Case RE222-08: Request of Ecumenical Housing Development Group to rezone 1112 Bridge Avenue from R-4C Single-Family and Two-Family Central Residential District to R-MF Multi-Family Residential District. [Ward 5]

Background:

The purpose is to redevelopment the existing building into a three unit multi-family dwelling. Prior to the current ownership, the building was operating as an adult day care center. The single-story structure was built in 1991.

Why is a Zoning Map Amendment Required?

The Zoning Ordinance does not permit multi-family residential dwellings in the R-4C Single-Family and Two-Family Central Residential District. Pending approval of the rezoning by City Council, the applicant intends to convert the existing structure into three residential units.

Comprehensive Plan:

Within Urban Service Area 2035: Yes

Future Land Use Designations:

The subject property is designated Residential General in the Davenport +2035 Land Use Plan.

1. **Residential General (RG):** Designates neighborhoods that are mostly residential but include, or are within one-half mile (walking distance) of scattered neighborhood-compatible commercial services, as well as other neighborhood uses like schools, churches, corner stores, etc. generally oriented along Urban Corridors (UC). Neighborhoods are typically designated as a whole. Existing neighborhoods are anticipated to maintain their existing characteristics in terms of land use mix and density, with the exception along edges and transition areas, where higher intensity may be considered.

Zoning:

The property is currently zoned **R-4C Single-Family and Two-Family Central Residential District**. This district is intended to preserve and protect Davenport's dense, centrally located, established urban residential neighborhoods. Standards of the R-4C District are intended to ensure that new development is complementary to the existing developed character of these neighborhoods. Limited non-residential uses that are compatible with the surrounding residential neighborhoods may be permitted in the R-4C District.

The applicant is requesting a rezoning to **R-MF Multi-Family Residential District**. This district is intended to accommodate a high-density neighborhood environment characterized by a mixture of housing types including semi-detached dwellings, two-family dwellings, townhomes and multi-family dwellings. Limited non-residential uses that are compatible with the surrounding residential neighborhoods may be permitted in the R-MF District.

Technical Review:

City Departments reviewed the proposed Zoning Map Amendment Application for compliance with city ordinances and impacts to the existing neighborhood.

Approval Standards for Map Amendments (Chapter 17.14.040)

The Plan and Zoning Commission recommendation and the City Council decision on any zoning text or map amendment is a matter of legislative discretion that is not controlled by any particular standard. However, in making their recommendation and decision, the Plan and Zoning Commission and the City Council must consider the following standards. The approval of amendments is based on a balancing of these standards.

a. The consistency of the proposed amendment with the Comprehensive Plan and any adopted land use policies.

Staff Response: The property is designated as Residential General (RG) in the Davenport +2035 Land Use Plan. Since the Comprehensive Plan designated neighborhoods as a whole, the Bridge Avenue corridor is classified as Residential General from River Drive to Locust Street.

Established neighborhoods are anticipated to maintain their existing characteristics in terms of land use mix and density, with the exception along edges and transition areas, where higher intensity may be considered.

Rezoning the property to R-MF Multi-Family Residential District does not require an amendment to the Future Land Use Map.

It is staff's opinion the proposed amendment is consistent with the Comprehensive Plan and adopted land use policies.

b. The compatibility with the zoning of nearby property.

Staff Response: The existing neighborhood consists of properties zoned both R-4C Single-Family and Two-Family Central Residential District and R-MF Multi-Family Residential District. There are two lots on the same block bounded by Bridge Avenue, 10th Street, Oneida Avenue, and 12th Street zoned R-MF District. This includes the parcel located two lots to the south, or 140 feet, of the subject site on Bridge Avenue.

Carriage Hill Apartments, located on the northwest corner of Bridge Avenue and 11th Street, is approximately 110 feet southeast of the rezoning request. In addition, traveling west through the alley 237 feet, there is a property on Oneida Avenue zoned R-MF District.

Due to the close proximity of nearby property zoned R-MF Multi-Family Residential District, it is staff's opinion the proposed zoning amendment is not considered spot zoning. The request is compatible with the zoning of nearby property.

c. The compatibility with established neighborhood character.

Staff Response: The established neighborhood character of Bridge Avenue, between 13th Street and 10th Street, is a mixture of housing types ranging from single-family dwellings to multi-family apartment complexes.

With the exception of the four-story apartment building at 1011 Bridge Avenue, the neighborhood consists of single and two-story structures. The existing building on the subject site is one level. Staff are recommending a condition to limit the maximum building height to 35 feet. This matches the maximum building height of the R-4C District. The R-MF District has a maximum building height of 70 feet. Staff believe a building over 35 feet in height at this site would not fit the context and scale of the surrounding neighborhood.

The subject site is located a block and a half, or 700 feet, north of the Bridge Avenue National Historic District. It is also approximately 1,060 feet west of Prospect Park Historic District. While there are older homes in this area of Davenport, the existing building was constructed in 1991. The building does not possess the same architectural details of other historic homes in the vicinity. Instead, the sprawling ranch features a hipped roof and vinyl siding. Since the original use of the building was nonresidential, it was designed to blend with the homes immediately adjacent.

If the property were to be redeveloped, the current Zoning Ordinance contains design standards that ensure compatibility with the neighborhood character. The standards require facades to incorporate a unifying architectural theme, including windows, prominent entrances, projections, and quality building materials.

With the condition restricting building height, it is staff's opinion the proposed zoning district is compatible with the established neighborhood character with the recommended conditions.

d. The extent to which the proposed amendment promotes the public health, safety, and welfare of the City.

Staff Response: Rezoning the property to create three multi-family dwellings will not be detrimental to the surrounding area, which currently has a mixture of housing types. The petitioner is removing a nonresidential use (day care home) from an established neighborhood. With the condition limiting the number of multi-family units permitted on the site, the density of housing will have minimal impact on adjacent property owners.

Residents have expressed a desire for single-family owner-occupied housing, rather than rental properties. It should be noted that the Zoning Ordinance does not regulate owner occupancy of a housing unit.

It is staff's opinion that the proposed zoning map amendment will not negatively impact the public health, safety, and welfare of the City.

e. The suitability of the property for the purposes for which it is presently zoned, i.e. the feasibility of developing the property in question for one or more of the uses permitted under the existing zoning classification.

Staff Response: The building originally operated as a group home and was later converted to an adult day care. Both of these uses are permitted within the R-4C and R-MF District. However, the applicant

intends to convert the structure into three dwelling units. The conversion from a nonresidential use to housing is more compatible with the character of the area than the previous uses.

Based on conversations with the applicant, the footprint of the building will not be altered. Rather the 3,650 square foot floor plan will be remodeled to create two four-bedroom units and one two-bedroom unit.

The R-MF Multi-Family Residential District permits one dwelling unit per 1,500 square feet of lot area. Based on this calculation, a total of 13 units are permitted at 1112 Bridge Avenue. In comparison, the Carriage Hill Apartments have a total of 44 units and the buildings at 1011 Bridge Avenue have a total of 16 units.

Staff are recommending a condition that no more than four dwelling units be established at the property. This will keep the use of the building more aligned with the character of abutting single and two-family homes, rather than the larger apartment complexes.

As conditioned, it is staff's opinion that the proposed zoning map amendment will enable the existing building to be used in a manner consistent with surrounding neighborhood.

f. The extent to which the proposed amendment creates nonconformities.

Staff Response: The existing site and building are in compliance with the R-MF Multi-Family Residential District dimensional standards. The parcel is .46 acres and 145 feet in width.

Any redevelopment of the site shall be in accordance with applicable city codes and meet the standards of the R-MF District.

It is staff's opinion that the proposed amendment will not create any nonconformities.

Public Input:

The applicant held a neighborhood meeting at the subject property on December 1, 2022. Addresses within 200 feet of the request were invited to the meeting. City staff and elected officials were present to observe the discussion. Two members of the public were in attendance.

Letters were sent to property owners within 200 feet of the proposed request notifying them of the December 6, 2022 Plan and Zoning Commission Public Hearing. Two members of the public spoke in opposition to the request. Concerns raised were related to neighborhood stabilization, promoting home ownership, impacts on historic districts, and density.

To date, staff have received multiple written comments in opposition to the rezoning request all from residents outside the 200 foot notification boundary. Residents have expressed a desire for owner-occupied single-family homes, rather than rental properties. There have also been concerns about protecting the historic character of the neighborhood.

Staff will apprise the Commission of any additional correspondence at the December 20, 2022 Plan and Zoning Commission meeting.

Staff Recommendation:

Staff recommends Case REZ22-08 be forwarded to the City Council with a recommendation for approval subject to the listed findings and conditions.

Findings:

1. The zoning map amendment is consistent with the Davenport +2035 Land Use Plan, which identifies the property as Residential General.
2. The proposed zoning map amendment to R-MF Multi-Family Residential District is compatible with the zoning of nearby developed property.
3. With conditions recommended by staff, the proposed zoning map amendment will enable the existing building be used in a manner consistent with the surrounding area.
4. As conditioned, the rezoning request is compatible with the established neighborhood character.
5. The proposed amendment will not negatively impact the public health, safety, and welfare of the City.
6. Rezoning the property to R-MF Multi-Family Residential District does not create any nonconformities.

Conditions:

1. The maximum building height shall be 35 feet.
2. The maximum number of dwelling units shall be four.

Spot Zoning

Spot zoning is when a rezoning decision results in a single parcel, or small island of property, with restrictions on its use different from those imposed on the surrounding property. Spot zoning can be valid if there is a reasonable basis to treat the spot-zoned property differently from the surrounding property. For example, a parcel or two designated as neighborhood commercial in a residential area is perfectly appropriate if it provides needed retail services to residents. However, zoning is not appropriate if it is for the financial benefit of an individual property owner but detrimental to the surrounding area. According to the Iowa courts, the factor of primary importance is whether the rezoned tract has a peculiar adaptability to the new classification as compared to the surrounding property. Spot zoning for the sole benefit of the landowner and contrary to the comprehensive plan is unreasonable.

The case for creating these “spot zones” is best made through the comprehensive planning process, where the community can explain the benefits that such differential treatment brings to the area.

Subject: [EXT] Case REZ 22-08 1112 Bridge Avenue Rezoning

ATTENTION: This is an external email.

Good afternoon, Matt!

My husband, Marshall and I are writing to you in order to express our opposition to the multi-family spot rezoning request for the property at 1112 Bridge Avenue.

We live at 812 Bridge Avenue. Marshall was born and raised in Davenport and he remembers clearly when the neighborhoods along Bridge Avenue were in a very depressed state. After living and working in Phoenix, Arizona for over 30 years, Marshall and I were committed to investing in his hometown upon retiring. We bought our home in 1999 and have been in the process of restoring this house to its original grandeur ever since. Over these past several years we have seen a slow, but mostly steady improvement in our neighborhood which we believe can be directly contributed to the increase of owner-occupied single family homes lining Bridge Avenue from River Drive.

In order to promote this trend, new families are warmly welcomed and encouraged to participate in the neighborhood. We even reach out to listing agents to inform them about the Bridge Avenue Historic District Neighborhood Association. Many have responded enthusiastically and even included information about the neighborhood in their real estate postings. It is our sincere hope that the Development and Neighborhood Services and the Planning and Zoning Commission will deny this multi-family rezoning request and in so doing, partner with us in keeping this revitalization process going. Sadly, there are very few surviving neighborhoods in Davenport with their historic integrity left intact. Most have succumbed to multi-family rental properties that have negatively impacted the character of these fine old communities. We are trying to save our neighborhood from that fate.

We compel you as you review the Residential Zoning Districts Map, that you will visualize individual streets, homes and the families who live inside them, rather than just a mosaic of yellow, green, brown and gray squares. Ultimately, your decision will set a significant precedent moving forward and will reinforce your commitment to promoting neighborhood integrity and improving the quality of life in our community.

Thank you for your consideration.

Regards,
Carol and Marshall Daut

I want to voice my concerns over this issue for plans at Zoning 1112 Bridge Avenue. The neighborhood already has far too many multi family dwellings and this locale has been a considerable and failed use location for far too long creating both parking and driving issues for all concerned. In my opinion the best use would be the intended use as a permanent single family dwelling.

Request to change 1112 Bridge Ave. from R-4C to multi-family (Ward 5)

To: Lamar Buckelew lamarbuckelew@yahoo.com

My name is Juliana Buckelew and I live at 1206 E. River Drive. I am against this change because it would go against the goals of the new code that was implemented in 2018 to stabilize the area. The property is surrounded by R 4C except on one side, and that's ^{SW kitty corner} across the street. Allowing up zoning in the middle of our neighborhood is spot zoning and discourages owner occupants, who remain after the rental property owners leave.

We have worked hard to stabilize our neighborhood. My neighbors and I formed a neighborhood association group officially with the the city. Our group has fought hard for neighborhood safety and marketed our historical district to attract homebuyers. We have done extensive historical research at the library and online to promote its rich history. We have fought hard and up zoning to make this lot multifamily discourages home buying which gives stability, and the desire to invest in our neighborhood. We have 3 new families recently and need to keep this direction, not take a step back.

Thank you for your time today.

Dear Mr. Werderitch,

Hello, my name is Lamar Buckelew and I live at 1206 East River Drive. Together with Prospect Park and Bridge Avenue neighborhoods, we make up the larger neighborhood south of E. 12th that was once called Mt. Ida Neighborhood.

I am writing you to voice my disapproval of the spot zone change request for 1112 Bridge Avenue from R-4C to R-MF. This neighborhood has suffered through many years of neglect, irregular zoning and manipulation by developers and landlords. This created a neighborhood instability due to the large number of temporary residents. While there are still many multiple family apartment options in this neighborhood, the city re-zoning that occurred around 2018 was thought to be a step in the direction of neighborhood stability and away from the past Davenport approach of patchwork zoning that negates the intent of the zoning process and does not match the character of the neighborhood.

The goal of the city zoning rewrite in 2018 was to protect the character of these central neighborhoods south of Locust. These neighborhoods have had a history of "spot zoning" resulting in unequal application of the city zoning ordinances. This patchwork approach allows multifamily units to grow in single family areas and therefore should not be approved. Please share these comments with the Planning and Zoning Commission prior to their meeting on the subject.

Regards,

Lamar Buckelew

Hi Matt,

I'm not sure who to address my concerns over this petition Case REZ22-08: Request of Ecumenical Housing Development Group to rezone 1112 Bridge Avenue from R-4C Single-Family and Two-Family Central Residential District to R-MF Multi-Family Residential District. [Ward 5]. I live just outside the perimeter of the legal notification zone but I am opposed to this change.

We formed a neighborhood group and took action a few years ago to change the zoning in this area so that developments like this could no longer destabilize our historic district. A change like this would be a form of spot zoning and contrary to our goal to make our neighborhood attractive to home buyers. While there may be apartments nearby, increasing the number of them will have a negative impact on the density of occupancy of our district and quality of life for the homeowners.

Will you please tell me who to forward this to or can you? I will be out of town during the hearing or I would attend it and speak out.

Thank you very much,

Dear Matt,

My name is Adam Hoke and my husband's name is Evan Hoke. We own the Theodore Eldridge House at 1404 E 10th St.

I am writing you today to make you aware that we oppose the rezoning of the property at 1112 Bridge Ave. We purchased our home in Sept of 2016. We have two apartment buildings and a rental property directly behind us. We believe that our neighborhood is already saturated with rental properties.

We understand the need for affordable housing and we believe that the rental properties in the area would fit that description. We do not believe that adding more rental properties will help the neighborhood.

We have had countless issues with renters. We hear domestic disputes, loud cars, and police being called for multiple reasons including a tenant having a guest staying with them that was driving a stolen vehicle. And our HVAC Contractor had his vehicle stolen from the alley, not even 10mins after he arrived. There are many rental properties in the area that are not maintained. There are properties near us that are believed to house someone that sells drugs. They have visitors all hours of the day and night just long enough for someone to run in and return within minutes back to their car.

We have spent a significant amount of money restoring our home along with many others in the area. The house down the street was on the market for over 2yrs before it sold and I believe it's because of some of the properties that are behind the house. Adding more rentals would only hinder people from wanting to fix up the homes in this area as the number of rentals can turn off potential buyers or buyers willing to pay a fair market value.

Continuing to add rentals in the area will not help the efforts of the homeowners to change the neighborhood. A great deal has changed for the better since we have lived here. Our home was empty for two years and we had a home on Mississippi Ave that had been on the market for 6yrs. Our home was on the market for 4yrs. There is a home on Mississippi Ave that is for sale that was at one point turned into multiple rental units and has been converted back to a single-family home but a great deal of damage was done to the home during that process and is proving to deter people from wanting to buy it.

Thank you for your time,
Evan and Adam Hoke

We wish to offer our concerns as to CASE REZ22-08...

We want to go on the record of preferring that the city maintain the zoning plans that we suspect were quite expensive. We would like to have the structure sold to a family, maybe a first-time home owner. Many have worked to stabilize this neighborhood and changing the zoning with the result of more multiple resident housing does not match the character of the surrounding properties.

I am not in favor of 1112 Bridge Avenue being re-zoned to a multi family unit.

Surrounding neighbors and neighborhood groups have worked for years to improve the area.

To rewrite the 2018 zoning is a disservice to the neighbors, and groups who have worked to improve this area.

The person requesting the zoning change should not be granted the re-zoning. The neighbors have worked for years to create stability in this area..

There are becoming more rental properties where I live. Most of the landlords do not take care about their properties, and do not follow up with their tennents. This creates issues and problems for the home owners .

Another rental unit is not what this area needs or the city.

Subject: [EXT] Spot zoning for 1112 Bridge Ave.

Matt,

This plan to rezone a single building to multi family in an area that has been designated single family would be a mistake. I realize that this would mean increase tax basis on the property, and would satisfy a single entity, but at the same time be against the will of the remaining residents in this community. And if I am not mistaken we still live in a majority rule country.

This area has for years been trying to recover from the mistake of turning classic family homes to multi dwelling facilities. Almost every homeowner here has been trying or has accomplished this goal with the understanding that the neighborhood would continue on this path. The city has aided in this effort by returning the zoning to single family and establishing that it would remain so.

We are in the "downtown" ward. Recently in this ward, and only a few blocks away from us, the city has allowed a 4 story, 180 low income apartment complex to be built. This complex is too high a density living for the space it is on. It most likely will be a majority of section 8 housing. That alone will put a burden on our district and will cause a major decrease in the quality of life for our community that is not being placed on other areas of Davenport. Rezoning this single unit will further exacerbate the downward trend.

My thought is the same as the broken window theory. Before a window is broken in a house the thought of doing so is not brotched. But once the first window is smashed with a rock it becomes OK to break all of the windows.

Taking the first step on the wrong path is always the most crucial after which the rest of the mistakes become easy.

My name is Eileen Yeates and I live on Mississippi Avenue. I strongly object to the proposed zoning change to 1112 Bridge Avenue. This property should not be changed to a multi family unit. Parking is already tight on Bridge and this proposed unit could add 6-10 cars to the street. I do not believe the owner can provide adequate off street parking for these extra vehicles. There is not room for that many more cars.

I am also concerned about population density in this area. We already have an over abundance of multi family units in our neighborhood. It is not necessary to add to the overcrowding in our neighborhood.

The proposed multi family unit does nothing to enhance the character of our neighborhood. My family, along with many of our neighbors, work hard to maintain the beauty of this old Davenport neighborhood. This proposed unit does not contribute to the neighborhood character that we all work so hard to maintain.

Thank you so much,

Matt,

I want to express my objection to the proposed multi-family use of the property at 1112 Bridge Ave.

Our neighborhood is already inundated with multi-family dwellings, and although that would seem to mean that the use is established, the population density in the Bridge to Ridge neighborhood is becoming too great. Traffic and parking is already an issue. Sometime traversing is a problem when people don't park appropriately.

You know me as the current President of the City's Zoning Board of Adjustment. I understand use, established practice, etc. However, most of the multi-family dwellings in the area were built as such, referencing the apartments between College and Bridge and 10th to 11th Streets, and along 12th St and Eastern Ave. Planning was done for those units and the impact thereof to the neighborhood back when they were built, with whatever rules were used at that time. Now we are seeing single-family dwellings being converted to multi-family dwellings, and I must express my objection to this practice. I know studies have been performed that demonstrate the population density, so if we don't use those studies to help determine questions like this, why do we do them?

Let's try to preserve what historic value and appearance we have left in our beautiful historic neighborhood.

PROPOSED ZONING CHANGES TO 1112 BRIDGE COULD LEAD TO THE DEVELOPMENT OF UNIT TO 14 UNIT MULTI-FAMILY DEVELOPMENT WITH 21 PARKING POSITIONS.

Dear Neighbors

As you are already aware, the Planning and Zoning Board for Davenport approved rezoning 1112 Bridge Ave from R-4C (Single or dual family) to R-MF (multi-family). This means that in the future, the owner of the property could potentially build 14 units with 21 parking places. ECUMENICAL Development has purchased the property and asked for the zoning change. This is not about ECUMENICAL because they are a good organization with a very good track record of buying vacant homes and turning them in affordable housing. They are good landlords.

The city spent a lot of our tax money and spent several years developing a new Zoning Code released in 2019. The R-4C and R-3C was created during this complete rewrite to protect the transitional, central, and historic neighborhoods of Central Davenport. I have provided the definition below.

R-4C Single-Family and Two-Family Central Residential Zoning District. The R-4C Single-Family and Two-Family Central Residential Zoning District is intended to preserve and protect Davenport's dense, centrally located, established urban residential neighborhoods. Standards of the R-4C District are intended to ensure that new development is complementary to the existing developed character of these neighborhoods. Limited non-residential uses that are compatible with the surrounding residential neighborhoods may be permitted in the R-4C District.

While ECUMENICAL Development is planning two 4-bedroom units and one 2-bedroom unit at this time, there is no approved guarantee this could be turn into a 14-unit development in 15 or 20 years. The property was purchased from the city for \$1 and will be enrolled as a package for a federal tax credit program. The Zoning Board is making a recommendation to constrain the development to no more than 4 units. The contention with the neighbors has not been with the development of affordable housing. In fact, we welcome the development but in alignment with the current zone structure of the 1112 Bridge Ave which is R-4C just as ECUMENICAL purchased it.

For the next 5 Wednesdays at 530 PM (Jan 11, Jan 18, Jan 25, Feb 1, Feb 8), we are asking that residents from the immediate neighborhood attend city council meetings and if comfortable express their views on this zoning change – for or against. We believe talking points should be very focused on welcoming the addition and investment to provide family oriented affordable housing. We are just asking for that to be done within its current restriction of dual family as zoned today.

If you live within 200 ft of 1112 Bridge Ave, your comments are taken with much more weight than others due to ordinance, but all comments are valuable from anyone in the neighborhood. If you live in a home that was rezoned from R-MF to R-4C or 3C and were told you could never go back to R-MF, then we ask that you share that the council meetings. All comments will be heard and based on the meeting on 4 January, all comments are driving considerable conversation with the City Council. THEY NEED TO HEAR FROM YOU!

THIS IS THE TIME FOR US TO PROTECT THIS SMALL BUT AWESOME NEIGHBORHOOD. If the City Council approves this rezoning, they will set a precedent that could be applied to others which directly undermines, the work completed, intent of the Zoning rewrite, and creation of R-4C and R-3C for the central part of the city.

Second Consideration: Ordinance amending Schedule VII No Parking of Chapter 10.96 entitled "Schedules" of the Municipal Code of Davenport, Iowa by adding Fairmount Street along the east side from Locust Street to Garfield Street thereto. [Ward 1]

Recommendation:

Adopt the Ordinance.

Background:

Fairmount Street is 29-feet wide between Locust Street and Garfield Street and currently allows parking along the east side of the street. Most of the streets of that width that allow parking are residential streets. Fairmount has a volume of about 9,000 vehicles per day. When a vehicle is parked in this corridor, northbound traffic typically waits for southbound traffic to pass before proceeding past the parked vehicle. This is not good for traffic flow on a busy collector street. Rarely are vehicles parked in this corridor, so this change should not be a problem for the residents. Most of the residents along the east side of Fairmount have driveways that are 80 feet or longer.

Resolution approving the 2023 Urban Revitalization Tax Exemption (URTE) projects. [All Wards]

Recommendation:

Adopt the Resolution.

Background:

The objective of the Urban Revitalization Tax Exemption (URTE) program is to encourage private investment by providing an exemption on the increase in property taxes resulting from improvements. The City currently has two Urban Revitalization areas: Central City and North.

The attached list provides the following information for each property: whether the property is residential, multi-residential, commercial, or industrial; the Petitioner's name; the property address; the schedule of exemption chosen; and the cost of the improvements reported by the petitioner on the application form. The exemption percentage is applied to the actual value of the improvements as determined by the City Assessor. The new assessed value is rarely equal to the cost of the improvements. The term of the exemption varies according to the schedule selected by the petitioner. In all cases when the exemption period expires, the property will rise to the full taxable value. This year's applications represent a total private investment of over \$482 million spread amongst 209 projects. The attached map shows the location of both completed as well as in progress URTE projects.

The URTE program continues to be one of the City's best economic development tools. This program directly helps the City's taxpayers by lessening the burden of higher property taxes that often come with improvements.

Subject:

Resolution approving the State of Iowa Community Attraction and Tourism (CAT) Grant Agreement for the Martin Luther King, Jr. Plaza project, and authorizing the City Administrator or designee to sign necessary documents and agreements. [Ward 3]

Recommendation:

Adopt the Resolution.

Background:

Approximately eight years ago, the concept of the MLK Plaza at 5th and Brady was first conceived. Over the next several years, plans evolved, and the Friends of Martin Luther King Jr. (FoMLK) non-profit organization was formed. The MLK Interpretive Center was also created and occupies space in a new housing development immediately adjacent to the proposed MLK Plaza site (501 Brady Street).

In 2021, the FoMLK refined the concept for the MLK Plaza, signed a long-term lease with the City of Davenport and was awarded a \$500,000 grant from the City for the project utilizing American Rescue Plan Act (ARPA) funds through U.S. Treasury Department. This was committed last month via a Development Agreement.

In addition, they were successful in securing grant allocations from Scott County, the Regional Development Authority (RDA), and the Scott County Regional Authority (SCRA). Most recently the FoMLK, in partnership with the City, was awarded \$219,840 by the State of Iowa's Enhance Iowa Grant through their Community Attraction & Tourism (CAT) Program.

In total, the \$1.1 M project will feature standing displays for exhibits, providing historical context, education, and awareness. These can be changed for specific programming and events. The Plaza will also include a stage and lawn for community events, classes, and artistic expression (see attached renderings).

Approval of this Resolution would authorize the City Administrator and/or designee to execute the appropriate documents for the State of Iowa's Community Attraction & Tourism (CAT) grant agreement. The developer anticipates beginning site work in spring 2023 with completion anticipated in summer 2023.

We will again start and finish the training runs as the City has requested in the past, with 4th Street and Le Claire street as the starting and finishing point. The training runs will go up Pershing Street, instead of Brady Street.

The dates of the training runs will be as follows:

“Genesis Sports Medicine Brady Street Sprints”

The Brady Street Sprints, a quarter mile sprint up Brady Street hill will take place on Thursday, July 27th, 2023. There will be 4 divisions, men’s and woman’s divisions, consisting of 5 to 6 participants in each division.

Also, there will be a High School relay teams division for both boys and girls. All area high schools will be invited. This will be a 4 X 100 relay for both boys and girls.

There will also be a corporate division where all Bix sponsors will compete against each other in the relays.

This event will be televised “live” for one hour and then rebroadcast on the Bix 7 television network, hosted by KWQC TV. We request no parking posted 24 hours in advance, as parked vehicles along the race course inhibit the telecast and participant safety, as all lanes of traffic are needed.

Also, joining the Brady Street Sprints may be our own Bix 7 favorites, Bill Rodgers, Joan Benoit Samuelson, and Meb Keflezighi.

The Airport reserves the right to take any action necessary to protect the aerial approaches and aerial flight paths of the Airport against obstruction, and the right to prevent the Guard from erecting, or permitting to be erected, any building or other structure on the Airport which in the opinion of the Airport or the FAA, would limit the usefulness of the Airport or constitute a hazard to aircraft. The Guard facilities, structures, and/or apparatuses shall not exceed heights allowed by the FAA.

The Airport reserves the right to further maintain, develop, and/or improve the landing area and all publicly owned air navigation facilities of the Airport as it sees fit, regardless of the desires or views of the Guard without interference or hindrance.

9. **INDEMNIFICATION.** The Guard agrees to indemnify, in accordance with state and federal liability statutes, the Airport and/or the City and hold the Airport and/or the City harmless against any and all liability for injuries to persons or damage to property caused by the Guard's negligent use of or occupancy of the premises or caused by the negligence of any of the Guard's employees, officers, agents, guests or invitees; provided, however, that the Guard shall not be liable for any injury, damage, or loss occasioned by the negligence of the Airport and/or the City or its agents or employees and provided further that the Airport and/or the City shall give to the Guard prompt and timely notice of any claim made or suit instituted which in any way directly or indirectly, contingent or otherwise, affects or might affect the Guard, and the Guard shall have the right to compromise and defend the suit to the extent of its

own interest, and the Guard shall do the same regarding prompt and timely notice. The Airport and/or the City shall not be responsible for any loss to the Guard property or alteration as a result of loss under this paragraph.

10. **NONDISCRIMINATION.** The Guard, its officers and/or its members shall not discriminate against any person or group of persons on the grounds of race, color, creed, religion, sex, gender identity or expression, national origin or ancestry, sexual orientation, age, marital status, familial status, physical or mental disability, or political beliefs or affiliations, or in any manner prohibited by 49 CFR Part 21, *Nondiscrimination in Federally Assisted Programs of the Department of Transportation*, and as said regulation may be amended.

11. **END OF TERM.** If at the end of the term, the Guard does not pursue a follow-on lease agreement for the premises, the premises shall be returned to the Airport in the same condition as received, ordinary wear and tear and any approved alterations excepted. Any restoration and/or repairs shall be at the Guards expense. Any improvements and/or alterations remaining on the premises 180 days beyond the end of the term shall become the property of the Airport at no cost to the Airport or the City.

12. **TERMINATION:** This lease may be terminated by the Guard upon 90 days written notice to the Airport and the City. If the Guard vacates and/or abandons their adjacent 11 acre site, this lease shall automatically terminate on the same date. Any improvements and/or alterations remaining on the premises after 180 days from the date of the written notice shall become the property of the Airport at no cost to the Airport or the City.

13. **APPROVAL.** This Lease Agreement shall supersede all previous leases with the Airport and is subject to the approval of the Federal Aviation Administration.

Land Lease Rate Calculation

Appendix 1

The Federal Aviation Administration requires that land lease agreements with terms of five (5) or more years should contain a provision for periodic adjustments based on a recognized index to reflect inflation and other changing economic conditions (e.g., change in the Consumer Price Index, an appraisal, etc.). To convert from a periodically reevaluated contract to a fixed-fee contract, the following shall be applied to this lease agreement. This calculation presented herein complies with FAA Order 5190.6B Change 1, Airport Compliance Manual, 22 November 2021, Chapters 9.5e and 17.19, agreed to by and between the City of Davenport, the Davenport Municipal Airport, and the Federal Aviation Administration, in the acceptance of Federally Obligated Funding through the Airport Improvement Program. The following shall be used to determine the Rent payment as described in paragraph 3, herein;

FORMULA CALCULATIONS:

The cash payment agreed to by both parties by the execution of this lease agreement shall become the annual cash payment (Rent) due on or before the first day of March of each year of this agreement and shall remain the annual cash payment (Rent) for the remainder of this contract. The Base Cash Amount (BCA) shall be calculated by taking the average rental rate of the two agricultural indexes listed below and applying a 25.8% military discount:

- (a) Iowa State University, Extension and Outreach (May 2022). 2022 Cash Rental Survey for Crop Reporting District 6, Overall Average. *Cash Rental Rates for Iowa 2022 Survey*, File C2-10, pg8.
<https://www.extension.iastate.edu/agdm/wholefarm/pdf/c2-10.pdf>
- (b) Agricultural Statistics Service (Aug 26, 2022). *Iowa Ag News – County Cash Rent*, Non-Irrigated Cropland, Scott County, 2022. U.S. Department of Agriculture.
https://www.nass.usda.gov/Statistics_by_State/Iowa/Publications/County_Estimates/2022/IA-CtyEst-Cash-Rent-08-22.pdf

The 2022 cash rental rates are \$310.00 and \$266.00 respectively.

$$BCA = ((310.00 + \$266.00) / 2) \times .742 = \$213.70$$

To convert from a periodically adjusted contract to a fixed fee contract, an estimated 3% annual Consumer Price Index (CPI) adjustment will be applied beginning year two (2) of this agreement and continuing until year twenty (20) of this agreement. An average rental amount shall be arrived at by averaging year one (1) and year twenty (20) as follows:

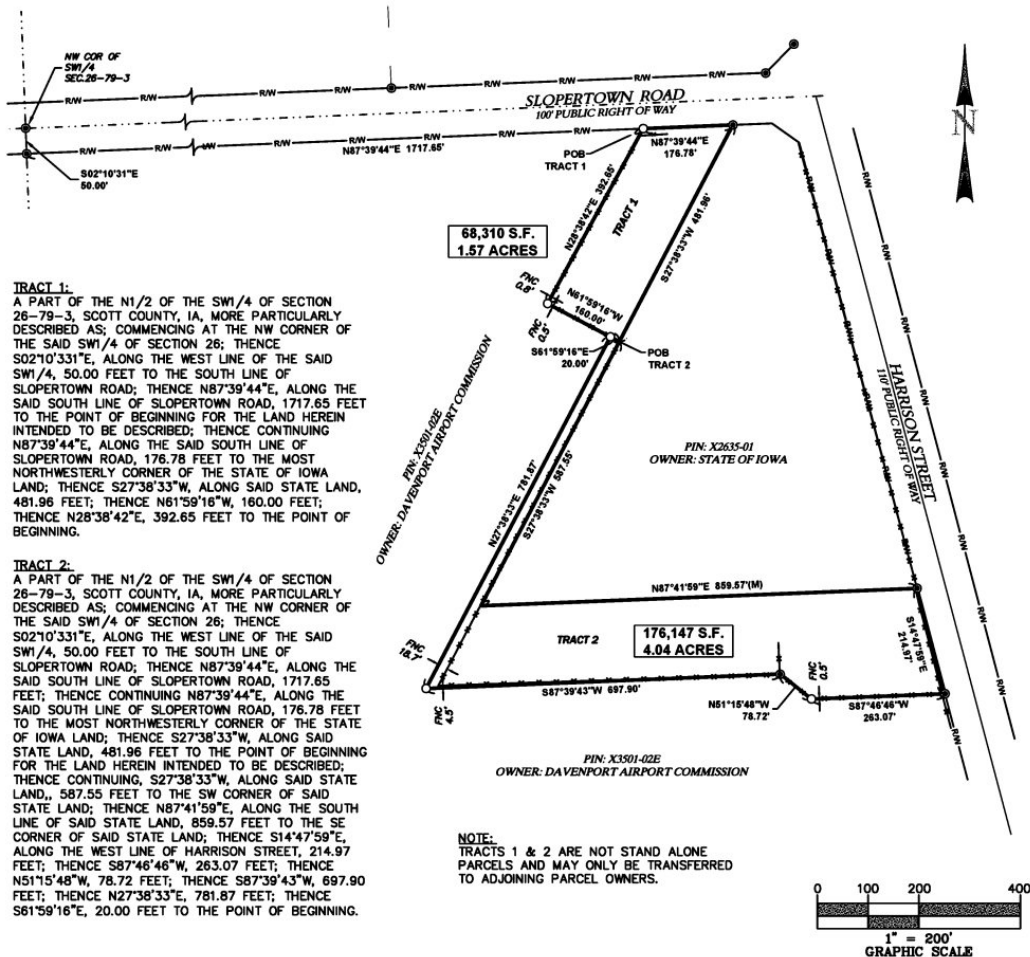

$$\begin{aligned} &= [(Year\ 1\ BCA + Year\ 20\ CPI\ Adjusted\ BCA) / 2] * Acres \\ &= [(213.70 + \$374.72) / 2] * 5.61 \\ &= \$1,650.52 \end{aligned}$$

Resolution authorizing the submission of a RAISE grant program application to the United States Department of Transportation for financial assistance with enhancing and improving transportation access through flood mitigation efforts and infrastructure improvements. [Wards 1, 3, & 5]

Recommendation:

Adopt the Resolution.

Background:

The City of Davenport is submitting a 2023 RAISE Grant application to the U.S. Department of Transportation. The total project is estimated at \$18,463,224. The City is requesting \$14,770,579 from the U.S. DOT (80% of the eligible costs that include preliminary/construction engineering services, construction and contingency) and the City will provide 20% of the eligible cost; the total City share is estimated at \$3,692,645 (includes Downtown Davenport Partnership's commitment of \$700,000 for the conversion of 3rd & 4th Streets to two-way streets).

Utilizing strategies from the 2021 Mississippi River Flood Resiliency Plan, projects funded by the grant will 1) establish a permanent flood detour route to river stage 22.0 once River Drive has been closed due to flood waters, 2) ensure interstate access to the Centennial Bridge and Government Bridge during large-scale flood events, and 3) improve transportation safety. The proposed project contains the following components:

- Road raises on Rockingham Road from Sturdevant to Marquette Street
- Road raise on River Drive near Mound Street
- Road raise at the intersection of 2nd Street and Gaines Street
- Road raise at the intersection of 3rd Street and LeClaire Street
- Repair of sections of roadway on Rockingham Road and Marquette Street
- Reconfiguration of the 3rd & 4th Street intersections on River Drive
- Signals, striping, and other requirements for two-way conversion of 3rd & 4th Streets

Resolution establishing the interest rate for special assessments. [All Wards]

Recommendation:
Adopt the Resolution.

Background:

The City of Davenport bills customers for clean water projects, alley repair, boarding up buildings, brush and debris clean-up, building demolition, sidewalk replacement, snow removal, tree removal, weed cutting, repair of sewer laterals and water services. Sixty days after the bill date outstanding balances are eligible to be assessed against a property.

Assessed properties with a balance \$500.00 or under are assessed to the property owner's property taxes the following year, while balances over \$500.00 are assessed to property taxes over the next ten years. Historically, residents were charged either 0% or 9%. Large projects that are charged back to the customer and benefit the community such as streambank restabilization are assessed against a property at 0%. All other projects were assessed at 9% interest.

The Finance Department has been directed to establish the interest rate annually for all assessments in January of each year. The interest rate will be calculated by evaluating the 10-year US Treasury yield curve, rounding it to the nearest percentage and adding one percent.

Based on this criteria, the assessment interest rate for CY 2023 is 5%. The established interest rate will be in line with market rates and provides an incentive for residents to pay.

LIMITED ENGLISH PROFICIENCY (LEP)

FOUR-FACTOR ANALYSIS

Davenport Transit Four-Factor Limited English Proficiency (LEP) Analysis

The purpose of this Limited English Proficiency (LEP) analysis is to outline how Davenport Transit identifies persons who may need language assistance, the ways in which assistance may be provided, staff training that may be required, and how to notify LEP persons that assistance is available. As defined in Executive Order 13166, LEP persons are those who do not speak English as their primary language and have limited ability to read, speak, write, or understand English.

The framework of the USDOT's four-factor LEP analysis considers the following elements:

1) The number or proportion of LEP persons in the region who may be served by public transportation or are likely to encounter a public transportation program, activity, or service.

According to the 2015-2019 American Community Survey 1-Year Estimates, the City of Davenport has a population of 95,590 individuals age 5 and older. Of that population, approximately 88,323 (92.4% of total population) speak English only, 4,121 (4.3% of total population) speak another language and also speak English "very well," and the remaining 3,146 (3.3% of total population) speak another language and speak English less than "very well." There is a 0.4% increase in this last category from the previous survey.

The most commonly spoken primary languages other than English are Spanish (1,660 primary language, speaking English "less than very well"/ 1.7% of population) and Asian and Pacific Islands, primarily Vietnamese (1,151 primary language, speaking English "less than very well"/1.2% of population).

The remaining 395 residents (0.4% of population) use a primary language other than English, and speak English "less than very well." The languages this group uses are labeled as "Other Indo-European languages." This list of additional languages that could possibly be encountered in Davenport with speakers' mastery of English identified as "less than very well" include: French, German, Russian, Swedish, Polish, Arabic, and other languages.

These numbers represent the total population numbers in general; those who may be served by the Davenport Transit System or who are likely to use transit would be a subset of these populations.

2) The frequency with which LEP persons come in contact with public transportation programs, activities, or services.

Davenport Transit staff (Operators, Dispatchers and Administrative staff) have not reported any instances when there was a need for language interpretation; there was no evidence of any specific material requests.

Staff Training: Due to the low incidence of limited English Proficiency encountered, no formal group training is conducted. Transit Operators, Dispatchers and Customer Experience Staff are provided instructions on instances when there is a language need, they are to radio Dispatch for assistance.

Depending on the need, Dispatchers are instructed to either provide translation via Spanish speaking staff, Vietnamese speaking staff, or to facilitate assistance using Translation Unlimited of Davenport, Iowa.

All Transit staff are instructed to record the particulars of any request in a spreadsheet for documentation, and then relay the information to the transit manager. The Transit management staff tracks needs and requests, and performs an assessment based on the following criteria:

- Number of requests
- Language requested
- Nature of request, i.e. materials, verbal answer to question
- System's ability to meet request effectively

Due to the small population of LEP individuals who utilize the system, LEP individuals rarely appear to come in contact with its public transportation programs, activities, or services. If demand reaches a level beyond which creation of individual materials as needed is impractical, over 200 annually, then demand may be sufficient for consideration of additional printed translations and LEP Plan update.

3) The nature and importance of programs, activities, or services provided by public transportation providers to the LEP population.

To those in need of transportation, the importance of Davenport Transit services is potentially as important to the LEP population as to any general population. Davenport Transit routes provide access to schools, employment locations, dental and medical offices, hospitals, institutions of higher learning, training centers, social service agencies, governmental offices, grocery stores, retail outlets, library branches and connects with the two Quad Cities Transit Systems, City of Bettendorf, Iowa, Transit and MetroLINK. Transit has implemented several programs in the attempt to make transportation readily affordable and accessible to all individuals, including:

- Transit Ride Reimbursement Programs with Davenport Community School District K-12, Palmer College and St. Ambrose University which are all located within the Davenport City limits, whereby student identification functions as a bus pass.
- Discounted bus fare is available through an application process for senior citizens, individuals with disabilities and unemployed individuals. Bus fare is waiver for Veterans with proper identification.

All programs are well-established and included in posted transit informational materials, the Transit Ride Guide and the website.

4) The resources available to public transportation providers and overall costs to provide LEP assistance.

With respect to printed materials, due to the extremely low demand for non-English language materials in Davenport, the need for consistent updates to the information, and static nature of printed materials, justification for production expense of such materials is insufficient for action at this time. Requests are logged upon receipt and tracked as described earlier in Factor 2; Davenport Transit is prepared to respond to needs for non-English language print materials as demand requires.

Public meetings: When there is a potential fare increase or service reductions planned (elimination of a route, reduction of 10% or more route service hours, or overall restructuring of route system) for which formal public outreach and involvement activities are necessary, all public meeting notices must include information stating that translation services will be available at the meeting upon request. The statement is to be printed in both English, Spanish and Vietnamese, and include the contact information necessary to make the request. Should translation services be requested, Davenport Transit will secure a translator to provide the translation service at the meeting.

The system has secured general translation resources and assistance (verbal and written) in the community that all Transit Staff have access to that translates several languages (including sign language). Via Google Translate, rider information on the Transit website can be translated into several languages, at http://cityofdavenportiowa.com/services/Transit_transit. In addition, Transit offers Spanish and Vietnamese language translations of the Title VI Notice and Complaint Form and has limited number of staff members to assist with Spanish translation. Lastly, notice of language assistance can be added in Spanish and Vietnamese to posted notices when and where appropriate. Davenport also contract with Translation Unlimited of Davenport, Iowa.

SERVICE STANDARDS AND SERVICE POLICIES

Transit Vehicle Load Standards: Average Passenger Capacities and Assignments					
Vehicle Type	Seated	Standing	Total	Maximum Load Factor	Assignment
35' Low Floor Bus	32	18	50	1.6	Fixed-Route

Transit Vehicle Headway Standards

Davenport Transit currently operates s fixed route service at a consistent level through the service day, having no “peak” vs “off peak” headway differences. As the primary trunk connector, Bus Route 4 operates a 30-minute headway; the other nine Transit routes operate on a 60-minute headway.

Monday through Friday, bus routes should be in service no later than 6:20am and run until at least 7:00pm. Actual current service begins with the earliest route at 5:35am; earliest end time is 6:38pm. On Saturday, the bus route should be in service no later than 9:20am and run until at least 7:00pm.

Scheduling involves a number of factors, including: ridership productivity, density of transit-dependent populations and activities, relationship to both City (2016 Comprehensive Operations Analysis) and regional transportation plans and studies (2004 Iowa QC Transit Alternatives Analysis), coordination with connecting systems, relationship to schools, employment centers, retail and medical facilities.

Transit On-Time Performance Standard

It is the goal of the City of Davenport Transit that ninety (90) percent of the Davenport Transit vehicles will complete their established runs no more than 1 minute early or more than 5 minutes late in comparison to the established schedule. **Excepted from this standard** are situations encountered beyond the agency or Transit Operator’s control, i.e. inclement weather, flooding, hazardous road conditions, accidents, road closures and detours, bridge closures and detours, or any such road or environmental condition which render it impossible or unsafe to travel the route in a manner necessary to achieve on-time performance.

Transit Service Availability Standards

The City of Davenport Transit will distribute service so that 90% of all residents in the service area are no further from a transit route than one-half (1/2) mile. Bus stops will not be more than one-third (1/3) mile apart in residential areas and Transit will allow flag-stops at all safe locations along any Transit bus route. Passengers may also request stops to de-board the bus at a safe location on the route.

Transit Amenities Policy

Installation of transit amenities along bus routes is based on the number of passenger’s boarding at stops along those routes, accessibility of the location, and ownership status of the property.

DEMOGRAPHIC DATA ANALYSIS AND MAPS

DEMOGRAPHIC DATA ANALYSIS

While the urbanized planning area of the Bi-State Regional Commission has a population greater than 200,000, Davenport Transit is not individually large enough to meet the threshold necessary to need to address program specific requirements and guidelines for recipients that operate 50 or more fixed route vehicles in an Urbanized Area (UZA) of 200,000 or more population. As a service in addition to preparing the Title VI report for Davenport Transit; however, Bi-State Regional Commission also provides demographic and service profile maps depicting the transit system routes of the three Quad Cities transit systems. These maps illustrate the relationship of transit system fixed route service to areas which present characteristics consistent with higher transit dependency. This document has been updated with data from the U.S. Census Bureau American Community Survey 5-year estimates (2015-2019).

Map 1: Major Employment Centers

The intent of this map is to display the degree of transit system access to employment afforded by the current transit system bus routes. The employment center data for this map is based on information accessed by Bi-State Regional Commission in April 2019. Transit system bus routes are the most current since the previous Title VI report. The map shows major employment centers with 100 or more employees as a turquoise dot. The number of dots appear concentrated in the downtown area, where population and core urban activity are centered. Outside the downtown core areas, many major employers appear to be distributed according to areas of commercial and industrial activity and appear largely served by current bus routes. Major employment centers that do not have a transit route connection are generally outside the existing transit system service area, including northern areas near Interstate 80 and in the industrial area in southwest Davenport.

Map 2: Major Activity Centers

The intent of this map is to show transportation access to major activity centers in analysis of coordinated transportation services. The major activity centers include social service centers, regional service centers, and medical providers represented on the map as different colored dots. These activity centers were identified in the Bi-State Long Range Transportation Plan 2045, and assists with coordinated transportation planning among transportation providers and the agencies that provide services to low-income and minority residents. The transit routes on this map are the most up to date and appear to line up well with the majority of the activity centers. Other minor concentrations of major activity centers are outside the transit system service areas and even outside the urbanized planning area. These represent smaller towns around the urban center and serve a more rural or sparsely settled population.

Maps 3, 4, 5, and 6: Languages Spoken at Home other than English

The intent of these maps is to show that Davenport Transit provides service equally to all people regardless of race, color or national origin. These maps show the percentage of residents who speak a language other than English at home, broken down by Spanish, Asian and Pacific Islander, and Indo-European. Most of these maps show a significant amount of these populations live in the downtown core area which is served by several routes. These maps shows that Davenport Transit routes do provide good coverage to households that speak languages other than English. The tracts that do not have a route running through them, such as those in the northeast section of the service area, are generally low density and ill-suited to transit service.

Map 7: Low to Moderate Income

In this map, the census tracts with the highest percentage of families with Low-to-Moderate Income are shown in dark navy blue and are generally located in the southern half of the city with a few exceptions farther north. The Bus routes for Davenport Transit show that all of the census tracts with the highest levels of Low-to-Moderate Income populations have Transit Routes serving them, and in many cases have multiple routes serving them.

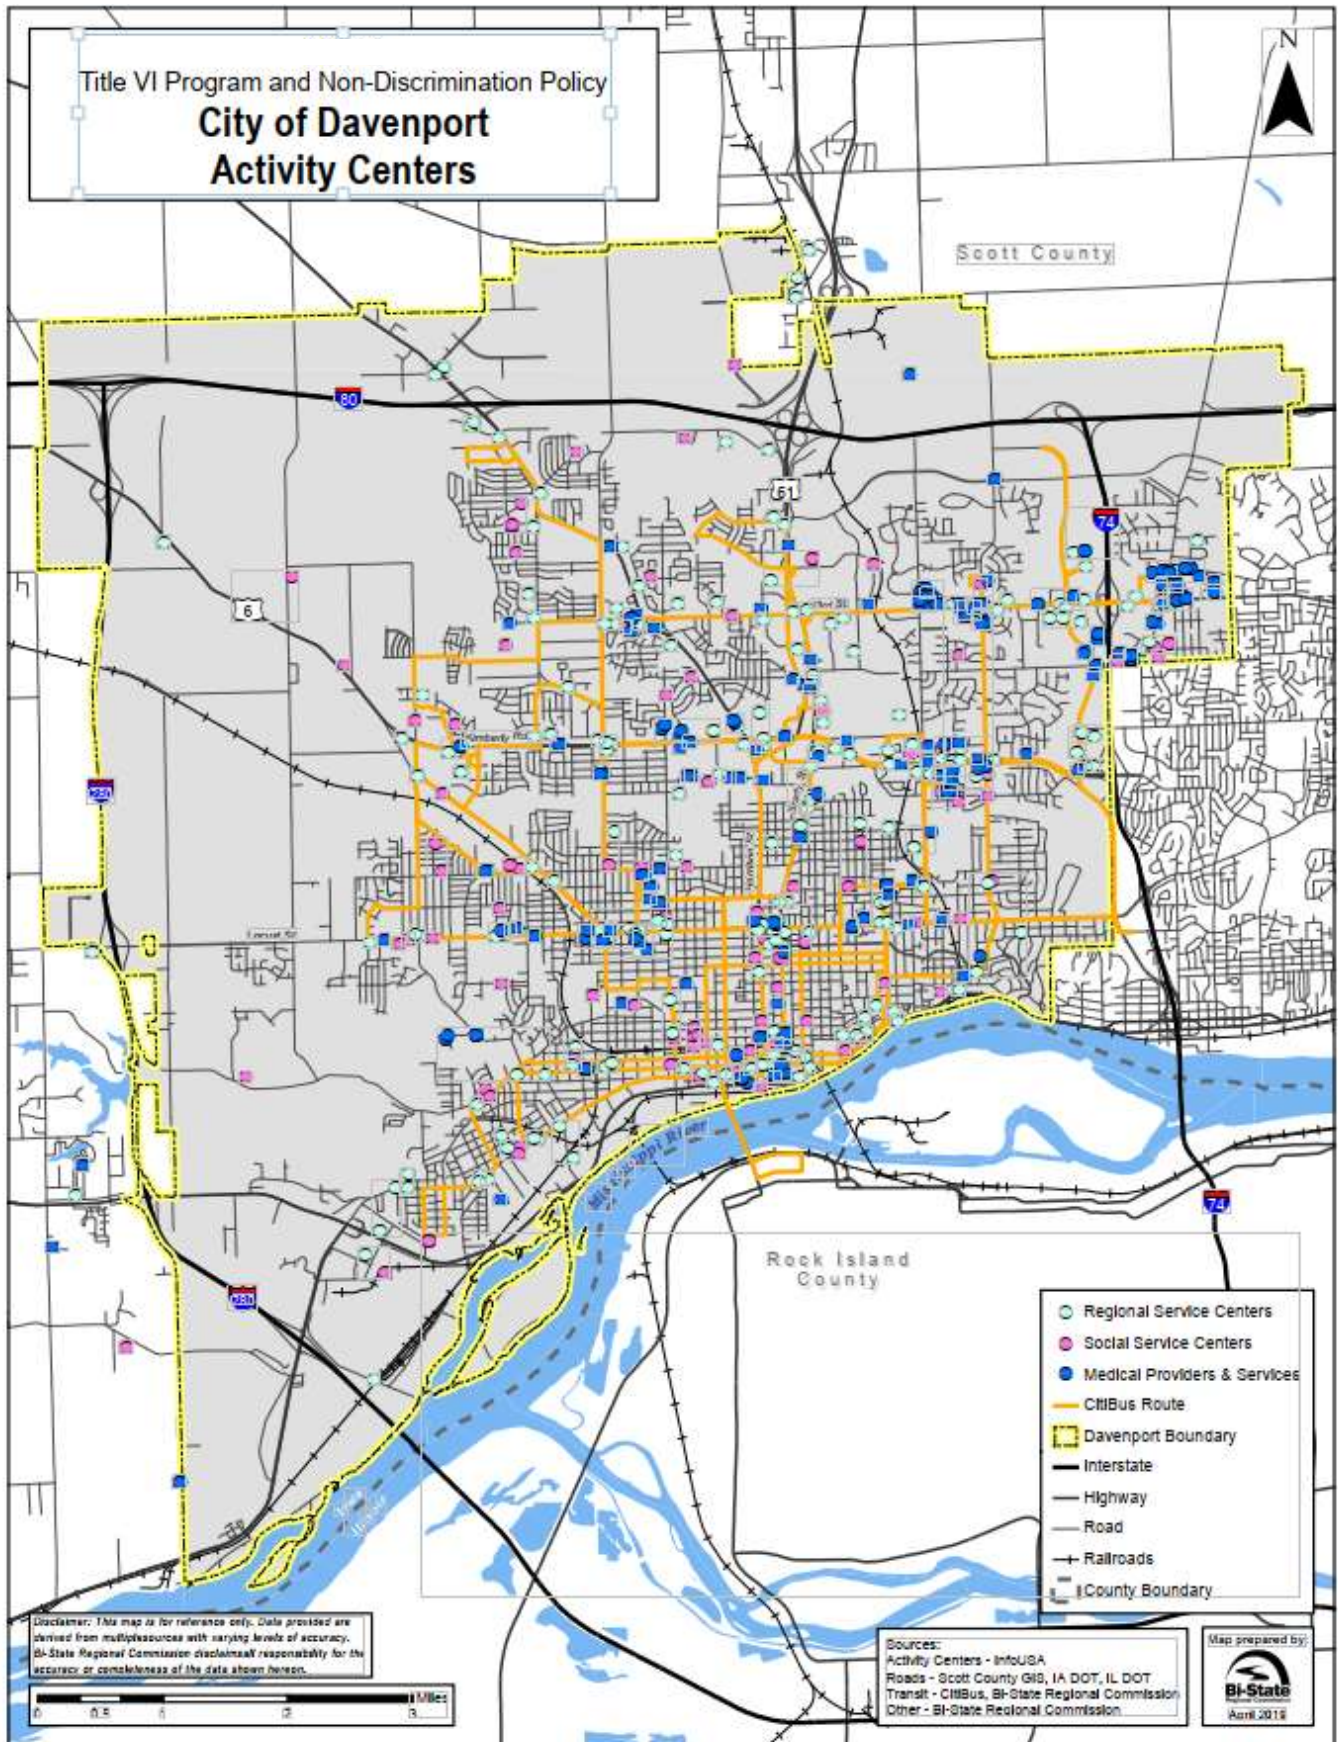

Map 8: Grocery Store Access

The intent of this map is to show all grocery stores in the city and the Davenport Transit routes that service them. This shows that all routes have access to multiple grocery stores giving all riders multiple options for purchasing foodstuffs. The list of grocery stores was obtained by consulting with the Scott County Health Department, with whom all grocery stores must register. In conjunction with the above maps this map further shows how integrating destinations and all populations with a need to access transit is a priority of Davenport Transit.

Public Participation Plan

PUBLIC PARTICIPATION PLAN

DAVENPORT IA TRANSIT DIVISION/PUBLIC WORKS DEPARTMENT

GOAL: The goal of Davenport Transit's Public Participation Plan is to encourage minority and LEP communities to communicate Davenport Transit related issues and the overall operations of the transit system including City representatives, condition of the buses, bus shelters and the transit hub. This open dialogue gives the passengers, local businesses and social service entities the opportunity to communicate recommendations to the greatest extent that resources allow.

STRATEGIES: Davenport Transit employs several strategies and outreach efforts to include minority and LEP voices including:

- Hosting an annual Transit Symposium followed by a Disadvantaged Business Enterprise seminar encouraging which are both open to the. This meeting is held on City property during transit service hours and at a location that is on a Davenport Transit bus route. Preparation of these two meetings include general marketing-specific invitations distributed to the local chapter of the NAACP, League of United Latin American Citizens, local chapter of United Way, Davenport Community Schools and other local activist organizations.
- Each Wednesday evening at 5:30pm, the Davenport City Council assembles at Davenport City Hall and the public is free to come up and comment during these meetings. The Assistant City Administrator/Public Works Director attends the public meetings and provides transit information upon request, documents meeting items, and forwards this information to the Transit Operations Manager as needed. The start and finish of the City Council meetings is during normal Davenport Transit service hours.
- Eight City Council members represent specific wards in the City of Davenport and two members are representatives of the entire City or Alderman-at-Large; the City officials hold public ward meetings that are normally held at City-owned properties located on or near bus routes and scheduled in the mornings, evenings, weekdays and weekends. While these meetings are not always transit specific, public transit is a function of the City of Davenport; therefore, if a resident has concerns about transit operations, they can communicate this to City Council members and requests can then be forwarded to the City representative that oversees that division or department.
- At all Davenport Transit bus shelters, the main ground transportation hub, Davenport City Hall, and on the website, a Transit specific telephone number is reflected when individuals wish to contact the Transit office in relation to complaints, compliments and concerns. The telephone number is answered by Transit Dispatchers who attempt to resolve the issue or forward the information on to senior staff for resolution.
- The City provides an email address on the website and in marketing material that citizen can utilize to email City staff regarding any specific City-related topic that will be routed to the proper staff members, this is an opportunity for the citizen to also upload documentation or a video that reflects supports the topic of the email.

- The local Metropolitan Planning Organization (MPO), Bi-State Regional Commission, conducts several public participation events encouraging input on City transit and transportation items. A representative of the Davenport Transit Division attends the events to ensure minority or LEP items are heard and routed then communicated to the proper City Department.
 - Bi-State Regional Commission holds two annual Transit Summits in Iowa each year per Iowa Department of Transportation requirements; the meetings are held at various times of day in various locations to ensure that the general public is accommodated. The MPO will also accommodate others who are unable to physically attend meetings including holding virtual meetings for human service agencies.
 - The MPO also holds public meetings entertaining for input on planning documents, including the Transit Development Plan (TDP) and the Long-Range Transportation Plan (LRTP).

This certification is required of each applicant under the Urbanized Area Formula Grants Program (49 U.S.C. § 5307), each rail operator that is subject to FTA's state safety oversight programs, and each State that is required to draft and certify a public transportation agency safety plan on behalf of a small public transportation provider pursuant to 49 CFR § 673.11(d). This certification is required by 49 U.S.C. § 5329(d)(1) and 49 CFR § 673.13.

This certification does not apply to any applicant that receives financial assistance from FTA exclusively under the Formula Grants for the Enhanced Mobility of Seniors Program (49 U.S.C. § 5310), the Formula Grants for Rural Areas Program (49 U.S.C. § 5311), or combination of these two programs.

U.S. DOT Order 4200.6 defines a "corporation" as "any private corporation, partnership, trust, joint-stock company, sole proprietorship, or other business association", and applies the restriction to all tiers of subawards. As prescribed by U.S. DOT Order 4200.6, FTA requires each business association applicant to certify as to its tax and felony status.

If the applicant is a private corporation, partnership, trust, joint-stock company, sole proprietorship, or other business association, the applicant certifies that:

- (a) It has no unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability; and

- (b) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
- (c) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. 4.2. Statement for Loan Guarantees and Loan Insurance.

The undersigned states, to the best of his or her knowledge and belief, that:

If any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

Submission of this statement is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required statement shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The applicant certifies that the service it provides to individuals with disabilities is equivalent to that provided to other persons. A demand responsive system, when viewed in its entirety, is deemed to provide equivalent service if the service available to individuals with disabilities, including individuals who use wheelchairs, is provided in the most integrated setting appropriate to the needs of the individual and is equivalent to the service provided other individuals with respect to the following service characteristics:

- (a) Response time;

- (b) Fares;
- (c) Geographic area of service;
- (d) Hours and days of service;
- (e) Restrictions or priorities based on trip purpose;

Motion approving the renewal of excess flood insurance for policy period February 12, 2023 to February 12, 2024 with Trisura Specialty Insurance Company in the amount of \$86,476.20. [All Wards]

Recommendation:

Pass the Motion.

Background:

The City has established a Risk Management Fund to account for various insurance premiums, claims, and administrative costs for the Risk Management program. One type of insurance included in this fund is for excess flood insurance at three specific properties: The Freight House | 421 West River Drive; Union Station | 102 South Harrison Street; and Modern Woodmen Ballpark | 209 South Gaines Street. This excess flood insurance policy is on top of the maximum amount of flood insurance we are able to obtain for each of these properties. Covered perils under this insurance include direct physical loss or damage caused by the peril of flood and storm surge only.

It has been the practice of the City to contract with Arthur J. Gallagher & Company to serve as the agent/broker for this insurance policy. The agent/broker is paid by a combination of policy commissions. The role of the agent/broker is to make recommendations for policy enhancements and to negotiate with various insurance markets on the City's behalf. The goal is to find the most cost-effective coverage to minimize overall risk exposure with stable insurance firms capable of handling the specialized needs of a municipal government. In this case, the most cost-effective choice was to remain with the incumbent carrier, Trisura Specialty Insurance Company. The overall premium cost increased from \$70,720.20 to \$86,476.20, which is a reflection of the overall flood insurance market.

Important Disclosures

IMPORTANT: The proposal and/or any executive summaries outline certain terms and conditions of the insurance proposed by the insurers, based on the information provided by your company. The insurance policies themselves must be read to fully understand the terms, coverages, exclusions, limitations and/or conditions of the actual policy contract of insurance. Policy forms will be made available upon request. We make no warranties with respect to policy limits or coverage considerations of the carrier.

TRIA/TRIPRA Disclaimer – If this proposal contains options to purchase TRIA/TRIPRA coverage, the proposed TRIA/TRIPRA program may not cover all terrorism losses. While the amendments to TRIA eliminated the distinction between foreign and domestic acts of terrorism, a number of lines of coverage excluded under the amendments passed in 2005 remain excluded including commercial automobile, burglary and theft insurance; surety insurance, farm owners multiple perils and professional liability (although directors and officers liability is specifically included). If such excluded coverages are required, we recommend that you consider purchasing a separate terrorism policy. Please note that a separate terrorism policy for these excluded coverages may be necessary to satisfy loan covenants or other contractual obligations. TRIPRA includes a \$100 billion cap on insurers' aggregate liability.

TRIPRA is set to expire on December 31, 2027. There is no certainty of extension, thus the coverage provided by your insurers may or may not extend beyond December 31, 2027. In the event you have loan covenants or other contractual obligations requiring that TRIA/TRIPRA be maintained throughout the duration of your policy period, we recommend that a separate "Stand Alone" terrorism policy be purchased to satisfy those obligations.

Terms and Conditions

It is important that we clearly outline the nature of our mutual relationship. The following terms and conditions (these "Terms") govern your relationship with Gallagher unless you have separately entered into a written services agreement with Gallagher relative to the policies and services outlined in this Proposal, in which case that services agreement will govern and control with respect to any conflicts with these Terms. These Terms will become effective upon your execution of the Client Authorization to Bind Coverage (the "**CAB**") included in this Proposal and shall survive for the duration of your relationship with Gallagher relative to the policies placed pursuant to the CAB or otherwise at your request.

Services

Gallagher will represent and assist you in all discussions and transactions with insurance companies relating to the lines of insurance coverage set forth in the CAB and any other lines of insurance coverage with which you request Gallagher's assistance. Gallagher will consult with you regarding any matters involving these or other coverages for which you have engaged Gallagher. You have the sole discretion for approving any insurance policies placed, as well as all other material decisions involving your risk management, risk transfer and/or loss prevention needs.

Although you are responsible for notifying applicable insurance companies directly in connection with any claims, demands, suits, notices of potential claims or any other matters as required by the terms and conditions of your policies, Gallagher will assist you in determining applicable claim reporting requirements.

Treatment of Information

Gallagher understands the need to protect the confidentiality and security of your confidential and sensitive information and strives to comply with applicable data privacy and security laws. Your confidential and sensitive information will be protected by Gallagher and only used to perform services for you; provided that Gallagher may disclose and transfer your information to our affiliates, agents or vendors that have a need to know such information in connection with the provision of such services (including insurance markets, as necessary, for marketing, quoting, placing and/or servicing insurance coverages). We may also disclose such information as required by applicable data protection laws or the order of any court or tribunal, subject to our providing you with prior notice as permitted by law.

We will (i) implement appropriate administrative, physical and technical safeguards to protect personal information; (ii) timely report security incidents involving personal information to affected parties and/or regulatory bodies; (iii) create and maintain required policies and procedures; and (iv) comply with data subjects' rights, as applicable. To the extent applicable under associated data protection laws, you are a "business" or "controller" and Gallagher is a "service provider" or "data processor." You will ensure that any information provided to Gallagher has been provided with any required notices and that you have

obtained all required consents, if any and where required, or are otherwise authorized to transfer all information to Gallagher and enable Gallagher to process the information for the purposes described in this Proposal and as set forth in Gallagher's Privacy Policy located at <https://www.ajg.com/privacy-policy/>. Gallagher may update its Privacy Policy from time to time and any updates will be posted to such site.

Dispute Resolution

Gallagher does not expect that it will ever have a formal dispute with any of its clients. However, in the event that one should arise, we should each strive to achieve a fair, expedient and efficient resolution and we'd like to clearly outline the resolution process.

- A. If the parties have a dispute regarding Gallagher's services or the relationship governed by this Proposal ("**Dispute**"), each party agrees to resolve that Dispute by mediation. If mediation fails to resolve the Dispute, you and Gallagher agree to binding arbitration. Each party waives all rights to commence litigation in court to resolve a Dispute, and specifically waives all rights to pursue relief by class action or mass action in court or through arbitration. However, the parties do not waive the ability to seek a court order of injunction in aid of the mediation and arbitration required by these Terms.
- B. The party asserting a Dispute must provide a written notice ("**Notice**") of the claim to the other party and to the American Arbitration Association ("**AAA**") in accordance with its Commercial Arbitration Rules and Mediation Procedures. All Dispute resolutions will take place in Chicago, IL, unless you and Gallagher agree to another location. The parties will equally divide all costs of the mediation and arbitration proceedings and will each pay their own attorneys' fees. All matters will be before a neutral, impartial and disinterested mediator or arbitrator(s) that have at least 20 years' experience in commercial and insurance coverage disputes.
- C. Mediation will occur within sixty (60) days of filing the Notice with the AAA. Mediation results will be reduced to a memorandum of understanding signed by you, Gallagher and the mediator. A Dispute that is not resolved in mediation will commence to binding arbitration. For Disputes in excess of \$500,000, either party may elect to have the Dispute heard by a panel of three (3) arbitrators. The award of the arbitrator(s) must be accompanied by a reasoned opinion prepared and signed by the arbitrator(s). Except as may be required by law, neither you, Gallagher, nor a mediator or arbitrator may disclose the existence, content or results of any Dispute or its dispute resolution proceeding without the prior written consent of both you and Gallagher.

Miscellaneous Terms

Gallagher is engaged to perform services as an independent contractor and not as your employee or agent, and Gallagher will not be operating in a fiduciary capacity.

Where applicable, insurance coverage placements and other services may require the payment of federal excise taxes, surplus lines taxes, stamping or other fees to the Internal Revenue Service, various State(s) departments of revenue, state regulators, boards or associations. In such cases, you will be responsible for the payment of the taxes and/or fees, which Gallagher will separately identify on related invoices.

The Proposal and these Terms are governed by the laws of the State of Illinois, without regard to its conflict of law rules.

If an arbitrator/court of competent jurisdiction determines that any provision of these Terms is void or unenforceable, that provision will be severed, and the arbitrator/court will replace it with a valid and enforceable provision that most closely approximates the original intent, and the remainder of these Terms will remain in effect.

Except to the extent in conflict with a services agreement that you may enter into with Gallagher, these Terms and the remainder of the Proposal constitute the entire agreement between you and Gallagher with respect to the subject matter of the Proposal, and supersede all prior negotiations, agreements and understandings as to such matters.

Compensation Disclosure

1. Gallagher Companies are primarily compensated from the usual and customary commissions, fees or, where permitted, a combination of both, for brokerage and servicing of insurance policies, annuity contracts, guarantee contracts and surety bonds (collectively "insurance coverages") handled for a client's account, which may vary based on market conditions and the insurance product placed for the client.
2. In placing, renewing, consulting on or servicing your insurance coverages, Gallagher companies may participate in contingent and supplemental commission arrangements with intermediaries and insurance companies that provide for additional compensation if certain underwriting, profitability, volume or retention goals are achieved. Such goals are typically based on the total amount of certain insurance coverages placed by Gallagher with the insurance company, not on an individual policy basis. As a result, Gallagher may be considered to have an incentive to place your insurance coverages with a particular insurance company. If you do not wish to have your commercial insurance placement included in consideration for additional compensation, contact your producer or service team for an Opt-out form.
3. Gallagher Companies may receive investment income on fiduciary funds temporarily held by them, or from obtaining or generating premium finance quotes, unless prohibited by law.
4. Gallagher Companies may also access or have an ownership interest in other facilities, including wholesalers, reinsurance intermediaries, captive managers, underwriting managers and others that act as intermediaries for both Gallagher and other brokers in the insurance marketplace some of which may earn and retain customary brokerage commission and fees for their work.

If you have specific questions about any compensation received by Gallagher and its affiliates in relation to your insurance placements, please contact your Gallagher representative for more details.

Each appraiser will separately state the amount of income loss and/or extra expense. If the appraisers do not agree on the amount of the loss, they will submit their differences to the umpire. Agreement by the umpire and at least one of the appraisers regarding the amount of the income loss and/or extra expense will be binding on you and us. Hiscox is committed to complying with trade and economic sanctions. To that end:

- I. No (re)insurer shall be deemed to provide cover and no (re)insurer shall be liable to pay any claim or provide any benefit hereunder to the extent that the provision of such cover, payment of such claim or provision of such benefit would expose that (re)insurer to any sanction, prohibition or restriction under United Nations resolutions or the trade or economic sanctions, laws or regulations of the European Union, Australia, United Kingdom or United States of America.
- II. The U.S. Department of Treasury Office of Foreign Assets Control (OFAC) administers and enforces economic sanctions policy based on Presidential declarations of national emergency. OFAC has identified and listed numerous foreign agents, front organizations, terrorists, and narcotics traffickers as Specially Designated Nationals (SDN's) and Blocked Persons. OFAC has also identified Sanctioned Countries. A list of Specially Designated Nationals, Blocked Persons and Sanctioned Countries may be found on the United States Treasury's web site <http://www.treas.gov/offices/enforcement/ofac/>.

Economic sanctions prohibit all United States citizens (including corporations and other entities) and permanent resident aliens from engaging in transactions with Specially Designated Nationals, Blocked Persons and Sanctioned Countries. Hiscox may not accept premium from or issue a policy to insure property of or make a claim payment to a Specially Designated National or Blocked Person. Hiscox may not engage in business transactions with a Sanctioned Country.

A Specially Designated National or Blocked Person is any person who is determined as such by the Secretary of Treasury.

A Sanctioned Country is any country that is the subject of trade or economic embargoes imposed by the laws or regulations of the United States.

In accordance with laws and regulations of the United States concerning economic and trade embargoes, this policy may be rendered void from its inception with respect to any term or condition of this policy that violates any laws or regulations of the United States concerning economic and trade embargoes including, but not limited to the following:

- (1) Any insured under this Policy, or any person or entity claiming the benefits of such insured, who is or becomes a Specially Designated National or Blocked Person or who is otherwise subject to US economic trade sanctions;
- (2) Any claim or suit that is brought in a Sanctioned Country or by a Sanctioned Country government, where any action in connection with such claim or suit is prohibited by US economic or trade sanctions;
- (3) Any claim or suit that is brought by any Specially Designated National or Blocked Person or any person or entity who is otherwise subject to US economic or trade sanctions;
- (4) Property that is located in a Sanctioned Country or that is owned by, rented to or in the care, custody or control of a Sanctioned Country government, where any activities related to such property are prohibited by US economic or trade sanctions; or
- (5) Property that is owned by, rented to or in the care, custody or control of a Specially Designated National or Blocked Person, or any person or entity who is otherwise subject to US economic or trade sanctions.

Important Disclosures

IMPORTANT: The proposal and/or any executive summaries outline certain terms and conditions of the insurance proposed by the insurers, based on the information provided by your company. The insurance policies themselves must be read to fully understand the terms, coverages, exclusions, limitations and/or conditions of the actual policy contract of insurance. Policy forms will be made available upon request. We make no warranties with respect to policy limits or coverage considerations of the carrier.

TRIA/TRIPRA Disclaimer – If this proposal contains options to purchase TRIA/TRIPRA coverage, the proposed TRIA/TRIPRA program may not cover all terrorism losses. While the amendments to TRIA eliminated the distinction between foreign and domestic acts of terrorism, a number of lines of coverage excluded under the amendments passed in 2005 remain excluded including commercial automobile, burglary and theft insurance; surety insurance, farm owners multiple perils and professional liability (although directors and officers liability is specifically included). If such excluded coverages are required, we recommend that you consider purchasing a separate terrorism policy. Please note that a separate terrorism policy for these excluded coverages may be necessary to satisfy loan covenants or other contractual obligations. TRIPRA includes a \$100 billion cap on insurers' aggregate liability.

TRIPRA is set to expire on December 31, 2027. There is no certainty of extension, thus the coverage provided by your insurers may or may not extend beyond December 31, 2027. In the event you have loan covenants or other contractual obligations requiring that TRIA/TRIPRA be maintained throughout the duration of your policy period, we recommend that a separate "Stand Alone" terrorism policy be purchased to satisfy those obligations.

Terms and Conditions

It is important that we clearly outline the nature of our mutual relationship. The following terms and conditions (these "Terms") govern your relationship with Gallagher unless you have separately entered into a written services agreement with Gallagher relative to the policies and services outlined in this Proposal, in which case that services agreement will govern and control with respect to any conflicts with these Terms. These Terms will become effective upon your execution of the Client Authorization to Bind Coverage (the "**CAB**") included in this Proposal and shall survive for the duration of your relationship with Gallagher relative to the policies placed pursuant to the CAB or otherwise at your request.

Services

Gallagher will represent and assist you in all discussions and transactions with insurance companies relating to the lines of insurance coverage set forth in the CAB and any other lines of insurance coverage with which you request Gallagher's assistance. Gallagher will consult with you regarding any matters involving these or other coverages for which you have engaged Gallagher. You have the sole discretion for approving any insurance policies placed, as well as all other material decisions involving your risk management, risk transfer and/or loss prevention needs.

Although you are responsible for notifying applicable insurance companies directly in connection with any claims, demands, suits, notices of potential claims or any other matters as required by the terms and conditions of your policies, Gallagher will assist you in determining applicable claim reporting requirements.

Treatment of Information

Gallagher understands the need to protect the confidentiality and security of your confidential and sensitive information and strives to comply with applicable data privacy and security laws. Your confidential and sensitive information will be protected by Gallagher and only used to perform services for you; provided that Gallagher may disclose and transfer your information to our affiliates, agents or vendors that have a need to know such information in connection with the provision of such services (including insurance markets, as necessary, for marketing, quoting, placing and/or servicing insurance coverages).

Insurance | Risk Management | Consulting

We may also disclose such information as required by applicable data protection laws or the order of any court or tribunal, subject to our providing you with prior notice as permitted by law.

We will (i) implement appropriate administrative, physical and technical safeguards to protect personal information; (ii) timely report security incidents involving personal information to affected parties and/or regulatory bodies; (iii) create and maintain required policies and procedures; and (iv) comply with data subjects' rights, as applicable. To the extent applicable under associated data protection laws, you are a "business" or "controller" and Gallagher is a "service provider" or "data processor." You will ensure that any information provided to Gallagher has been provided with any required notices and that you have obtained all required consents, if any and where required, or are otherwise authorized to transfer all information to Gallagher and enable Gallagher to process the information for the purposes described in this Proposal and as set forth in Gallagher's Privacy Policy located at <https://www.ajg.com/privacy-policy/>. Gallagher may update its Privacy Policy from time to time and any updates will be posted to such site.

Dispute Resolution

Gallagher does not expect that it will ever have a formal dispute with any of its clients. However, in the event that one should arise, we should each strive to achieve a fair, expedient and efficient resolution and we'd like to clearly outline the resolution process.

- A. If the parties have a dispute regarding Gallagher's services or the relationship governed by this Proposal ("**Dispute**"), each party agrees to resolve that Dispute by mediation. If mediation fails to resolve the Dispute, you and Gallagher agree to binding arbitration. Each party waives all rights to commence litigation in court to resolve a Dispute, and specifically waives all rights to pursue relief by class action or mass action in court or through arbitration. However, the parties do not waive the ability to seek a court order of injunction in aid of the mediation and arbitration required by these Terms.
- B. The party asserting a Dispute must provide a written notice ("**Notice**") of the claim to the other party and to the American Arbitration Association ("**AAA**") in accordance with its Commercial Arbitration Rules and Mediation Procedures. All Dispute resolutions will take place in Chicago, IL, unless you and Gallagher agree to another location. The parties will equally divide all costs of the mediation and arbitration proceedings and will each pay their own attorneys' fees. All matters will be before a neutral, impartial and disinterested mediator or arbitrator(s) that have at least 20 years' experience in commercial and insurance coverage disputes.
- C. Mediation will occur within sixty (60) days of filing the Notice with the AAA. Mediation results will be reduced to a memorandum of understanding signed by you, Gallagher and the mediator. A Dispute that is not resolved in mediation will commence to binding arbitration. For Disputes in excess of \$500,000, either party may elect to have the Dispute heard by a panel of three (3) arbitrators. The award of the arbitrator(s) must be accompanied by a reasoned opinion prepared and signed by the arbitrator(s). Except as may be required by law, neither you, Gallagher, nor a mediator or arbitrator may disclose the existence, content or results of any Dispute or its dispute resolution proceeding without the prior written consent of both you and Gallagher.

Electronic Delivery

In lieu of receiving documents in paper format, you agree, to the fullest extent permitted by law, to accept electronic delivery of any documents that Gallagher may be required to deliver to you (including, but not limited to, insurance policies and endorsements, account statements and all other agreements, forms and communications) in connection with services provided by Gallagher. Electronic delivery of a document to you may be made via electronic mail or by other electronic means, including posting documents to a secure website.

Miscellaneous Terms

www.ajg.com

Insurance | Risk Management | Consulting

Gallagher is engaged to perform services as an independent contractor and not as your employee or agent, and Gallagher will not be operating in a fiduciary capacity.

Where applicable, insurance coverage placements and other services may require the payment of federal excise taxes, surplus lines taxes, stamping or other fees to the Internal Revenue Service, various State(s) departments of revenue, state regulators, boards or associations. In such cases, you will be responsible for the payment of the taxes and/or fees, which Gallagher will separately identify on related invoices.

The Proposal and these Terms are governed by the laws of the State of Illinois, without regard to its conflict of law rules.

If an arbitrator/court of competent jurisdiction determines that any provision of these Terms is void or unenforceable, that provision will be severed, and the arbitrator/court will replace it with a valid and enforceable provision that most closely approximates the original intent, and the remainder of these Terms will remain in effect.

Except to the extent in conflict with a services agreement that you may enter into with Gallagher, these Terms and the remainder of the Proposal constitute the entire agreement between you and Gallagher with respect to the subject matter of the Proposal, and supersede all prior negotiations, agreements and understandings as to such matters.

Compensation Disclosure

1. Gallagher Companies are primarily compensated from the usual and customary commissions, fees or, where permitted, a combination of both, for brokerage and servicing of insurance policies, annuity contracts, guarantee contracts and surety bonds (collectively "insurance coverages") handled for a client's account, which may vary based on market conditions and the insurance product placed for the client.
2. In placing, renewing, consulting on or servicing your insurance coverages, Gallagher companies may participate in contingent and supplemental commission arrangements with intermediaries and insurance companies that provide for additional compensation if certain underwriting, profitability, volume or retention goals are achieved. Such goals are typically based on the total amount of certain insurance coverages placed by Gallagher with the insurance company, not on an individual policy basis. As a result, Gallagher may be considered to have an incentive to place your insurance coverages with a particular insurance company. If you do not wish to have your commercial insurance placement included in consideration for additional compensation, contact your producer or service team for an Opt-out form.
3. Gallagher Companies may receive investment income on fiduciary funds temporarily held by them, or from obtaining or generating premium finance quotes, unless prohibited by law.
4. Gallagher Companies may also access or have an ownership interest in other facilities, including wholesalers, reinsurance intermediaries, captive managers, underwriting managers and others that act as intermediaries for both Gallagher and other brokers in the insurance marketplace some of which may earn and retain customary brokerage commission and fees for their work.

If you have specific questions about any compensation received by Gallagher and its affiliates in relation to your insurance placements, please contact your Gallagher representative for more details.
