Proclamation

- Whereas** the Q2030 movement has created four pillars for the Quad Cities to try to achieve by the year 2030; and
- Whereas** those four pillars are identified as being a Cool, Creative, Connected and Prosperous place; and
- Whereas** as part of the connected pillar a two-day initiative called the “Quad Cities Big Table” has been established; and
- Whereas** it is the goal of the Big Table to unite 5,000 Quad Citizens around 500 tables during the weekend of April 20th and 21st, where Quad Citizens are invited to talk about what matters most to them and how individually and together we can make our communities stronger and more connected.
- Now therefore** We, Mayor Frank Klipsch and the Davenport City Council do hereby proclaim the weekend of April 20th and 21st, 2018 as

The Quad Cities Big Table Weekend

in the City of Davenport and call on all Quad Citizens to participate in this community-wide initiative to further connect our community so that we can become a Cool, Creative, Connected and Prosperous place.

Dated this 11th day of April, 2018

Proclamation

- Whereas** libraries have long served as trusted and treasured institutions, and library workers and librarians fuel efforts to better their communities, campuses and schools; and
- Whereas** librarians are leaders in their institutions and organizations, in their communities, in the nation and in the world; and
- Whereas** librarians continue to lead the way in leveling the playing field for all who seek information and access to technologies; and
- Whereas** libraries and librarians look beyond their traditional roles and provide transformative opportunities for education, employment, entrepreneurship, empowerment and engagement, as well as new services that connect with patrons' needs; and
- Whereas** libraries and librarians lead their communities in innovation, providing STEAM programming, makerspaces and access and training for new technologies; and
- Whereas** libraries are pioneers supporting democracy and effecting social change, with a commitment to providing equitable access to information for all library users regardless of race, ethnicity, creed, ability, sexual orientation, gender identity or socio-economic status; and
- Whereas** libraries transform us by connecting our diverse community to resources that inform, enrich, educate and entertain; and
- Whereas** libraries, librarians, library workers and supporters across America are celebrating National Library Week.
- Now therefore** We, Mayor Frank Klipsch and the Davenport City Council, do hereby proclaim April 8th – April 14th, 2018 as

National Library Week

In the City of Davenport and encourage all citizens to visit one of our three outstanding libraries this week to explore what's new, engage with the library staff and see how libraries transform.

Subject:

Resolution for Case No. P18-02: Preliminary plat Seng Meadows on 20.9 acres, more or less, located west of Northwest Boulevard and north of 46th Street containing 58 residential lots and one outlot. Property is zoned "R-3" Moderate Density Dwelling District. [Ward 7]

Recommendation:

Adopt the resolution

Finding:

- The residential plat conforms to the land use map of Davenport+2035.

Recommendation:

The City Plan and Zoning Commission concurred with the finding and staff's recommendation and forwards the preliminary plat to the City Council for approval subject to the following conditions:

1. That the developer's engineer confirm whether sanitary sewer has or has not been extended to the church property; and if not, then it will need to be shown as extending to the property.
2. That the area reserved for right-of-way intended for the extension of 48th Street in Anette's Landing be shown on the plat
3. If 48th Street is not to be extended, then the existing street needs to end in a turn around, either a hammer-head or cul-de-sac.
4. With final platting the design for the detention must show the surrounding properties are protected to an elevation one-foot above the 100-year storm event elevation.
5. That the eighty (80) foot right-of-way of Marquette Street be maintained.

The Commission vote was 9-yes, 0-no and 0-abstention.

Relationship to Goals:

Welcome Investment

Welcoming Neighborhoods

Background:

This is a preliminary plat showing a proposal for a single family residential development separated from surrounding development. Please see the Commission's letter and background material for further information.

Resolution No. _____

Resolution offered by Alderman Gripp

RESOLVED by the City Council of the City of Davenport.

RESOLUTION approving P18-02: Preliminary plat Seng Meadows on 20.9 acres, more or less, located west of Northwest Boulevard and north of 46th Street containing 58 residential lots and one outlot. Property is zoned "R-3" Moderate Density Dwelling District. [Ward 7]

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Davenport that the preliminary plat of Seng Meadows to the City of Davenport, Iowa, be the same and is hereby approved and accepted subject to all the conditions as stated in the Commission's letter dated March 26, 2018 and as follows:

1. That the developer's engineer confirm whether sanitary sewer has or has not been extended to the church property; and if not, then it will need to be shown as extending to the property.
2. That the area reserved for right-of-way intended for the extension of 48th Street in Anette's Landing be shown on the plat
3. If 48th Street is not to be extended, then the existing street needs to end in a turn around, either a hammer-head or cul-de-sac.
4. With final platting the design for the detention must show the surrounding properties are protected to an elevation one-foot above the 100-year storm event elevation.
5. That the eighty (80) foot right-of-way of Marquette Street be maintained.

and the Mayor and City Clerk be, and they are hereby authorized and instructed to certify to the adoption of this resolution upon said plat as required by law.

Honorable Mayor and City Council
City Hall
Davenport IA 52801

Honorable Mayor and City Council:

At its regular meeting of March 20, 2018, the City Plan and Zoning Commission considered Case No. P18-02 being the preliminary plat of Seng Meadows on 20.9 acres, more or less, located west of Northwest Boulevard and north of 46th Street, containing fifty-eight (58) residential lots. The property is zoned "R-3" Moderate Density Dwelling District. [Ward 7]

Finding:

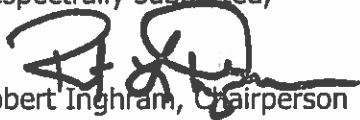

The residential plat conforms to the land use map of Davenport+2035.

Recommendation:

Staff recommends the City Plan and Zoning Commission forward the preliminary plat to the City Council for approval subject to the following conditions:

1. That the developer's engineer confirm whether sanitary sewer has or has not been extended to the church property; and if not, then it will need to be shown as extending to the property.
2. That the area reserved for right-of-way intended for the extension of 48th Street in Anette's Landing be shown on the plat
3. If 48th Street is not to be extended, then the existing street needs to end in a turn around, either a hammer-head or cul-de-sac.
4. With final platting the design for the detention must show the surrounding properties are protected to an elevation one-foot above the 100-year storm event elevation.
5. That the eighty (80) foot right-of-way of Marquette Street be maintained.

Comprehensive Plan:

Within Urban Service Area (USB35): Yes
Proposed Land Use Designation: RG - Residential General

Residential General (RG) - Designates neighborhoods that are mostly residential but include, or are within one-half mile (walking distance) of scattered neighborhood-compatible commercial services, as well as other neighborhood uses like schools, churches, corner stores, etc. generally oriented along Urban Corridors (UC). Neighborhoods are typically designated as a whole. Existing neighborhoods are anticipated to maintain their existing characteristics in terms of land use mix and density, with the exception along edges and transition areas, where higher intensity may be considered.

Relevant *Davenport+2035* Goals and Objectives:

1. *Strengthen the existing built environment.*
 - b. *Reduce the number of underoccupied, abandoned, or vacant buildings / properties through adaptive reuse and infill.*

2. Identify and reserve land for future development

Technical Review:

Streets. Marquette is proposed to extend into the proposed plat but not the length of the plat. Three cul-de-sacs are also proposed. There already exists a Kelly Court in Irish Woods Additions in the approximately same alignment. To differentiate, the developer may want to consider naming it West Kelly Court or since it aligns with the proposed Seng Court it should carry the same name.

16.24.040 Streets.

A. The arrangement of street rights-of-way in new subdivisions shall make provisions for the extension of the existing system of street rights-of-way (or their proper projection where adjacent property is not subdivided) insofar as they may be necessary for public requirements. The street and alley right-of-way arrangements shall also be such as to cause no hardship to owners of adjacent property when they plat their own land and seek to provide for convenient access to it.

General Note: Staff posed a question internally as to the time it takes to plow a cul-de-sac versus a regular street. Part of the time depends on how many cars are parked in the Cul-de-sac I would say that a court that has no obstacles would average 15 to 20 minutes and then if cars are present it could add up to 25 to 30 minutes. Now if you are street plowing a regular street making four passes per block would be no more than 5 minutes per block.

The three cul-de-sacs could be interconnected and provide a "U" type street connection to Northwest Boulevard similar to Northwest Crossings south east of Wood Junior High. This allows for access to Northwest Boulevard during repairs on any portion of the street. This would still maintain the privacy of the area without through connections to Marquette Street.

There is right-of-way dedicated as part of Anette's Landing for the extension of 48th Street that needs to be shown on the plat. If 48th Street is not extended to the north a provision for a turn-around should be made so as not to inconvenience the abutting owners to the southeast.

The preference would be to maintain the eighty (80) foot right-of-way of Marquette Street to be continuous with the existing right-of-way to the south.

Storm Water. There is no existing stormwater infrastructure in the general area. Storm drainage is overland to the ditch line along Northwest Boulevard. Storm water infrastructure will need to be extended into the area. This subdivision is over 5 acres so it will require detention. Detention is proposed along the south boundary of the proposed plat, though the two lot abutting this area to the west are lower in elevation. With final platting, the detention will need to be designed to protect abutting properties to an elevation of one-foot above the 100-year storm event elevation. This subdivision will also create more than 10,000 square feet of hard surface when it is built out so it will require water quality as well.

Sanitary Sewer. Sanitary sewer service is located in Marquette Street and 48th Street adjacent to the plat. Sanitary is also located in 49th and 51st Street along the west boundary of the property. The developer's engineer will need to

confirm whether sanitary sewer has or has not been extended to the church being surrounded by this development.

Other Utilities. This is an urban area and normal utility services are available.

Parks/Open Space. The proposed plat does not impact any existing or planned parks or public open spaces.

PUBLIC INPUT This is a subdivision plat. No notification is required.

DISCUSSION

The following is excerpted from the City Code containing the ordinance language for a preliminary plat:

16.16.020 Submission of preliminary plat — Contents.

A. *The location of present property lines, section lines, easements, corporate limits and other legally established districts, streets, buildings, watercourses, tree masses and other existing features within the area to be subdivided and similar facts regarding existing conditions on land immediately adjacent thereto;*

B. *The proposed location and width of streets, alleys, lots, building setback lines and easements, if any;*

C. *Existing sanitary and storm sewers, water mains, culverts and other underground structures within the tract and immediately adjacent thereto. The location and size of the nearest water main and sewer or outlet are to be indicated in a general way upon the plat;*

D. *Proposed name of the subdivision (which shall not duplicate any previously filed plat), the name of the land owner, land developer, and land surveyor;*

E. *The names and adjoining boundaries of all adjacent subdivisions and the names of record owners of adjoining parcels of unsubdivided land;*

F. *Existing contours with intervals of five feet or less;*

G. *North point, scale and date;*

H. *A vicinity sketch showing the proposed subdivision in relationship to surrounding development and street systems.*

16.16.030 Conformance with minimum standards.

The city plan and zoning commission shall study such preliminary plat to see if it conforms with the minimum standards and requirements as outlined in this chapter. The approval of the preliminary plat does not constitute acceptance with the subdivision by the city, but is deemed to be an authorization to proceed with the preparation of the final plat.

STAFF RECOMMENDATION

Finding:

The residential plat conforms to the land use map of Davenport+2035.

Recommendation:

Staff recommends the City Plan and Zoning Commission forward the preliminary plat to the City Council for approval subject to the following conditions:

1. That the developer's engineer confirm whether sanitary sewer has or has not been extended to the church property; and if not, then it will need to be shown as extending to the property.
2. That the area reserved for right-of-way intended for the extension of 48th Street in Anette's Landing be shown on the plat

3. If 48th Street is not to be extended, then the existing street needs to end in a turn around, either a hammer-head or cul-de-sac.
4. With final platting the design for the detention must show the surrounding properties are protected to an elevation one-foot above the 100-year storm event elevation.
5. That the eighty (80) foot right-of-way of Marquette Street be maintained.

Prepared by:

Wayne Wille, CFM – Planner II
Community Planning Division

Technical Review Comments:

Tom Leabhart - PW

- Sanitary sewer is not shown to be extended to the church property. If it is already connected to the east this may not be necessary, but the Engineer is to confirm one way or another.
- The plat for Lot 1 of Annette's Landing includes an area reserved for street ROW intended for the extension of 48th Street. This area should be shown on the plat.
- If 48th Street is not to be extended the street should end in a cul-de-sac or approved hammer head design providing a turnaround for solid waste and snow removal.
- With final platting, design for the detention basin must show that the surrounding properties are protected to an elevation one foot above the 100 year storm event.
- It is preferred that the width of the Marquette Street ROW remain at 80' to be contiguous with the existing ROW to the south.

David Cox - PW Software Administrator

- Kelly Ct is already a name in Irish Woods Subdivision. It will need to be renamed.

Billy Fisher - PW Urban Conservationist

- This subdivision is over 5 acres so it will require detention.
- It will create more than 10,000 square feet of hard surface when it is built out so it will require water quality as well.

Zachary C. Peterson – PW Landscape Design Architect

- Preserve the 80' ROW on Marquette. The current and previous several Comprehensive Plans call for a direct neighborhood collector connection from 46th St. to NW Blvd. (More connections in the street grid = more choice = more even traffic distribution throughout the existing street network = longer pavement shelf life)
- Preserve existing street width on Marquette at 45'. The Comprehensive Plan calls for the future connection to Northwest Blvd. Preserving the existing cross section will allow for the inclusion of complete street infrastructure per the recommendations of *Davenport In-Motion* and future Multi-Modal Plan initiatives currently in progress with *Davenport-GO*. A future direct connector on Marquette will ultimately minimize the current cut through traffic currently taking place on 46th/Fillmore Ln/51st/Taylor and will reduce the traffic burden in the residential neighborhood along 46th St. to the East.
- The proposed lots 37 & 38 are located on a naturally occurring site low point which may run the risk of future water flow issues in the future.
- Eliminate the proposed 3 cul-de-sac street and 48th Street dead-end alignment in favor of a contiguous loop configuration with an integrated 48th St. through connection for the following reasons (see attached exhibit):
 - The loop road layout as shown works with existing site topography to reduce site grading costs.
 - A loop road layout as shown provides a more efficient lot layout which equates to a higher lot yield.
 - A loop road layout provides a higher yield of walk-out lots.
 - A loop road layout provides the opportunity to relocate lots 36 & 37 to the east on a higher side of the property which allows the natural low point to be used for detention and not affect the lot yield bottom line.
 - Lot 1 of Annette's landing has an easement in place which assumes the future connection of 48th St.

- From a public safety perspective, a loop road layout provides an auxiliary exit point in an emergency situation and better facilitates Fire Department access and fire truck maneuverability.
- A loop road configuration better facilitates snow removal activity and would eliminate the need to stack snow at the end of the cul-de-sac. Streets crews estimate that it takes additional time (see street comment below) for snow removal time to clear a typical cul-de-sac. That figure attributed to this site (3 cul-de-sacs) will cost an additional 45 minutes of clearance time for this development alone.

Art Bartleson – PW Street Maintenance Supervisor

- This is depending on how many cars are parked in the Cul-de-sac I would say that a court that has no obstacles would average 15 to 20 minutes and then if cars are present it could add up to 25 to 30 minutes.
- Now if you are street plowing a regular street making four passes per block would be no more than 5 minutes per block.

Subject:
Resolution authorizing the City Administrator to sign a purchase agreement for the sale of City-owned land (parcel L0009-28B) for the TAG Building Development project (petitioner, Bush Construction Company). [Ward3]

Recommendation:
Adopt the resolution.

Relationship to Goals:
Welcome Investment.

Background:

In recent years, there has been interest from developers in acquiring this City-owned parcel, which is currently greenspace approximately half an acre, located on the south side of the RiverCenter, in the 200 block of E. 2nd Street. However, none of the interested parties were able to get to the point of making an offer due to cash flow projections and perhaps size limitations of the property.

TAG Communications office is located immediately to the east of this property and has been in operation since 1990 and continues to grow. Mike Vondrun, CEO of TAG, indicated a need for additional space and began to work with Bush Construction. What resulted is a conceptual plan to acquire the subject parcel from the City and construct around and above the existing TAG structure.

In addition to added office space, the project involves additional retail/commercial space, approximately 82 market rate apartment units, and both covered and surface parking. The purchase agreement allows a 12-month due diligence period and eventual sale of the City parcel at fair market value. Construction is anticipated to begin within six months of closing, but no later than June 30, 2019. If the petitioner fails to secure financing and/or fails to begin construction in a timely fashion, the property will revert back to the City.

Approval of this resolution will authorize the City Administrator to sign the purchase agreement and any other documentation to allow the petitioner to begin the due diligence period.

Resolution No. _____

Resolution offered by Alderman Gripp.

RESOLVED by the City Council of the City of Davenport.

RESOLUTION authorizing the City Administrator to sign a purchase agreement for the sale of City-owned land (parcel L0009-28B) for the TAG Building Development project (petitioner, Bush Construction Company). [Ward 3]

WHEREAS, the City of Davenport owns land adjacent to the RiverCenter and has no plans to use said land; and

WHEREAS, Bush Construction Company (petitioner) is partnering with adjacent business owner, TAG Communications, who would like to expand this business in Downtown Davenport; and

WHEREAS, the petitioner has submitted a purchase offer to acquire for fair market value and develop additional office/commercial and retail space, along with approximately 82 units of market rate housing and covered/surface parking, using both the TAG property and the City-owned lot; and

WHEREAS, the petitioner intends to ask the City for Urban Revitalization Tax Exemption (URTE) benefits to assist with the financing of the project; and

WHEREAS, upon executing the purchase offer, the petitioner will have up to 12 months to perform their due diligence, which includes securing financing and closing on the property, and then up to six months to begin construction; and

WHEREAS, construction is anticipated to begin within six months of closing, but no later than June 30, 2019. If the petitioner fails to secure financing and/or fails to begin construction in a timely fashion, the property will revert back to the City.

NOW, THEREFORE, with the approval of the resolution, the City Administrator is hereby authorized to execute the purchase offer.

Subject:
Resolution ordering in sidewalks related to the 2019 Sidewalk Construction Program. [Wards 6, 7 & 8]

Recommendation:
Pass the resolution

Relationship to Goals:
Sustainable Infrastructure

Background:

In March 2018, the then current owners of the properties below were notified by mail of the City's intent to order in these sidewalks to allow as much time as possible for budgeting. Official notifications will be sent to current owners following passage of this resolution. City ordinance allows property owners the option of constructing new sidewalks by their own contractor, if they so choose. However, if owners do not construct the sidewalks with their own contractor within the stated period of time (normally 20 days, although reasonable extensions may be granted), then the City may proceed to install the sidewalk with its contractor and, subsequently, bill the owner for the cost. The owner then has the option of paying the bill over time (not exceeding ten years) as a special assessment.

Resolution No. _____

RESOLUTION offered by Alderman Ambrose.

RESOLVED by the City Council of the City of Davenport.

RESOLUTION ordering in sidewalk related to the 2019 Sidewalk Construction Program at the following properties and locations:

Miscellaneous Parcels:

Parcel M1501B19 (Lot north of 4404 Kelling St and south of 2105 W 45th St, PMRE LLC)

Parcel N1708-03A (Lot west of Elmore Ave and east of 4311 Ryan Ct, Ryan Court Owners Association)

Parcel Y0649-12 (1900 E 61st Cir, William & Marry Langan)

WHEREAS, the City Council has the authority to order construction of new sidewalks under Chapter 12, Section 12.12.220 of the Davenport Municipal Code; and

WHEREAS, the property owners are given the opportunity to have the work be done by their own contractor;

NOW, THEREFORE, BE IT RESOLVED, that under the authority of the Davenport Municipal Code, the City Council hereby orders sidewalk to be constructed in conformance with 2018 SUDAS specifications at the locations identified above; and

BE IT FURTHER RESOLVED that if said sidewalks are not constructed by the property owner the City will construct the sidewalk under the 2019 Sidewalk Construction Program and specially assess the cost thereof under the provisions of the Municipal Code of the City of Davenport.

Passed and approved this 11th day of April 2018.

Second Consideration: Ordinance for Case No. REZ18-01 being the request of Tom Swanwick dba Forest View LLC for a rezoning (map amendment) on 1.19 acres of property known as Lot 3 of Ryde High 2nd Addition located on the south side of East 46th Street between Grand and Tremont Avenues. The rezoning is from "C-2" General Commercial District to R-6M Planned Unit Development to construct attached townhouses on individual lots. Ten units are proposed. [Ward 7]

Recommendation:

Adopt the Ordinance

Findings:

That the proposed development fits with the surrounding developments.

The City Plan and Zoning Commission accepts the findings and forward Case No. REZ18-01 to the City Council for approval subject to the following condition:

1. That the Proposed Land Use Map for Davenport+2035 be corrected to include this area as Residential General as shown in Exhibit "A".
2. That the center access point for 46th Street be moved eastward as far as practical (separation should be 230 feet) though may be less if approved by the Traffic Engineer.

The Commission vote was 9-yes, 0-no and 0 abstention.

THE PROTEST RATE IS 0.0%.

Relationship to Goals:

Welcome Investment

Background:

The existing zoning is currently C-2 General Commercial. The Planned Unit Development (PUD) is a residential enhancement, therefore the residential downzoning. With regard to multiple family development the C-2 and R-6M zoning allow the same density. The rezoning to the R-6M Planned Unit Development is to facilitate town home development with each unit on its own lot (fee simple tile of land with each unit). The existing commercial zoning allows for multiple family (apartments) but not attached town home units on individual lots.

A final development plan and subdivision will also be required prior to the property being developed.

For further background information please refer to the background materials.

ORDINANCE NO.

ORDINANCE for Case No. Case No. REZ18-01 being the request of Tom Swanwick dba Forest View LLC for a rezoning (map amendment) on 1.19 acres of property known as Lot 3 of Ryde High 2nd Addition located on the south side of East 46th Street between Grand and Tremont Avenues. The rezoning is from "C-2" General Commercial District to R-6M Planned Unit Development to construct attached townhouses on individual lots. Ten units are proposed. [Ward 7]

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

Section 1. The following described unit of Scott County, Iowa real estate is hereby rezoned. The property has the following legal description:

Part of the Southwest Quarter of Section 12, Township 78 North, Range 3 East of the 5th Principal Meridian, more particularly described as follows:

Lot 3 of Ryde High Second Addition to the City of Davenport, County of Scott, Iowa.

The above described Tract contains 1.19 acres, more or less.

The City Plan and Zoning Commission accepted the findings and forwards Case No. REZ18-01 to the City Council for approval subject to the following conditions:

1. That the Proposed Land Use Map for Davenport+2035 be corrected to include this area as Residential General as shown in Exhibit "A".
2. That the center access point for 46th Street be moved eastward as far as practical (separation should be 230 feet) though may be less if approved by the Traffic Engineer.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

EFFECTIVE DATE. This ordinance shall be in full force and effective after its final passage and publication as by law provided.

March 07, 2018

Honorable Mayor and City Council
City Hall
Davenport, IA 52801

Honorable Mayor and City Council:

At its regular meeting of March 06, 2018, the City Plan and Zoning Commission considered Case No. REZ18-01 being the request of Tom Swanwick dba Forest View LLC for a rezoning (map amendment) on 1.19 acres of property known as Lot 3 of Ryde High 2nd Addition located on the south side of East 46th Street between Grand and Tremont Avenues. The rezoning is from "C-2" General Commercial District to R-6M Planned Unit Development to construct attached townhouses on individual lots. Ten units are proposed. [Ward 7]

The existing zoning is currently C-2 General Commercial. The Planned Unit Development (PUD) is a residential enhancement, therefore the residential downzoning. With regard to multiple family development the C-2 and R-6M zoning allow the same density. The rezoning to the R-6M Planned Unit Development is to facilitate town home development with each unit on its own lot (fee simple tile of land with each unit). The existing commercial zoning allows for multiple family (apartments) but not attached town home units on individual lots.

A final development plan and subdivision will also be required prior to the property being developed.

Findings

That the proposed development fits with the surrounding developments

Recommendation:

The City Plan and Zoning Commission accepts the finding and forwards Case No. REZ18-01 to the City Council for approval subject to the following condition:

1. That the Proposed Land Use Map for Davenport+2035 be corrected to include this area as Residential General as shown in Exhibit "A".
2. That the center access point for 46th Street be moved eastward as far as practical (separation should be 230 feet) though may be less if approved by the Traffic Engineer.

Zoning Map

Land Use

Background: **Comprehensive Plan:**

Within Urban Service Boundary +2035: Yes

Future Land Use Designation: The property being rezoned, the abutting property to the west and the area north of 46th Street (outlined in red) was missed during the development of the Davenport+2035 Land Use map. Staff would suggest that this be rectified as part of this rezoning.

Staff proposes the area south of 46th Street be classified as Residential General (RG) and the area north of 46th Street be classified as Industrial (I).

Residential General (RG) - Designates neighborhoods that are mostly residential but include, or are within one-half mile (walking distance) of scattered neighborhood-compatible commercial services, as well as other neighborhood uses like schools, churches, corner stores, etc. generally oriented along Urban Corridors (UC). Neighborhoods are typically designated as a whole. Existing neighborhoods are anticipated to maintain their existing characteristics in terms of land use mix and density, with the exception along edges and transition areas, where higher intensity may be considered.

Relevant Goals to be considered in this Case:

Identify and reserve land for current and future development – *encourage a full range of development.*

Zoning:

The property is currently zoned "C-2" General Commercial District. The C-2 designation would allow for multiple family (apartments) similar to those developed to the west and northwest. The Planned Unit Development would allow for the attached town homes on individual lots (fee simple title).

Technical Review:

Streets. The property is located along East 46th Street east of Brady Street / Welcome Way couplet. East 46th St dead-ends east at the railroad to the east. There is a separation requirement for the driveways of 203 feet. The topography may not allow a full 230 feet but discussion with the City's Development and Traffic Engineers should be held earlier than later.

Storm Water. Stormwater infrastructure is located in East 46th Street.

Sanitary Sewer. Sanitary sewer service is located along the south side of East 46th Street (8-inch line).

Other Utilities. This is an urban area and normal utility services are available.

Emergency Services. The property is located approximately 1-1/2 miles from Fire Stations No. 3 at 3506 Harrison Street and 2-miles from Fire Station No. 8 at 2820 E 53rd Street.

Parks/Open Space. The proposed rezoning does not impact any existing or planned parks or public open spaces.

Public Input:

A neighborhood meeting was held February 13th at the Public Works Center. No one from the notice area attended. The developer presented staff with the proposed building elevations (not complete) and floor plans.

Discussion:

Zoning

The existing zoning is currently C-2 General Commercial. The Planned Unit Development (PUD) is a residential enhancement, therefore the residential downzoning. With regard to multiple family development the C-2 and R-6M zoning allow the same density.

The rezoning to the R-6M Planned Unit Development is to facilitate town home development with each unit on its own lot (fee simple title of land with each unit). The existing commercial zoning allows for multiple family (apartments) but not attached town home units on individual lots.

A final development plan and subdivision will also be required prior to the property being developed.

Staff Recommendation:

Findings:

That the proposed development fits with the surrounding developments

Recommendation:

Staff recommends the City Plan and Zoning Commission accepts the findings and forward Case No. REZ18-01 to the City Council for approval subject to the following condition:

1. That the Proposed Land Use Map for Davenport+2035 be corrected to include this area as Residential General as shown in Exhibit "A".
2. That the center access point for 46th Street be moved eastward as far as practical (separation should be 230 feet) though may be less if approved by the Traffic Engineer.

Resolution No. _____

Resolution offered by

RESOLVED by the City Council of the City of Davenport.

RESOLUTION approving Case No. ANX18-01, the annexation of 16.84 acres more or less, of territory located west of North Division Street and south of Slopertown Road. (Sterilite Corporation, petitioner.) [Ward 8 as expanded].

WHEREAS, Sterilite Corporation is the owner of 16.84 acres more or less (adjacent right-of-way included), of territory located west of North Division Street and south of Slopertown Road, legally described as follows:

Sterilite Tracts: NW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 27, Township 79 North, Range 3 East of the 5th Principal Meridian, and that part of the SW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of said Section 27 located south of the centerline of Slopertown Road, Scott County Iowa and the NE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 27, Township 79 North, Range 3 East of the 5th Principal Meridian
Current Parcels: 932733002, & 932735005

WHEREAS, the City desires to annex this territory to the City's corporate limits in order to accommodate future development; and

WHEREAS, Section 368.7 of the Code of Iowa provides for the voluntary annexation of territory adjoining the incorporated area of a municipality; and

WHEREAS, pursuant to the Code of Iowa, the City mailed notice of the application via certified mail, at least fourteen business days prior to the anticipated action of the city council on the application, to the council of each city whose boundary adjoins the territory or is within two miles of the territory (in this case the City of Eldridge), to the board of supervisors of each county which contains a portion of the territory (in this case Scott County), each affected public utility (in this case CenturyLink, Iowa-American water, REC Eastern Iowa, MediaCom, and MidAmerican Energy Company), and to the regional planning authority of the territory (in this case the Bi-State Regional Commission); and further, notice of the application was published in an official county newspaper in each county which contains a portion of the territory (in this case the Quad City Times).

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Davenport, Iowa, that the petition for annexation of the area shown on the attached map and legally described above, and the same and is hereby approved, and the Mayor and City Clerk be, and they are hereby authorized and instructed to certify to the adoption of this resolution as required by law.

BE IT FURTHER RESOLVED, that City staff is directed to provide appropriate documentation of this action for review and approval by the City Development Board of the State of Iowa, and that the City Clerk be and is hereby authorized and directed to file a certified copy of this resolution and attachments with the Scott County Recorder, and the Iowa Secretary of State.

Approved:

Frank Klipsch, Mayor

Attest:

Jackie E. Holecek, City Clerk

**NOTICE OF PROPOSED ANNEXATION OF TERRITORY
TO THE CITY OF DAVENPORT (STERILITE)**

Dear Interested Parties:

There is on file with the City of Davenport, Department of Community Planning and Economic Development, a petition to annex a tract to the City of Davenport, legally described as follows:

The northern 250 feet, more or less, of the southwest quarter of Section 27, Township 79 North Range 3 East. The above described real estate contains 14.86 acres more or less, and subject to the rights of the public for roadway purposes of Slopertown Road. The roadway easement for Slopertown contains approximately 1.98 acres.

You are being notified via Certified Mail of this pending action pursuant to Iowa Code Section 368.7(3). A copy of the Voluntary Annexation Petition and location map are attached to this letter. This action is being contemplated in order to allow for continued growth and development within the City of Davenport.

The Davenport Committee of the Whole will consider this petition at its Wednesday, February 21, 2018 meeting, to be held at 5:30 pm in the Council Chambers of City Hall, 226 West 4th Street. The Davenport City Council will vote on the petition at its Wednesday, February 28, 2018 meeting, same time and place. While a public hearing is not required, it is the practice of the City Council to solicit comments from the public prior to taking official action. Final approval of the proposed annexation is the decision of the City Development Board of the State of Iowa.

If you have any further questions regarding this pending annexation, feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Matthew G. Flynn", is written over a light blue horizontal line.

Resolution offered by

RESOLVED by the City Council of the City of Davenport.

RESOLUTION approving Case No. ANX18-04, the annexation of 0.24 acres more or less, of railroad property located south of Slopertown Road. (City of Davenport, petitioner.) [Ward 8 as expanded].

WHEREAS, the City of Davenport is the owner of 0.24 acres more or less, of territory located south of Slopertown Road, legally described as follows:

Part of the Southeast and Northeast Quarters of Section 28 and Southwest and Northwest Quarters of Section 27 all in Township 79, Range 3 East of the 5th Principal Meridian being more particularly described as follows:

Beginning in the Northeast Corner of Lot 1 of Kraft First Addition to the City of Davenport; thence North 02 degrees-09 minutes-24 seconds West a distance of 33.32 feet; thence North 87 degrees-50 minutes-36 seconds East a distance of 20.00 feet; thence North 02 degrees-09 minutes-24 seconds West to the centerline of Slopertown Road; thence Easterly along the centerline of Slopertown Road to the 51.00 feet, more or less, to the intersection of the centerline of Slopertown Road and the west line as extended northerly of property deeded to Sterilite Corporation and filed for record as document 2017-3703 with the Recorder of Scott County; thence South along said west line to a point, said point being 250.00 feet South of the north line of Northwest Quarter of Section 27, Township 79 North Range 3 East of the 5th Principal Meridian; thence Westerly along the north line of said Northwest Quarter of Section 27 and the north line of the Southeast Quarter of Section 28, Township 79 North Range 3 East of the 5th Principal Meridian; thence North 02 degrees-09 minutes-24 seconds West to the Point of Beginning.

WHEREAS, the City desires to annex this territory to the City's corporate limits in order to accommodate future development; and

WHEREAS, Section 368.7 of the Code of Iowa provides for the voluntary annexation of territory adjoining the incorporated area of a municipality; and

WHEREAS, pursuant to the Code of Iowa, the City mailed notice of the application via certified mail, at least fourteen business days prior to the anticipated action of the city council on the application, to the council of each city whose boundary adjoins the territory or is within two miles of the territory (in this case the City of Eldridge), to the board of supervisors of each county which contains a portion of the territory (in this case Scott County), each affected public utility (in this case CenturyLink, Iowa-American water, REC Eastern Iowa, MediaCom, and MidAmerican Energy Company), and to the regional planning authority of the territory (in this case the Bi-State Regional Commission); and further, notice of the application was published in an official county newspaper in each county which contains a portion of the territory (in this case the Quad City Times).

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Davenport, Iowa, that the petition for annexation of the area shown on the attached map and legally described above, and the same and is hereby approved, and the Mayor and City Clerk be, and they are hereby authorized and instructed to certify to the adoption of this resolution as required by law.

Original Signatures are Required

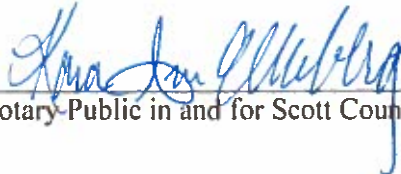

**If a limited liability corporation, association, trust, non-profit organization, or any other legal entity owns the property proposed for voluntary annexation, an agent or agents responsible for the affairs of the legal entity must sign the application as the property owner(s). It must be noted that the assignee(s) is (are) acting on behalf of the legal entity. In addition, documentation, such as incorporation documents, must be included that show the assignee's (assignees') authority to act on behalf of the legal entity. If the property owner is a religious institution, a written explanation must be provided on the institution's letterhead that the person(s) signing the application can act on behalf of the institution. One or more established leaders of the religious congregation must also attest the letter.*

Proposed Annexation to the City of Davenport

City owned railroad property

Case No. ANX18-04

City of Davenport

Agenda Group:
Department: Community Planning & Economic Development
Contact Info: Bruce Berger 326-7769
Wards: 8

Action / Date
4/4/2018

Subject:

Resolution authorizing the Mayor to execute documents necessary to accept land from the Petitioner, Greater Davenport Redevelopment Corporation, of the following property: The south 102.02 feet of Lot 2, Interstate 80 Airport Industrial Park, 6th Addition, City of Davenport, County of Scott, State of Iowa. [Ward 8]

Recommendation:

Adopt the resolution

Relationship to Goals:

Welcome Investment

Background:

The land described above is owned by the Greater Davenport Redevelopment Corporation, which has agreed to transfer ownership to the City of Davenport in order to support the rail improvement project. As part of the railroad improvements required at the transload facility, land owned by Deere & Company is needed to construct a fourth spur. The spur will allow additional space to switch railcars without blocking traffic on Slopertown Road. The Deere & Company has agreed to provide the required Right of Way and temporary construction easement upon conveyance of the south 102.02 feet of Lot 2, Interstate 80 Airport Industrial Park, 6th Addition, City of Davenport, County of Scott, State of Iowa. See attached map.

Resolution No. _____

Resolution offered by Alderman Gripp.

RESOLUTION authorizing the Mayor to execute documents necessary to accept the following property [WARD 8]:

The southernmost 4 acres of Parcel W3307-02A, Interstate 80 Airport Industrial Park 6th Addition, Lot 2, from Petitioner, Greater Davenport Redevelopment Corporation.

RESOLVED by the City Council of the City of Davenport.

WHEREAS, the Greater Davenport Redevelopment Corporation is the legal owner of property legally described as:

The south 102.02 feet of Lot 2, Interstate 80 Airport Industrial Park, 6th Addition, City of Davenport, County of Scott, State of Iowa

WHEREAS, the City of Davenport desires to execute a quit claim deed with the Petitioner; and

WHEREAS, the land will be conveyed to Deere & Company as part of the agreement allowing the acquisition of needed Right-of-Way and temporary construction easement currently owned by Deere & Company as part of the transload rail improvement project.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Davenport that the Mayor and City Clerk are authorized to execute all documents necessary to convey the above real estate to the respective petitioner.

Resolution authorizing the Mayor to execute documents necessary to acquire 0.93 acres for right-of-way and 1.38 acres of temporary construction easement (part of parcel #932705005) from RG Prime, LLC.

Recommendation:

Adopt the resolution.

Relationship to Goals:

Welcome Investment.

Background:

As part of the railroad improvements required at the transload facility, land owned by RG Prime, LLC, is needed to construct two interchange tracks running along the existing track owned by the City. The interchange tracks will allow efficient flow of trains coming in and out of the transload facility without blocking traffic on Slopertown Road.

The acquisition of property is part of the \$4.4 million rail improvement project approved by Council on June 28, 2017. The City has been awarded a \$2.2 million grant from the U.S. Department of Commerce Economic Development Administration to offset costs of the project. Necessary funds have been set aside for the project. Staff has negotiated the purchase price of \$88,564 for 0.93 acres +/- of necessary right-of-way and 1.38 acres +/- of temporary construction easement. See attached plat of survey for legal description.

Approval of this resolution will authorize the Mayor and staff to execute the purchase agreement and closing documents to acquire the property.

Resolution approving a contract for the FY19 and FY20 Manhole Repair and Rehabilitation Program design and preparation of bid documents to Strand Associates, Inc. in an amount not-to-exceed \$56,000 budgeted in CIP# 30048. [All Wards]

Recommendation:

Approve the resolution.

Relationship to Goals:

Sustainable Infrastructure

Background:

Many of the manholes of the sanitary collection system are structurally deficient and allow for inflow and infiltration. Rehabilitation is needed to address these issues to further comply with the IDNR Administrative Consent Order. This program includes various strategies such as cured-in-place manhole lining, spray-applied materials, casting adjusting ring replacement, chimney seals and total manhole replacement. This portion of the project is for design and preparation of bid documents. Strand Associates, Inc. was selected as a result of their expertise and experience with this type of project. The Scope of Work is for Strand Associates, Inc. to provide engineering services to the City for the design and preparation of bid documents for the FY2019 and FY2020 Manhole Repair and Rehabilitation Program.

This resolution is the approval of the contract award and is within the budget. This scope of work addresses manholes from the Sewer and Engineering Divisions of the Public Works Department and recommendations from assessments and I&I studies by consultants for removal of I & I sources related to manhole rehabilitation.

Resolution offered by Alderman Ambrose

RESOLVED by the City Council of the City of Davenport.

RESOLUTION approving a contract for the FY2019 and FY2020 Manhole Repair and Rehabilitation Program design and preparation of bid documents to Strand Associates, Inc. in an amount not-to-exceed \$56,000 budgeted in CIP# 30048.

WHEREAS, the City previously completed manhole assessments and I & I studies; and

WHEREAS, as a result of the assessments and studies, recommendations were made for the repair/rehabilitation of the Davenport collection system manholes; and

WHEREAS, the work is to be performed at agreed upon prices; and

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Davenport, Iowa; that said Contract for the FY2019 and FY2020 Manhole Repair and Rehabilitation Program design and preparation of bid documents to Strand Associates, Inc. is hereby approved.

Passed and approved this 11th day of April, 2018.

Task Order No. 18-01
City of Davenport, Iowa (OWNER)
and Strand Associates, Inc.® (ENGINEER)
Pursuant to Technical Services Agreement dated April 8, 2015

Project Information

Project Name: FY 2019 and 2020 Collection System Rehabilitation Program

Scope of Services

ENGINEER will provide the following services to OWNER:

1. Pre-design Manhole Assessment Program
 - a. Assess the condition of approximately 200 manholes in OWNER's existing collection system. Prepare a field observation form for each manhole included in the program. The intent of the assessment program is to review the options for rehabilitating manholes in the collection system.
 - b. Assess the condition of approximately 40 manholes located within the railroad right-of-way. OWNER shall be responsible for railroad coordination to gain access to manholes, including permit preparation and submittal. OWNER shall pay all fees associated with railroad flagging and other access-related fees, including any railroad protective liability insurance procured by ENGINEER.
2. Design Services
 - a. Prepare Bidding Documents including technical specifications and engineering drawings for the rehabilitation of approximately 880 manholes. Prepare construction drawings and technical specifications using OWNER's Standard Specifications and drawing standards. Technical specifications will include necessary special provisions for inclusion into the Bidding Documents. OWNER agrees to require selected contractor to indemnify ENGINEER in same manner as the OWNER and to name ENGINEER on Contractor's General Liability, Auto Liability, and Employer's Liability insurance through endorsement acceptable to ENGINEER.
 - b. Submit Bidding Documents to OWNER for review and input.
 - c. Prepare prebid opinion of probable construction cost for project and submit to OWNER.
 - d. Review the draft Bidding Documents with OWNER, incorporate review comments as appropriate, and submit one hard copy and one electronic copy in Microsoft Word of the final documents to OWNER.
 - e. Prepare Iowa Department of Natural Resources (IDNR) Construction Permit application for submittal to IDNR.

City of Davenport
 Task Order No. 18-01
 Page 2
 March 15, 2018

3. Bidding-Related Services

Assist OWNER during the bid process and during construction to answer questions regarding construction drawings and technical specifications.

Compensation

OWNER shall compensate ENGINEER for Services under this Task Order on an hourly rate basis plus expenses a not-to-exceed fee of \$56,000 allocated as follows:

Task	Estimated Fee
Pre-design Manhole Assessment Program	\$ 5,700
Design Services	\$44,000
Bidding-Related Services	<u>\$ 6,300</u>
Total	\$56,000

Schedule

Services will begin upon execution of this Task Order, which is anticipated on March 19, 2018. Services are scheduled for completion on July 30, 2018.

Resolution approving a contract for the Sanitary Sewer Condition Assessment within Canadian Pacific and Iowa Interstate Railroad right-of-way to Veenstra & Kimm, Inc., in an amount not-to-exceed \$180,561.20 budgeted in CIP# 30047. [All Wards]

Recommendation:

Approve the resolution

Relationship to Goals:

Sustainable Infrastructure

Background:

This scope of work is a conditions assessment for the sanitary sewers within the railroad right-of-way (R.O.W.). The assessment is to review the structural condition of the railroad R.O.W. sanitary sewers, look for illicit pipes and other inflow and infiltration (I&I) sources. Upon completion of field investigations, the assessment report will include aerial mapping, tables identifying sewer sections, conditions rating, recommended improvements and preliminary cost estimate for improvements for future CIPP lining/sewer repair programs. This study will provide information to update the City's GIS database.

This resolution is the approval of the contract award and is within the budget.

This scope of work addresses recommendations from I & I studies by consultants, information gathered by the Sewer Division and reported problems from the public.

AGREEMENT FOR PROFESSIONAL SERVICES

CITY OF DAVENPORT, IOWA CANADIAN PACIFIC AND IOWA INTERSTATE RAILROAD RIGHT-OF-WAY SANITARY SEWER CONDITION ASSESSMENT

WHEREAS, the CITY OF DAVENPORT, IOWA, a municipal corporation organized and existing pursuant to the laws of the State of Iowa, hereinafter referred to as the "CITY," is desirous of obtaining professional engineering services in connection with the Canadian Pacific and Iowa Interstate Railroad Right-of-Way (ROW) Sanitary Sewer Condition Assessment, hereinafter referred to as the "Project," and

WHEREAS, the CITY of Davenport has determined that it would be desirous to perform the above mentioned assessment, and

WHEREAS, VEENSTRA & KIMM, INC., hereinafter referred to as the "CONSULTANT," being a corporation organized and existing under the laws of the State of Iowa; and

WHEREAS, the CONSULTANT is desirous of performing professional services for the CITY in connection with the Canadian Pacific and Iowa Interstate Railroad ROW Sanitary Sewer Condition Assessment project.

NOW, THEREFORE, it is mutually agreed as follows:

SECTION I - GENERAL

A. PERFORMANCE

The performance of the CONSULTANT shall be limited to the scope of services outlined as hereinafter set forth.

B. CONFERENCES

Conferences shall be held from time to time as the performance of this Agreement progresses at a mutually convenient location at the request of the CITY. The CONSULTANT shall prepare and present such information as may be pertinent or necessary to enable the CITY to pass critical judgment on the features and progress of services under this Agreement. The CONSULTANT shall make such changes, amendments, or revisions in the detail of any phase of services under this Agreement as may be required by the CITY. If alternates or alternatives are to be considered, the CITY shall have the right of selection. The CONSULTANT shall, at the request of the CITY, appear personally, prepare and present such documents and/or explanations to the Davenport City Council as may be requested.

C. INDEMNIFICATION

The CONSULTANT shall and hereby agrees to hold and save the CITY harmless from any and all claims, settlements, and judgments, to include all reasonable investigative fees, attorneys' fees, suit and court costs for personal injury, property damage, and/or death arising out of the CONSULTANT's or any of its agents', servants', and employees' errors, omissions or negligent acts for services under this Agreement, and for all injury and/or death to any and all of the CONSULTANT's personnel, agents, servants, and employees occurring under the Worker's Compensation Act of the State of Iowa.

D. INSURANCE

The CONSULTANT shall furnish the CITY with a certificate or certificates of insurance by an insurance company licensed to do business in the State of Iowa, in compliance with Attachment II, "Professional Services Insurance".

E. PROGRESS REPORTS

The CONSULTANT shall furnish the CITY with monthly progress reports which shall indicate the percentage of engineering services completed on the project to the date of the report, together with a description of the status of services in progress during the CONSULTANT's performance under this Agreement. The CONSULTANT shall also, upon request of the CITY, furnish the necessary documentation to verify the reported progress in the performance of said services.

F. ACCESS TO CONSULTANT'S RECORDS

The CONSULTANT shall maintain all books, documents, papers, accounting records and other evidence pertaining to cost incurred in performing work covered by this contract. The CITY or any of its duly authorized representatives shall have access to all such books, records, documents and other evidence for the purpose of inspection, audit and copying during normal business hours. All such books, records, and documents shall be retained for three years from the date of final payment under the contract.

G. OWNERSHIP OF DOCUMENTS

All survey notes, reports, design plans, specifications, special studies, records and other data prepared under this Agreement shall become the property of the CITY upon completion or termination of the services of the CONSULTANT.

H. FEDERAL REQUIREMENTS

Not applicable.

I. TERMINATION

If the CITY should desire to suspend or terminate the services to be rendered by the CONSULTANT under this Agreement, such suspension or termination may be effected by the CITY giving the CONSULTANT written notice. Payment shall be made by the CITY for services rendered by the CONSULTANT to date of termination.

J. CHANGES IN SCOPE OF SERVICES

1. Extra Work

Authorization for extra work shall be evidenced by the CITY in writing, in the form of a Supplemental Agreement. Extra work will usually be of limited extent and may consist of, but is not necessarily limited to, the introduction of new items of work beyond the stated or implied scope of the Agreement.

At the option of the CITY, payment for extra work may be made on a fixed price; a cost plus a fixed fee, time and materials; or other mutually agreed basis.

If the CONSULTANT is of the opinion that any work the CONSULTANT has been directed to perform is beyond the scope of this Agreement and constitutes extra work, the CONSULTANT shall promptly notify the CITY in writing of that fact. In the event the CITY determines that such work does constitute extra work, the CITY shall provide extra compensation to the CONSULTANT as provided for above. No extra work shall be performed by the CONSULTANT without receiving a written agreement from the CITY in advance.

2. Deletion of Work

Authorization for deletion of work shall be evidenced by the CITY in writing.

At the discretion of the CITY, work items listed in Section 2 - Scope of Work, or parts thereof, may be deleted from the project.

Reduction to the CONSULTANT's compensation as a result of deletion of work shall be based on the cost estimate of the work deleted. In the event that the CONSULTANT had performed authorized work on the items deleted prior to deletion, the cost of such work shall be retained in the CONSULTANT's compensation.

K. NONDISCRIMINATION

Attachment I titled "Special Provisions Section III Nondiscrimination In Employment by Contractors/Subcontractors and Suppliers" shall be signed by the CONSULTANT and shall become a part of this Agreement. In Attachment I the contractor/supplier is the CONSULTANT for terms of this Agreement.

L. CONTRACT COMPLIANCE PROGRAM

The CONSULTANT agrees to comply with the City of Davenport Special Provisions which is attached.

M. SUBLETTING OR ASSIGNMENT

The CONSULTANT shall not sublet, assign or otherwise dispose of any portion of the services to be provided by this Agreement without a written permission to sublet signed by the City Engineer and approved by the City Council except for the use of Visu-Sewer, Inc. to provide sewer televising inspection. Requests for permission to sublet shall be in writing and shall name the organization which will perform the work, the work to be performed, and the dollar amount of the work to be performed. Subconsultants which are shown as part of this Agreement shall be deemed to be approved when this Agreement is executed.

A "City of Davenport Consultant Cost Summary for Subagreements" or equal shall be provided on each organization showing Hourly rates and Overhead and Fringe Benefit rates that will be applied to services to be sublet.

When requested by the City Engineer, the CONSULTANT shall provide a written report showing that the organization which will perform the work is particularly experienced and equipped for such work. Consent by the CITY for the CONSULTANT to sublet, assign or otherwise dispose of any portion of this Agreement shall not relieve the CONSULTANT of any responsibility for fulfillment of this Agreement, nor shall it in any way create a contractual relationship between the CITY and the SUBCONSULTANT. The CONSULTANT agrees to include in and make a part of all subagreements all portions of this Agreement which relate to the subconsultants' work including the Nondiscrimination portions of this Agreement.

N. CLOSE-OUT OF AGREEMENT

Upon completion or termination of services under this Agreement, the CONSULTANT shall provide the CITY the following documents:

1. Documents as stated in Section 1.G of the Agreement.
2. Statement of Final Billing.
3. Written report showing the actual amounts paid by the CONSULTANT for services under this Agreement to MBE/WBE Firms.

O. LAWS, REGULATIONS AND CODES

The CONSULTANT hereby agrees that all work done as part of this Agreement which is subject to current Federal, State or Local Laws, Regulations and/or Codes shall comply with such applicable Laws, Regulations and/or Codes.

P. CITY POLICY AND PROCEDURES

The CONSULTANT hereby agrees to conform to CITY policy and procedures as they relate to this Agreement. Such policy and procedure shall include but is not limited to the following:

1. Invoice and billings for service.
2. Engineering Department Design Standards.
3. Engineering Department standard format for reports, plans, and/or specifications.
4. Plan-review process including site-plan and architectural review.
5. Include CITY Work Order Number and Contract Number on all documents related to this Agreement if appropriate.

Q. NOTICE TO PROCEED

The CONSULTANT shall not begin work until a written notice to proceed is issued by the City Engineering Department. If Section 2 of this Agreement provides for the work to be completed in phases, a notice to proceed shall be issued for each phase.

SECTION 2 - SCOPE OF SERVICES

**CANADIAN PACIFIC AND IOWA INTERSTATE RAILROAD ROW SANITARY SEWER
CONDITION ASSESSMENT**

A. SERVICES PROVIDED BY CONSULTANT

The scope of the services for which construction services are to be performed under this Agreement shall include:

1. The services by the CONSULTANT under this Agreement shall include, but not necessarily be limited to, the following:

Task 1 - Project Coordination/Background Review/Mapping - This task includes reviewing aerial maps in the area. Preparing a sanitary system evaluation survey access plan and coordinating with City, Canadian Pacific and Iowa Interstate staff for all the sewers located in Canadian Pacific and Iowa Interstate ROW and shown on Figure 1.

Task 2 - Television Analysis - In this work task, selected reaches of sanitary sewer between 8" and 60" will be televised. All reaches to be televised will be selected by the CONSULTANT and approved by the CITY. Televising under this work task will be coordinated with available televising records from the CITY. The results of the televising work will be provided to the CITY for its permanent televising records.

Task 3 – Sanitary Sewer – TV Inspection (no cleaning) – Sewer sections to be inspected "as is" without cleaning or dewatering. Setup per MH-MH pipe section (156 sections). CCTV inspection of each pipe section (24,228 LF).

Task 4 – Conclusions and Recommendations with Preliminary Cost Estimates – The work will include aerial mapping and tables with the sewer sections, conditions rating, recommended improvement and preliminary cost estimate for the recommended improvements.

It is understood by the CITY and CONSULTANT that sewer system evaluation surveys must be flexible during the course of the Project implementation. As data is collected, it is often necessary to refine and change the scope and focus of the Project. The CITY and CONSULTANT agree the scope of the Project may be adjusted during the course of performance by adding or subtracting work from the specific work tasks. Work may be added, shifted or deleted provided the total cost of the Project does not increase.

B. OBLIGATIONS OF CITY TO CONSULTANT

1. Provide available information, such as topography, site plans, building plans, mapping, and other information that mutually is agreed upon as pertinent to the project.
2. Designate a liaison officer from the CITY who will work directly with the CONSULTANT to coordinate the collection of CITY-supplied data, arrange for meetings, and be responsible for the general coordination between the CITY and the CONSULTANT.
3. Provide the services of the City Solicitor experienced in legal matters pertaining to this type of project. The CONSULTANT shall cooperate with the City Solicitor and comply with the requirements of the City Solicitor as to form of contract documents and procedures relative to them.

4. Provide access to all manholes in the study areas, including clearing easements as necessary to provide access for T.V. trucks and cleaning equipment.
5. Provide easement to all sewers in the study areas.
6. Attend all Public Informational Meetings with the CONSULTANT.

C. DELIVERABLES

The scope of the services shall be considered to be complete upon delivery of the following items to the satisfaction of the CITY.

The documents provided to the CITY by the CONSULTANT shall include but may not be limited to the following in accordance with each project type:

- 1 copy of all field data sheets
- 1 copy of sewer line televising
- 1 copy of all written correspondence to and from residents and land owners
- 1 copy of all calculations
- 4 copies of the preliminary conditions assessment with recommendations

SECTION 3 - COMPENSATION AND PAYMENT

A. COMPENSATION

1. \$180,561.20 maximum based on unit prices as presented on Figure 2.

SECTION 4 - COMPLETION OF WORK

The CONSULTANT shall complete all services outlined in this Agreement on or before October 31, 2018, providing no unforeseen delays are experienced beyond the control of the CONSULTANT.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of this _____ day of _____, 2018.

SPECIAL PROVISIONS

SECTION III -

Nondiscrimination in Employment by Contractors/Subcontractors and Suppliers

Contractor's Agreement

During the performance of this contract, the Contractor agrees as follows:

- (1) The Contractor will not discriminate against any employee or applicant for employment because of race, color, creed, religion, sex, national origin or ancestry, age, marital status, physical or mental disability, or political beliefs and affiliations. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, creed, religion, sex, national origin or ancestry, age, marital status, physical or mental disability, or political beliefs and affiliations. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.
- (2) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, creed, religion, sex, national origin or ancestry, age, marital status, physical or mental disability, or political beliefs and affiliations.
- (3) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice advising the labor union or workers' representative of the Contractor's commitments under the Davenport Affirmative Action Plan, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- (4) The Contractor will comply with all provisions of the Davenport Affirmative Action Plan and procedures developed by the City's Compliance Officer in pursuit of that plan.
- (5) The Contractor will furnish all information and reports required by the Davenport Affirmative Action Plan and procedures developed by the City's Compliance Officer in pursuit of that plan, and will permit access to his/her books and accounts by the contracting department and the Compliance Officer for purposes of investigation to ascertain compliance with the City's Affirmative Action Plan.
- (6) In the event of the Contractor's noncompliance with the nondiscrimination clauses of this contract or with any implementing procedures or orders, this contract may be cancelled, terminated or suspended in whole or in part and the Contractor may be declared ineligible for further City contracts in accordance with procedures authorized in The Davenport Affirmative Action Plan and such other sanctions may be imposed and remedies invoked as provided in the Davenport Affirmative Action Plan, or as otherwise provided by law.

(7) The Contractor will include the provisions of Paragraphs (1) through (7) in every subcontract or purchase order in the amount of \$5,000 or more, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the contracting agency may direct as a means of enforcing such provisions including sanctions for noncompliance: Provided, however, that in the event the Contractor becomes involved in, or is threatened with litigation with a subcontractor or vendor as a result of such direction by the contracting agency, the Contractor may request the City of Davenport to enter into such litigation to protect the interests of the City of Davenport.

B. Cost Proposal Conditions (prices include the following)

- Labor, equipment, material and associated traffic control
 All associated/requested meetings with the City and/or Engineer
 TV inspection includes (2-3 person crew depending on site conditions):
- Inspection per NASSCO specifications using PACP codes
 - Pan & tilt color cameras with zoom lens
 - Professional narrative on inspection videos
 - Inspection DVD's with associated color reports
 - One portable hard drive with .pdf reports

Price assumes the following:

- Equipment can be staged and left overnight at a location within the City
- City will assist the engineer to secure permission to access manholes in railroad ROW/easement areas
- Portable televising equipment can be driven on the paths/gravel near the sewer sections
- All manholes are exposed prior to the start of work
- No restoration is included for ruts related to driving in easement areas
- Grubbing of access points, if required, to be completed by others

Resolution approving the contract for the East Locust Street Improvement Project from Langman Construction, Inc. at the price of \$1,490,787.43 and authorizing Mayor Frank Klipsch to sign and manage any related agreements. CIP #35032. [Ward 6]

Recommendation:
Pass the resolution.

Relationship to Goals:
Sustainable Infrastructure

Background:
A Request for Bids was issued on February 20, 2018 and was sent to 397 contractors. On March 22, 2018, the Purchasing Division received and opened six responsive and responsible bids. Langman Construction, Inc. was the lowest bidder and is recommended for the contract.

The East Locust Street pavement improvements include approximately 13,780 square yards of pavement milling, 14,363 square yards of H.M.A. overlay, 902 square yards of P.C.C. pavement, 7 1/2", H.M.A. pavement patches, storm sewer installation, sanitary sewer spot repairs, sanitary sewer service replacement and other related construction.

A Public Hearing was held on February 21, 2018 and was passed at a subsequent meeting.

Funding for the project is from CIP #35032.

Subject:
Resolution approving the contract for the purchase and installation of an Automatic Voice Annunciator system for the Transit bus fleet to ETA Systems of Boca Raton, FL, in the amount of \$115,000. [All Wards]

Recommendation:
Adopt the resolution.

Relationship to Goals:
Fiscal Vitality

Background:
On December 29, 2017, a Request for Proposals was issued and sent to 31 vendors. On January 31, 2018, the Purchasing Division opened and read two proposals. ETA Transit System is being recommended for the contract. See tabulation attached.

The Voice Annunciator system will have verbal and visual signs announcing stops coming up. This system will meet the American's with Disabilities Act requirements on stop notifications.

Proposals were evaluated by a committee of city staff. The criteria used for evaluation were: 1) Cost - 50%, 2) Delivery Timeframe - 5%, 3) Response to RFP Requirements - 10%, 4) History/References - 25%, 5) Quality of Proposal - 10%. ETA Systems scored the highest.

Funding for this project is from the Ground Transportation Center Operating Equipment Account, #51362122 530303, with a current balance of \$274,889. These funds are from the garage sale proceeds.

Subject:
Resolution approving a contract amendment to the Duck Creek South Interceptor Rehabilitation Project with SAK Construction, LLC in the amount of \$200,000 budgeted in CIP #00200. [Wards 2, 5, 6 & 7]

Recommendation:
Approve the resolution

Relationship to Goals:
Sustainable Infrastructure

Background:
The goal of this project is to address repairs needed to reduce inflow and infiltration as well as address structural deficiencies in the Duck Creek South Interceptor Sewer.

Inspection and field verification of the existing infrastructure has revealed that a section of the sanitary sewer is a larger diameter than what is shown on the original, as-built drawings. This will require the use of larger sized CIPP lining materials to successfully construct the rehabilitation project.

This proposed contract amendment will cover the cost of the up-sized lining materials and will result in a more robust, long-term rehabilitation of the sewer system.

Resolution offered by Alderman Ambrose

RESOLVED by the City Council of the City of Davenport.

RESOLUTION approving a contract amendment to the Duck Creek South Interceptor Rehabilitation Project with SAK Construction, LLC in the amount of \$200,000. CIP #00200. [Wards 2,5,6,7]

WHEREAS, the City of Davenport entered into a contract with SAK Construction, LLC of O'Fallon, MO for the construction of the Duck Creek South Interceptor Rehabilitation Project, and

WHEREAS, Field verification has revealed that a section of the existing sanitary sewer sizes differ from the original As-Built Drawings which will require the use of larger sized CIPP materials, and

WHEREAS, this work has been deemed necessary for the successful construction of the rehabilitation project, and

WHEREAS, Funds have been budgeted for said work, and

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Davenport that the contract amendment with SAK Construction, LLC in the amount of \$200,000 is hereby approved, and

BE IT FURTHER RESOLVED, that the Mayor is hereby authorized and directed to sign said contract for and on behalf of the City of Davenport, Iowa.

Passed and Approved this 11th day of April, 2018.

Subject:
Resolution approving the contract for the Main Street Sewer Improvement Project from Hagerty Earthworks, LLC in the amount of \$629,617.25 and authorizing Mayor Frank Klipsch to sign and manage any related agreements. CIP #30001 [Ward 3]

Recommendation:
Pass the resolution.

Relationship to Goals:
Sustainable Infrastructure.

Background:
A Request for Bid was issued on March 8, 2018 and was sent to 402 contractors. On March 29, 2018 the Purchasing Division received and opened five responsive and responsible bids. Hagerty Earthworks, LLC is the lowest bidder and is recommended for the contract.

The Main Street sewer improvements consist of replacement of existing stone sanitary sewer with new 24" sanitary sewer and lateral repairs, sanitary sewer slip-lining, special sanitary structure over large diameter interceptor, replacement of existing manholes and installation of new manholes, HMA full depth patching, sidewalk replacement, pavement markings and other miscellaneous items on Main Street from Beiderbecke Drive (south of railroad tracks) to 3rd Street.

A Public Hearing was held on March 21, 2018 and was passed at a subsequent meeting.

Funding for the project is from CIP #30001.

City of Davenport
Attn: Brian Schadt, City Engineer
1200 E. 46th Street
Davenport, IA 52807

DAVENPORT, IOWA
MAIN STREET SANITARY SEWER IMPROVEMENTS
RECOMMENDATION TO AWARD

The City of Davenport received and opened bids for Main Street Sanitary Sewer Improvements on March 29, 2018. As part of the bidding, bidders were asked to bid on two separate alternatives (Alternate 1 and Alternate 2) in addition to the base bid items. Alternate 1 included PCC pay items that pertained to pavement restoration on Main Street from River Drive to 3rd Street. Alternate 2 included HMA pay items that pertained to pavement restoration on Main Street from River Drive to 3rd Street. Five responsive Base Bids + Alternate 1 were received as follows:

	<u>Total Base Bid + Alt 1</u>
Hagerty Earthworks LLC	\$615,412.00
Needham Excavating, Inc.	886,818.65
Langman Construction, Inc.	917,596.60
Valley Construction Company	925,911.80
Hawkeye Paving Corporation	949,733.00

The five responsive Base Bids + Alternate 2 bids were received as follows:

	<u>Total Base Bid + Alt 2</u>
Hagerty Earthworks LLC	\$629,617.25
Needham Excavating, Inc.	885,195.90
Langman Construction, Inc.	939,297.60
Valley Construction Company	943,131.00
Hawkeye Paving Corporation	950,848.00

The apparent low bid for the project for both Base Bid + Alternate 1 and Base Bid + Alternate 2 was submitted by Hagerty Earthworks LLC of Muscatine, Iowa, in the amount of \$615,412.00 and \$629,617.25, respectively.

The Engineer's Estimate of cost for construction of the project was \$753,700.94 for Base Bid + Alternate 1 and \$735,040.94 for Base Bid + Alternate 2. Veenstra & Kimm, Inc. believes the low bid is a result of a competitive bid market. Hagerty Earthworks LLC has completed work for Veenstra & Kimm, Inc. on a variety of pipe projects as well as road construction.

City of Davenport
March 30, 2018
Page 2

The project was bid such that the City had sole discretion to decide which apparent low Base Bid plus Alternate they wanted to choose. After discussion with the City on which Alternate they have selected for construction and based on a review of the bids received, it would be our recommendation that the apparent low bid is fair and reasonable and responsive to the bidding documents. We would recommend that the City of Davenport award the contract to the low bidder of the **Base Bid + Alternate 2** (HMA option for Main Street from north side of River Drive moving northward to the Alley between 2nd and 3rd Street) based on its bid received on March 29, 2018. Veenstra & Kimm, Inc. believes the HMA option would provide a final project that would include all HMA Main Street and have a better aesthetic look than concrete patch.

If you have any questions regarding the project, please contact the undersigned or Eric Lee at 309-786-7590.

VEENSTRA & KIMM, INC.

A handwritten signature in blue ink, appearing to read 'L. Foley', with a stylized flourish at the end.
