Second Consideration: Ordinance amending multiple chapters located within Title 8, Health, Safety and Neighborhood Enhancement of the Davenport Municipal Code for the purposes of clarification and consistency with enforcement. [All Wards]

**COMMITTEE OF THE WHOLE RECOMMENDS SUSPENSION OF THE RULES AND
PASSAGE ON SECOND CONSIDERATION**

1. Motion for suspension of the rules.
2. Motion for passage of third consideration.

Recommendation:
Amend the Ordinance

Background:

Through consistent enforcement efforts, it was found that several sections of Title 8 were in need of clarification and revision to accomplish the goals of City Council. Neighborhood Services and Davenport City Legal reviewed Title 8 (Health, Safety and Enhancement) as well as the supporting documents of the rental code in order to clearly define the expectations of the code and enforcement. This review also cleaned up erroneous references to old divisions and departments of the City of Davenport. In addition, the property maintenance standards are being updated to use the International Property Maintenance Code Book as the guiding document. This will allow inspections to be achieved more consistently following best practices of property maintenance.

ORDINANCE NO. _____

Ordinance amending various sections in Title 8 of the Davenport Municipal Code to change regulations relating to nuisances, solid waste, environmental violations, and housing code provisions.

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

Section 1. That Chapter 8.04 entitled “Sanitation and waste regulations” is hereby amended to read as follows:

Chapter 8.04 SANITATION AND WASTE REGULATIONS

Sections:

8.04.010 Premises to be kept free from nuisances—Inspection.

8.04.020 Privy vaults, cesspools, etc.—Locations.

8.04.030 Privy vaults, cesspools, etc.—Requirements.

8.04.010 Premises to be kept free from nuisances - Inspection.

All persons owning, leasing, occupying, or having control of any land, building, or buildings within the city limits, shall at all times keep the same free from accumulating filth, stagnant water (including, but not limited to, inside of cisterns), or other nuisance, and from all avoidable conditions promoting or inviting disease; and shall, in the case of an emergency, permit the health officer or neighborhood services inspector, to freely inspect such premises and in such circumstance shall not obstruct, impede, or interfere with the efforts to abate the public health threat.

8.04.020 Privy vaults, cesspools, etc. - Location.

No privy vault, cesspool, or other conduit or reservoir of filth, except the same is made and kept watertight, shall be allowed within fifty feet of any source of water, or in such location on or near a slope, that its contents can reach the surface and create a nuisance, nor shall be allowed to open or discharge onto the surface or another's property nor shall it be allowed to discharge into the city sewer.

8.04.030 Privy vaults, cesspools, etc. - Requirements.

A. Whenever any privy, privy vault, or cesspool ceases to be used for such purpose, the contents thereof shall not be covered over with any substance whatever; nor shall such vault be filled up until the contents thereof have been removed and the vault cleansed and disinfected.

B. Privy vaults, cesspools, and all reservoirs of filth shall at all times be kept reasonably free from offensive odor and shall be cleaned out and disinfected whenever the board of health directs.

Section 2. That Section 8.08.040 entitled "Refuse and commercial containers" is hereby amended to read as follows:

8.08.040 Refuse and commercial containers.

It shall be required of every person in possession, charge or control of any place in or from which solid waste is accumulated or produced to provide and at all times to keep in a suitable place that does not otherwise violate federal, state or local law, adequate and city approved solid waste containers, as described herein, capable of holding all such waste materials which would ordinarily accumulate between the times of successive collections. Container lids must remain closed at all times except during deposit or collection of solid waste. The public works department, neighborhood services department, or the health department determine the type, size, quantity, frequency of collection and location of said solid waste containers and determine whether said solid waste containers, and commercial containers, are serviceable.

Section 3. That Section 8.08.140 entitled "Enforcement and penalties" is hereby amended to read as follows:

8.08.140 Enforcement and penalties.

A. The administration and enforcement of the provisions of this chapter shall be the duty of the department of public works, neighborhood services department, or the health department.

B. The owners or agents, tenants or lessees of all residential units and commercial establishments shall be responsible for compliance with this chapter.

C. Anyone who violates the provisions of this article is guilty of a municipal infraction and upon conviction shall be fined as follows:

- | | |
|------------------------|----------|
| 1. First offense | \$100.00 |
| 2. Second offense | \$200.00 |
| 3. Subsequent offenses | \$500.00 |

In addition to the civil fine, the city may seek equitable relief or take other abatement actions. Each day a violation exists shall constitute a separate offense.

D. Unauthorized accumulations as described in this subsection are prohibited. At any time other than those specified in this chapter for the regularly scheduled setting out

of solid waste for collection or in conjunction with a scheduled bulky waste collection, any accumulation of solid or hazardous waste which remains on private or public property, other than a sanitary disposal project, is hereby declared to be a public nuisance and is prohibited. All owners of property in violation of this section shall cooperate with the health department, neighborhood services department or department of public works in formulating a plan to eliminate any future issues on the property. Nothing contained herein shall preclude the city from seeking alternative relief to abate the nuisance and prevent its recurrence.

E. Whenever in the judgment of the director of public works, director of the neighborhood services or the director of the health department an emergency or immediate health hazard exists by reason of the continuing presence of solid waste, the immediacy of its harm, the seriousness of its danger or current disruption, or its potential to expand and thereby frustrate efforts to contain and abate it, the city may take immediate action to protect the public health, safety or welfare by abating the violation without prior notice. The city may perform the required action to abate, and assess the costs as by law provided.

Section 4. That Subsections 8.12.010(B) and (H) and (J) and (K) are hereby amended to read as follows:

B. "City administrator" means the city administrator and his designees including, but not limited to, attorneys employed by the city, the police department, public works department, neighborhood services department and the fire department.

H. "Residential lot" means any lot of record within the city that is residential in character.

J. "Property" means any property, including land and that which is affixed, incidental, or appurtenant to land, including, but not limited to, any business or residence, parking area, loading area, landscaping, building or structure or any separate part, unit, or portion thereof. For property consisting of more than one unit, property may be limited to the unit or the portion of the property on which any nuisance activity has occurred or is occurring or is attributable to, but includes areas of the property used in common by all units of the property, including without limitation, other structures erected on the property and areas used for parking, loading, and landscaping.

K. "Founded" means that a call for service resulted in the verification that nuisance activity had occurred. Incidents of domestic violence may be categorized as founded, if warranted. Founded domestic violence incidents shall not be a factor when determining whether a property has met the criteria for a problem property nuisance designation, or when a penalty for failing to abate a nuisance is imposed, absent additional circumstances or crimes affecting other unrelated third parties.

Section 5. That Section 8.12.015(A)(13) is hereby amended to read as follows:

13. A single incident of a health code, environmental, or solid waste violation of such a magnitude that it falls within the definition of a nuisance under Section 8.12.010(E). of the Davenport Municipal Code.

Section 6. That the unnumbered paragraph at the end of Section 8.12.015 is hereby amended to read as follows:

The above references to provisions of the Iowa Code or the Davenport Municipal Code should not be interpreted to mean that a prosecution or conviction of the specific charge is a necessary prerequisite to an action under this chapter nor shall it be interpreted to mean that proof of the action beyond a reasonable doubt is required. However, a court conviction on the underlying charge is irrebuttable proof of the occurrence.

Section 7. That Section 8.12.020 is hereby amended to read as follows:

8.12.020 Prohibition and enforcement.

The creation or maintenance of a nuisance is prohibited, and a nuisance, public or private, may be abated in the manner provided in this chapter.

Section 8. That Section 8.12.030 is hereby amended to read as follows:

8.12.030 Inspection of premises.

Unless a warrant is required by law, the city administrator, public safety employees, attorneys employed by the city, or neighborhood services department employees are authorized to enter and remain upon private property to the extent reasonably necessary for the purpose of locating, identifying, and documenting any nuisances as defined in this code, or for the purpose of investigating allegations of such nuisances.

Section 9. That Section 8.12.050 is hereby amended to read as follows:

8.12.050 Notice to abate—Contents.

A. The notice to abate shall contain:

1. A description of what constitutes the nuisance;
2. The location of the nuisance;
3. An order to abate the nuisance and either (i) a statement of the act or acts to be taken to abate it (the order may also include a statement giving the recipient an opportunity to submit an alternative abatement plan satisfactory to the city); or (ii) a statement requiring the recipient to submit an abatement plan satisfactory to the city within a specified number of days.
4. A reasonable time within which to complete the abatement or implement the abatement plan.

5. A statement regarding the availability of a hearing;

6. A statement that if the nuisance is not abated as ordered and no request for hearing is made within the time specified, the city will abate the nuisance and assess the costs against such person and/or property.

B. The notice to abate may contain:

1. A statement that the property owner shall be assessed the cost of police response for all founded nuisance incidents that occur during the following one year period beginning with the date of the notice to abate. Upon demonstration by the property owner, within the time stated in the assessment notice, that all reasonable and warranted steps to prevent or resolve the issue(s) giving rise to the nuisance had been taken in good faith, the assessment for the cost of police response for any incident so proven may be withdrawn. The assessment for the cost of police response shall terminate at the end of one year if the founded nuisance incidents during that year do not meet or exceed the criteria for a problem area nuisance as defined above in Section 8.12.015. H. Issuance of a Rental License. The city shall issue a rental license upon the applicants meeting of all standards and the payment of all fees and other debt owed to the city.

I. Revocation of a Rental License. The code official or designee shall have the authority to revoke a rental license on any property when: 1) it is in violation of the city code on a frequent and recurrent basis; 2) has a serious life safety violation and is ordered vacated; 3) fails to correct a founded complaint violation by the time that the third reinspection for the same concludes; 4) the owner or manager fails to appear for three inspections/reinspections in a row; or 5) the owner or agent provides false information to the city.. The owner or agent of the affected property shall be notified in writing by certified mail of the license revocation.

J. Appointments for Inspections. Appointments for inspections with the owner/agent of the building shall be scheduled by the city. The owner/agent may request the appointment to be rescheduled. However, the inspection shall be performed within thirty

days of the original date unless modified by the administrative hearing officer or the code official. An owner/agent shall be required to arrange for access to all portions of the building. Failure to provide access to all portions of the building shall prevent the issuance of a certificate of structure compliance, and thus compliance with the law. The owner/agent shall notify all tenants of the inspection in accordance with Iowa law.

K. Inspections shall not be:

1. Conducted with a minor as the sole representative of the owner.
2. Conducted against the will of the tenant without the building's owner/agent present.
3. Conducted without prior notice to the tenant, as required by state law.
4. Conducted in an occupied dwelling without the owner/agent or tenant of the dwelling or designated agent being present.

Should the person in control of the unit refuse admittance to the code enforcement officer or designee and refuse to reschedule the inspection or reinspection, a request to the court to issue a search warrant may be prepared, subject to approval by the legal department.

All areas of each dwelling governed by this code shall be inspected. Should access not be obtained to all areas, a reinspection must be scheduled and an additional fee may be charged for each subsequent reinspection of accordance with the established fee schedule.

L. Provision of False Information Prohibited. No person shall provide false information to the city in connection with the licensing, permitting, or inspection of a property whether owner occupied or not.

8.15.150 Fee schedule.

Fees shall be charged for services rendered in relation to this code. These services include but are not limited to the following: licenses, inspections, and failure to appear for any scheduled inspections, late cancellations, and appeals. The amount shall be established by resolution of the city council.

As a nuisance abatement remedial measure the fee schedule shall include a per tax parcel per response surcharge for police and fire department responses, excluding emergency medical responses, in an amount equal to the approximate cost of the response, plus a processing fee, for all responses above the excessive response threshold set forth immediately below within a calendar year. This section shall be construed consistently with Iowa Code §§562A.27B and 562B.25A.

Dwelling Units per Tax Parcel	Excessive Response Threshold
1-3	10

4-8	25
9-24	50
25 or more	75

In the case of police responses the number shall be based upon founded calls. Within ten days of the date of a surcharge invoice, the owner may request the neighborhood services director or his designee review the call log to verify the number of responses and provide the owner with the dates and nature of the responses included in the bill.

8.15.155 Notice and order of code official.

A. Commencement of Proceedings. Whenever the code official has inspected or caused to be inspected any building and has found and determined that such building is a substandard building, he shall commence proceedings to cause the repair, rehabilitation, vacation or demolition of the building.

B. Notice and Order. The code official shall issue a notice and order directed to the record owner of the building. The notice and order shall contain:

1. The street address and a legal description sufficient for identification of the premises upon which the building is located.
2. A statement that the code official has found the building to be substandard with a brief and concise description of the conditions found to render the building substandard under the provisions of this code.
3. A statement of the action required as determined by the code official.
 - a. If the code official has determined that the building or structure must be repaired, the order shall require that all required permits be secured therefor and the work physically commenced within such time (not to exceed thirty days from the date of the order except for weather related repairs as determined by the code official and completed within such times as the code official shall determine is reasonable under all of the circumstances).
 - b. If the code official has determined that the building or structure must be vacated, the order shall require that the building or structure be vacated, within a certain time from the date of the order as determined by the code official to be reasonable.
 - c. If the code official has determined that the building or structure must be demolished, the order shall require that the building be vacated within such time as the code official shall determine reasonable (not to exceed thirty days from the date of the order); that all required permits be secured therefor within thirty days from the date of the order, and that the demolition be completed within such time as the code official shall determine is reasonable (not to exceed sixty days from the date of the order).

4. Statements advising that if any required repair or demolition work (without vacation also being required) is not commenced within the time specified, the code enforcement officer:

- a. Will order the building vacated and posted to prevent further occupancy until the work is completed, and
- b. May proceed to cause the work to be done and charge the costs thereof against the property or its owner.

5. Statements advising:

Any person having any record title or legal interest in the building may appeal from the notice and order or any action of the code official as provided in Chapter 2.86. Failure to appeal from a notice and order or action of the code official will constitute waiver of all rights to an administrative hearing and determination of the matter as provided in the notice and order or action of the code official shall be the final determination.

C. Service of Notice and Order. The notice and order, or any amended or supplemental notice and order, shall be served upon the record owner/agent. The failure of the code official to serve any person required herein to be served shall not invalidate any proceedings hereunder as to any other person duly served or relieve any such person from any duty or obligation imposed on him by the provisions of this section.

D. Method of Service. Service of the notice and order shall be made upon all persons entitled thereto either personally or by mailing a copy of such notice and order by regular mail, to each such person at his address as it appears on the last assessment roll of the county or as known to the code official. If no address of any such person so appears or is known to the code official, then a copy of the notice and order shall be so mailed, addressed to such person, at the address of the building involved in the proceedings. The failure of any such person to receive such notices shall not affect the validity of any proceedings taken under this section. Service by regular mail in the manner herein provided shall be effective on the date of mailing.

E. Recordation of Substandard Conditions. If compliance is not had with the notice and order within the time specified therein, and no appeal has been properly and timely filed, the code official shall file in the office of the county recorder a certificate describing the property and certifying:

1. The building is a substandard building, and
2. The owner has been so notified. If a certificate of substandard conditions has been filed and whenever the corrections ordered shall thereafter have been completed or the building demolished so that it no longer exists as a substandard building on the property described in the certificate, the code official shall file a new certificate with the county recorder certifying that the building has been demolished or all required

corrections have been made so that the building is no longer substandard, whichever is appropriate.

F. Repair, Vacation and Demolition. The code official shall follow the standards set forth hereinafter when ordering the repair, vacation or demolition of any substandard building or structure:

1. Any building declared a substandard building under this code shall be made to comply with one of the following:

a. The building shall be repaired in accordance with the current property maintenance code or other current code applicable to the type of substandard conditions requiring repair; or

b. The building shall be demolished at the option of the building owner; or

c. If the building does not constitute an immediate danger to the life, limb, property or safety of the public or of the occupants, it shall be ordered to be vacated and to be secured in accordance with the Davenport Municipal Code.

2. If the building or structure is in such condition as to make it immediately dangerous to the life, limb, property or safety of the public or of the occupants, it shall be ordered vacated and/or demolished.

G. Notice to Vacate.

1. Notice of Intent to Post. The code official shall send notice to the record owner or her agent that the property will be posted with a notice to vacate.

2. Posting. Every notice to vacate shall, in addition to being served, be posted at each building.

3. Compliance with Notice to Vacate. Whenever such notice is posted, the code official shall include a notification thereof in the notice and order issued by him reciting the violation and specifying the conditions necessitating the posting. No person shall remain in or enter any building having been so posted, except that entry may be made to repair, demolish, or remove such building under permit. No person shall remove or deface any such notice after it is posted until the required repairs, demolition, or removal have been completed and approved by the code official pursuant to the provisions of this code.

8.15.160 Appeal.

Any person who receives notice under this chapter may appeal said notice and order pursuant to the procedures set forth in Section 2.86.020. If a timely request for appeal is not filed the order, decision or determination shall be conclusively presumed as being true and the recipient of the order, decision or determination the responsible party. If an

appeal is filed a hearing shall be scheduled and held pursuant to Chapter 2.86 of the city code.

8.15.165 Enforcement of the order of the code official or administrative hearing officer.

A. Compliance. After any order of the code official or administrative hearing officer shall have become final, no person to whom such order is directed shall fail, neglect or refuse to obey said order. Any person who fails to comply with or obey said order shall be guilty of a municipal infraction.

B. Failure to Commence Work. Whenever the required repair or demolition is not commenced within thirty days or any time period established after any final notice and order issued under this code becomes effective:

1. The code official shall cause the building described in such notice and order to be vacated by posting a notice at each entrance thereto.

2. No person shall occupy any building having been posted as specified in this subsection. No person shall remove or deface any such notice so posted until the repairs, demolition or removal ordered by the code official have been completed and a certificate of compliance issued pursuant to the provisions of this code.

3. The code official may, in addition to any other remedy provided herein, cause the building to be repaired to the extent necessary to correct the conditions which render the building substandard as set forth in the notice and order; or if the notice and order required demolition, to cause the building to be sold and demolished, or to be demolished, and the materials, rubble and debris therefrom removed and the lot cleaned. Any such repair or demolition work shall be accomplished and the cost thereof paid and recovered in the manner hereinafter provided in this code. Any surplus realized from the sale of any such building, or from the demolition thereof, over and above the cost of demolition and of cleaning the lot shall be paid over to the person or persons lawfully entitled thereto.

C. Extension of Time to Perform Work. Upon receipt of an application from the person required to conform to the order and an agreement by such person that he will comply with the order if allowed additional time, the code official may, in his sole discretion, grant an extension of time, not to exceed an additional one hundred twenty days, within which to complete said repair, rehabilitation or demolition, if the code official determines that such an extension of time will not create or perpetuate a situation imminently dangerous to life or property. The code official's authority to extend time is limited to the physical repair, rehabilitation or demolition of the premises and will not in any way affect or extend the time to appeal his notice and order.

D. Interference with Repair or Demolition Work Prohibited. The final order of the code official or administrative hearing officer shall be enforced as written. No person shall obstruct, impede or interfere with any officer, employee, contractor or authorized representative or agent of the city engaged in the work of repairing, vacating and

repairing, demolishing or any act necessary or incidental to enforcement of the final order.

E. Violations—Penalties. Any person or entity who violates any of the provisions of this chapter shall be guilty of a municipal infraction; and shall be fined one dollars for a first offense, two hundred dollars for a second offense, and five hundred dollars of every offense thereafter for the same violation. However, in addition to all other remedies and sanctions available, violations of Subsection 8.15.145A(3) and Section 8.15.145L shall be punished by a fine of two hundred dollars for the first offense and five hundred dollars for each violation thereafter. Additionally, violations of 8.15.155G(3) may be charged and punished as a simple misdemeanor. The code official is authorized to enforce this chapter pursuant to procedures and remedies set forth in this chapter as well as Chapter 1.30.

8.15.170 Performance of work, repair or demolition.

A. Procedure. When any work or repair or demolition is to be done pursuant to this code, the code official shall cause the work to be accomplished by city personnel or by private contract under the direction of the code official. The code official may prepare plans and specifications, or he may employ such architectural and engineering assistance on a contract basis, as he may deem reasonably necessary.

B. Costs. The cost of such work shall be made a special assessment against the property involved, or may be made a personal obligation of the property owner, whichever the legislative body of this jurisdiction shall determine is appropriate.

C. Personal Obligation or Special Assessment. The city legal department shall determine whether said charge shall be made a personal obligation of the property owner and/or assess said charge against the property involved.

D. Lien of assessment. All liens of assessment shall be done according to applicable city and state code.

8.15.175 Conflicting provisions.

Whenever conflicting provisions or requirements occur between this code, the technical code or any codes or laws, the most restrictive shall govern.

8.15.180 College/university zone requirements.

A. The city council of the city of Davenport finds that a significant number of landlords rent residential units to unrelated persons who frequently engage in conduct that negatively impact the quality of life of the surrounding neighborhood and tends to depress the value of the nearby properties. This situation is in major part due to the presence of numerous university students living off-campus in rental properties located within established residential neighborhoods; a condition present in an area relatively close in proximity to the college or university campus. The intent of this section is to establish further specific regulations to help protect established neighborhoods from said negative impacts.

B. The area(s) designated as college/ university zones that are subject to these regulations is/are:

1. The area of the city bounded on the north by Columbia Court extended westerly along its centerline to Fillmore and easterly to and along the centerline of Columbia Avenue, on the east by the centerline of Pershing, on the south by the centerline of West 16th Street and the centerline of Kirkwood Boulevard, and on the west by the centerline of Fillmore.

C. In addition to those requirements set forth in Section 8.15.145, upon written notice of a determination by the neighborhood services director that reasonable suspicion of over-occupancy exists or upon a "founded call" (Defined in Chapter 8.12) at the address, the tenants of a single-family rental property, defined the same as "dwelling, single-family detached," "dwelling, single-family attached," or "dwelling single-family semi-detached," or "dwelling, single-family townhouse," as the case may be, in Title 17, located within a college/university zone shall:

1. Register the property by property address;
2. Provide information regarding number of bedrooms, number of bathrooms, and number of off-street parking spaces available (counting only enclosed garage spaces and driveway spaces behind the front of the residential structure and connecting the entrance of a private garage with a public right-of-way so as to permit ingress and egress—one off street parking space for each 8' x 20' area of paved driveway);
3. Provide information regarding the lease and tenant(s): term of the lease and initial of first name and surname of all tenant(s), each tenant registered shall be required to report license plate information (state and number) for each vehicle he or she has at the property within seven days' time of the onset of their tenancy and failure to comply with this requirement constitutes a violation of this chapter;
4. The tenants shall amend the information required to be on file by this subsection within seven days of an occurrence affecting the required information, such as change in tenancy;
5. Said information shall be kept current for a period of two years from the date of the notice unless the property owner has received notice from the city that the university zone registration requirements no longer apply;
6. All of the tenants of a single-family rental property for which notice in this subsection has been given are jointly and severally responsible for making such that the required information has been filed.

D. The maximum number of persons who may occupy a dwelling shall be reduced on a one-to-one ratio based upon the number of off-street parking spaces available on the single-family rental property so that there is one off-street parking space for each person living within a single-family rental property within a college university zone and

shall be further reduced, if necessary, so that the total square footage of the building provides at least 200 square feet of enclosed living space per occupant. Off-street parking space is defined the same as "parking space" in Title 17 and, if unenclosed must be durably surfaced (paved or bricked) and connect the entrance of the private garage with a public right-of-way so as to permit ingress and egress with no such space being allowed in the front yard. No additional off-street parking space shall be constructed as a parking pad, but any off-street parking pad in existence as shown on the GIS aerial photograph taken in 2009 may be considered in the number of available off-street parking spaces (parking pad being a durably surfaced area for vehicle storage that does not serve as ingress/egress to a garage). If, because of the age and character of a single-family property located within a designated college/university zone there are no off-street parking spaces, the maximum number of unrelated persons who may occupy the single-family rental property is two persons. For purposes of this subsection, the square footage and bedroom numbers on file with the city assessor are presumed to be accurate and it is the property owner's or tenant's duty to rebut their presumed accuracy. This subsection applies to any single-family rental property located within a designated university zone that is occupied by unrelated persons regardless of whether the property has been notified to register tenant information or not. If illegal over occupancy is established a property owner shall take immediate steps to comply with the provisions of this section.

E. This section shall not apply to a multi-family rental property located within a college/university zone. A multi-family rental property being defined the same as a "dwelling, multiple" in Title 17. This section shall also not apply to the rental of a single-family rental property to a family or related persons, as defined in Title 17, or to a group of persons with verifiable disabilities, as defined by the fair housing act, as amended, of 1988, who occupy a single-family rental property as a single housekeeping unit.

F. It shall be a violation of this section for a tenant to occupy a single-family rental property without said tenant's name and other specified information having been provided to the city or its designee as required.

G. It is a violation of the section for an owner to permit occupancy contrary to the provisions of this section.

H. Each day a violation occurs shall be deemed a separate and distinct violation subject to the penalty provisions of this section. Any person who is found to have violated this section after having been previously convicted of violating this section shall be subject to the applicable penalty for the subsequent offense.

1. For a first offense the fine for a tenant shall be one hundred dollars. For a first offense for an owner the fine shall be three hundred dollars.

2. For a second offense the fine for a tenant shall be two hundred dollars. For a second offense for an owner the fine shall be five hundred dollars.

3. For a third or subsequent offense the fine for a tenant shall be five hundred dollars. For a third or subsequent offense the fine for an owner shall be one thousand dollars.

A. The owner shall register a vacant or abandoned building with the city not later than thirty (30) calendar days after any building in the city becomes abandoned or vacant as defined in this chapter. Failure to register an abandoned or vacant building or providing false information to the city shall be a violation of this chapter.

B. The registration shall include the following information:

1. A description of the premises;
2. The names and addresses of the owner or owners;
3. The names and addresses of all known lien holders and all other parties with an ownership interest in the building;

D. Registrations shall not be transferable from one building to another.

E. Every person or business holding a registration shall give notice in writing to the city within five (5) working days after having transferred or otherwise disposed of the legal control of the registered building. Such notice shall include the name and address of the persons or businesses succeeding to the ownership or control of such building.

8.18.060 Inspections.

The owner shall allow inspection of the building by city representatives upon request and shall allow annual inspection of the interior and exterior of the premises for the purpose of enforcing and assuring compliance with the provisions of this chapter and the Housing, Building and Fire Codes.

8.18.070 Issuance and renewal criteria.

The city is hereby authorized to issue and renew vacant or abandoned building registrations for specific buildings, in the names of the applicant owners, operators or managers, provided the following criteria are met:

If a vacant or abandoned building registration is revoked by the city for noncompliance with any applicable provisions of the code, the owner/operator of the building shall be given thirty (30) days to comply with the provisions of this code. Extensions of such thirty (30) day period may be granted at the discretion of the neighborhood services director. Upon expiration of the thirty (30) day period, or any extension thereof, if the building continues to be noncompliant, the registration is deemed revoked. The revocation may be appealed in accordance with Chapter 2.86.

8.18.100 Relationship of registration to other code provisions.

The issuance of any registration for any vacant or abandoned building shall not in any way signify or imply that the building conforms with the Iowa state building code or the housing, building, property maintenance, zoning, fire ordinances or other codes and ordinances adopted by the city. The issuance of a registration shall not relieve the owner or operator of the responsibility for compliance with said codes and ordinances.

If a request for appeal is filed a hearing shall be scheduled and held pursuant to Chapter 2.86 of the city code. Honorable Mayor and City Council
City Hall
Davenport IA 52801

Honorable Mayor and City Council:

At its regular meeting of September 4, 2018, the City Plan and Zoning Commission considered Case REZ18-12 being the request of Chris Townsend on behalf of Jimmy Holt, to rezone 1.43 acres, more or less, of property located at 3730 West Locust Street from "C-1" Neighborhood Commercial and "R-3" Moderate Density Dwelling District to "PDD" Planned Development District. [Ward 1]

Finding:

The use of the property would achieve consistency with the Residential General Davenport 2035 Future Land Use designation because the proposed design and conditions recommended by City staff would adequately safeguard surrounding residential development.

The Plan and Zoning Commission accepted the listed findings and forwards Case No. REZ18-12 to the City Council with a recommendation for approval subject to the following conditions:

1. That no self-storage units be located within 150 feet of the West Locust Street right-of-way;
2. That no self-storage unit overhead doors face West Locust Street;
3. That a six foot high fence be installed along the east, north and west property lines surrounding the self-storage unit development.

The Commission vote was 5 yes, 4 no and 0 abstention.

Respectfully submitted,

Within Urban Service Area 2035: Yes

Davenport 2035 Future Land Use Designation: Residential General

Residential General (RG) - Designates neighborhoods that are mostly residential but include, or are within one-half mile (walking distance) of scattered neighborhood-compatible commercial services, as well as other neighborhood uses like schools, churches, corner stores, etc. generally oriented along Urban Corridors (UC). Neighborhoods are typically designated as a whole. Existing neighborhoods are anticipated to maintain their existing characteristics in terms of land use mix and density, with the exception along edges and transition areas, where higher intensity may be considered.

Relevant Goals to be considered in this Case: Strengthen the Existing Built Environment.

Technical Review:

Streets. The development is proposed to only have access to West Locust Street.

Storm Water. The elevation of the property falls from south to north. It is unclear as to the location of the stormwater outfall. The development of the property would need to comply with the City stormwater ordinance.

Sanitary Sewer. No sanitary sewer is proposed with this development.

Other Utilities. Other normal utility services are available.

Parks/Open Space. The proposed rezoning does not impact any existing or planned parks or public open spaces.

Public Input:

A neighborhood meeting was held on August 6, 2018 Plan and Zoning Commission. Approximately 15 residents attended. The developer was present to answer questions concerning the proposed development. Members in the audience appeared supportive of the request.

City staff has received a few phone calls inquiring about the proposed development.

Discussion:**Request Summary:**

The applicant is requesting to rezone to "PDD" Planned Development District to facilitate development of the property for self-storage units.

Comprehensive Plan:

Davenport 2035 currently designates the subject property *Residential General*.

Davenport 2035 Residential General reads in part,

Existing neighborhoods are anticipated to maintain their existing characteristics in terms of land use mix and density, with the exception along edges and transition areas, where higher intensity may be considered.

The purpose of this language is to adequately safeguard surrounding residential development.

It is staff's opinion that West Locust Street is an edge where higher intensity may be considered. However, the development would extend approximately 620 feet north of West Locust Street, which would be further than an "edge".

It is staff's opinion that the use of the property would achieve consistency with the Residential General Future Land Use designation because the proposed design and conditions recommended by City staff would adequately safeguard surrounding residential development.

Proposed Land Use Plan:

"PDD" Planned Development District requires approval of the zoning and associated Land Use Plan and subsequent approval of a Final Development Plan.

The "PDD" Planned Development District requires a Land Use Plan to including the following (Section 17.32.050 of the Davenport City Code):

- A. *A drawing or set of drawings and other materials that include, but may not be limited to, the following:*
- 1. The existing land use and zoning surrounding the proposed development and the distance from the subject property line to the nearest structures on all abutting properties within two hundred feet of the perimeter of the site.*

Staff commentary: The proposed PDD Land Use Plan depicts the existing land use and zoning surrounding the proposed development.

- 2. The location of existing services, including: water, sanitary and storm sewer, electric, gas, streets, the capacity of those services and the service requirements of the development.*

Staff commentary: The proposed PDD Land Use Plan depicts the location of existing services. City staff waived the requirement that the capacity of those services and the service requirements of the development be provided as this will be reviewed during administrative site plan review.

- 3. The site constraints including:*
 - a. Slopes in excess of ten percent;*

Staff commentary: There are no slopes in excess of 10 percent.

- b. Drainage ways that carry water from abutting properties, drainage ways that drain areas on the site in excess of one acre and any area designated as a flood plain or floodway as defined in Chapter 15.44*

Staff commentary: The proposed PDD Land Use Plan depicts the drainage basin of the proposed development. Consistency with the City's stormwater ordinance would be reviewed during administrative site plan review.

- c. Soils that are unsuitable or require special treatment to support urban development as determined by the Soil Conservation Service Soil Survey. If unsuitable conditions are indicated field testing may be required.*

Staff commentary: A soils maps has not been provided. City staff waived the requirement that unsuitable soils been identified as this will be reviewed during administrative site plan review.

- 4. The total area in square feet of uses proposed for the site and the percentage of the site that is to be used for parking and building (impervious surface).*

Staff commentary: The proposed PDD Land Use Plan contains total area in square feet of uses proposed for the site and the percentage of the site that is to be used for parking and building as are as follows:

1. Storage units: 14,040 square feet
2. Parking and impervious surface area: 18,371 square feet
3. Greenspace and pervious surface area: 29,959 square feet

- 5. A two foot interval topographic map of the site on a scale base of one inch equals fifty feet or other scale as approved by the development official.*

Staff commentary: The proposed PDD Land Use Plan contains topographic data.

- 6. A traffic study which analyzes the aggregate trip generation to and from the site and the ability of the existing street system to accommodate the anticipated generation. Specific improvements should be proposed if the development causes the projected level of service to be less than level "C," as defined by the most recent version of the Highway Capacity Manual by the Transportation Research Board of The National Safety Research Council.*

Staff commentary: A traffic study has not been provided. City staff waived the requirement for a traffic study because the proposed use would generate a low amount of traffic.

The city council delegates authority to the city staff's development official to waive, at his or her discretion, any of the required submissions stated in Section 17.32.052A, 1 through Section 17.32.052A, 6 if the scale of the project, topography of the site or other reasons make them unnecessary. The city plan and zoning commission will be notified of any requirements that have been waived.

Staff Recommendation

Finding:

The use of the property would achieve consistency with the Residential General Davenport 2035 Future Land Use designation because the proposed design and conditions recommended by City staff would adequately safeguard surrounding residential development.

Staff recommends the Plan and Zoning Commission accept the listed finding and forward Case REZ18-12 to the City Council with a recommendation for approval subject to the following conditions:

1. That no self-storage units be located within 150 feet of the West Locust Street right-of-way;
2. That no self-storage unit overhead doors face West Locust Street;
3. That a six foot high fence be installed along the east, north and west property lines surrounding the self-storage unit development.

DAVENPORT, IOWA
4TH AND LECLAIRE SEWER SEPARATION
RECOMMENDATION TO AWARD

The City of Davenport received and opened bids for 4th and LeClaire Sewer Separation on September 25, 2018. Five responsive bids were received as follows:

	<u>Total Bid</u>
Langman Construction, Inc.	\$446,270.00
Valley Construction Company	467,000.00
Hometown Plumbing & Heating	544,305.00
Needham Excavating, Inc.	554,135.00
Miller Trucking & Excavating	692,009.80

The apparent low bid for the project was submitted by Langman Construction, Inc. of Rock Island, Illinois, in the amount of \$446,270.00.

The Engineer's Estimate of cost for construction of the project was \$387,730.20. Veenstra & Kimm, Inc. believes the bid is higher than the Engineer's Estimate due to a very busy construction market for bidders. Langman Construction, Inc. has completed work for Veenstra & Kimm, Inc. and the City of Davenport on a variety of pipe projects as well as road construction.

Based on a review of the bids received, it would be our recommendation that the apparent low bid is fair and reasonable and responsive to the bidding documents. We would recommend that the City of Davenport award the contract to the low bidder based on its bid received on September 25, 2018.

Resolution approving a Downtown Streetlight Replacement Program between the City of Davenport and the Downtown Davenport Partnership. [All Wards]

Recommendation:
Approve the resolution

Background:

The City of Davenport ("City") and the Downtown Davenport Partnership ("DDP") have partnered together for many years to improve the continuity and network of public and private investment in downtown Davenport. The Downtown Streetlight Replacement Program represents another partnership aimed at replacing all non-LED streetlights within the Downtown Davenport SSMID District with high-intensity, LED streetlights and new fixtures. The replacement of all decorative streetlights within this area with newer technology will increase the effectiveness and brightness of streetlights on the roadway and sidewalks, improve vehicular and pedestrian safety, and improve aesthetics.

The ownership of downtown streetlights is a network of decorative City-owned lights and private-business-owned lights that are represented by DDP. Under this program, the City and DDP will coordinate and combine resources in order to replace all decorative streetlights contained in the geographical area represented by the DDP with the City paying to replace decorative streetlights owned by the City and DDP paying to replace decorative streetlights owned by private businesses represented by DDP. This resolution details the roles and responsibilities related to the Downtown Streetlight Replacement Program including the transition of privately-owned streetlights to City ownership once those streetlights are replaced.

The City's portion of costs related to this program will come from unspent downtown TIF bonds.

**Resolution Approving a Downtown Streetlight Replacement Program between
the City of Davenport and the Downtown Davenport Partnership
October 10, 2018**

RESOLUTION offered by Alderman Tompkins,

RESOLVED by the City Council of the City of Davenport.

RESOLUTION Approving a Downtown Streetlight Replacement Program between the City of Davenport and the Downtown Davenport Partnership.

WHEREAS, the City of Davenport (“City”) and the Downtown Davenport Partnership (“DDP”) have a vested interest in improving the continuity and network of public and private investment in downtown Davenport as it relates to street lighting; and

WHEREAS, City and DDP mutually agree that the replacement of all decorative streetlights in Davenport with newer technology will increase the effectiveness and brightness of streetlights on the roadway and sidewalks, improve vehicular and pedestrian safety, and improve aesthetics; and

WHEREAS, the ownership of downtown streetlights is a network of decorative City-owned lights and private-business-owned lights that are represented by DDP; and

WHEREAS, City and DDP are interested in coordinating and combining resources in order to replace all decorative streetlights contained in the geographical area represented by DDP; and

WHEREAS, City will pay to replace decorative streetlights owned by the City and DDP will pay to replace decorative streetlights owned by private businesses represented by DDP; and

WHEREAS, the conditions provided herein outline roles and responsibilities related to the Downtown Streetlight Replacement Program.

NOW, THEREFORE, City and DDP, collectively referred to as “the Parties”, approve the Downtown Streetlight Replacement Program as follows:

SECTION 1: Replacement of All Decorative Streetlights in the Downtown Davenport Self-Supported Municipal Improvement District (SSMID)

1. City and DDP’s collective effort to replace all non-LED decorative streetlights, including lighting fixtures, with new fixtures and LED, high-intensity streetlights is referred to as the Downtown Streetlight Replacement Program (“Program”).
2. The defined boundaries of the Downtown Davenport Self-Supported Municipal Improvement District (SSMID) shall be designated as the boundaries for streetlight replacement in accordance with the Program.
3. All decorative streetlights shall be replaced with a high-intensity LED light and streetlight fixture mutually agreed upon by staff represented by the Parties, which fixtures shall match, to the

extent possible, decorative streetlights already present in the area. The new streetlights are required to satisfy federal and state roadway lighting rules and regulations.

4. Consistent with the Downtown Davenport Streetscape Improvement Plan, City shall continue to make reasonable efforts to transition existing street lighting to the public electricity grid ("City Grid") when possible. Reasonability includes having the studies, designs, and available funding prior to City converting street lighting to the City Grid. City shall investigate to determine the reasonability of a particular area when other downtown street, sidewalk, or other infrastructure improvements allow convenient access to the power grid to make the determination.

SECTION 2: Program Contract Oversight

1. City shall act as fiscal agent for all contracts related to the Program.
2. DDP shall, at its option, participate in the City's procurement process for a qualified contractor to perform work associated with the Program. DDP shall at all times comply with City's purchasing policies.
3. DDP shall act as contract coordinator between downtown business owners and the selected contractor.

SECTION 3: Private-Owned Streetlights Transferred to City Ownership

1. Eligible privately-owned streetlights replaced in accordance with Section 1 will be transferred to City ownership following review by City staff. Such ownership transfer will occur through a bill of sale in which the City agrees to purchase the approved and accepted fixture for \$1.
2. DDP agrees to work with downtown property owners to obtain any and all documentation as required by City to complete the ownership transfer.
3. Once transferred to City ownership, City agrees to maintain the streetlights in accordance with City policies.
4. Transfer of ownership of the streetlight fixture in no way obligates the City to remove the fixture from a private-business power grid or to assume utility costs for that fixture. Any and all utility maintenance or improvement costs required of the property owner for a fixture on that property-owners power grid shall be the property owner's responsibility.

SECTION 4: Program Financing

1. City shall serve as fiscal agent for the Program and make all payments to selected and approved contractors consistent with its purchasing policy.
2. City shall bear all costs related to replacing all streetlights that are owned by City as of the date of this resolution.
3. DDP shall bear all costs related to replacing all streetlights that are owned by either DDP or private property owners as of the date of this resolution.
4. The Parties agree that DDP shall make equal payments over three years to reimburse the City the actual costs associated with Section 4.3. One third of the amount shall be due no later than June 30, 2019; one third of the amount shall be due no later than June 30, 2020; and one-third

of the amount shall be due no later than June 30, 2021. The Parties agree that no interest shall be added to those amounts paid consistent with the terms of this Section.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Davenport that the Downtown Streetlight Replacement Program as established and approved by the City of Davenport and the Downtown Davenport Partnership is hereby adopted.

Resolution approving a contract for the purchase of two (2) fire engines from Custom Fire Apparatus of Osceola, WI, in the amount of \$1,061,467.12. CIP 63005 [All Wards]

Recommendation:
Adopt the Resolution.

Background:
According to National Fire Protection Association (NFPA) standards, the City's 1993 fire engines are at the end of their useful lives. This fact is reinforced by the recent increases in maintenance and repair costs. The 1993 model fire engines lack many of the recommended safety features identified by the NFPA standard 1901, which are now being built into current production models

A cost estimate was performed by the Purchasing Division. The City of Cedar Rapids, Iowa purchased two fire engines in August 2017 for a cost of \$598,000 each. Joliet, Illinois purchased a new fire engine in July 2018 for \$604,099. Several manufacturers are predicting a 25% price increase due to tariffs being placed on items.

At no cost, the City of Davenport joined the Houston-Galveston Area Council (HGAC), a cooperative group that bids public safety items for members. Because of the volume created by purchases from several communities, the intent is to get a lower contracted price.

The Davenport Fire Department currently has several different trucks manufactured by Custom Fire Apparatus of Osceola WI. Custom Fire Apparatus was awarded a contract with HGAC for fire apparatus. By purchasing two trucks at the same time, we are receiving several discounts for a total of \$12,700. The fabrication of the two fire engines will take approximately 10 to 12 months.

The total for this purchase of two trucks is \$1,061,467.12. Funding for this purchase is from CIP 63005 for Firetruck Replacement. These funds are from the sale of General Obligation bonds and Local Option Sales Tax.

Resolution setting a Public Hearing for the consideration of a Lease Agreement for the Taste of Ethiopia Restaurant In the Package Express Building. [Ward 3]

Recommendation:
Set the Public Hearing for Wednesday, October 17, 2018 at 5:30 p.m.

Background:
The Package Express building is located immediately west of Union Station and has been vacant for three years. The last tenant was the Mississippi Valley Blues Society.

Taste of Ethiopia, an existing Freight House Farmer's Market vendor and renter of the community kitchen for the last three years, is another successful business incubation story as they have developed a loyal customer base, which has provided them with the confidence to take the next step and move into a permanent storefront.

The Taste of Ethiopia Restaurant, a family business led by Genet and George Moraetes, plans to invest \$90,000 into the project. The tenant also is responsible for market-rate rent, utilities and taxes. The term is for five years.

The Taste of Ethiopia Restaurant will gain possession on November 1 and plans to open for business in early Spring.

The Riverfront Improvement Commission approved the lease agreement at its regular meeting on September 25, 2018. For leases with a term beyond three years in length, the City Council must approve concurrently and hold a public hearing. The public hearing will be held on October 17 and consideration of the resolution will be held during the same cycle.

The Tenant shall have the right, from time to time during the term of this lease, to remove any such fixtures, equipment, or property for the purpose of replacing the same with items of like character, quality, or value.

12. TENANT IMPROVEMENTS

Prior to commencing any Tenant improvements, the Tenant shall provide to the Landlord, for its review and approval, a plan and specifications for the proposed work to be performed. All improvements shall be completed in a timely and workman-like manner and in accordance with all applicable codes and ordinances.

13. FREE FROM LIENS

The Tenant shall keep the Leased Premises and the property on which the Leased Premises are situated free from any Mechanics Liens arising out of work performed, material furnished, or obligation incurred by or at the instance of the Tenant, and indemnify and save the Landlord harmless from all such liens and all attorney's fees and other costs and expenses incurred by reason thereof. Notice is hereby given that neither the Landlord nor the Landlord's interest in the Leased Premises shall be liable or responsible to persons who furnish material or labor for or in connection with such work.

14. ABANDONMENT

The Tenant shall not vacate or abandon the Leased Premises at any time during the term of this Lease; and if the Tenant shall abandon, vacate, or surrender the Leased Premises, or be dispossessed by process of law or otherwise, any personal property belonging to the Tenant and left on the Leased Premises shall be deemed to be abandoned, at the option of the Landlord. The Tenant shall not be deemed to have vacated or abandoned the Leased Premises caused by reasons beyond its control (casualty, strikes, and acts of God).

15. SIGNS AND ADVERTISING MATERIALS

The Tenant recognizes there are Signage Restrictions for the demised area. All proposed signage must be submitted and approved by the City of Davenport prior to installation, whether it be affixed to the building or window type display signs. The Tenant shall submit its signage plan to the Landlord for review and approval.

16. EXTERIOR LIGHTING

The Tenant shall not install any exterior lighting on the Leased Premises unless and until the Landlord shall have approved, in writing, the design, type, kind, and location of the lighting to be installed.

17. UTILITIES

The Tenant shall provide and be responsible for prorated payment of all charges for water, gas, heat, air conditioning, electricity, and sewer for the Leased Premises. The Tenant shall pay all charges for telephone and internet service. The Tenant also is responsible for restroom cleaning and supplies. Any security deposit or connection charges required by any utility company to furnish service to the Tenant shall be paid by the Tenant. In the event that one or more such utilities or related services shall be supplied to the Premises and to one or more other tenants within the complex without being individually metered or measured to the Premises, Tenant's proportionate share thereof shall be paid as additional rent and shall be determined by Landlord based upon their estimate of Tenant's anticipated usage. Landlord shall provide and maintain the necessary mains, conduits, wires, and cables to bring water, electricity and gas, and other utilities to the Premises.

18. ENTRY AND INSPECTION

The Tenant shall permit the Landlord and the Landlord's agents to enter into and upon the Leased Premises at all reasonable times, acceptable to the Tenant, for the purpose of inspecting the same, or for the purpose of maintaining the building in which said Leased Premises are situated, or for the purpose of making repairs, alterations, or additions to any other portion of said building. If the Tenant shall notify the Landlord that it does not intend to exercise any renewal option, the Landlord shall have the right to advertise and show the property to prospective users of the Leased Premises during the final Ninety (90) Days of the initial lease term or any option renewal.

19. DAMAGE AND DESTRUCTION OF LEASED PREMISES

A. The Landlord agrees, at its cost and expense, to maintain the roof, walls, and foundation of the Leased Premises and building in reasonably good order and condition, and to make all necessary repairs and replacements in and to the building, including the building flood protection system. If the Landlord fails to perform obligations under this Lease which creates a condition which interferes substantially with normal use, and as a consequence the Tenant is compelled to discontinue business in the Leased Premises in whole or in part, rental shall be proportionally abated. If Landlord defaults for more than Thirty (30) Days, after written notice by the Tenant, the Tenant shall have the right, but not be obligated to remedy such default. All such sums expended, or obligations incurred, by the Tenant in connection with the foregoing shall be paid by the Landlord to the Tenant upon demand, and if the Landlord fails to reimburse

the Tenant, the Tenant may, in addition to any other right or remedy that it may have, deduct such amount from the next month's rent or rentals.

B. In the event of a destruction of the Leased Premises or the building containing the same during said term which requires repairs to either said Leased Premises or said building, or is declared to be unfit for occupancy by any authorized public authority for any reason other than the Tenant's act, use, or occupation, which declaration requires repairs provided the Tenant gives to the Landlord written notice of the necessity therefore. If those repairs are not, or cannot be, completed within Thirty (30) Days of said notice, then the Tenant may, at its option, cancel this Lease. However, if the Tenant does not desire to cancel the Lease, rent shall be abated during the period which those repairs are made and the Tenant is compelled to discontinue business in the Leased Premises. Further, in the event of flooding, rent shall be abated during that time period the leased premises are declared to be unfit for occupancy by any authorized public authority.

20. ASSIGNMENT AND SUBLETTING

The Tenant shall not assign this Lease, or any interest therein, and shall not sublet the Leased Premises or and part thereof, or any right or privilege appurtenant thereto, or permit any other person (the agent and servants of the Tenant excepted) to occupy or use the Leased Premises, or any portion thereof without first obtaining the written consent of the Landlord, which shall not be unreasonably withheld. Consent by the Landlord to one assignment, subletting, occupation, or use by another person shall not be deemed to be a consent to any subsequent assignment, subletting, occupation, or use by another person. Consent to an assignment shall not release the original named Tenant from liability which has accrued or occurred prior to the date of assignment. If the Landlord does not release the Tenant from liability, the Landlord shall give the Tenant notice of defaults by assignee and an opportunity to cure the same. Any assignment or subletting without the prior written consent of the Landlord shall be void, and shall, at the option of the Landlord, terminate this Lease. Neither this Lease nor any interest therein shall be assignable, as to the interest of the Tenant, by operation of law without the prior written consent of the Landlord. The Landlord shall give the Tenant prior notice of the assignment of this Lease and/or any interest of the Landlord therein.

21. DEFAULT, RE-ENTRY REMEDIES

If the Tenant shall fail to pay any part of the rent herein provided, or any other sum required by this Lease to be paid to the Landlord at the times or in the manner provided, or if default shall be made in any of the other covenants or conditions on its part agreed to be performed, and such failure to perform other covenants shall continue for Thirty (30) Days after written notice thereof from the Landlord to the Tenant, then the Landlord, besides other rights or remedies it may have, shall have the immediate right of re-entry and may remove all persons and property from the Leased Premises without liability to any person for damages sustained by reason of such removal. Such property may be removed and stored in a public warehouse or elsewhere at the cost of, and for the account of, the Tenant.

22. DEFAULT, COSTS, AND ATTORNEY FEES

If the Tenant shall fail to pay any part of the rent herein provided, or any other sum required by this Lease to be paid to the Landlord at the times or in the manner provided, or if default shall be made in any of the other covenants or conditions on its part agreed to be performed, then the Tenant shall be responsible for payment of all reasonable costs and attorney fees of the Landlord that result from the Landlord pursuing its rights and remedies.

23. SALE OF LEASED PREMISES BY LANDLORD

In the event of any sale of the Leased Premises, or assignment of this Lease by the Landlord, the Landlord shall give the Tenant prior notice of any such sale or assignment. The Landlord shall be relieved of liability under the Lease only in the event that the new Landlord agrees to the Lease and to not disturb the Tenant.

24. REIMBURSEMENT

A. All covenants and terms herein contained to be performed by the Tenant shall be performed by the Tenant at its expense, and if the Landlord shall pay any sum of money or do any act which requires the payment of money by reason of the failure, neglect, or refusal of the Tenant to perform such covenant or term, the sum or sums of money so paid by the Landlord shall be considered as additional rental and shall be payable by the Tenant to the Landlord on the first of the month next succeeding such payment, together with interest at the maximum rate permitted by law from the date of payment.

B. All covenants and terms herein contained to be performed by the Landlord shall be performed by the Landlord at its expense, and if the Tenant shall pay any sum of money or do any act which requires the payment of money by reason of the failure, neglect, or refusal of the Landlord to perform such covenant or term after written notice by the Tenant, the sum or sums of the money so paid by the Tenant shall be considered as rental and shall be deducted by the Tenant from the rent on the first of the month next succeeding such payment.

25. WAIVER

No covenant, term, or condition of this Lease shall be waived except by written waiver of the Landlord, and the forbearance or indulgence by the Landlord in any regard whatsoever shall not constitute a waiver of the covenant, term, or condition to be performed by the Tenant to which the same shall apply, and until complete performance by it of such covenant, term, or condition, the Landlord shall be entitled to invoke any remedy available under this Lease or by law despite such forbearance or indulgence. The waiver by the Landlord of any breach or term, covenant, or condition hereof shall apply to, and be limited to, the specific instance involved, and shall not be deemed to apply to any other instance or to any subsequent breach of the same or any other term, covenant, or condition hereof.

26. SUCCESSORS IN INTEREST

The covenants herein contained shall, subject to the provisions as to assignment, subletting, and sale of Leased Premises, apply to and bind the heirs, successors, executors, administrators, and assigns of all the parties hereto; and all of the parties shall be jointly and severally liable hereunder.

27. PARTIAL INVALIDITY

If any term, covenant, condition, or provision of this Lease is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired, or invalidated thereby.

28. TIME

Time is of the essence with regard to performance of any obligations under this Lease.

29. EMINENT DOMAIN

A. If the whole of the Leased Premises shall be acquired or condemned by eminent domain for any public or quasi-public use or purpose, then the term of this Lease shall cease and terminate as of the date of title vesting in such proceeding, and all rentals shall be paid up to that date, and the Tenant shall have no claim against the Landlord for the value of any unexpired term of this Lease.

B. If any part of the Leased Premises shall be acquired or condemned by eminent domain or public or quasi-public use or purpose, and in the event that such partial taking or condemnation shall render the Leased Premises unsuitable for the business of the Tenant, which shall be at the Tenant's reasonable discretion, then the term of this Lease shall cease and terminate as of the date of title vesting in such proceeding and the Tenant shall have no claim against the Landlord for the value of any unexpired term of this Lease. In the event the Tenant determines the Leased Premises are not suitable, then it shall be relieved from further obligation of this Lease.

C. In the event of any condemnation or taking as hereinbefore provided, whether whole or partial, the Landlord and Tenant shall each be entitled to receive and retain such separate awards and portions of lump sum awards as may be allocated to its respective interests in any condemnation proceeding.

D. Nothing herein shall be construed to preclude the Tenant from prosecuting any claim directly against the condemning authority in such condemnation proceedings for loss of business or depreciation to, damage to, or cost of removal of, or for value of stock, trade fixtures, furniture, or other personal property belonging to the Tenant.

30. FLOODING

Landlord agrees that it will make reasonable efforts to allow access to the leased premises during periods of flooding. Landlord and Tenant agree that each shall cooperate with emergency service utility company personnel or flood control personnel in the event of a flood. If events require the tenant to move out of occupancy because of flooding, the rent shall be abated for those -days that tenancy is not possible.

31. MISCELLANEOUS

A. The Tenant shall be responsible to pay for Tenant's proportionate share of the Real Estate Taxes of the Leased Premises and any personal property taxes assessed on the equipment or fixtures owned by the Tenant. Tenant is solely responsible to keep itself informed of the assessment and collection of taxes.

B. The Landlord shall be responsible and pay for all snow removal, exterior landscaping, and all other exterior maintenance of the building and public areas surrounding the Leased premises. Tenant shall remove snow from the wooden deck on the south side of the building. The Tenant shall be responsible, however, for the interior and exterior window cleaning of the Leased Premises.

C. The Tenant is hereby provided the exclusive use of the space agreed to at the Union Station Package Express building, and accepts it as is, where is condition. The Landlord will replace the south façade patio deck and will remove the drop ceiling in the large, west portion of the space.

D. The Tenant is responsible for obtaining and renewing all licenses and permits necessary for its operation. The Tenant shall comply with all Federal, State, or local rules and regulations applicable to its operation.

32. GENERAL

Except as herein otherwise provided, no subsequent alteration, amendment, change, or addition to this Lease shall be binding upon the Landlord or Tenant unless reduced to writing and signed by both parties.

C. If the Landlord or Tenant herein shall be more than one party, then the obligations of such party or parties shall be joint and several.
