance is whether the rezoned tract has a peculiar adaptability to the new classification as compared to the surrounding property. Spot zoning for the sole benefit of the landowner and contrary to the comprehensive plan is unreasonable.

The case for creating these "spot zones" is best made through the comprehensive planning process, where the community can explain the benefits that such differential treatment brings to the area.

Public Hearing Notice | Committee of the Whole

Date: 4/6/2022 Location: Council Chambers | City Hall | 226 W. 4th ST.
Time: 5:30 PM Subject: Public Hearing for a Rezoning Request

To: All property owners within 200 feet of the subject property located south of Telegraph Road and east of South Utah Avenue (Parcel #S3117-04).

There is on file in the Development and Neighborhood Services Department (DNSD), on behalf of the Plan and Zoning Commission, the following request:

Case REZ22-01: Request of Patrick Fennelly to rezone property located south of Telegraph Road and east of South Utah Avenue (The southwest 9.15 acres of Parcel #S3117-04) from S-AG Agricultural District to R-I Single-Family Residential District. [Ward 1]

At its March 15, 2022 meeting, the Plan and Zoning Commission recommended approval of the aforementioned case with the following findings and condition:

Findings:

- 1. The proposed rezoning to R-1 Single-Family Residential District is generally consistent with the Comprehensive Plan and adopted land use policies.
- 2. The petition is compatible with the zoning and land uses of nearby property.
- 3. The rezoning request is compatible with the established neighborhood character, which includes single-family dwellings, agriculture, and open space.
- 4. The proposed amendment promotes the public health, safety, and welfare of the City.
- 5. Rezoning the property to R-1 Single-Family Residential District does not create any nonconformities.

Condition:

1. No more than two R-1 Single-Family Residential lots shall be platted on the 9.15 acre area.

The public hearing on the above matter is scheduled for 5:30 p.m. or as soon thereafter as possible on Wednesday, April 6, 2022 in the Council Chambers of the Davenport City Hall, 226 West 4th Street, Davenport, Iowa.

You may submit written comments on the above item or attend the public hearing to express your views, or both. Written comments may be sent via email to mayor.info@davenportiowa.com or mailed to the Development and Neighborhood Services Department, at the below address, no later than 12:00 noon on the day of the public hearing.

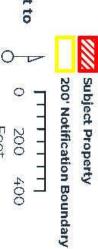

All written comments and protests already received will be forwarded to the Committee of the Whole. The Committee of the Whole meeting can be viewed live at www.davenportiowa.com/watchlive.

<u>Second Consideration:</u> Ordinance for Case ROW22-02 being the request of The Overland Group on behalf of Dollar General for a partial right-of-way vacation (abandonment) of the alley at 2340 Rockingham Road. [Ward 1]

Recommendation:

Adopt the Ordinance.

Background:

The purpose of the of the right-of-way alley vacation is to facilitate development of five (5) commercial lots located at 2340 Rockingham Rd to allow for the development of a Dollar General store. Attached is a site plan for the future development of the site.

A legal description of the proposed right-of-way vacation is attached. The land area to be vacated is approximately 4,600 square feet.

The Plan and Zoning Commission reviewed Case ROW22-02 at its March 15, 2022 meeting and has recommended the request be forwarded to City Council for approval (10-0) with the following conditions:

- 1. All existing utilities located in the right-of-way which are subject to vacation shall be granted a blanket utility and access easement for the maintenance of such utilities.
- 2. An ingress/egress easement shall be granted for the access of solid waste services/ collections; such easement shall allow at all times passage from the alley adjacent to the east to Rockingham Road; additionally, when access via the parking lot exists for passage from the alley to Boies Avenue, such passage shall also be granted an access easement for said route.
- 3. A Plat of Survey establishing the easements in Conditions 1 and 2 shall be recorded at the Scott County Recorder's Office; City staff shall review the Plat of Survey prior to recording.
- 4. The City shall install appropriate traffic control signs as necessary in the remaining public right-of-way for traffic direction.

Subiect:

Case ROW22-02: Request of The Overland Group on behalf of Dollar General for a partial right-of-way vacation (abandonment) of the alley at 2340 Rockingham RD. [Ward 1]

Recommendation:

Staff recommends the City Plan and Zoning Commission accept the listed findings to vacate the partial alley right-of-way at 2340 Rockingham Road in Case ROW22-02 to the City Council with a recommendation for approval subject to the listed conditions.

Findings:

- 1. The public alley right-of-way in question is not necessary for traffic circulations purposes provided they City's solid waste services access needs are met as conditioned.
- 2. A utility easement would preserve the rights for utility providers to maintain existing and future infrastructure.
- 3. Economic vitality will be strengthened in a stressed commercial neighborhood.

Conditions:

- 1. All existing utilities located in the Right-of-Way which are subject to vacation shall be granted a blanket utility and access easement for the maintenance of such utilities.
- 2. An ingress/egress easement shall be granted for the access of solid waste services/collections; such easement shall allow at all times passage from the alley adjacent to the east to Rockingham Road; additionally, when access via the parking lot exists for passage from the alley to Boies Avenue, such passage shall also be granted an access easement for said route.
- 3. A Plat of Survey establishing the easements in Conditions 1 and 2 shall be recorded at the Scott County Recorder's Office. City staff shall review the Plat of Survey prior to recording.
- 4. The City shall install appropriate traffic control signs as necessary in the remaining public right-of-way for traffic direction.

Background:

Dollar General is proposing a 10,640 square feet (sf) retail store for this the property at 2340 Rockingham Road along both sides of the alley right-of-way. The site plan (attached) depicts the store in the southwest corner of the lot with parking being located in the east, northeast and northwest of the store on both sides of the alley which is to be vacated. This request is to allow for the proposed site plan configuration which would have a parking drive aisle and the site's loading dock access located in the vacated right-of-way.

The legal description of the proposed vacation is attached. The land area to be vacated is 4,593sf., more or less.

Analysis:

Comprehensive Plan:

Davenport 2035+ Classification: Residential General

Within Existing Urban Service Area: Yes Within Urban Service Area 2035: Yes

Zoning

The subject property and adjacent properties are zoned C-2 Corridor Commercial Zoning District. Adjacent to the north across the railroad right-of-way is a single-family dwelling zoned R-4C Single & Two Family Residential Zoning District.

Technical Review:

Streets. The alley between Rockingham Road and Boies Avenue abutting 2340 Rockingham is the portion of the alley to be vacated by this request. All existing utilities located in the alley right-of-way would remain in their present location and shall be granted easements rights. Should the request be approved an access easement for City solid waste service vehicles will be obtained to provide access to both Boies and Rockingham.

Storm Water. A 10 inch stormwater sewer main is located within the alleys right-of-way.

Sanitary Sewer. No sanitary sewer service is located within the alley right-of-way.

Other Utilities. Overhead utilities are located within the existing alley right-of-way.

Emergency Services. The proposed alley right-of-way and would not have any affect on emergency services.

Parks/Open Space. This proposed vacation would not impact any existing or planned parks or public open spaces.

Public Input:

Neighborhood Meeting (held 2-22-22) and Public Flearing notices were sent to property owners within 200 feet of the proposed right-of-way vacation and to additional properties on the city block served by the alley right-of-way.

Present at the neighborhood meeting were First Ward Alderman Dunn, Plan and Zoning Chairman Inghram, Glen Meisner representing the petitioner, and city staff. No one from the general public attended the meeting. In addition to the mailings to adjacent property owners a public hearing notice was published in the Quad City Times per State Code requirements.

Action / Date 4/27/2022

Subject:

Resolution approving Case P22-02 being the request of Klingner & Associates, P.C. on behalf of Rob Fick LLC for a preliminary plat of Oak Brook 2021, a 30-lot subdivision on 12.4 acres located east of Sturdevant Street and north of West 61st Street. [Ward 8]

Recommendation:

Adopt the Resolution.

Background:

The request is for a Preliminary Plat for a 30-lot subdivision on 12.4 acres of property to facilitate residential development. The lot sizes and dimensions are compatible with the adjacent subdivision to the east and west. The Plan and Zoning Commission reviewed Case P22-02 at its April 5, 2022 meeting and has recommended approval subject to the listed findings and conditions:

Findings:

- 1. The preliminary plat conforms to the comprehensive plan Davenport +2035.
- 2. The preliminary plat prepares the area for future development.
- 3. The preliminary plat (with conditions recommended by City staff) would achieve consistency with subdivision requirements.

Conditions:

- Add a note stating "Sidewalks shall be constructed along all street frontages prior to the completion of residential construction for each lot, or as so ordered by the City of Davenport."
- 2. Indicate the width of existing pavement at the 61st Street connection point.
- 3. The size of the existing sanitary sewer where connection is being made shall be labelled.
- 4. Provide the proposed width(s) of pavement.
- 5. Label building setback lines.
- 6. The final plat shall require an easement with a hammerhead turnaround at the terminus of West 64th Street.
- 7. Add a note stating, "Storm water quality treatment and storm water detention is required for this subdivision. A provision for storm water detention for this subdivision has been made in the regional detention facility located immediately south of West 61st Street. This facility is owned and maintained by the City of Davenport."

Comprehensive Plan:

Within Existing Urban Service Area: Yes Within Urban Service Area 2035: Yes

Future Land Use Designation: Residential General (RG) Relevant Goals: Strengthen the Existing Built Environment.

The proposed final plat would comply with the Davenport +2035 proposed land use

section.

Zoning:

The property is currently zoned R-3 Single-Family and Two-Family Residential District.

Technical Review:

- <u>Streets</u>: The subdivision will have access via the extension of 61st Street. Two new north-south streets will be dedicated and connected through a new east-west street, labelled as 54th Street. At a future date, Sturdevant Street will be extended to connect the two existing roadway stubs. However, this extension requires additional right-of-way from the property owner to the west. All streets as shown meet Davenport Municipal Code requirements.
- <u>Storm Water:</u> The R-3 District permits a maximum impervious surface of 60% for each lot.
 The development of the property will need to comply with the City's storm water
 requirements. Storm water quality treatment and storm water detention is required for this
 subdivision. A provision for storm water detention for this subdivision has been made in the
 regional detention facility located immediately south of West 61st Street. This facility is
 owned and maintained by the City of Davenport.
- <u>Sanitary Sewer:</u> Sanitary sewers will be extended from existing infrastructure to serve this subdivision. Additional storm and sanitary sewer easements shall be required based on preliminary engineering of conceptual plans.
- Other Utilities: Other normal utility services are available.

Public Input:

No Public Hearing is required for a preliminary plat.

Subject:

Resolution approving Case F22-03 being the request of Splendor Homes LLC on behalf of KJTLJ LLC for a final plat of Splendor Estates, a 47-lot subdivision on 26.11 acres located at 2448 and 2460 East 60th Street. [Ward 8]

Recommendation:

Adopt the Resolution.

Background:

The request is for a 47-lot subdivision on 26.11 acres of property to facilitate residential development. The lot sizes and dimensions are compatible with the adjacent subdivision to the east. City Council approved the preliminary plat for this subdivision at the January 26, 2022 meeting. The Plan & Zoning Commission reviewed Case F22-03 at its March 15, 2022 meeting and has recommended approval subject to the listed findings and conditions:

Findings:

- 1. The final plat conforms to the comprehensive plan Davenport +2035.
- 2. The final plat prepares the area for future development.
- 3. The final plat (with conditions recommended by City staff) would achieve consistency with subdivision requirements.

Conditions:

- 1. Add the following statement to the end of Note #9: "Sidewalks along the Jersey Ridge Road frontage shall be constructed when so ordered by the City of Davenport."
- 2. Revise the easement description "20' Sanitary & Utility Easement" to "20' Sewer & Utility Easement".
- 3. The storm sewer heading north through Heather Avenue shall be located within a sewer easement.
- 4. Include a note indicating ownership and maintenance of any future hard surface in the Driveway/Detention Basin Access Easement, located to the east of Lot 26.
- 5. Include Base Flood Elevation to Note 7. Add "and is subject to the regulations in Chapter 15.44 of the City Code entitled Flood Damage Prevention."
- 6. Remove Note 12.
- 7. Each outlot that is designated as storm water detention shall be located in a storm water detention easement.
- 8. Add a note stating, "Storm water detention and water quality treatment are required for this subdivision and shall be owned and maintained by the owner or home owners association."
- 9. Right-of-Way widths shall be added to the plat.
- 10. Either two existing lot corners or two 1/4 sections shall be labeled with details.
- 11. All stormwater mains and drainage ways shall be within designated easements.
- 12. A Line and Curve table shall be added to the plat.

Comprehensive Plan:

Within Existing Urban Service Area: Yes Within Urban Service Area 2035: Yes

Future Land Use Designation: Residential General (RG)

Relevant Goals to be considered in this Case: Strengthen the Existing Built Environment.

The proposed final plat would comply with the Davenport +2035 proposed land use section.

Zoning: The property is currently zoned R-3 Single-Family and Two-Family Residential District.

Technical Review:

- <u>Streets</u>: The subdivision would have access via Jersey Ridge Road and East 61st Street. All streets as shown meet Davenport Municipal Code requirements. At a future date, Jersey Ridge Road will be re-graded for the installation of sidewalks.
- <u>Storm Water:</u> The R-3 District permits a maximum impervious surface of 60% for each lot. The development of the property will need to comply with the City's stormwater requirements.
- <u>Sanitary Sewer:</u> Sanitary sewers will be extended from existing infrastructure to serve this subdivision. Additional storm and sanitary sewer easements shall be required based on preliminary engineering of conceptual plans including service drainage of the property to the west.
- Other Utilities: Other normal utility services are available.

Public Input: No Public Hearing is required for a final plat.

Action / Date 4/27/2022

Subject:

Resolution approving Case F22-04 being the request of Origin Design on behalf of RDIP LLC for a final plat of Russell-Frye/Armstrong Industrial Park Second Addition, a 3-lot subdivision on 50.66 acres located at 8730 Northwest Boulevard. [Ward 2]

Recommendation:

Adopt the Resolution.

Background:

The request is for a 3-lot subdivision on 50.66 acres of property to facilitate industrial development. The Plan & Zoning Commission reviewed Case F22-04 at its April 5, 2022 meeting and has recommended approval subject to the listing findings and conditions:

Findings:

- 1. The final plat conforms to the comprehensive plan Davenport +2035.
- 2. The final plat prepares the area for future development.
- 3. The plat (with conditions recommended by City Staff) would achieve consistency with subdivision requirements.

Conditions:

- 1. That the surveyor signs the plat.
- 2. That the utility providers sign the plat when their easement needs have been met.
- 3. Remove notes #2 and #5.
- 4. Public utility easements shall be a minimum of 15 feet or twice the depth of the utility line, whichever is greater.
- 5. An additional three feet of public right-of-way along West 83rd Street, west of North Zenith Avenue, shall be dedicated as public right-of-way.
- 6. Add a note stating "The minimum right-of-way width of West 83rd Street shall be seventy feet."
- 7. Add a note stating North Zenith Avenue, West 83rd Street, and West 86th Street shall be dedicated as public right-of-way.
- 8. A fifty foot wide right-of-way shall be dedicated along the north property line of Lot 1 and shall be named W 86th Street. A fifteen foot public utility easement shall be established along the north and south boundary of the dedicated public right-of-way.
- 9. Add a note stating "Sidewalks shall be constructed along all street frontages when so ordered by the City."

Comprehensive Plan:

Within Existing Urban Service Area: Yes Within Urban Service Area 2035: Yes Future Land Use Designation: Industry (I)

Relevant Goals to be considered in this Case: Strengthen the Existing Built Environment.

The proposed final plat complies with the Davenport +2035 proposed land use section.

Zoning: I-1 Light Industrial District.

Technical Review:

- 1. <u>Streets:</u> North Zenith Avenue and additional right-of-way along the south property line for the expansion and extension of West 83rd Street will be dedicated as public right-of-way with the recording of the plat. A condition of approval is the dedication of ROW for an east-west road along the north property line of Lot 1. The purpose is to establish a new east-west street that will connect to Wisconsin Avenue. Given the potential for large scale industrial development and its associated traffic impacts, additional connectivity is required for the area. Sidewalks are required along the future Zenith Avenue and West 83rd right-of-way. City Council has waived installation of sidewalks for the development at this time.
- 2. <u>Storm Water:</u> The site will require stormwater detention and water quality. Storm detention is proposed in Outlots A and B. Access must be provided for maintenance of detention areas and any drainage ways must be maintained to provide for the proper flow of water.
- 3. <u>Sanitary Sewer:</u> Existing sanitary sewer infrastructure is available along Northwest Boulevard and will be extended into the site as development occurs.
- 4. Other Utilities: Normal utility services are available at this site.
- 5. <u>Parks/Open Space:</u> The proposed plat does not impact any existing or planned parks or public open space.

Public Input: No Public Hearing is required for a final plat. Scott County has been notified.

Resolution No.	

Resolution offered by Alderman Gripp.

RESOLVED by the City Council of the City of Davenport, Iowa.

RESOLUTION approving Case F22-04 being the request of Origin Design on behalf of RDIP LLC for a final plat of Russell-Frye/Armstrong Industrial Park Second Addition, a 3-lot subdivision on 50.66 acres located at 8730 Northwest Boulevard.

WHEREAS, the Plan & Zoning Commission reviewed Case F22-04 at the April 5, 2022 regularly scheduled meeting with a recommendation for approval subject to the following eight conditions:

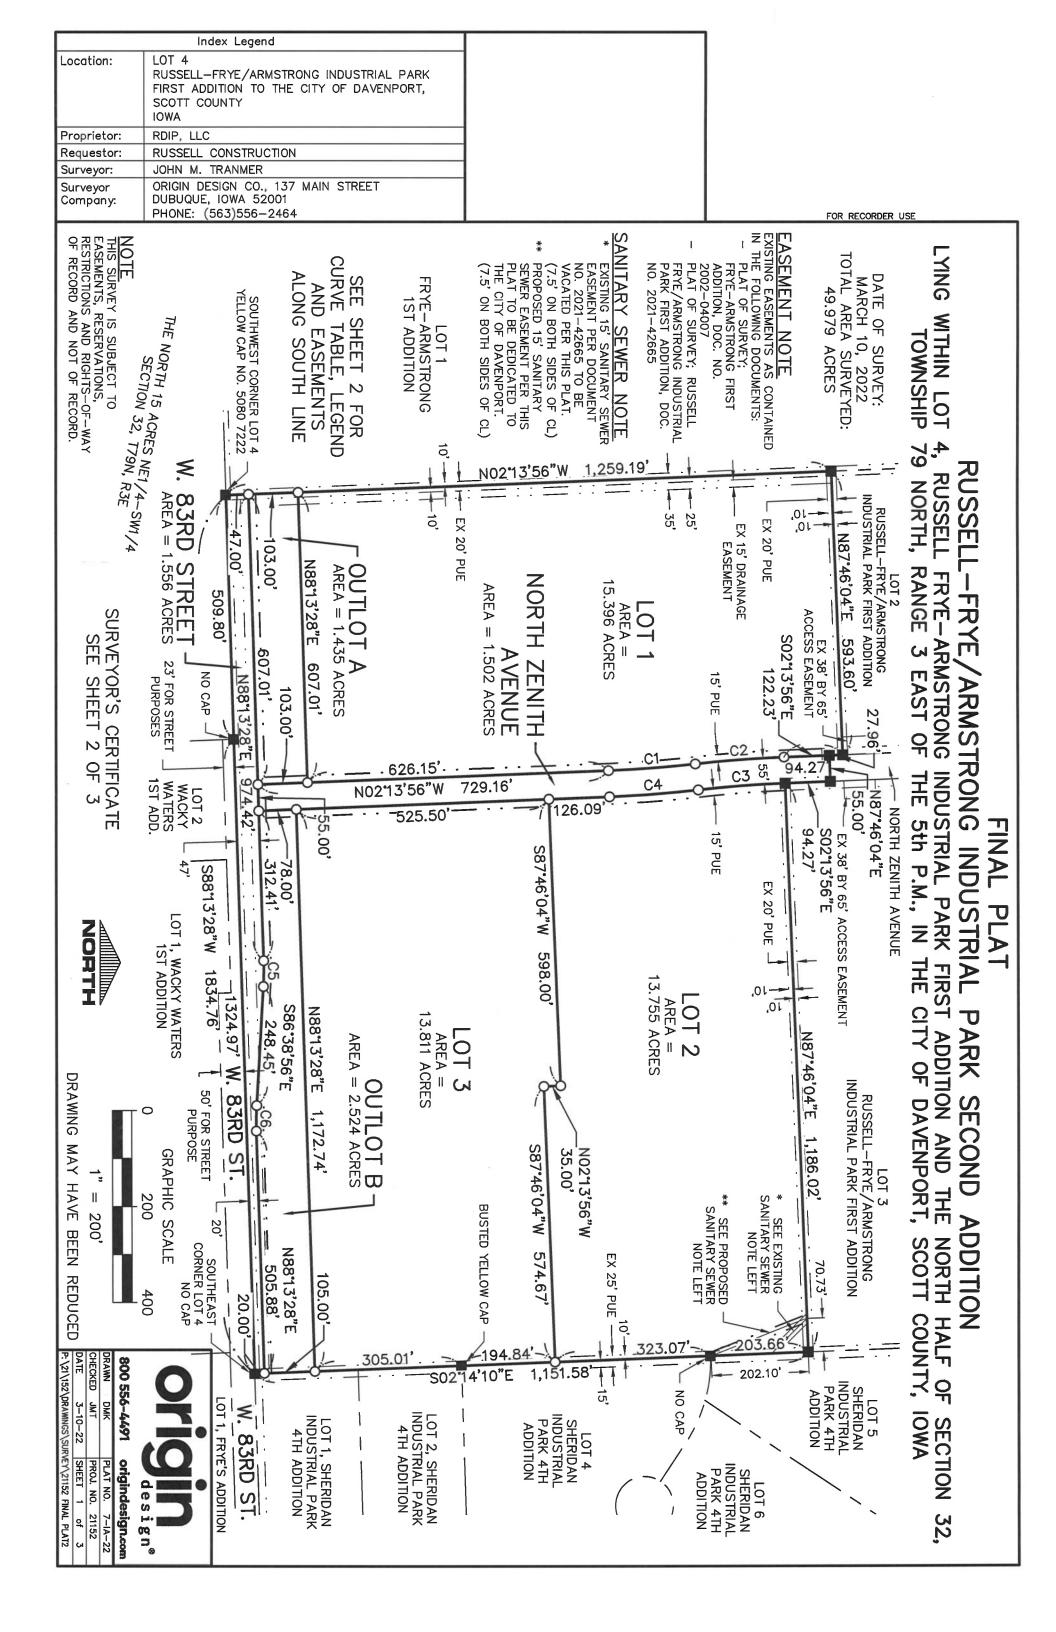

- 1. That the surveyor signs the plat.
- 2. That the utility providers sign the plat when their easement needs have been met.
- 3. Remove notes #2 and #5.
- 4. Public utility easements shall be a minimum of 15 feet or twice the depth of the utility line, whichever is greater.
- 5. An additional three feet of public right-of-way along West 83rd Street, west of North Zenith Avenue, shall be dedicated as public right-of-way.
- 6. Add a note stating "The minimum right-of-way width of West 83rd Street shall be seventy feet."
- 7. Add a note stating North Zenith Avenue, West 83rd Street, and West 86th Street shall be dedicated as public right-of-way.
- 8. A fifty foot wide right-of-way shall be dedicated along the north property line of Lot 1 and shall be named West 86th Street. A fifteen foot public utility easement shall be established along the north and south boundary of the dedicated public right-of-way
- 9. Add a note stating "Sidewalks shall be constructed along all street frontages when so ordered by the City."; and

WHEREAS, the conditions will be added to the plat and/or provided.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Davenport, Iowa that the final plat of Russell-Frye/Armstrong Industrial Park Second Addition, an addition to the City of Davenport, Scott County, Iowa as filed with the City Clerk by RDIP LLC be the same is hereby approved and accepted; and dedication for public street purposes and the granting of easements as shown on said plat are accepted and confirmed by the Mayor and Deputy City Clerk of said City; and

RESOLVED by the City Council of the City of Davenport, Iowa.

RESOLUTION setting a Public Hearing on the proposed conveyance of vacated public right-of-way known as a portion of right-of-way lying south of East 59th Street and west of Tremont Avenue in Brady Eighty Industrial Park 5th and 6th Additions (Seven Hills Paving LLC, Petitioner).

WHEREAS, the City of Davenport currently owns the vacated public right-of-way known as the north-south right-of-way lying south of East 59th Street and west of Tremont Avenue within Brady Eighty Industrial Park 5th and 6th Additions, legally described as:

Part of Brady Eighty Industrial Park 5th and 6th additions in the City of Davenport, located in the Northwest quarter of Section 12, Township 78 North Range 3 east of the 5th P.M., Scott County, Iowa, more particularly described as follows:

Beginning at the northwest corner of Lot 7 in Phoenix Centre 7th Addition; thence South 01° 19' 47"East along the east right of way line of Tremont Avenue as shown on said Brady Eighty Industrial Park 5th and 6th Addition, a distance of 674.38 feet to the southeast corner of Brady Eighty Industrial Park 6th Addition; thence South 87° 30' 06" West along the south line of said 6th Addition, a distance of 30.01 feet to the west right of way line of Tremont Avenue; thence North 01° 19' 47" West along said west right of way line, a distance of 659.99 feet to a 15.00 feet radius curve, concave southwesterly, thence 23.56 feet northwesterly along said curve, with a delta angle of 90° 00' 00", and a 21.21 feet chord that bears north 46° 19' 47" west; thence North 88° 40' 13" East, a distance of 45.00 feet to the point of beginning, containing 20,289 square feet, more or less and subject to existing utilities, easements, and restrictions of record.

WHEREAS, the City of Davenport desires to sell its interest in the aforementioned real estate; and

WHEREAS, Seven Hills Paving, LLC has offered to acquire said property; and

WHEREAS, Iowa law requires a city to hold a Public Hearing prior to conveying its interest in real property.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Davenport, Iowa that a Public Hearing on the proposed conveyance of vacated public right-of-way as legally described

"48th Anniversary"

The 48th Anniversary of the annual Bix 7 road race will be held on July 30th, 2022. The event will attract up to 20,000 participants and will use 4,000+ volunteers to ensure the safety and welfare of all participants.

The Cornbelt Running Club is requesting the following.

- 1. Closing the entire course route on July 30th, 2022. We will need to have "no parking" allowed from 5:00 am until 11:30 am. We are also requesting the closure of E River Drive/River St, between Hillcrest Ave and McClellan Blvd, during this time. This will allow emergency access to and from our secondary medical tent on E River Dr near the turnaround.
 - 2. No parking should start the evening before to insure no cars on the course race day.
- 3. The "Start Line" will again be at 4th St. & Brady St. Due to the recent bump-out curb on the Northeast corner of 4th and Brady, the Bix 7 will work with Davenport Public Works to make sure our participants cross this intersection safely.
- 4. At the start up of the race on Brady St., it will be necessary to notify all businesses in this area that the crowd of participants will make it impossible for access to their establishments until after the start of the event. At approximately 8:15 am., the Running Club will notify them that access is available.
- 5. The finish of the race will be on 3rd St. This year we will be turning left onto 3rd St. after coming down Brady St. The finish will be approximately at Le Claire St. The flow of the entrants will take them down 3rd St. into the Quad-City Times parking lot.
- 6. We are requesting to have 3rd St. closed to traffic at 2:00 pm on July 29th for set up of the finish line. 3rd St. from Iowa to River Dr. will need to be shut off.
 - 7. We request 3rd St. to remain open until 9:00 pm for packet pick-up.
- 8. We will need no parking signs put up on Thursday so that there will not be cars on the street during our set up.
 - 9. The after race party for the 20,000 participants will take place in the Quad-City Times parking lot.
- 10. We are requesting closing off 4th St. from River Dr. to Le Claire St. for additional room for the after race party. This will need to be closed off Saturday morning, 6:00 am until noon on July 30th.
 - 11. We will also need barricades and other material, snow fence, etc.

2022 Quad-City Times Bix 7

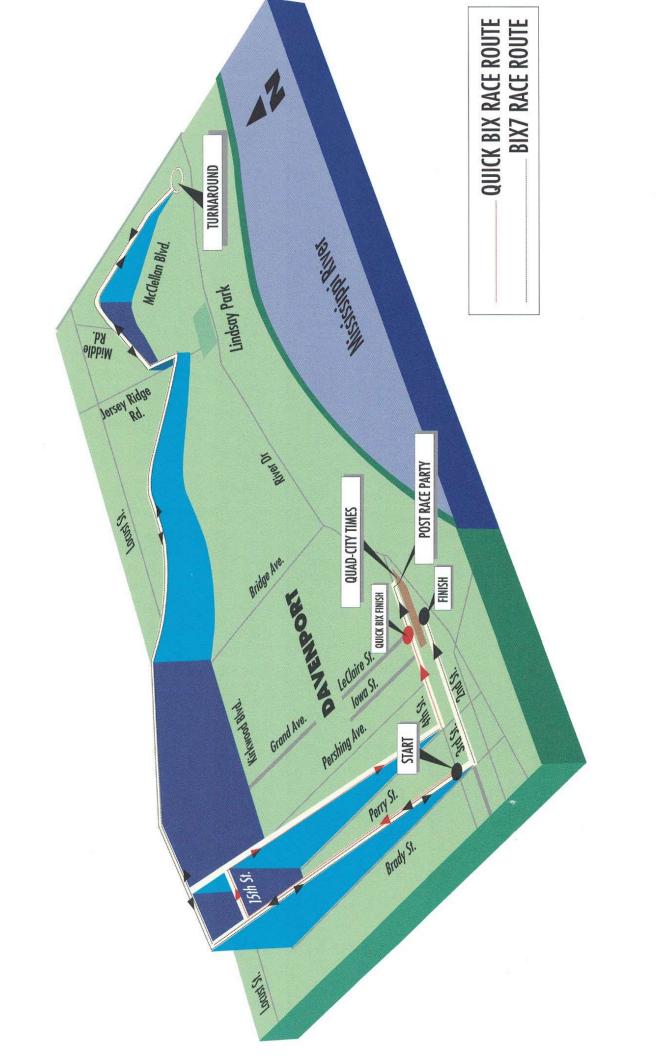

"Quick Bix"

For the 48th Anniversary of the Quad-City Times Bix 7, we will present the "Quick Bix". The Quick Bix is a two mile fun run or walk. It goes up Brady Street hill to 15th St. where it turns right for one block to Perry Street. The course then turns right onto Perry St. and then down the hill to 4th Street. At 4th St. the course takes a left turn to the finish at Le Claire St. Everyone will continue to sign up for the Bix 7 and then on race day decide which event to run.

See attached map of the course.

The Cornbelt Running Club is requesting the following:

- 1. Closing the "Quick Bix" course on July 30th, 2022 to traffic and no parking signs on 15th Street from Brady St. to Perry St. and no parking on Perry St. from 15th St. to 4th Street. Also no parking on 4th St. from Brady St. to River Dr.
- 2. Course would need to be closed from 7:00 am. to 11:00 am.
- 3. There were over 4,000 participants in the Quick Bix in 2019.

Resolution authorizing the submission of a grant application to the Federal Transit Administration (FTA) for four (4) battery-powered electric buses to include charging station infrastructure. [All Wards]

Recommendation:

Adopt the Resolution.

Background:

The City of Davenport is seeking grant opportunities to add electric buses to the current fleet of diesel buses to lower emissions and provide a healthier environment to the community; additionally, Davenport Transit would like to leverage resources and replace four (4) diesel buses with electric buses. The diesel buses selected for replacement have over 2 million accumulated miles and the current fleet of diesel buses are either near or over useful life.

If awarded this grant, it will be the first electric equipment investment for the City of Davenport Transit Division as well as support reliability of Transit services to the community while decreasing Fleet service calls that are disruption to the service we provide to passengers.

Davenport Transit Division staff has petitioned local stakeholders asking for support towards this application including monetary donations and upon a successful grant award, Mid-American Energy has committed to a monetary donation of \$160,000.

The estimated total project cost is \$5.32 million with the grant amount request of \$4.5 million. The City would like to utilize the monetary donation from MidAmerican Energy of \$160,000 along with CIP funds to cover the local match of \$776,250.

----------------	--

Resolution offered by Alderman Dunn.

RESOLVED by the City Council of the City of Davenport.

RRESOLUTION authorizing the submission of a grant application to the Federal Transit Administration (FTA) for four (4) battery-powered electric buses to include charging station infrastructure.

WHEREAS, the City of Davenport (the "City") is a political subdivision organized and existing under the law and the Constitution of the State of Iowa (the "State"); and

WHEREAS, the City of Davenport is committed to improving its asset condition, reducing the continuous maintenance of the bus fleet inventory, and lowering emissions and providing health benefits to the community; and

WHEREAS, a \$160,000 monetary donation from MidAmerican Energy has been committed if there is a successful grant award, and with the requirement of the FTA local matching funds, the City is committing an amount up to \$776,250 to the project and such funds will be readily available and unencumbered; and

WHEREAS, the City endorses the application and has estimated the total project cost to be up to \$5.32 million with the grant amount request up to \$4.5 million.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Davenport, Iowa hereby endorses said electric bus project and that City Transit Division staff is authorized to submit an application to the Federal Transit Administration, authorizes the City Administrator to be the Designated Authorized Representative, and acknowledges that the City's matching funds in the amount of up to \$775,000 are readily available and unencumbered.

Recommendation:

Adopt the Resolution.

Background:

This is a brick street patching program for work to be completed on various historically-protected brick streets. Patching of ruts, or removal of previous temporary HMA or PCC patches, will be completed. Work will be directed by the City Engineer or their representative and will continue until budgeted funds are exhausted. The project may also include replacement of adjacent curb or driveway if necessary to properly fix the street.

This project will be funded by CIP funds for local roads using a combination of Local Option Sales Tax, Road Use Tax, General Obligation Bond proceeds.

[Ward 8]

Recommendation:

Adopt the Resolution.

Background:

The South Ramp at the Davenport Municipal Airport is more than 60 years old and requires maintenance. In order to prepare for construction, the City is contracting for Engineering Design (Phase I | FY 2023) and Construction Observation Services (Phase II | FY 2024) with McClure Engineering Company of Fort Dodge, Iowa in amounts not-to-exceed \$82,390 and \$95,630 respectively.

Additionally, a contract for geotechnical and material testing services has been negotiated with Terracon Consultants, Inc of Bettendorf, Iowa in the amount of \$23,596.

These projects fall under the Federal Aviation Administration Airport Improvement Program Entitlement Funding which allocates \$150,000 per year for eligible projects. The current \$150,000 entitlement expires in September 2022. Additional federal funding is available in subsequent years to offset the cost of construction phase contracts and tasks. Total contracted project funding will be \$178,443 (90%) federal and \$23,173 (10%) local match, CIP #20015.

Resolution awarding contracts for the FY 2023 Contract Sewer Repair Program to three (3) contractors, each in the amount of \$250,000, and authorizing the Public Works Director/Assistant City Administrator to change order a contract with a maximum value of \$1.050,000. CIP #30060 and #33001. [All Wards]

Recommendation:

Adopt the Resolution.

Background:

This program is to repair damages to sewer infrastructure by contract. Design of the sewer repairs and program management will be completed by the Sewer Division with quality assurance inspections being performed by City inspection staff.

Three (3) bids were received on March 28, 2022 and the first year bids ranged from a low of \$263,274 to a high of \$353,090. A bid tabulation sheet is attached.

This project was bid as an Indefinite Quantity, Indefinite Delivery Task Order Contract. The three lowest bidding contractors will enter into annual contracts with the City with an option for a one-year contract extension. Work will be assigned to the contractors on a rotating basis.

Contracts will be guaranteed in the amount of \$250,000 for each contractor with a maximum contract value of \$1,050,000. It is anticipated that each contract will be awarded additional funds, based on the individual contractor's progress and the needs of the City.

The Resolution provides the Assistant City Administrator/Public Works Director the authority to approve change orders to the contracts in excess of \$50,000 without further review by City Council. The total of such change orders shall not exceed the amount budgeted for this program. Any funds added to a contract that exceed the amount budgeted for the program shall adhere to Purchasing guidelines for approval. This authority is intended to provide the flexibility for contractors to continue working on emergency repairs without a delay in the work or payment to the contractor.

The following list are the approved contractors:

Hagerty Earthworks, LLC of Muscatine, Iowa | \$250,000 Hometown Plumbing and Heating Co, Inc of Davenport, Iowa | \$250,000 Petersen Plumbing and Heating Co, Inc of Davenport, Iowa | \$250,000

Funds for the FY 2023 Contract Sewer Repair Program are budgeted in CIP #30060 at \$1,250,000 and in CIP #33001 at \$300,000.

<u>Second Consideration:</u> Ordinance amending Section 2.63.030 entitled "Composition" of the Davenport Municipal Code to reduce the number of members on the Design Review Board from eleven to nine and to adjust qualifications. [All Wards]

Recommendation:

Adopt the Ordinance.

Background:

Current ordinance language for the Design Review Board calls for eleven members with experience or interest in specific industries such as architecture, engineering, real estate or urban planning/design. Appointing residents with the mandatory qualifications has been difficult and with board member resignations, keeping the board filled with eleven seats is challenging.

In order to ensure the Design Review Board can easily meet quorum requirements, and to help fill vacancies as resignations are submitted, the composition language is being adjusted from having experience or interest to interest preferred.

AN ORDINANCE AMENDING SECTION 2.63.030 ENTITLED "COMPOSITION" OF THE DAVENPORT MUNICIPAL CODE TO REDUCE THE NUMBER OF MEMBERS ON THE DESIGN REVIEW BOARD FROM ELEVEN TO NINE AND TO ADJUST QUALIFICATIONS.

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

<u>Section 1.</u> That Section 2.63.030 entitled "Composition" is hereby amended to read as follows:

2.63.030 Composition.

The board shall consist of 9 members. An interest in urban planning, urban design and City development or experience as an architect, urban designer, urban planner, architectural historian, landscape architect, civil or structural engineer, real estate development professional, contractor or similar occupation is preferred.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed as are any motions or resolutions of council that purport to give authority to a council standing committee to make a determination as all such determinations shall henceforth be made by the city council.

EFFECTIVE DATE. This ordinance shall be in full force and effective after its final passage and publication as by law provided.

<u>Second Consideration:</u> Ordinance amending Section 13.16.108 entitled "Property lien for unpaid fees" of the Davenport Municipal Code to rename it "Unpaid fees" and include new methods of collecting outstanding utility fees. [All Wards]

Recommendation:

Adopt the Ordinance.

Background:

This is a resubmittal of ordinance 2017-22 which originally passed on January 25, 2017. On August 18, 2018 Ordinance 2018-354 was passed updating Chapter 13.16 "Wastewater Facilities" in its entirety using a previous version of this ordinance which inadvertently omitted 2017-22. This program had been temporarily suspended due to the COVID pandemic.

The City of Davenport has always actively collected delinquent utility invoices, sixty days after a utility bill is issued. Historically, approximately 15% of utility balances remain unpaid after this time period. These balances are then either levied to the County or sent to a collection agency to be actively collected and turned over to the State of Iowa to participate in the Iowa Income Offset program.

The State of Iowa passed a statute in 2017 allowing a water utility to enter into an agreement with a city utility, city enterprise, combined city utility, or combined city enterprise to disconnect water service for outstanding balances for sewer and clean water fees. Iowa Code establishes the minimum requirements needed to have Iowa American Water (IAW) disconnect water service for delinquent sewer and clean water fees owed to the City.

Some highlights of the program are:

- The City of Davenport is required have an agreement with Iowa American Water (IAW) defining the disconnect process.
- 2. A customer must have a delinquent sewer and clean water balance in excess of \$500, which can be changed from time to time after notice is provided to the City Council.
- 3. The customer will receive a written notices at least 12 days prior to disconnection.
- 4. The customer has the ability to contest the invoice.
- 5. Disconnection will not occur after 3:00pm, on weekends, holidays, or the day after a holiday.
- 6. Customer will be allowed to sign up to two agreements to pay delinquent balances.
- 7. Staff will allow qualifying customers subject to disconnection to sign up for the Utility Exemption Program.

The City wants to utilize all resources available to collect delinquent utility bills. Disconnection will be used after other collection options prove unsuccessful. An effective collection program is an integral component of lower utility rates and financial solvency.

AN ORDINANCE AMENDING SECTION 13.16.108 ENTITLED "PROPERTY LIEN FOR UNPAID FEES" OF THE DAVENPORT MUNICIPAL CODE TO RENAME IT "UNPAID FEES" AND INCLUDE NEW METHODS OF COLLECTING OUTSTANDING UTILITY FEES.

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

<u>Section 1.</u> That Section 13.16.108 shall be amended in its entirety to read as follows:

13.16.108 **Unpaid fees.**

A. Unpaid sewer fees will be handled by one or a combination of the following collection methods:

- The city treasurer shall certify to the county treasurer any comprehensive sewer user charge which is owed sixty days after the invoice is issued. All certified charges constitute a lien upon the premises served by the sanitary sewer system for which the charges were made and shall be collected in the same manner as taxes. Failure to send or receive a bill for comprehensive sewer user charges is not a defense to the collection of the charges.
- 2. Add a collection fee to customer balances and turn accounts over to a collection agency.
- 3. Turn accounts over to the State of Iowa to participate in the Iowa Income Offset program which is covered under Chapter 8A.504 of the Iowa Code.
- 4. City staff may order suspension of utility services to those premises for which the comprehensive sewer and/or clean water user charge is delinquent including but not limited to notifying Iowa American Water (IAW) to suspend water service as allowed by State of Iowa Code §476.20(I)(b) and 199 IAC 21.4(7).
 - a. Disconnection of service shall be permitted according to the conditions:
 - i. The City must enter into an agreement with Iowa American Water.
 - ii. The City shall notify the person promptly of the reason for refusal to serve and the person's right to file a complaint with the Iowa Utilities Board.

- iii. The customer must have a combined delinquent balance of sewer and clean water fees in excess of an amount to be established by the Finance Director after notice is provided to the Mayor and City Council.
- iv. The City must send a letter to the customer notifying the customer of the delinquent balance, allow the customer 12 days to respond excluding Sundays and holidays.
- v. Allow the customer to enter up to two written agreements for the duration of 12 months to pay off the delinquent balance.
- vi. Reconnect fees must be consistent with the water utilities approved tariff.
- 5. Collection fees shall be established by and additional collection methods may be initiated by the Finance Director.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of the ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained not illegal or void provisions.

Resolution accepting the Davenport Parks and Recreation Comprehensive Master Plan as a guide for future parks and recreation actions, CIP #64085. [All Wards]

Recommendation:

Adopt the Resolution.

Background:

The Parks and Recreation Comprehensive Master Plan presents a 10-year prioritized plan for park and facility maintenance, upgrades and enhancements, recreational programs, and services which provide Davenport with an equitable, inclusive, and cohesive brand of park facilities and recreation programs. This plan is guided by extensive public and committee input which highlights the needs and wants of the community. Strategic and responsible investment in the parks system, through this plan and the recommendations it outlines, provides an immense and long-term benefit to the community and its citizens.

At a high level, the Comprehensive Master Plan consists of the following recommendations:

- Regular and consistent maintenance
- Equipment and infrastructure upgrades
- Indoor recreation and community space
- Neighborhood parks
- Natural resource management
- Trail connections and corridors

This master plan is intended to include a prioritized action plan and long-term strategy for improving the community's park and recreation facilities, increasing recreational programming, and identifying resource needs associated with effectively managing park assets over the long term.

Due to its size, the full document is not attached. It can be viewed here: https://files.davenportiowa.com/message/hdYZpBsxzUXeqtGdjLn1vK.

Resolution offered by Alderman Condon.

RESOLVED by the City Council of the City of Davenport, Iowa.

RESOLUTION accepting the Davenport Parks and Recreation Comprehensive Master Plan as a guide for future parks and recreation actions, CIP #64085.

WHEREAS, it is recommended by the Parks and Recreation Department that the City accept the Davenport Parks and Recreation Comprehensive Master Plan; and

WHEREAS, the goal was to develop a 10-year prioritized plan for park and facility maintenance, upgrades and enhancements, recreation programs, and services which provide Davenport with an equitable, inclusive, and cohesive brand of park facilities and recreation programs; and

WHEREAS, when combined, these recommendations serve as a comprehensive, long-term, prioritized action plan and strategy for improving the community's park and recreation facilities, increasing recreation programming, and identifying resource needs associated with efficiently managing park assets over the long term.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Davenport, Iowa that the Davenport Parks and Recreation Comprehensive Master Plan is hereby accepted and will serve as a guide to strategic and responsible stewardship in the park system, through this plan and the recommendations it outlines, providing an immense and long-term benefit to the community and its citizens.

Passed and approved this 27th day of April, 2022.

Resolution approving increases to the reimbursement amounts for the No Fault Sewer Backup Reimbursement Program. [All Wards]

Recommendation: Adopt the Resolution.

Background:

Since its inception in 2013, the No Fault Sewer Backup Reimbursement Program has provided financial assistance to Davenport residents who have experienced an unanticipated sewer backup. The program is designed to help residents with the financial burden of a sewer backup, without regard to legal liability, according to the conditions of the policy. With confirmation that a sewer backup meets the requirements of the program, the City will reimburse the property owner for clean-up costs, building damages, and mechanical equipment essential to the habitation of a residence. The City is a secondary payer after any homeowner's or renter's insurance that may be in place.

Since its inception, the NFSBRP has including a limit of \$7,500 per building, per year, which includes a \$1,000 allowance for personal property reimbursement within that limit. However, based on the information gathered through an internal audit and a review of the program, the City recommends to increase the reimbursement limit from \$7,500 to \$9,000. Additionally, under this same limit, the City recommends to increase the reimbursement limit of personal property and/or possession from \$1,000 to \$1,500.

The increased limits of the program are beneficial to City residents as the cost of a passive backflow preventer has increased since the policy's inception. For example, in 2017, the average cost of the passive backflow preventer was \$1,609.33 whereas in 2021, the average cost had risen to \$2,636.39, an increase of over \$1,000. Additionally, increasing the total reimbursement amount of the program will allow Davenport residents to recover more funds for their loss. Since 2015, 122 homeowners have completed the program, with 18 of these homeowners (14.75%) maxing out the program.

Personal property and possessions, such as a washer, dryer, furniture, and rugs, are generally not covered by a homeowner's insurance in the event of a sewer backup. Because the cost of these items has increased since the program's inception in 2013, raising the reimbursement maximum to \$1,500 will better meet the needs of Davenport residents.

The change in value of the reimbursement program will have no disruption for homeowners who have been accepted into the program. If the proposed changes are approved, the Risk Management Division will update the program documents, including the verbiage on the City's website. All currently accepted residents with open applications will proceed with the new limits in place if the Resolution is passed.
