1. <u>Third Consideration</u>: Ordinance for Case REZ23-03 being the request of 53rd Luxury, LLC on behalf of Ed Speer Construction, Inc and Sheila M Speer Living Trust to rezone approximately 16 acres of land generally located southeast of 53rd Street and Spring Street (Speer Commercial Park 1st and 2nd Addition) from C-2 Corridor Commercial District and R-MF Multi-Family Residential District to C-3 General Commercial District. [Ward 8]

ADOPTED 2023-436

ORDINANCE NO. 2023-436

AN ORDINANCE FOR CASE REZ23-03 BEING THE REQUEST OF 53RD LUXURY, LLC ON BEHALF OF ED SPEER CONSTRUCTION, INC AND SHEILA M SPEER LIVING TRUST TO REZONE APPROXIMATELY 16 ACRES OF LAND GENERALLY LOCATED SOUTHEAST OF 53RD STREET AND SPRING STREET (SPEER COMMERCIAL PARK 1ST AND 2ND ADDITION) FROM C-2 CORRIDOR COMMERCIAL DISTRICT AND R-MF MULTI-FAMILY RESIDENTIAL DISTRICT TO C-3 GENERAL COMMERCIAL DISTRICT.

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

<u>Section 1.</u> The following described unit of Scott County, Iowa real estate is hereby rezoned to "C-3 General Commercial District":

THE EAST SIXTY FEET OF LOT 1 OF THE FINAL PLAT OF SPEER COMMERCIAL PARK 1ST ADDITION AND LOT 1 AND OUTLOT A OF THE FINAL PLAT OF SPEER COMMERCIAL PARK 2ND ADDITION BEING A REPLAT OF LOTS 2 AND 3 AND OUTLOT 1 OF SPEER COMMERCIAL PARK 1ST ADDITION TO THE CITY OF DAVENPORT, SCOTT COUNTY, IOWA.

Section 2. That the following findings and conditions are hereby imposed upon said rezoning:

Findings:

- 1. The zoning map amendment is consistent with the Davenport +2035 Land Use Plan, which identifies the property as Commercial Corridor and Residential General.
- 2. The proposed zoning map amendment to C-3 General Commercial District is compatible with the zoning and uses of nearby developed property.
- 3. With the proposed conditions recommended by staff, the zoning map amendment will enable the area to be developed in a manner consistent with the surrounding area.
- 4. With conditions requiring transportation improvements, the proposed zoning map amendment will promote the public health, safety, and welfare of the City.
- 5. The proposed amendment will not create any nonconformities with future development.

Conditions:

- 1. A traffic study shall be required prior to approval of any development. Any traffic safety measures installed as a result of the development of the subject property shall be installed at the developer's expense.
- 2. A buffer yard shall be established commensurate with the depth of the established buffer yard to the west of the subject property along the north property line of the Stone Gate development.
- 3. With any non-residential use development south of the northern boundary of the Stone Gate development extended, a fifty-foot buffer yard shall be established as required by code. Any multifamily development shall provide buffer yards as required by code.
- 4. The buffer yard shall be landscaped with a density commensurate to the established buffer yard to the west of the subject property. If the minimum landscaping required by code is installed, a certificate of occupancy may be granted via performance bond for the remaining landscaping which must be installed within the next growing season.
- 5. Lighting shall consist of LED Dark Sky compliant fixtures not higher than thirty-five feet. The level of lighting shall be reduced to a level necessary to provide security lighting only within one half-hour after of the close of business.
- 6. Routine use of PA systems or similar devices outside of buildings on the property shall not be permitted.
- 7. Car washes on the property shall not be located closer than one-hundred twenty-five feet from residential districts, and operate only when the dealership is open for business.
- 8. Billboards shall be prohibited.
- 9. In addition to ancillary Auto Dealer uses granted in the C-3 district by Special Use, only C-3 uses which are allowed in the C-T Commercial Transitional Zoning District are permitted south of the northern boundary of the Stone Gate development extended.

<u>Section 3.</u> At its September 5, 2023 meeting, the City Plan and Zoning Commission voted to forward Case REZ23-03 to the City Council with a recommendation for approval subject to the listed findings and conditions.CD

<u>Second Consideration</u>: Ordinance for Case REZ23-05 being the request of Anthony Properties to rezone the 10.17 acres of Lot 1 of Phoenix Centre 6th Addition in the 5600 Block of Tremont Avenue (Parcel X1203-01) from I-1 Light Industrial to R-MF Multi-Family Residential District. [Ward 8]

PLAN AND ZONING COMMISSION RECOMMENDS DENIAL. 8 VOTES REQUIRED FOR PASSAGE.

Recommendation: Consider the Ordinance.

Background:

Case REZ23-05 is being forwarded to the City Council with a recommendation for denial (6-3).

Findings:

- 1. The proposed rezoning to R-MF Multi-Family Residential is inconsistent with the Comprehensive Plan and adopted land use policies.
- 2. The introduction of a residential use in an industrial area is not compatible with the zoning and land uses or character of nearby property.
- 3. The proposed amendment may have factors that could impact public health, safety, and welfare of the City.
- 4. Rezoning the property to R-MF does create nonconformities.

The petitioner is requesting to rezone the subject property from I-1 Light Industrial District to R-MF Multi-Family Residential District. Anthony Properties, petitioner for REZ23-05, has proposed approximately 112 to 132 units in 4 apartment buildings for the subject property. For comparison, the existing Reserve development on Brady Street has 196 units in seven (7) apartment buildings. Conceptual plans have been submitted by the applicant and are attached.

A note regarding concept plans: Re-zonings are intended to determine if the district itself is appropriate and compatible with surrounding districts and development. Any submitted concept plans or proposed designs are for reference only, but can be useful in visualizing potential development.

The vacant site is a greenfield site and has never been developed. The most intensive use of the property has been row-cropping/ag use. See the attached Vicinity Map, Zoning Map, and Davenport 2035+ Land Use Map.

Comprehensive Plan:

Within Existing Urban Service Area: Yes Within Urban Service Area 2035: Yes

Future Land Use Designation:

Industry (I) - Designates areas devoted to manufacturing, assembly/fabrication, warehousing and distribution, research and technological innovation centers, and associated commercial/office uses developed at a scale as to warrant access to good transportation networks and separation or buffering from residential uses.

Zoning:

Existing: I-1 Light Industrial District.

The I-1 Light Industrial Zoning District is intended to provide for a variety of light manufacturing, fabricating, processing, distributing, and warehousing uses. Light industrial uses are enclosed, low-intensity uses with minimal, if any, outside impacts

Proposed: R-MF Multi-Family Residential

The R-MF Multi-Family Residential Zoning District is intended to accommodate a high-density neighborhood environment characterized by a mixture of housing types including single-family dwellings, semi-detached dwellings, two-family dwellings, townhomes and multi-family dwellings. Limited non-residential uses that are compatible with the surrounding residential neighborhoods may be permitted in the R-MF District.

Technical Review:

<u>Fire</u>

Due to the number of units and inability to provide full access around the buildings, the Fire Marshal would require a full NFPA 13 system and drive aisles that are a minimum of 26 feet wide in order to accommodate the fire apparatus necessary to serve the buildings. Based on the submitted concept plans, there are concerns regarding the turning radius for fire apparatus. The development would require clear way finding and signage at the street in order to ensure emergency services know how to enter the property.

Engineering

The IA DOT classifies this roadway as a local road. There are no recent traffic count numbers on this section of Tremont Street; however engineering estimates the average annual traffic count to be approximately 2,500 AADT. It is likely there is a larger proportion of truck traffic in this general area due to the current uses and industrial zoning from 46th Street to Veterans Memorial Parkway. The additional traffic generated by this development may result in traffic signal warrants at Tremont Street and Veterans Memorial Parkway.

<u>Zoning</u>

Access to the property is through a 40-foot strip of land between two lots containing storage units. Due to the inability to construct a public street meeting the width requirements in the City of Davenport subdivision code, further subdivision of the subject property to facilitate development of single-family, single-family semi-detached, two-family, or townhouse, would not be feasible.

Public Input:

Property owners within 200 feet of the property have been notified and a sign has been placed on the property as of September 7. A Public Hearing Notice was published in the September 9

Quad-City Times per State of Iowa rezoning requirements. No one spoke in favor or against the petition at the Public Hearing.

To date, staff has received two letters of opposition from surroundings. The letters have been included in the background information. The main concerns leading to opposition is traffic on Tremont, increased crime that is affecting their businesses, and erosion.

Approval Standards for Map Amendments (Chapter 17.14.040):

The Plan and Zoning Commission recommendation and the City Council decision on any zoning text or map amendment is a matter of legislative discretion that is not controlled by any particular standard; however, in making their recommendation and decision, the Plan and Zoning Commission and the City Council must consider the following standards. The approval of amendments is based on a balancing of these standards.

a. The consistency of the proposed amendment with the Comprehensive Plan and any adopted land use policies.

Staff Response: The property is designated Industry (I) in the Davenport +2035 Land Use Plan. This land use category is intended to provide separation and buffering from residential uses. The proposed rezoning would introduce residential uses into an industrial corridor.

It is staff's opinion that the proposed rezoning to R-MF Multi-Family Residential is inconsistent with the Comprehensive Plan and adopted land use policies, which identifies the site as Industrial.

b. The compatibility with the zoning of nearby property.

Staff Response:

The following zoning districts abut the subject property:

- North: I-1 Light Industrial
- South: I-1 Light Industrial
- East: I-1 Light Industrial
- West: R-MF Multi-Family Residential District

While the property to the west is zoned R-MF, the subject property primarily interacts with the surrounding industrial land, where access will be taken from Tremont Avenue.

It is staff's opinion that the proposed amendment is not compatible with the zoning of nearby property.

c. The compatibility with established neighborhood character.

Staff Response: The industrial building design standards are intentionally relaxed to promote large scale manufacturing and warehouse users. Industrial districts are allowed to incorporate lower quality building materials, such as metal panels or corrugated siding. Architectural elements and design features are not regulated, enabling construction of substantial structures on large lots. In addition, there are also no transparency or articulation requirements. While there are instances of residential development adjacent to industrial districts, they are typically designed to reduce interaction with industrial uses. Introducing residential uses in the middle of industrial corridor is not compatible.

It is staff's opinion that the proposed amendment is not compatible with the established neighborhood character.

d. The extent to which the proposed amendment promotes the public health, safety, and welfare of the City.

Staff Response: An additional burden is placed on developed industrial properties with respect to noise standards. The noise ordinance allows a greater level of noise when the receiving property is also industrial. Introducing residential zoning will lower the decibel levels allowed. There is also a possibility that first responders may have difficulty locating this development due to its location behind developed industrial property. Over time, the properties adjacent to Tremont may choose to redevelop with different uses that could result in taller buildings. This would further obscure a residential development from view at the street.

It is staff's opinion that the proposed zoning map amendment may have factors that could impact public health, safety, and welfare of the City.

e. The suitability of the property for the purposes for which it is presently zoned, i.e. the feasibility of developing the property in question for one or more of the uses permitted under the existing zoning classification.

Staff Response: The property is presently zoned I-1 Light Industrial District. This district allows for a variety of industrial and commercial uses including manufacturing, fabrication, and distribution and warehousing. The I-1 district enables a wide range of development opportunities that will ensure consistency with the surrounding developments.

The I-1 Light Industrial District is in high demand, and the city is running out of available sites for additional development. There has been interest in the development of this property in the past. The proposed use of multi-family is allowed in many zoning districts within the City; however many of the uses in I-1 prohibited in other districts.

It is staff's opinion that the property is suitably zoned for one or more of the uses permitted under the existing zoning classification.

f. The extent to which the proposed amendment creates nonconformities.

Staff Response: If rezoned to R-MF Multi-Family Residential District, the vacant 10.17 acre property would be able to conform to the district dimensional standards. The adjacent developed industrial properties would become nonconforming with respect to buffer yard requirements.

It is staff's opinion that the proposed zoning map amendment will create nonconformities on adjacent properties.

We object to this rezoning as the area is all Light Industrial. We do not want to have residents in the middle of any industrial park. Furthermore, it would not be wise or prudent to have housing and/or children in the middle of an industrial area, where semis and heavy equipment are constantly moving on the roads.

RE: Case REZ23-05

Our Location: Brady 80 IND Park 6th Addition Lot 2 Jerome Sheridan Trust - AKA: Jerico Tool Company

We strongly object to this rezoning. Labeled Light Industrial for a reason. Tremont is a dangerous Road to travel since it was connected to Veterans Memorial Park. You have to be careful coming off of 59th with cross traffic going at high rate of speed.

Semis have a hard time navigating the curves since the bike lanes were added. It's a tight squeeze. There are semis blocking the road backing up to businesses.

Another concern is the erosion that will occur. There is quite a difference in elevation from Tremont to 59th St. We are now experiencing this from the Seven Hill construction done earlier this year. That we of course were not notified about, and no survey was done ahead of time to address this.

We were told that when The Reserve was built they were to be sold to higher income families, which As far as I know that has happened.

But, crime has increased, since that complex was built. It's like dangling a carrot in front of criminals. Bringing them to the area and the businesses behind are the residual.

I'm expecting it to be two fold if another residence is stuck in the middle of commercial industries.

It's an industrial park we have very few of them left in Davenport. Which Davenport should be behind and help out. They are what built this city. Leave us be.

Cordially,

Cynthes Sheredan

Subject:

Resolution approving Case F23-14 being the request of E&A Enterprises LLC for a final plat of 56th Enclave, a 2-lot subdivision on 9.57 acres located north of East 56th Street and Lakeview Parkway. [Ward 6]

Recommendation: Adopt the Resolution.

Background:

The property owner submitted a final plat to subdivide the 9.57 acre tract of land situated north of East 56th Street near the terminus of Lakeview Parkway. The site is currently undeveloped and is planted in row crops. The intent is to facilitate the sale of land for future development.

The Plan and Zoning Commission reviewed Case F23-14 at its October 17, 2023 meeting and has recommended approval subject to the listed findings and conditions:

Findings:

- 1. The final plat conforms to the comprehensive plan Davenport +2035.
- 2. The final plat prepares the area for future development.
- 3. The final plat (with conditions recommended by City Staff) will achieve consistency with subdivision requirements.

Conditions:

- 1. That the surveyor signs the plat.
- 2. That the utility providers sign the plat when their easement needs have been met.
- 3. The existing sanitary sewer, located in Outlot A, shall be within a sanitary sewer easement.
- 4. Revise Note 2, to add a reference to Ordinance 2019-220.
- 5. Sidewalks shall be constructed along the right-of-way as each lot is developed, per Title 12 of the City of Davenport Code.
- 6. Maintain existing 20' Utility and Sanitary Sewer Easement at the rear and front of lots.
- 7. Add a note stating, "Stormwater detention and water quality treatment will be required for this subdivision and will be owned and maintained by the property owner."
- 8. Include a drainage easement to carry flow from Lot 1 to Outlot A.

Comprehensive Plan:

- 1. Within Existing Urban Service Area: Yes
- 2. Within Urban Service Area 2035: Yes

Future Land Use Designation: The subject property is designated as Residential General (RG).

Relevant goals to be considered in this case: Strengthen the existing built environment.

The proposed final plat complies with the Davenport +2035 proposed land use section.

Zoning: The subject property is zoned C-OP Commercial Office Park District and is subject to conditions under Ordinance 2019-220.

Technical Review:

- <u>Zoning</u>: The property was rezoned in 2019 from C-T Commercial Transitional District to C-OP Commercial Office Park District. The adopted ordinance limited building height to 35 feet. The following uses are prohibited: restaurant, vehicle dealership (indoor), hotel, and light industrial. The proposed lots comply with commercial district dimensional standards. Each lot exceeds the minimum lot area requirement of 20,000 square feet and the minimum lot width of 70 feet.
- 2. <u>Streets:</u> No new streets are proposed with this subdivision. Access to future development will be from 56th Street. Sidewalks shall be constructed at the time of development.
- 3. <u>Storm Water</u>: Outlot A is dedicated for stormwater detention. The 1.12 acre outlot is located at the northeast corner of the site.
- 4. Sanitary Sewer: There is a 10" sanitary sewer located in Outlot A.
- 5. Other Utilities: Other normal utility services are available.
- 6. <u>Parks/Open Space</u>: There are no impacts to parks/open space

Public Input:

No Public Hearing or notifications are required for a final plat; however, staff met with adjacent residential property owners to discuss how City codes mitigate land uses, landscaping, lighting, noise, and stormwater management.

Subject:

Motion approving the local objectives for the Community Development Block Grant Program for the Year 50 Annual Action Plan covering July 1, 2024 – June 30, 2025. [All Wards]

Recommendation: Pass the Motion.

Background:

Annually the Citizens' Advisory Committee makes recommendations to the City Council regarding local objectives for the next Community Development Block Grant Annual Action Plan.

The Citizens' Advisory Committee is recommending the approval of three local objectives for the Year 50 Annual Action Plan. The local objectives were based on input received from: a survey, census data, the Analysis of Impediments to Fair Housing and the Housing Needs Assessment, in-person "open-house" style public meetings at the Eastern Library 9/7/2023, Main Street Library 9/9/2023 (morning), and Fairmount Library 9/9/2023 (afternoon), and a virtual public input meeting 8/30/2023.

The recommended objectives are:

- Improve the livability of Davenport neighborhoods including availability of decent, affordable housing for owners and renters, and neighborhood infrastructure City-wide.
- Support programs to retain existing businesses and to attract new businesses, with an emphasis on increasing employment and business opportunities for younger workers, low to moderate income households, and minorities.
- Provide support for human needs for the citizens of Davenport emphasizing mental health services and building life skills.

Approval of this Motion will establish the local objectives for the Year 50 Annual Action Plan (July 1, 2024 – to June 30, 2025). Council-approved local objectives will tie directly into Year 50 CDBG funding recommendations. Background information that was provided to the CAC is included as an attachment.

Action Item from CAC Meeting October 2023

American Community Survey (2014-2018 ACS) & Comprehensive Housing Affordability Strategy Data (2014-2018 CHAS)	Analysis of Impediments to Fair Housing Impediments (2019)	Housing Needs Assessment Recommendation (2020)	Community Input Results (2023)
Households with at least one member 65+ - 25.9%	1. Continued need for an increased supply of decent affordable housing: *Continue using CDBG and HOME funds to increase and maintain the availability of high- quality, affordable rental and for-sale housing through new construction and rehabilitation. *Develop a referral protocol for situations where a tenant household may have to be displaced due to substandard housing conditions discovered in the course of an inspection.	1. Encourage Low to Moderate Income Housing: * Encourage affordable housing development through density bonus, fee deferments or waivers, and other forms of cost benefits to developers. * Seek out funding opportunities from local and state sources.	Respondants were almost evenly split in supporting focusing funds on a targeted area (50.98%) versus city- wide distribution of funds (49.02%)
For the population 5 years and over 92.5% speak English only. Those that speak a language other than English account for 7.5% and of those 3.2% speak English "less than very well". The most common other spoken language is Spanish with 4.0%.	 2. Lack of geographic diversity in affordable housing choices: * New affordable housing development, whether by the use of CDBG or HOME funds, the local housing authorities, or private-sector LIHTC developers should be given priority consideration when it will be located in an area that increases access to new types of opportunity not generally available in neighborhoods where existing affordable housing is located. 	2. Encourage Rental-Multifamily Housing Development/Rehabilitation: *Assess areas with established infrastructure that can accommodate additional rental/multifamily development. *Identify existing multifamily housing developments that may be candidates for redevelopment of rehabilitation, work to secure or commit funding for these activities. *Review the availability and need for additional amenities, such as public K-12 schools, grocery stores and public transportation within the vicinity for new developments.	Highest priorities identified are Affordable Housing (56.86%) and Infrastructure (22.22%)
There are a total of 45,075 housing units in Davenport, of those approximately 10.7% are vacant. Housing units built 1979 or earlier account for almost ³ / ₄ of all housing units in the City (74.9%). The median housing value is \$127,100.	3. Accessible housing for people with disabilities in short supply: * Consider opportunities to encourage or incentivize the construction of new accessible housing units for people with disabilities.	3. Encourage Development of Vacant and Underdeveloped Parcels: * Encourage the development of vacant and underdeveloped parcels in close proximity to existing services and infrastructure through development incentives and fee waivers or deferments.	More than 90% of respondents use City services on a regular basis.
Median rent is \$757/month and approximately 22.6% of rental households pay over \$1,000/month.	 4. Community development planning lacks an equity focus: * Explore the creation of an evaluation tool that could be used to review development and policy decisions to maximize equitable outcomes. *A broad-based and trusted local convening institution should be enlisted to create and offer a periodic anti-racism training aimed at local community leaders. 	 4. Encourage Support for Homeless Housing and Services: *Seek out funding through federal, state, and local homeless funding sources, including government agencies and charitable foundations. * Assist with services for those facing eviction in terms of resources and other re-housing information 	Highest priority in housing services were (in order) transitional housing, senior housing, and owner ioccupied rehabilitation/energy efficiency (tie).

The median household income is \$50,001. Households with income less than 30% AMI account for 13.3% and households making less than 80% AMI account for 44.8% of total households. Families whose income is below the poverty level is 11.6% and of those 8.1% have children.	 Protected classes face barriers to fairly accessing housing: * coordinate delivery of a regional fair housing education program that reaches the public with information about fair housing rights and responsibilities, how to recognize discrimination, and how and where to file a complaint. * Identify an appropriate partner organization and coordinate a fair housing testing program directed at potential issues of steering. * Meet with lenders and/or appraisers to inform them of goals for furthering fair housing and discuss lending barriers related to homeownership and community reinvestment in low-income neighborhoods. 	5. Encourage additional production of housing units suitable for special needs populations, such as the elderly, the disabled, transitional housing and those needing care with services: *Demand for housing for a selection of special populations, such as the disabled or those needing care with services. * Research and determine sources of additional funding that will aid in securing the development of small scale facility development, taking into consideration the proximity of pertinent services and transportation options.	Highest priority economic development services (in order) are job creation/retention, employment centers/job services, and energy efficiency improvements.
29.9% of all households have at least one housing problem and 15.5% have at least one severe housing problem. Households that are 30-50% cost burdened account for 14.8%. Approximately 13.5% of households that are cost burdened greater that 50% and those making less than 30% AMI account for 8.6%.	6. Community perceptions influence housing choices: *Explore options for a community- wide event or events that encourage interaction among diverse participants in neighborhoods throughout the region.	 6. Encourage Activities for Homeowners/Homebuyers: * Supporting current homebuyers to maintain existing housing stock through rehabilitation programs * Educational classes for first time homebuyers and housing counseling services 	Highest priority for infrastructure projects (in order) were street/alley improvements, demolition of blighted structures, and transportation improvements.
Note: The four housing problems are: incomplete kitchen facilities, incomplete plumbing facilities, more than 1 person per room, and cost burden greater than 30%. The four severe housing problems are: incomplete kitchen facilities, incomplete plumbing facilities, more than 1 person per room, and cost burden greater than 50%. Cost burden is the ratio of housing costs to household income. For renters, housing cost is gross rent (contract rent plus utilities). For owners, housing cost is "select monthly owner costs", which includes mortgage payment, utilities, association fees, insurance, and real estate taxes.			Highest priority public services (in order) are homeless services, mental health services and childcare services.

<u>Third Consideration</u>: Ordinance for Case REZ23-04 being the request of Jason Cousineau to rezone approximately 1.19 acres of land generally located southeast of the Grand Avenue and East 46th Street intersection at 801 East 46th Street from R-MF Multi-Family Residential District to I-1 Light Industrial Zoning District. [Ward 7]

Recommendation:

Adopt the Ordinance.

Background:

Jason Cousineau, petitioner for REZ23-04, has proposed upscale flex storage units/garage units for the subject property. This storage use requires, at a minimum, I-1 Light Industrial zoning. The Plan and Zoning Commission reviewed Case REZ23-04 at its September 19, 2023 meeting and has recommended approval subject to the listed findings.

Findings:

- 1. The zoning map amendment is consistent with the Davenport +2035 Land Use Plan, which identifies the property as Residential General.
- 2. The proposed zoning map amendment to I-1 Light Industrial District is compatible with the zoning and uses of nearby developed property.
- 3. The zoning map amendment will enable the area to be developed in a manner consistent with the surrounding area.
- 4. The proposed zoning map amendment does not hinder the public health, safety, and welfare of the City.
- 5. The proposed amendment will not create any nonconformities with future development.

Discussion:

Re-zonings are intended to determine if the district itself is appropriate and compatible with surrounding districts and development. Any submitted concept plans or proposed designs are for reference only, but can be useful in visualizing potential development.

In 2018, City Council approved a previous request to rezone this property, being Case REZ18-01 (Tom Swanwick, Petitioner) which rezoned the property from C-2 General Commercial to R-6M High Density Residential District (under the "1983" Zoning Code) for a proposed 10-unit townhouse development with 'fee simple title'. The project never came to fruition and the property has remained vacant to present day.

Comprehensive Plan:

Within Existing Urban Service Area: Yes Within Urban Service Area 2035: Yes Future Land Use Category: Residential General (RG)

Zoning:

Existing: R-MF Multiple-Family Dwelling District Proposed: I-1 Light Industrial District

Technical Review:

Technical review comments have been received and no concerns have been identified; Site Plan review shall require compliance with all development codes.

Approval Standards for Map Amendments (Chapter 17.14.040):

The Plan and Zoning Commission recommendation and the City Council decision on any zoning text or map amendment is a matter of legislative discretion that is not controlled by any particular standard. However, in making their recommendation and decision, the Plan and Zoning Commission and the City Council must consider the following standards. The approval of amendments is based on a balancing of these standards. Staff's review of the approval standards is attached.

a. The consistency of the proposed rezoning (map amendment) with the Comprehensive Plan and any adopted land use policies.

Staff response: The property is designated Residential General (RG) which provides for neighborhoods that are mostly residential but include, or are within one-half mile (walking distance) of scattered neighborhood-compatible services. Neighborhoods are anticipated to maintain their existing characteristics in terms of land use mix and density, with the exception along edges and transition areas, where higher intensity may be considered.

It is staff's opinion that the proposed rezoning can be considered compatible to the adjacent area with regards to the Comprehensive Plan and adopted land use policies even if the specific property is, at a cursory level, different from the specific nature of the Residential General designation. Staff would prefer to maintain the existing RG classification to direct future uses, even though this rezoning would allow for industrial uses.

b. The compatibility with the zoning of nearby property.

Staff response: The surrounding zoning is I-1 Light Industrial to the north and low intensity commercial to the west and southwest, with open space to the south.

It is staff's opinion that the proposed rezoning is compatible with the zoning of nearby property due to the large industrial area to the north.

c. The compatibility with established neighborhood character.

Staff response: The area is characterized predominately with industrial uses and some apartment uses. These existing uses have been situated as such for nearly 20 years without incident or recorded complaints. There should be little or no conflicts between the low intensity cemeteries to the south and the industrial use which would be permitted in the I-1 Light Industrial District.

It is staff's opinion that the proposed amendment is compatible with the established neighborhood character.

d. The extent to which the proposed rezoning promotes the public health, safety, and welfare of the Citv.

Staff response: It is staff's opinion that the proposed zoning map amendment will not hinder the public health, safety, and welfare of the City.

e. The suitability of the property for the purposes for which it is presently zoned, i.e., the feasibility of developing the property in question for one or more of the uses permitted under the existing zoning classification.

Staff response: The property is presently zoned R-MF Multiple-Family Residential District. Developments of these types have been found to be compatible with the adjacent industrial and commercial uses. Development opportunities would exist for uses under the current zoning district, similar to those that would existing under the proposed district.

It is staff's opinion that the proposed zoning map amendment will enable the area to be developed in a manner consistent with the surrounding neighborhood.

f. The extent to which the proposed amendment creates nonconformities.

Staff response: It is staff's opinion that the proposed zoning map amendment will not create any nonconformities.

Public Input:

Property owners within 200 feet of the property have been notified and a sign has been placed on the property. A Public Hearing notice was published in the Quad City Times per State of Iowa rezoning requirements. The Public Hearing before the Plan and Zoning Commission was held on September 5, details of which are in the attached minutes for that meeting.

No official comments have been received regarding this request.

ORDINANCE NO. _____

AN ORDINANCE FOR CASE REZ23-04 BEING THE REQUEST OF JASON COUSINEAU TO REZONE APPROXIMATELY 1.19 ACRES OF LAND GENERALLY LOCATED SOUTHEAST OF THE GRAND AVENUE AND EAST 46TH STREET INTERSECTION AT 801 EAST 46TH STREET FROM R-MF MULTI-FAMILY RESIDENTIAL DISTRICT TO I-1 LIGHT INDUSTRIAL ZONING DISTRICT.

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

<u>Section 1.</u> The following described unit of Scott County, Iowa real estate is hereby rezoned to "I-1 Light Industrial Zoning" District.

LOTS 1-7 AND OUTLOT A OF PADDINGTON SQUARE, BEING PART OF THE SOUTH HALF OF SECTION 12 TOWNSHIP 73 NORTH, RANGE 3 EAST OF THE 5TH P.M. AND ALSO BEING A REPLAT OF PART OF LOT 3 RYDE HIGH SECOND ADDITION.

Section 2. That the following findings and conditions are hereby imposed upon said rezoning:

Findings:

1. The zoning map amendment is consistent with the Davenport +2035 Land Use Plan, which identifies the property as Residential General.

2. The proposed zoning map amendment to I-1 Light Industrial District is compatible with the zoning and uses of nearby developed property.

3. The zoning map amendment will enable the area to be developed in a manner consistent with the surrounding area.

4. The proposed zoning map amendment does not hinder the public health, safety, and welfare of the City.

5. The proposed amendment will not create any nonconformities with future development.

<u>Section 3.</u> At its September 20, 2023 meeting, the City Plan and Zoning Commission voted to forward Case REZ23-04 to the City Council with a recommendation for approval subject to the listed findings and conditions.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

Approval Standards for Map Amendments (Chapter 17.14.040):

The Plan and Zoning Commission recommendation and the City Council decision on any zoning text or map amendment is a matter of legislative discretion that is not controlled by any particular standard. However, in making their recommendation and decision, the Plan and Zoning Commission and the City Council must consider the following standards. The approval of amendments is based on a balancing of these standards. Staff's Review of the Approval Standards is attached in the background materials.

a. The consistency of the proposed rezoning (map amendment) with the Comprehensive Plan and any adopted land use policies.

[Wards 3 & 5]

Recommendation: Adopt the Ordinance.

Background:

This parking restriction on the east side of Perry Street was enacted in the 1970's to prohibit Palmer students from parking in this area. Due to many changes at Palmer College since then, the restriction is no longer needed and no safety impacts are expected by removing the current parking restrictions. Letters were sent to the residents and we received no objections to this change.

Part of the Northwest Quarter of Section 35, Township 78 North, Range 3 East of the Fifth Principal Meridian in the City of Davenport, County of Scott, State of Iowa, being more particularly described as follows:

Commencing at the Northwest corner of the Northwest Quarter of said Section 35; thence South 00° 04' West 1458.72 feet along the West line of the Northwest Quarter of said Section 35 to its intersection with the present Southerly fight of way line of West River Street (U.S. Route 61) which point is also the place of beginning to the tract of land herein described; thence North 82° 25' 30" East 54.57 feet along said right of way line; thence in a Northeasterly direction along said right of way line on a curve concave to the Southeast and the radius of which is 2427.43 feet for a distance of 114.65 feet to River Street and Marquette Street; thence South 00° 04' West 114.34 feet along the West line of said Marquette Street; thence South 79° 30' West 170.90 feet to the West line of the Northwest Quarter of said Section 35; thence North 00° 4' East 125.88 feet along the West line of the Northwest Quarter of said Section 35 to the place of beginning.

Subject to an easement for the continued maintenance, operation and use of all existing conduits, sewers, water mains, gas lines, electric power lines, wires and other utilities of any kind whatsoever on said premises, whether owned, operated, used or maintained by the Chicago, Rock Island and Pacific Railroad

Company, its licensees or others, and whether or not of record, with reasonable right of entry for the purpose of repairing, reconstructing and replacing same; and Subject to a reservation by the Chicago, Rock Island and Pacific Railroad Company, its successors and assigns, of all coal, oil, gas, casinghead gas and all ores and minerals of every kind and nature underlying the surface of said premises, together with the full right, privilege and license at any and all times to explore, or drill for and to protect, conserve, mine, take, remove and market any and all such products in any manner which will not damage structures on the surface of said premises.

EASEMENT AREA:

An underground gas easement described as follows:

Said easement area is generally depicted on Exhibit "A", attached hereto and made a part hereof.

2. Additionally, Grantee shall have the right to remove from the Easement Area described above, any obstructions, including but not limited to, trees, plants, undergrowth, buildings, fences and structures that interfere with the proper operation and maintenance of said Facilities and equipment.

3. Grantor agrees that it will not construct or place any permanent or temporary buildings, structures, fences, trees, plants, or other objects on the Easement Area described above, or make any changes in ground elevation without written permission from Grantee indicating that said construction or ground elevation changes will not result in inadequate or excessive ground cover, or otherwise interfere with the Grantee's rights to operate and maintain its Facilities.

4. In consideration of such grant, Grantee agrees that it will repair or pay for any damage which may be caused to crops, fences, or other property, real or personal, of the Grantor by the construction, reconstruction, maintenance, operation, replacement or removal of the Facilities (except for damage to property placed subsequent to the granting of this easement) that Grantee determines interferes with the operation and maintenance of the Facilities and associated equipment. The cutting, recutting, trimming and removal of trees, branches, saplings, brush or other vegetation on or adjacent to the Easement Area is expected and not considered damage to the Grantor.

5. Grantor certifies that it is not acting, directly or indirectly, for or on behalf of any person, group, entity or nation named by any Executive Order or the United States Treasury Department as a terrorist, "Specially Designated National and Blocked Person" or any other banned or blocked person, entity, nation or transaction pursuant to any law, order, rule or regulation that is enforced or administered by the Office of Foreign Assets Control; and are not engaged in this transaction, directly or indirectly on behalf of, any such person, group, entity or nation. Grantor hereby agrees to defend, indemnify and hold harmless Grantee from and against any and all claims, damages, losses, risks, liabilities and expenses (including attorney's fees and costs) arising from or related to any breach of the foregoing certification.

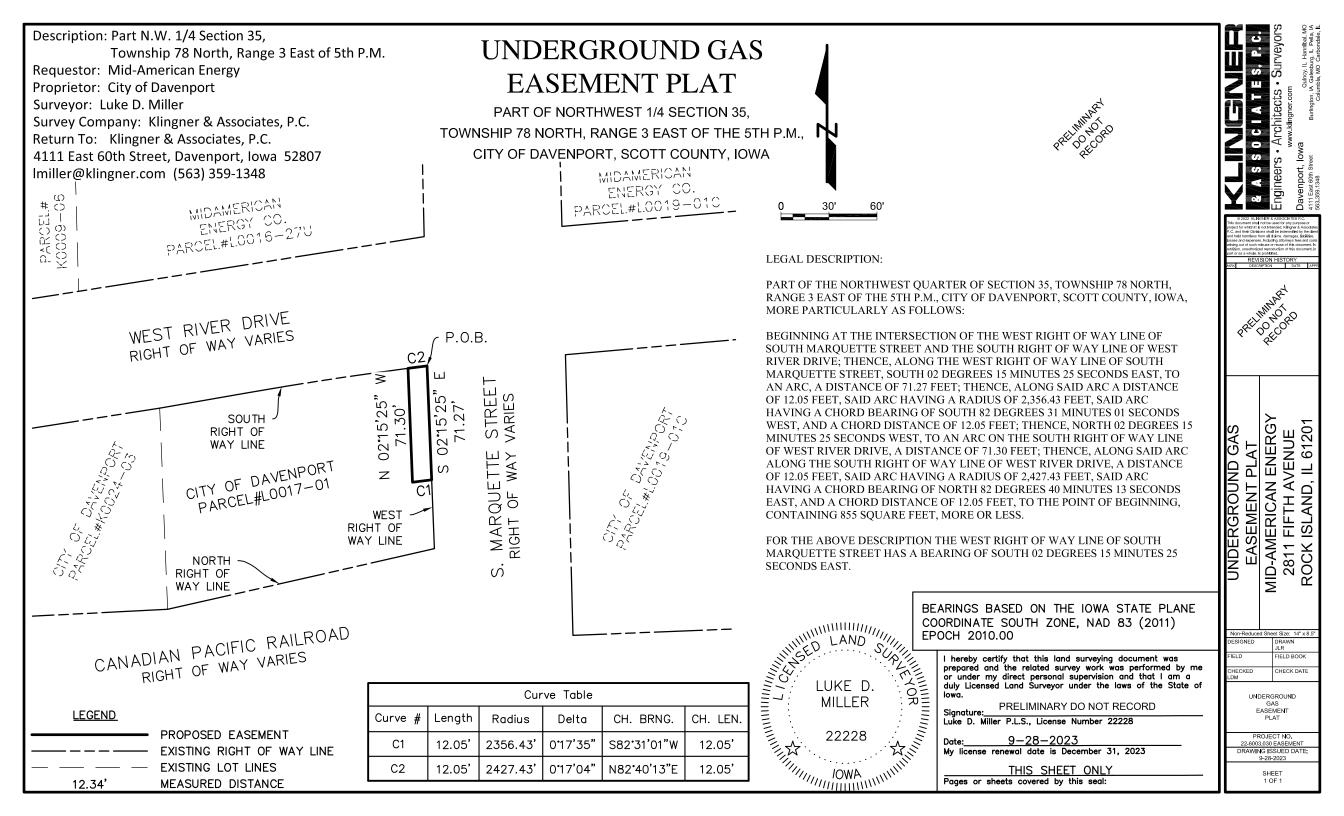

6. Each of the provisions of this easement shall be enforceable independently of any other provision of this easement and independent of any other claim or cause of action. In the event of any matter or dispute arising out of or related to this easement, it is agreed between the parties that the law of the jurisdiction and location where this easement is recorded (including statute of limitation provisions) will govern the interpretation, validity and effect of this easement without regard to the place of execution or place of performance thereof, or any conflicts of law provisions. TO THE FULLEST EXTENT PERMITTED BY LAW, EACH OF THE PARTIES HERETO WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS EASEMENT. EACH PARTY FURTHER WAIVES ANY RIGHT TO CONSOLIDATE ANY ACTION IN WHICH A JURY TRIAL HAS BEEN WAIVED WITH ANY OTHER ACTION IN WHICH A JURY TRIAL CANNOT BE OR HAS NOT BEEN WAIVED.

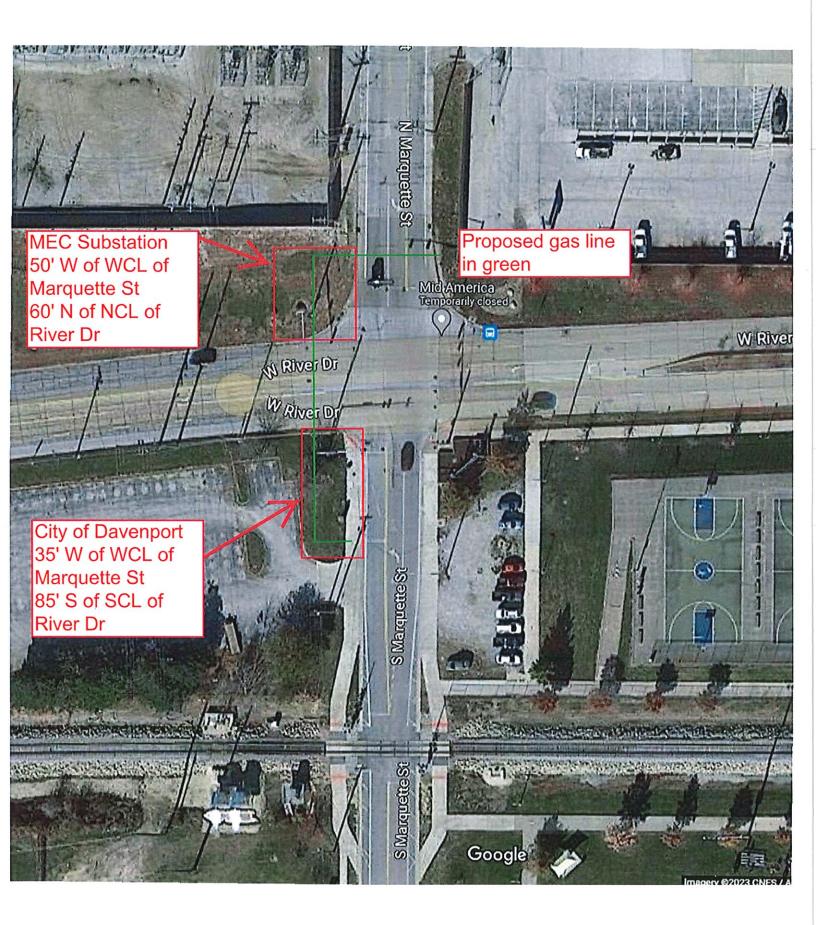

7. Grantor hereby relinquishes all rights of dower, homestead and distributive share in and to the property and waives all rights of exemption as to any of the property. Grantor understands that homestead property is in many cases protected from the claims of creditors and exempt from judicial sale; and that by signing this easement, voluntarily gives up any right to this protection for this property with respect to claims based upon this easement.

8. Grantor warrants to Grantee that Grantor holds title to the Easement Area in fee simple and Grantor has good and lawful authority to grant the rights provided in this easement.

Subject:

Motion approving a professional services agreement for engineering services for the West Locust Street (North Clark Street to Lincoln Avenue) Resurfacing project to Snyder & Associates, Inc of Iowa City, Iowa in the amount of \$76,000, CIP #35061. [Ward 4]

Recommendation: Pass the Motion.

Background:

The pavement on West Locust Street from Lincoln Avenue to North Clark Street is in need of rehabilitation. This project will generally include the asphalt mill and overlay, with select curb and gutter replacement. In addition, this may include minor storm sewer and sanitary sewer improvement if investigations conclude they are needed within the defined project limits.

Engineering services are required in order to put together the necessary drawings and specifications prior to going out to bid for construction for this project. This Motion allows the City to hire Sndyer & Associates to perform that service.

Motion approving a professional services agreement for engineering services for the West Central Park | Division Street and Marquette Street Intersection Reconstruction project to Olsson Inc of Cedar Rapids, Iowa in the amount of \$88,000, CIP #35061. [Wards 2, 4, & 7]

Recommendation: Pass the Motion.

Background:

The intersections of both Division Street and Marquette Street on West Central Park are scheduled to receive full-depth pavement reconstruction, curb and gutter replacement, and sidewalk upgrades to meet current ADA design standards. In addition, the traffic signals at West Central Park and Marquette Street will be replaced as part of the project due to their age and level of deterioration.

Engineering services are required in order to produce the necessary drawings and specifications prior to going out to bid for construction for this project. This motion allows the City to hire Olsson Inc. to perform that service.

Resolution granting an encroachment license to Cinema Paradiso, LLC to locate a fire escape in the right-of-way on the sidewalk along Iowa Street abutting 325 East 2nd Street. [Ward 3]

Recommendation: Adopt the Resolution.

Background:

Cinema Paradiso is renovating the building at 325 E 2nd Street into the Last Picture House. As part of its renovation, an additional escape route is required from the second floor. The only location where the fire escape can be feasibly located is on the sidewalk within the Iowa Street public right-of-way abutting the property. Chapter 12.36 states that the city council may grant license to allow an encroachment of the public right-of-way when the encroachment is more permanent in nature.

The staircase must be constructed and installed in such a way as it can be removed if necessary, with proper notice, for any necessary maintenance or improvements to utilities located under the sidewalk within the area of the encroachment.

Resolution No.

Resolution offered by Alderman Gripp and Alderwoman Lee.

RESOLVED by the City Council of the City of Davenport, Iowa.

RESOLUTION granting an encroachment license to Cinema Paradiso, LLC to locate a fire escape within the right-of-way on the sidewalk along Iowa Street abutting 325 East 2nd Street.

WHEREAS, due diligence has revealed that The Last Picture House operation requires a secondary means of egress from the second floor; and

WHEREAS, the occupancy and use of the building requires that the secondary egress as a fire escape be established prior to occupancy; and

WHEREAS, the only space where a fire escape may be located is within the right-of-way on the sidewalk along Iowa Street; and

WHEREAS, the fire escape will be affixed to the sidewalk of Iowa Street and restrict pedestrian access; and

WHEREAS, the installation of the fire escape was reviewed by the Design Review Board at its September 26, 2022 meeting and is recommended for approval; and

WHEREAS, Cinema Paradiso, LLC, its owners, officers, employees, assigns and successors in interest will comply with Davenport Municipal Code Chapter 12.36 and will agree to hold the City harmless.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Davenport, Iowa that Cinema Paradiso, LLC, its owners, officers, employees, assigns and successors in interest, are hereby granted a license to place an encroachment within the right-of-way on the sidewalk along Iowa Street abutting 325 East 2nd Street, Davenport, Iowa, for the purpose of constructing a fire escape that would be otherwise prohibited by Davenport Municipal Code §12.36.010 subject to the provisions of the Chapter 12.36, including, but not limited to, §12.36.040 - §12.36.070, and subject to the requirement that the fire escape be constructed and maintained so that it does not constitute a hazard to the public in the public right-of-way or limit access to maintenance of City infrastructure; and

BE IT FURTHER RESOLVED that this license is granted pursuant to Davenport Municipal Code Chapter 12.36, and is revocable by the City at any time for any reason or for no reason; and Cinema Paradiso, LLC, its successors and assigns accepts, as evidenced by its use and occupation of the public right of way described herein subsequent to the adoption of this resolution, as its obligation, the duty to defend and hold harmless the City of Davenport from any claim arising out of or related to its occupation of the public right-of-way; and further, releases the City, its officers, employees, and agents from any damage that may arise from municipal operations, and that the licensee name the

City of Davenport as an additional insured on its liability insurance coverage for the licensed area for the purpose of the City of Davenport receiving notice of cancellation not less than thirty days' prior to the effective date of the termination of coverage.

Passed and approved this 8th day of November, 2023.
