First Consideration: Ordinance for Case REZ22-08 being the request of Ecumenical Housing Development Group to rezone 1112 Bridge Avenue from R-4C Single-Family and Two-Family Central Residential District to R-MF Multi-Family Residential District. [Ward 5]

Recommendation:
Adopt the Ordinance.

Background:
At its December 20, 2022 meeting, the Plan and Zoning Commission recommended Case REZ22-08 be forwarded to the City Council with a recommendation for approval subject to the listed findings and conditions.

Findings:

1. The zoning map amendment is consistent with the Davenport +2035 Land Use Plan, which identifies the property as Residential General.
2. The proposed zoning map amendment to R-MF Multi-Family Residential District is compatible with the zoning of nearby developed property.
3. With conditions recommended by staff, the proposed zoning map amendment will enable the existing building be used in a manner consistent with the surrounding area.
4. As conditioned, the rezoning request is compatible with the established neighborhood character.
5. The proposed amendment will not negatively impact the public health, safety, and welfare of the City.
6. Rezoning the property to R-MF Multi-Family Residential District does not create any nonconformities.

Conditions:

1. The maximum building height shall be 35 feet.
2. The maximum number of dwelling units shall be four.

Case REZ22-08: Request of Ecumenical Housing Development Group to rezone 1112 Bridge Avenue from R-4C Single-Family and Two-Family Central Residential District to R-MF Multi-Family Residential District. [Ward 5]

Background:
The purpose is to redevelopment the existing building into a three unit multi-family dwelling. Prior to the current ownership, the building was operating as an adult day care center. The single-story structure was built in 1991.

Why is a Zoning Map Amendment Required?
The Zoning Ordinance does not permit multi-family residential dwellings in the R-4C Single-Family and Two-Family Central Residential District. Pending approval of the rezoning by City Council, the applicant intends to convert the existing structure into three residential units.

Comprehensive Plan:
Within Urban Service Area 2035: Yes

Future Land Use Designations:
The subject property is designated Residential General in the Davenport +2035 Land Use Plan.

1. **Residential General (RG):** Designates neighborhoods that are mostly residential but include, or are within one-half mile (walking distance) of scattered neighborhood-compatible commercial services, as well as other neighborhood uses like schools, churches, corner stores, etc. generally oriented along Urban Corridors (UC). Neighborhoods are typically designated as a whole. Existing neighborhoods are anticipated to maintain their existing characteristics in terms of land use mix and density, with the exception along edges and transition areas, where higher intensity may be considered.

Zoning:
The property is currently zoned **R-4C Single-Family and Two-Family Central Residential District**. This district is intended to preserve and protect Davenport's dense, centrally located, established urban residential neighborhoods. Standards of the R-4C District are intended to ensure that new development is complementary to the existing developed character of these neighborhoods. Limited non-residential uses that are compatible with the surrounding residential neighborhoods may be permitted in the R-4C District.

The applicant is requesting a rezoning to **R-MF Multi-Family Residential District**. This district is intended to accommodate a high-density neighborhood environment characterized by a mixture of housing types including semi-detached dwellings, two-family dwellings, townhomes and multi-family dwellings. Limited non-residential uses that are compatible with the surrounding residential neighborhoods may be permitted in the R-MF District.

Technical Review:
City Departments reviewed the proposed Zoning Map Amendment Application for compliance with city ordinances and impacts to the existing neighborhood.

Approval Standards for Map Amendments (Chapter 17.14.040)
The Plan and Zoning Commission recommendation and the City Council decision on any zoning text or map amendment is a matter of legislative discretion that is not controlled by any particular standard. However, in making their recommendation and decision, the Plan and Zoning Commission and the City Council must consider the following standards. The approval of amendments is based on a balancing of these standards.

a. The consistency of the proposed amendment with the Comprehensive Plan and any adopted land use policies.

Staff Response: The property is designated as Residential General (RG) in the Davenport +2035 Land Use Plan. Since the Comprehensive Plan designated neighborhoods as a whole, the Bridge Avenue corridor is classified as Residential General from River Drive to Locust Street.

Established neighborhoods are anticipated to maintain their existing characteristics in terms of land use mix and density, with the exception along edges and transition areas, where higher intensity may be considered.

Rezoning the property to R-MF Multi-Family Residential District does not require an amendment to the Future Land Use Map.

It is staff's opinion the proposed amendment is consistent with the Comprehensive Plan and adopted land use policies.

b. The compatibility with the zoning of nearby property.

Staff Response: The existing neighborhood consists of properties zoned both R-4C Single-Family and Two-Family Central Residential District and R-MF Multi-Family Residential District. There are two lots on the same block bounded by Bridge Avenue, 10th Street, Oneida Avenue, and 12th Street zoned R-MF District. This includes the parcel located two lots to the south, or 140 feet, of the subject site on Bridge Avenue.

Carriage Hill Apartments, located on the northwest corner of Bridge Avenue and 11th Street, is approximately 110 feet southeast of the rezoning request. In addition, traveling west through the alley 237 feet, there is a property on Oneida Avenue zoned R-MF District.

Due to the close proximity of nearby property zoned R-MF Multi-Family Residential District, it is staff's opinion the proposed zoning amendment is not considered spot zoning. The request is compatible with the zoning of nearby property.

c. The compatibility with established neighborhood character.

Staff Response: The established neighborhood character of Bridge Avenue, between 13th Street and 10th Street, is a mixture of housing types ranging from single-family dwellings to multi-family apartment complexes.

With the exception of the four-story apartment building at 1011 Bridge Avenue, the neighborhood consists of single and two-story structures. The existing building on the subject site is one level. Staff are recommending a condition to limit the maximum building height to 35 feet. This matches the maximum building height of the R-4C District. The R-MF District has a maximum building height of 70 feet. Staff believe a building over 35 feet in height at this site would not fit the context and scale of the surrounding neighborhood.

The subject site is located a block and a half, or 700 feet, north of the Bridge Avenue National Historic District. It is also approximately 1,060 feet west of Prospect Park Historic District. While there are older homes in this area of Davenport, the existing building was constructed in 1991. The building does not possess the same architectural details of other historic homes in the vicinity. Instead, the sprawling ranch features a hipped roof and vinyl siding. Since the original use of the building was nonresidential, it was designed to blend with the homes immediately adjacent.

If the property were to be redeveloped, the current Zoning Ordinance contains design standards that ensure compatibility with the neighborhood character. The standards require facades to incorporate a unifying architectural theme, including windows, prominent entrances, projections, and quality building materials.

With the condition restricting building height, it is staff's opinion the proposed zoning district is compatible with the established neighborhood character with the recommended conditions.

d. The extent to which the proposed amendment promotes the public health, safety, and welfare of the City.

Staff Response: Rezoning the property to create three multi-family dwellings will not be detrimental to the surrounding area, which currently has a mixture of housing types. The petitioner is removing a nonresidential use (day care home) from an established neighborhood. With the condition limiting the number of multi-family units permitted on the site, the density of housing will have minimal impact on adjacent property owners.

Residents have expressed a desire for single-family owner-occupied housing, rather than rental properties. It should be noted that the Zoning Ordinance does not regulate owner occupancy of a housing unit.

It is staff’s opinion that the proposed zoning map amendment will not negatively impact the public health, safety, and welfare of the City.

e. The suitability of the property for the purposes for which it is presently zoned, i.e. the feasibility of developing the property in question for one or more of the uses permitted under the existing zoning classification.

Staff Response: The building originally operated as a group home and was later converted to an adult day care. Both of these uses are permitted within the R-4C and R-MF District. However, the applicant

intends to convert the structure into three dwelling units. The conversion from a nonresidential use to housing is more compatible with the character of the area than the previous uses.

Based on conversations with the applicant, the footprint of the building will not be altered. Rather the 3,650 square foot floor plan will be remodeled to create two four-bedroom units and one two-bedroom unit.

The R-MF Multi-Family Residential District permits one dwelling unit per 1,500 square feet of lot area. Based on this calculation, a total of 13 units are permitted at 1112 Bridge Avenue. In comparison, the Carriage Hill Apartments have a total of 44 units and the buildings at 1011 Bridge Avenue have a total of 16 units.

Staff are recommending a condition that no more than four dwelling units be established at the property. This will keep the use of the building more aligned with the character of abutting single and two-family homes, rather than the larger apartment complexes.

As conditioned, it is staff's opinion that the proposed zoning map amendment will enable the existing building to be used in a manner consistent with surrounding neighborhood.

f. The extent to which the proposed amendment creates nonconformities.

Staff Response: The existing site and building are in compliance with the R-MF Multi-Family Residential District dimensional standards. The parcel is .46 acres and 145 feet in width.

Any redevelopment of the site shall be in accordance with applicable city codes and meet the standards of the R-MF District.

It is staff's opinion that the proposed amendment will not create any nonconformities.

Public Input:
The applicant held a neighborhood meeting at the subject property on December 1, 2022. Addresses within 200 feet of the request were invited to the meeting. City staff and elected officials were present to observe the discussion. Two members of the public were in attendance.

Letters were sent to property owners within 200 feet of the proposed request notifying them of the December 6, 2022 Plan and Zoning Commission Public Hearing. Two members of the public spoke in opposition to the request. Concerns raised were related to neighborhood stabilization, promoting home ownership, impacts on historic districts, and density.

To date, staff have received multiple written comments in opposition to the rezoning request all from residents outside the 200 foot notification boundary. Residents have expressed a desire for owner-occupied single-family homes, rather than rental properties. There have also been concerns about protecting the historic character of the neighborhood.

Staff will apprise the Commission of any additional correspondence at the December 20, 2022 Plan and Zoning Commission meeting.

Staff Recommendation:
Staff recommends Case REZ22-08 be forwarded to the City Council with a recommendation for approval subject to the listed findings and conditions.

Findings:

1. The zoning map amendment is consistent with the Davenport +2035 Land Use Plan, which identifies the property as Residential General.
2. The proposed zoning map amendment to R-MF Multi-Family Residential District is compatible with the zoning of nearby developed property.
3. With conditions recommended by staff, the proposed zoning map amendment will enable the existing building be used in a manner consistent with the surrounding area.
4. As conditioned, the rezoning request is compatible with the established neighborhood character.
5. The proposed amendment will not negatively impact the public health, safety, and welfare of the City.
6. Rezoning the property to R-MF Multi-Family Residential District does not create any nonconformities.

Conditions:

1. The maximum building height shall be 35 feet.
2. The maximum number of dwelling units shall be four.

Existing Zoning: R-4C Single-Family and Two-Family Residential District

Proposed Zoning Map Amendment: R-MF

Purpose of the Request:

Change current R-4C zoning to R-MF zoning. As highlighted in the attached document, the change would be consistent with the neighboring uses, and the adjacent multifamily housing just diagonally across the street from the parcel. We would like to convert this former Adult Care facility into a Three Unit multi-family dwelling. Two units would have four bedrooms and the third will be two or three bedrooms. All units will be ADA accessible. The building will be substantially rehabilitated using Low Income Housing Tax Credits.

Total Land Area: Less than 1 Acre | Please Select

Does the Property Contain a Drainage Way or is it Located in a Floodplain Area: ☐ Yes ☑ No

Submittal Requirements:

- The completed application form.
- Recorded warranty deed or accepted contract for purchase.
- Authorization form, if applicable. If the property is owned by a business entity, please provide Articles of Incorporation.
- A legal description of the request if not easily described on the deed or contract for purchase.
- Required fee:
  Zoning Map Amendment is less than 1 acre - $400.
  Zoning Map Amendment is one acre but less than 10 acres - $750 plus $25/acre.
  Zoning Map Amendment is 10 acres or more - $1,000 plus $25/acre.
  $10.00 per sign; more than one sign may be required depending upon the area of the request.

Formal Procedure:

(1) Application:
- Prior to submission of the application, the applicant shall correspond with Planning staff to discuss the request, potential alternatives and the process.
- The submission of the application does not constitute official acceptance by the City of Davenport. Planning staff will review the application for completeness and notify the applicant that the application has been accepted or additional information is required. Inaccurate or incomplete applications may result in delay of required public hearings.

(2) Plan and Zoning Commission public hearing:
- The City shall post notification sign(s) in advance of the public hearing. A minimum of one sign shall be required to face each public street if the property has frontage on that street. It is Planning staff's discretion to require the posting of additional signs. The purpose of the notification sign(s) is to make the public aware of the request.
- The applicant shall make a presentation regarding the request at a neighborhood meeting. The purpose of meeting is to offer an opportunity for both applicant and neighboring residents/property owners to share ideas, offer suggestions, and air concerns in advance of the formal public hearing process. Planning staff will coordinate meeting date, time, and location and send notices to surrounding property owners.
- The Plan and Zoning Commission will hold a public hearing on the request. Planning staff will send notices to surrounding property owners.

(3) Plan and Zoning Commission's consideration of the request:
- Planning staff will perform a technical review of the request and present its findings and recommendation to the Plan and Zoning Commission.
- The Plan and Zoning Commission will vote to provide its recommendation to the City Council.
- If the Plan and Zoning Commission recommends denial, the request may only be approved by a favorable 3/4 vote of the City Council.

Formal Procedure (continued):

(4) City Council's consideration of the request:

- The Committee of the Whole (COW) will hold a public hearing on the request. Planning staff will send a public hearing notice to surrounding property owners.
- If property owners representing 20% or more of the area within 200 feet of the exterior boundaries of the request submit a written protest, the request may only be approved by a favorable 3/4 vote of the City Council. For the purpose of the 20% protest rate, formal protests will be accepted until the public hearing is closed.
- The City Council will vote on the request. For a zoning map amendment to be approved three readings of the Ordinance are required; one reading at each Council Meeting. In order for the Ordinance to be valid it must be published. This generally occurs prior to the next City Council meeting.

Section 1. Membership in the Corporation shall be limited to churches and other religious organizations, transitional housing agencies, financial institutions, local governments and other organizations concerned with providing low income rental housing in the Quad-City area. Such an organization may be granted membership upon the receipt of a letter from the appropriate officer of that organization indicating a desire for membership and nominating a

representative of the organization to serve on the board of directors. Membership shall be granted upon an affirmative vote by the Board of Directors and the election of the organization's representative to the Board of Directors.

Section 2. The powers, duties, and rights reserved to the members shall be, but are not limited to, the following:

(a) To establish or amend the philosophy and purpose of the Corporation.

(b) To amend, revise, or alter the Articles of Incorporation or the bylaws of the Corporation.

(c) To appoint, evaluate and remove, with or without cause, members of the Board of Directors of the Corporation.

(d) To approve any merger or consolidation of this Corporation into or with any other corporation, organization, or association, and the dissolution or otherwise wrapping up of the affairs of the Corporation.

(e) To approve the sale, lease, exchange, mortgage, pledge, or other disposition of all, or substantially all, of the Corporation's assets.

(f) To incorporate or establish new or affiliated entities, organization, or associations.

(g) To receive the annual report of the Board of Directors.

ARTICLE VI

The affairs of the Corporation shall be managed by a Board of Directors consisting of not more than twenty-four (24) directors. The initial Board of Directors, who shall serve until the first annual meeting of the Corporation and until their successors are duly elected and qualified, shall be:

1. Richard Pokora
Redeemer Lutheran Church
1107 Tanglefoot Lane
Bettendorf, IA 52722

2. Sister Pauline Tursi
Humility of Mary Shelter
820 West Central Park
Davenport, IA 52804

3. Mr. Jim Slavens
Northwest Bank & Trust
100 East Kimberly Road
Davenport, IA 52806

4. Margaret Murphy
City of Davenport
226 West Fourth Street
Davenport, IA 52801

ARTICLE VII

The Corporation may be dissolved by a two-thirds vote of the Board of Directors with concurrent approval of a two-thirds vote of the membership of the Corporation.

Upon the dissolution of the Corporation, the Board of Directors shall, after paying or making provisions for the payment of all of the liabilities of the Corporation, dispose of all of the assets of the Corporation exclusively for the purposes of the Corporation, in such manner, or to such organization or organizations organized and operated exclusively for charitable, educational, or religious purposes as shall at the time qualify as an exempt organization or organizations under Section 501(c)(3) of the Internal Revenue Code of 1986 (or the corresponding provisions of any future United States Internal Revenue law), as the President and Cabinet shall determine.

ARTICLE VIII

In the event that this Corporation shall become a "private foundation" within the meaning of Section 509, then the Corporation's income for each taxable year shall be distributed at such time and in such manner as not to subject it to tax under Section 4942, and the Corporation shall be prohibited from engaging in any act of self-dealing as defined in Section 4941(d), from retaining any excess business holdings as defined in Section 4943(c), from making any investments in such manner as to subject this Corporation to tax under Section 4944, and from making any taxable expenditures as defined in Section 4945(d), and in all sections of the Internal Revenue Code of 1986 or the corresponding provisions of any future United States Internal Revenue Law.

ARTICLE IX

The principal place of business of the Corporation shall be in the County of Scott, State of Iowa. The registered office shall be located at 220 North Main Street, #600, Davenport, Scott County, Iowa 52801, and the name of its initial registered agent at such address shall be David A. Dettmann.

ARTICLE X

The corporate existence shall commence upon the date of issuance by the Secretary of State of Iowa of a Certificate of Incorporation.

ARTICLE XI

The Corporation shall indemnify any present or former director, officer, employee, member or volunteer of this Corporation, and each such person who is serving or who has served, at the request of this Corporation, as a director, officer, partner, trustee, employee or agent of another corporation, partnership, joint venture, trust, other enterprise or employee benefit plan to the fullest extent possible against expenses, including attorneys' fees, judgments, fines, settlements and reasonable expenses, actually incurred by such person relating to his conduct as a director, officer, employee, member or volunteer of this Corporation or as a director, officer, partner, trustee, employee or agent of another corporation, partnership, joint venture, trust, other enterprise or employee benefit plan, except that the mandatory indemnification required by this sentence shall not apply (i) to a breach of the duty of loyalty to the Corporation, (ii) for acts or omissions not in good faith or which involve intentional misconduct or knowing violation of the law, or (iii) for a transaction from which such person derived an improper personal benefit.

ARTICLE XII

The name and address of the incorporator of the Corporation is as follows:

Richard Pokora
1107 Tanglefoot Lane
Bettendorf, IA 52722

ARTICLE XIII

These Articles of Incorporation and the By-Laws of the Corporation may be altered, amended, or repealed and the initial By-Laws adopted by a two-thirds vote of the Board of Directors at any regular or special meeting and with concurrent approval of a two-thirds vote of the membership of the Corporation.

IN WITNESS WHEREOF, the incorporators have executed and acknowledged these Articles of Incorporation this 5 day of ~~June~~ July, 1994.

Richard Pokora

OFFER TO PURCHASE REAL ESTATE

Dated: May 10, 2022

To: Family Resources, Inc. ("Seller")

Ecumenical Housing Development Group ("Purchaser"), hereby offers to purchase for the total sum of One Dollar ($1.00) the real estate and improvements (collectively "Property") located at 1112 Bridge Avenue, Davenport, Iowa 52803, and legally described as: The North 145 feet of Out Lot in Block 7, Churchill's Addition to the City of Davenport, more particularly described as follows: Beginning at the Northeast corner of said Out Lot; thence South 145 feet along the West Line of Bridge Avenue; thence West 137 feet more or less along a line parallel to the South line of an alley on the North end of said Out Lot, to an alley on the West side of said Out Lot; thence North along the East line of said alley 145 feet to the alley on the North end of said Out Lot; thence East along the south line of said alley 137 feet more or less to the place of beginning. Subject to easements and restrictions of record. Upon the following terms and conditions:

A. CASH by payment of the sum of One Dollar ($1.00) upon delivery of a Warranty Deed as hereinafter provided.

B. OTHER TERMS:

The Property will be conveyed in "AS IS" condition without warranty, express or implied, as of Closing, except warrant of title and as expressly provided in this Offer.

This Offer includes all furniture, appliances, and fixtures located in the property owned by Seller.

1. Seller shall furnish to Purchaser satisfactory evidence of title to the Property which shall be an Abstract of Title in accordance with title standards of the Scott County Bar Association. The title to be conveyed to Purchaser shall be free and clear of all liens and encumbrances not herein specifically waived or agreed to be assumed by Purchaser, except existing easements of record. Conveyance of title shall be by Warranty Deed.

2. Seller's Abstract of Title, shall be submitted to Purchaser's attorney for examination as soon after this date as reasonably possible, and any objections to title raised by Purchaser's attorney shall be made in writing as soon thereafter as reasonably possible, so that same may be cured on or before date of closing, which shall be on or before May 31, 2022.

3. Possession of said real estate is to be given to Purchaser at closing free of any leases, leasehold interests or tenants in possession.

4. All State, County and City Taxes shall be pro-rated between Seller and Purchaser (based on the current established mill rate) to the date of closing unless the real estate is exempt from taxation. All prior real estate taxes, if any, shall be paid by Seller.

5. Special assessments to be levied for improvements, either completed or in process previous to date hereof, shall be paid by Seller. Seller shall pay all existing and pending water and sewer charges and other liens on the property for brush, weed cutting or any other lien as of the closing.

6. Roller shades, venetian blinds, curtain rods, brackets and fixtures, linoleum cemented to floors, storm doors, storm windows and sashes, window and door screens, electric light fixtures, bathroom fixtures and accessories, furnaces, oil or gas heaters and burners, water heaters, all shrubs and trees, and all other fixtures not excepted on back hereof are to be left as belonging to the Property.

7. Seller agrees to maintain existing comprehensive insurance in the amount of the insurable value of the Property until closing. Buyer may purchase additional insurance if it so desires.

8. If this offer is not accepted by Seller on or before May 12, 2022, it shall become null and void without liability on the part of either party.

Spot Zoning

Spot zoning is when a rezoning decision results in a single parcel, or small island of property, with restrictions on its use different from those imposed on the surrounding property. Spot zoning can be valid if there is a reasonable basis to treat the spot-zoned property differently from the surrounding property. For example, a parcel or two designated as neighborhood commercial in a residential area is perfectly appropriate if it provides needed retail services to residents. However, zoning is not appropriate if it is for the financial benefit of an individual property owner but detrimental to the surrounding area. According to the Iowa courts, the factor of primary importance is whether the rezoned tract has a peculiar adaptability to the new classification as compared to the surrounding property. Spot zoning for the sole benefit of the landowner and contrary to the comprehensive plan is unreasonable.

The case for creating these “spot zones” is best made through the comprehensive planning process, where the community can explain the benefits that such differential treatment brings to the area.

Time: 5:30 PM Subject: Public Hearing for a Rezoning Request

To: All property owners within 200 feet of the subject property located at 1112 Bridge Avenue.

What is this About?
This notice is being sent to inform you that a neighborhood meeting and a public hearing will be held for a Rezoning Request. The subject property is currently zoned R-4C Single-Family and Two-Family Central Residential District. The property owner is requesting a rezoning to R-MF Multi-Family Residential District. The purpose is to redevelopment the existing building into a three unit multi-family dwelling.

Request/Case Description
Case REZ22-08: Request of Ecumenical Housing Development Group to rezone 1112 Bridge Avenue from R-4C Single-Family and Two-Family Central Residential District to R-MF Multi-Family Residential District. [Ward 5]

At its December 20, 2022 meeting, the Plan and Zoning Commission recommended Case REZ22-08 be forwarded to the City Council with a recommendation for approval subject to the listed findings and conditions.

Findings:
1. The zoning map amendment is consistent with the Davenport +2035 Land Use Plan, which identifies the property as Residential General.
2. The proposed zoning map amendment to R-MF Multi-Family Residential District is compatible with the zoning of nearby developed property.
3. With conditions recommended by staff, the proposed zoning map amendment will enable the existing building be used in a manner consistent with the surrounding area.
4. As conditioned, the rezoning request is compatible with the established neighborhood character.
5. The proposed amendment will not negatively impact the public health, safety, and welfare of the City.
6. Rezoning the property to R-MF Multi-Family Residential District does not create any nonconformities.

Conditions:
1. The maximum building height shall be 35 feet.
2. The maximum number of dwelling units shall be four.

What are the next steps?
The public hearing on the above matter is scheduled for 5:30 p.m. or as soon thereafter as possible on Wednesday, January 4, 2023 in the Council Chambers of the Davenport City Hall, 226 West 4th Street, Davenport, Iowa.

Would you like to submit an official comment?
You may submit written comments on the above item or attend the public hearing to express your views, or both. Subject: [EXT] Case REZ 22-08 1112 Bridge Avenue Rezoning

ATTENTION: This is an external email.

Good afternoon, Matt!

My husband, Marshall and I are writing to you in order to express our opposition to the multi-family spot rezoning request for the property at 1112 Bridge Avenue.

We live at 812 Bridge Avenue. Marshall was born and raised in Davenport and he remembers clearly when the neighborhoods along Bridge Avenue were in a very depressed state. After living and working in Phoenix, Arizona for over 30 years, Marshall and I were committed to investing in his hometown upon retiring. We bought our home in 1999 and have been in the process of restoring this house to its original grandeur ever since. Over these past several years we have seen a slow, but mostly steady improvement in our neighborhood which we believe can be directly contributed to the increase of owner-occupied single family homes lining Bridge Avenue from River Drive.

In order to promote this trend, new families are warmly welcomed and encouraged to participate in the neighborhood. We even reach out to listing agents to inform them about the Bridge Avenue Historic District Neighborhood Association. Many have responded enthusiastically and even included information about the neighborhood in their real estate postings. It is our sincere hope that the Development and Neighborhood Services and the Planning and Zoning Commission will deny this multi-family rezoning request and in so doing, partner with us in keeping this revitalization process going. Sadly, there are very few surviving neighborhoods in Davenport with their historic integrity left intact. Most have succumbed to multi-family rental properties that have negatively impacted the character of these fine old communities. We are trying to save our neighborhood from that fate.

We compel you as you review the Residential Zoning Districts Map, that you will visualize individual streets, homes and the families who live inside them, rather than just a mosaic of yellow, green, brown and gray squares. Ultimately, your decision will set a significant precedent moving forward and will reinforce your commitment to promoting neighborhood integrity and improving the quality of life in our community.

Thank you for your consideration.

Regards,
Carol and Marshall Daut

I want to voice my concerns over this issue for plans at Zoning 1112 Bridge Avenue. The neighborhood already has far too many multi family dwellings and this locale has been a considerable and failed use location for far too long creating both parking and driving issues for all concerned. In my opinion the best use would be the intended use as a permanent single family dwelling.

To: Lamar Buckelew lamarbuckelew@yahoo.com

My name is Juliana Buckelew and I live at 1206 E. River Drive. I am against this change because it would go against the goals of the new code that was implemented in 2018 to stabilize the area. The property is surrounded by R 4C except on one side, and that's ~~across the street~~ SW kitty corner. Allowing up zoning in the middle of our neighborhood is spot zoning and discourages owner occupants, who remain after the rental property owners leave.
We have worked hard to stabilize our neighborhood. My neighbors and I formed a neighborhood association group officially with the the city. Our group has fought hard for neighborhood safety and marketed our historical district to attract homebuyers. We have done extensive historical research at the library and online to promote its rich history. We have fought hard and up zoning to make this lot multifamily discourages home buying which gives stability, and the desire to invest in our neighborhood. We have 3 new families recently and need to keep this direction, not take a step back.
Thank you for your time today.

Dear Mr. Werderitch,

Hello, my name is Lamar Buckelew and I live at 1206 East River Drive. Together with Prospect Park and Bridge Avenue neighborhoods, we make up the larger neighborhood south of E. 12th that was once called Mt. Ida Neighborhood.

I am writing you to voice my disapproval of the spot zone change request for 1112 Bridge Avenue from R-4C to R-MF. This neighborhood has suffered through many years of neglect, irregular zoning and manipulation by developers and landlords. This created a neighborhood instability due to the large number of temporary residents. While there are still many multiple family apartment options in this neighborhood, the city re-zoning that occurred around 2018 was thought to be a step in the direction of neighborhood stability and away from the past Davenport approach of patchwork zoning that negates the intent of the zoning process and does not match the character of the neighborhood.

The goal of the city zoning rewrite in 2018 was to protect the character of these central neighborhoods south of Locust. These neighborhoods have had a history of "spot zoning" resulting in unequal application of the city zoning ordinances. This patchwork approach allows multifamily units to grow in single family areas and therefore should not be approved. Please share these comments with the Planning and Zoning Commission prior to their meeting on the subject.

Regards,

Lamar Buckelew

Hi Matt,

I'm not sure who to address my concerns over this petition Case REZ22-08: Request of Ecumenical Housing Development Group to rezone 1112 Bridge Avenue from R-4C Single-Family and Two-Family Central Residential District to R-MF Multi-Family Residential District. [Ward 5]. I live just outside the perimeter of the legal notification zone but I am opposed to this change.

We formed a neighborhood group and took action a few years ago to change the zoning in this area so that developments like this could no longer destabilize our historic district. A change like this would be a form of spot zoning and contrary to our goal to make our neighborhood attractive to home buyers. While there may be apartments nearby, increasing the number of them will have a negative impact on the density of occupancy of our district and quality of life for the homeowners.

Will you please tell me who to forward this to or can you? I will be out of town during the hearing or I would attend it and speak out.

Thank you very much,

John Higgins

Dear Matt,

My name is Adam Hoke and my husband's name is Evan Hoke. We own the Theodore Eldridge House at 1404 E 10th St.

I am writing you today to make you aware that we oppose the rezoning of the property at 1112 Bridge Ave. We purchased our home in Sept of 2016. We have two apartment buildings and a rental property directly behind us. We believe that our neighborhood is already saturated with rental properties.

We understand the need for affordable housing and we believe that the rental properties in the area would fit that description. We do not believe that adding more rental properties will help the neighborhood.

We have had countless issues with renters. We hear domestic disputes, loud cars, and police being called for multiple reasons including a tenant having a guest staying with them that was driving a stolen vehicle. And our HVAC Contractor had his vehicle stolen from the alley, not even 10mins after he arrived. There are many rental properties in the area that are not maintained. There are properties near us that are believed to house someone that sells drugs. They have visitors all hours of the day and night just long enough for someone to run in and return within minutes back to their car.

We have spent a significant amount of money restoring our home along with many others in the area. The house down the street was on the market for over 2yrs before it sold and I believe it's because of some of the properties that are behind the house. Adding more rentals would only hinder people from wanting to fix up the homes in this area as the number of rentals can turn off potential buyers or buyers willing to pay a fair market value.

Continuing to add rentals in the area will not help the efforts of the homeowners to change the neighborhood. A great deal has changed for the better since we have lived here. Our home was empty for two years and we had a home on Mississippi Ave that had been on the market for 6yrs. Our home was on the market for 4yrs. There is a home on Mississippi Ave that is for sale that was at one point turned into multiple rental units and has been converted back to a single-family home but a great deal of damage was done to the home during that process and is proving to deter people from wanting to buy it.

Thank you for your time,
Evan and Adam Hoke

Matt

We wish to offer our concerns as to CASE REZ22-08...

We want to go on the record of preferring that the city maintain the zoning plans that we suspect were quite expensive. We would like to have the structure sold to a family, maybe a first-time home owner. Many have worked to stabilize this neighborhood and changing the zoning with the result of more multiple resident housing does not match the character of the surrounding properties.

I am not in favor of 1112 Bridge Avenue being re-zoned to a multi family unit.

Surrounding neighbors and neighborhood groups have worked for years to improve the area.

To rewrite the 2018 zoning is a disservice to the neighbors, and groups who have worked to improve this area.

The person requesting the zoning change should not be granted the re-zoning. The neighbors have worked for years to create stability in this area..

There are becoming more rental properties where I live. Most of the landlords do not take care about their properties, and do not follow up with their tennents. This creates issues and problems for the home owners .

Another rental unit is not what this area needs or the city.

Subject: [EXT] Spot zoning for 1112 Bridge Ave.

Matt,

This plan to rezone a single building to multi family in an area that has been designated single family would be a mistake. I realize that this would mean increase tax basis on the property, and would satisfy a single entity, but at the same time be against the will of the remaining residents in this community. And if I am not mistaken we still live in a majority rule country.

This area has for years been trying to recover from the mistake of turning classic family homes to multi dwelling facilities. Almost every homeowner here has been trying or has accomplished this goal with the understanding that the neighborhood would continue on this path. The city has aided in this effort by returning the zoning to single family and establishing that it would remain so.

We are in the "downtown" ward. Recently in this ward, and only a few blocks away from us, the city has allowed a 4 story,180 low income apartment complex to be built. This complex is too high a density living for the space it is on. It most likely will be a majority of section 8 housing. That alone will put a burden on our district and will cause a major decrease in the quality of life for our community that is not being placed on other areas of Davenport. Rezoning this single unit will further exacerbate the downward trend.

My thought is the same as the broken window theory. Before a window is broken in a house the thought of doing so is not broutched. But once the first window is smashed with a rock it becomes OK to break all of the windows.

Taking the first step on the wrong path is always the most crucial after which the rest of the mistakes become easy.

My name is Eileen Yeates and I live on Mississippi Avenue. I strongly object to the proposed zoning change to 1112 Bridge Avenue. This property should not be changed to a multi family unit. Parking is already tight on Bridge and this proposed unit could add 6-10 cars to the street. I do not believe the owner can provide adequate off street parking for these extra vehicles. There is not room for that many more cars.

I am also concerned about population density in this area. We already have an over abundance of multi family units in our neighborhood. It is not necessary to add to the overcrowding in our neighborhood.

The proposed multi family unit does nothing to enhance the character of our neighborhood. My family, along with many of our neighbors, work hard to maintain the beauty of this old Davenport neighborhood. This proposed unit does not contribute to the neighborhood character that we all work so hard to maintain.

Thank you so much,

Matt,

I want to express my objection to the proposed multi-family use of the property at 1112 Bridge Ave.

Our neighborhood is already inundadted with muti-family dewellings, and although that would seem to mean that the use is established, the population density in the Bridge to Ridge neighborhood is becoming too great. Traffic and parking is already an issue. Sometime traversing is a problem when people don't park appropriately.

You know me as the current President of the City's Zonning Board of Adjustment. I understand use, established practice, etc. However, most of the multi-family dwellings in the area were built as such, referencing the appartments between College and Bridge and 10th to 11th Streets, and along 12th St and Eastern Ave. Planning was done for those units and the impact thereof to the neighborhood back when they were built, with whatever rules were used at that time. Now we are seeing single-family dwellings being converted to multi-family dwellings, and I must express my objection to this practice. I kow studies have been performed that demonstrate the population density, so if we don't use those studies to help determine questions like this, why do we do them?

Let's try to preserve what historic value and appearance we have left in our besutiful historic neighborhood.

Dan

PROPOSED ZONING CHANGES TO 1112 BRIDGE COULD LEAD TO THE DEVELOPMENT OF UNIT TO 14 UNIT MULTI-FAMILY DEVELOPMENT WITH 21 PARKING POSITIONS.

Questions: no-r-mf1112bridge@outlook.com

Dear Neighbors

As you are already aware, the Planning and Zoning Board for Davenport approved rezoning 1112 Bridge Ave from R-4C (Single or dual family) to R-MF (multi-family). This means that in the future, the owner of the property could potentially build 14 units with 21 parking places. ECUMENICAL Development has purchased the property and asked for the zoning change. This is not about ECUMENICAL because they are a good organization with a very good track record of buying vacant homes and turning them in affordable housing. They are good landlords.

The city spent a lot of our tax money and spent several years developing a new Zoning Code released in 2019. The R-4C and R-3C was created during this complete rewrite to protect the transitional, central, and historic neighborhoods of Central Davenport. I have provided the definition below.

R-4C Single-Family and Two-Family Central Residential Zoning District. The R-4C Single-Family and Two-Family Central Residential Zoning District is intended to preserve and protect Davenport's dense, centrally located, established urban residential neighborhoods. Standards of the R-4C District are intended to ensure that new development is complementary to the existing developed character of these neighborhoods. Limited non-residential uses that are compatible with the surrounding residential neighborhoods may be permitted in the R-4C District.

While ECUMENICAL Development is planning two 4-bedroom units and one 2-bedroom unit at this time, there is no approved guarantee this could be turn into a 14-unit development in 15 or 20 years. The property was purchased from the city for $1 and will be enrolled as a package for a federal tax credit program. The Zoning Board is making a recommendation to constrain the development to no more than 4 units. The contention with the neighbors has not been with the development of affordable housing. In fact, we welcome the development but in alignment with the current zone structure of the 1112 Bridge Ave which is R-4C just as ECUMENICAL purchased it.

For the next 5 Wednesdays at 530 PM (Jan 11, Jan 18, Jan 25, Feb 1, Feb 8), we are asking that residents from the immediate neighborhood attend city council meetings and if comfortable express their views on this zoning change – for or against. We believe talking points should be very focused on welcoming the addition and investment to provide family oriented affordable housing. We are just asking for that to be done within its current restriction of dual family as zoned today.

If you live within 200 ft of 1112 Bridge Ave, your comments are taken with much more weight than others due to ordinance, but all comments are valuable from anyone in the neighborhood. If you live in a home that was rezoned from R-MF to R-4C or 3C and were told you could never go back to R-MF, then we ask that you share that the council meetings. All comments will be heard and based on the meeting on 4 January, all comments are driving considerable conversation with the City Council. THEY NEED TO HEAR FROM YOU!

THIS IS THE TIME FOR US TO PROTECT THIS SMALL BUT AWESOME NEIGHBORHOOD. If the City Council approves this rezoning, they will set a precedent that could be applied to others which directly undermines, the work completed, intent of the Zoning rewrite, and creation of R-4C and R-3C for the central part of the city.

Recommendation:
Adopt the Resolution.

Background:
Per the City's Special Events Policy, City Council will approve street, lane, and public ground closures based on the recommendation of the Special Events Committee.

This is the same closure as the establishments on 3rd Street do for St. Patrick's Day and Bix weekend with the full block being closed leaving one lane clear for emergency vehicles.

Third Consideration: Ordinance for Case ORD22-01 being the request of RY Holdings LLC to amend Table 17.08-1: Use Matrix of the Municipal Code of Davenport, Iowa to allow "Dwelling – Single-Family" as a permitted use in the R-MF Multi-Family Residential Zoning District. [All Wards]

Recommendation:
Adopt of the Ordinance.

Background:
City staff received an application for a Zoning Text Amendment from a property owner requesting an amendment to allow "Dwelling - Single-Family" as a permitted use in the R-MF Multi-Family Residential Zoning District. The Plan and Zoning Commission reviewed Case ORD22-01 at its November 1, 2022 meeting and has recommended approval of the following amendments and subject to the listed findings:

Ordinance Amendment includes:

1. Amend Table 17.08-1: Use Matrix of the City of Davenport Zoning Ordinance to allow "Dwelling – Single-Family" as a permitted use in the R-MF Multi-Family Residential Zoning District.
2. Amend Section 17.04.010.G to include single-family dwellings in the purpose statement for the R-MF Multi-Family Residential District.
3. Amend Table 17.04-1: Residential District Dimensional Standards to include the following standards for Single-Family dwellings in the R-MF Multi-Family Residential District:
    - Minimum Lot Area: 4,000 sf
    - Minimum Lot Width: 40'
    - Maximum Building Height: 35'
    - Maximum Building Coverage: 50%
    - Maximum Impervious Surface: 70%
    - Minimum Front Setback: 25'
    - Minimum Interior Side Setback: 5'
    - Minimum Corner Side Setback: 20'
    - Minimum Reverse Corner Side Setback: 25'
    - Minimum Rear Setback: 25' or 20% of site depth, whichever is less

Findings:

1. The proposed amendment is consistent with the Comprehensive Plan and adopted land use policies.
2. The proposed amendment promotes the public health, safety, and welfare of the City.
3. The consistency of the proposed amendment with the intent and general regulations of this Ordinance.
4. The proposed amendment reduces existing nonconformities.

The Cities of Bettendorf, Moline, and Rock Island all allow for single-family dwellings in their respective multi-family/high density residential districts. The proposed zoning text amendment will impact all properties throughout Davenport zoned R-MF Multi-Family Residential District.

Staff Analysis:

Permitting single-family dwellings in a high density zoning district will enable a true mix of housing types and styles within a development. The R-MF District will become a more flexible district that encourages diversity in scale and housing units. Furthermore, the existing single-family design standards will apply to new dwellings within the R-MF District to promote higher quality architecture and materials.

Since the purpose of the R-MF Multi-Family Residential District is to accommodate a high-density neighborhood, staff are recommending the dimensional standards allow for smaller lots with increased building coverage.

The proposed zoning text amendment will eliminate nonconforming single-family dwellings in the R-MF District. The dimensional standards are consistent with the R-4C Single-Family and Two-Family Central Residential District, which allows for the greatest density of single-family housing in the City of Davenport.

Approval Standards for Text Amendments:

1. The consistency of the proposed amendment with the Comprehensive Plan and any adopted land use policies.
2. The extent to which the proposed amendment promotes the public health, safety, and welfare of the City.
3. The consistency of the proposed amendment with the intent and general regulations of this Ordinance.
4. Whether the proposed amendment corrects an error or omission, adds clarification to existing requirements, or reflects a change in policy or change in development trends or technology.
5. The extent to which the proposed amendment creates nonconformities.

Public Input:

A notice of Public Hearing was published in the Quad-City Times informing the community of the October 18, 2022 Plan and Zoning Commission Public Hearing.

To date, staff has not received any written responses from the community.

Section 17.04.010 Purpose Statements
Section 17.04.020 Uses
Section 17.04.030 Dimensional Standards
Section 17.04.040 R-MHP District Standards
Section 17.04.050 R-3C and R-4C District Design Standards
Section 17.04.060 General Standards of Applicability

Section 17.04.010 Purpose Statements

A. R-1 Single-Family Residential Zoning District
The R-1 Single-Family Residential Zoning District is intended to accommodate the lowest-density single-family neighborhoods within the City of Davenport, exhibiting a predominantly semi-suburban development pattern of large lots and generous yards.

B. R-2 Single-Family Residential Zoning District
The R-2 Single-Family Residential Zoning District is intended to accommodate low-density single-family neighborhoods of a more urban character than the R-1 District. Limited non-residential uses that are compatible with the surrounding residential neighborhoods may be permitted in the R-2 District.

C. R-3 Single-Family and Two-Family Residential Zoning District
The R-3 Single-Family Residential Zoning District is intended to accommodate residential neighborhoods in the City of Davenport consisting of single-family and two-family homes in a moderately dense urban development pattern. Limited non-residential uses that are compatible with the surrounding residential neighborhoods may be permitted in the R-3 District.

D. R-3C Single-Family and Two-Family Central Residential Zoning District
The R-3C Single-Family and Two-Family Central Residential Zoning District is intended to preserve and protect Davenport's moderately dense, centrally located, established urban residential neighborhoods. Standards of the R-3C District are intended to ensure that new development is complementary to the existing developed character of these neighborhoods. Limited non-residential uses that are compatible with the surrounding residential neighborhoods may be permitted in the R-3C District.

E. R-4 Single-Family and Two-Family Residential Zoning District
The R-4 Single-Family and Two-Family Residential Zoning District is intended to accommodate residential neighborhoods in the City of Davenport consisting of single-family and two-family homes in a dense urban development pattern. The R-4 District may also serve as a transitional district between Davenport's single-family and two-family neighborhoods and more intense uses within the City. Limited non-residential uses that are compatible with the surrounding residential neighborhoods may be permitted in the R-4 District.

F. R-4C Single-Family and Two-Family Central Residential Zoning District
The R-4C Single-Family and Two-Family Central Residential Zoning District is intended to preserve and protect Davenport's dense, centrally located, established urban residential neighborhoods. Standards of the R-4C District are intended to ensure that new development is complementary to the existing developed character of these neighborhoods. Limited non-residential uses that are compatible with the surrounding residential neighborhoods may be permitted in the R-4C District.

G. R-MF Multi-Family Residential Zoning District
The R-MF Multi-Family Residential Zoning District is intended to accommodate a high-density neighborhood environment characterized by a mixture of housing types including single-family dwellings, semi-detached dwellings, two-family dwellings, townhomes and multi-family dwellings. Limited non-residential uses that are compatible with the surrounding residential neighborhoods may be permitted in the R-MF District.

H. R-MHP Residential Manufactured Home Park Zoning District
The R-MHP District is intended to accommodate manufactured home parks, which are areas containing manufactured home sites arranged on a large tract, typically under single ownership, and designed to accommodate manufactured homes.

Section 17.04.020 Uses

A. Chapter 17.08 lists permitted, special, and temporary uses for the residential districts.

B. In the R-3, R-3C, R-4, and R-4C Districts, two-family dwellings are allowed as follows:

1. New construction of a two-family dwelling is a permitted use.

2. Conversion of a structure from a single-family dwelling into a two-family dwelling is prohibited.

Section 17.04.030 Dimensional Standards

A. Table 17.04-1: Residential Districts Dimensional Standards establishes the dimensional standards for the residential districts. These regulations apply to all uses within each district unless a different standard is listed for a specific use. See Section 17.02.040 for measurement methodologies.

B. A house court design for single-family and/or two-family dwellings must comply with the dimensional standards of Section 17.08.030.N.

C. R-MHP District standards are found in Section 17.04.040.

REASON FOR TEXT AMENDMENT I am requesting that Single-Family zoning be added as a permitted use in R-MF zones. Table 17.08-1: Use Matrix Table, should be updated to include "Dwelling – Single-Family" as a use permitted by-right in the district. The proposed dimensional standards for SF lots under this classification are as follows:

BULK

- Minimum Lot Area – SF: 4,000 square feet
- Minimum Lot Width – SF: 40 feet
- Maximum Building Height – SF: 35 feet
- Maximum Building Coverage – SF: 40%
- Maximum Impervious Surface – SF: 60%

SETBACKS

- Minimum Front Setback – SF: 15 feet or average of front set-backs, whichever is less
- Minimum Interior Side Setback – SF: 5 feet
- Minimum Corner Side Setback – SF: 10 feet
- Minimum Reverse Corner Side Setback – SF: 15 feet
- Minimum Rear Setback – SF: 15 feet or 20% of lot depth, whichever is less

City of Davenport Zoning Ordinance
Section 17.08.050 Use Definitions

Dwelling - Accessory Dwelling Unit. An additional dwelling unit associated with and incidental to a principal single-family dwelling on the same lot. An accessory dwelling unit must include separate cooking and sanitary facilities, with its own legal means of ingress and egress, and is a complete, separate dwelling unit. The accessory dwelling unit may be within or attached to the principal dwelling unit structure or within a detached accessory structure, such as a garage, and designed so that the appearance of the principal structure and the lot remains that of a single-family dwelling.

Dwelling - Manufactured Home. A manufactured home dwelling is a prefabricated structure that is regulated by the U.S. Department of Housing and Urban Development (HUD), via the Federal National Manufactured Housing Construction and Safety Standards Act of 1974, rather than local building codes. A manufactured home is built in a factory on an attached chassis before being transported to a site. Manufactured homes include those transportable factory built housing units built prior to the Federal National Manufactured Housing and Safety Standards Act (HUD Code), also known as mobile homes. Modular homes are not considered manufactured homes, and refer to a method of construction. When a manufactured home meets all the requirements for a single-family dwelling, including the definition of a dwelling unit, and is located and installed to the same standards as a single-family dwelling, such manufactured home is considered a single-family dwelling, subject to any additional requirements or specific exceptions of Iowa State Code Section 414.28.

Dwelling - Multi-Family. A structure containing three or more attached dwelling units used for residential occupancy. A multi-family dwelling does not include a three-family or townhouse dwelling. In cases where dwelling units are located above the ground floor of a commercial building, one or more dwelling units for residential occupancy shall be permissible.

Dwelling - Townhouse. A structure consisting of three or more dwelling units, the interior of which is configured in a manner such that the dwelling units are separated by a party wall. A townhouse is typically designed so that each unit has a separate exterior entrance and yard areas. A townhouse dwelling does not include a multi-family dwelling.

Dwelling - Single-Family. A structure containing only one dwelling unit on a single lot. When a manufactured home meets all the requirements for a single-family dwelling, including the definition of a dwelling unit, and is located and installed to the same standards as a single-family dwelling, such manufactured home is considered a single-family dwelling, subject to any additional requirements or specific exceptions of Iowa State Code Section 414.28.

Dwelling - Single-Family Semi-Detached. A structure containing two dwelling units on a single lot attached by a party wall, which is located on an interior side lot line, with each dwelling unit located on a separate lot of record.

Dwelling - Two-Family. A structure containing two dwelling units on a single lot.

P. Dwelling - Single-Family, Single-Family Semi-Detached, Two-Family, and Townhouse
In the case of conflict with any design standards contained within Chapter 17.04, the standards of Chapter 17.04 control.

1. A front entry must be an integral part of the structure, using features such as porches, raised steps and stoops with roof overhangs, or decorative railings to articulate the front façade.

2. A 5% minimum transparency requirement applies to the front façade and is calculated on the basis of the area of the façade below the roofline.

3. A dwelling with a front facing attached three-car garage shall have one of the garages offset one foot from the other garages.

4. In order to encourage architectural detail and visual interest a point system shall be utilized for the front façade in which the front façade must score 20 points from the categories below. Primary building materials are the dominant component of the façade. Accent materials are secondary components of the façade, typically used to provide architectural detail or visual interest.

i. 8 points – covered porch with columns.

ii. 6 points – masonry, brick, or stone veneer as a primary building material or accent material. If accent material it must extend from the foundation or grade to the window sill as a minimum and maintain that elevation along the entire façade exclusive of doors, windows and small areas that make the use of the material unpractical.

iii. 6 points – front facing roof dormer.

iv. 4 points for each front facing roof gable with 8/12 pitch or higher.

v. 4 points – decorative roof brackets or gable trusses as an accent material.

vi. 4 points – decorative siding including but not limited to patterned shingles, shake, and board and batten as a primary building material or accent material.

vii. 3 points – bay/box window(s).

viii. 3 points – all front facing carriage style garage door(s). Carriage style garage doors may include decorative, simulated woodwork, decorative handles and brackets and window inserts.

ix. 3 points – door or window surrounds as an accent material.

x. 3 points – freeze boards and/or horizontal bands as an accent material.

xi. 2 points – decorative roof at the base of a gable.

xii. 1.5 points – for each percentage of transparency below the roofline over 5%.

xiii. 1 point – decorative gable vent(s).

xiv. 1 point – window shutters.

xv. negative 5 points – front facing attached garage that exceeds 24 feet or 50% the width of the front building line, whichever is greater. Garage width is measured between the edges of the garage door; in the case of garages designed with multiple garage doors, the distance is measured between the edges of the outermost doors.

Subject:
Second Consideration: Ordinance for Case REZ22-07 being the request of High Properties on behalf of Shamrock Properties LC to rezone approximately 104.57 acres of land bounded by Veterans Memorial Parkway, Eastern Avenue, Interstate 80, and Jersey Ridge Road from S-AG Agricultural District to R-1 Single-Family Residential District (33 acres), R-4 Single-Family and Two-Family Residential District (20 acres), R-MF Multi-Family Residential District (35 acres), and C-2 Corridor Commercial District (16 acres). [Ward 8]

Recommendation:
Adopt the Ordinance.

Background:
The Plan & Zoning Commission reviewed Case REZ22-07 at its November 15, 2022 meeting and voted unanimously to recommend approval of the request subject to the listed findings and conditions.

Findings:

1. The zoning map amendment is consistent with the Davenport +2035 Land Use Plan, which identifies the property as Residential General and Open Space and Public Land. The C-2 Corridor Commercial District is consistent with the Commercial Node identified at the intersection of Veterans Memorial Parkway and Eastern Avenue.
2. The proposed zoning map amendment to R-1 Single-Family Residential District, R-4 Single-Family and Two-Family Residential District, R-MF Multi-Family Residential District, and C-2 Corridor Commercial District is compatible with the zoning of nearby developed property.
3. With conditions recommended by staff, the proposed zoning map amendment will enable the area to be developed in a manner consistent with the surrounding area.
4. With conditions requiring transportation improvements, the proposed zoning map amendment will promote the public health, safety, and welfare of the City.
5. The proposed amendment will not create any nonconformities following development.

Conditions:

1. No lot shall be platted to contain more than one zoning district.
2. A traffic study is required. Additional traffic safety measures may be required as development occurs.
3. Eastern Avenue shall be extended to the south property line of 7219 Eastern Avenue. Provide a minimum of one street connection to the subject property from Eastern Avenue.
4. Install a roundabout on Veterans Memorial Parkway located midway between the east and west boundaries of the subject property.
5. Right-of-way shall be dedicated, as determined by the City of Davenport, for the purpose of constructing a roundabout at the intersection of Eastern Avenue and Veterans Memorial Parkway.
6. A landscape buffer yard shall be installed in accordance with Section 17.11.080 of the

Davenport Zoning Ordinance along the south lot line, where abutting property zoned R-1 Single-Family Residential District.
7. Provide a 40 foot setback along the north lot line, where abutting Interstate-80.
8. A minimum of .5 acres shall be reserved as a pocket park within the western half of the R-MF Multi-Family Residential District.
9. The principal use "Billboard" shall be prohibited on property zoned C-2 Corridor Commercial District.
10. The maximum building height in the C-2 District shall be 35 feet.

The full staff report is attached as background materials.

Public Input:

The applicant has held two neighborhood meetings prior to submission of a formal application. A meeting was held on May 10, 2022 without City staff or elected officials present. Addresses within 200 feet of the request were invited to the meeting.

A second neighborhood meeting was held on June 9, 2022 at the Eastern Avenue Branch of the Davenport Library with City staff and elected officials present. The notification area for this meeting was expanded to property owners within 800 feet of the request.

Letters were sent to property owners within 800 feet of the proposed request notifying them of the November 1, 2022 Plan and Zoning Commission Public Hearing. Given the large area petitioned for rezoning, staff increased the required notification area from 200 feet to 800 feet as a courtesy to nearby neighbors.

To date, staff is in communication with adjacent property owners located south of Veterans Memorial Parkway. Concerns raised include proximity of commercial zoning to established residential neighborhoods, traffic, noise, density, and landscape buffers. One official protest has been received and can be found in the background materials.

Staff will apprise Council of any additional correspondence.

Section 2. That the following findings and conditions are hereby imposed upon said rezoning:

Findings:

1. The zoning map amendment is consistent with the Davenport +2035 Land Use Plan, which identifies the property as Residential General and Open Space and Public Land. The C-2 Corridor Commercial District is consistent with the Commercial Node identified at the intersection of Veterans Memorial Parkway and Eastern Avenue.
2. The proposed zoning map amendment to R-1 Single-Family Residential District, R-4 Single-Family and Two-Family Residential District, R-MF Multi-Family Residential District, and C-2 Corridor Commercial District is compatible with the zoning of nearby developed property.
3. With conditions recommended by staff, the proposed zoning map amendment will enable the area to be developed in a manner consistent with the surrounding area.

4. With conditions requiring transportation improvements, the proposed zoning map amendment will promote the public health, safety, and welfare of the City.
5. The proposed amendment will not create any nonconformities following development.

Conditions:

1. No lot shall be platted to contain more than one zoning district.
2. A traffic study is required. Additional traffic safety measures may be required as development occurs.
3. Eastern Avenue shall be extended to the south property line of 7219 Eastern Avenue. Provide a minimum of one street connection to the subject property from Eastern Avenue.
4. Install a roundabout on Veterans Memorial Parkway located midway between the east and west boundaries of the subject property.
5. Right-of-way shall be dedicated, as determined by the City of Davenport, for the purpose of constructing a roundabout at the intersection of Eastern Avenue and Veterans Memorial Parkway.
6. A landscape buffer yard shall be installed in accordance with Section 17.11.080 of the Davenport Zoning Ordinance along the south lot line, where abutting property zoned R-1 Single-Family Residential District.
7. Provide a 40-foot setback along the north lot line, where abutting Interstate-80.
8. A minimum of .5 acres shall be reserved as a pocket park within the western half of the RMF Multi-Family Residential District.
9. The principal use "Billboard" shall be prohibited on property zoned C-2 Corridor Commercial District.
10. The maximum building height in the C-2 District shall be 35 feet.

Section 3. At its November 15, 2022 meeting, the Plan and Zoning Commission voted to forward Case REZ22-07 to the City Council with a recommendation for approval subject to the listed findings and conditions.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

EFFECTIVE DATE. This ordinance shall be in full force and effective after its final passage and publication as by law provided.

Staff Report
Case REZ22-07

Being the request of High Properties on behalf of Shamrock Properties LC to rezone approximately 104.57 acres of land bounded by Veterans Memorial Parkway, Eastern Avenue, Interstate 80, and Jersey Ridge Road from S-AG Agricultural District to R-1 Single-Family Residential District (33 acres), R-4 Single-Family and Two-Family Residential District (20 acres), R-MF Multi-Family Residential District (35 acres), and C-2 Corridor Commercial District (16 acres). [Ward 8]

The purpose of the request is to rezone the 104.57 acre site from S-AG Agricultural District to a mixed use development consisting of larger single-family residential lots to the east (R-1), moderate sized single-family lots to the north (R-4), multi-family housing in the center (R-MF), and commercial on the south side of Veterans Memorial Parkway (C-2).

A survey of the property has been provided by the applicant delineating the land to be rezoned.

The subject site has historically been used for farming. There is a 3 acre lot near the northwest corner of the subject property that is under separate ownership. This parcel is not included in the rezoning request and will maintain access onto Eastern Avenue through the existing right-of-way easement.

A concept plan has been submitted by the applicant indicating lot sizes, building footprints, detention ponds, internal street network, and access points onto Veterans Memorial Parkway and Eastern Avenue. However, this is not a final development plan and the overall site layout is subject to change. Staff are reviewing the concept plan for conformance with zoning district standards and all associated permitted uses.

Why is a Zoning Map Amendment Required?
The Zoning Ordinance does not permit residential or commercial development in an agricultural district. Pending approval of the rezoning by City Council, the applicant will return for approval of a preliminary and final plat.

Comprehensive Plan:
Within Urban Service Area 2035: Yes

Future Land Use Designations:
The subject property is designated Residential General and Open Space and Public Land in the Davenport +2035 Land Use Plan.

1. **Residential General (RG):** Designates neighborhoods that are mostly residential but include, or are within one-half mile (walking distance) of scattered neighborhood-compatible commercial services, as well as other neighborhood uses like schools, churches, corner stores, etc. generally oriented along Urban Corridors (UC). Neighborhoods are typically designated as a whole. Existing neighborhoods are anticipated to maintain their existing characteristics in terms of land use mix and density, with the exception along edges and transition areas, where higher intensity may be considered.

2. **Open Space / Public Land (OS):** Includes undeveloped open space, natural areas, floodplains and wetlands that may be or may not be planned for future park and recreation development.
3. **Commercial Node (CN):** Clusters of generally more intense uses found either along existing Urban Corridors or along or at the intersection of major streets in newly developed areas. CN areas may contain commercial uses somewhat more intense than uses found elsewhere on Urban Corridors, as well as higher density residential uses and office and service businesses. CN should serve a population of about 5000 people within 1/2 mile. Ideally, CN areas should be architecturally integrated, and designed to serve all modes of transportation. Pedestrian connections to the neighborhoods they serve are important. Therefore, master planning and customized zoning provisions for new CN areas should occur before development or redevelopment occurs.

Zoning:
Attached to this report is a Rezoning Exhibit indicating the boundaries of each district.

The property is currently zoned **S-AG Agricultural District.** This district is intended to address existing agricultural land uses. The standards of the S-AG District promote the continuation of farming, and protect agricultural land uses from encroachment of incompatible developments.

The applicant is requesting to rezone the 33 acres east of Pheasant Creek to **R-1 Single-Family Residential District**. This district is intended to accommodate the lowest-density single-family neighborhoods within the City of Davenport, exhibiting a predominantly semi-suburban development pattern of large lots and generous yards.

The northwest 20 acres of land is petitioned to be rezoned to **R-4 Single-Family and Two-Family Residential District**. This district is intended to accommodate residential neighborhoods in the City of Davenport consisting of single-family and two-family homes in a dense urban development pattern. The R-4District may also serve as a transitional district between Davenport's single-family and two-family neighborhoods and more intense uses within the City. Limited non-residential uses that are compatible with the surrounding residential neighborhoods may be permitted in the R-4 District.

In addition, the request is to rezone the 35 acres of land north of Veterans Memorial Parkway, from Eastern Avenue to Pheasant Creek, to **R-MF Multi-Family Residential District**. This district is intended to accommodate a high-density neighborhood environment characterized by a mixture of housing types including semi-detached dwellings, two-family dwellings, townhomes and multi-family dwellings. Limited non-residential uses that are compatible with the surrounding residential neighborhoods may be permitted in the R-MF District.

Finally, the 16 acres of property south of Veterans Memorial Parkway is requested to be rezoned to **C-2 Corridor Commercial District**. This district is intended to address the commercial corridors that are primarily oriented toward a mix of retail, personal service, and office uses along arterial streets and collector streets adjacent to arterials streets in the City. The C-2 District accommodates auto-oriented development – both individual businesses and retail centers – and mixed-use development, with the intent of improving the pedestrian environment along Davenport's commercial corridors.

Technical Review:

City Departments reviewed the proposed Zoning Map Amendment Application for compliance with city ordinances and impacts to regional systems.

Approval Standards for Map Amendments (Chapter 17.14.040) The Plan and Zoning Commission recommendation and the City Council decision on any zoning text or map amendment is a matter of legislative discretion that is not controlled by any particular standard. However, in making their recommendation and decision, the Plan and Zoning Commission and the City Council must consider the following standards. The approval of amendments is based on a balancing of these standards.

a. The consistency of the proposed amendment with the Comprehensive Plan and any adopted land use policies.

Staff Response: The property is designated as Residential General (RG) and Open Space and Public Land in the Davenport +2035 Land Use Plan. In addition, there is a Commercial Node at the intersection of Veterans Memorial Parkway and Eastern Avenue.

There has been increased development interest along the Veterans Memorial Parkway corridor given the proximity to shopping centers, employment opportunities, schools, and neighborhood amenities. The proposed amendment to low and moderate density residential is consistent with the surrounding neighborhoods south of Veterans Memorial Parkway, between Jersey Ridge Road and Eastern Avenue.

Pheasant Creek serves as a natural divide between land uses. The existing floodplain will preserve the creek as open space and serve as an amenity to residential development.

Focusing density and commercial uses at the intersection of Eastern Avenue and Veterans Memorial Parkway is also consistent with the Commercial Node classification. Given the higher volume of vehicular traffic, it is appropriate to focus commercial development near this intersection.

It is staff's opinion the proposed amendment is consistent with the Comprehensive Plan and adopted land use policies. An amendment to the Comprehensive Plan is not required with this petition.

b. The compatibility with the zoning of nearby property.

Staff Response: The subject property is located on a high traffic corridor surrounded by low density residential to the east and south, a utility substation, undeveloped commercial-office park land to the west, and Interstate-80 to the north.

The petition to rezone the 33 acres east of Pheasant Creek to the R-1 District is compatible with the abutting large lot single-family homes along Jersey Ridge Road and Cromwell Circle. The R-1 District has a minimum lot size of 20,000 square feet, which is aligned with existing neighborhoods.

Rezoning the northern 20 acres, west of Pheasant Creek and abutting the interstate, to R-4 Single-Family and Two-Family Residential District is consistent with the lot sizes in the Prairie Heights Subdivision. The moderate density of the R-4 District will serve as a transition between multi-family development and low density single-family.

The central 35 acres of the site are petitioned to be rezoned to the R-MF Multi-Family Residential District. Davenport's highest density residential district will be physically separated from existing neighborhoods by Pheasant Creek and Veterans Memorial Parkway. The rezoning to multi-family will allow for a mix of housing types throughout the 104.57 acre site. The Kahl Home, east of the Jersey Ridge Road roundabout, and the northeast corner of Prairie Heights are also zoned R-MF District.

The 16 acres south of Veterans Memorial Parkway is proposed to be rezoned to C-2 Corridor Commercial District. The land west of Eastern Avenue is zoned C-OP Commercial Office Park District. Despite being undeveloped, designating another commercial district in the vicinity will enable a mix of retail, office, and personal service establishments that can serve the surrounding residents.

While Pheasant Creek and Veterans Memorial Parkway act as a clear delineation between zoning districts, staff is recommending a condition that no lot may contain more than one zoning classification.

It is staff's opinion the proposed zoning amendment to R-1 Single-Family Residential District, R-4 Single-Family and Two-Family Residential District, R-MF Multi-Family Residential District, and C-2 Corridor Commercial District is compatible with the zoning of nearby developed property.

c. The compatibility with established neighborhood character.

Staff Response: This 104.57 acre tract of land, as well as the property west of Eastern Avenue, is currently being used for farming. Aside from the low density single-family lots to the east and south, there is no established neighborhood character for this growth area. Therefore, the character will be determined by this development.

To create compatibility with the existing single-family homes, the applicant is requesting a rezoning to the R-1 District east of Pheasant Creek. The character of the subdivision increases in density west of the floodplain as lot sizes transition to a moderate density with a mixture of housing types.

Pheasant Creek will provide a natural greenway throughout the development and offer opportunities for trails and recreation. However, staff are recommending a minimum of .5 acres be reserved as a pocket park within the western half of the R-MF District. The City wants to ensure residents within the multi-family dwellings are given an accessible place for outdoor recreation, since this area of Davenport has limited parkland.

The existing utility substation on Eastern Avenue is a nonresidential land use. Therefore, a node of commercial development is compatible with a growing corridor. To further protect the character of adjacent neighborhoods, staff are recommending a condition to prohibit billboards as a principal use in the C-2 Corridor Commercial District. Staff also recommend a landscape buffer yard be installed along the south property line of the C-2 District, where abutting the R-1 District. Landscaping will provide additional separation between land uses and offer additional privacy to existing residents.

It is staff's opinion the proposed zoning districts and boundaries are compatible with the established neighborhood character with the recommended conditions.

d. The extent to which the proposed amendment promotes the public health, safety, and welfare of the City.

Staff Response: The proposed residential and commercial zoning will significantly increase the density of the existing agricultural property. Development of the site requires a traffic study to ensure appropriate infrastructure is in place to address the projected increase in traffic volume on Veterans Memorial Parkway, Eastern Avenue, as well as to provide safe access points into the development.

Staff are recommending Eastern Avenue be extended to the south property line of 7219 Eastern Avenue. A minimum of one street connection to the subject property shall be provided from the extended roadway. In addition, the City intends to install a roundabout at the intersection of Eastern Avenue and Veterans Memorial Parkway. Depending on final design, the City may require the property owner to dedicate additional right-of-way for the construction of the roundabout.

Given the scale of development, a second roundabout is recommended on Veterans Memorial Parkway midway between the east and west boundaries of the subject property. A controlled intersection will reduce the vehicular speed on Veterans Memorial Parkway and facilitate access between the commercial development on the south with the residential neighborhood north of the parkway.

With the recommended traffic conditions, driver and pedestrian safety will be protected by channeling vehicles and pedestrians to controlled access points. Road connectivity will also ensure emergency response times and service standards are upheld. The final internal network of streets will be reviewed during the subdivision process.

In addition, staff are recommending a condition to provide a 40 foot building setback along the north lot line, where abutting Interstate-80. The applicant's concept plan details a 50 foot setback from the interstate to preserve existing vegetation and mitigate noise and light pollution. Busy roadways, such as I-80, are also associated with higher concentrations of air pollutants, which create a hazard to public health. An additional setback from the Interstate is warranted. Staff believe this condition will benefit existing neighborhoods as well as new construction on the site. The landscape buffer along the south property line will provide a barrier between commercial development and the existing homes on Cromwell Circle.

Staff believes adding conditions to the rezoning request can address and mitigate the impacts to the regional transportation network and public health. It is staff’s opinion that the proposed zoning map amendment will promote the public health, safety, and welfare of the City with the recommended conditions for street connectivity and setbacks from Interstate-80.

e. The suitability of the property for the purposes for which it is presently zoned, i.e. the feasibility of developing the property in question for one or more of the uses permitted under the existing zoning classification.

Staff Response: The existing S-AG Agricultural Zoning District is intended to promote the continuation of farming. A residence on an agricultural site may only be established if the property is a minimum of 38 acres. Given the petition to rezoned 104.57 acres, only two single-family home may be constructed under the existing zoning classification.

A rezoning to varying residential densities will enable the property to be built-out at a scale more aligned with the adjacent neighborhoods south of Veterans Memorial Parkway. In addition, the proposed residential districts will establish a mix of housing types and styles within a cohesive development.

It is staff's opinion that the proposed zoning map amendment will enable the area to be developed in a manner consistent with Davenport's neighborhoods and commercial corridors.

f. The extent to which the proposed amendment creates nonconformities.

Staff Response: The undeveloped 104.57 acre site is currently being used for farming. If rezoned to a residential or commercial zoning district, the agricultural use will be considered nonconforming until the site is subdivided and developed.

Dimensional standards, such as lot area, lot width, setbacks, building coverage, and impervious surface will be addressed during the subdivision and development process.

It is staff’s opinion that the proposed amendment will not create any nonconformities following development.

Request:

Existing Zoning: S-AG

Proposed Zoning Map Amendment: R-1, R-4, R-MF, and C-2

Purpose of the Request:

Rezone from existing agricultural land to a mixed use development consisting of larger single family residential to the east, smaller single family to the north, multi-family in the center, and a mix of commercial and multi-family residential on the south side of Veterans Memorial.

Total Land Area: 104.57 Acres

Does the Property Contain a Drainage Way or is it Located in a Floodplain Area: ☑ Yes ☐ No

Submittal Requirements:

- The completed application form.
- Recorded warranty deed or accepted contract for purchase.
- Authorization form, if applicable. If the property is owned by a business entity, please provide Articles of Incorporation.
- A legal description of the request if not easily described on the deed or contract for purchase.
- Required fee:
  Zoning Map Amendment is less than 1 acre - $400.
  Zoning Map Amendment is one acre but less than 10 acres - $750 plus $25/acre.
  Zoning Map Amendment is 10 acres or more - $1,000 plus $25/acre.
  $10.00 per sign; more than one sign may be required depending upon the area of the request.

Formal Procedure:

(1) Application:
- Prior to submission of the application, the applicant shall correspond with Planning staff to discuss the request, potential alternatives and the process.
- The submission of the application does not constitute official acceptance by the City of Davenport. Planning staff will review the application for completeness and notify the applicant that the application has been accepted or additional information is required. Inaccurate or incomplete applications may result in delay of required public hearings.

(2) Plan and Zoning Commission public hearing:
- The City shall post notification sign(s) in advance of the public hearing. A minimum of one sign shall be required to face each public street if the property has frontage on that street. It is Planning staff's discretion to require the posting of additional signs. The purpose of the notification sign(s) is to make the public aware of the request.
- The applicant shall make a presentation regarding the request at a neighborhood meeting. The purpose of meeting is to offer an opportunity for both applicant and neighboring residents/property owners to share ideas, offer suggestions, and air concerns in advance of the formal public hearing process. Planning staff will coordinate meeting date, time, and location and send notices to surrounding property owners.
- The Plan and Zoning Commission will hold a public hearing on the request. Planning staff will send notices to surrounding property owners.

(3) Plan and Zoning Commission's consideration of the request:
- Planning staff will perform a technical review of the request and present its findings and recommendation to the Plan and Zoning Commission.
- The Plan and Zoning Commission will vote to provide its recommendation to the City Council.
- If the Plan and Zoning Commission recommends denial, the request may only be approved by a favorable 3/4 vote of the City Council.

Formal Procedure (continued):

(4) City Council's consideration of the request:

- The Committee of the Whole (COW) will hold a public hearing on the request. Planning staff will send a public hearing notice to surrounding property owners.
- If property owners representing 20% or more of the area within 200 feet of the exterior boundaries of the request submit a written protest, the request may only be approved by a favorable 3/4 vote of the City Council. For the purpose of the 20% protest rate, formal protests will be accepted until the public hearing is closed.
- The City Council will vote on the request. For a zoning map amendment to be approved three readings of the Ordinance are required; one reading at each Council Meeting. In order for the Ordinance to be valid it must be published. This generally occurs prior to the next City Council meeting.

PUBLIC HEARING NOTICE | Plan and Zoning Commission

Date: 11/1/2022 Location: Council Chambers | City Hall | 226 W. 4th ST.
Time: 5:00 PM Subject: Public Hearing for a Rezoning Request

To: All property owners within 800 feet of the subject property bounded by Veterans Memorial Parkway, Eastern Avenue, Interstate 80, and Jersey Ridge Road

What is this About?
This notice is being sent to inform you that a public hearing will be held for a Rezoning Request. The subject property is currently zoned S-AG Agricultural District. The purpose of the request is to rezone the existing agricultural land to a mixed use development. The property owner is requesting a rezoning to R-1 Single-Family Residential District, R-4 Single-Family and Two-Family Residential District, R-MF Multi-Family Residential District, and C-2 Corridor Commercial District.

Request/Case Description
Case REZ22-07: Request of High Properties on behalf of Shamrock Properties LC to rezone approximately 104.57 acres of land bounded by Veterans Memorial Parkway, Eastern Avenue, Interstate 80, and Jersey Ridge Road from S-AG Agricultural District to R-1 Single-Family Residential District (33 acres), R-4 Single-Family and Two-Family Residential District (20 acres), R-MF Multi-Family Residential District (35 acres), and C-2 Corridor Commercial District (16 acres). [Ward 8]

What are the Next Steps after the Public Hearing?
The Plan and Zoning Commission will hold a formal public hearing at their meeting on November 1, 2022. The Plan and Zoning Commission will vote (provide a recommendation) to the City Council at their meeting on November 15, 2022. The Commission's recommendation will be forwarded to the City Council, which will then hold its own public hearing. You will receive a notice of the City Council's public hearing. For the specific dates and times of subsequent meetings, please contact the case planner below.

Would You Like to Submit an Official Comment?
As a neighboring property owner you may have an interest in commenting on the proposed request via email or in person at the public hearing. Send written comments to planning@davenportiowa.com (no later than 12:00 PM *one day before* the public hearing) or to: Planning, 1200 E 46th St, Davenport IA 52807.

All documents related to the meeting (agenda included) are at "Search Minutes & Agendas": www.cityofdavenportiowa.com/boards Mondays before the meeting/public hearing.

Do You Have Any Questions?
If you have any questions or if accommodations are needed for any reason, please contact the planner assigned to this project (Matt Werderitch) at matt.werderitch@davenportiowa.com or 563-888-2221. Interpretive services are available at no charge. Servicios interpretativos libres estan disponibles. TTY: (563) 326-6145

Please note items may be removed or tabled to a future hearing date at the request of the Applicant or Commission/Board. Those interested in verifying case actions and/or tablings, please contact Planning at 563-326-6198 or planning@davenportiowa.com for updates.

NEIGHBORHOOD SERVICES

Neighborhood Meeting Invitation | Development Proposal

Date: 6/9/2022 **Location:** Eastern Avenue Library | Meeting Room B | 6000 Eastern Avenue
Time: 5:30 PM **Subject:** Informal Neighborhood Meeting Regarding a Development Proposal

To: All property owners within the vicinity of the subject property located south of Interstate 80, East of Eastern Avenue, north of Veterans Memorial Parkway, and west of Jersey Ridge Road.

You are invited to a neighborhood meeting regarding a development proposal on the approximately 97.56 acres of land bounded by Interstate 80, Eastern Avenue, Veterans Memorial Parkway, and Jersey Ridge Road. The property is currently zoned S-AG Agricultural District. A developer is proposing a mixed use development consisting of commercial and residential land uses.

The purpose of this meeting is to provide an informal setting to allow the developer to describe the proposed development, to interact with adjacent owners, and to answer any questions and concerns about the proposed action.

What are the next steps after the neighborhood meeting?
Following the neighborhood meeting, the developer will submit an Application for a Zoning Map Amendment. The City Plan and Zoning Commission will hear public comments regarding this proposal at a yet to be determined date. Planning staff will send additional notices with the dates and times of additional public hearings regarding this request.

Questions regarding this notice or the process?
If you have any questions or if accommodates are needed for any reason, please contact the planner assigned to this case (Matt Werderitch) at matt.werderitch@davenportiowa.com or at (563) 888-2221. Subject: Case REZ22-07 Request of High Properties on behalf of Shamrock Properties LC
Date: Nov 14, 2022 at 11:54:46 AM
To: planning@davenportiowa.com

We are opposed to the request from High Properties to rezone 104 acres located adjacent to Eastern Avenue and Veterans Memorial Parkway. To be specific, based on the concept plan we are opposed to the proposed C-2 Corridor Commercial District and the numerous traffic cuts onto VMP. We do not want commercial businesses in the middle of these residential neighborhoods. Since the city developed the parkway, it has become very popular with pedestrians and bicyclists. Why ruin that by putting additional traffic cuts on VMP for these people to navigate? All entrances and exits should be from Eastern Avenue. The current roundabout works very well but speed limits are ignored.
Thank you.

Subject: [EXT] Case REZ22-07 Request of High Properties on behalf of Shamrock Properties LC

We are opposed to the request from High Properties to rezone 104 acres located adjacent to Eastern Avenue and Veterans Memorial Parkway. To be specific, based on the concept plan we are opposed to the proposed C-2 Corridor Commercial District and the numerous traffic cuts onto VMP. We do not want commercial businesses in the middle of these residential neighborhoods. Since the city developed the parkway, it has become very popular with pedestrians and bicyclists. Why ruin that by putting additional traffic cuts on VMP for these people to navigate? All entrances and exits should be from Eastern Avenue. The current roundabout works very well but speed limits are ignored.
Thank you.

Subject: [EXT] Case REZ22-07 Request of High Properties on behalf of Shamrock Properties LC

Please consider the following comments and concerns regarding this zoning change request before making your recommendations.

1). This area does not need 16 acres of Commercial property adjacent to single family housing. We don't need or want businesses operating 24/7 with their accompanying bright lighting in this corridor. Nor do we need the additional traffic congestion trying to turn into and out of this type of business (gas stations, convenience stores, vape shops, etc.). There are plenty of gas stations/convenience stores nearby on 53rd St., Brady and Jersey Ridge.

2). How will residents enter and exit this new development? The site limitations on Veterans Memorial Parkway (looking to the east) and the high rate of speed prohibit these residents from safely entering or exiting directly onto Veterans Memorial Parkway. The only safe approach to this new development will be from Eastern Avenue.

3). Why so much R-MF Multi-Family Residential? How about more single family homes instead?

Thank you for your consideration.

It would appear to be reckless per the current plan for traffic to be routed onto the parkway from new areas. All should be entered onto Eastern where there is less traffic and lanes. For the safety of all concerned, all entrance / exits should utilize Eastern. The parkway has an appropriate speed of 45. That does not allow for people to slow to enter additional housing/business areas or ample space to exit and be accelerated to the 45 speed of traffic already moving on parkway.

In my opinion, serious rear end accidents and injuries/ death would be at risk. Developers of this need to structure exits with concern for citizen safety rather than economy.

I agree with Tom Javobson's concern.

It is difficult to believe that any reputable traffic study wouldn't flag the amount of probable congestion on Veterans as is suggested by the number of housing units + gas station + coffee shop in what is a relatively small area. It is also notable that the plan makes so little use of the traffic control available via the existing lights at Eastern and Veterans.
As a retired engineer in another field, I know the wisdom staying in my own lane and deferring to actual experts, but even I can identify some changes which would seem to have potential:

1.An exit from the housing area (likely just south of the west end cul de sac) to the northern extension of Eastern. That combined with elimination of the currently planned western access to Veterans would funnel much of the traffic from the higher density residential section to the current Eastern/Veterans intersection.
2. A traffic control device (my preference would be a traffic circle rather than lights) at the east/west midpoint of the development (where the planned exits from the residential and the commercial both intersect Veterans). It seems likely that lights or a circle will be required at this location once the area is built up. Especially if a circle, provision must be made now to allow space.
3. Elimination of one or both of the western exits from the commercial area to Veterans and redirection of that traffic to an exit on Eastern and to the lights/circle suggested in item 2.
4. No change to the exit at the eastern end of the development. The number of housing units that exit supports is relatively small.

Thanks for the opportunity to comment.

The proposed plan calls for five cuts or entrances from the proposed residential and commercial developments to Veterans Memorial Parkway between the roundabout and Eastern Ave. It would seem a better solution would be route traffic to the Eastern Ave intersection to avoid traffic disruptions and turn lanes.

Hi Laura,

I hope this finds you well. My husband plans on being at the city council meeting tomorrow however, I was told to voice some of our concerns to you.

We live directly behind the corn field and with trees we planted 4 years ago are not nearly as large enough to provide much privacy for our back yard. We do have young girls and a pool. Two big concerns would be whatever tall building that is built especially residential apartments overlooking right down into our back yard. The next area of concern is people cutting through our back yard. We lived in another house in Davenport and that's exactly what happened when they built an apartment that was connected to back yard and why we moved. There are other concerns we have but these two our our top priority. With our backyard really being the only one connected with direct access and view I'd really hope someone can understand why we are not happy about the development.

I'm m sure you are busy with more complaints and work and I do appreciate your time reading this email. Please feel free to contact me with any questions. My cell number is

Hello- My name is Brad Merritt and my wife and I have lived at 2130 Cromwell Circle for 20 years. We went to the 'friendly neighbor' meetings with the developer and I'd like to believe that our residents were heard and requested action items were put into place for the future construction. There seems to be a paranoia that things can 'change' even after all the meetings for a host of reasons and I'm hoping that all these proceedings and follow through will be legitimated ultra responsible. We are proud of our Davenport community and don't want to become jaded with our process of transparency and responsible and wise building. We understand that there is a need to develop this corridor and we just want complete assurance that certain things are not going to happen:
1-just North of Cromwell on the pie-shaped parcel we have been repeatedly told that area will not have apartments or high density buildings nor will there be construction taller than a normal 2-story building..including garages.
2-If apartments are necessary out here it appears as though as far west and north would seem prudent…. Probably even into parcel west of Eastern for future dealings where there aren't pre existing homes.
3-Lighting is always a concern with new development but maybe even more vital is that all buildings have a very low noise emittance …exhausts/air systems, etc. Ex. The Kahl Home is very very loud and unreasonable even though it may somehow fall within guidelines it is a nuisance for residential.

Thank you and I hope that we can all grow well and wisely together, Brad Merritt, DC

Laura,

We are strongly opposed to rezoning land west of Jersey Ridge and north of Veterans Memorial Parkway. Under no conditions do we want a strip mall and multi-family residences that close to our residence. This will only bring in crime and high traffic. Veterans Memorial is busy enough already. We paid a premium to be in the Jersey Farms Neighborhood to get away from crime; please do not bring it to us by rezoning this land. There are all kinds of "for rent" signs around the QC for housing as well as empty business spaces. We do not need or want multiple curb cuts for a strip mall and apartments on Veterans Memorial Parkway. Traffic will be at a crawl on Jersey Ridge and Eastern and we will not be able to get out of our addition. Even now it is sometimes difficult to get out of Jersey Farms. We do not want our property devalued; that would hurt us but also the city as you would get less tax dollars from our addition.

Greetings Ms. Berkley,

My name is Scott Scherbroeck and I have lived in northern Davenport for the last 31 years. Almost all of that 31 years my residence was at the corner of 61st Street and Utica Ridge Road. I moved to 61st Street in August 1991 before all the development along 53 Street, Elmore Avenue and Veterans Memorial. I am currently building a new home in the Forest Roads Estate subdivision of north Davenport.

Two of the three aforementioned developments I would qualify as a traffic disaster. The third now appears to be headed for the same fate as the other two. Since the initial completion of 53rd Street this street always seems to have a large section under repair or modification.which creates major traffic complications every construction season. Elmore with all the store entrances and exits is at worst an accident waiting to happen (or actually happening), and at its best is frequently a chaotic traffic jam.

Veterans Memorial took a long time to complete and closed down my favorite passage between Utica Ridge and Jersey Ridge - 67th Street. Once Veterans Memorial opened it became my favorite passage to avoid 53rd Street for east/west travel in north Davenport. Now it appears new development is going to complicate travel along Veterans Memorial and probably transition it into another 53rd Street or Elmore Street..

I have seen an early proposed plan for the development of land between Jersey Ridge and Eastern to the east and west and Veterans Memorial. I urge you to carefully consider the number of exits and entrances you allow traffic directly to enter Veterans Memorial, otherwise my preferred east/wester route for north Davenport may have to become I-80. I have never understood why Davenport doesn't utilize frontage roads as many other cities do to facilitate smoother and safer traffic flow to main thoroughfares.

Please don't allow the upcoming development along Veterans Memorial to generate another 53rd street or Elmore Street traffic quagmire. I am hoping the current Davenport city officials can learn from their predecessor's mistakes.

Dear Ms Berkeley. We live at 2159 Cromwell Circle in Davenport and have some concerns about the proposed Duffey development. According to the diagram, I see there are signal family homes proposed next to the large houses on Jersey Ridge Road north of VMP however you have commercial planned south of VMP next to the homes on Cromwell Circle. I believe the commercial should be north of VMP and single family homes south of VMP adjoining the homes on Cromwell Circle the same way you are recommending to the north. Both areas have expensive homes. Secondarily, currently the traffic on VMP moves at a good pace and it is a great way to get across town. Please put in frontage roads north and south of VMP to avoid curb cuts and turn lanes which will slow down and disrupt the traffic flow. We believe a roundabout at eastern and VMP would be a good idea. We use this road daily and would not like to see the flow disrupted by curb cuts. Thanks for your help. Dave and Ginny Samuelson

Ms. Berkley,
Thanks for the revised exhibit.
It will take a bit before I can ask something intelligent. How long is the period of questioning? Or is this simply a courtesy and the die is cast?
Assuming questions can be asked that might have an impact on what is actually done in building this development, here are a couple of general inquiries.
1. Is it usual for a light commercial segment to be built next to established houses? I'm referring to the buildings proposed south of VMP which are drawn as sitting immediately to the north of an existing neighborhood.

2. What is the actual number of apartments proposed and the estimated number of people housed in the apartments? Same question for the townhouses.
3. Are there any proposed buffering efforts to this development - for sound, sight and traffic?
4. Does it matter, in any way, that VMP at the site of the development is like a motordome, with the 45mph 4 lane road falling down from Eastern into a considerable stretch running between two long hills until the fun begins at the roundabout at Jersey Ridge, all of which tends to encourage acceleration and bouncy amplification of the noises from vehicles passing through?
5. Are there recommended setbacks for such a development from existing "things' such as the interstate and VMP and the property on which houses sit?
6. Are there considerations for egress and ingress? Is there ever a need to build frontal roads.
Thanks again.
John Brooke

Mr. Brooke,

That is what has generally been conveyed at a conceptual level, but I wanted to make sure that you are aware that the density of the residential developments would need to follow the minimum standards within the zoning code. As of Friday afternoon, I have a completed application now. I have attached an exhibit provided in the application showing you how the request by zoning district.

There are a minimum/maximum dimensional standards for residential districts which can be found here: https://ecode360.com/35578471
Please note the following: R-1 lots are closer to 1/2 acre lots. The minimum lot size for R-4 is slightly more than 1/8 acres.

The dimensional standards for commercial districts can be found here: https://ecode360.com/35578572

In particular, I want to draw your attention the Zoning Use Matrix. This is a spreadsheet that tells use you uses are allowed in what districts. "P' means permitted and "S" means a special use permit from the Zoning Board of Adjustment is required: https://ecode360.com/attachment/DA4058/DA4058-017a%20Use%20Matrix%20Table.pdf Unless further restricted with the rezoning, the uses shown in the matrix would be permitted to develop.

Ms. Berkley,

Thanks again for sending the power point presentation.
It is difficult to know what is being planned at this point in the process, but if the drawings are a reasonable indication, the Duffy project looks to result in the following on the north side of Veteran's Memorial Parkway:
1. 30 houses on 1/4 acre lots
2. 50 houses on 1/8 acre lots
3. 100 town homes, town houses and duplexes 4. 150 x 4 levels = 600 multiple family living spaces.

On the south of VMP, which buts up to the houses in Cromwell Circle, are 1. A gas station 2. A coffee shop 3. A retail space strip for multiple businesses and parking for 50 4. 12 offices with parking.

Is that a fair expectation of what the Duffy project will turn out to be?

Mr. Brooke,

The developer held one meeting on May 10, 2022 without city staff or elected officials present. From my understanding, addresses within 200 feet of the rezoning request were invited to the meeting, which is what is required by city ordinance. Another meeting was held on June 9, 2022 at 5:30pm at the Eastern Avenue Branch of the Davenport Library with City Staff and elected officials present. For this meeting, staff elected to expand the notice area to properties within 800 feet of the proposed rezoning. I do have you on the second mailing list, so I am not sure why you did not receive the mailing.

I have attached the presentation the developer gave at the meeting. The contact information for the developer and the engineering consultant can be found on the last slide. There is still plenty of time in the process to submit comments as the official process is just about to start.

Please let me know if you have any additional comments.

Sincerely,

There was a mention of "what has been presented at neighborhood meetings," of which I was unaware.
Were these meetings actually held, and if so , when and where, who was invited, and who presented?
Finally, it is possible to obtain the information that was presented?

Ald. Lee,

We just received a formal application for the rezoning late last week, although we are still waiting on the payment of the fee, so it is not considered a complete application at this time. The request is pretty close to what has been presented at the neighborhood meetings - low density, single-family east of Pheasant Creek, with R-4 (similar to Prairie Heights) and R-MF (townhouses and apartments) on the remaining land north of Veterans Memorial Parkway. The request is still for C-2 Commercial Corridor to the south of Veterans Memorial Parkway.

Pending payment, the public hearing before the Plan & Zoning Commission is tentatively scheduled for November 1st. Letters to properties owners will be sent out early next week with more information, again, pending a complete application.

Second Consideration: Ordinance for Case ROW22-05 being the request of Corn Belt Capital, LLC to vacate unimproved right-of-way located south of Research Parkway and to the west of Interstate 80 Airport Industrial Park 12th Addition. [Ward 8]

Recommendation:
Adopt the Ordinance.

Background:
The purpose of the of the right-of-way vacation is to better facilitate development of property south of Research Parkway. The right-of-way is currently unimproved. Upon vacation, the city will immediately dedicate new right-of-way in a configuration that will better enable access to the lots south of Research Parkway while providing sufficient area for roadway improvements.

The Plan and Zoning Commission reviewed Case ROW22-05 at its November 15, 2022 meeting and have recommended approval subject to the following findings and condition:

Findings:

1. There is an excess of public right-of-way not required for city purposes.
2. Newly dedicated right-of-way will provide access to the lots south of Research Parkway.

Condition:

1. Upon vacation, the city shall immediately dedicate new right-of-way in a configuration that will better enable access to the lots south of Research Parkway while providing sufficient area for roadway improvements.

Comprehensive Plan:

Within Existing Urban Service Area: Yes
Within Urban Service Area 2035: Yes

Abutting Future Land Use Designation: Industry in the Davenport +2035 Land Use Plan.
Abutting Zoning: I-1 Light Industrial District.

Technical Review:

- Streets: Upon vacation, the City can dedicate new public right-of-way to better facilitate development of the lots south of Research Parkway.
- Natural Resources/Storm Water: No issues with the proposed vacation.
- Sanitary Sewer: There is no existing infrastructure within the proposed right-of-way vacation.
- MidAmerican Energy Company: No issues with the proposed vacation.
- Iowa American Water Company: No issues with the proposed vacation. Depending on the development of the site, a utility easement may be required.

- Lumen: No issues with the proposed vacation.

Public Hearing Notice | Plan and Zoning Commission

Date: 11/1/2022
Time: 5 PM

Location: Council Chambers | City Hall | 226 W. 4th ST.
Subject: Public Hearing for a Right-Of-Way Vacation

To: **All property owners within 200 feet of the subject public right-of-way located south of Lot 2 of Interstate 80 Airport Industrial Park 8th Addition.**

What is this About?
This notice is being sent to inform you that a public hearing will be held for a request to vacate public right-of-way located south of Research Parkway and west of Research Drive. The existing right-of-way is unimproved.

Request/Case Description
Case ROW22-05: Request of Corn Belt Capital, LLC to vacate unimproved right-of-way located south of Lot 2 of Interstate 80 Airport Industrial Park 8th Addition. [Ward 8]

What are the Next Steps after the Public Hearing?
The Plan and Zoning Commission will hold a formal public hearing at their meeting on November 1, 2022. The Plan and Zoning Commission will vote (provide a recommendation) to the City Council at their meeting on November 15, 2022. The Commission's recommendation will be forwarded to the City Council which will then hold its own public hearing. You will receive a notice of the City Council's public hearing. The City Council will ultimately decide if the property is no longer needed for City purposes, and is eligible for vacation. At that point, the City Attorney's office will negotiate with adjacent property owners to determine the appropriate way to convey the property, and possibly, purchase price. For the specific dates and times of subsequent meetings, please contact the case planner below.

Would You Like to Submit an Official Comment?
As a neighboring property owner you may have an interest in commenting on the proposed request via email or in person at the public hearing. Send written comments to planning@davenportiowa.com (no later than 12:00 PM one day before the public hearing) or to: Planning, 1200 E 46th St, Davenport IA 52807.

All documents related to the meeting (agenda included) are at "Search Minutes & Agendas": http://www.cityofdavenportiowa.com/boards Mondays before the meeting/public hearing.

Do You Have Any Questions?
If you have any questions or if accommodations are needed for any reason, please contact the planner assigned to this project (Matt Werderitch) at matt.werderitch@davenportiowa.com or 563-888-2221. Interpretive services are available at no charge. Servicios interpretativos libres estan disponibles. TTY: (563) 326-6145

Please note items may be removed or tabled to a future hearing date at the request of the Applicant or Commission/Board. Those interested verifying case actions and/or tablings, please contact Planning at 563-326-6198 or planning@davenportiowa.com for updates.

Subject:
First Consideration: Ordinance amending Chapter 10.96 entitled "Schedules" of the Municipal Code of Davenport, Iowa by amending Schedule V Four-Way Stop Intersections thereto by adding Lombard Street at Jebens Avenue. [Ward 4]

Recommendation:
Adopt the Ordinance.

Background:
Residents near the intersection of Lombard and Jebens have requested a four-way stop to help improve the intersection. Only Jebens (north-south) has stop signs now. There is a dip in the road on Lombard at the intersection with warning signs in advance of the dip. A four-way stop would help eliminate the impact of the dip because everyone would be stopping at the intersection. Both streets have about the same volume, which is preferable when all-way stop signs are installed. The Manual on Uniform Traffic Controls states that multi-way stop control could be used when it would improve the traffic operational characteristics of an intersection of two residential through streets of similar design and operating characteristics.
With adoption of this Ordinance, flashing stop signs on Lombard will be installed and left there for at least one year. There will also be warning signs on Lombard in advance of the intersection.

Resolution approving the Final Development Plan for Case FDP22-01 being the request of SCI Iowa Funeral Services Inc to establish a Planned Unit Development at 1200 East 39th Street to grant an exception to allow for a reception facility under the S-OS Open Space District. [Ward 7]

Recommendation:
Adopt the Resolution.

Background:
City Council approved the preliminary plan at its September 28, 2022 meeting. The applicant has submitted a final plan for a planned unit development, which provides public benefits in exchange for permission to operate the existing building as a reception facility.

The Plan & Zoning Commission reviewed Case FDP22-01 at its December 6, 2022 meeting and voted unanimously to recommend approval of the request subject to the listed findings and condition.

Findings:

1. The final development plan provides a public benefit to the City.
2. The final development plan meets the purpose of a planned unit development.
3. The final development plan is consistent with the preliminary plan.

Condition:

1. The final design of the landscape plan shall be reviewed and approved by City staff.

PLANNED UNIT DEVELOPMENT: FINAL PLAN DOCUMENT

SCI IOWA FUNERAL SERVICES INC.
CUNNICK-COLLINS LIFE CELEBRATION
SUBMITTED: NOVEMBER 1, 2022

BACKGROUND & OVERVIEW

Through numerous years of operations, SCI Iowa Funeral Services, Inc. ("SCI") has maintained a positive relationship with the City of Davenport ("City") while respectfully serving residents with their funeral and cemetery needs. In 2020 SCI acquired all of the operating assets of the Cunnick-Collins Mortuary ("Cunnick-Collins"), located at 1200 East 39th Street.

Increasingly in recent years, clientele of both our funeral homes and our cemetery have repeatedly requested that we provide spaces for more contemporary memorial gatherings, as well as dedicated reception space to accommodate catered luncheons following funeral/or and cemetery services. The tucked-in nature of the Cunnick-Collins facility on cemetery ground already owned by SCI, and adjacent to three other cemeteries along 39th Street, lends itself very well to accommodating these requests.

To meet this need in our community, SCI has extensively renovated this facility, in full compliance with City building code requirements, with flexible space to accommodate both contemporary celebration of life/memorial services as well as funeral-related reception events, while still accommodating those in our community who desire more traditional funeral events at our other funeral home locations.

With this facility now re-designed to celebrate meaningful funeral-related events, it seems a natural extension to host other substantially similar events in the lives of families not specifically related to funeral or memorial events.

While not an exhaustive list, specific examples of similar meaningful life events that often involve a gathering, open house, and/or reception could include a 50th wedding anniversary, an 80th birthday, wedding or baby showers, first communion/confirmation, bar mitzvah/bat mitzvah, graduation, or retirement to name a few. All are meaningful events in the lives of citizens, their families, and our community, and many choose to celebrate them with various types of gatherings.

Desiring to accommodate the demonstrated community interest for more flexible event space, SCI rebranded the Cunnick-Collins Mortuary as the Cunnick-Collins Life Celebration Center ("Celebration Center") in 2022 to better utilize the facility more adaptively with certain Reception Hall and Community Center functions.

During conversations with the City's Zoning Administrator, the Celebration Center became better acquainted with the City's Zoning and Occupancy requirements, which lead the Celebration Center to request use of the City's Planned Unit Development process. The City's Plan and Zoning Commission and City Council successfully approved a Preliminary Plan, outlining compensating amenities to the City and certain public benefits.

PLANNED UNIT DEVELOPMENT: FINAL PLAN FOR CONSIDERATION

In addition to continued uses already allowed in S-OS zoning, we seek your approval of our PUD Final Plan, as detailed below:

- **Meeting Space For City Events** – The City may rent the Celebration Center, at the reduced cost of 50% off standard facility rental rates for meetings, gatherings or events, limited to no more than 24 uses annually, subject to availability and within standard event hours 8:00 AM – 11:00 PM Monday – Friday. Use of Celebration Center's Rental Agreement and standard forms is required. City use of the Celebration Center may commence upon Celebration Center's receipt of an approved Certificate of Occupancy following the installation of a fire sprinkler system, as required for Assembly Group A-2 Occupancy.

- **Formal Garden** – We will incorporate the addition of a formal garden with native plants and flowers to the west side of our property for the public to enjoy. Please see the images below for the proposed design and location of the formal garden. For optimal planting, we expect the garden to be complete by fall 2023.

- **Not-For-Profit Benefit** – As a benefit to the City's nonprofit entities, we will offer rental of the facility at the reduced cost of 50% off standard facility rental rates for meetings, gatherings or events, limited to no more than 24 uses annually, subject to availability and within standard event hours 8:00 AM - 11:00 PM Monday - Friday. Verification of nonprofit status and use of Celebration Center's Rental Agreement and standard forms is required. Nonprofit use of the Celebration Center may commence upon Celebration Center's receipt of an approved Certificate of Occupancy following the installation of a fire sprinkler system, as required for Assembly Group A-2 Occupancy.

SUMMARY

Anchored by our longstanding positive relationship with the City and its residents, we now seek to enhance our facility and service offerings to the community, with the same high-levels of dignity and respect the community has come to expect from us.

We appreciate your thoughtful consideration of our PUD Final Plan. In addition to providing project details and timelines, we trust you will find the Final Plan is in substantial conformance to the previously approved Preliminary Plan. We welcome continued conversations.

Case FDP22-01: Request of SCI Iowa Funeral Services Inc. to establish a Planned Unit Development at 1200 East 39th Street to grant an exception to allow for a reception facility under the S-OS Open Space District. [Ward 7]

Project Overview:
City Council approved the preliminary plan at its September 28, 2022 meeting. The applicant has submitted a final plan for a planned unit development, which provides public benefits in exchange for permission to operate the existing building as a reception facility.

Planned Unit Development:
Planned Unit Developments (PUD) are a special approval intended to encourage and allow more creative and flexible development of land than is possible under district zoning regulations and should only be applied to further those applications that provide compensating amenities to the City.

Through the flexibility of the planned unit development technique, a PUD is intended to:

1. Encourage flexibility in the development of land and in the design of structures.
2. Encourage a creative approach to the use of land that results in better development and design than might otherwise be accomplished under the strict application of other sections of this Ordinance.
3. Allow for the design of developments that are architecturally and environmentally innovative, and that achieve better utilization of land than is possible through strict application of standard zoning controls.
4. Combine and coordinate architectural styles, building forms, and structural/visual relationships within an environment that allows mixing of different uses in an innovative and functionally efficient manner.
5. Provide for the efficient use of land to facilitate a more effective arrangement of land uses, structures, circulation patterns, and utilities.
6. Encourage land development that, to the greatest extent possible, preserves natural vegetation, respects natural topographic and geologic conditions, and refrains from adversely affective flooding, soil, drainage, and other natural ecologic conditions.
7. Facilitate the implementation of adopted City land use policies, particularly with respect to areas planned for potential redevelopment.

A planned unit development is subject to the underlying district regulations, including use, unless an exception is specifically granted. The Plan and Zoning Commission may recommend and the City Council may grant exceptions to the zoning district regulations, including use, for a planned unit development.

The underlying zoning district regulations, including use, apply unless an exception is granted as part of the planned unit development approval. In no case may an exception to district regulations be granted unless the applicant demonstrates a substantial benefit to the City.

Final Plan:
SCI Funeral Services, Inc. has submitted a final plan for consideration. In exchange for permission to operate the existing facility as a reception hall, the following public benefits are proposed:

1. **Meeting Space For City Events** – The City may use the facility, at the reduced cost of 50% off standard facility rental rates for meetings, limited to no more than 24 uses annually. City events are subject to availability and within standard event hours of 8am to 11pm Monday through Friday.
2. **Formal Garden** – The petitioner will incorporate the addition of a formal garden filled with native grasses, plants, and flowers to the west side of our property for the public to enjoy.
3. **Not-For-Profit Benefit** – As a benefit to the City's nonprofit entities, we will offer rental of the facility at the reduced cost of 50% off standard facility rental rates for meetings, gatherings or events, limited to no more than 24 uses annually, subject to availability and within standard event hours 8:00 AM - 11:00 PM Monday - Friday. Verification of nonprofit status and use of Celebration Center's Rental Agreement and standard forms is required.

The formal garden and adaptive reuse of the existing building satisfy the threshold required for a Planned Unit Development. If approved, the new use of the facility will be more aligned with a Community Center. While the public benefits offered by the petitioner may appear minimal, staff believe the amenities are aligned with the level of the request.

Rezoning Staff Report from the July 19, 2022 Plan and Zoning Commission Meeting:
The purpose of the rezoning request is to allow a change in building function from a funeral home to a reception facility. Cunnick-Collins Mortuary & Cremation Service currently operates a funeral home at 1200 East 39th Street. The owners intend to expand the business beyond funeral services by renting the gathering spaces for other reception activities.

Why is a Zoning Map Amendment Required?
A 'Reception Facility' is a prohibited use in the S-OS Open Space District. A rezoning to C-1 Neighborhood Commercial District is the least intensive non-residential zoning classification that allows a 'Reception Facility'. Should the rezoning request be approved by City Council, then a Special Use Permit must be granted by the Zoning Board of Adjustment to operate a 'Reception Facility' within the existing building.

Comprehensive Plan:
Within Existing Urban Service Area: Yes
Within Urban Service Area 2035: Yes

Future Land Use Designations:
The property is designated as Parks and Recreation in the Davenport +2035 Land Use Plan.

1. **Parks and Recreation (PR)** – Designates major developed parks, recreation areas, golf courses, cemeteries, etc. Park or recreation properties can be located in any zoning district. Smaller parks may not appear on the map because of the more general nature and scale of the map. But, it is implied in Residential General (RG) that small neighborhood parks are included.

Zoning:
The applicant is proposing a rezoning from S-OS Open Space District to C-1 Neighborhood Commercial District.

1. **S-OS Open Space District** - This district is intended to provide and protect larger open space and public recreational facilities, both outdoor and indoor, and cemeteries. Larger regional open spaces/parks may include both active and passive recreation areas and certain ancillary uses,

such as cultural facilities, performance venues, and eating establishments. This district is also intended for governmental agency offices/facilities providing a governmental service to the public.

2. **C-1 Neighborhood Commercial District** - This district is intended to provide for commercial uses that predominantly serve the needs of nearby residential neighborhoods, and that are compatible in scale and character with the surrounding residential area. Low intensity mixed-use is encouraged.

Zoning Ordinance Use Definitions:

1. **Funeral Home** - An establishment where the dead are prepared for burial display and for rituals before burial or cremation, including chapels for the display of the deceased and the conducting of rituals before burial or cremation, and crematoriums.
2. **Reception Facility** - A facility that provides hosting and rental services of a banquet hall or similar facilities for private events including, but not limited to, wedding receptions, holiday parties, and fundraisers, with food and beverages that are prepared and served on-site or by a caterer to invited guests during intermittent dates and hours of operation. Live entertainment may be provided as an ancillary use as part of an event. A reception facility is not operated as a restaurant with regular hours of operation.

Staff Recommendation:

Staff recommend Case FDP22-01 be forwarded to the City Council with a recommendation for approval, subject to the following findings and condition.

Findings:

1. The final development plan provides a public benefit to the City.
2. The final development plan meets the purpose of a planned unit development.
3. The final development plan is consistent with the preliminary plan.

Condition:

1. The final design of the landscape plan shall be reviewed and approved by City staff.

Section 17.14.080 Planned Unit Development

A. Purpose

Planned unit developments (PUD) are a special approval intended to encourage and allow more creative and flexible development of land than is possible under district zoning regulations and should only be applied to further those applications that provide compensating amenities to the City. The underlying zoning district dimensional, design, and use regulations apply to a PUD unless specifically modified through the approval process. Through the flexibility of the planned unit development technique, a PUD is intended to:

1. Encourage flexibility in the development of land and in the design of structures.

2. Encourage a creative approach to the use of land that results in better development and design than might otherwise be accomplished under the strict application of other sections of this Ordinance.

3. Allow for the design of developments that are architecturally and environmentally innovative, and that achieve better utilization of land than is possible through strict application of standard zoning controls.

4. Combine and coordinate architectural styles, building forms, and structural/visual relationships within an environment that allows mixing of different uses in an innovative and functionally efficient manner.

5. Provide for the efficient use of land to facilitate a more effective arrangement of land uses, structures, circulation patterns, and utilities.

6. Encourage land development that, to the greatest extent possible, preserves natural vegetation, respects natural topographic and geologic conditions, and refrains from adversely affective flooding, soil, drainage, and other natural ecologic conditions.

7. Facilitate the implementation of adopted City land use policies, particularly with respect to areas planned for potential redevelopment.

B. Initiation

The entire property proposed for the planned unit development must be in single ownership or under unified control. All owners of the property must be included as joint applicants on all applications and all approvals will bind all owners.

C. Authorization

A planned unit development is authorized in all zoning districts.

D. Exceptions From District Regulations

1. A planned unit development is subject to the underlying district regulations, including use, unless an exception is specifically granted. The Plan and Zone Commission may recommend and the City Council may grant exceptions to the zoning district regulations, including use, for a planned unit development.

2. Exceptions from district regulations may be granted for planned unit developments, if the exceptions:

a. Enhance the overall merit of the planned unit development.

b. Promote the objectives of both the City and the development.

c. Enhance the quality of the design of the structures and the site plan.

d. Will not cause excessive adverse impact.

e. Are compatible with adopted City land use policies.

f. Provide a public benefit to the City, as described below.

3. The underlying zoning district regulations, including use, apply unless an exception is granted as part of the planned unit development approval. In no case may an exception to district regulations be granted unless the applicant demonstrates a substantial benefit to the City. Design characteristics and amenities to be considered in this determination include, but are not limited to, the following:

a. Community amenities including plazas, malls, formal gardens, and pedestrian facilities.

b. Preservation of existing environmental features.

c. Preservation of historic features.

d. Open space and recreational amenities such as recreational open space, including accessory buildings, jogging trails and fitness courses, and playgrounds, dog parks, skate parks, and similar recreational features.

e. Reduction of impervious surface throughout the development below the threshold required by the district.

f. Adaptive reuse of existing buildings.

g. Provision of public car and/or bike share facilities

h. Affordable housing set-asides.

E. Procedure

The following procedures, requirements, restrictions, and conditions are required. The approval of a planned unit development includes a pre-application consultation, preliminary plan approval, and final plan approval.

1. Pre-Application Consultation

a. Prior to formal submittal of an application, a pre-application conference with the Zoning Administrator is required.

b. At a pre-application consultation, the applicant must provide:

i. A map (or maps) in general form containing the proposed land uses, the natural features of the development site, the character and approximate location of all roadways and access drives proposed, the location of all adjacent public streets, public utilities, and schematic drawings showing the size, character, and disposition of buildings on the site.

ii. A summary of the public benefits and amenities and any anticipated exceptions to this Ordinance.

iii. A written statement containing a general explanation of the planned unit development, including a statement of the present ownership of all the land within said development and the expected schedule of construction.

c. The purpose of such pre-application consultation is to make advice and assistance available to the applicant before preparation of the preliminary plan, so that the applicant may determine whether the proposed planned unit development is in compliance with this Ordinance and other applicable regulations, and whether the proposed planned unit development aligns with the adopted land use policies of the City.

d. The pre-application conference does not require formal application, fee, or filing of a planned unit development application. Any opinions or advice provided by the Zoning Administrator are in no way binding with respect to any official action that may be taken on the subsequent formal application. No decision will be made on the application.

2. Preliminary Plan

An application for a preliminary plan for a planned unit development must be filed with the Zoning Administrator. Once it is determined that the application is complete, the Zoning Administrator will schedule the application for consideration by the Plan and Zoning Commission.

a. Action by the Plan and Zoning Commission

i. After receipt of a complete application, the Plan and Zoning Commission will consider the preliminary plan at a public hearing.

ii. Within 30 days of the close of the public hearing, the Plan and Zoning Commission must forward its recommendation to the City Council, unless an extension is agreed to by the applicant.

iii. The Plan and Zoning Commission must evaluate the preliminary plan based upon the evidence presented at the public hearing, pursuant to the approval standards of this section. The Plan and Zoning Commission must recommend approval, approval with conditions, or denial of the preliminary plan.

b. Action by City Council

The City Council will review the preliminary plan upon receipt of the Plan and Zoning Commission recommendation, and must approve, approve with conditions, or deny the preliminary plan.

c. Conditions

The Plan and Zoning Commission may recommend and the City Council may impose conditions and restrictions upon the establishment, location, construction, maintenance, and operation of the planned unit development as may be deemed necessary for the protection of the public health, safety, and welfare. Such conditions and restrictions must be reflected in the final plan.

d. Approval Standards

The recommendation of the Plan and Zoning Commission and decision of the City Council must make a finding that the following standards for a planned unit development have generally been met.

i. The proposed planned unit development meets the purpose of a planned unit development.

ii. The proposed planned unit development will not impede the normal and orderly development and improvement of surrounding property.

iii. There is provision for adequate utilities and infrastructure, drainage, off-street parking and loading, pedestrian access, and all other necessary facilities.

iv. There is provision for adequate vehicular ingress and egress designed to minimize traffic congestion upon public streets. A traffic study may be required to provide evidence that the circulation system is adequate.

v. The location and arrangement of structures, parking areas, walks, landscape, lighting, and other site design elements, are compatible with the surrounding neighborhood and adjacent land uses.

e. Expiration

i. The preliminary plan approval expires if a complete application for approval of a final plan has not been filed within one year after the date the City Council grants preliminary plan approval. As part of the approval of the preliminary plan, the City Council may extend this period of time including approval of a phasing plan where the validity period is longer than one year for the planned unit development.

ii. An extension of this one year period may also be granted by the City Council if the applicant requests an extension in writing prior to the expiration date of the approval. A public hearing for an extension of time of a preliminary plan is not required.

3. Final Plan

Following the approval of the preliminary plan, an application for a final plan for a planned unit development must be filed with the Zoning Administrator.

a. Action by Zoning Administrator

The Zoning Administrator will review the final plan upon receipt of the complete final plan application and take the following action:

i. If the final plan is in substantial compliance with the approved preliminary plan, the Zoning Administrator will recommend approval of the final plan to the Plan and Zoning Commission. The Zoning Administrator will certify to the Plan and Zoning Commission that the final plan is in substantial conformance with the previously filed preliminary plan.

ii. If the final plan is not in substantial conformance with the approved preliminary plan, the Zoning Administrator must inform the applicant as to specific areas found not to be in compliance, and the applicant must resubmit the final plan to the Zoning Administrator with changes to those areas found not to be in substantial compliance and the validity of the preliminary plan remains in effect. If the revised final plan remains noncompliant with the preliminary plan, the applicant may request that the Zoning Administrator render a decision to be forwarded to the Plan and Zoning Commission. In such case, the Zoning Administrator will recommend to the Plan and Zoning Commission that the final plan be denied and the plan and recommendation will be forwarded to the Plan and Zoning Commission.

b. Action by Plan and Zoning Commission

Upon receipt of the Zoning Administrator recommendation, the Plan and Zoning Commission must review the final plan. The Plan and Zoning Commission must approve or deny the final plan. If denied, the applicant may reapply by submitting a new final plan and the validity of the preliminary plan remains in effect. Alternatively, the applicant may submit the final plan as a new preliminary plan at the preliminary plan stage.

c. Effect of Approval

After final plan approval, the final plan will constitute the development regulations applicable to the subject property. The planned unit development must be developed in accordance with the final plan, rather than the zoning district regulations otherwise applicable to the property. Violation of any condition is a violation of this Ordinance and constitutes grounds for revocation of all approvals granted for the planned unit development.

d. Expiration

i. The final plan approval expires if a building permit has not been issued within two years after the date of final plan approval. As part of the Plan and Zoning Commission approval of the final plan, the Plan and Zoning Commission may extend this period of time including approval of a phasing plan where the validity period is longer than two years for the PUD.

ii. An extension of this two year validity period may be granted by the City Council prior to the expiration date of the approval if the applicant requests an extension in writing prior to the expiration date of the approval.

F. Modifications to Approved Final Plans

No adjustments may be made to the approved final plan, except upon application to the City in accordance with the following.

1. Administrative Modifications

The Zoning Administrator may approve the following administrative modifications to an approved final plan when it is determined by the Zoning Administrator that such changes are in substantial conformance with the approved final plan. Any changes considered a minor or major modification, as defined in this section, cannot be approved as an administrative modification. The Zoning Administrator, at his/her sole discretion, may choose to classify a modification that meets the criteria of this section as a minor modification to be approved by the Plan and Zoning Commission. No notice is required for an administrative modification.

a. Changes required during construction when related to final engineering issues such as topography, drainage, underground utilities, structural safety, or vehicular circulation, to be confirmed by the City Engineer.

b. Changes in building location of no more than ten feet that continue to meet the requirements of this Ordinance and any conditions of the final plan approval.

c. Changes in the location of walkways, vehicle circulation ways, and parking areas of up to ten feet that continue to meet the requirements of this Ordinance and any conditions of the final plan approval.

d. Changes to a structure that do not increase the building footprint, gross floor area, or height.

e. Changes in building design, including building materials, that continue to meet the requirements of this Ordinance and any conditions of the final plan approval.

f. Modification of existing accessory structures or the addition of new accessory structures when in conformance with the requirements of this Ordinance.

g. Modifications to the approved landscape plan that do not result in a reduction of the total amount of plant material required and conform with all landscape requirements of this Ordinance.

h. Modification of existing signs or the addition of new signs when in conformance with sign regulations.

2. Minor Modifications

The Plan and Zoning Commission may approve the following minor modifications to an approved final plan when it is determined by the Plan and Zoning Commission that such changes are in general conformance with the approved final plan. Any changes considered a major modification, as defined in this section, cannot be approved as a minor modification. The Plan and Zoning Commission, at its sole discretion, may choose to classify a modification that meets the criteria of this section as a major modification to be approved by the City Council. No notice is required for a minor modification. When calculating percentages, all fractions are rounded up to the nearest whole number.

a. An increase or decrease in building height of up to 10%.

b. An increase or decrease in building coverage up to 10%.

c. A change of in the location of walkways, vehicle circulation ways, and parking areas over ten and up to 20 feet.

d. An increase or decrease in the number of parking spaces of up to 20 parking spaces.

e. A change to the landscape plan that results in a reduction of plant material but does not violate the landscape requirements of this Ordinance.

f. Altering any final grade by no more than 20% of the originally planned grade.

3. Major Modifications

a. The City Council may approve any other changes to an approved final plan that do not qualify as an administrative or minor modification. In addition, any of the following are considered major modifications:

i. Any request for an extension of time of the approved final plan.

ii. Changes to any conditions imposed as part of the approved final plan.

iii. Reductions or alterations in the approved public benefit and amenities to be provided.

iv. Any development action that does not comply with zoning district regulations.

b. All major modifications to the final plan must be approved by the City Council in a public hearing. The City Council may only approve changes to the final plan if they find such changes are in general conformance with the approved final plan, necessary for the continued successful functioning of the planned unit development, respond to changes in conditions that have occurred since the final plan was approved, and/or respond to changes in adopted City land use policies.

c. Upon review of the proposed major modifications, the City Council may determine that the proposed modifications constitute a new planned unit development and the final plan must be resubmitted as a preliminary plan and follow the procedures of approval in this Section. The applicant may submit the final plan as a new preliminary plan at the preliminary plan stage.

Subject:
Resolution approving a Development Agreement for the Martin Luther King, Jr. Plaza Project (Friends of MLK, petitioner). [Ward 3]

Recommendation:
Adopt the Resolution.

Background:
Approximately eight years ago, the concept of the MLK Plaza at 5th and Brady was first conceived. Over the next several years, plans evolved and the Friends of MLK non-profit organization was formed. The MLK Interpretive Center was created and occupies space in a new housing development immediately adjacent to the proposed MLK Plaza site (501 Brady).

In 2021, Friends of MLK refined the concept for the MLK Plaza, signed a long-term lease with the City of Davenport, and was awarded a $500,000 grant from the City for the project utilizing American Rescue Plan Act (ARPA) funds through the U.S. Treasury Department.

In the spring of 2022, Friends of MLK finalized construction drawings and solicited construction bids. In addition, they were successful in securing grant allocations from Scott County, Regional Development Authority, and the Scott County Regional Authority. Most recently Friends of MLK, in partnership with the City, was awarded funding through the State of Iowa's Enhance Iowa Grant through their Community Attraction & Tourism (CAT) Program.

In total, the $1.1M project will feature standing displays for exhibits, providing historical context, education, and awareness and can be changed for specific programming and events. The Plaza will also include a stage and lawn for community events, classes, and artistic expression (see attached renderings).

Pending approval of the final program requirements, approval of this Development Agreement would authorize staff to execute the appropriate documents to commit the above sources of funding. The developer anticipates beginning site work in spring 2023 with completion anticipated in summer 2023.

RESOLVED by the City Council of the City of Davenport, Iowa.

RESOLUTION approving a Development Agreement for the Martin Luther King Jr. (MLK) Plaza project (Friends of MLK, petitioner).

WHEREAS, Friends of MLK had a vision for the MLK Plaza to be constructed on a City-owned vacant lot at the northeast corner of 5th and Brady Streets; and

WHEREAS, with funding awarded to the City through the American Rescue Plan Act from the U.S. Treasury to assist with the recovery from the Coronavirus pandemic, the City Council approved an allocation plan that included up to $500,000 for the proposed MLK Plaza project with an estimated cost of $1.1M located at 511 Brady (Parcel G0056A01) in August 2021; and

WHEREAS, Friends of MLK has continued fundraising efforts for the balance of funding needed for the MLK Plaza; and

WHEREAS, the City of Davenport, in partnership with Friends of MLK, has applied for the State of Iowa's Enhance Iowa Grant through their Community Attraction & Tourism (CAT) Program and were awarded $219,840 on December 1, 2022; and

WHEREAS, the City of Davenport is the owner of the property at parcel G0056A01 and has entered into a lease agreement with Friends of MLK, a 501(c)(3) organization, through April 30, 2031; and

WHEREAS, funding and reimbursement payments for the project are subject to all federal, state, and local program and financial requirements and all other rules.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Davenport, Iowa that, contingent upon the aforementioned items, the Development Agreement with Friends of MLK for the Martin Luther King Jr. (MLK) Plaza project is hereby approved.

Passed and approved this 11th day of January, 2023.

PROJECT BUDGET AND FUNDING SOURCES

In consideration of the terms and obligations of this agreement, the Grantee agrees to provide a grant to the Recipient for development of the property at Parcel # G0056A01. The total amount of funds provided by the Grantee to the Recipient under this Agreement shall not exceed $500,000. The total cost of the Project is based on the Contractor's bid of $1,099,200 and supplied by the Recipient.

Sources of Funds

City of Davenport	$ 500,000
Enhance Iowa Community Attraction and Tourism (CAT) Grant	219,840
Scott County	20,000
Scott County Regional Authority	125,000
Regional Development Authority	125,000
Davenport Downtown Partnership	20,000
Private Donations	89,360
Total	$1,099,200

Change Orders

Change orders are required when the scope of work is changed. This includes any emergency, changes due to unknown conditions, or changing of the price which includes additional charges or reduction of price and work. Also included is the change of specifications/scope of work. Change orders must be approved by the Grantee, the Contractor and the Recipient. Change orders are to be approved prior to the work being completed or paid.

Reimbursement Requests

This is a cost-reimbursement Agreement. Disbursement of funds under this Agreement may be requested only for necessary, reasonable, and allowable costs of this Project.

Payments under this Agreement shall be based upon the value of the work satisfactorily completed at the time the progress payment is requested. It is the intent of the Grantee to make payments directly to the Contractor. In the case that the Recipient is required to pay for a portion of the total project, the Recipient shall be responsible for paying all of their portion of the costs after the Grantee contributing funds.

Reimbursement requests must be remitted to CED by or before each Tuesday at 12:00 noon, so the resulting disbursement can be scheduled for two weeks after the payout is received, unless the contractor is notified otherwise. The Grantee shall pay out the loan amount, less a 5% retainage, after the Contractor has furnished an invoice for payment owed to date, for the materials and labor procured under this contract, including supporting documentation such as materials lists, sub-contractor invoices, certified weekly payroll. The Grantee and the Recipient will sign off on each payment request.

Final disbursement of remaining retainage shall be paid to the Contractor after the completion of construction of the Project, evidenced by the final approval by all code approval by all code agencies and field inspection by Grantee. Only funds spent after the contract has been signed are eligible for reimbursement.

Refusal of the Recipient to Compensate Contractor

If after Recipient fails to pay the Contractor after a reasonable attempt to notify the Recipient of work changes, payment reviews, or final inspections, if the Grantee determines that all work has been satisfactorily completed, the Grantee shall inform Recipient in writing that the work has been satisfactorily completed. In the event the Recipient fails to respond, the Grantee shall pay the Contractor directly without the Recipient's signature.

NOTICES

Notices required by this Agreement shall be in writing and delivered via mail (postage prepaid), commercial courier, or personal delivery or sent by facsimile or other electronic means. Any notice delivered or sent as aforesaid shall be effective on the date of delivery or sending. All notices and other written communications under this Agreement shall be addressed to the office indicated below, unless otherwise modified by subsequent written notice.

Communication and details concerning this contract shall be directed to the following contract representatives:

DOCUMENTATION AND RECORD KEEPING

Maintenance

The Recipient shall maintain all records prescribed by the Grantee, with respect to all matters covered by this Agreement.

Record Requirements

The Recipient shall maintain all records that are pertinent to the Project to be funded under this Agreement. Such records shall include but are not limited to:

a. Records providing a full description of each activity undertaken;
b. Financial records that document all transactions and that can be properly documented and audited;
c. Copies of all bid documents, bids received, RFPs, RFQs, and any other procurement documents;
d. Copies of all third party or subcontracts; and
e. Detailed records on the Recipient's organization, financial and administrative systems, and the Project funded under this Agreement.

Retention of and Access to Records

In accordance with 2 CFR § 200.334 through 200.338, the Recipient agrees to keep the records required by this Agreement. The Recipient shall retain all records for a period of three years from date of project completion. Notwithstanding the above, if there is litigation, claims, audits, negotiations or other actions that involve any of the records cited and that have started before the expiration of the three-year period, the records must be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken.

The Recipient agrees that the Grantee, or any of their authorized representatives, has access to and the right to examine all documents, papers, or other records which are pertinent to this Agreement, in order to make examinations, excerpts and transcripts.

Documentation of Costs
All costs must be supported by proper documentation evidencing in proper detail the nature and propriety of the charges. All checks, payrolls, invoices, contracts, vouchers, orders or other accounting documents pertaining in whole or in part to this Agreement shall be clearly identified and readily accessible.

Maximum Amount and Drawdown
It is expressly agreed and understood that the total amount to be paid by the Grantee under this Agreement shall not exceed the amount stipulated in Project Budget.

OTHER FEDERAL REQUIREMENTS

Compliance with Laws
All parties shall comply with all applicable federal, state and local laws, regulation, and policies governing the funds provided under this Agreement. The Recipient further agrees to use funds available under this Agreement to supplement rather than supplant funds otherwise available.

Hold Harmless
The Recipient, its agents and any assignees shall agree to hold harmless the Grantee and its agents, officials and employees against all suits, claims, damages, and losses, including attorney fees that may be based on any injury to person or property due to negligent acts, errors or omissions of the Recipient.

Insurance & Bonding
The Recipient shall carry sufficient insurance coverage as required by federal regulation, sufficient coverage to protect assets covered in this Agreement from loss due to theft, fraud and/or physical damage.

Amendments
The Grantee or Recipient may amend this Agreement at any time provided that such amendments make specific reference to this Agreement, and are executed in writing and signed by a duly authorized representative of both organizations. Such amendments shall not invalidate this Agreement, nor relieve or release the Grantee or Recipient from its obligations under this Agreement. The activity must be completed in full by December 31, 2026 as funds after this date are required to be returned to the Treasury pursuant to 2 C.F.R. 200.344 (d).

The Grantee may amend this Agreement to conform with federal, state or local governmental guidelines, policies and available funding amounts, or for other reasons. If such amendment results in a change in the funding, the scope of services, or schedule of the activities to be undertaken as part of this Agreement, such modifications will be incorporated only by written amendment signed by both Grantee and Recipient.

Recipients of Federal financial assistance from the Treasury are required to meet legal requirements relating to nondiscrimination and nondiscriminatory use of Federal funds. Those requirements include ensuring that entities receiving Federal financial assistance from the Treasury do not deny benefits or services, or otherwise discriminate on the basis of race, color, national origin (including limited English proficiency), disability, age, or sex (including sexual orientation and gender identity), in accordance with the following authorities: Title VI of the Civil Rights Act of 1964 (Title VI) Public Law 88-352, 42 U.S.C. 2000d-1 et seq., and the Department's

implementing regulations, 31 CFR part 22; Section 504 of the Rehabilitation Act of 1973 (Section 504), Public Law 93-112, as amended by Public Law 93-516, 29 U.S.C. 794; Title IX of the Education Amendments of 1972 (Title IX), 20 U.S.C. 1681 et seq., and the Department's implementing regulations, 31 CFR part 28; Age Discrimination Act of 1975, Public Law 94-135, 42 U.S.C. 6101 et seq., and the Department implementing regulations at 31 CFR part 23. The Recipient is required to meet the City of Davenport local ordinance, Chapter 2.58.

Section 504 Compliance

No otherwise qualified individual with a disability shall, solely by reason of his/her disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance. This includes, but is not limited to, programs and/or activities related to housing, employment, and the delivery of services.

Equal Opportunity/Affirmative Action

Recipient certifies that it is an "Equal Opportunity Employer" and that it will comply with Chapter 2.58 of Davenport Municipal Code, as amended, Chapter 216 (State Civil Rights) of the Iowa Code, and all applicable regulations of the U.S. Department of Housing and Urban Development pertaining to equal opportunity and affirmative action in employment. Further, Recipient shall ensure that all contracts for work under this Agreement contain appropriate equal employment opportunity statements.

Debarment and Suspension (Executive Orders 12549 and 12689):

A contract award (see 2 CFR § 180.220) must not be made to parties listed on the governmentwide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR Part 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Emerging Business Enterprises

The Recipient will use its best efforts to afford minority and women-owned business enterprises (at least fifty-one (51) percent owned and controlled by minority group member or women) the maximum practicable opportunity to participate in the performance of this Agreement.

Hatch Act

The Recipient agrees that no funds provided, nor personnel employed under this Agreement, shall be in any way or to any extent engaged in the conduct of political activities in violation of Chapter 15 of Title V of the U.S.C.

ASSIGNMENTS

Assignability

The Recipient shall not assign or transfer any interest in this Agreement without the prior written consent of the Grantee thereto; provided, however, that claims for money due or to become due to the Recipient from the Grantee under this Agreement may be assigned to a bank, trust company, or other financial institution without such approval. Notice of any such assignment or transfer shall be furnished promptly to the Grantee.

Third Party Contracts

The Recipients agrees to furnish the Grantee with a copy of any and all third-party contracts that is executes in the performance of the work to be undertaken within the scope of this Agreement.

The Recipient agrees to incorporate or cause to be incorporated in all third-party contracts or subcontracts funded under the Project, provisions requiring all applicable Federal, State, and local laws, rules, and regulations to be adhered to in accordance with all parts of this Agreement. Specifically, the Recipient agrees to require and monitor compliance by all contractors, subcontractors, and other third parties. Any third-party contract that is not in accordance with the outlined budget in this Agreement will be subject to the advance, written approval of the Grantee. Furthermore, the Grantee shall not be obligated or liable hereunder to any party other than the Recipient.

AUDITS AND INSPECTIONS

The Recipient must establish an adequate accounting system on a current basis in accordance with generally accepted accounting principles and standards and in accordance with any specific requirements of the Grantee. Recipient personnel will make available to Grantee and any other auditor authorized by the Grantee, all Project and accounting records and financial statements needed to meet the requirements of 2 CFR § 200.300, 200.302, and 200.303.

REMEDIES FOR NONCOMPLIANCE AND TERMINATION

Remedies for Noncompliance

If the Grantee at any time determines the Recipient materially fails to comply with any term of this Agreement, or with any of the rules, regulations, or provisions referred to herein, the Grantee may use any of the following remedies to ensure compliance:

Warning

Issuance of a written warning citing the violation that has occurred, and a deadline when the violation must be remedied if it is still occurring.

Withholding Payment

Withholding of funds by the Grantee until the Recipient is found in compliance by the Grantee.

Termination

Termination of funds by the Grantee if the Recipient materially fails to comply with any term of this Agreement or with any of the rules, regulations or provisions referred to herein.

Termination for Convenience

This Agreement may be terminated in whole or in part upon the mutual agreement of the parties hereto, in which case the Grantee and Recipient shall agree upon the termination conditions, including the effective date, the disposition of agreement amounts, and in the case of partial termination the portion to be terminated.

MISCELLANEOUS

Legal Authority
By using this Agreement, the Recipient certifies that it possesses legal authority to accept grant funds, execute the activity described in this Agreement, and that the Signatory is authorized and consents on behalf of the Recipient and that they accept the jurisdiction of the Grantee for the purpose of enforcement of their responsibilities.

Waivers
No conditions or provisions of this Agreement can be waived unless approved by the Grantee in writing.

Designation of Officials
The City Administrator or designee is the official authorized to execute any changes in the terms, conditions, or amounts specified in this Agreement.

Waiver of Rights
The Grantee's failure to insist upon the strict performance of any provision of this Agreement or to exercise any right based upon breach will not constitute a waiver of any rights under this Agreement.

Agreement Coverage
This Agreement, along with any attachments contain the entire Agreement between the parties. Any statements, inducements or promises not contained will not be binding upon the parties. This Agreement will be binding upon the successors in office of the respective parties.

Severability
If any provision of this Agreement is held invalid, the remainder of the Agreement shall not be affected thereby and all other parts of this Agreement shall nevertheless be in full force and effect.

Resolution No. _____

Resolution offered by Alderman Dunn.

RESOLVED by the City Council of the City of Davenport, Iowa.

RESOLUTION adopting the final assessment schedule for the FY 2021 Alley Resurfacing Program in accordance with the Alley Cost Share Program, and amending, confirming, and levying the assessments, CIP #35038.

WHEREAS, heretofore and in strict compliance with Chapter 384 of the Code of Iowa, 2022, as amended, this Council did, pursuant to the Resolution of Necessity duly adopted, order the construction of the 2021 Alley Resurfacing Program, and such improvement having been duly completed, the work accepted, and the Engineers having filed the final assessment schedule, has been fully considered by this Council.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Davenport, Iowa that:

Section 1. The final assessment schedule filed by the Engineers covering the FY 2021 Alley Resurfacing Program is hereby amended as follows:

None

Section 2. After full consideration, appraisement and apportionment of the special benefits conferred upon the property shown in said schedule of said improvements, this Council finds that the said property is specially benefited by said improvements in the amounts as shown on said schedule and that the said amounts are in proportion to the special benefits conferred upon the property by said improvements, are not in excess of such benefits and are not in excess of 25% of the actual value of the lots, parts of lots and parcels of ground shown in said schedule.

Section 3. The Final Assessment Schedule be and the same is hereby approved and confirmed and that there be and there is hereby assessed and levied as a special tax against and upon each of the lots, parts of lots and parcels of land that the owner or owners thereof are liable to assessment for the cost of said improvements shown in said schedule, the respective sums expressed in figures set opposite to each of the same on account of the cost of the construction of said improvements; and said assessments against said lots and parcels of ground are hereby declared to be in proportion to the special benefits conferred upon the said property by the said improvements and not in excess thereof, and not in excess of 25% of the value of the same.

Section 4. Assessments may be paid in full without interest within thirty days after the date of the first notice of the final assessment schedule, and thereafter all unpaid special assessments will draw annual interest at 2 percent computed to the December 1 next following the due dates of respective installments, and each installment will be delinquent on September 30 following its due date, and will draw additionally the same delinquent interest and the same penalties as ordinary taxes. Any property owner may elect to pay one-half of any annual installment of principal and interest of a special assessment in advance, with the second semiannual payment of ordinary taxes collected in the year

preceding the due date of such installment. The number of installments into which said assessments greater than $100.00 are to be divided shall be ten (10) and the interest for all unpaid installments shall be at the current interest rate adopted by the city percent per annum, the first installment being due and payable on July 1, 2023 and succeeding installments, with interest on the whole unpaid amount shall become due on July 1, annually thereafter and shall be paid at the same time and in the same manner as the September semi-annual payment of ordinary taxes.

Section 5. The Deputy Clerk is hereby authorized and directed to certify and file the final assessment schedule, herein referred to, with the County Treasurer of Scott County, and the City Clerk shall thereupon give notice of such certification and filing by publication once each week for two successive weeks in the *Quad-City Times*, a legal newspaper printed wholly in the English language, published at least once weekly and of general circulation in Davenport, Iowa, the first publication to be not more than fifteen days after the date of filing of the final schedule, and the Deputy Clerk shall mail said notice by certified mail to each property owner whose property is subject to assessment for said improvement, as shown by the records in the office of the County Auditor of Scott County, Iowa, said notice to be mailed on or before the second publication of said notice, all in accordance with Chapter 384 of the 2022 Code of Iowa, as amended.

Section 6. Such notice shall be in form substantially as follows:

See attached notice.

Section 7. Each and all of the deficiencies which appear on the final assessment schedule with respect to the benefited property are hereby confirmed and conditionally levied to the extent that such deficiencies may be subsequently assessed against each lot under Section 384.63 of the Code of Iowa, 2022, as amended.

Section 8. The Deputy Clerk is hereby authorized and directed to certify and file a listing of said deficiencies with the Scott County Treasurer who shall record them in a separate book entitled "Special Assessment Deficiencies" and to the Chief Building Inspector, being the City Official charged with the responsibility of issuing building permits in the City, who shall notify the Council when a private improvement is subsequently constructed on any lot subject to a deficiency. The certificate to the aforementioned Scott County Treasurer shall include a legal description of each lot.

Section 9. All resolutions or parts of resolutions in conflict herewith be and the same are hereby repealed, to the extent of such conflict.

Passed and approved this 11th day of January, 2023.

Resolution adopting the final assessment schedule for the FY 2022 Streambank Stabilization Cost-share Program project at West 62nd Street and North Elmwood Avenue, and amending, confirming, and levying the assessments. [Ward 2]

Recommendation:
Adopt the Resolution.

Background:
Within the City of Davenport, maintenance of streams that flow through private property is considered the responsibility of the property owner. A resident or business owner petitions the City to have their stream bank stabilized through the Streambank Stabilization Cost-share Program. This program is an assessment program where ½ of the total cost to reconstruct or stabilize the stream is paid for by the City and the other ½ is paid for by the abutting property owners based on the area of their lot affected by the project.

This project was completed at the east-west section of an unnamed tributary to Silver Creek starting from west of North Linwood Avenue to just west of North Thornwood Avenue between West 62nd and West 63rd Streets. Work on this project has been satisfactorily completed by the City and a Certificate of Completion will be filed with the Deputy City Clerk as required by the Code of Iowa. The final cost of the project was $75,000 of which $48,295 shall be assessed against private property within the assessable district.

Work on this program has been satisfactorily completed and accepted by City Council on December 14, 2022. Adoption of this Resolution will apportion the share assessed to the property owners.

Resolution No. _____

Resolution offered by Alderman Dunn.

RESOLVED by the City Council of the City of Davenport, Iowa.

RESOLUTION adopting the final assessment schedule for the FY 2022 Streambank Stabilization Cost-share Program project at West 62nd Street and North Elmwood Avenue, and amending, confirming, and levying the assessments.

WHEREAS, heretofore and in strict compliance with Chapter 384 of the Code of Iowa, 2022, as amended, this Council did, pursuant to the Resolution of Necessity duly adopted, order the construction of the FY 2022 Streambank Stabilization Cost-share Program project, and such improvement having been duly completed, the work accepted, and the Engineers having filed the final assessment schedule, which has been fully considered by this Council;

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Davenport, Iowa that:

Section 1. The final assessment schedule filed by the Engineers covering the FY 2022 Streambank Stabilization Cost-share Program project at West 62nd Street and North Elmwood Avenue is hereby amended as follows:

None

Section 2. After full consideration, appraisement and apportionment of the special benefits conferred upon the property shown in said schedule of said improvements, this Council finds that the said property is specially benefited by said improvements in the amounts as shown on said schedule and that the said amounts are in proportion to the special benefits conferred upon the property by said improvements, are not in excess of such benefits and are not in excess of 25% of the actual value of the lots, parts of lots and parcels of ground shown in said schedule.

Section 3. The final assessment schedule be and the same is hereby approved and confirmed and that there be and there is hereby assessed and levied as a special tax against and upon each of the lots, parts of lots and parcels of land that the owner or owners thereof are liable to assessment for the cost of said improvements shown in said schedule, the respective sums expressed in figures set opposite to each of the same on account of the cost of the construction of said improvements; and said assessments against said lots and parcels of ground are hereby declared to be in proportion to the special benefits conferred upon the said property by the said improvements and not in excess thereof, and not in excess of 25% of the value of the same.

Section 4. Assessments may be paid in full without interest within thirty days after the date of the first notice of the final assessment schedule, and thereafter all unpaid special assessments will draw annual interest at 0 percent computed to the December 1 next following the due dates of respective installments, and each installment will be delinquent on September 30 following its due date, and will draw additionally the same delinquent interest and the same penalties as ordinary taxes. Any property owner may elect to pay one-half of any annual installment of principal and interest of a special assessment in advance, with the second semiannual payment of ordinary taxes collected in the year preceding the due date of such installment. The number of installments into which said assessments

greater than $500.00 are to be divided shall be ten (10) and the interest for all unpaid installments shall be at the current interest rate adopted by the city percent per annum, the first installment being due and payable on July 1, 2023 and succeeding installments, with interest on the whole unpaid amount shall become due on July 1, annually thereafter and shall be paid at the same time and in the same manner as the September semi-annual payment of ordinary taxes; and

Section 5. The Deputy Clerk is hereby authorized and directed to certify and file the final assessment schedule, herein referred to, with the County Treasurer of Scott County, and the City Clerk shall thereupon give notice of such certification and filing by publication once each week for two successive weeks in the *Quad-City Times*, a legal newspaper printed wholly in the English language, published at least once weekly and of general circulation in Davenport, Iowa, the first publication to be not more than fifteen days after the date of filing of the final schedule, and the Deputy Clerk shall mail said notice by certified mail to each property owner whose property is subject to assessment for said improvement, as shown by the records in the office of the County Auditor of Scott County, Iowa, said notice to be mailed on or before the second publication of said notice, all in accordance with Chapter 384 of the 2022 Code of Iowa, as amended.

Section 6. Such notice shall be in form substantially as follows:

See attached notice

Section 7. Each and all of the deficiencies which appear on the final assessment schedule with respect to the benefited property are hereby confirmed and conditionally levied to the extent that such deficiencies may be subsequently assessed against each lot under Section 384.63 of the Code of Iowa, 2022, as amended.

Section 8. The Deputy Clerk is hereby authorized and directed to certify and file a listing of said deficiencies with the Scott County Treasurer who shall record them in a separate book entitled "Special Assessment Deficiencies" and to the Chief Building Inspector, being the City Official charged with the responsibility of issuing building permits in the City, who shall notify the Council when a private improvement is subsequently constructed on any lot subject to a deficiency. The certificate to the aforementioned Scott County Treasurer shall include a legal description of each lot.

Section 9. That all resolutions or parts of resolutions in conflict herewith be and the same are hereby repealed, to the extent of such conflict.

Resolution introducing the Proposed Resolution of Necessity covering the FY 2023 Alley Cost Share Program. [Wards 3, 5, & 6]

Recommendation:
Adopt the Resolution.

Background:
Costs for the Alley Cost Share Program are according to the following percentages:

- Residential | 25% property owner/75% City funds
- Commercial | 50% property owner/50% City funds.

The below alleys have requested to be included in the upcoming program.

1. East-west residential alley between Elm Street and East High Street from Lorton Avenue to alley end.
2. East-west residential alley from Kenwood Avenue to Forest Road between East Locust Street and East 18th Street.
3. North-south residential alley between Bridge Avenue and College Avenue from East Locust Street to Kirkwood Boulevard.
4. East-west residential alley from Kenwood Avenue to Forest Road between East 18th Street and Middle Road.
5. East-west named commercial alley (Emerson Place) from Pershing Avenue to Iowa Street between East River Drive and East 2nd Street.

During the process, if greater than 50% of the adjacent property owners declare they wish to opt out of the program, that alley will be removed from the program. Alleys removed during the process are eligible to participate in future years. The total estimated cost of these improvements is $600,000.

Resolution No. _____

Resolution offered by Alderman Dunn.

RESOLVED by the City Council of the City of Davenport, Iowa.

RESOLUTION introducing the Proposed Resolution of Necessity covering the FY 2023 Alley Cost Share Program.

WHEREAS, this Council has adopted a Preliminary Resolution pursuant to Section 384.42 of the Code of Iowa covering the resurfacing of the following alleys also known as the FY 2023 Alley Cost Share Program (herein referred to as the "Improvement Project"):

- east-west residential alley between Elm Street and East High Street from Lorton Avenue to alley end,
- east-west residential alley from Kenwood Avenue to Forest Road between East Locust Street and East 18th Street,
- north-south residential alley between Bridge Avenue and College Avenue from East Locust Street to Kirkwood Boulevard,
- east-west residential alley from Kenwood Avenue to Forest Road between East 18th Street and Middle Road,
- east-west named commercial alley (Emerson Place) from Pershing Avenue to Iowa Street between East River Drive and East 2nd Street; and

WHEREAS, pursuant thereto, the Project Engineers have prepared preliminary plans and specifications, an estimated cost of the work, and a plat and preliminary schedule, including the valuation of each lot as previously determined by this Council, and the same have been duly adopted and are now on file with the Clerk.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Davenport, Iowa that:

Section 1. It is hereby found and determined to be necessary and for the best interest of the City and its inhabitants to proceed with the aforementioned Improvement Project, and to assess the cost thereof to the property benefited thereby.

Section 2. The Improvement Project shall constitute a single improvement and shall consist of, generally, resurfacing of a certain alley with approximately a 2-inch thickness of Hot Mix Asphalt (HMA), and all associated work, all as more particularly described in the preliminary resolution relating to the Improvement Project previously adopted by this Council, which resolution is hereby referred to for a more complete description of the location and terminal points of the Improvement Project and the property benefited thereby and proposed to be assessed to pay the cost of such improvement.

Section 3. It is hereby found and determined that there is now on file in the office of the Clerk an estimated total cost of the proposed work and a preliminary plat and schedule showing the amount proposed to be assessed to each lot by reason of such improvement project.

Section 4. This Council will meet at 5:30 P.M. on the 18th day of January, 2023 at Davenport City Hall, 226 West 4th Street, at which time and place it will hear the property owners subject to the proposed assessment or assessments and interested parties for or against the Improvement Project, its cost, the assessment thereof, or the boundaries of the properties to be assessed. Unless a property owner files an objection with the Clerk at the time of the hearing on the Resolution of Necessity, he shall have deemed to have waived all objections pertaining to the regularity of the proceedings and the legality of using the special assessment procedure.

Section 5. The Clerk is hereby authorized and directed to give notice as required by Section 384.50 of the Code of Iowa, 2021, as amended, by publication once each week for two consecutive weeks in the Quad-City Times, a newspaper published at least once weekly and having general circulation in the City and shall likewise mail a copy of such notice to each property owner whose property is subject to assessment for the Improvement Project as shown by the records in the office of the County Auditor not less than fifteen days prior to the hearing on this resolution. The first publication of such notice shall not be less than ten (10) nor more than twenty (20) days prior to the hearing.

Section 6. That such notice shall be in the form substantially at that as follows section G.

Section 7. That all resolutions or parts of resolutions in conflict herewith be and the same are hereby repealed.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Davenport, Iowa that:

Section 1. It is hereby found and determined that the work of constructing the above-named project has been duly and fully completed by Langman Construction, Inc of Rock Island, Illinois in accordance with the terms of the project plans and specifications, and the same is hereby accepted and approved.

Section 2. It is hereby found and determined that the total construction cost of said project is in the total amount of $68,456.18 of which the sum of $14,636.42 shall be assessed against private property within the assessable district.

Section 3. The amount due to Langman Construction, Inc of Rock Island, Illinois is hereby ordered paid by the issuance to Langman Construction, Inc of anticipatory warrant or warrants, in accordance with Section 384.57 of the Code of Iowa, 2022, as amended, or from such other fund or funds as may be available for that purpose, such warrant or warrants and amounts paid from any such fund or funds to be paid and replaced to the extent possible from the proceeds of special assessments and the sale of special assessment bonds.

Section 4. The engineers are hereby instructed to prepare the final schedule of assessments, as provided in Section 384.59 of the Code of Iowa, 2022, as amended.

Section 5. All resolutions or parts of resolutions in conflict herewith be and the same are hereby repealed, to the extent of such conflict.

Passed and approved this 11th day of January, 2023.

Background:
For the 2023 state legislative session, the City of Davenport has prepared a legislative packet in which the City will take formal positions on issues as directed by the City Council through the adoption of this packet. Staff has prepared formal position papers on five areas that are of importance to the City including tax increment financing, automatic traffic enforcement, high risk unit funding, uniform building codes and property tax reform. In addition, the City of Davenport supports the preservation of local control by the State on all matters that impact the City.

As part of the 2023 legislative strategy, staff has coordinated delegation meetings to discuss the City's legislative priorities. Legislative updates will be distributed as needed to the City Council throughout the legislative session to keep the City Council abreast of current and upcoming issues that may need further discussion. The proposed platform serves only as a base, and the City will stay engaged as new topics arise during the session.

ISSUE PAPER 23-01 | Tax Increment Financing

December 1, 2022 (S. Ott & S. Knutsen)

STATEMENT OF ISSUE & BACKGROUND

The City of Davenport utilizes Tax Increment Financing (TIF) to incent businesses that are making a large capital investment and creating new jobs in Davenport and/or reversing blight in areas needing redevelopment. TIF has been consistently targeted by the state legislature in past sessions for modification. The City of Davenport, and the developers and businesses that invest in our City, would be directly impacted by any legislation that seeks to further regulate the use of TIF.

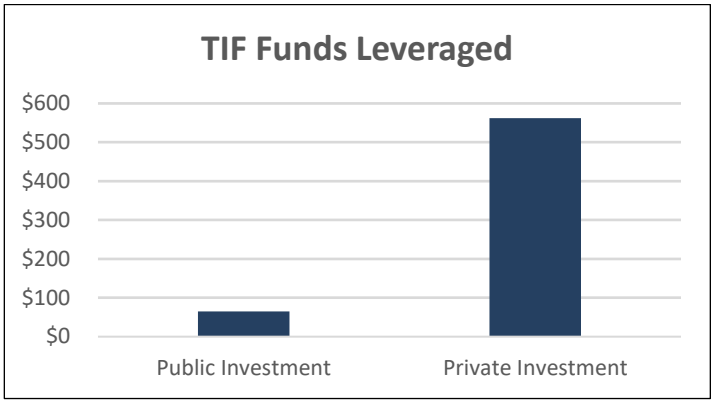
Iowa Code 403 allows for municipalities to use Tax Increment Financing (TIF) for a variety of economic development purposes. Davenport utilizes TIF for projects with significant job creation and capital investment. Davenport's standard TIF agreement provides companies with a 60% rebate over 15 years. Since 2009, every dollar spent in TIF has leveraged $10.30 in private investment, resulting in over $696M in development in Davenport. In addition, over 1,805 jobs have been created through projects supported with TIF.

In a globally competitive world, TIF helps position the City of Davenport and the State of Iowa as a business-friendly place to do business. Davenport uses economic development agreements to help existing businesses expand and thrive in Iowa. Over the past 10 years, 10 out of 11 projects were used to assist existing business expansions.

The City of Davenport consults with local taxing jurisdictions as required by Iowa Code before utilizing TIF for a new project or expanding an Urban Renewal Area. Davenport actively engages in this process and provides taxing jurisdictions information about all projects being considered for TIF. The City does not support any legislation that would give the State or other taxing jurisdictions authority over how the City utilizes TIF.

RELEVANT DATA

Exhibit 1: Private investment leveraged as a result of public TIF investment since 2009.



OPERATIONAL/FISCAL IMPACTS

Over the past 10 years the City has seen over 1,618 jobs created and $624M in capital investment in projects assisted by TIF. This capital investment has a direct effect on increasing the City's tax base and has led to an increase in assessed value of over $210M. This will result in over $7.12M in annual property taxes once the TIF payment schedules are complete. All other taxing jurisdictions benefit from development incented with TIF as the City only rebates a portion of the increment back to projects, meaning that all taxing jurisdictions see a net gain in property tax revenue.

Any legislation that seeks to limit municipalities' use of TIF would have substantial impacts on cities and potential economic development. The dexterity to rebate a portion of a growing company's property taxes or to utilize some of the property tax revenue stream to create infrastructure improvements is a critical tool in the race for business growth. The City of Davenport partners with the State of Iowa Economic Development Authority for the creation of new high-quality jobs within primary job sectors. A part of the requirement for the State's High Quality Jobs program is to match a portion of the State's award. The TIF program is one manner in which cities can meet this requirement.

REQUESTED ACTIONS

Oppose any legislation that may arise that seeks to limit the City's ability to use Tax Increment Financing, allowing it to be a flexible and powerful tool for business retention and attraction.

ISSUE PAPER 23-02 | High Risk Unit Funding

December 1, 2022 (S. Ott & J. Bladel)

STATEMENT OF ISSUE & BACKGROUND

The City of Davenport and the Davenport Police Department are committed to collaborating with local law enforcement and public safety partners to ensure our community is a safe place for all residents to reside. One such partner is the Department of Correctional Services 7th Judicial District of Iowa. They are charged with overseeing offenders who are currently on court-ordered supervised release to ensure they are complying with the terms and conditions of their probation as to not reoffend in the community.

Currently, half of Iowa Department of Correctional Service's eight districts have deployed High Risk Units in their jurisdictions, while the 7th Judicial District has not. High Risk Units are parole or probation officers that are sworn law enforcement officers. High Risk Units are responsible for the supervision and monitoring of high-risk, violent offenders, those at most risk of reoffending in our community. Although the number of offenders in this category are relatively small, they are responsible for the majority of violent crimes in our community and recidivate at rates exceeding 80%.

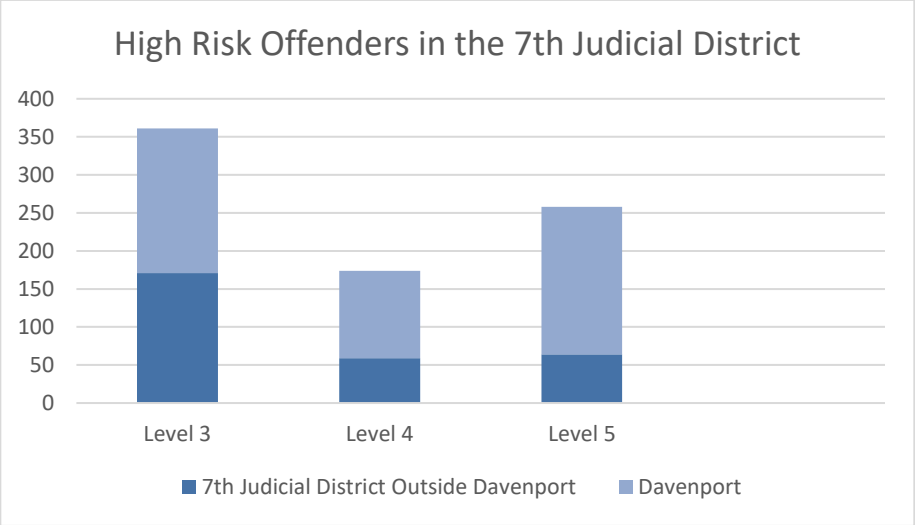
They are responsible for conducting residential check-ins throughout the district and ensuring parolees are complying with the conditions of supervision, including electronic monitoring of parolees. They also execute warrants and apprehend absconders throughout the community before they are able to reoffend. As sworn law enforcement officers, the High Risk Unit assists local law enforcement agencies with fugitive captures, special enforcement projects, task force operations, and seizures of firearms and narcotics.

Davenport, Iowa's third largest community, is located within the Correctional Services 7th Judicial District. The Board of Directors has previously identified the need for a High Risk Unit within the 7th Judicial District which does not currently have one. The 7th Judicial District would like to enhance their oversight of parolees in our community with the creation of the High Risk Unit within their district but needs State funding in order to do so. As the Davenport Police Department works diligently to combat crime in our community, funding a High Risk Unit within the Correctional Services 7th Judicial District would have a direct impact on public safety within the City of Davenport and would increase DPD's ability to prevent crime in our community. DPD sees the High Risk Unit as an essential component of our overarching violent crime reduction strategy.

By funding a High Risk Unit, the Department of Corrections 7th Judicial District will work closely with the Davenport Police Department to safely monitor this population to lower recidivism and therefore reduce violent crime in Davenport.

RELEVANT DATA

Exhibit 1: Number of high risk offenders in Department of Corrections 7th Judicial District



OPERATIONAL/FISCAL IMPACTS

The creation of a High Risk Unit in the Department of Corrections 7th Judicial District will directly contribute to the safety of our residents by providing more intensive oversight of those violent offenders at highest risk of reoffending in our communities.

REQUESTED ACTIONS

Support funding through the Department of Corrections for a High Risk Unit in the Department of Correctional Services 7th Judicial District High Risk Unit.

ISSUE PAPER 23-03 | State Uniform Building Codes

December 1, 2022 (S. Ott, J. Morris, T. Pradhan)

STATEMENT OF ISSUE & BACKGROUND

During the 2022 legislative session, Governor Reynolds introduced an omnibus workforce housing bill that included a section that would preempt local building and fire codes and replace them with a State Building Code. The State Building Code as proposed would have adopted the 2015 editions of several International Code Council model codes, two of which are the International Fire Code and the International Building Code.

The City of Davenport has currently adopted the 2015 International Building Code and the 2015 International Fire Code and plans to adopt the 2021 code editions in the next year. Throughout the state, many local jurisdictions have already adopted these 2021 code editions, or are in the process of doing so.

The legislation as drafted during the 2022 legislative session would not allow jurisdictions to add local amendments or exceed the 2015 International Building Code.

The City of Davenport opposes the preemption of local building codes to be replaced by a State Building Code that does not allow for local amendments or for jurisdictions to adopt newer code versions.

New code editions take into account new technology and building processes that are already being used in the field, often unregulated. State-wide adoption of 2015 editions of the model would mean Cities would have the inability to adapt to changing construction methods and leave issues that have arisen since 2015 unregulated. This is a major safety concern for fire and building code officials and is a danger to both the safety of citizens as well as first responders who are dispatched to mitigate a large variety of emergency situations.

The City understands the intent of the legislation to make construction more uniform for developers across the state; however, we do not believe this should be done in a way that preempts local municipalities, but rather done in a way that provides base uniformity across the state. This would still allow local jurisdictions to adopt amendments or new versions of the code to address safety concerns as they arise.

REQUESTED ACTIONS

Do not approve any bill that creates a State Building Code that does not allow for local jurisdictions to make amendments or adopt newer versions of the code. There is precedent for this in the State with the plumbing, electrical, and mechanical codes.

If a State Building Code will be adopted, it should include the newest editions of model codes. A board of stakeholders, including fire and building code officials, should be established to review new model codes and make recommendations for amendments to and adoption of such codes.

ISSUE PAPER 23-04 | Tax Reform Implications

December 1, 2022 (S. Ott)

STATEMENT OF ISSUE & BACKGROUND

The General Fund levy is currently capped at $8.10 per $1,000 in valuation and has been set at this rate since the 1980's. The City of Davenport utilizes its general fund to fund the ongoing operations of the City, including public safety.

Public safety resources are paid for through the City's General Fund. As urban metro areas have grown, the need to provide more public safety resources to protect their communities has also grown, yet the cap on the General Fund levy has made it increasingly difficult to do so in Davenport.

Public safety costs accounted for approximately 64.7% of the City of Davenport's FY 2022 annual general fund budget. The remaining portion of the budget accounts for all other municipal services provided by the City. Any property tax reform that impacts the general fund will have a direct impact on the City's ability to provide public safety resources to our citizens, including the need to cut public safety personnel.

In 2013, the State of Iowa adopted Senate File 295 which reformed the property tax structure in Iowa. The legislation reduced the commercial rollback from 100% to 90% and created a new multi-residential category that reduced multi-residential properties from 100% to a phased in rollback equal to the residential rollback. At the time, the State pledged to make cities whole through FY 2017 and would appropriate backfill monies each year after that.

In 2021, the State discontinued its ongoing commitment to this promise to appropriate dollars to cities and began to phase out the backfill over a series of years. In FY 2022, the last year that Davenport received the full amount of commercial backfill from the State, the City received approximately $3.1 million in commercial backfill funds, with $1.5 million of this in the general fund. Davenport is on an eight-year phase out schedule with the last payment anticipated to be received in FY 2029. This means that Davenport will have to absorb a loss of over $3.1 million in revenue by July 2029.

The City has been able to absorb this loss of revenue from the State without cutting public safety personnel; however, if there is further tax reform that impacts the general fund budget of the City, public safety personnel staffing levels are likely to be negatively impacted.

REQUESTED ACTIONS

Oppose any legislation that may arise that seeks to cut the City's general fund budget.

ISSUE PAPER 23-05 | Automated Traffic Enforcement Cameras

December 1, 2022 (S. Ott)

STATEMENT OF ISSUE & BACKGROUND

In past legislative sessions, there have been several bills proposed in the Iowa Senate aiming to prohibit or regulate the placement and use of all automated traffic enforcement (ATE) systems throughout the State. It is expected that these legislative proposals will continue to be made during the 2023 legislative session.

The City of Davenport would be directly affected by ATE prohibition legislation as the City utilizes this technology along its primary highway system for both red light enforcement at three signalized intersections and speed enforcement along two urban arterials. Red light citations are issued to drivers who are completely behind the stop bar when the signal turns red and still proceed through the intersection. Speed violation citations are issued to drivers who exceed the speed limit by 12 mph or more. All infractions are reviewed by a Davenport Police Department sworn officer or by a trained Community Services Specialist prior to the issuance of a citation. Additionally, it should be noted that all camera placement locations are clearly marked with signage, and all cameras are calibrated once per month to ensure measurement accuracy. The City's use of ATE cameras has shown to reduce the annual number of crashes where these cameras are located.

In 2018, the Iowa Supreme Court issued multiple rulings in regards to ATE cameras. First, the court ruled that the Iowa DOT lacked authority to turn off or remove camera, which opened the door for cities to operate ATE programs under their own rules. Then, the court ruled that cities could not impose liability for ATE camera violation without filing a municipal infraction. Davenport and other Iowa ATE communities do not use the municipal infraction process for ATE violations because of the significant impact that tens of thousands of tickets would have on county courts. Iowa Code already carves out an exception for a comparable ticket type: parking tickets. Iowa Code 321.236 permits liability to be imposed on parking violations outside of the municipal infraction process. The City of Davenport asserts that it is in the best interest of efficient police departments, city governments, county governments, and ATE violators to have similar language authorizing the collection of uncontested ATE fines by city clerks.

Rather than banning the use of ATE cameras, or undermining the financial penalty or deterrent with the municipal infraction process, the City of Davenport supports legislation that will create uniformity in the use of ATE cameras and the collection of fines across the State. The City supports enabling legislation that includes the following:

- A prohibition of placement of ATEs on interstates
- Uniform threshold requirements, including a minimum speed in excess of 12 mph over the posted speed limit and uniform seconds delay after a light change
- A uniform violation process that includes the ability for ATE violations to be handled outside the municipal infraction process

RELEVANT DATA

EXHIBIT 1: *Exhibit 1 illustrates the average annual crashes for ATE camera intersections.*

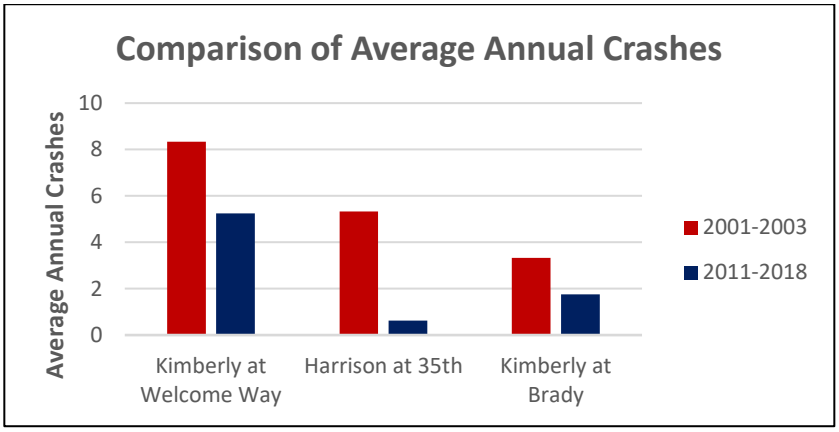

EXHIBIT 2: *Exhibit 2 illustrates the average speed at ATE camera locations.*

Speed Camera Location	Speed Limit	Median Speed
Brady Street (Near Columbia)	35 mph	35.1 mph
River Drive (Near College)	40 mph	38.8 mph
Kimberly & Brady	35 mph	38.2 mph
Kimberly & Welcome Way	35 mph	34.6 mph
Harrison & 35th	35 mph	36.2 mph

OPERATIONAL/FISCAL IMPACTS

If ATEs are prohibited, it would have substantial operational and fiscal impacts. Operationally, enforcement in the current ATE areas would need to substantially increased, and fewer resources would be available to increase the enforcement. Statistically, crashes would increase and require an increased response and investigation by other public safety entities such as Davenport Fire and MEDIC EMS. Financially, ATEs generate a portion of revenue that goes directly to the City's General Fund which directly supports the public safety budget.

REQUESTED ACTIONS

Support legislation that creates uniformity in the use of ATE cameras.

Support legislation that enables a change to impose liability for failure to contest citations within a specified window.

Oppose any bills that are presented as complete bans on all automated traffic enforcement systems due to their connection with reducing crashes and speeds.

Subject:
Motion approving a four-year collective bargaining agreement between the City of Davenport and the Union of Professional Police, Inc of Davenport, Iowa for the term beginning July 1, 2023 through June 30, 2027. [All Wards]

Recommendation:
Pass the Motion.

Background:
Beginning in November, the City and the Union have worked cooperatively through good faith negotiations to renegotiate the current contract ending on June 30, 2023.

The parties have voluntarily agreed to a number of compensation and operational contract modifications. Some of the main components include agreement to 3.5% general wage increases applied on 7/1/2023, 1/1/2024, 7/1/2025, and 7/1/2026 and the implementation of a revised salary schedule that tops out at twelve years of service. Additionally, the contract includes an annual 1.5% critical demand incentive and longevity incentive for those employed after 25 years or more. The tentative agreement provides for modest increases in uniform allowances, replacement allowances, fitness program incentives, shift differentials, and education incentives. Current benefits were reviewed, and the agreement also reflects modest increases in group insurance premiums and prescription co-pays, a maximum annual dental benefit of $3,000, and an escalated RHSP contribution schedule.

A full summary of the tentative agreement is attached for review.

The City thanks the Union of Professional Police, Inc for their cooperation and professionalism during the course of these negotiations. It is anticipated that this tentative agreement will be ratified by union membership on or before January 9, 2023 and is subject to full ratification by both entities before its implementation. A full contract will be prepared and posted as a public document by May 1, 2023.
