**Recommendation:**

**Background:**

The petitioner is requesting a rezoning from S-AG Agricultural District to R-1 Single-Family Residential District. The purpose of the rezoning request is to create two new single-family lots.

The petitioner owns approximately 59.15 acres of which 9.15 acres is subject to this rezoning request. The owner intends to subdivide the subject property to create two new single-family lots along South Utah Avenue. The remainder of the property will remain undeveloped and zoned S-AG Agricultural District. A survey of the property has been provided by the applicant delineating the land to be rezoned.

The Plan & Zoning Commission reviewed Case REZ22-01 at its March 15, 2022 meeting and recommended approval (10-0) with the following condition and findings:

Condition:

- 1. No more than two R-1 Single-Family Residential lots shall be platted on the 9.15 acre area.

Findings:

- 1. The proposed rezoning to R-1 Single-Family Residential District is generally consistent with the Comprehensive Plan and adopted land use policies.

  3. The rezoning request is compatible with the established neighborhood character, which includes single-family dwellings, agriculture, and open space.
  4. The proposed amendment promotes the public health, safety, and welfare of the City.
  5. Rezoning the property to R-1 Single-Family Residential District does not create any nonconformities.

**City of Davenport  
Plan & Zoning Commission-Staff Report  
March 15, 2022**

**Case RE222-01: Request of Patrick Fennelly to rezone property located south of Telegraph Road and east of South Utah Avenue (The southwest 9.15 acres of Parcel #S3117-04) from S-AG Agricultural District to R-1 Single-Family Residential District. [Ward 1]**

**Background:**

The petitioner is requesting a rezoning from S-AG Agricultural District to R-1 Single-Family Residential District. The purpose of the rezoning request is to create two new single-family lots.

The site is currently being used for farming and open space. The land also contains wooded areas and steep topography changes along the creek, making the eastern portion of the property difficult to navigate. The most developable area is the ground adjacent to South Utah Avenue.

The petitioner owns approximately 59.15 acres of which 9.15 acres is subject to this rezoning request. The owner intends to subdivide the subject property to create two new single-family lots along South Utah Avenue. The remainder of the property will remain undeveloped and zoned S-AG Agricultural District. A survey of the property has been provided by the applicant delineating the land to be rezoned.

**Why is a Zoning Map Amendment Required?**

The Zoning Ordinance does not permit single-family dwellings in an agricultural district, which are under 38 acres in area. A rezoning to R-1 Single-Family Residential District is the least intensive zoning classification and is consistent with similar land uses on South Utah Avenue.

**Comprehensive Plan:**

Within Existing Urban Service Area: No

Within Urban Service Area 2035: Yes

**Future Land Use Designations:**

The property is designated Agricultural Reserve (AR) and Open Space/Public Land (OS) in the Davenport +2035 Land Use Plan.

1. Agricultural Reserve (AR) - Areas located outside the Urban Service Area and unlikely to develop in the foreseeable future. Uses should be limited to agriculture and open space, with only limited residential development needing minimal urban services.
2. Open Space/Public Land (OS) - Includes undeveloped open space, natural areas, floodplains and wetlands that may be or may not be planned for future park and recreation development - This future land use is not associated with the subject property; however it is found of the remainder of the applicants land.

**Zoning:**

The property is currently zoned S-AG Agricultural District. This district is intended to address existing agricultural land uses. The standards of the S-AG District promote the continuation of farming, and protect agricultural land uses from encroachment of incompatible developments. Single-family dwellings and any accessory dwellings that are ancillary to the principal activity of agriculture are permitted within the S-AG District.

The applicant is requesting a rezoning of the property to R-1 Single-Family Residential District. This district is intended to accommodate the lowest-density single-family neighborhoods within the City of Davenport, exhibiting a predominantly semi-suburban development pattern of large lots and generous yards.

**Technical Review:**

1. Zoning: The two proposed single-family lots identified on the submitted subdivision plat satisfy the minimum lot area and width requirements. The R-1 Single-Family Residential District requires a minimum lot size of 20,000 square feet (.46 acres) and a minimum lot width of 100 feet. Lot 1 is 217,802 square feet (5 acres) and 231.03 feet in width. Lot 2 is 180,776 square feet (4.15 acres) and 231 feet in width.
2. Legal: In considering spot-zoning, courts generally determine whether the zoning relates to the compatibility of the surrounding uses. One of the most important criteria is the extent to which the requested zoning is consistent with the comprehensive plan. Spot zoning is rebutted when the challenged zoning is found to be consistent with present surrounding uses or the comprehensive plan. Given the presently existing R-1 districts in relation to the S-AG zoning in the area, similar land use, and consistency with the comprehensive plan, it is the City's Legal staff's opinion this is not spot zoning.
3. Utilities: The property will be served by water, gas and electric utilities, but will not be served by sanitary sewer. Any dwellings will be served by a private septic system, which will require approval by the Scott County Health Department.

**Approval Standards for Map Amendments (Chapter 17.14.040):**

The Plan and Zoning Commission recommendation and the City Council decision on any zoning text or map amendment is a matter of legislative discretion that is not controlled by any particular standard. However, in making their recommendation and decision, the Plan and Zoning Commission and the City Council must consider the following standards. The approval of amendments is based on a balancing of these standards.

**a. The consistency of the proposed amendment with the Comprehensive Plan and any adopted land use policies.**

Staff Response: The property is designated Agricultural Reserve (AR) in the Davenport +2035 Land Use Plan. This land use category is designated for areas located outside of the Urban Service Boundary, which are unlikely to develop in the foreseeable future. Uses should be restricted to agriculture and open space, with only limited residential development needing minimal urban services.

Based on the submitted subdivision plat, the applicant is limited to a total of three single-family homes on 59.15 acres (the 2 proposed single-family lots in R-1 and an additional single-family home in S-AG). To ensure lower intensity residential development, Staff is recommending no more than two residential lots be platted within the subject property. This will further encourage compatibility with the large lots in the surrounding area.

It is staff's opinion that the rezoning request meets the Comprehensive Plan's threshold for limited residential development and minimal urban services.

**b. The compatibility with the zoning of nearby property.**

Staff Response: South Utah Avenue, north of West River Drive and South of Telegraph Road, consists of a mix of properties zoned either R-1 Single-Family Residential District or S-AG Agricultural District. Rezoning the southwest 9.15 acres to residential is compatible with the existing zoning districts along the South Utah Avenue corridor. The petitioner's remaining 50 acres of land will remain under the S-AG zoning, thereby retaining the low density housing, farming, and open space character of the neighborhood.

It is staff's opinion that the proposed amendment is compatible with the zoning of nearby property.

**c. The compatibility with established neighborhood character.**

Staff Response: There are fifteen continuous lots along the east side of Utah Avenue, south of the subject property, containing single-family dwellings. Rezoning the site for the establishment of two new single-family lots is consistent with the development of the surrounding area. The proposed 5 acre lot and 4.15 acre lot far exceed the lot sizes of other R-1 zoned property along South Utah Avenue. This reduced density creates a balance between residential and agriculturally zoned property.

It is staff's opinion that the proposed amendment is compatible with the established neighborhood character.

**d. The extent to which the proposed amendment promotes the public health, safety, and welfare of the City.**

Staff Response: Rezoning the property to R-1 Single-Family Residential District will not be detrimental to the surrounding area, which is predominantly single-family dwellings, agriculture, and open space. It is staff's opinion that owners of agriculturally zoned property will not be negatively impacted if the rezoning request is approved. In addition, the R-1 District is the most comparable zoning district to the S-AG Agricultural District in terms of dimensional standards and principal uses. The use restrictions imposed on the surrounding neighborhood will remain consistent should the property be rezoned to R-1.

It is staff's opinion that the proposed zoning map amendment will develop in a manner that promotes the public health, safety, and welfare of the City.

**e. The suitability of the property for the purposes for which it is presently zoned, i.e. the feasibility of developing the property in question for one or more of the uses permitted under the existing zoning classification.**

Staff Response: A residence on an agricultural site may be established if the property is a minimum of 38 acres. Given the petitioner owns 59.15 acres, one single-family home may currently be developed on the property. Based on the plat of subdivision submitted by the applicant, a total of three homes can be constructed on the 59.15 acre property: one dwelling on Lot 1, one dwelling on Lot 2, and one dwelling on the 50 acre agriculturally zoned parcel.

It is staff's opinion that the proposed zoning map amendment will enable the area to be developed in a manner consistent with the surrounding neighborhood.

**f. The extent to which the proposed amendment creates nonconformities.**

Staff Response: The two proposed single-family lots, which has necessitated the zoning map amendment, far exceed the minimum standards of the R-1 Residential Single-Family Zoning District. The minimum lot area in the R-1 District is 20,000 square feet (0.46 acres) while the proposed lots are 217,802 square feet (5 acres) and 180,776 square feet (4.15 acres) respectively.

It is staff's opinion that the proposed zoning map amendment will not create any nonconformities.

**Public Input:**

Letters were sent to property owners within 200 feet of the proposed request notifying them of the March 1, 2022 Plan and Zoning Commission Public Hearing.

To date, staff has not received any written responses from adjacent property owners. During the March 1, 2022 Plan and Zoning Commission public hearing, a representative of 245 South Utah Avenue spoke in opposition to the rezoning request. The abutting property owner to the north and west, John Gerdes, spoke in favor of the rezoning. A prospective buyer of Lot 1 was also in attendance to speak in favor of the petition.

Staff will apprise the Commission of any additional correspondence at the March 15, 2022 Plan and Zoning Commission meeting.

**Staff Recommendation**

Staff recommends Case REZ22-01 be forwarded to the City Council with a recommendation for approval, subject to the following condition.

1. No more than two R-1 Single-Family Residential lots shall be platted on the 9.15 acre area.

Findings:

1. The proposed rezoning to R-1 Single-Family Residential District is generally consistent with the Comprehensive Plan and adopted land use policies.
2. The petition is compatible with the zoning and land uses of nearby property.
3. The rezoning request is compatible with the established neighborhood character, which includes single-family dwellings, agriculture, and open space.
4. The proposed amendment promotes the public health, safety, and welfare of the City.
5. Rezoning the property to R-1 Single-Family Residential District does not create any nonconformities.

## Spot Zoning

Spot zoning is when a rezoning decision results in a single parcel, or small island of property, with restrictions on its use different from those imposed on the surrounding property. Spot zoning can be valid if there is a reasonable basis to treat the spot-zoned property differently from the surrounding property. For example, a parcel or two designated as neighborhood commercial in a residential area is perfectly appropriate if it provides needed retail services to residents. However, zoning is not appropriate if it is for the financial benefit of an individual property owner but detrimental to the surrounding area. According to the Iowa courts, the factor of primary importance is whether the rezoned tract has a peculiar adaptability to the new classification as compared to the surrounding property. Spot zoning for the sole benefit of the landowner and contrary to the comprehensive plan is unreasonable.

The case for creating these “spot zones” is best made through the comprehensive planning process, where the community can explain the benefits that such differential treatment brings to the area.

First Consideration: Ordinance amending Section 2.63.030 entitled "Composition" of the Davenport Municipal Code to reduce the number of members on the Design Review Board from eleven to nine and to adjust qualifications. [All Wards]

**Recommendation:**

Adopt the Ordinance.

**Background:**

Current ordinance language for the Design Review Board calls for eleven members with experience or interest in specific industries such as architecture, engineering, real estate or urban planning/design. Appointing residents with the mandatory qualifications has been difficult and with board member resignations, keeping the board filled with eleven seats is challenging.

In order to ensure the Design Review Board can easily meet quorum requirements, and to help fill vacancies as resignations are submitted, the composition language is being adjusted from having experience or interest to interest preferred.

**Subject:**

First Consideration: Ordinance amending Section 13.16.108 entitled "Property lien for unpaid fees" of the Davenport Municipal Code to rename it "Unpaid fees" and include new methods of collecting outstanding utility fees. [All Wards]

**Recommendation:**

Adopt the Ordinance.

**Background:**

This is a resubmittal of ordinance 2017-22 which originally passed on January 25, 2017. On August 18, 2018 Ordinance 2018-354 was passed updating Chapter 13.16 "Wastewater Facilities" in its entirety using a previous version of this ordinance which inadvertently omitted 2017-22. This program had been temporarily suspended due to the COVID pandemic.

The City of Davenport has always actively collected delinquent utility invoices, sixty days after a utility bill is issued. Historically, approximately 15% of utility balances remain unpaid after this time period. These balances are then either levied to the County or sent to a collection agency to be actively collected and turned over to the State of Iowa to participate in the Iowa Income Offset program.

The State of Iowa passed a statute in 2017 allowing a water utility to enter into an agreement with a city utility, city enterprise, combined city utility, or combined city enterprise to disconnect water service for outstanding balances for sewer and clean water fees. Iowa Code establishes the minimum requirements needed to have Iowa American Water (IAW) disconnect water service for delinquent sewer and clean water fees owed to the City.

Some highlights of the program are:

1. The City of Davenport is required have an agreement with Iowa American Water (IAW) defining the disconnect process.
2. A customer must have a delinquent sewer and clean water balance in excess of \$500, which can be changed from time to time after notice is provided to the City Council.
3. The customer will receive a written notices at least 12 days prior to disconnection.
4. The customer has the ability to contest the invoice.
5. Disconnection will not occur after 3:00pm, on weekends, holidays, or the day after a holiday.
6. Customer will be allowed to sign up to two agreements to pay delinquent balances.
7. Staff will allow qualifying customers subject to disconnection to sign up for the Utility Exemption Program.

The City wants to utilize all resources available to collect delinquent utility bills. Disconnection will be used after other collection options prove unsuccessful. An effective collection program is an integral component of lower utility rates and financial solvency.

AN ORDINANCE AMENDING SECTION 13.16.108 ENTITLED "PROPERTY LIEN FOR UNPAID FEES" OF THE DAVENPORT MUNICIPAL CODE TO RENAME IT "UNPAID FEES" AND INCLUDE NEW METHODS OF COLLECTING OUTSTANDING UTILITY FEES.

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

Section 1. That Section 13.16.108 shall be amended in its entirety to read as follows:

**13.16.108 Unpaid fees.**

A. Unpaid sewer fees will be handled by one or a combination of the following collection methods:

1. The city treasurer shall certify to the county treasurer any comprehensive sewer user charge which is owed sixty days after the invoice is issued. All certified charges constitute a lien upon the premises served by the sanitary sewer system for which the charges were made and shall be collected in the same manner as taxes. Failure to send or receive a bill for comprehensive sewer user charges is not a defense to the collection of the charges.
2. Add a collection fee to customer balances and turn accounts over to a collection agency.
3. Turn accounts over to the State of Iowa to participate in the Iowa Income Offset program which is covered under Chapter 8A.504 of the Iowa Code.

City staff may order suspension of utility services to those premises for which the comprehensive sewer and/or clean water user charge is delinquent including but not limited to notifying Iowa American Water (IAW) to suspend water service as allowed by State of Iowa Code §476.20(I)(b) and 199 IAC 21.4(7).
  - a. Disconnection of service shall be permitted according to the conditions:
    - i. The City must enter into an agreement with Iowa American Water.
    - ii. The City shall notify the person promptly of the reason for refusal to serve and the person's right to file a complaint with the Iowa Utilities Board.

- iii. The customer must have a combined delinquent balance of sewer and clean water fees in excess of an amount to be established by the Finance Director after notice is provided to the Mayor and City Council.
  - iv. The City must send a letter to the customer notifying the customer of the delinquent balance, allow the customer 12 days to respond excluding Sundays and holidays.

The property is currently zoned R-4 Single-Family and Two-Family Residential Zoning District.

**Technical Review:**

- Streets: The property currently has access via Olde Brandy Lane and Parkview Lane. With this subdivision, the applicant proposes the addition of College Avenue and Deere Creek Lane, totaling 1,615 linear feet of new street added to the City. All streets as shown meet Davenport Municipal Code requirements.
- Storm Water: The development will include more than 5,000 square feet of hard surface. Outlot A in Prairie Heights 3rd Addition was designed to serve as water detention for this development at full build out. With R-4 zoning, the maximum impervious surface coverage is 60% of each of the lots. The development of the property will need to comply with the City's stormwater requirements.
- Sanitary Sewer: Sanitary sewers will be extended from existing infrastructure on Olde Brandy Lane and Parkview Lane.
- Other Utilities: Other normal utility services are available.

2022 Quad-City Times Bix 7

“Brady Street Sprints”

The Brady Street Sprints, a quarter mile sprint up Brady Street hill will take place on Thursday, July 28<sup>th</sup>, 2022. There will be 4 divisions, men’s and woman’s divisions, consisting of 5 to 6 participants in each division.

Also, there will be a High School relay teams division for both boys and girls. All area high schools will be invited. This will be a 4 X 100 relay for both boys and girls.

There will also be a corporate division where all Bix sponsors will compete against each other in the relays.

This event will be televised “live” for one hour and then rebroadcast on the Bix 7 television network, hosted by KWQC TV. We request no parking posted 24 hours in advance, as parked vehicles along the race course inhibit the telecast and participant safety, as all lanes of traffic are needed.

Also, joining the Brady Street Sprints will be our own Bix 7 favorites, Bill Rodgers, Joan Benoit Samuelson, and Meb Keflezighi.

Resolution amending the Resolution of Necessity covering the 2022 50/50 Cost Share Stream Bank Stabilization Program project at West 62nd Street and North Elmwood Avenue. [Ward 2]

**Recommendation:**

Adopt the Resolution.

**Background:**

Within the City of Davenport, maintenance of streams that flow through private property is considered the responsibility of the property owner. A resident or business owner petitions the City to have their stream banks stabilized through the 50/50 Cost Share Stream Bank Stabilization Program. This program is an assessment program where  $\frac{1}{2}$  of the total cost to reconstruct or stabilize the stream is paid for by the City and the other  $\frac{1}{2}$  is paid for by the abutting property owners based on the area of their lot affected by the project. The resident or business that requests to have their stream bank stabilized would have to obtain the necessary signatures on a petition prepared by the City of 100% of the owner occupied property abutting the designated stream section.

The City has received 1 petition for a stream located within the city of Davenport as noted below:

the east-west section of an unnamed tributary to Silver Creek starting from west of North Linwood Avenue just to the west of North Thornwood Avenue.

The maximum estimated cost of these improvements is \$96,590 with an operating budgeted amount of \$40,000 as engineering, design, labor and equipment costs are included in the estimate but paid out of Salary and Equipment funds. This will be an in-house project constructed by City staff.

Due to the assessments, half of the project expense would eventually be recouped by the City. State law requires that certain Council actions regarding the assessment procedure must precede the bid letting date.

Resolution awarding a one-year contract with the option for two one-year renewals for the Root Control Program to Duke's Root Control, Inc of Syracuse, New York. [All Wards]

**Recommendation:**

Adopt the Resolution.

**Background:**

On February 15, 2022, an Invitation to Bid was issued and sent to 17 vendors. The Purchasing Division opened and read one (1) responsive and responsible bid on March 9, 2022. See attached bid tab. Duke's Root Control, Inc of Syracuse, New York is recommended for the award. They have been awarded this contract in the past and have performed satisfactorily.

The purpose of this program is to apply a chemical root control agent to sanitary sewers in order to kill the root growth present in the main lines and the first several feet of their connected sewer laterals. Tree root intrusion into sewer systems is a primary cause of blockages and can also lead to structural deterioration and failures of the pipes. Applied chemical root control measures also inhibit re-growth without permanently damaging the existing trees.

The term of the initial contract will be for one year, with the City maintaining separate options for a second and third year. The program will be managed by the Sewer Maintenance Division in conjunction with Engineering Division staff.

Funds for the Root Control Program are projected to be budgeted in the Sanitary Sewer Operational Fund at \$100,000.

## LEASE AGREEMENT

THIS LEASE AND AGREEMENT, executed in full, is made and entered into this \_\_\_\_\_ of \_\_\_\_\_, 2022, by and between City of Davenport, Iowa, an Iowa Municipal Corporation, hereinafter called the Lessor, and Family Resources, Inc., hereinafter called the Lessee. Lessor and Lessee agree to the following terms:

1. PREMISES. The Lessor leases to the Lessee, and the Lessee leases from the Lessor those certain premises in the City of Davenport, County of Scott, State of Iowa, described as follows and included in Appendix A (ADD MAP):

City owned property located at the Annie Wittenmyer Complex consisting of:

Building A  
Building E  
Building F  
Building H  
Building J  
Building D  
*Building L\* (sub-lease only)*

Upon receipt of a written offer from a prospective lessee for any other property at this complex, the Lessee shall be granted a first right of refusal to lease at an equivalent monthly rate. Lessee may exercise said option within fifteen (15) days of receipt of notice thereof in writing from the Lessor. If the option is exercised, the parties shall document it through a written lease addendum.

Lessor agrees to allow the Lessee to utilize Building B (Recreational Building) for programmatic purposes; however, Lessee does not control the exclusive use. All use shall be coordinated directly with the Davenport Parks and Recreation Department, and Lessee will have priority for programming so long as this is submitted in a timely manner. During the use of this space, Lessee will provide Lessor with a hold harmless and indemnification agreement for such use.

2. TERM. The term of this lease shall commence on the 1<sup>st</sup> day of May, 2022 and shall continue for a term of one year. At the end of the initial term, Lessee may exercise up to five (5) separate one (1) year renewals with written notification of its exercise of its right to do so, at least sixty (60) days prior to the expiration of the Term.
3. RENT. The rent for Family Resources beginning July 1, 2022 shall be an annual fee of three hundred thousand dollars (\$300,000.00) paid in twelve equal installments of twenty five thousand dollars (\$25,000.00) per month due by the 15<sup>th</sup> of each month. Upon exercise of the annual renewal, and upon any adjustment to occupied buildings, the City of Davenport Finance Director shall have the authority to negotiate rent reductions which shall reasonably approximate fair market value for the areas or buildings to be leased.
4. UTILITIES. Lessor shall pay for water, electricity, and gas usage at the premises so long as such usage is reasonable. Lessee shall provide at Lessee's cost receptacles for refuse and arrange for its removal from the premises. At the expiration of the term, the City of Davenport Finance Director shall have the authority to adjust the annual rent payment for additional terms factoring in the actual utility costs for the property.

5. **REPAIRS AND MAINTENANCE.** Lessor, at its expense, shall keep the premises in compliance with the state and local laws, keep the exterior walls and the roofs of the leased premises in good repair, and make all necessary structural repairs of alterations as determined by the Lessor. Lessor shall be responsible for all maintenance, including but not limited to the HVAC systems and routine and customary maintenance but excluding damage caused by Lessee or its occupants. Lessee shall be responsible for custodial services and maintenance and repair for any damages caused by clients or tenants of the property. In the event that Lessee would like for the Lessor to provide custodial services or make repairs for damages, the Lessor will bill the Lessee for the cost of the service in addition to the monthly rent payment.

Lessee shall, at the expiration of the lease, quit and surrender said premises in as good of a condition as that in which they were delivered less reasonable wear and tear, damage by fire, or other causes beyond the control of the Lessee.

6. **OTHER IMPROVEMENTS.** Lessee, at its expense, and with the written approval of the Lessor, may make additional improvements as may be necessary to fit the premises for its intended use. All fixtures and improvements, the material for which has been furnished by the Lessor, shall remain the property of the Lessor. The parties will use their best efforts to apply for grants including but not limited to federal and state grants for the purpose of rehabilitating and preserving the buildings leased. In all cases, the City shall review any grant application prior to submittal and make the final determination as to whether a grant is applied for.

All additions, improvements or other fixtures made, installed, or affixed to the premises in such a manner as to be removable without physical damage to the premises shall be and remain the property of the Lessee. These may be removed or replaced by the Lessee and any time and any material damage to the premises in the course of said removal shall be repaired by the Lessee and the Lessee's cost and expense. If Lessee fails to remove its fixtures or improvements prior to the termination of the Lease, all such fixtures or improvements shall become the property of the Lessor.

7. **ASSIGNMENT AND SUBLETTING.** Lessee shall not assign or mortgage this lease, sublet the whole or any part of the premises, or use the premises for any purpose other than as General Office Use without the written consent of the Lessor. However, Lessee is not required to obtain permission to sublet the premises to Family Resources Inc. or one of its subsidiaries or to lease portions of Buildings D and L for soft use.
8. **SIGNS.** Lessee shall not erect, install, operate or cause or permit to be erected, installed, or operated in or upon the premises any sign or other similar advertising device without first having obtain the Lessor's written consent in all cases.

The Lessee shall maintain property coverage to insure the contents in each building. The Lessor shall not be responsible for loss of contents.

expenses, including but not limited to, all attorneys' fees arising out of or resulting from the performance of the work, provided that any such claim, damage, loss, or expense:

20. **NON-DISCRIMINATION.** Lessee agrees that no person, on the basis of a protected class recognized by the federal, state, or local law will be excluded from the use of the facilities offered by Lessee from the premises; that such discrimination shall not be practiced against the public in their access to and use of the facilities and that such discrimination shall not be practiced against any employee or any prospective employee of the Lessee.
