**Action / Date**  
**1/16/2019**

Subject:  
Public Hearing on the proposed conveyance of a vacant lot at the northwest corner of 5th and Brady Streets to VZ Properties, LLC (Mark VanZuiden, petitioner). [Ward 3]

Recommendation:  
Hold the Public Hearing.

Background:  
This parcel (G0055-16) originally had a building on it which fell into decline and was demolished around 2009. The City acquired the property from the County when the property went through a tax sale in 2012.

In general, the intent was to temporarily prevent it from becoming a nuisance property at the gateway from the Downtown into the Hilltop Campus Village on a primary arterial.

The petitioner recently acquired the adjacent building to the north and is in the process of renovating for upper story residential and leasing the former restaurant space to a new restaurant tenant. The petitioner would like to acquire the vacant lot and improve the space (see attached concept plan) for an outdoor serving area for the new restaurant. The concept design was approved by the Design Review Board in November.

Notice of this Public Hearing was published per State Code requirements.

## Design District:

- ☐ Downtown Design Overlay District
- ☒ Hilltop Campus Village Overlay District
- ☐ Historic Shopping District
- ☐ Residential Infill Design Overlay District

**Not sure which district you are in?** You can click [here](#) for a map of the districts or you can contact Community Planning and Economic Development staff at (563) 326-7765 or [planning@ci.davenport.ia.us](mailto:planning@ci.davenport.ia.us) and we can help you.

## When is a certificate of design approval required?

Prior to the commencement of the work.

## What type of activity requires the approval of a certificate of design approval?

### Downtown Design Overlay District:

- The construction of a building, structure, improvement or sign and which affects the exterior appearance
- Any substantial external appearance changes not requiring a building permit where changes are visible from the public right-of-way.
- Encroachments into and over the public right-of-way.
- The demolition of structures.

### Hilltop Campus Village Overlay District

- Alteration or the construction of a new building, structure, parking lot or fence.

### Historic Shopping District

- Alteration or the construction of a new building, structure, parking lot or fence.

### Residential Infill Design Overlay District

- Any new dwelling or an addition to a dwelling which is visible from a street and exceeds twenty-five percent of the square footage of the original structure and is located within the R-1, R-2, R-3, R-4, R-5, R-5M and R-6M zoning districts (generally south of Duck Creek).

## Submittal requirements

- Please contact Community Planning and Economic Development staff at (563) 326-7765 or [planning@ci.davenport.ia.us](mailto:planning@ci.davenport.ia.us) so we can help you determine what exactly is required to be submitted.
- Incomplete applications will not be accepted.

### Submittal requirements for all types of requests:

- The following items should be submitted to [planning@ci.davenport.ia.us](mailto:planning@ci.davenport.ia.us) for review:
- The completed application form.
- A work plan that accurately and completely describes the work to be done.
- Color photographs depicting the building elevations and proposed construction.

Submittal requirements for specific types of requests:

Minor alterations to existing buildings and new and replacement signs (all of the above and):

- Specifications, including dimensions, material used and color of the material.
- A rendering of the proposed alteration as depicted on the existing building.
- Samples of the materials, including the color, along with scaled, accurately colored elevations for any proposed sign and/or sign package.

Minor additions, site improvements and outdoor storage areas (all of the above and):

- A dimensioned site plan, including the locations of any proposed or existing buildings on the subject parcel and on surrounding parcels.
- A preliminary grading plan showing before and after grades at two-foot contour intervals, where deemed necessary by the development official.
- Outdoor storage areas shall be reflected in the elevation drawings submitted and shall show their relationship to the building elevations as well as the materials and treatment proposed that would accurately reflect the screening of the storage areas.
- A landscape plan.

Major additions and new buildings (all of the above and):

- Reproductions of building or site information found in the historical surveys if applicable
- A verifiable legal description, or a land survey.
- A map showing the existing topography of other properties at two-foot contour intervals, extending one hundred feet from the subject parcel.
- Elevation drawings, in color and drawn to scale, of the front, sides, rear, and roof lines of all proposed buildings or structures, illustrating the appearance and treatment of required screening elements for roof-mounted equipment, where deemed necessary by the development official.
- A materials board containing samples of each type of exterior building materials.

**Formal Procedure**

(1) Application:

- Prior to submission of the application, the applicant shall correspond with Planning staff to discuss the request, potential alternatives and the process.
- The submission of the application does not constitute official acceptance by the City of Davenport. Planning staff will review the application for completeness and notify the applicant that the application has been accepted or additional information is required. Inaccurate or incomplete applications may result in delay of required public hearings.

(2) Design Review Board consideration of the request:

- Only work described in the application may be approved by the Board.
- The Board may continue the Certificate of Design approval until its next meeting, if it determines there is insufficient information to make a proper judgment on the proposed activity. The Board shall not continue any request more than three regularly scheduled consecutive meetings unless the applicant requests additional continuances. If the continuances are based on the applicant's failure to provide required information, the board may make a decision on the information available, or it may return the application to the party submitting it for future resubmission. Notwithstanding the provisions described above and provided the application submitted is complete, the request shall be considered approved if the board should fail to take action within sixty days of the complete application having been submitted.
- The owner(s) of record may appeal the board's decision to the city council by filing a written appeal with the city clerk's office within thirty calendar days of the official notification of determination.

## ***Work Plan***

Please describe the work being performed. Please note that only work described in the application may be approved by the Board.

I recently purchased the property at 508 - 512 Brady Street. I also own the property at 514 Brady Street. These buildings all share common walls. My plan for the 508 - 512 building is to completely remodel all 3 floors. The first floor will house a restaurant and the second and third floors will contain eight - one bedroom apartments. I am currently in discussions with The City of Davenport to acquire a small vacant lot that butts up to 508 Brady. If I am successful in obtaining the property my plan is to add a large outdoor space that would be accessible from the interior of the restaurant through the south side of the building. I have been told that before I present my offer to the city council that I should have my proposed project approved by The Design Review Committee. That is the reason for my application.

I plan on presenting my plan at your November meeting. Please review my plan and contact me with any questions. Thank you for your consideration

### **Work Plan:**

I plan on attaching a 1,512 square foot elevated patio that is attached to the South side of the building. The patio measures 42 feet wide and 36 feet long. The area will be accessible through the restaurant via two large doors that will be added to the South side of 508 Brady. The frame of the patio will be built out of pressure treated lumber with the floor and sides being covered with composite decking. The pressure treated frame will not be visible when viewed. The rails will consist of glass panels to allow a complete viewing area. The entire property will be enclosed by a 5 foot decorative black metal fence. The property that is not covered by the patio will be completely landscaped with zero maintenance materials so it always has a neat and clean appearance.

I have attached an artists rendering of the proposed project. I look forward to presenting this material to you at your next meeting.

Applicant:

Date:

By typing your name, you acknowledge and agree to the aforementioned submittal requirements and formal procedure and that you must be present at scheduled meetings.

Date of the Public Meeting:

Meetings are held in City Hall Council Chambers located at 226 West 4<sup>th</sup> Street, Davenport, Iowa.

OFFER TO PURCHASE REAL ESTATE  
**THIS IS A LEGALLY BINDING CONTRACT**

Date 12/6/2018

To City of Davenport, (Seller):

The undersigned VZ Properties LLC, (Purchaser), hereby offers to purchase for the total sum of \$400.00, or other valuable consideration a portion of the real estate located at the northwest corner of Brady and East 5<sup>th</sup> Street, more particularly described as

The south 56½' of Lot 5, Block 48, of LeClaire's 2<sup>nd</sup> Addition to the City of Davenport, County of Scott. Otherwise known as Parcel G0055-16,

upon the following terms and conditions:

1. Seller shall furnish to Purchaser a Quit Claim Deed in conformity with this agreement, land title law of the State of Iowa, and in accord with the title standards of the Iowa and Scott County Bar Associations; Seller makes no representation/certification regarding condition, quality of land.
2. All real estate taxes shall be paid or prorated between Purchaser and Seller to the date of closing in accordance with standards adopted by the Scott County Bar Association.
3. The Purchaser or his/her authorized agent shall be permitted to make an inspection of the property prior to closing.
4. Approval of this agreement is contingent upon passage by the City Council. A public hearing is also required by Iowa Code. It is understood that the soonest these actions can be completed is by late January. As such, upon acceptance by City Council, transfer (closing) is requested to occur no later than Feb. 28.
5. If Seller herein fails to fulfill this proposal after the same has been accepted by Seller, Seller shall pay Purchaser any expenses incurred by Purchaser because of Seller's failure to perform.
6. Similarly, if Purchaser herein fails to fulfill this proposal after the same has been accepted by Seller, Purchaser shall pay Seller any expenses incurred by Seller because of Purchaser's failure to perform.

Public Hearing on the plans, specifications, form of contract and estimated cost for the Alley Resurfacing Project between LeClaire St and Farnam St from Garfield St to Columbia Ave, included in the Alley Resurfacing Program CIP #35038. [Ward 5]

**Recommendation:**

Hold the Hearing.

**Background:**

This project will resurface the alley between LeClaire St and Farnam St from Garfield St to Columbia Ave. A portion of the cost will be assessed to the abutting property owners as previously established by Council in conjunction with the FY 2017 Alley Resurfacing Program Part 2.

Construction is expected to begin this year. Depending upon weather the final surface may be completed in the spring of 2019. Funding is available through CIP #35038. The estimated project cost is \$30,000.

# Proclamation

- Whereas** the United States was founded upon the principle that all people are created with the unalienable right to freedom, and added the 13<sup>th</sup> Amendment to the Constitution making slavery illegal; and
- Whereas** human trafficking is modern-day slavery, claiming millions of victims worldwide, and found in the United States most often in the form of sexual exploitation, forced labor, involuntary servitude, and debt bondage; and
- Whereas** this horrific crime, which denies human dignity and freedom, and fuels organized crime, exists in every city; and
- Whereas** even though awareness of this crime is growing, human trafficking continues to go unreported due to its isolating nature, the misunderstanding of its definition, and the lack of awareness about its indicators; and
- Whereas** increased community education on how to identify victims of human trafficking along with increased knowledge of local resources and services for those affected by these criminal actions can help restore freedom and dignity to identified survivors, as well as help diminish the number of future victims; and
- Whereas** fighting human trafficking is a shared responsibility, the efforts by our local community to promote the yearly observance of “Human Trafficking Awareness Month” in January enacts one of the examples of the continuous commitment in the United States and the state of Iowa to increase awareness of and to actively eradicate human trafficking; and
- Whereas** the City of Davenport joins Braking Traffik, a program of Family Resources, in their dedication to providing community outreach and education, legislative advocacy, and comprehensive services to survivors of human trafficking.
- Now therefore** We, Frank Klipsch, Mayor and the City Council of Davenport, Iowa, do hereby proclaim January 2019 as

## **HUMAN TRAFFICKING AWARENESS MONTH**

and do urge all citizens to join in this observance.

Dated this 16<sup>th</sup> day of January 2019.

Subject:

Third Consideration: Ordinance for Case LL18-01 being the nomination of the Davenport Public Library – Edward Durell Stone Building located at 321 Main Street for designation as a Local Historic Landmark. Davenport Public Library, petitioner. [Ward 3]

Recommendation:  
Adopt the Ordinance.

Background:

The Davenport Public Library was dedicated in 1968. It was designed by Edward Durell Stone and embodies the Modern Movement architectural style.

Edward Durell Stone was born in 1902 in Fayetteville, Arkansas and attended the University of Arkansas from 1920-23. He went to Boston, Massachusetts where his brother was an architect and studied architecture at the Massachusetts Institute of Technology. He left MIT in 1927 before finishing his degree when he won a traveling scholarship that allowed him to visit the avant-garde modernist architecture of Europe.

The United States Embassy in New Delhi, designed in 1954, is considered the signature work that cemented his reputation as an architect of the Modern Movement. The Davenport Public Library is only remaining building designed by Stone in Iowa.

The Davenport City Code provides the following for the nomination of a property:

Findings:

1. The property achieves consistency with Section 17.23.060.3 - embodies a distinctive architectural style and Section 17.23.060.B.3 - work of an architect or possesses high artistic values.

The Historic Preservation Commission considered the request at its November 14, 2018 public hearing and voted to accept the listed findings and forward Case LL18-01 to the City Council with a recommendation for approval.

The vote for approval was 6-0.

ORDINANCE NO. 2019-

ORDINANCE for Case LL18-01 being the nomination of the Davenport Public Library – Edward Durell Stone Building at located at 321 Main Street for designation as a Local Historic Landmark. Davenport Public Library, petitioner. [Ward 3]

WHEREAS, the City of Davenport is one of the oldest Cities in Iowa, and contains many structures of architectural importance; and

WHEREAS, the Local Landmark designation will help document and recognize the individual historical and architectural significance of the property.

NOW, BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

Section 1. The following described unit of Scott County, Iowa real estate known as the Davenport Public Library – Edward Durell Stone Building located at 321 Main Street is hereby granted designation as a Local Historic Landmark. The property has the following legal description:

Part of the Northeast Quarter of Section 35, Township 78 North, Range 3 East of the 5th P.M., situated in the City of Davenport, Scott County, Iowa being more particularly described as follows: West 39.7 feet of Lot 8 and all of Lots 9 and 10, Block 45, LeClaire's Addition. Containing .58 acres, more or less.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

EFFECTIVE DATE. This ordinance shall be in full force and effective after its final passage and publication as by law provided.

#### ***The Petitioner shall submit the following information:***

- (1) Four 4" x 6" photographs showing all elevations (These will become part of the Commission's permanent file and cannot be returned.)
- (2) Any historical photographs, if available. (Clear photocopies of the photographs are acceptable at the time of application as long as petitioner brings reprints and/or slides of historical photographs to the meeting for HPC review. These will be returned after consideration of the nomination is complete.)
- (3) Physical Description of the Property: (Applicant may use as many continuation sheets as necessary)

Date of Construction: 1967 (completed Oct 1968) Architectural Style: New Formalist

Building Materials: Foundation: concrete Walls: precast concrete block

Roof: EPDM Other: \_\_\_\_\_

Distinctive Features: slitted overhang ; central floating staircase; grid lighting in ceiling

Alterations: no permanent alterations. railing added to front porch c ,1990. exterior lighting no longer functional

- (4) A narrative describing why the property satisfies the "Designation Criteria" listed in Section 17.23.060(2) of the 1990 Municipal Code. Please describe both the property's present and historic physical appearance as it relates to the definitions of Architectural and Historical significance in contained in Section 17.23.030<sup>1</sup>.

The "Designation Criteria" are defined in the 1990 Municipal Code as follows:

Designation Criteria: Section 17.23.060(2). The Commission shall, after such investigation as it deems necessary, make a recommendation to the City Council as to whether a nominated structure or district qualifies for the Local Register. To qualify, a property must satisfy one or more of the following criteria:

- (A) It is associated with events or persons that have made a significant contribution to the broad patterns of history of the city, county, state and/or nation; and/or
- (B) It embodies the distinctive characteristics of an architectural style valuable for the study of a type, period or method of construction; and/or
- (C) It represents the work of a master builder, craftsman, architect, engineer or landscape architect or possesses high artistic, values.

- (5) A list of major bibliographical references.  
see attached

"I, petitioner for the nomination of the aforementioned property to the Davenport Register of Historic Properties, do hereby state that all the information contained herein is, to the best of my knowledge, accurate and that there are no negligent or fraudulent misrepresentations of fact. I also understand that fraudulent misrepresentations of fact contained in this nomination form shall be sufficient cause to immediately nullify the nomination process.

### **Physical Description of Property:**

The Main Library building is located on the northeast corner of Main and 4<sup>th</sup> Streets and was dedicated Oct 6, 1968. Designed by noted architect Edward Durell Stone, it is an important example of Mid-Century Modern architecture in Davenport. The architecture is quite similar to the Kennedy Center in Washington, DC which was also designed by Stone. The building is constructed of poured concrete and white, pre-cast concrete block. Columns in the building also serve for air-handling through vents in the top of the columns.

Total square footage of the building is 63,000 sq.ft. Of this total, 53,000 sq.ft are the “new” part of the library building. The remainder is the Children’s addition that was opened in 1963. The Children’s addition is at the back (East side) of the building. Entrance to that portion of the building is through double doors that are in a direct line east from the front doors. Both structures are encased in the same architectural block making it virtually impossible to tell from the exterior that the library is actually two buildings.

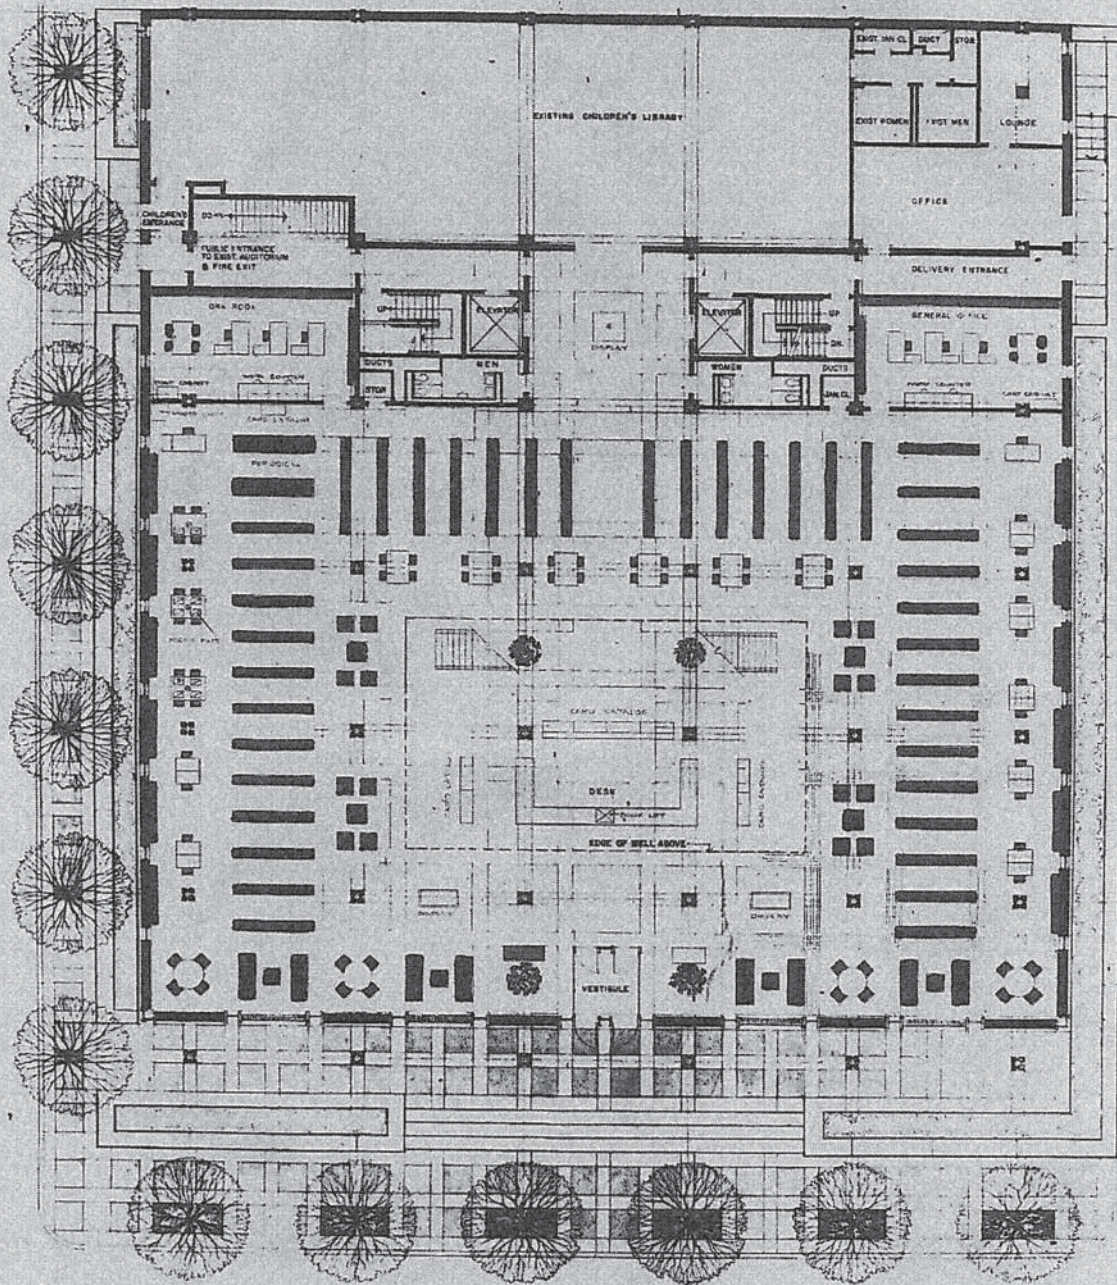

The entrance to the Library is characterized by 6 columns supporting a wide, slitted overhang creating the library’s front porch. The front of the building has tall glass windows that provide visibility to the interior architectural features of tall columns and a ceiling with lighting in a geometric grid. The grid ceiling is in squares that are also reflected in the architectural block that is on the exterior and interior walls of the building. The effect of the grid lighting is especially visible at night. There have been no changes to the front entrance of the building since 1968 other than the installation of banners on the front columns and installation of a wrought-iron railing to prevent skate-board use.

The north and south elevations of the building feature the same architectural block, a roof overhang and floor to ceiling windows. The east elevation has no windows, but the same overhang dimensions as the north and south elevations and is covered in the same exterior block.

The interior of the Library retains many original features. One of the most important is the open, floating, terrazzo staircase to the second floor mezzanine. The railing around the opening from the mezzanine to the first floor is also original. The original open floor plan is largely unchanged as well. The exception is the room constructed at the front of the library around 2010 to house automated materials handling equipment. To not impair the view of the ceiling lighting from the exterior, the room was constructed of a glass curtain wall that echoes the exterior windows and is installed around the ceiling grid. Current renovation plans for the building call for the removal of this room.

The floor plan shows the existing children’s library that was opened in 1963. The corridor that runs the width of the building from 4<sup>th</sup> street to the alley is where the two buildings meet.

### **Statement on Designation Criteria:**

The Davenport Public Library Main Library, dedicated in October of 1968, meets Designation Criteria B for its embodiment of the Modern Movement architectural style and Designation Criteria C as it represents the work of architect Edward Durell Stone.

In the mid-1960's, Downtown Davenport experienced significant urban renewal. New construction projects included the Davenport YMCA, the Lee Building, the Clayton Motel Hotel, the Priester Construction Company Building (on the National Register) and the First Federal Saving and Loan Association Building (on the Davenport Register of Historic Properties). These projects all embraced the Modern Movement design, which was widely accepted nationwide as the standard for urban construction.

Edward Durell Stone was born in 1902 in Fayetteville, AR and attended the University of Arkansas from 1920-23. He then went to Boston, MA where his brother was an architect and studied architecture at Massachusetts Institute of Technology. He left MIT in 1927 before finishing his degree when he won a travelling scholarship that allowed him to visit the avant-garde modernist architecture of Europe.

Stone first gained a reputation designing International Style homes. The United States Embassy in New Delhi, India, designed in 1954, is considered the signature work that cemented his reputation as an architect of the Modern Movement. At the time the Embassy was built, the design was a radical change from mainstream modern architecture, and was a strong influence on a style that came to be known as New Formalism. With subsequent design of the Stanford University Medical Center in Palo Alto, CA; Stuart Pharmaceutical Company in Pasadena, CA and the United States Pavilion at the 1958 Brussels World's Fair, Stone established himself as a leading formalist.

Buildings designed in the New Formalist style exhibit many classical elements including strict symmetrical elevations, building proportion and scale, classical columns, highly stylized entablatures and colonnades. Buildings in this style are often set on a podium. Stone's New Delhi Embassy is considered the symbolic start of New Formalism.

The Davenport Public Library includes many of the features that Stone himself saw as most important to his designs. In his book, *Recent & Future Architecture*, Stone indicates "I rely heavily on the contrast of multi-storied central areas with smaller elements groups around the periphery". He also lauds the idea of corridor-free buildings. These two elements are very much part of the Library design: the open design with the open staircase to the second floor mezzanine and the very minimal corridors in the building.

In the same volume, Stone also shares his thoughts on the building materials he used in his designs: "Architecture is a grimly serious business. It should be timeless and convey by its very fiber the assurance of permanence; stone, bricks and concrete all have this characteristic." Materials used in the Main library – precast and poured concrete – certainly follow this recommendation.

A list of projects by Stone based on his archives held by the University of Arkansas does not indicate any projects in Iowa other than the Davenport Public Library. That said, the Voxman Music Building on the University of Iowa Campus was designed by Stone. It was razed due to damage incurred from the 2008 flood.

While the Kennedy Center for the Performing Arts in Washington, DC is the building that most Stone aficionados view as being most similar in appearance to the Davenport Public Library, a number of other Stone designs have similar features, among them the Stuhr Museum of the Prairie Pioneer near Grand Island, NE.

Edward Durell Stone designed a small number of public libraries during his career. The Stone archives project database lists 6 library projects. The Rinconada library in Palo Alto, CA was designed in 1958 early in Stone's career and does not have many of the New Formalism features of his later works. The Undergraduate Library at the University of South Carolina opened in 1963. Its design shares similar features to the Davenport Public Library, including the use of exterior columns supporting a slitted overhang and open floor plan.

The Davenport Public Library building epitomizes the architectural style of New Formalism and was designed by one of the most celebrated architects who designed in this style.

 Subject Property

**17.23.060 Commission designation process.**

A. Application process. The legal owner(s) of record or the commission, may nominate a single structure for designation as a local landmark or an area as a historic district. Upon application, the commission secretary shall inform the applicant of the information needed by the commission to adequately consider the nomination.

To nominate a district for designation by the legal owners of record, a petition requesting nomination must be signed and submitted by the owners of record representing at least fifty-one percent of the total area of the proposed district, excluding public rights-of-way. After the names on the petition are verified as legal real property owners within the proposed district, the commission secretary shall notify the applicant(s) that the nomination process may continue. A copy of the petition shall also be submitted to the State Historical Society of Iowa for its review and recommendation.

B. Designation criteria. The commission shall, after such investigation as it deems necessary, make a recommendation to the city council as to whether a nominated structure or district qualifies for the local register. To qualify, a property must satisfy one or more of the following criteria:

1. It is associated with events or persons that have made a significant contribution to the broad patterns of the history of the city, county, state and/or the nation; and/or
2. It embodies the distinctive characteristics of an architectural style valuable for the study of a type, period or method of construction; and/or
3. It represents the work of a master builder, craftsman, architect, engineer or landscape architect or possesses high artistic values.

C. Notification of nomination. Upon receipt of a properly completed application for designation, the commission shall place the nomination on the agenda within sixty calendar days. A notice shall be placed in a newspaper of general circulation not less than four nor more than twenty calendar days prior to the scheduled meeting stating the commission's intent to consider an application for designation. It shall contain, at the minimum, the nominated property's address, legal description and the date, time and location of the public meeting. If a district is nominated, in addition to the published public notice, a letter explaining the proposed designation shall be sent by regular mail to the owner(s) of record of real property within the proposed historic district. The commission's meeting agenda shall also be posted on the first floor city hall bulletin board used for such purposes no less than one business day prior to the scheduled time of the meeting.

D. Designation - public meeting. Upon submittal of a complete application, the commission shall conduct a public meeting to consider the designation of the nominated structure and/or district. Any interested person, group of persons or organization may submit oral and/or written testimony concerning the significance of the nominated property. The commission may also consider staff reports, and request and/or hear expert testimony.

E. Burden of documentation. The nominator(s) shall have the burden of proof to provide sufficient evidence and documentation that the nominated structure and/or district is worthy of local landmark status.

F. Recommendation by the commission. To recommend the designation of local landmarks or historic districts, the commission must pass by a simple majority vote of the members present, a vote in the affirmative. In the case of a proposed historic district, when owners of more than thirty-three and one-third percent of the proposed district's area, excluding public rights-of-way and other publicly-owned property, state their disapproval in writing on an owner comment on designation form before or during the commission's first public meeting conducted to formally consider the nomination, a super-majority vote of three-fourths of the commission members present shall be required to recommend designation as a local historic district.

The commission's recommendation for approval of the designation shall be forwarded to the city council for final review and consideration. If the commission determines that the nominated property does not satisfy the criteria for designation, the nomination process shall cease. However, a property denied designation as part of a proposed historic district may seek individual local landmark status at any time following the commission's or city council's first denial. An individual structure denied designation as a local landmark may be considered for the Local Register as part of a nominated historic district at any time following its initial denial.

G. Documentation of recommendation. All commission recommendations shall be adopted by vote in a public meeting and shall be accompanied by a report stating the following information:

1. A map showing the location of the nominated structure and/or the boundaries of the proposed district; and
2. An explanation of the architectural and/or historical significance of the nominated structure and/or district as it relates to the designation criteria listed in Section 17.23.060B; and
3. An inventory of the significant exterior architectural features and property improvements that should be protected from inappropriate alterations; and
4. In the case of a designated district, a brief statement of the architectural and/or historical significance and character unique to the neighborhood that should be preserved for future generations. This statement may include design guidelines for new construction or infill development, signage, parking regulations and streetscape design or any other development issues affecting the physical appearance and use of the district.

H. Interim permit process. No building, sign or demolition permit for exterior work shall be issued for the alteration, construction, reconstruction, relocation or demolition of a nominated local landmark or for a property located within a nominated historic district from the date of filing an application for nomination with the commission until final disposition of said nomination by the commission and/or city council. The commission shall, however, establish and exercise procedures allowing for the review and approval of emergency repairs during this process. In no event shall this limitation on permits apply for more than one hundred twenty calendar days without permission of the owner(s) of record of the property.

I. Nonapplicability. This section nor this chapter is in no way intended to and shall not prevent the demolition of a structure or object that the city housing, building, fire or legal department or the city council had identified as being an immediate threat to the life, health and safety of the general public pursuant to the Uniform Housing Code, is a fire hazard pursuant to Uniform Fire Code or is a nuisance under state or city law.

This section or this chapter shall have no effect on and shall not prevent demolition of any building already documented as being in substantial violation of the city's building, fire and/or housing codes before the date this chapter is adopted. (Ord. 99-562 §§ 2, 3; Ord. 97-318 §§ 1, 2; Ord. 95-453 § 2; Ord. 91-737 § 1 (part)).

**17.23.070 Designation by city council.**

A. Action by city council. The city council may vote to approve with modifications or deny the ordinance for a proposed landmark or historic district designation. If the city council denies local landmark status for the property and/or district, the same nominated

property(s) may not be reconsidered by the commission for designation during the twenty-four month period following the date of denial by the city council, except pursuant to the exceptions stated in Section 17.23.060G.

B. Notification of decision. The commission secretary shall notify the nominator(s) by regular mail, of the city council's determination. The notification letter shall be postmarked no later than fifteen business days after the date of the city council's ruling on said designation.

If the property is designated, the commission shall pay for and cause said designation to be recorded on the property's chain of title by the Scott County, Iowa Recorder of Deeds.

C. Amendments or rescissions. The designation of any landmark or historic district may be amended or rescinded through the same procedure utilized for the original designation. (Ord. 99-562 § 4; Ord. 91-737 § 1 (part)).

Subject:

Second Consideration: Ordinance for Case REZ18-16: Request of Rob Davis with Bush Construction to rezone 5.93 acres, more or less, of property located north of East 58th Street and east of Utica Ridge Road from C-O, Office-Shop District to R-5M, Medium Density Residential District. [Ward 6]

Recommendation:

Adopt the Ordinance.

Background:

Request is to allow a building greater than the 25 feet tall currently allowed in the Code. Owner envisions a four story building consisting of apartments arranged in a co-op style of ownership.

The R-5M District allows buildings of up to 90 feet in height.

As of this writing the number of units or the exact height of the building(s) is unknown. Four story apartment buildings typically have heights of 48 to 60 feet.

It is likely that a final vote by the Council on this proposal will occur following adoption of the new code. It is expected that, if this rezoning effort is successful, the property would be zoned R-MF. This district contains a draft height limitation of 70 feet.

Technical Review:

No negative comments have been received. The City Traffic Engineer believes that the existing street network can accommodate traffic generated on the site.

Public Input:

A neighborhood meeting was held on Thursday, November 8, 2018 at 5:00 pm at Harvest Bible Church. Approximately 40 people attended. Concerns raised included traffic, parking, noise, lighting and storm water management.

At the public hearing at the Plan and Zoning Commission, approximately four people expressed their opposition to the rezoning.

Several people have submitted written protests and objections to the proposal; they are attached.

The protest rate is 5.2%.

Discussion:

As previously stated, the only reason the rezoning is being requested is to accommodate a taller building on this property. In staff's opinion, building height should not on its own determine land use compatibility. Other factors, such as activity, land use, noise and other environmental impacts have more potential damage to surrounding areas.

This property is generally located on an edge and is adjacent to an arterial street. In locations such as this, staff is inclined to support higher density with contributes to higher efficiency in the delivery of City services, provided surrounding neighborhoods are protected.

Allowing the greater height on this property may reduce the footprint of any development and increase overall open space.

In this location, staff would be unlikely to support a rezoning to a higher intensity commercial district such as C-2. In terms of neighborhood impact, staff believes there are not significant differences between the existing C-O and proposed R-5M.

Finally, the City encourages development of a variety of housing types to serve its diverse population. Co-ops are allowed in R-5M

#### Plan and Zoning Commission Recommendation

At its December 4, 2018 meeting, the Plan and Zoning Commission forwarded this case to the City Council for approval, with the following findings and conditions:

#### Findings:

1. The rezoning request is consistent with the Comprehensive Plan for the following reasons:
  - a. The property is located along an edge of an area designated RG - Residential General.
  - b. The property is located adjacent to an arterial street, where higher density development is appropriate.
  - c. Traffic generation from this property will not burden the local street network.
2. Rezoning to multifamily will increase housing variety and choice within the vicinity and City in general.

Condition: That the property be zoned R-MF, Residential, Multifamily District, upon adoption of the new code.

ORDINANCE NO.

ORDINANCE for Case REZ18-16 being the request of Rob Davis of Bush Construction to rezone 5.93 acres, more or less, of property located north of East 58<sup>th</sup> Street and east of Utica Ridge Road from C-O, Office Shop District to R-5M, Medium Density Dwelling District. [Ward 6]

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

Section 1. The following described unit of Scott County, Iowa real estate is hereby rezoned to "C-O" Office Shop District.

Lot 3 of Crow Valley Plaza Tenth Addition, City of Davenport, Iowa.

Section 2. That the following findings and conditions are hereby imposed upon said rezoning:

Findings:

1. The rezoning request is consistent with the Comprehensive Plan for the following reasons:
  - a. The property is located along an edge of an area designated RG - Residential General.
  - b. The property is located adjacent to an arterial street, where higher density development is appropriate.
  - c. Traffic generation from this property will not burden the local street network.
2. Rezoning to multifamily will increase housing variety and choice within the vicinity and City in general.

Condition:

That the property be zoned R-MF, Residential, Multifamily District, upon adoption of the new code.

Section 3. At its December 4, 2018 meeting, the Plan and Zoning Commission voted to forward the case to the City Council with a recommendation to approve.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

EFFECTIVE DATE. This ordinance shall be in full force and effective after its final passage and publication as by law provided.

**\*\*If the applicant is different from the property owner, please submit an authorization form or an accepted contract for purchase.**

**Request:**Existing Zoning: Proposed Zoning Map Amendment: Total Land Area:  Does the Property Contain a Drainage Way or is it Located in a Floodplain Area: ☐ Yes ☒ No**Submittal Requirements:**

- The following items should be submitted to [Planning@ci.davenport.ia.us](mailto:Planning@ci.davenport.ia.us) for review:
- The completed application form.
- Recorded warranty deed or accepted contract for purchase.
- Authorization form, if applicable. If the property is owned by a business entity, please provide Articles of Incorporation.
- A legal description of the request if not easily described on the deed or contract for purchase.
- Required fee:
  - Zoning Map Amendment is less than 1 acre - \$400.
  - Zoning Map Amendment is one acre but less than 10 acres - \$750 plus \$25/acre.
  - Zoning Map Amendment is 10 acres or more - \$1,000 plus \$25/acre.
  - \$5.00 per sign; more than one sign may be required depending upon the area of the request.

**Formal Procedure:**

## (1) Application:

- Prior to submission of the application, the applicant shall correspond with Planning staff to discuss the request, potential alternatives and the process.
- The submission of the application does not constitute official acceptance by the City of Davenport. Planning staff will review the application for completeness and notify the applicant that the application has been accepted or additional information is required. Inaccurate or incomplete applications may result in delay of required public hearings.

## (2) Public Notice for the Plan and Zoning Commission public hearing:

- After submitting the application the applicant shall post notification sign(s) supplied by the City on property at least two weeks prior to the public hearing. A minimum of one sign shall be required to face each public street if the property has frontage on that street. It is Planning staff's discretion to require the posting of additional signs. The purpose of the notification sign(s) is to make the public aware of the request. Failure to post signs as required may result in a delay of the request.
- The applicant shall hold a neighborhood meeting as per the attached meeting guidelines.
- Planning staff will send a public hearing notice to surrounding property owners.

## (3) Plan and Zoning Commission's consideration of the request:

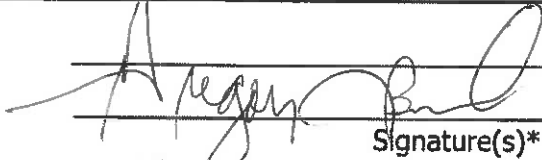

- Planning staff will perform a technical review of the request and present its findings and recommendation to the Plan and Zoning Commission.
- The Plan and Zoning Commission will hold a public hearing on the request. Subsequently, the Plan and Zoning Commission will vote to provide its recommendation to the City Council. The Plan and Zoning Commission's recommendation is forwarded to the City Council.

## (4) City Council's consideration of the request:

- Planning staff will send a public hearing notice to surrounding property owners.
- The Committee of the Whole (COW) will hold a public hearing on the request. Subsequently, the City Council will vote on the request. For a zoning map amendment to be approved three readings of the Ordinance are required; one reading at each Council Meeting. In order for the Ordinance to be valid it must be published. This generally occurs prior to the next City Council meeting.

## Authorization to Act as Applicant

I, Greg Bush, McCarthy Bush Corporation  
authorize Rob Davis, Bush Construction Company, Inc.  
to act as applicant, representing me/us before the Plan and Zoning Commission and City Council for the  
property located at Lot 3 of Crow Valley Plaza Tenth Addition.

PUBLIC HEARING  
DAVENPORT PLAN AND ZONING COMMISSION  
MONDAY, NOVEMBER 19, 2018, 5:00 PM  
CITY HALL COUNCIL CHAMBERS 226 WEST FOURTH STREET  
DAVENPORT, IOWA 52801**

Please be aware of possible zoning changes that may impact your property or neighborhood.

Case No. REZ18-16: Request by Rob Davis, Bush Construction, to rezone 5.93 acres, more or less, of property located at northeast of the intersection of E. 58<sup>th</sup> Street and Utica Ridge Road from C-O Office Shop District to R-5M, Medium Density Dwelling District [Ward 6] (See map of the affected property on reverse side of this notice).

A public hearing will be held on the matter by the Plan and Zoning Commission at the location, date and time listed above. At the public hearing, the Commission will hear comments for and against the proposal, and field questions. As a property owner within 200 feet of the proposed rezoning, you have the opportunity to formally protest the action. To do so, please fill out and return the form below. You may send an email or letter to the Community Planning Division Staff, and your protest will be registered.

If you have any questions regarding the proposal, please contact the Community Planning Division.

**MISSION DRAFT**  
**November 6, 2018**

[illegible]

**NOTICE  
PUBLIC MEETING  
THURSDAY, NOVEMBER 8, 2018, 5:00 PM  
HARVEST BIBLE CHAPEL  
3800 E. 53<sup>RD</sup> ST., DAVENPORT, IOWA 52807**

Please be aware of possible zoning changes that may impact your property or neighborhood.

Case No. REZ18-16: Request by Rob Davis, Bush Construction, to rezone 5.93 acres, more or less, of property located at northeast of the intersection of E. 58<sup>th</sup> Street and Utica Ridge Road from C-O Office Shop District to R-5M, Medium Density Dwelling District [Ward 6] (See map of the affected property on reverse side of this notice).

Both current and proposed zoning classifications allow for multi-family development. The proposed R-5M classification allows for structures up to ninety (90) feet in height whereas the existing C-O classification has a height limitation of twenty five (25) feet.

Please also note that the City expects to adopt a new zoning ordinance prior to the development of this property. If the rezoning request is successful, the future R-MF (Residential, Multi-Family) classification is proposed to have a height limitation of seventy (70) feet.

A public meeting, hosted by the applicant, will be held to discuss the proposal at the time and place listed above. A formal public hearing will be held on the matter by the Plan and Zoning Commission on Monday, November 19, 2018, 5:00 pm at Davenport City Hall. You will receive an additional notice prior to this meeting.

If you have any questions regarding the proposal, please contact the Community Planning Division.

---

Hello,

I am writing to find out how I can protest this development. I am unable to attend meetings but I am not in favor of this development as this will negatively impact my neighborhood.

Please advise.

Thank you

Ann M. Friedman  
4105 E 60th St

## CITY OF DAVENPORT REZONING PROTEST FORM

DONNA - JEANNE DOHERTY  
I/we TERENCE DOHERTY who own property located at  
(be specific as possible) 4109 E. 60th ST DAVENPORT, IA 52807

The developers only gave vague information on the building and especially on the property left after the initial building is completed. The 4 story building doesn't fit in to the proposed area AT ALL.

Hereby protest the proposed rezoning by Bush Construction described in Case No. REZ18-16.

This will negatively affect the value of all the homes in the area. The rezoning should be tabled until it is completely explained to everyone.

Signed: Terence Doherty Date: 11-17-18  
Donna-Jeanne Doherty

Please return this form to the email address above or mail/drop off at CPED, 226 West 4th Street, Davenport, IA 52801

Neighbors never learned about this proposed development from Bush Construction. They never did the courtesy of notifying us.

We learned about the proposed zoning change from the City of Davenport on Saturday, November 3<sup>rd</sup> before the Thursday, November 9<sup>th</sup> meeting – not even one week prior.

At the neighborhood meeting, Rob Davis of Bush Construction presented a vague black and white CAD drawing and lots of floor plans for the Co-op that they intend to build, but no concrete information for the homeowners who would be affected.

In their drawing the building is situated on the Southwest corner of the property

When homeowners asked about the remaining (more than 50% of the property) they mentioned there might be a pergola or garden someday.

When asked about the proposed height of the project Rob Davis said it would be about 50 feet, revised that to 58 feet and then suggested that the building they were showing us did not show a roof design yet.

The developers (Bush Construction) are proposing a 62 unit, 4-story structure with 68 underground parking spaces. What about parking for a second car and visitors?

When asked about the paved parking area (which on the drawing shows approximately 18-20 spaces) Rob Davis was extremely vague about additional surface parking.

The Developer (Bush Construction) is asking to rezone approximately 6 acres of land to R-5M

This would allow the developer to erect a building up to 90 feet tall.

West of the Bush property are luxurious 2-story single family dwellings.

North and East are structures with a maximum height of 25 feet as far as the eye can see. Currently the only commercial development directly South of this Bush property is a single story building.

The neighbors are rightly alarmed because even 4 stories is significantly out of scale with everything that surrounds this proposed zoning change.

One of our neighbors, within the protest zone for this proposed development was told by (Ellyce Billany?) The Marketing Director, that there would not be another Co-op put up in this area.

The neighbors are also alarmed because they have very little hard information on what really will be built on this site.

We ask that you deny, or at the very least table this rezoning effort until affected homeowners have a clear understanding of the developers' intentions, and are given an opportunity to respond accordingly.

Questions:

- Would the per unit HOA fee include taxes?
- Would future residents own 1/62nd of the entire rezoned property or just the structure?

***Neighbors, Homeowners, and Taxpayers opposed to the rezoning effort. 563-505-9846 Craig & Sue Gabel***

---

Hello Matt,

Please find attached my objection to the proposed rezoning.

By the way, at the Nov. 19 P&Z meeting, a few people in the Adjacent Property Owner Notice Area indicated they had not received forms for filing objections. They indicated they had notified City Staff, but I wanted to pass that along.

Also, the Online Agenda posted on the City of Davenport's website prior to the Nov 19 meeting referred to Case No. REZ18-16 under "New Business" with a link to the City Staff report, but it doesn't appear there anymore. And I don't see it under "Items". I thought it was helpful because it had Petitioner's drawing of the proposed "Crow Valley Co-op". Is this matter still scheduled for review by the Plan & Zoning Commission at its December 4 meeting?

Thank you,

Patricia Harris

**Date:** Monday, November 26, 2018 10:39:04 AM

---

Matt,

I am a resident at 4202 E 58th St, Davenport. I don't know where exactly we stand with this request but I'd like to voice my objection to the height and scale of the proposed condo complex that is being proposed. We were initially told it would be sized more comparably to the condos at Blackbird Commons, which I do not object to. At a recent meeting at Harvest Bible Chapel, the organizers of that meeting said it would be more on the scale of the complex they've already build further south off Utica Ridge, which is massive. The rendering they showed to the group was no where close to scale, appearing to only take up approximately 1/4 of the existing lot. What is the zoning for only allowing a 3 story building instead of the proposed 4 story?

Thank you for allowing me to voice my objection to the size of this project.

Cosette Thoms  
4202 E 58th St

Re: Address to the Zoning Commission December 4, 2018

As neighboring properties to the proposed zoning change Case #RE218-16, we see nothing in the proposed R-5M that applies to the Bush Construction 4-story 55+ community project. How does the proposed building fit within the R-5M description?

*Description of R-5M provided by Planning Office:*

*This district is intended to provide for residential development of walk-up apartments, garden apartments, group or row houses, housing two or more families, at relatively low density, and in those areas where such development would be compatible with surrounding uses, where the density would not create service problems, and where municipal service facilities are available.*

- |                                                         |         |
|---------------------------------------------------------|---------|
| • Low Density                                           | No      |
| • Walk-up Apartments                                    | No      |
| • Garden Apartments                                     | No      |
| • Group or row houses                                   | No      |
| • 2 or more families @ LOW Density                      | No      |
| • Compatible with surrounding uses                      | No      |
| • Density would not create “service” issues (traffic??) | Wrong   |
| • Municipal service facilities available                | Unsure? |

All other buildings in the area have had to abide by the zoning restrictions in this area. Height restrictions were strenuously enforced on all other residential and commercial structures.

No effort has been made by Bush Construction to address neighborhood concerns. We specifically asked at the last commission meeting for details about the vague proposal which will negatively impact our property values and quality of life.

We are opposed to the zoning changes being considered regardless of what Bush Construction is trying to do. Any change to the zoning that would allow a building higher than those in the surrounding area would change the personality and aesthetics of the neighborhood.

December 5, 2018

Honorable Mayor and City Council  
City Hall  
226 West 4<sup>th</sup> Street  
Davenport, Iowa 52801

Dear Mayor and Council:

At its regular meeting of December 4, 2018, the Plan and Zoning Commission considered Case No. REZ18-16: Request by Rob Davis of Bush Construction to rezone 5.93 acres, more or less, of property located north of East 58<sup>th</sup> Street and east of Utica Ridge Road from C-O Office Shop District to R-5M Medium Density Dwelling District. [Ward 6]

Findings:

1. The rezoning request is consistent with the Comprehensive Plan for the following reasons:
  - a. The property is located along an edge of an area designated RG - Residential General.
  - b. The property is located adjacent to an arterial street, where higher density development is appropriate.
  - c. Traffic generation from this property will not burden the local street network.
2. Rezoning to multifamily will increase housing variety and choice within the vicinity and City in general.

Condition:

That the property be zoned R-MF, Residential, Multifamily District, upon adoption of the new code.

The Commission voted 8-1 (Reinartz no; Quinn abstain) to forward the case to the City Council for its approval.

Respectfully submitted,

Robert Inghram, Chairperson  
City Plan and Zoning Commission

---

I wish to file my objection to this rezoning request by Rob Davis of Bush Construction. First, let me say remarks at prior zoning meeting that there is "little opposition" is inaccurate. There was no reason this needed to be pushed through during the holidays when it is difficult for people to attend these meetings, unless of course your purpose is to "push" this through. I urge you to delay a decision on this matter.

There was a reason for the prior zoning on this land and that should be explored. What has changed for this zoning except some companies' desire to make money at the expense of individuals and families who have invested their lives and homes in this area. Again, asked at a prior zoning committee why, since the height of the building was a major objection, couldn't the building be a 2 story instead of a 4 story building? The answer given was it wasn't financially feasible. This meaning it would not make them the money they wanted. The 2 story was not even given a consideration. This could have been a point of compromise between homeowners surrounding this project and the Bush Construction Company. However, this was dismissed immediately without any discussion.

I would urge you, before a quick decision is made to consider this area is totally comprised of one story condos and villas, and one story businesses. Across Utica Ridge Road are two story luxury homes. This monolithic building would be an eyesore and totally out of place. Please, since you are making decisions, drive by the already in existence first Coop, off Utica Ridge just a few blocks south of this proposed site, to visualize the immense size. Then, drive by the site Bush Construction is requesting rezoning and visualized the inappropriate size of this building in this area.

Again, I urge you to delay this decision.

Subject: Rezoning on Utica Ridge

I want to post a protest regarding the rezoning of the plots east of Utica Ridge north of 58th Street in Davenport. As I understand this field is being rezoned so that Bush Construction can add another 4 story, 62 unit building. In October Bush was allowed to rezone a plot of land south of this area for a beauty shop. Opposition was expressed at that time for the same reason I am protesting further development this time. This spot zoning near residential living is unacceptable. We are already struggling with water that has no place to go and is eroding our back yards. The builders decades ago didn't adequately provide drainage for the homes in Lakehurst. Now the east side of Utica, that has absorbed water for decades, will be turned into concrete. This area will not absorb water and will increase an already broken water removal system.

The construction that has eaten up our neighborhoods and residential areas is one more reason people are leaving Davenport. Trees and bushes are destroyed and bare land waits for concrete to fill the space. Water continues to erode areas of town that used to be stable areas of land. We struggle as a state to keep our young professionals in Iowa. Our city continues to deter individuals from buying homes and condos here because people do not want to be next to a car lot, apartments or bars that causes water problems and 24 hour a day lighting in the neighborhoods. The additional traffic strains are already decaying roads on 53rd and parking lots throughout the city. Erosion and flooding have not been adequately addressed and the increase in this construction on Utica Ridge will make this problem worse.

The home owners south of 53rd hired an attorney to stop the building of multiple story and dozens of units near their homes for similar reasons. Why must home owners fight city hall with attorneys to provide quality neighborhoods in Davenport? If we want people to live here and stay here the planning and zoning committee and city council need to listen to homeowners. These concerns have been expressed to our alderman.

I learned today that I have to go to the 2nd floor of City Hall to get a protest paper to voice my concerns. Given that the City Council meetings tomorrow my schedule doesn't allow me to get to City Hall for the paper.

Sincerely,

Jeanne Wolf

City of Davenport

**Action / Date**

**1/2/2019**

Subject:

Second Consideration: Ordinance for Case REZ18-17: Request of Tim Shaffer, Dale's Service Center, to rezone 1915 Zenith Avenue from R-4 Moderate Density Dwelling District to C-2, General Commercial District. [Ward 1]

Recommendation:

Adopt the Ordinance.

Background:

**Background:**

Reason for Request:

Petitioner recently was successful in rezoning two adjacent lots on West Locust Street to C-2 in order to accommodate a business expansion (REZ18-12).

Upon completing a survey of the property, it was determined that a discrepancy existed, resulting in inadequate property to accommodate the desired expansion. The proposed rezoning comprises the lot immediately north of one of the lots recently rezoned.

Site Information:

Property is 0.20 acres, more or less.

Comprehensive Plan:

Property is within the Urban Service Boundary.

Property is designated RG, Residential General, in the Comprehensive Plan. RG designates neighborhoods that are mostly residential but include, or are within one-half mile (walking distance) of scattered neighborhood-compatible commercial services, as well as other neighborhood uses like schools, churches, corner stores, etc generally oriented along Urban Corridors (UC). Neighborhoods are typically designated as a whole. Existing neighborhoods are anticipated to maintain their existing characteristics in terms of land use mix and density, with the exception along edges and transition areas, where higher intensity may be considered.

Technical Review:

Request for technical review has been made. No service issues have been noted.

Public Input:

Notice Signs were posted on November 5

Seventeen notices were sent to property owners inviting them to a neighborhood meeting on November 19. No neighbors attended.

Notice of Public Hearing was posted in the Quad City Times on November 30, 2018.

A public hearing was held before the Plan and Zoning Commission on December 4, 2018. No one other than the petitioner spoke.

No opposition has been expressed; the protest rate is 0.0%.

#### **Discussion:**

This property is owned by the family that operates the existing automotive repair business. Due to a discrepancy in the legal description, it was not included within the recently approved rezoning request. If this discrepancy was discovered earlier, it would have been included.

The rezoning represents an incremental expansion of a commercial node along a busy arterial street. While the Comprehensive Plan identifies this property as RG, Residential General, limited commercial nodes along the edges can be found acceptable.

Due to the business' success, some activities (parking, maneuvering, deliveries) have on occasion occurred on Zenith Avenue. Approving the rezoning will allow for all of the business operations to occur on-site.

No opposition to either of the rezoning requests is a testament to the good operation and need for this type of business in West Davenport.

#### **Plan and Zoning Commission Recommendation**

The Plan and Zoning Commission forwarded Case REZ18-17 to the City Council for approval with the following findings and conditions:

##### **Findings:**

1. The property is consistent with the Comprehensive Plan as it is a limited commercial development along an edge of a node designated RG, Residential General.
2. The property has access and frontage along Locust Street, a major arterial street.
3. Rezoning will facilitate the expansion of a healthy, growing business in West Davenport.

##### **Conditions:**

1. Screening along the north property line will meet zoning requirements but at a minimum contain a 6 foot high wood fence.
2. Upon adoption of the new zoning ordinance, the property shall be zoned C-2, Corridor Commercial Zoning District.

The vote to approve was unanimous 8-0.

## ORDINANCE NO.

ORDINANCE for Case REZ18-17 being the request of Tim Shaffer to rezone 0.20 acres, more or less, of property located at 1915 Zenith Avenue from R-3, Low Density Dwelling District to C-2, General Commercial District. [Ward 1]

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

Section 1. The following described unit of Scott County, Iowa real estate is hereby rezoned to "C-2" General Commercial District.

Part of the East Half (1/2) of the Southeast Quarter (1/4) of Section 20, Township 78 North Range 3 East of the 5th P.M., and more particularly described as follows: Commencing at a point Four Hundred Sixty-two (462) feet West and One Hundred Fifty (150) feet North of the Southeast corner of said Section 20; thence North Fifty (50) feet; thence West parallel with the South line of said Section 20, One Hundred Eighty one and 5/10 (181.5) feet to the east line of a roadway; thence South along the East Line of said roadway, Fifty (50) feet; thence East parallel with the south line of said Section 20, One Hundred Eighty One and 5/10 (181.50) to the place of beginning.

Exempting therefrom that portion conveyed to the City of Davenport, Iowa, by Quit Claim Deed dated July 23, 1962 and filed October 7, 1965 at Book 282 Deeds, Page 8.

Section 2. That the following findings and conditions are hereby imposed upon said rezoning:

### Findings:

1. The property is consistent with the Comprehensive Plan as it is a limited commercial development along an edge of a node designated RG, Residential General.
2. The property has access and frontage along Locust Street, a major arterial street.
3. Rezoning will facilitate the expansion of a healthy, growing business in West Davenport.

### Conditions:

1. Screening along the north property line will meet zoning requirements but at a minimum contain a 6 foot high wood fence.
2. Upon adoption of the new zoning ordinance, the property shall be zoned C-2, Corridor Commercial Zoning District.

Section 3. At its December 18, 2018 meeting, the Plan and Zoning Commission voted to forward the case to the City Council with a recommendation to approve.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

EFFECTIVE DATE. This ordinance shall be in full force and effective after its final passage and publication as by law provided.

\*\*If the applicant is different from the property owner, please submit an authorization form or an accepted contract for purchase.

**Request:**Existing Zoning: Proposed Zoning Map Amendment: Total Land Area:  Please SelectDoes the Property Contain a Drainage Way or is it Located in a Floodplain Area: ☐ Yes ☒ No**Submittal Requirements:**

- The following items should be submitted to [Planning@ci.davenport.ia.us](mailto:Planning@ci.davenport.ia.us) for review:
- The completed application form.
- Recorded warranty deed or accepted contract for purchase.
- Authorization form, if applicable. If the property is owned by a business entity, please provide Articles of Incorporation.
- A legal description of the request if not easily described on the deed or contract for purchase.
- Required fee:
  - Zoning Map Amendment is less than 1 acre - \$400.
  - Zoning Map Amendment is one acre but less than 10 acres - \$750 plus \$25/acre.
  - Zoning Map Amendment is 10 acres or more - \$1,000 plus \$25/acre.
  - \$5.00 per sign; more than one sign may be required depending upon the area of the request.

**Formal Procedure:****(1) Application:**

- Prior to submission of the application, the applicant shall correspond with Planning staff to discuss the request, potential alternatives and the process.
- The submission of the application does not constitute official acceptance by the City of Davenport. Planning staff will review the application for completeness and notify the applicant that the application has been accepted or additional information is required. Inaccurate or incomplete applications may result in delay of required public hearings.

**(2) Public Notice for the Plan and Zoning Commission public hearing:**

- After submitting the application the applicant shall post notification sign(s) supplied by the City on property at least two weeks prior to the public hearing. A minimum of one sign shall be required to face each public street if the property has frontage on that street. It is Planning staff's discretion to require the posting of additional signs. The purpose of the notification sign(s) is to make the public aware of the request. Failure to post signs as required may result in a delay of the request.
- The applicant shall hold a neighborhood meeting as per the attached meeting guidelines.
- Planning staff will send a public hearing notice to surrounding property owners.

**(3) Plan and Zoning Commission's consideration of the request:**

- Planning staff will perform a technical review of the request and present its findings and recommendation to the Plan and Zoning Commission.
- The Plan and Zoning Commission will hold a public hearing on the request. Subsequently, the Plan and Zoning Commission will vote to provide its recommendation to the City Council. The Plan and Zoning Commission's recommendation is forwarded to the City Council.

**(4) City Council's consideration of the request:**

- Planning staff will send a public hearing notice to surrounding property owners.
- The Committee of the Whole (COW) will hold a public hearing on the request. Subsequently, the City Council will vote on the request. For a zoning map amendment to be approved three readings of the Ordinance are required; one reading at each Council Meeting. In order for the Ordinance to be valid it must be published. This generally occurs prior to the next City Council meeting.

Applicant:

Date:

By typing your name, you acknowledge and agree to the aforementioned submittal requirements and formal procedure and that you must be present at scheduled meetings.

**Public Hearing Details:**

Date: 12/4/2018  
Time: 5:00 PM  
Location: Council Chambers at City Hall, 226 West 4th Street Davenport, Iowa  
Subject: Public hearing for a rezoning request before the Plan and Zoning Commission  
Case #: REZ18-17

Ward: **1st**

To: All property owners within 200 feet of the subject property located at **1915 N. Zenith Avenue**.

**What is this All About?**

This notice is being sent to inform you that a public hearing will be held for a rezoning request. The purpose of the rezoning request is to change the property's allowed uses by changing the zoning classification.

Request Description

**REZ18-17: Request of Dale's Service Center for a rezoning from "R-3" to "C-2" General Commercial at 1915 N. Zenith Avenue to facilitate additional driveway/parking area. [Ward 1]**

**What are the Next Steps after the Public Hearing?**

This public hearing is the first step in the review/approval process. The Commission's recommendation from this public hearing will be forwarded to the City Council which will then hold its own public hearing. You will receive a notice of the City Council's public hearing as you received this notice. For the specific dates and times of subsequent meetings, please contact the case planner below.

**Would You Like to Submit an Official Comment?**

As a neighboring property owner, you may have an interest in commenting on the proposed request either in writing/email or in person at the public hearing. If you intend to send in written comments, it is appreciated if those comments could be received by Community Planning no later than 12:00 PM *one day before* the public hearing. Send comments to [planning@ci.davenport.ia.us](mailto:planning@ci.davenport.ia.us) or CPED, 226 W 4th St, Davenport IA 52801.

**Do You Have Any Questions?**

If you have any questions on this request, or if you need accommodations for any reason, please contact Mathew Flynn, AICP, the case planner assigned to this project at [matt.flynn@ci.davenport.ia.us](mailto:matt.flynn@ci.davenport.ia.us) or 563-888-2286. Interpretive services are available at no charge. Servicios interpretativos libres estan disponibles. TTY: (563) 326-6145

Please note that items may be removed from the agenda or tabled to a future hearing date at the request of the Petitioner or Commission/Board. If you are interested in the current schedule and outcome of this case, please contact the Community Planning Office at 563-326-7765 or [planning@ci.davenport.ia.us](mailto:planning@ci.davenport.ia.us) for updates.

Scott County Iowa, Bi-State Regional Commission

December 19, 2018

Honorable Mayor and City Council  
City Hall  
226 West 4<sup>th</sup> Street  
Davenport, Iowa 52801

Dear Mayor and Council:

At its regular meeting of December 19, 2018, the Plan and Zoning Commission considered Case No. REZ18-16: Request by Rob Davis of Bush Construction to rezone 5.93 acres, more or less, of property located north of East 58<sup>th</sup> Street and east of Utica Ridge Road from C-O Office Shop District to R-5M Medium Density Dwelling District. [Ward 6]

Findings:

1. The property is consistent with the Comprehensive Plan as it is a limited commercial development along an edge of a node designated RG, Residential General.
2. The property has access and frontage along Locust Street, a major arterial street.
3. Rezoning will facilitate the expansion of a healthy, growing business in West Davenport.

Conditions:

1. Screening along the north property line will meet zoning requirements but at a minimum contain a 6 foot high wood fence.
2. Upon adoption of the new zoning ordinance, the property shall be zoned C-2, Corridor Commercial Zoning District.

The Commission voted 9-0 to forward the case to the City Council for its approval.

Respectfully submitted,

Robert Inghram, Chairperson  
City Plan and Zoning Commission

City of Davenport

Agenda Group:  
Department: Community Planning & Economic Development

**Action / Date**  
**12/4/2018**

**Subject:**

Second Consideration: Ordinance for Case REZ18-19: Request of St. Ambrose University for a rezoning from R-4 Moderate Density Dwelling District and C-2 General Commercial District to PID Planned Institutional District on .675 acres, more or less, and an amendment to a PID Planned Institutional District Land Use Plan for the property located west of Harrison Street, north of West Locust Street, east of Brown Street and south of West Lombard Street. [Wards 4 & 5]

**Recommendation:**

Adopt the Ordinance.

**Background:**

**Comprehensive Plan:**

Within Existing Urban Service Area: Yes

Within Urban Service Area 2035: Yes

Future Land Use Designation: Civic / Institutional (CI) – Reserved for major developments for government, education, religion, medical, utilities, and other cultural or non-profit organizations located outside of the Downtown (DT).

Relevant Goals to be considered in this Case: Strengthen the Existing Built Environment.

**Zoning:**

The property is currently zoned PID Planned Institutional District, R-4 Moderate Density Dwelling District and C-2 General Commercial District.

The majority of the property was rezoned to PID in 2012. In conjunction with the rezoning, a land use plan and narrative of intent and compatibility with surrounding area were approved.

Since 2012, St. Ambrose University has acquired two property at the southeast portion of the campus.

**Technical Review:**

Streets.

The property located west of Harrison Street, north of West Locust Street, east of Brown Street and south of West Lombard Street. No impacts to streets are proposed.

Storm Water.

Development of the property will need to comply with the City's stormwater requirements.

### Sanitary Sewer.

There is sanitary sewer adjacent to the property.

### Other Utilities.

Other normal utility services are available.

### **Public Input:**

Letters were sent to property owners within 500 feet of the St. Ambrose University Campus notifying them of the November 28, 2018 neighborhood meeting and the December 3, 2018 Plan and Zoning Commission Public Hearing.

Pursuant to the Planned Institutional District Ordinance, St. Ambrose University notified neighborhood organizations located within five hundred feet of the campus at least 60 days prior to the application being submitted. The meeting was held on September 6, 2018 and was for the purpose of sharing the details of the petition, answering questions and receiving feedback.

Staff has not received any verbal or written objections.

### **Discussion:**

St. Ambrose University wants to renovate and construct substantial addition to McMullen Hall, which is located at the southwest corner of the campus adjacent to the West Locust Street and Gaines Street Intersection. McMullen Hall is currently situated approximately 70 feet from the West Locust Street right-of-way. The addition would reduce the setback to 35 feet to the West Locust Street right-of-way.

Major amendments to a Planned Institutional District: Proposed changes to either the land use plan or narrative of intent and compatibility with surrounding area shall first be submitted to the community planning and economic development director or his/her designee. If it is determined that there is a major amendment, the property owner shall return to the city plan and zoning commission and city council pursuant to Section 17.57.010C4. The community planning and economic development director or his/her designee shall have the authority to approve minor amendments.

A major amendment includes a decrease of 10% or more of any setback shown on the Land Use Plan. Therefore, the expansion has been deemed a major amendment.

St. Ambrose University is rezoning two properties at the southeast portion of the campus it acquired since the 2012 rezoning.

### **Recommendation:**

#### Findings:

1. The use of the property would comply with the Davenport 2035 Civic & Institutional Future Land Use Map designation; and
2. Due to the location of the proposed development, the impact to the surrounding residential properties would be minimal.

Staff recommends the Plan and Zoning Commission accept the listed findings and forward Case

REZ18-19 to the City Council with a recommendation subject to the following condition:

1. In the event that the "PID" Planned Institutional District is supplanted by the "S-IC" Institutional Campus District classification, the City shall rezone the property to the "S-IC" Institutional Campus District classification.

The vote for approval was 7–yes, 0-no and 1-abstention.

ORDINANCE NO. 2019-

ORDINANCE for Case No. REZ18-19 being the request of St. Ambrose University for a rezoning from R-4 Moderate Density Dwelling District and C-2 General Commercial District to PID Planned Institutional District on .675 acres, more or less, and an amendment to a PID Planned Institutional District Land Use Plan for the property located west of Harrison Street, north of West Locust Street, east of Brown Street and south of West Lombard Street. [Wards 4 & 5]

BE IT ENACTED BY THE CITY COUNCIL OF THE CITY OF DAVENPORT, IOWA:

Section 1. The following described unit of Scott County, Iowa real estate is hereby rezoned.

The property has the following legal description:

Part of the South Half of Section 23, Township 78 North, Range 3 East of the 5th P.M. being more particularly described as follows:

Real property located within the boundaries of West Lombard Street to the north, West Locust Street to the south, Brown Street to the west and Harrison Street to the east. Said property contains 53.13 acres, more or less.

Section 2. That the following findings and condition is hereby imposed upon said rezoning (see Plan and Zoning Commission letter dated December 19, 2018 letter for findings in its recommendation for approval):

In the event that the "PID" Planned Institutional District is supplanted by the "S-IC" Institutional Campus District classification, the City shall rezone the property to the "S-IC" Institutional Campus District classification.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

St. Ambrose University Main Campus Rezoning  
Existing Zoning Map

Request of St. Ambrose University for a Zoning Map Amendment (Rezoning) from the R-4 (Moderate Density Dwelling District) and C-2 (General Commercial District) to PID (Planned Institutional District) for all property within the main campus, and including all specified parcels located within the general boundaries of Lombard, Locust, Brown and Harrison Streets. The purpose of the request is to rezone the specified parcels in accordance with the university's adopted Campus Master Plan.

## **Amendment Required**

The University would like to renovate and expand McMullen Hall, the building located on the southwest corner of campus at the intersection of Locust and Gaines Streets. McMullen Hall is a 24,127 square foot building that houses classrooms and faculty offices. The University would like to renovate and expand this building to house our College of Business. The addition would be to the south, and would be 15,950 square feet, with a building pad size of 6,030 square feet. While the size of the addition (which was not included in our 2011 Land Use Plan) does not trigger an amendment to our Land Use Plan, the fact we are moving closer to Locust Street does trigger an amendment. McMullen Hall currently sits approximately 70 feet from Locust Street. We are allowed to reduce that setback by 10%, or 7 feet, without triggering an amendment. However, our plan will reduce the setback to 35 feet, or a 50% reduction. This setback is still greater than the current City requirements, but does require an amendment to our Land Use Plan.

In addition, at the time our Land Use Plan was approved, three parcels on the southeast portion of our main campus were not included in the plan. The former Eye Care Pavilion, parking to the north of the building and a house east of the Eye Care building were not included as they were owned by the owners of the Eye Care Pavilion. They are currently zoned R – 4 Moderate Density Dwelling District and C – 2, General Commercial District. As these properties are now a part of our main campus, we would like to also include them in our Land Use Plan and zone them PID.

Finally, as the Eye Care Pavilion was owned by outside parties, the City owned and maintained streets and alleys around these properties. As these properties are now owned by St. Ambrose, we would also like to include these streets and alleys in our Land Use Plan and zone them PID as well.

The original application for our Land Use Plan has been updated for these three changes and can be seen below.

## **Current Situation**

### **General:**

St. Ambrose University (the "University") is a private, Catholic, coeducational, liberal arts institution of higher education. The University is organized as an Iowa nonprofit corporation and is a tax-exempt charitable organization described in Section 501(c)(3) of the Internal Revenue Code. The main campus of the University is located at 518 West Locust Street in Davenport, Iowa on a tract of approximately 52.5 acres. The main campus is bordered by Locust Street to the south, Harrison Street to the east, Lombard Street to the north and Brown Street to the west. The campus proper appears to end at Gaines Street to the west but the University owns a majority of the houses and property between Gaines and Brown Street.

### **University Buildings:**

The University's main campus has 22 major buildings including classroom/office facilities, student residence halls, and a field house. These buildings and their main usage are listed below:

- Admissions and Welcome Center – Admissions related offices and spaces to meet with prospective students and their families.
- Ambrose Hall – Administrative offices, classrooms and faculty offices.
- Le Claire Hall – Former shop and offices for the University's Physical Plant Departments (Maintenance and Housekeeping). Empty now.
- McMullen Hall – Classrooms and faculty offices.
- Davis Hall – Single room residence hall (119 beds) with faculty and staff offices in the basement.

- Lewis Hall – Science classrooms, labs and faculty offices.
- Galvin Fine Arts Center – Performing arts venue, classrooms, faculty offices, and TV and radio stations.
- McCarthy Hall – Basement and 1st floor house classrooms. Residence hall rooms on floors two through four (93 beds).
- Christ the King Chapel – University chapel with faculty and staff offices located in the basement.
- Hayes Hall – Classrooms, offices and labs for Engineering and Kinesiology.
- Rohlman Hall – Residence hall (201 beds).
- Wellness and Recreation Center and Lee Lohman Arena – Competition arena, indoor track, weight rooms, fitness areas, locker rooms, and staff offices.
- Rogalski Center – Student Center, ballrooms, food court and staff offices.
- Bechtel Hall – Residence hall (140 beds).
- Tiedemann Hall – Residence hall (126 beds).
- Hagen Hall – Residence hall (140 beds).
- Franklin Hall – Residence hall (204 beds).
- Physical Plant Building – Houses the University's Maintenance and Housekeeping Departments.
- Library – Houses the University's library and informational technology departments.
- Cosgrove Hall – Residence rooms on the top four floors (224 beds), cafeteria on the main level and a student lounge and offices in the basement.
- University Townhouses – Townhouse style residence hall (104 beds).
- North Hall – Residence hall (204 beds).

The University also owns numerous houses that are leased to undergraduate students. These houses hold 125 - 150 beds.

#### Enrollment:

The University's enrollment has decreased 16.6% since 2010, when the original Campus Master Plan was approved. The undergraduate enrollment has mirrored these numbers with total undergraduate enrollment decreasing 17.7% since 2010. Graduate enrollments are down 13.1% since 2010. Charts showing undergraduate enrollment and graduate enrollment are shown below:

### Student Housing:

The University's residence halls held 1,590 students in the fall of 2018. This includes 113 beds located in off-campus houses. Not including overflow housing located in residence hall lounges, total capacity on campus is 1,705 beds. In the fall of 2018, the University houses approximately 69% of its undergraduate students on campus.

### Parking:

In the fall of 2018, the University has 1,666 main campus parking spaces. This does not include parking spaces at the Health Science Building, St. Vincent's Center or at the CCSD Building on Pleasant Street.

### Future Projections

The University's goal is to stabilize enrollment in the next few years. It is felt undergraduate enrollment will range between 2,450 and 2,500 students per year, compared to the 2,316 in undergraduate enrollment in the fall of 2018. It is felt graduate enrollment will also increase, but the majority of this increase is assumed to be on-line students. It is felt this enrollment can grow to 800-850 students over the next five years.

### Campus Facilities Master Plan

In the fall of 2010, the University hired VOA and Associates from Chicago to prepare a campus facilities master plan. This plan was to identify the University's facilities needs over the next 10 years, through 2021. This plan identified the following facilities needs over the next 10 years. The bolded text is an update of these needs to 2018.

Buildings needing significant renovation:

- Ambrose Hall (**Not completed, planned in future years**)
- Le Claire Hall (**Not completed, planned in future years**)
- Davis Hall (**Not completed, planned in future years**)
- Galvin Fine Arts Center (**Not completed, planned in future years**)

Buildings needing some renovation:

- Physical Education Center and Lee Lohman Arena (**Completed**)

- Lewis Hall **(Completed)**
- Hayes Hall **(3/4 Complete. Planned completion 2020)**
- Cosgrove Hall **(Not completed, planned in future years)**
- Bookstore **(Completed)**

New structures/parking lots needed:

- Addition to the Physical Education Center and Lee Lohman Arena **(Completed)**
- New lobby and addition to the Galvin Fine Arts Center **(Not completed, planned in future years)**
- 256 space parking structure at the corner of High and Gaines Streets **(Not completed. Will be evaluated if enrollment increases)**
- Two new residence halls to replace the Townhouses **(Not completed. Will be evaluated if enrollment increases)**
- The University currently does not own three properties on the east side of the campus. These parcels are B0054-33, B0054-32 and B0059-20. If the University is able to acquire these properties our intention is to convert these properties into parking lots, consistent with the parcels that surround them. These houses and garages will be demolished at that time. **(All but one property has been acquired. Demolition on one property is planned)**
- As noted below, the Zoning Board of Adjustment has already approved three parking lots between Gaines and Brown Streets. The parcels included in this approval are shown below. However, these parking lots will be expanded if the following parcels can be acquired: B0062-47, B0062-48, and B0062-56. These houses and garages will be demolished at that time. **(Approved project completed, expanded lots not completed)**
- There are also three minor additions that will be made to buildings on campus. A small structure will be built on the south end of Cosgrove Hall to screen the existing loading dock from Locust Street. This structure will house the University's bio-diesel plant. There is also a planned addition to north end of Cosgrove Hall to expand the University's dining services. Finally, there are small additions planned to LeClaire Hall when it is renovated. This will include a stair tower and elevator to make the building accessible. **(Only the Cosgrove Hall addition has been completed)**
- Improvements already approved by the Zoning Board of Adjustment and not a part of this request:
  - A new residence hall at the corner of Lombard and Harrison Streets **(Completed)**
  - Parking lots between Gaines and Brown Streets south of High Street (84 spots). This would require the demolition of the houses on parcels B0051-30, B0051-31, B0062-30, B0051-33 and B0051-32. **(Completed)**
  - Parking lots between Gaines and Brown Streets north of the Locust Street lot (54 spots). This would require the demolition of the houses on parcels B0062-37 and B0062-38. **(Completed)**

### Required Information

#### **Completed Application:**

See Appendix I

#### **Boundary Survey:**

A boundary survey was not completed for this site as the University's main campus is well defined. The legal description of the area the University is looking to re-zone is bordered by Locust Street to the south, Harrison Street to the east, Lombard Street to the north and Brown Street to the west. While it appears the campus ends at Gaines Street to the west, the University owns a majority of the property between Gaines and Brown Streets with the intention of acquiring the rest as they become available. A map of the property owned by the University between

Gaines and Brown Streets can be found in Appendix II. The areas outlined in red or pink are not owned by the University.

**Drawing of the Development:**

See attached map of the proposed development plan in Appendix III, sheet 2 of 8.

**Number of Gross Acres in the Project**

The total number of gross acres between Locust, Harrison, Lombard and Brown Streets is 52.5.

**Existing and Proposed Parking Spaces**

The University has 1,666 parking spaces on our main campus, and 477 spaces off campus to handle the faculty, staff and students that use our off campus facilities. The 44 spaces at the Locust/Marquette lot handle the faculty, staff and students at our facility on Pleasant Street, just north of the lot. The 234 spaces on the Genesis Medical Center Central Park campus support the activity for the Center for Health Science Education at the corner of Marquette and Lombard streets. In 2018, the University entered into a lease with Genesis to lease 125 additional spaces. In the past, students who took classes at this location parked at the main campus and walked or bused to this facility. These students can now park on site and we feel this will reduce the number of students parking in the neighborhoods between the main campus and this building. The 100 spaces at 54<sup>th</sup> Street support the graduate College of Business and Professional Development students who attend class at this location. The 99 spaces at St. Vincent's are the spaces on Central Park that are used as overflow parking for the main campus. These off-campus spaces do not include the other spaces at the St. Vincent's Center or the spaces at the Ambrose Dome.

54th Street property	100
<b>Total all facilities</b>	<b>2,143</b>

---

#### **Existing and Proposed Lot Coverage**

See Appendix III, sheet 7 of 8. The lot coverage in 2018 from buildings equals 11.0 acres, and is 14.0 acres for parking lots. That leaves 27.5 acres that are non-structural (green space). The proposed development plan in 2010 had 8.0 acres of buildings, 11.5 acres of parking and 33.0 acres of green space. The major difference between the 2010 plan and our revised plan is the expansion of McMullen Hall and a Wellness and Recreation Center that is bigger than planned.

#### **Existing and Proposed Square Footage and Floor Area Ratio of Buildings**

The existing and proposed total square footage and floor area ratio of buildings is as follows:

	<b>Square Footage</b>	<b>Floor Area Ratio</b>
<b>Existing:</b>		
Ambrose Hall	97,900	24,390
Le Claire Hall	23,400	12,822
McMullen Hall	25,500	8,146
Davis Hall	41,600	7,554
Lewis Hall	35,000	8,601
Galvin Fine Arts Center	75,500	29,615
McCarthy Hall	58,000	11,620
Christ the King Chapel	29,400	19,150
Hayes Hall	27,520	*
Rohlman Hall	49,700	11,100
PE Center and Lee Lohman Arena	45,300	31,884
Wellness and Recreation Center	86,251	69,013
Rogalski Center	64,400	22,033
Bechtel Hall	34,400	9,004
Tiedemann Hall	37,900	22,977
Hagen Hall	49,700	**
Franklin Hall	46,700	12,444
Physical Plant	8,900	9,174
Library	58,800	15,129
Cosgrove Hall	77,600	20,470
University Townhouses	60,600	17,811
North Hall	54,200	13,955
Admissions and Welcome Center	10,748	7,393
<b>Proposed:</b>		
McMullen Hall addition	15,950	6,030
Residence Hall One	54,400	13,600
Residence Hall Two	54,400	13,600
Galvin Fine Arts addition	45,700	14,500
Parking deck	75,000	40,000

\* Hayes Hall floor area is included in the Christ the King Chapel

\*\* Hagen Hall's floor area is included in the Tiedemann total.

### **Existing Land Use and Zoning**

The main campus of the University at 518 West Locust Street is zoned PID based on the Land Use Plan approved in 2010. The property surrounding the main campus is zoned as follows:

West – Zoned R - 4 – Moderate Density Dwelling District

South – Primarily zoned R - 4 – Moderate Density Dwelling District. In the area southeast of campus the complexion of the properties changes to C - 0, Office Shop District, C -1, Neighborhood Shopping District and C – 2, General Commercial District. Commercial properties in this area include the Kwik Shop, Greatest Grains, QC Automotive Paint, Main at Locust Pharmacy and a mix of other apartments and retail establishments. The area southeast of campus also includes the former JB Young Middle School which is zoned R-6M, High Density Dwelling District.

East – Similar to the area south of campus, the area to the east is primarily R – 4, Moderate Density Dwelling District, but it switches to C - 0, Office Shop District, C -1, Neighborhood Shopping District and C – 2, General Commercial District as you move to the southeast. This area includes a Village Inn, KFC Restaurant, a Shell Gas Station, a chiropractic office, dental offices and other miscellaneous retail. Other exempt properties east of the main campus include St. Paul Lutheran Church and Vander Veer Park.

North – Zoned R - 4 – Moderate Density Dwelling District

As the University's main campus is in a residential area, there is less than 100 feet from the campus property line to the nearest structure. As noted above, these are typically residential properties and the commercial businesses listed above.

### **Existing and Proposed Services**

Existing and proposed services to the main campus (water, sanitary and storm sewer, electric, gas, streets) and the capacity of those services can be seen in the map at Appendix III, sheet 5 of 8.

### **Site Constraints**

See Appendix III, sheet 6 of 8. Many of the slopes in excess of 10% are located interior to the campus. The most prominent can be found north of Ambrose Hall, east of Rohlman Hall and north of the Christ the King Chapel. The majority of the locations on the edge of campus can be found along Gaines and Brown Streets. These slopes exist where the houses on Gaines Street fall away towards the street and where the land slopes down towards Lombard Street.

There is no part of the main campus that is included in a flood plain or floodway. However, there is a waterway that runs from the storm water area north of Ambrose Hall, between Rohlman and Hayes Halls, and continues to move north and west until it reaches the storm system around McCarthy Hall. This waterway is also indicated in Appendix III, sheet 6 of 8.

Soil conditions can be found at Appendix III, sheet 7 of 8. While there do not appear to be any issues, soil boring tests will be necessary after the new structures are designed.

### **Topographical Map**

Topographical map for the main campus can be seen in Appendix III, sheet 6 of 8. St. Ambrose will also obtain a survey for each project as it is being designed. The topographical data comes from the State of Iowa LIDAR Survey.

## Existing and Proposed Building Locations

A map showing the existing and proposed building pad locations can be seen in Appendix III, sheet 2 of 8. The building area, number of stories, a list of proposed uses and gross floor area can be seen below:

	Square Footage	Stories	Height (Feet)	Gross Floor Area	Uses	Built/ Renovated
<b>Existing:</b>						
Ambrose Hall	97,900	4	48	24,390	Classrooms; offices	1882/1974
Le Claire Hall	23,400	2	40	12,822	Empty/Storage	1916/1987
McMullen Hall	25,500	2	24	8,146	Classrooms; offices	1940/1997
Davis Hall	41,600	4	40	7,554	Residence Hall	1922/1941
Lewis Hall	35,000	4	42	8,601	Classrooms; offices	1930/1991
Galvin Fine Arts Center	75,500	3	60	29,615	Auditorium, classrooms	1969
McCarthy Hall	58,000	4	40	11,620	Classrooms; residence hall	2008
Christ the King Chapel	29,400	1	36	19,150	Chapel; offices	1952/2006
Hayes Hall	27,520	3	36	*	Classrooms; residence hall	1966
Rohlman Hall	49,700	4	40	11,100	Residence Hall	1959/2001
PE Center and Lee Lohman Arena	45,300	2	40	31,884	Arena; weightroom; fitness	1983
Wellness and Recreation Center	86,251	2	53	69,013	Fieldhouse, weight/cardio rooms	2017
Rogalski Center	64,400	2	36	22,033	Student Services; offices	2004
Bechtel Hall	34,400	4	40	9,004	Residence Hall	2004
Tiedemann Hall	37,900	4	40	22,977	Residence Hall	1996
Hagen Hall	49,700	4	40	**	Residence Hall	2000
Franklin Hall	46,700	4	40	12,444	Residence Hall	2005
Physical Plant	8,900	1	16	9,174	Bookstore; coffeeshop	1915/1997
Library	58,800	3	36	15,129	Library	1996
Cosgrove Hall	77,600	5	50	20,470	Residence Hall	1969
University Townhouses	60,600	2	24	17,811	Residence Hall	1990
North Hall	54,200	4	40	13,955	Residence Hall	2012
Admissions and Welcome Center	10,748	1	15	7,393	Offices	2016
<b>Proposed:</b>						
McMullen Hall addition	15,950	2	24	6,030	Classrooms; offices	
Residence Hall One	54,400	4	40	13,600	Residence Hall	
Residence Hall Two	54,400	4	160	13,600	Residence Hall	
Galvin Fine Arts addition	45,700	3	36	14,500	Classrooms; offices	
Parking deck	75,000	2	30	40,000	Parking	

\* Hayes Hall floor area is included in the Christ the King Chapel total.

\*\* Hagen Hall's floor area is included in the Tiedemann total.

The new buildings, parking structure and parking lots included in the University's application will meet all of the City of Davenport's requirements for setbacks and site elements, including landscaping.

### **Location of Existing and Proposed Parking**

A map showing existing and proposed parking areas can be seen in Appendix III, sheet 2 of 8. It should be noted that the parking lots proposed between Gaines and Brown Street and the parking structure at Gaines and High Street will require the demolition of several houses. A few of these houses are not currently owned by the University and will need to be acquired to complete the development. See above.

### **Location of Existing and Proposed Loading Docks, Receiving and Trash Pickup Areas**

A map showing existing and proposed loading docks, receiving and trash pick-up areas can be seen in Appendix III, sheet 4 of 8.

### **Location of Existing and Proposed Landscaping and Buffering**

A map showing the existing and proposed landscaping and buffering can be seen in Appendix III, sheet 6 of 8. Details of what the decorative fencing and the related landscaping will look like can be found in Appendix III, sheet 8 of 8.

### **Location and Configuration of Existing and Proposed Access Points**

A map showing the location and configuration of existing and proposed access points can be found in Appendix III, sheet 2 of 8.

### **Storm Water Management Plan**

A storm water management plan, prepared by IMEG can be found in Appendix IV.

### **Location of Existing and Proposed Signage**

A map showing the location of all existing and proposed free standing signage can be seen in Appendix III, sheet 2 of 8.

### **Traffic Impact Study**

As the University is not planning on significant growth over the next ten years, the Traffic Engineer for the City of Davenport is not requesting a full Traffic Impact Study. However, he did provide maps from the Iowa Department of Transportation that show the traffic counts on the main roads and intersections around the University's main campus.

Locust Street, east of Brady Street, has automobile traffic of 21,200 vehicles on a daily basis. Locust Street, west of Brady Street has automobile traffic of 19,300 vehicles on a daily basis. Harrison Street, north of Locust Street has automobile traffic of 15,900 vehicles and south of Locust Street it has 12,900 vehicles. Gaines Street, north of Locust Street has automobile traffic of 2,760 vehicles and south of Locust Street it has 6,100 vehicles.

To put the University's planned growth into context, undergraduate enrollment is expected to increase by 135-185 students over the next few years. It is also not known if these students will be commuter students who come from the Quad City area or residential students. In any event, 135-185 cars added to the traffic counts listed above will not have a significant impact, even if they access these roads during the rush hour times during the morning and afternoon.

The 110 additional graduate students will also have very little impact on the traffic counts around campus. While the University's undergraduate students generally attend classes from 8:00 am through 4:00 pm, the graduate students

are mainly part-time and attend classes after 5:00 pm. Once again, 110 additional vehicles added to the counts listed above will have very little impact. The impact will be less as they will use these roads during non-peak hours.

### **Compatibility with Surrounding Area**

The buildings of the University represent a variety of architectural styles. Early campus architecture was based on European influences such as French (Ambrose Hall with mansard roofs and circle top windows) and English Tudor Gothic (Davis Hall, Lewis Hall, and McMullen Hall with stone base and corner accents, pointed arch features and parapet crenellation). Later buildings were designed with a mix of European and American contemporary styles prevalent on many college and university campuses (Rohlfman, Cosgrove and Galvin). The architecture of the past 15 years is more of a modern American theme with traditional roof, brick and stone elements that complement existing buildings (Rogalski Center, West Hall, and North Hall) which will continue with the proposed buildings on the Master Plan.

The University has 3,055 students in the fall of 2018. This includes 2,316 undergraduates and 739 graduate students. As mentioned earlier, the University's Enrollment Plan calls for 3,250 – 3,350 total students by 2021. In the fall of 2018 the University employed 453 full-time faculty and staff and 133 part-time faculty and staff. The majority of the part-time employees are adjunct professors. It is estimated there are 100 contract employees on campus (food service and various trades). This would bring the total count to 686 employees. It is estimated this will increase to no more than 700 employees by 2021.

The University's goal has always been to present an attractive campus to our students, faculty and staff and be a good neighbor by maintaining our facilities and grounds at a high level. Two of the proposed new developments will be built on the outer edge of our campus. The first is a 256-space parking structure. As mentioned earlier, this structure will have a low profile and will not appear to be a multi-level parking deck. By taking advantage of the slope of Gaines Street as it goes north from Locust Street, the lower level of the structure will be largely hidden from view. As with all of the University's newer structures, this structure will be landscaped using trees, bushes, and other plants.

The other structure that was built on the edge of campus is the expansion to Lee Lohman Arena and the PE Center. As this building includes four basketball/volleyball courts, it has a higher profile. However, its roofline just slightly exceeds that of the existing PE Center to the east. The expansion also has trees to screen a portion of the building. The building also has windows along Lombard Street so that neighbors will not be looking at one large wall.

The University has an existing process to communicate with our neighbors. For many years, the University facilitated a group called the Neighborhood Relations Council. This group meets monthly and is made up of representatives from each distinct neighborhood that surrounds the University. The University first facilitated the meetings of this group, but they now meet independent of the University. In addition, the University also holds semi-annual Neighborhood Update Meetings with this group and all other interested neighbors. This group will be used in the future to address any issues that arise between the neighborhood and the University.

In many ways the original Planned Institutional District application was the University's attempt to catch up with its past growth and deal with neighborhood issues. A constant theme in our discussions with our neighbors is they would like us to house more of our students on campus and they want us to provide adequate parking for our faculty, students and staff. This plan calls for the construction of a 256-space parking ramp to address the issues of parking in the neighborhood. The University's enrollment plan calls for the addition of 135-185 more traditional, undergraduate students, so the plan calls for the construction of one new residence hall to accommodate these students. As this new residence hall will be built where the University has two-level townhouses, a second residence hall will be necessary to handle those students displaced by this construction.

The other projects also will allow the University to improve the environment on campus. The two areas that had the most demand for space included indoor recreation and academics (classroom and office). A 69,000 square addition to the PE Center now provides adequate recreation space and a 45,700 square foot addition to the Galvin Fine Arts Center will provide relief to our many academics departments.

The addition of more parking and residence hall rooms will improve the lighting, noise and parking issues in the neighborhood. The additions to our PE Center and Galvin Fine Arts Center will provide adequate space for our existing students and will have no negative impact on the neighborhood.

The University currently has adequate access to major thoroughfares to allow transportation to the main campus. This includes access via auto, bicycle and pedestrian. The University also is located by a hub for the City bus system.

In 2009 the University signed an agreement with CitiBus to allow all faculty, students and staff to ride the bus free of charge. The University pays the City 42 cents per ride. This program was initially designed to allow access to our Center for Health Science Education at Marquette and Lombard Streets. However, we are current seeing significant use on other City bus routes. Our contract with CitiBus will continue to be communicated to students to increase ridership. Other initiatives being studied include car rental programs for students and carpooling incentives.

## Zoning Map Amendment Application

**Request:**Existing Zoning: Proposed Zoning Map Amendment: Total Land Area:  Does the Property Contain a Drainage Way or is it Located in a Floodplain Area: ☒ Yes ☐ No**Submittal Requirements:**

- The following items should be submitted to [Planning@ci.davenport.ia.us](mailto:Planning@ci.davenport.ia.us) for review:
- The completed application form.
- Recorded warranty deed or accepted contract for purchase.
- Authorization form, if applicable. If the property is owned by a business entity, please provide Articles of Incorporation.
- A legal description of the request if not easily described on the deed or contract for purchase.
- Required fee:
  - Zoning Map Amendment is less than 1 acre - \$400.
  - Zoning Map Amendment is one acre but less than 10 acres - \$750 plus \$25/acre.
  - Zoning Map Amendment is 10 acres or more - \$1,000 plus \$25/acre.
  - \$5.00 per sign; more than one sign may be required depending upon the area of the request.

**Formal Procedure:**

## (1) Application:

- Prior to submission of the application, the applicant shall correspond with Planning staff to discuss the request, potential alternatives and the process.
- The submission of the application does not constitute official acceptance by the City of Davenport. Planning staff will review the application for completeness and notify the applicant that the application has been accepted or additional information is required. Inaccurate or incomplete applications may result in delay of required public hearings.

## (2) Public Notice for the Plan and Zoning Commission public hearing:

- After submitting the application the applicant shall post notification sign(s) supplied by the City on property at least two weeks prior to the public hearing. A minimum of one sign shall be required to face each public street if the property has frontage on that street. It is Planning staff's discretion to require the posting of additional signs. The purpose of the notification sign(s) is to make the public aware of the request. Failure to post signs as required may result in a delay of the request.
- The applicant shall hold a neighborhood meeting as per the attached meeting guidelines.
- Planning staff will send a public hearing notice to surrounding property owners.

## (3) Plan and Zoning Commission's consideration of the request:

- Applicant or applicants representative must be present at the public meeting.
- Planning staff will perform a technical review of the request and present its findings and recommendation to the Plan and Zoning Commission.
- The Plan and Zoning Commission will hold a public hearing on the request. Subsequently, the Plan and Zoning Commission will vote to provide its recommendation to the City Council. The Plan and Zoning Commission's recommendation is forwarded to the City Council.

## (4) City Council's consideration of the request:

- Planning staff will send a public hearing notice to surrounding property owners.
- The Committee of the Whole (COW) will hold a public hearing on the request. Subsequently, the City Council will vote on the request. For a zoning map amendment to be approved three readings of the Ordinance are required; one reading at each Council Meeting. In order for the Ordinance to be valid it must be published. This generally occurs prior to the next City Council meeting.

Applicant:

Date:

Do you acknowledge and agree to the aforementioned submittal requirements, formal procedure and understand that you must be present at scheduled public meetings: Yes ☒

Received by:

Planning staff

Date:

Date of the Public Hearing:

Meetings are held in City Hall Council Chambers located at 226 West 4<sup>th</sup> Street, Davenport, Iowa.

### Authorization to Act as Applicant

I,   
authorize   
to act as applicant, representing me/us before the Plan and Zoning Commission and City Council for the  
property located at .

---

---

Signature(s)\*

\*Please note: original signature(s) required.

**Proposed Building Addition B47**

Stormwater runoff from the McMullen Hall addition will be captured in the roof drains of the new addition and directed into the existing storm sewer along the east side of Gains street. Rather than restricting the runoff from the new addition, the runoff from an area of equal size in parking lot P13 will be captured and released per the City of Davenport stormwater ordinance. The parking lot runoff will be detained in an underground system below the subgrade and will be processed to remove at least 80% total suspended solids from the total runoff.

**Proposed Parking Lots P15, P16, and P17**

Storm water runoff from the parking lots of P15, P16, and P17 between Brown and Gaines Streets shall be collected via storm inlets and underground detention. Storm water runoff from the three proposed parking lots will be detained with underground detention below the perspective parking lots storing the 100-year proposed storm event and releasing at the 5-year existing runoff release rate per city of Davenport storm water runoff requirements. Storm water outflow from the proposed underground detention system shall be conveyed to the north via proposed storm sewer within the west boulevard of the Gaines Street right of way. The storm sewer will continue to the North where it will tie into the existing City of Davenport storm sewer system at the southwest corner of the intersection of Gaines and West Lombard Street.

**Proposed Parking Structure P14**

Existing underground detention below parking lot P1 between Gaines Street and Brown Street, and boarded by West Lombard to the north, will be modified to accept additional runoff produced from the proposed parking structure P14. All runoff conveyance and detention will be per city of Davenport storm water runoff requirements and will detain the 100-year proposed event and release at the existing condition 5-year event.

**Proposed Building B66**

No additional impervious surfaces are being proposed. Therefore, no adjustments to storm water runoff will be made.

**Proposed Building B67**

Runoff created from the Lee Lohman athletic addition B67, will be directed to the south to the adjacent green space. Storm water detention will be provided in this area to store the proposed 100-year event and release at the existing condition 5-year release rate per the City of Davenport storm water ordinance.

**Proposed Buildings B68 and B69**

All runoff produced from proposed buildings B68 and B69 will be directed to the adjacent greenspace. Storm water detention will be provided in this area to store the proposed 100-year event and release at the existing condition 5-year release per the City of Davenport storm water ordinance.

**PUBLIC HEARING NOTICE  
CITY COUNCIL  
CITY OF DAVENPORT**

**Public Hearing Details:**

Date: 1/2/2019 Ward: 4<sup>th</sup>/5<sup>th</sup>  
Time: 5:30 PM  
Location: South of West Lombard Street, north of West Locust Street, east of Brown Street and west of Harrison Street.  
Subject: Public hearing for the rezoning of property from R-4 Moderate Density Dwelling District and C-2 General Commercial District to PID Planned Institutional District on .675 acres, more or less, and an amendment to a PID Planned Institutional District Land Use Plan.  
Case #: REZ18-19

To: All property owners within 500 feet of the subject property.

**What is this All About?**

This notice is being sent to inform you that a public hearing will be held before the Davenport City Council in its consideration of the following request:

Request of St. Ambrose University for a rezoning from R-4 Moderate Density Dwelling District and C-2 General Commercial District to PID Planned Institutional District on .675 acres, more or less, and an amendment to a PID Planned Institutional District Land Use Plan for the property located west of Harrison Street, north of West Locust Street, east of Brown Street and south of West Lombard Street. The purpose of the request is to allow a substantial addition to the building located at the northeast corner of West Locust Street and Gaines Street. [Wards 4 & 5]

The Plan and Zoning Commission considered the request at its December 18, 2018 meeting and voted to recommend approval subject to the following condition:

1. In the event that the "PID" Planned Institutional District is supplanted by the "S-IC" Institutional Campus District classification, the City shall rezone the property to the "S-IC" Institutional Campus District classification.

**What are the Next Steps after the Public Hearing?**

The 1/2/2019 public hearing is the first step in the review/approval process by the City Council. For the specific dates and times of subsequent meetings, please contact the case planner on the next page.

**Would You Like to Submit an Official Comment?**

As a neighboring property owner, you may have an interest in commenting on the proposed request either in writing/email or in person at the public hearing. If you intend to send in written comments, it is appreciated if those comments could be received by Community Planning no later than 12:00 PM *one day before* the public hearing. Send comments to [planning@ci.davenport.ia.us](mailto:planning@ci.davenport.ia.us) or CPED, 226 W 4th St, Davenport IA 52801.

**Do You Have Any Questions?**

If you have any questions on this request, or if you need accommodations for any reason, please contact Ryan Rusnak, AICP, the case planner assigned to this project at [rusnak@ci.davenport.ia.us](mailto:rusnak@ci.davenport.ia.us) or 563-888-2022. Interpretive services are available at no charge. Servicios interpretativos libres estan disponibles. TTY: (563) 326-6145

Please note that items may be removed from the agenda or tabled to a future hearing date at the request of the Petitioner or Commission/Board. If you are interested in the current schedule and outcome of this case, please contact the Community Planning Office at 563-326-7765 or [planning@ci.davenport.ia.us](mailto:planning@ci.davenport.ia.us) for updates.

**PUBLIC HEARING NOTICE  
PLAN AND ZONING COMMISSION  
CITY OF DAVENPORT**

**Public Hearing Details:**

Date: 12/4/2018  
Time: 5:00 PM  
Location: 226 West 4<sup>th</sup> Street in City Hall Council Chambers.  
Subject: Public hearing for an amendment to a PID Planned Institutional District Land Use Plan.  
Location: West of Harrison Street, north of West Locust Street, east of Brown Street and south of West Lombard Street. [Wards 4 & 5]  
Case #: REZ18-19

Ward: 4<sup>th</sup> & 5<sup>th</sup>

To: All property owners within 500 feet of the subject property.

**What is this All About?**

This notice is being sent to inform you that a public hearing will be held for a request to amend a Planned Institutional District (PID) Land Use Plan. The purpose of the request is to allow a substantial addition to the building located at the northeast corner of West Locust Street and Gaines Street.

**Request Description:**

REZ18-19: Request of St. Ambrose University for an amendment to a PID Planned Institutional District Land Use Plan for the property located west of Harrison Street, north of West Locust Street, east of Brown Street and south of West Lombard Street. [Wards 4 & 5]

**What are the Next Steps after the Public Hearing?**

The 12/4/2018 public hearing is the first step in the review/approval process. The Plan and Zoning Commission will meet on 12/18/2018 to vote (provide its recommendation) on the request. The Commission's recommendation will be forwarded to the City Council which will then hold its own public hearing. You will receive a notice of the City Council's public hearing. For specific dates and times of subsequent meetings, please contact the case planner below.

**Would You Like to Submit an Official Comment?**

As a neighboring property owner, you may have an interest in commenting on the proposed request either in writing/email or in person at the public hearing. If you intend to send in written comments, it is appreciated if those comments could be received by Community Planning no later than 12:00 PM *one day before* the public hearing. Please note that for a protest to be official, it needs to be in writing. Send comments to [planning@ci.davenport.ia.us](mailto:planning@ci.davenport.ia.us) or CPED, 226 W 4th St, Davenport IA 52801.

**Do You Have Any Questions?**

If you have any questions on this request, or if you need accommodations for any reason, please contact Ryan Rusnak, AICP, the case planner assigned to this project at [rrusnak@ci.davenport.ia.us](mailto:rrusnak@ci.davenport.ia.us) or 563-888-2022. Interpretive services are available at no charge. Servicios interpretativos libres estan disponibles. TTY: (563) 326-6145

Please note that items may be removed from the agenda or tabled to a future hearing date at the request of the Petitioner or Commission/Board. If you are interested in the current schedule and outcome of this case, please contact the Community Planning Office at 563-326-7765 or [planning@ci.davenport.ia.us](mailto:planning@ci.davenport.ia.us) for updates.

**NOTICE  
NEIGHBORHOOD MEETING – AMENDMENT TO A PLANNED  
INSTITUTIONAL DISTRICT (PID) LAND USE PLAN  
THURSDAY, NOVEMBER 29, 2018 – 6:00 P.M.  
ST. AMBROSE UNIVERSITY – ROGALSKI CENTER BALLROOM, 518  
WEST LOCUST STREET**

You are invited to a neighborhood meeting regarding the following request:

REZ18-19: Request of St. Ambrose University for an amendment to a Planned Institutional District (PID) Land Use Plan for the property located west of Harrison Street, north of West Locust Street, east of Brown Street and south of West Lombard Street. [Wards 4 & 5]

The purpose of the request is to allow a substantial addition to the building located at the northeast corner of West Locust Street and Gaines Street.

Please see map on the back for the meeting location.

The purpose of the meeting is to allow the St. Ambrose University to describe the proposed development, answer any questions you have and hear any concerns about the proposed development.

City of Davenport  
Community Planning and Economic Development Department  
Phone 563-326-7765, email [planning@ci.davenport.ia.us](mailto:planning@ci.davenport.ia.us)

**Action / Date**  
**11/15/2018**

Subject:  
Resolution for case F18-17 being the request of Michael Richmond with Townsend Engineering for a Final Plat of a 3 lot subdivision located North of Hickory Grove Rd between North Thornwood Ave and North Lincoln Avenue. [Ward 2]

Recommendation:  
Approve the Resolution.

Background:  
**Background:**

**Comprehensive Plan:**

Within Existing Urban Service Area: Yes

Within Urban Service Area 2035: Yes

Future Land Use Designation: Industry (I) - Designates areas devoted to manufacturing, assembly/fabrication, warehousing and distribution, research and technological innovation centers, and associated commercial/office uses developed at a scale as to warrant access to good transportation networks and separation or buffering from residential uses.

Relevant Goals to be considered in this Case: Strengthen the Existing Built Environment.

The proposed Final Plat would comply with the Davenport 2035 proposed land use section.

**Zoning:**  
The property is currently zoned Heavy Industrial District.

**Technical Review:**

Streets.  
Currently, Thornwood Avenue is developed as a chip and seal drive and not constructed to City standards. The City is requesting right-of-way dedication for future development of Thornwood Avenue.

Storm Water.  
Development of the property will need to comply with the City's stormwater requirements.

Sanitary Sewer.  
There is no sanitary sewer adjacent to the property.

Other Utilities.

Iowa American Water has indicated that the water main is located within the Hickory Grove right-of-way. The service line would have to extend from the water main.

**Public Input:**

No public hearing is required for a Final Plat.

**Discussion:**

The request is for a Final Plat for a 3 lot subdivision located north of Hickory Grove Road and east of Thornwood Avenue.

Currently, Thornwood Avenue is developed as a chip and seal drive and not constructed to City standards. The City is requesting right-of-way dedication for future development of Thornwood Avenue.

Lot 3 is landlocked. However, this property will be jointed with the adjacent property. Staff is recommending that an agreement not sever be provided and recorded tying the two properties together.

**Recommendation:**

Findings:

1. The plat conforms to the comprehensive plan Davenport+2035; and
2. The plat (with conditions recommended by City staff) would achieve consistency with subdivision requirements.

The Plan and Zoning Commission considered Case F18-17 at its December 4, 2018 public meeting. It voted to accept the listed findings and forwards Case F18-17 to the City Council with a recommendation for approval subject to the following conditions.

1. That the utility providers sign the plat when their needs have been met;
2. That the plat include the owner/developer and their contact information;
3. That an agreement not sever be provided and recorded for Lot 3.
4. That a minimum of two previously established property corners or section corner ties to the property boundary;
5. That 17 feet of right-of-way be dedicated Lots 1 and 2 to allow for a total of 50 feet of right-of-way;
6. That the Hickory Grove right-of-way be shown and dimensioned;
7. That floodplain information be shown on the plat and easement for such area; and
8. That "no storm water detention required" be removed from the plat. This will be determined during the City's review of the proposed site plan.

The vote for approval was 10–yes, 0-no and 0-abstention.

December 5, 2018

Honorable Mayor and City Council  
City Hall  
226 West 4<sup>th</sup> Street  
Davenport, Iowa 52801

At its regular meeting of December 4, 2018, the City Plan and Zoning Commission considered Case F18-13 being the request of Michael Richmond with Townsend Engineering for a Final Plat for a 3 lot subdivision located North of Hickory Grove Rd between North Thornwood Ave and North Lincoln Avenue. [Ward 2].

Findings:

1. The plat conforms to the comprehensive plan Davenport+2035; and
2. The plat (with conditions recommended by City staff) would achieve consistency with subdivision requirements.

The Plan and Zoning Commission accepted the listed findings and forwards Case F18-17 to the City Council with a recommendation for approval subject to the following conditions.

1. That the utility providers sign the plat when their needs have been met;
2. That the plat include the owner/developer and their contact information;
3. That an agreement not sever be provided and recorded for Lot 3.
4. That a minimum of two previously established property corners or section corner ties to the property boundary;
5. That 17 feet of right-of-way be dedicated Lots 1 and 2 to allow for a total of 50 feet of right-of-way;
6. That the Hickory Grove right-of-way be shown and dimensioned;
7. That floodplain information be shown on the plat and easement for such area; and
8. That "no storm water detention required" be removed from the plat. This will be determined during the City's review of the proposed site plan.

The vote for approval was 10–yes, 0-no and 0- abstention.

Respectfully submitted,

Robert Inghram, Chairperson

Subject:  
Resolution authorizing the Mayor to sign the Certified Local Government Form supporting the proposed National Register Historic Places: Davenport East Side Industrial and Motor Row Historic District. [Ward 3]

Recommendation:  
Approve the Resolution.

Background:  
The Downtown Davenport Partnership hired a consultant to explore if portions of Downtown Davenport could become a historic district. Historic properties may be able utilize historic tax credits to offset the cost of building rehabilitation. The consultant has submitted a nomination for the Davenport East Side Industrial and Motor Row Historic District.

The proposed district is located from Perry Street to the west between E. River Drive and E. 2nd Street jogging east to E. Pershing Avenue to E. 3rd Street east to Iowa Street south to E. 2nd Street terminating at the Government Bridge, south to the 200 block of E. River Drive.

Finding:

The proposed District would achieve consistency with Criteria A: Property is associated with events that have made a significant contribution to the broad patterns of our history.

The Historic Preservation Commission recommended approval of the Davenport East Side Industrial and Motor Row Historic District and authorized the Chairperson to sign the Certified Local Government Review Form at its January 8, 2018 meeting.

The Vote to approve was 5-yes, 0-no, 0-abstention.

RE: **Davenport East Side Industrial and Motor Row Historic District**  
[https://drive.google.com/drive/folders/1thqUfVgNvot--XOk2NmBZT4-a\\_IdVE5x?usp=sharing](https://drive.google.com/drive/folders/1thqUfVgNvot--XOk2NmBZT4-a_IdVE5x?usp=sharing)

Dear Mr. Rusnak:

The State Nominations Review Committee (SNRC) plans to consider the property referenced above for nomination to the National Register of Historic Places during their February 8, 2019, meeting. To view or download the associated nomination and photographs, click on the link listed above.

As a participant in the Certified Local Government Program, the Historic Preservation Commission is required to review and comment on proposed National Register nominations of properties within its jurisdiction. The State is required to provide you with a 60-day period for the review, unless we mutually agree to expedite the process. I am contacting you to ask that you initiate the review process for the Historic Preservation Commission. As an attachment to this notification email is a copy of the review form.

The review process will require the following:

- ◆ The Historic Preservation Commission should review the nomination during one of their meetings. In advance of the meeting, please send a formal invitation to your chief local elected official (the mayor or chair of the Board of Supervisors) with a copy of the nomination. You also need to send a formal invitation to the property owner/owners. If they are not familiar with the National Register of Historic Places, information about listing and the benefits of nomination is available at <http://www.nps.gov/nr/> (see especially the Frequently Asked Questions and Owners sections): You also need to make available copies of the nomination for public review before the meeting. For example, leave a review copy at the courthouse and public library. Please indicate in your public meeting announcement that a review copy of the nomination is available and where the review copies can be found.
- ◆ The question for the Historic Preservation Commission to answer when reviewing the nomination is whether the nominated property meets the National Register of Historic Places criteria for significance and integrity (see Bulletin 15, How to Apply the National Register Criteria for Evaluation). If the Commission feels that the property and the nomination meets the criteria, the Commission should check the box recommending that the property be listed. If the Commission feels that the property does not meet the criteria, then check the box recommending that the property not be listed. Your chief local elected official should use the same approach when reviewing the nomination.
- ◆ You might want to invite the individual who prepared the nomination to attend the public meeting and present the nomination. Please keep a record of the meeting (copy of the public notice, agenda, minutes, list of attendees). At the conclusion of the meeting, the Commission should make a motion regarding their

recommendation. The Chairman of the Commission will complete Item #1, the Commission's portion of the review form. Be sure to fill in the date of the public meeting, sign the signature line and record any comments made by commission members during the meeting. If your chief local elected official attended the public meeting, inquire if he/she is prepared to sign the review form.

- ◆ In the event that your chief local elected official was unable to attend the meeting, the Commission Chairman should forward the review form to him/her for review and comment. Have your chief local elected official sign the form and return it to the Historic Preservation Commission.
- ◆ Item #3 on the Review form asks for the review and signature of a preservation professional. If your commission does not have a professionally qualified historian or architectural historian who can complete this part of the form, you may leave Item #3 blank and I will arrange to have a SHPO staff member complete that part of the form.
- ◆ After you have completed Items #1 through #2 (through #3 if a preservation professional is available), please make a copy of the completed review forms for your file and send the original copies of the completed forms to me.
- ◆ The Commission should keep the nomination and photographs. File them in your inventory, as you will need the information for future reference.

If the Historic Preservation Commission and your chief local elected official disagree with one another on the property's National Register eligibility, both views will be presented to the SNRC for their consideration during review of the nomination. If both the Historic Preservation Commission (by Commission majority) and the Mayor do not consider the property eligible for National Register listing, we must halt the nomination. Be advised that when a nomination is halted, the property owner, the person who prepared the nomination or any interested party may appeal the decision. In addition, the nomination will still go forward to the National Park Service for an official "Determination of Eligibility."

Please contact Paula Mohr at 515-281-6826 or [paula.mohr@iowa.gov](mailto:paula.mohr@iowa.gov) with any questions or concerns regarding the CLG program or the process for this review. You can find the answers to frequently asked questions on our website, such as the meaning of being listed on the National Register of Historic Places or the National Register process <https://iowaculture.gov/history/preservation/national-register-historic-places>.

# National Register of Historic Places Registration Form

This form is for use in nominating or requesting determinations for individual properties and districts. See instructions in National Register Bulletin, *How to Complete the National Register of Historic Places Registration Form*. If any item does not apply to the property being documented, enter "N/A" for "not applicable." For functions, architectural classification, materials, and areas of significance, enter only categories and subcategories from the instructions. **Place additional certification comments, entries, and narrative items on continuation sheets if needed (NPS Form 10-900a).**

## Narrative Description

### Summary Paragraph

The site of the Davenport East Side Industrial and Motor Row Historic District consists of six-and-half blocks containing 28 buildings, one former rail siding, and one railroad crossing bridge in Davenport, the county seat of Scott County. Davenport is situated on the eastern border of Iowa, located along a prominent bend in the Mississippi River where the river flows west rather than its more typical southern flow. (Svendsen and Bowers) Directly across the river lies Illinois and the Rock Island Arsenal. The Historic District is located on the east end of the downtown Davenport commercial business district, one block north of the river and encompasses about 6 acres. The buildings are primarily located on east-west streets: E. 2<sup>nd</sup> Street, Emerson Place (the alley where the former rail spur was overlaid), E. 3<sup>rd</sup> Street, and a half block of E. River Drive. The Davenport East Side "Motor Row" Historic District boundaries on the east jog from Perry Street to Pershing Street; at the south they extend to E. River Drive and jog to Emerson Place and E. 2<sup>nd</sup> Street. On the east and north the boundaries follow the diagonally curving railroad bed (formerly the Chicago, Rock Island and Pacific Railroad's line), with earthen berms supporting the double rail tracks that continue over intersections including E. 3<sup>rd</sup> Street, with stone abutments upholding plate girders and Warren through-truss bridge spans. The rail tracks connect to the Rock Island Arsenal Bridge (locally known as "Government Bridge"), a historic 1896 steel double-deck train/vehicular/pedestrian bridge that extends from E. 2<sup>nd</sup> Street across the Mississippi River to the Rock Island Arsenal Island; the bridge is part of the Rock Island Arsenal National Historic District (NRHP 1969) and played a key role in the commercial development of Davenport.

The Davenport East Side Industrial and Motor Row Historic District consists primarily of a concentration of attached and freestanding commercial and industrial buildings located on the eastern edge of the downtown central business district. The buildings together form a cohesive grouping that conveys the significance of the district as redeveloped in the early twentieth century by business leaders and city government into light industrial uses that came to include the city's automotive-related Motor Row. Overall, the buildings, historic rail siding site, and railroad crossing bridge within the Davenport East Side Industrial and Motor Row Historic District are in good condition and retain sufficient historic integrity to portray their significance as part of the late-nineteenth- and early-twentieth-century central business district's light industrial district-turned-Motor Row that continued to play an important role in the local automotive industry until the era of the Interstate freeway construction. River flooding, fires, building collapses, convention center construction, and parking lot development have eroded the historic building stock directly outside of these boundaries. This elevates the importance of these rare-surviving buildings within the historic district boundaries.

### Narrative Description

#### *Topography:*

Topography has played a key role in shaping the development of this Historic District and the larger Davenport central business district, which is located between the Mississippi River and the northward-sloping bluffs above 5<sup>th</sup> and 6<sup>th</sup> streets. The first gridded plats were oriented toward the river, which played an

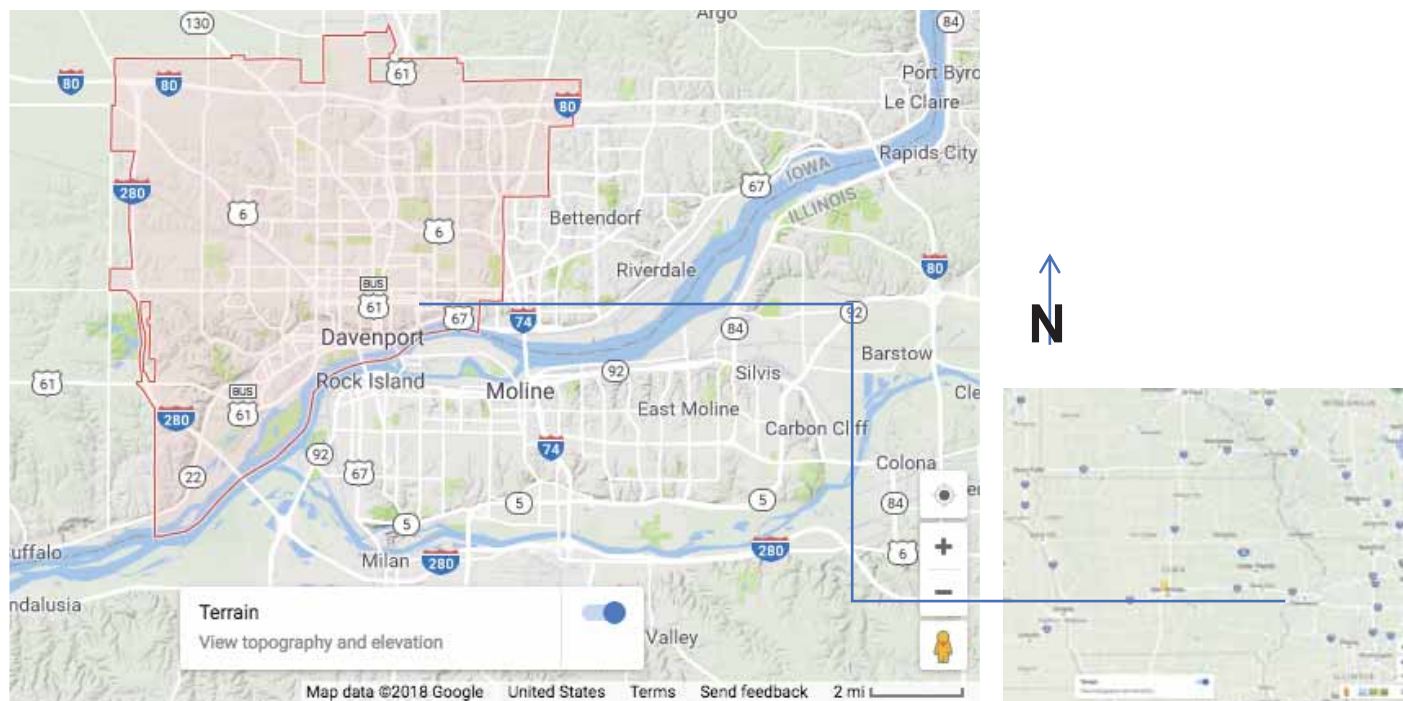

Davenport East Side Industrial and Motor Row Historic District

Scott, Iowa

Name of Property

County and State

important role early on for the industrial development of this area. Ferry connections and 1850s rail connections helped spur growth along the riverfront; construction of the 1872 Rock Island Arsenal bridge that connected to E. 2<sup>nd</sup> Street further spurred commercial and light industrial development. The flood-prone lower streets eventually led to most retail moving out from the streets closest to the river, from riverfront to E. 2<sup>nd</sup> Street. Today the land in the East Side Historic District slopes gradually from E. River Drive up, but is relatively flat now after numerous grading projects over the decades.

Figures 1 and 2: Location terrain maps showing City of Davenport (outlined) and the other “Quad Cities” on the eastern border of Iowa and in Illinois across the Mississippi River. (Google, 2018)

#### Setting and Other Historic Properties:

Davenport is one of five cities clustered along this stretch of the Mississippi; together they constitute the self-defined “Quad Cities”—Bettendorf, Iowa, and Rock Island, Moline, and East Moline Illinois. (Note: Originally self-identified as the “Tri Cities,” the industrial growth of Bettendorf boosted the number to four; growth of East Moline has added it to the metropolitan area but the name “Quad Cities” endures.) A series of bridges over the river connect the cities, including the fourth-generation 1896 Rock Island Arsenal Bridge (known as “the Government Bridge”; NRHP 1969 as part of the Rock Island Arsenal Historic District), which connects from the Davenport central business district via E. 2<sup>nd</sup> Street. The Davenport East Side Industrial and Motor Row Historic District occupies the easternmost portion of Davenport’s central business district, historically a mixed-used neighborhood demised at Perry Street on the west extending east and north to the curving Chicago, Rock Island & Pacific rail tracks and connecting Government Bridge, and to the south the riverfront where runs another rail track. The Historic District encompasses the extant remaining light industrial and automotive-related buildings, bounded by the north side of E. River Drive at the southernmost, the north side of E. 3<sup>rd</sup> Street at the northernmost, the east side of Perry Street at the easternmost, and the Government Bridge and connecting curving elevated train track at the easternmost. (Note: “Light industrial” is defined here as relating to manufacturing that uses moderate quantities of power and partially processed materials, as well as wholesaling, jobbing, and warehousing.)

County and State

Figure 3: Map shows the Davenport Central Business District, roughly bounded by the riverfront to the south, elevated railroad track to the north and east connecting to the Government Bridge, and Western Avenue (one block from the Centennial Bridge access of Gaines Street) to the west. (Scott County Assessor, 2018)

Underpinning the built environment in the Historic District are the plats filed by Davenport co-founder Antoine LeClaire, LeClaire's 2<sup>nd</sup>, 3<sup>rd</sup>, 4<sup>th</sup>, and 5<sup>th</sup> additions. The additions use a standard grid of square blocks, with east-west alleys bisecting the blocks, creating rectangular lots facing north and south—except for irregular lots that abut the diagonal train tracks that define the eastern and northern boundaries of the Historic District and the greater central business district. The grid is based on the 1836 “Original Town” plat for Davenport, located on the western edge of the current central business district, and co-founded by LeClaire, the eponymous George Davenport, and others. (Svendsen and Bowers: 1-2)

The Historic District is surrounded by historic districts and individually listed buildings in the National Register of Historic Places. North of the Historic District, beyond the 1902 elevated train track of the Chicago, Rock Island & Pacific Railroad, lies the Crescent Warehouse Historic District (NRHP 2003), which contains multi-story factory, warehouse, and rail-related buildings. (Svendsen: 7-1) South beyond E. River Drive and another rail line lies the Government Bridge (NRHP 1969) and the floodprone riverfront, which has a long history of flooding up to E. 2<sup>nd</sup> Street, leading to the damage and loss of some light industrial buildings such as the four-story masonry warehouse that had stood at the location of today's Bechtel Park, 401 E. 2<sup>nd</sup> Street; farther west a portion of the riverfront was turned into an early-twentieth-century park that includes the NRHP-listed 1918 Dillion Memorial fountain and 1924 W.D. Petersen Memorial Music Pavilion bandshell. To the west of Perry Street lies the balance of the central business district, which includes more than 30 buildings listed in the National Register of Historic Places reflecting the financial, retail, entertainment, governmental, and institutional uses (majority NRHP via Davenport, Iowa, MRA, 1983-1984); in addition, a forthcoming Davenport Main Street Commercial Historic District is now underway. Historically, hotels clustered around Perry Street, where an early train depot (nonextant) brought passengers; the 1931 ten-story Hotel Mississippi/

Davenport East Side Industrial and Motor Row Historic District

County and State

RKO Orpheum Theater (now called the Mississippi Lofts and Adler Theatre, 106 E. 3<sup>rd</sup> St., NRHP 1998), 1915 eleven-story Blackhawk Hotel (200 E. 3<sup>rd</sup> St., NRHP 1983), 1980s and 1990s RiverCenter convention center complex (136 E. 3<sup>rd</sup> Street, 201 E. 3<sup>rd</sup> Street, and 104 E. 2<sup>nd</sup> Street), and 1996 six-story Radisson Hotel (111 E. 2<sup>nd</sup> Street) maintain the tradition.

The east-west streets within the district are, from south to north: E. River Drive (Highway 67), a thoroughfare boulevard with two lanes of traffic in each direction and no parking, which passes under the Government Bridge; Emerson Place paved alley that had rail trackage overlaid in the early 1900s (rail nonextant); Emerson Place narrow alley where the rail siding was added in the early 1900s; E. 2<sup>nd</sup> Street single lane two-way traffic with a mix of parallel and diagonal parking, with sharp turn to connect with the Government Bridge's southbound lane; and E. 3<sup>rd</sup> Street single-lane east-flowing one-way traffic with parallel parking. The north-south streets within the district are, from east to west: Iowa Street, Pershing Avenue, and Perry Street; all three are single lane two-way traffic with a mixture of angled and parallel parking. Nearly all intersections are controlled by traffic signals. There are public concrete sidewalks on these streets, limited street trees, and typical municipal signage. East-west paved alleys exist between the north side of E. River Drive and south side of E. 2<sup>nd</sup> Street (now named Emerson Place), and between the north side of E. 2<sup>nd</sup> Street and south side of E. 3<sup>rd</sup> Street.

Figure 4: Map shows the Davenport East Side "Motor Row" Historic District boundaries. Note: Rail bridge to be added in next draft. (Scott County Assessor, 2018)

#### Building and Resource Count:

The district contains 22 contributing resources, as well as two properties that were previously listed in the National Register of Historic Places individually and that also contribute to the district. The six non-contributing resources currently lack sufficient integrity to contribute to the district because the facades are

Davenport East Side Industrial and Motor Row Historic District

Scott, Iowa

Name of Property

County and State

covered by post-Period of Significance (post-POS) cover-up materials that obscure the historic massing and siding, or the buildings have undergone modern façade renovations that have removed or obscured significant historic fabric. The remodeling of older commercial and light-industrial buildings via new facades and expansion in some cases complicates the building count. Separation via structural devising walls, the historical building record, as well as the duration of the functional relationship have been taken into consideration in counting buildings.

The Davenport East Side Industrial and Motor Row Historic District encompasses nearly all the pre-1960 industrial and commercial buildings in the vicinity, plus the former fire station, except for scattered buildings that have been greatly altered or covered with post-POS materials. The district includes mainly one- to three-story brick buildings with first-floor storefronts, some with historic garage door bays; where upper stories are present, historically they served light industrial, warehouse, office, or residential uses. The late-nineteenth-century buildings are stylistically Italianate; the early-twentieth-century buildings range from Commercial Style, Prairie Style, and early-twentieth-century Revival styles, Art Deco, Streamlined Moderne, or a utilitarian light industrial building otherwise without a style. Common details on Italianate buildings include arched windows (round top and segmental), stone windowsills and lintels, and pressed metal cornices; the 1877 former fire station includes a hose tower. Details on early-twentieth-century buildings vary from decorative brickwork and stonework, ceramic tile and stucco, terra-cotta and concrete detailing, cornice treatments and shaped parapets; a few of the warehouse and automotive service-related buildings are undecorated utilitarian. Multi-story buildings have two-part fronts, with storefronts visually separated from the upper stories. Most of the architecture appears to have been designed and built by Davenport building professionals, however, at least one building appears to be a likely example of corporate architecture (Firestone Tire and Rubber Company auto supply store and service center, 301 E. 3<sup>rd</sup> St.). Several of the auto-related commercial buildings are distinguished through architectural design; others are distinguished through materials such as fireproof concrete block construction and rear rail-car loading docks that opened to the rail tackage (nonextant) in the rear alley now known as Emerson Place. Signage largely is painted or affixed to building facades or windows; some historic painted signs remain.

#### *Overview of Historic Building Use within the Historic District*

The East Side "Motor Row" Historic District contains a variety of light industrial and commercial buildings constructed and/or used for manufacturing, jobbing/warehousing, automobile and carriage industry, and rail-related transportation. This Historic District includes most of the historic light industrial and commercial buildings that survive on the near East Side. The manufacturing, jobbing, and warehousing buildings are located to the south, along the historic rail siding in the alley now addressed as Emerson Place. Carriage and automobile industry buildings are found at the northern end of the district, especially along E. 2<sup>nd</sup> Street and E. 3<sup>rd</sup> Street. Auto-related buildings include super service stations, auto dealerships, tire and auto parts service and stores, gas stations, implement dealership, and a taxi company garage. Rail-related resources directly or indirectly illuminate the use of rail: the rail siding location in an east-west alley (Emerson Place) between E. 2nd Street and E. River Drive, commercial and light industrial buildings built up to the rail siding with rear loading docks, and potentially an elevated rail bridge at E. 3<sup>rd</sup> Street.

A note about addresses: Some buildings historically used an address of two cross streets or proximity to a larger business. Some street names have changed: Rock Island Street became Pershing Avenue; E. Front Street became E. 1<sup>st</sup> Street and now E. River Drive; and the alley where a rail siding was located in the early 1900s is now labeled Emerson Place. Sanborn maps provide some addresses, but these do not always correspond with street numbers used in city directory listings. As such, current addresses are used as per the Scott County Assessor's Office, with known historic addresses noted in parentheses.

### *Building Alteration and Loss within the East Side*

As this nomination attests to, this light industrial and “motor row” historic district has been in the making and remaking since its early start with manufacturing along the Mississippi River. Flooding and fire have claimed a number of buildings through the decades, and reshaped others through post-disaster rebuilding and new construction. Given the flammability of materials within manufacturing and warehousing buildings, large destructive fires made front-page news, as will be discussed in Section 8. Scattered residential use continued through the period of significance, but most housing within this industrial historic district was removed in the early 1900s through 1920s, following concerted efforts to “clean up” the riverfront and remove “red light” districts including one that flourished around E. River Drive, E. 2<sup>nd</sup>, and E. 3<sup>rd</sup> streets between Perry Street and the Government Bridge. The early-twentieth-century riverfront redevelopment and late-twentieth-century convention center development also removed a range of light industrial and auto row buildings to make way for government construction projects. Blight removal has underpinned post-war government and private redevelopment projects—and these efforts have removed several blocks of pre-WWII building stock between E. River Drive and E. 4<sup>th</sup> Street. The rise of the automobile also has played a role in reshaping the nineteenth-century East Side landscape: Creation of parking lots has occurred since the mid twentieth century, to serve customers and display vehicles in East Side auto dealerships that once existed; and to clean up buildings deemed to be in poor condition. The loss of buildings in these ways, although unfortunate, further elevates the importance of those buildings that remain.

The contributing buildings retain their original form, ornament, and portrayal of their original use and design. Many of the windows have been replaced and storefronts have been remodeled through the decades, as is typical for buildings of their age and style. Although individual buildings have been altered, as a whole the district retains integrity of design, location, workmanship, setting, feeling, association, and materials. Few buildings have been altered so that they are no longer recognizable as contributing to the district. The buildings within the district retain facades that date to the period of significance, and there are few modern intrusions. Where buildings have been demolished, or lost to fires and flooding, parking lots or open space most often have replaced them, with most of these located outside of the district. Some paving/parking is historic auto-related paving.

### *East Side Historic Preservation Efforts*

Historic preservation in Davenport began in earnest the mid 1970s after city officials decided against building a central business district bypass from the Centennial Bridge at the southwest corner of the central business district to Interstate 80 to the north. Successful bicentennial-era historic preservation projects led Davenport in 1979 to become the first city in Iowa to hire a full-time historic planner, Marlys Svendsen, with a state grant. Svendsen undertook and directed surveys and National Register nominations, culminating in the 1982 publication of *Davenport, Where the Mississippi Runs West: A Survey of Davenport History & Architecture*, followed by the listing to the National Register of a dozen historic districts and nearly 250 individual buildings—the most in the Register of any Iowa city. (Svendsen and Bowers; Meginnis: 6;) The 1877 Hose Co. No. 1 fire station (117 Perry Street) was one such building listed in the National Register, and the elevated CRI&P rail bed and overpass bridges were also recommended for listing. However, some of the interwar auto row buildings in the East Side were not surveyed, as there were not yet eligible for the National Register, not having yet met the typical 50-year threshold. This city in 1986 added a historic preservation amendment to its comprehensive plan. However, the 1980s farm crisis hit Davenport hard, and “[h]istoric preservation took a backseat to survival,” according to Davenport historic preservation consultant Marion Meginnis’s 2016 report *Heritage in the Heartland: A Plan for Davenport*. “About the same time, “Rejuvenate Davenport,” was organized to find ways to revitalize a struggling downtown and a sagging regional economy. Their solution was to purchase and demolish buildings in the central business district, believing that the cleared parcels could entice developers. When the final building fell, more than fifty structures, some recently included in the National Register listing process, were gone.” (Meginnis: 6) The new RiverCenter convention center, opened in the early 1980s, combined new construction with rehabilitation of historic theater and hotel

Davenport East Side Industrial and Motor Row Historic District

Scott, Iowa

Name of Property

County and State

properties—and spurred interest in historic preservation along Perry and E. 2<sup>nd</sup> streets. (*Quad-City Times*, “Another boost for downtown,” December 18, 1984: 3) Restoring the former fire station to its 1877 appearance guided by historic photographs became Rejuvenate Davenport’s first historic preservation project, completed in 1988. Three other adjoining East Side buildings were also restored in the late 1980s: the produce commission building at 111 Perry Street, G.F. Knostman Building, 207-209 E. 2<sup>nd</sup> Street, and the Crane Building, 220 Emerson Place, which received a preservation award from the Scott County Historic Preservation Society in 1987. (*Quad-City Times*, “Historic group to give honors,” October 4, 1987: 1F; “Davenport fire station acquires a new purpose,” August 1, 1988: 17) Meanwhile, interest in converting industrial buildings into lofts sparked creation of the Crescent Warehouse Historic District, listed in 2003; developers also took interest in some of the industrial properties within the East Side Motor Row Historic District. Meanwhile, artists and supporters banded together to open the Bucktown Center for the Arts in a former wholesale grocery warehouse (225 E. 2<sup>nd</sup> Street), offering studio, gallery, and workshop space as of 2005. (*The Dispatch and the Rock Island Argus*, “Figge and Bucktown celebrate five years,” July 29, 2010: B1) A 2010 historical resurvey of the central business district by Alexa McDowell noted the light industrial and automotive uses of buildings within the East Side. Several historic tax credit and private rehabilitations have been undertaken since then.

#### *Integrity of the District:*

While some changes and limited parking lots have been the result of tenants and property owners remodeling or rebuilding to attract customers and tenants during the period of significance, other changes have occurred due to flooding, fires, storm damage, and building collapses. Fires and natural disasters have damaged and destroyed buildings that once stood adjacent to the historic district and others that could have contributed to the district. The nearby convention center and parking garage development also has occurred post-POS. Despite such alterations, the district as a whole retains a significant group of buildings containing essential physical features set within the historic layout along the grid street system to represent the significance to the community. Examining the seven aspects of integrity demonstrates this:

Location: The district and buildings within it remain in their original locations. With regard to location, its integrity is excellent.

Design: The grid and alley layout of the district was established by nineteenth-century developers and further shaped by merchants and local government seeing the need and opportunity for commerce above the flood-prone river bottoms. Buildings within the district range from utilitarian to stylized architectural statements. These groupings of buildings and the streetscapes they create, particularly along E. 2nd Street and E. 3rd Street are largely intact and historic. All elements of the district contribute to the form, plan, space, setting, and style of a Midwestern light industrial / auto row district developed and continually redeveloped from the mid nineteenth century through the mid twentieth century. Some exhibit excellent integrity of design. Other buildings retain fair to very good integrity.

Setting: Overall the integrity of setting is good to fair, depending where in the district one is standing. The character of the district remains intact, nestled against the elevated train bed and the connecting Government Bridge. Sidewalks, streets, and alleys remain in place and operational. The removal of commercial buildings outside the historic district boundaries, particularly to the west and south of the district, began during the period of significance and has been mitigated to a degree within the last decade by sensitively designed infill mixed-use development that contains retail storefronts along sidewalks with two to four stories of housing units above—retaining the historic lower building profile of the greater East Side downtown area.

Materials: The integrity of materials remains good. Buildings within the district retain character-defining features and historic fabric. Missing cornices, upper-level window changes, and storefront window and entrance doorway remodeling have resulted in loss of some historic fabric—although some of these changes

Davenport East Side Industrial and Motor Row Historic District

Scott, Iowa

Name of Property

County and State

should be considered historic given that they occurred during the period of significance. Other changes are cosmetic, with cover-up materials merely obscuring original materials.

Workmanship: The integrity of workmanship is good to excellent. The craftsmanship of the district is largely that of masons who neatly laid brick and clay-tile walls with tidy fenestration openings and some decorative inlaid patterns and detailing on parapet walls, as well as some detailed cast-stone accents. The craftsmanship of stoneworkers is found less frequently, but is represented in masonry buildings featuring carved and chiseled stone elements.

Feeling: Collectively, the buildings within the district portray the neighborhood's hardworking light industrial – auto row commerce through the decades—and reflect the continual evolution that typify Midwestern auto row nodes as well as the ever-unfolding history of the this eastern portion of downtown. Architectural details on the retail buildings and streetscapes within the district continue to express the unique historic character of the area and help visitors to experience the history and importance of the East Side "Motor Row" Historic District as a place of retail shopping with offices and residences in upper levels.

Association: Viewed together, the buildings retain a high degree of association because the surviving physical features and streetscapes, which directly connect visitors to the history of the district as an important light industrial and auto row destination, located in the shadow of the Government Bridge. Due to a new generation of building owners, merchants, and residents, the historic district is undergoing a retail and housing renaissance: Once again, the streets bustle with pedestrians, cyclists, and automobiles on their way to places within the district that continue their historic uses as storefront retail establishments with upper-level offices and residences.

## 8. Statement of Significance

### Applicable National Register Criteria

(Mark "x" in one or more boxes for the criteria qualifying the property for National Register listing.)

- ☒ A Property is associated with events that have made a significant contribution to the broad patterns of our history.
- ☐ B Property is associated with the lives of persons significant in our past.
- ☐ C Property embodies the distinctive characteristics of a type, period, or method of construction or represents the work of a master, or possesses high artistic values, or represents a significant and distinguishable entity whose components lack individual distinction.
- ☐ D Property has yielded, or is likely to yield, information important in prehistory or history.

### Criteria Considerations

(Mark "x" in all the boxes that apply.)

Property is:

- ☐ A Owned by a religious institution or used for religious purposes.
- ☐ B removed from its original location.
- ☐ C a birthplace or grave.
- ☐ D a cemetery.
- ☐ E a reconstructed building, object, or structure.
- ☐ F a commemorative property.
- ☐ G less than 50 years old or achieving significance within the past 50 years.

### Areas of Significance

## Statement of Significance

**Statement of Significance Summary Paragraph** (Provide a summary paragraph that includes level of significance, applicable criteria, justification for the period of significance, and any applicable criteria considerations).

The Davenport East Side Industrial and Motor Row Historic District is locally significant under Criterion A for Commerce, Industry, and Transportation. The commerce and industry represented includes warehousing, specialty manufacturing, and automotive-related commerce typical in Davenport during the late nineteenth and early to mid twentieth centuries, including wholesaling, furniture and food manufacturing, and carriage and auto-related industries. The district's commercial and industrial building stock includes rare-surviving examples of automotive and industrial building types and styles in an evolution of architectural styles and responses; also included is an 1877 fire station, built by a private fire brigade to provide fire protection to commercial and industrial businesses. Transportation is represented via adjoining railroad grade and bridges and the location of a former rail siding that played an important role in local early 1900s efforts to redevelop the southern portion of the neighborhood from a red light district into an industrial area, as well as for some specific. The district provides a rare-surviving grouping of manufacturing, warehousing, automotive-related commercial, and railroad-related properties in Davenport. The period of significance is 1877, representing the date of the earliest resource in the district to 1959, representing the year prior to the opening of the interstate freeway north of the city, which would lead to changes in traffic and retailing patterns.

There are two previously listed resources: The 1877 Italianate Hose Company No. 1 fire station building (117 Perry Street, NRHP 1983) and the five-story Commercial Style Davenport Bag and Paper Company Building (301 E. 2<sup>nd</sup> Street, NRHP 2018). The fire station is representative of the flammable materials and operations present in a commercial and light industrial area; after private organization, it became a city-owned facility that operated until 1929, after which time it was used for auto-related commercial uses with upper social hall. The Davenport Bag and Paper Company Building was an early building in Davenport built of concrete.

## Narrative Statement of Significance (Provide at least one paragraph for each area of significance.)

(Iowa SHPO Additional Instructions: For properties not nominated under Criterion D, include a statement about whether any archaeological remains within or beyond the footprint of the property were assessed as part of this nomination under the subheading **Archaeological Assessment**.)

### *Brief Commercial, Industrial, and Rail History of Davenport East Side*

Davenport began in 1836 as a riverfront town platted opposite the military Fort Armstrong located on the Rock Island (now Arsenal Island) in the Mississippi River. The nucleus of Davenport's commercial business district, today's downtown core, began as small square blocks oriented toward the river, platted by a group of speculators that included George Davenport, whose name graces the city, and Antoine LeClaire, a French-Indian interpreter, lawyer, and speculator. After a slow start to lot sales due to title uncertainty, LeClaire platted additions to the east on a reserve of land he had been granted while he was official American interpreter for the 1832 Black Hawk Treaty, which ended the Black Hawk War and turned over former Sac and Fox land to the United States Government. (Svendsen and Bowers: 1-2) Portions of LeClaire's 2<sup>nd</sup>, 3, 4, and 5<sup>th</sup> Additions make up the East Side Motor Row Historic District; the blocks are square with east-west alleys serving north-south lots. Early settlers were Yankees from the East. Meanwhile, in 1840, Davenport prevailed in being the Scott County seat, and European wars and famine led to Germanic and Irish immigrants settling in Davenport. (Svendsen and Bowers: 1-3-1-4)

Adding value to LeClaire's own eastern plats was river traffic and railroad building, which came to place Davenport at a national crossroads of trade. (Wood: 10) As noted by Svendsen and Bowers: "Illinois communities opposite Davenport were favored with similar transportation advantages, but with Davenport's location on the western side of the Mississippi proved a special aid. With the tide of settlers moving from east to west it was logical and economical to unload supplies and people closer to the area of expansion." (Svendsen and Bowers: 1-4) "The earliest East Side commercial and industrial development occurred along

Davenport East Side Industrial and Motor Row Historic District

Scott, Iowa

Name of Property

County and State

the riverfront, centered on E. Front Street (now E. River Drive). Ferries landed at Main Street a few blocks west and steamboats from St. Louis brought passengers, cheap bulk goods, and commerce. But railroads would revolutionize Davenport's role as a gateway to the west and reshape the commercial and industrial riverfront in Davenport, including the East Side. In the 1840s Davenport promoters began investing in the bringing of a rail line from Chicago to Rock Island, rechartered as the Chicago and Rock Island Railroad, it was completed to the Mississippi River in 1854; Davenport lawyer and jurist Judge James Grant became president of the company. A private bridge company formed in 1853 to build the first Mississippi rail bridge, completed in 1856; its location would shift in rebuilding it in 1872 as the Government Bridge and again in 1896. (Svendsen and Bowers: 3-1-3-2) Meanwhile, in 1852 LeClaire and other Davenporters including the city and county invested in building a rail from Davenport to Council Bluffs, Iowa, first incorporated as the Mississippi & Missouri Railroad Company; (the line merged with the Rock Island Railroad after the Civil War to become the Chicago, Rock Island & Pacific Railroad, with Council Bluffs reached in 1869, and transcontinental connection to California from Omaha reached the same year. (Wood: 10)

Other railroads followed in Davenport and the Illinois side, opening additional avenues for trade while decreasing importance of river traffic. According to Svendsen and Bowers: "Construction of the various railroads between 1865 and 1900 caused significant changes for Davenport.... [T]he railroad construction boom caused local land values to soar, commerce and industry to expand and compete more vigorously.... Davenport's position as a regional center was enhanced. Business from western communities funneled into the city from both the main line and branches.... Davenport became the place for consolidating and warehousing shipments and for farmers to gather to market their products." (Svendsen and Bowers: 3-5) After 1900, railroads improved upon existing systems. And Davenport increasingly became a jobbing center, distribution point, and diversified manufacturing location with a mix of local industries and branch factories for national corporations. Of particular note, in 1901-1902, the CRI&P elevated its track that runs diagonally from the Government Bridge to East 5<sup>th</sup> Street and west through the central business district. Davenport's population doubled from post Civil War era of some 20,000 to about 40,000 by 1910. (CITE•)

A related property that is already part of the part of the Rock Island Arsenal National Historic District (NRHP 1969), the Government Bridge is the oldest surviving Mississippi rail crossing in the Iowa-Illinois region. The first generation wood Rock Island Arsenal Bridge, built in the mid 1850s east of the current Government Bridge, was the first permanent bridge across the Mississippi; the bridge location shifted to its current configuration with construction of the 1872 third-generation bridge. The 1872 steel double-deck bridge provided a single lane for trains and a single lane for vehicles, plus pedestrian access from Davenport's central business district at E. 2<sup>nd</sup> Street. Traffic congestion led Congress in 1895 to authorize the War Department to build a larger bridge, with double lanes as well as the double deck. Chicago engineer Ralph Modjeski, in his first major bridge commission, remodeled the substructure and designed a new superstructure. (Hess: 1-3) Completed in 1896, the steel bridge by the Phoenix Bridge Company of Pennsylvania is situated on the remodeled stone piers of the 1872 third-generation bridge; the 1,854-foot-long bridge incorporates five spans: Baltimore through truss swing bridge with pratt truss and steel beam approaches. (Moy and Karlowicz: 89) The bridge's swing span is encased in the 1931-1934 Lock & Dam No. 15, Upper Mississippi River (Arsenal Island), the first lock to be built as part of the Mississippi River Nine-Foot Channel Project, Rock Island. In 1902, the Chicago, Rock Island and Pacific Railroad completed a track elevation project that brought a curving elevated bed and bridge spans from the Government Bridge through the northern edge of the central business district along 5<sup>th</sup> Street. The rail lines are now operated by Iowa Interstate Railroad. During the period of significance, the Government Bridge provided the only rail/vehicle/pedestrian entrance point into the City of Davenport from Illinois, aside from ferry and barge. In 1898, the bridge averaged 5,000 people a day in good weather, via streetcar (190 streetcar trips), horse-drawn vehicles (about 1,200 teams), and by foot (more than 3,200) — excluding passenger trains. (*The Davenport Democrat*, "Items in Brief," October 7, 1898: 1) This traffic brought great numbers of residents of Iowa and Illinois through the east end. This eastern entrance into the city via the Government Bridge remained an important trans-Mississippi transit point even after the 1936 opening of the Iowa-Illinois Memorial

Bridge toll-way between Bettendorf and Moline and the 1940 opening of the Rock Island Centennial Bridge toll-way between Rock Island and Davenport (exit/entrance at Gaines Street and W. 2<sup>nd</sup> Street a few blocks west of the Davenport central business district). In the 1930s, motor traffic on the Government Bridge averaged 9 million vehicles a year; in contrast, the Iowa-Illinois Bridge only saw 600,000 vehicles its first year. (*Quad-City Times*, "Happy 60th, Centennial Bridge," July 11, 2000: B1)

*East Side Proliferation of Vice in "Bucktown," 1880s – 1909*

In the late 1870s—as river, rail, and arsenal traffic through the East Side intensified and housing development pushed north near the location of large brothels on the outskirts of Davenport—saloons, gambling, and prostitution began relocating to smaller more discreet locations in the East Side. By the end of the 1880s, the former mixed-use neighborhood had become a red light district known as "Bucktown," as carefully researched by historian Sharon E. Wood, who detailed the impacts of prostitution and vice in Davenport from 1875 through 1910 in her book *The Freedom of the Streets: Work, Citizenship, and Sexuality in a Gilded Age City*. (Wood: 213) The rails and the river contributed to transient populations, including traveling salesmen, soldiers stationed at the Arsenal, river boat and railroad workers, lumbermen floating timber rafts down the Mississippi River intermixed with the migration of women leaving rural areas to seek work in urban centers like Davenport. Wood notes that just as Davenport was an important division point on the Rock Island rail line and manufacturing base, it was also the shopping and entertainment center for the trans-Mississippi region; residents of the Tri Cities along with transients came to Davenport to shop on W. 2<sup>nd</sup> Street, attend events at the Burtis Opera Hall (415 Perry Street) and other halls, and visit beer gardens, resorts, and billiard parlors—and some to partake of the scores of saloons and numerous prostitutes. (Wood: 11-12) Davenport's culture and the type of entertainment found there were shaped in part by the Germanic immigrants, who imported music, theater, beer making and drinking, socialism, and opposition to women's suffrage.

An 1885 snapshot of downtown prostitution, created by Wood comparing the 1885 Iowa census, 1886 Sanborn fire insurance map, and 1885 city directory, shows: "The heaviest concentration of brothels lay within a triangle bounded by Front Street [now E. River Drive] along the river to the south, Brady Street to the west, and the Chicago, Rock Island & Pacific (CRI&P) embankment starting at the foot of the Government Bridge and angling northwest toward Fifth Street.... Like most central urban neighborhoods in the 1880s, this was a mixed-use district where dwelling places, factories, and shops crowded close together.... The CRI&P yard—with its noisy round-the-clock traffic—lay just east of the tracks. A coal-gas plant spewing noxious fumes loomed nearby. With three-fourths of the city's livery stables in the neighborhood, residents enduring more than their share of dung heaps.... [I]t was a neighborhood where prostitutes plied their trade alongside other struggling women and where legitimate businesses rubbed shoulders with illicit ones." (Wood: 25-26) *The Daily Times* noted in 1889 that prostitutes operating around the new expanded candy factory for Reimers & Fernald at 213-215 E. 2<sup>nd</sup> Street "make the neighborhood of Messrs. Reimers & Fernald's candy factory a most undesirable place for the employment of decent girls." (*The Daily Times*, "Reimers & Fernald," December 28, 1888: 4)

3250 N. 41st Avenue

CHICAGO, ILL.

Figure, left: "Keep Out of Bucktown" reads the caption below a 1903 cartoon illustrating a satirical piece about Bucktown titled "Tinhorn Toots," with a sketch of a saloon storefront as part of the "illuminated" letter. (Davenport Democrat, "Tinhorn Toots," June 14, 1903: 4) Figure, right: Advertisement for the 1908 "Hell at Midnight in Davenport," a self-described 200-page book about "municipal vice," corrupt police, and Bucktown saloons and brothels. (The West Coast Magazine, Hell at Midnight ad, January 1910, Vol VII No. 4: 5)

What was deemed illicit elsewhere in Iowa was embraced in Davenport. Iowa enacted a state prohibition against alcohol in the 1880s, but Germanic-influenced Davenport city government did not enforce it. Some 200 saloons operated, and the city collected a licensing fee on them. After high profile cases of prostitution, rape, and city protection of brothels in the late 1880s through 1892, the city hired a police matron who oversaw women and children (such as for inebriation and prostitution) in 1889. In 1893, mayor Henry Vollmer instituted a system of licensed prostitution, which would continue through April 15, 1909. (Wood: 178) The city registered prostitutes and assessed a monthly fine that operated as a license fee. Davenport's registration was a European approach to prostitution modeled after that used in Hamburg, Germany, as opposed to Davenport's prior approach of toleration, and women's temperance organizations' preferred approach of suppression. (Wood: 151-159) An 1894 state statute, the mulct law, continued the ban on the sale or manufacture of alcoholic beverages, but also provided cities with populations over 5,000 (such as Davenport) with the local option of assessing a tax on saloons in lieu of prosecution. The saloon and prostitution licensing fees became money makers for the city, bank rolling the 1894 new City Hall (4<sup>th</sup> Street). (Wood: 181) The saloon and prostitution businesses were complimentary, encouraging an even great concentration to operate within the East Side "Bucktown." "Saloons crowded into the neighborhood, and it rapidly grew to include dance halls, bawdy theaters, and gambling dens catering to the same male audience that visited the brothels," Wood found. (Wood: 210) Comparing city directories from 1892-1893 before the mulct law and 1900, revealed 50 of 192 saloons (26 percent) operated in Bucktown as of 1892, while 47 of 146 saloons (32 percent) operated in the same area as of 1900. (Wood: 181-182) And looking at census figures, Wood calculated that for every 21 Davenport women working legitimately, one woman worked as a prostitute (nearly 4 percent of the female workforce). (Wood: 217)

In 1903, Catholic Bishop Cosgrove of Davenport took a stand against vice, instructing all five Davenport Catholic churches to start a crusade from the pulpit—and invited all creeds to participate. In an interview with

Davenport East Side Industrial and Motor Row Historic District

Scott, Iowa

Name of Property

County and State

*The Davenport Democrat*, buried on page 6, he called Davenport the wickedest American city of her size, and announced he would target the ills of gambling, prize fighting, all-night and Sunday saloons, wine rooms serving young women until inebriated, and prostitution. In an interview with *The Davenport Democrat*, Cosgrove gave the following explanation for his crusade: "I like Davenport. I like its people, and its young people; and I don't like to sit still while it is going to the devil.... I have heard enough, and I have sufficiently told by men who travel and have the chance to know, to convince me that we have a city here with worse conditions of immortality than any other town in America. I believe from what I have heard that Davenport is the wickedest of them all." (*The Davenport Democrat*, "A Moral Crusade May Soon Sweep Davenport," January 19, 1903: 6) Midwestern newspapers picked up the story, including *Hearst's Chicago American*, which detailed the experience of a young actress who appeared at a Bucktown theater on E. 2<sup>nd</sup> Street and "rather than drink a bottle of champagne with the son of one of Davenport's wealthiest men and his roistering companions, defied her manager and was turned penniless into the street at midnight." Elsewhere in the issue, the *Republican* sarcastically reported on two aldermen making a first-ever tour of Bucktown to learn of its ills under the headline "The Naughty Things the Alderman Found." (*Davenport Republican*, "Was Great Sensation: Mayor Becker's Order With Regard to Wine Rooms," January 22, 1903: 6; "The Naughty Things the Alderman Found," January 22, 1903: 8) Cosgrove and the church tried negotiating with city leaders, but eventually hired lawyers to seek injunctions on seven saloons in Bucktown, but the effect was short lived. (Wood: 239-242) A June 1903 *Davenport Democrat* satire piece about Bucktown titled "Tinhorn Toots" (a "tinhorn" being a flashy gambler who pretends to be important but has little money, influence or skill, and a "toot" being an idle worthless creature) led with a sketch of a saloon storefront as part of the "illuminated" letter. It included a cartoon captioned "Keep Out of Bucktown." (*Davenport Democrat*, "Tinhorn Toots," June 14, 1903: 4)

The city rejected reform, and instead in 1904 mayor Harry Phillips enacted licensing for gambling, which brought additional money to city coffers. The city's embrace of vice became the subject of Illinois hardliner William Lloyd Clark's 1908 treatise against prostitution *Hell at Midnight in Davenport, or, The History of a City's Shame*. (Wood; *The West Coast Magazine*, "Hell at Midnight" ad, January 1910, Vol VII No. 4: 5) A variety of reformers in 1906 through 1908 attempted to force the city to curtail saloon operations and/or follow the mulct law; the Civic Federation's injunctions resulted in some saloons closing including the popular Brick Munro's Pavilion (229 E. 2<sup>nd</sup> Street; nonextant), which had operated a 24-hour saloon, with restaurant, cabaret, and dance hall. Despite inroads on saloons, vice continued in Bucktown until 1909, when the state legislature championed by Governor Albert Cummins of Des Moines passed several new laws designed to shut down such vice districts across the state. The "Cosson red light law" abolished houses of prostitution and gambling by empowering any citizen to bring an action in equity court in the name of the State of Iowa, and if evidence established it as a house of ill repute, the law required issuing a permanent injunction closing the business. (The Cosson law was named for its author, state attorney general George Cosson.) It was paired with a malfeasance law that held public officials accountable: It permitted any five citizens to take to court a mayor, county attorney, or police chief for failed enforcement of red-light abatement, potentially leading to removal from office. (Wood: 250-252; *The Davenport Democrat and Leader*, "Cosson Red Light Law Not Signed," May 25, 1913: 12, and "The Anti-Vice Crusade in Davenport," January 16, 1916: 1) Davenport Mayor G.W. Scott shut down brothels in spring 1909; a few weeks later, *The Daily Times* reported "for rent" signs in former brothel locations. (*The Daily Times*, "Not One Brothel Exists in City, May 27, 1909: 4)

#### *East Side Commercial and Industrial Growth during the Bucktown Era, 1877–1909*

Many of the extant buildings within the district demonstrate local significance under Criterion A –Industry.

- 1877: Fire King Engine House / Hose Co. No. 1., 117 Perry St., 2-story Italianate with 3-story hose tower designed by architect J.W. Ross, who also designed the City Hall building among others. The Fire Kings was an independent fire organization launched in the late 1850s. The city paid for the new engine house, with volunteers filling the fire fighting roles; in 1992 the city established a paid fire force. The fire department used the station as such through 1929; in 1930s-1950s the first floor was dedicated to automotive uses while

Davenport East Side Industrial and Motor Row Historic District

County and State

veterans from Battery B used the social hall on upper level. (*The Davenport Democrat*, "Laying of the Fire King Corner Stone," November 8, 1877: 1)

STATION NO. 1.

Figure left: c. 1902 view of the Hose Co. Station 1. (*History of Davenport Fire Department*, c. 1902)

Figure right: 1887 image verifies excellent integrity of this circa 1879 furniture manufacturing plant (207-209 E. 2<sup>nd</sup> Street). (*Huebinger Brothers*)

- By 1879: In 1879 the 3-story building 203 E. 2<sup>nd</sup> sold to G.F. and G.H. Knostman furniture makers; by 1882 Reimers & Fernald Candy Factory leased 201-203 E. 2<sup>nd</sup> Street; 3-story brick with plentiful windows for light and ventilation. 1886 Sanborn shows leased to candy company and saddlery; by 1893 converted to a saloon through circa 1915. Exterior remodeled possibly 1921 for auto dealership (city permit on file for \$1,000 exterior); also remodeled 1940 for DuPont Paint Store – 1955. (*The Davenport Democrat*, "Items in Brief," August 1, 1879: 1)

- Circa 1884: G.H. Knostman & Sons furniture factory, 207-209 E. 2<sup>nd</sup>; 3-story brick Italianate with stone sills and lintels built after fire destroyed an earlier plant for company founded in 1858. Furniture manufacturing through circa 1895, after which the works moved to 1405 E. River St. People's Union Mission 1898-1901; Salvation Army 1906-1910; Des Moines Patterns & Model Works 1915; Davenport Fruit Co. and Davenport Ice Cream Co. 1918; 1920-1931 by Davenport Candy Co. before it relocated to a new building; in advertising the 9,000 square foot space for rent, the rear tracks were listed as a benefit of the property. (*The Daily Times*, want ads, May 11, 1931: 17) Mace Chemical & Supply Co. circa 1942 – 1958.

- By 1886 Sanborn: Reimers & Fernald Candy Factory Addition, 205 E. 2<sup>nd</sup> St.; 3-story narrow brick to match 201-203 E. 2<sup>nd</sup> St.; by 1893, Hotel Linden, cited as a fire hazard in 1903 by city. (*The Davenport Democrat*, "The Fire Committee is Taking a Short Rest," January 18, 1904: 7) Tri-City Barber College circa 1915-1935; used by Toledo Scale with upper level apartments by circa 1940-1956.

Davenport East Side Industrial and Motor Row Historic District

Scott, Iowa

Name of Property

County and State

- 1887: Brick store built at 313 E. 3<sup>rd</sup> St. Two-story Italianate, with garage bay, storefront window, and upper window hoods. Painted ghost sign for carriage works on east side. (*The Morning Democrat*, October 29, 1887: 4) R. McCrellias blacksmith located his blacksmith shop on the first floor by 1888; and Charlie Benton opened a sale and feed stable at 313 E. 3<sup>rd</sup> St. Tri City Carriage Works was operating there by 1899, followed by Woeber Carriage Works (established 1889; at this location from c. 19079-c. 1936). (*The Daily Times*, October 7, 1907: 2)
- 1888: Reimers & Fernald Candy Factory #2, 213-215 E. 2<sup>nd</sup> St.; 3-story brick with stone foundation. Growing candy company built own factory for candy plus crackers, then sold to National Biscuit Co. 1900-1905. Building was vacant for a few years before Crane Co. plumbing supplies purchased the property and remodeled and expanded the factory into display room, offices, and warehouse for its operations; the west wall still shows the stone foundation and brick of the 1888 buildings. (*The Daily Times*, "Reimers & Fernald," December 28, 1888: 4) See Crane Building below for further information.
- 1900: R. Vogel warehouse and bottling works for Annhauser-Busch, as well as his own lines of wines and liquors, 210 E. River Drive (formerly Front St). Larger 2-story building; façade has been remodeled over time to strip away the decorative elements from 1900, but a garage door bay remains, as do four (replacement windows). This building's importance lies in the use of a track from the Milwaukee Railway Company laid into the building where cars could load in and out. Meanwhile, in 1900, the city began cleaning up E. Front Street, reclaiming saloons and brothels for industry and warehousing. (Wood: 182) That may have assisted with the placement of the building and the track. (Daily Leader, "The New Warehouse," September 18, 1900: 14) This building was remodeled in the interwar/postwar era to streamline the exterior and interiors, becoming home to Gierke-Robinson Co. distributors and jobbers of construction and industrial machinery. (Building permits)

#### *East Side Commercial and Industrial Growth during the Warehouse and Motor Row Era, 1903–1959*

The Davenport East Side Industrial and Motor Row Historic District is locally significant under National Register Criterion A - Commerce for light industrial and automotive sales and service buildings. The vice reforms of the early 1900s spurred new warehouse and light industrial development on the East Side, specifically on the sites formerly occupied by saloons and brothels. Redevelopment initially occurred at the same time that Bucktown still operated. Transportation-related retailing and service have taken place within extant buildings within the historic district since at least the late 1880s. Horse-drawn transportation services and sales are represented on E. 3<sup>rd</sup> Street. Auto-related sales and services are represented by buildings along E. 2nd, E. 3rd, and Perry, Iowa streets and Pershing Avenue. The State of Iowa enacted gambling and prostitution enforcement laws in 1909, and then imposed a state Prohibition in 1916, three years ahead of the federal law. During this same period, the auto industry grew and required additional space—creating the opportunity to carve out a Davenport East Side auto row. By the 1920s and 1930s, several out-of-state corporations including auto-related had constructed facilities within this district and may represent the rise of national corporations and corporate architecture.

In *Main Street to Miracle Mile*, scholar Chester H. Liebs examines how the "car met commerce" in the United States, changing spatial relationships, reimagining architecture through the lens of a speeding windshield, and producing new types of buildings and cultural landscapes to meet the needs of an auto-driven culture. (Liebs: 7-3) With the evolution of new houses of commerce for cars (and trucks) came the development of a new type of commercial district: the automobile row. Liebs describes the creation of an auto row as starting with dealers building their own often larger sales palaces outside of cramped central-city quarters, with speculators infilling between with one-story, less ornate showrooms rented by agents of smaller, lesser-known automakers. (Liebs: 83) While the auto industry seemed to be limitless in sales growth in the 1910s, the demand for autos crashed against forces out of control of dealers or manufacturers. Several problems occurred in 1919 and into 1920: a shortage of raw materials to make auto parts, strikes by auto plant workers and railroad workers, and shortage of rail freight cars that combined to slow production, assembly, and distribution. (*The Des Moines Register*, "Some Troubles of the Auto Dealer," October 19, 1919: 4-S) The Great Depression and World War

Davenport East Side Industrial and Motor Row Historic District

Scott, Iowa

Name of Property

County and State

It also proved difficult times for auto dealers, as the middle class was hollowed out, and the number of manufacturers rapidly decreased as industry consolidation occurred. (Berger xvii-xxiv)

Scholarly study has documented the rise of the automobile in the United States: Michael L. Berger's *The Automobile in American History and Culture: A Reference Guide* encapsulates how what started as a luxury curiosity for entertaining the wealthy in the 1890s quickly grew in the first decades of the twentieth century to become a desired and relatively affordable necessity for work and leisure transportation on the farm as well as in the city. The advent of assembly line manufacturing and financing of car sales helped make auto purchases accessible to middle-class consumers, fueling sales demand in the 1910s and 1920s. Between 1900 and 1920, some 600 different manufacturers produced autos, but following World War I, there were fewer than 120 remaining given the demands of scale forcing major changes in manufacturing and distribution, according to automotive writer Robert Genat's *The American Car Dealership*. (Genat: 9-17)

Historian Barbara Beving Long in a 1983 architectural and historical report found that Iowa led the country in auto sales: "The number of [vehicle] registrations in Iowa grew from just 40 in 1900 to 30,000 in 1911, 198,584 in 1916, and 707,231 in 1927. Ambitious entrepreneurs hurried to cash in on this popularity. However, many were poorly financed and soon went out of business, only to be replaced by other eager businessmen." (Long 1983b: #21) In Davenport, auto-related businesses quickly popped up. Indeed, by 1916 a real estate agent took out a large ad titled "Automobile Row," and laid out key advantages Davenport enjoyed, 1) E. 2<sup>nd</sup> was rapidly redeveloping due to low land values, keeping rentals affordable for the auto trade, 2) proximity to downtown, 3) E. 2<sup>nd</sup> St. as the main traffic artery between the Quad Cities. (*The Daily Times*, "Automobile Row" ad, September 23, 1916: 17) At the same time, Davenport business leaders worked during the 1910s through 1930s to include and retain Davenport as the eastern entrance point for various early "river-to-river" highway routes, spanning the state from Mississippi River on the east to the Missouri River on the west; in Davenport, early highway auto traffic was routed across the Government Bridge through downtown Davenport. And so by 1923, E. 2<sup>nd</sup> St. had been transformed with redevelopment, and celebrated as part of the "New White Way" highway. Local industrial and auto-related businesses donated new bright street lights to illuminate the path of the highway through the East Side district; local businesses that contributed included N.O. Nelson Co., John P. Hand Co., Goodyear Tire Co., G.S. Johnston Flour Co., Davenport Bag, John F. Kelly Col, and Crane Co. (*The Daily Times*, "East Second Street, Out of Darkness into Light, Will Celebrate Tonight," October 26, 1923: 30).

- 1904–1908: Davenport Bag and Paper Co., 301 E. 2<sup>nd</sup> St. (NRHP 2018). In 1904 the company began planning new quarters, and in 1907-1908 the company built a new warehouse on the East Side to avoid being located next to a saloon. The case pitted a locally owned legitimate business's interests against competing vice business interests that enriched the city coffers. Davenport Bag and Paper had been located as of 1904 at 119 Brady Street (nonextant) when in 1904 the firm was pressed to sued for an injunction against the property at 120 Brady Street (nonextant) to stop the construction of a saloon in violation of the city's statutes that gave property owners in close proximity the right to block a new saloon. Davenport Bag and Paper successfully argued that the injunction was required due to the negative impact a saloon would bring on its property value and young women employees. This was one of a number of saloon requests for 120 Brady Street that Davenport Bag and Paper, founded in 1891, had to defend against. (*The Daily Times*, "Muxfeldt Can Not Run Saloon," January 9, 1904: 6) In response, Davenport Bag and Paper purchased a large piece of land at E. 2<sup>nd</sup> and Rock Island streets (now Pershing Avenue), then occupied by a saloon still under lease for a year; company president Gus Eckhardt considered the east end envisioned it becoming a wholesale district. (*The Daily Times*, "Davenport Bag & Paper Co. Buys Large Property," September 22, 1904: 7; "Splendid Concrete Building Which Marks a New Era in Davenport's Business Development," October 26, 1907: 11) Meanwhile, in 1906 the company and some other property owners in the vicinity petitioned the city to bring a sidetrack from the Milwaukee tracks east of E. 2<sup>nd</sup> and Iowa streets across the streets and into the north side of the alley, in order to provide shipping facilities, as will be discussed further below. G.S. Johnson, an adjoining property owner to Davenport Bag and Paper, also pledged to build a commercial building on his

Davenport East Side Industrial and Motor Row Historic District

Scott, Iowa

Name of Property

County and State

property if a sidetrack were brought into the alley. (*The Daily Times*, "Will Erect Five Story Building," May 29, 1906: 5) The city council approved the trackage, which *The Daily Times* emphasized was crucial for transforming the red light district (Bucktown):

The sidetrack is to pass by the rear of the property purchased by Davenport Bag and Paper company and G.S. Johnson and as soon as the action is made a formal one, the owners of the property will make immediate arrangements to build on their ground.

This means that East Second Street is to be converted into a business center and the disreputable houses that now occupy the ground there are to be crowded out. The importance of the action of the council is much more than can be estimated for without the sidetrack the owners of the two pieces of property could not build on their land as they would have no shipping facilities.

In order to be sure and secure the right to have the sidetrack laid both parties donated the south 10 feet of their property so that the sidetrack will not be laid in the alley but just north of the alley, the south rail being just on the alley line.

.... [O]ne business man stated today that in two years that section of the city would be converted into a business center. (*The Daily Times*, "Paves Way for New Buildings," June 5, 1906: 4)

Figure: Wholesaler GS Johnson Co. advertised its building in a special section of *The Daily News*, Oct 28, 1911: 176.

Assembly of the right of way land for the sidetrack was completed in February 1907. Construction of the Davenport Bag and G.S. Johnson buildings began after that. Upon completion in 1908, the approximately \$40,000 Davenport Bag building was named the only fully concrete building in the city, being clad in concrete masonry units on the exterior, in contrast to others that used brick on facades. (*Davenport Democrat and Leader*, "Only Building of Entire Concrete," January 22, 1908: 6)

- 1906–circa 1907: Flour dealer G.S. Johnson, an adjoining land owner to Davenport Bag and Paper, pledged to build on his property if a sidetrack were brought into the alley. Johnson hired noted architects Temple, Burrows & McLane in spring 1907 to design a two-story 36x140 reinforced concrete warehouse with a brick façade. The new building consolidated his operations that previously had been on Front Street plus a

Davenport East Side Industrial and Motor Row Historic District

Scott, Iowa

Name of Property

County and State

competitor whose business he purchased. (*The [Des Moines] Register and Leader*, "Iowa Improvement Record for the Week," May 6, 1907: 3) In 1911, the operation incorporated as G.S. Johnson Co. Wholesale Flour, with the Davenport branch established in 1898 and branch houses in Des Moines and Cedar Rapids.

- 1907-1909: The first known building announced for new construction after prostitution was outlawed by the state was the J.F. Kelly Company's purchase of the southwest corner of E. 2<sup>nd</sup> and Rock Island streets (now Pershing Avenue), site of the Brick Munro's popular 24-hour saloon and dance hall pavilion. (*The Rock Island Argus*, "Brick Munro, the Good Samaritan of the Underworld, is Bankrupt," January 16, 1914: 11) The Kelly Company, founded in the late 1860s, had occupied several sites along E. Front Street before in 1907 purchasing land for a new wholesale grocery house at E. 4<sup>th</sup> and LeClaire streets adjoining the Washburn-Halligan Coffee Company. (*The Daily Times*, "Jonathan Brand Emblem of Quality," June 22, 1907: 11) However, several months after the 1909 prostitution shut down, the Kelly firm announced a warehouse plan on the former saloon site. *The Daily Times* reported in September 1909: "The location is a good one for the wholesale grocery business, giving the company ample room for future growth. A sidetrack extends along the alley, giving good shipping facilities. The entrance of the Kelly company into this district, which was formerly the tenderloin district of the city, marks its further development as a wholesale section. A number of wholesale houses have already located here and the property is coming into demand for business of this kind." (*The Daily Times*, "J.F. Kelly Company Buys a New Site," September 17, 1909: 6) A photograph of the completed \$24,000 warehouse ran on the front page of the *Daily Times* in October 1910, with a caption calling it "Among the handsome new warehouse buildings of Davenport erected this year..." (*The Daily Times*, "New Buildings in Davenport, J.F. Kelly Company Warehouse," October 3, 1910: 1) The Kelly warehouse contractor, Harry W. Phillips, was a former alderman and mayor who was noted for having inaugurated midnight closings of saloons during his 1903–1905 term, a politically unpopular stance that led to his losing his seat. (*The Davenport Democrat and Leader*, "The Anti-Vice Crusade in Davenport," January 16, 1916: 1)

- 1910 Grupe Drier and Boiler Co., 325 E. 2<sup>nd</sup> St. In 1909, John P. Grupe, president of Grupe Drier and Boiler, 317 E. 2<sup>nd</sup> St., purchased land at the end of the block for a new fireproof drier and boiler manufacturing plant. The quarter-century-old company showcased its new facility in the June 1910 Factory Days tours, demonstrating electrical machinery and its oxy-acetylene welding plant. (*The Daily Times*, "Interesting Process of Making Driers..." June 20, 1910: 1) In 1919, J. Grupe took out a building permit for \$11,000 of remodeling to the building, followed by a second permit for \$15,000. Grupe's remodeling created an auto-related tenant building, with the façade recessed to accommodate a drive-through canopy across the front. Franklin Motor Car Co. was an early tenant. In 1930, the building was again remodeled into a filling station. (Building Permits) Auto use varied, but continued through the POS.

- 1911 Buck Motor Car Co. garage, 221 E. 2<sup>nd</sup> Street. Built by veteran carriage and implement dealer John W. Buck and his son Emil, the building was an early (and perhaps first) purpose-built auto-related building constructed on the East End. The \$12,000 garage incorporated a front showroom, rear workroom, and upper offices. The Bucks promoted inclusion of Davenport on early "river-to-river" highways, and Emil Buck was elected a director to the Great White Way highway organization in 1914. Currently this building is non-contributing due to its exterior post-POS cladding. However, it appears to retain original brick on the facade. (*The Davenport Democrat and Leader*, "Location Secured for Auto Concern," April 11, 1911: 11; *The Daily Times*, "Local Men White Way Directors," January 8, 1914: 11)

- c. 1911 G.S. Johnson Co. addition (leased tenant space), 313-315 E. 2<sup>nd</sup> St. The eastern addition facade is nearly a mirror image of the wholesale flour company's c. 1906-1907 western warehouse.

- c. 1915: Tri City Fruit, 111 Perry St. The large 3-story attractive Classic Revival building may encompass part of the late-nineteenth-century 3-story Young and Hartford Carriage factory. The Tri-City Wholesale Grocer was ensconced by 1914; Tri-City Fruit Co. by 1918. Rear cold storage addition destroyed or damaged by fire 1924, and rebuilt. Includes three historic loading bay areas for trucks located along E. River Drive

Davenport East Side Industrial and Motor Row Historic District

County and State

(formerly E. Front St.) (*The Daily Times*, "Loss \$127,000 in Fruit House Fire," February 5, 1924: 1.) By 1927, Firestone was leasing the space for use with tire handling, storage, and offices. (*The Daily Times*, "Firestone Branch Leases Building at Front, Perry," April 14, 1927: 6)

- 1916-1917 Wolfer Cadillac Co. dealership building, 316 E. 2<sup>nd</sup> St.: Clausen & Kruse architects designed this 1-story brick Italian Revival style auto dealership of brick with terra-cotta detailing built for a Cadillac dealership. It was quickly occupied by 1919 by Davenport Buick Co. Thin masonry piers allowed for an almost fully glass façade to showcase autos (windows reach nearly to sidewalk). Built on a former "house of assignation" (brothel), the building helped replace vice with light industrial uses. Built by an important local architecture firm, the design was hailed as "the finest west of Chicago." (*The Daily Times*, "New Wolfer Cadillac Garage..." September 21, 1916; 9.) The dealership opened in March 1917; it remained an auto dealership of various names and types through circa 1959.

Figure: The once notorious saloon and prostitution triangle at the foot of the Government Bridge was reworked into a large auto dealership in circa 1916. (*Davenport Democrat and Leader*, "Spacious New Home of the Holmes Motor Co.," March 14, 1917: 11)

- c. 1916: Holmes Motor Co., dealers in Paige cars, was occupying one the Tri Cities' longest auto retailing spaces, measuring 125 feet. The showroom/work space was located just off the Government bridge, gave it a distinctive address—and built on or even incorporating elements of saloon and prostitution-related businesses. (*The Daily Times*, "Paige Tour From Chicago," March 3, 1917: 12; *Davenport Democrat and Leader*, "Spacious New Home of the Holmes Motor Co.," March 14, 1917: 11) The auto-related uses changed frequently: Sessions Motor Co. (Ford), Firestone Tire & Rubber Co., Kuehl Motor Co. (Cord and Auburn), Warren C. Skinner Inc. (Cord and Auburn), among others. A ghost sign for Firestone is located on the west upper wall.

- 1921 Crane Co. Factory Building, 213-217 E. 2<sup>nd</sup> St.; 4-story brick expansion and new façade of former Reimers & Fernald Candy and Cracker Factory / National Biscuit Cracker Factory. The building designed by noted firm Clausen & Kruse adapted Chicago Style in grouping windows enframed by brick piers; the building was constructed by Priester Construction and incorporated a display area on the first floor. (*The Daily Times*, "New \$85,000 Building to Be Built by Crane Co.," September 30, 1921: 3)

Figure left: A 1916 ad for land in the East Side provided a concise history of the Davenport "Auto Row." (*The Daily Times*, September 23, 1916: 17) Figure right: The 1921 Crane Building's architect rendering by Clausen & Kruse shows the high degree of integrity retained in the building.

- 1923: N.O. Nelson Co. Branch Plant, 321 E. 2<sup>nd</sup> St. This 2-story \$150,000 brick plant of concrete and brick construction with stone accents. The building has an unusually wide frontage for the East Side (96-foot front and 150-foot depth); built 1922-1923, it was tailored for manufacturing and wholesale distribution of plumbing, gas, and steam-fitters supplies, while also selling plumbing fixtures out of large display room open to the public. The Nelson Co. was based in St. Louis, Missouri, with branches; the Davenport branch operated until c. 1932. (*The Daily Times*, "N.O. Nelson Mfg. Co. Building Is Formally Opened," October 3, 1923: 12)
- 1923: Emeis Manufacturing Co., 216-224 Iowa St. This manufacturing plant established in 1906 purchased five houses to install a garage, repair shop, battery station, and machine shop all under one roof. The company remained at the site into the 2000s. (*The Daily Times*, "Buys Iowa St. Property for Building Site," January 2, 1920: 10)
- 1923: Standard Oil Co. Filling Station No. 7, 204 E. 3<sup>rd</sup> St.
- c. 1924: Nash Tri-City Co. wholesale may have built this 1-story brown brick building with front loading bay (or bays).

Davenport East Side Industrial and Motor Row Historic District

Scott, Iowa

County and State

- 1925: Joehnke & Lage Garage, 210 Iowa St. This large 1-story garage includes a garage bay. The owners razed existing buildings in 1924 to erect the \$18,000 garage with a frontage of 64 feet, depth of 90 feet, and skylights. The garage included auto sales of Star vehicles.
- 1925: Davenport Alemite Co., 410 E. 2<sup>nd</sup> St. This 1-story brown brick building at 20x80 feet is one of the smaller buildings in the district. With its shaped parapet, decorative brickwork, and stone or concrete accents enliven the automotive-related façade built by contractor: J.F. Nebergall & Son. The large storefront with recessed entry was likely the original drive-in garage bay. The business was built upon the former site of a house that was related to prostitution. The transmission greasing station handled autos equipped with alemite lubricating system. The company distributed Quaker State and Mobile oils to twenty-two counties. (*The Daily Times*, "Alemite Co. Opens In New Building on East Second," August 5, 1925: 5.) By 1934, Willey's Auto-Radio Sales and Service was advertising new drive-in service station. (*Quad-City Times*, June 17, 1934, Willey's Auto-Radio Sales and Service ad: 13.)
- 1930: Vollmer Motor Service Building, 322 E. 2<sup>nd</sup> St. Dr. Karl Vollmer, Jr., announced in late 1929 that he would build a \$25,000 super service station with brake testing department, car washing, battery service, tire sales and service, alemiting, gasoline, oiling, and general accessories. Clausen, Kruse & Klein drew up the plans, and John Steffen was awarded the general contract for the "ornamental concrete" Streamlined Moderne corner station. (*The Daily Times*, "To Erect Super Service Station At Second and Iowa....", October 29, 1929: 6)

Figure: Part of a full-page ad for the new Firestone one-stop store, 301 E. 3<sup>rd</sup> St. (*The Daily Times*, Firestone ad, April 11, 1934: 11)

- 1934: Firestone Rubber and Tire Co., 301 E. 3<sup>rd</sup> St. This 1-story Streamlined Moderne concrete masonry block auto showroom and service center was built at the prominent corner of E. 3<sup>rd</sup> Street and Pershing Avenue. The Streamlined Moderne architecture included the Firestone logo, canopy for gas pumps, multi-lite glass garage doors, fireproof warehouse. (*Quad City Times*, "Permit for New Service Station Issued Thursday," October 27, 1933: 13) J.H. Hunter Co. was the contractor; the building may represent corporate architecture. In 1944 Firestone remodeled, enclosing some openings.
- 1934 Davenport Seed Co. addition to former N.O. Nelson Branch Plant: The wholesale seed company purchased the former plumbing supply house as a permanent home and added the rear soaring seed mill. (*Davenport Democrat and Leader*, October 9, 1934: 15)

Davenport East Side Industrial and Motor Row Historic District

Scott, Iowa

Name of Property

- 1952: Martin Oil Co. Station, 402 E. 2<sup>nd</sup> St. This 1-story white tiled station operated as a gas station through the early twenty-first century. City permits list a \$21,360 cost.

Figures: Resources closest to the river were most vulnerable to flooding – and fires. Here, 1924 newspaper coverage of fire on what is now E. River Drive, and 1965 flood covering E. River Drive up to E. 2<sup>nd</sup> Street. (The Daily Times, February 5, 1924: 1; 1965 Putnam Museum Collection)

A note about the role of floods and fires in reshaping the built environment within the historic district: A number of buildings within and around the district suffered disastrous fires, some of which caused complete or partial losses. For example, Reimers & Fernald Candy Manufacturers, established in 1874, had by 1882 moved to 203-205 E. 2<sup>nd</sup> Street where a fire broke out in chimney flues; workers were able to extinguish it. (The Davenport Democrat, "Items in Brief," August 31, 1881: 1) In 1924, fire ravaged the Tri City Fruit Company, 111 Perry Street), causing \$125,000 in damage and leading to rebuilding. (Davenport Democrat and Leader, "Let Contract for Commission..." February 17, 1924: 11. In early 1940, several commercial buildings including the striking Holbrook Furniture on the south side of the 100 E. 2<sup>nd</sup> Street block burned in a dangerous fire. (The Daily Times, "Loss is Near \$250,000 as Flames Wreck Holbrook's and Other Second St. Stores," February 2, 1940: 1) These massive fires merited front-page newspaper coverage, with headlines capturing the dangers inherent within buildings filled with machinery, heat-related processing, and/or flammable materials. Flooding also caused damage and building loss. Major floods in the 1950s, 1960s, 1993 among others particularly affected buildings located on E. 2<sup>nd</sup> Street and south to the riverfront, as is shown in photographs and newspaper coverage such as above.

#### Transportation: Rail Significance to East Side Industry

Local significance under Criterion A—Transportation is provided via a two-block segment of the location of a rail siding that was negotiated c. 1906-1907 in order to further the conversion of former vice properties into warehouse, jobbing, and other light industrial business locations. As previously addressed, local property owners began lobbying for a railroad siding to be added to provide service to future and existing buildings and businesses along E. 2<sup>nd</sup> Street and E. River Drive; this extant section (paved, without rails) of the siding in the east-west alley between those streets is considered a site for the purpose of this nomination. The rear loading docks at selected buildings within the Historic District call attention to the former rail siding.

Another rail-related resource is the E. 3<sup>rd</sup> Street Bridge (rail crossing overpass) that is an element of the elevated train track that forms the northern and eastern boundaries of the Davenport East Side Industrial and Motor Row Historic District. Bridgehunter.com identifies this as a subdivided Warren through-truss bridge by the American Bridge Company. The Chicago, Rock Island & Pacific Railroad started building this steel bridge in 1928, along with the E. Fourth Street Bridge. (Davenport Democrat & Leader, "Part of Railroad System's 1928 Improvements Here," December 30, 1928: 7) As a contributing resource, the E. 3<sup>rd</sup> Street Bridge calls

## Archaeological Assessment

The potential for archaeology was not assessed as part of the present National Register nomination. The successive redevelopment, zero-lot line building footprints for most properties, and limited presence of paved parking areas associated with buildings in the historic district increases the likelihood that repeated ground disturbance (resulting from the construction of those elements) has possibly destroyed any localized archaeological resources. However, paving may have been laid over ground previously occupied by pioneer- and Victorian-era residences (as well as resources pre-dating the housing) with a minimum of earth movement. In that case, archaeological resource may merely have been encapsulated. In the future, any

Davenport East Side Industrial and Motor Row Historic District

significant excavation and/or grading should take into consideration the possibility that archaeological and/or sub-grade historic or prehistoric resources may remain.

Davenport East Side Industrial and Motor Row Historic District

Scott, Iowa

Name of Property

County and State

**Verbal Boundary Description** (Describe the boundaries of the property.)

The Historic District boundaries extend from Perry Street to the west between E. River Drive and E. 2<sup>nd</sup> Street, jogging east to E. Pershing Avenue to E. 3<sup>rd</sup> Street east to Iowa Street south to E. 2<sup>nd</sup> Street terminating at the Government Bridge, south to the 200 block of E. River Drive.

**Boundary Justification** (Explain why the boundaries were selected.)

These boundaries encompass the heart of the east side nineteenth-century mixed-use neighborhood that was redeveloped into Davenport's light industrial and "Motor Row" in the early twentieth century, with automotive uses predominating through the end of the period of significance.

### Photographs:

Submit clear and descriptive photographs under separate cover. The size of each image must be 3000x2000 pixels, at 300 ppi (pixels per inch) or larger. Key all photographs to the sketch map. Each photograph must be numbered and that number must correspond to the photograph number on the photo log. For simplicity, the name of the photographer, photo date, etc. may be listed once on the photograph log and does not need to be labeled on every photograph.

**1/16/2019**

Subject:  
Resolution to convey a vacant lot at the northwest corner of 5th and Brady Streets to VZ Properties, LLC (Mark VanZuiden, petitioner). [Ward 3]

Recommendation:  
Approve the Resolution.

Background:  
This parcel (G0055-16) originally had a building on it which fell into decline and was demolished around 2009. The City acquired the property from the County when the property went through a tax sale in 2012.

In general, the intent was to temporarily prevent it from becoming a nuisance property at the gateway from the Downtown into the Hilltop Campus Village on a primary arterial.

The petitioner recently acquired the adjacent building to the north and is in the process of renovating for upper story residential and leasing the former restaurant space to a new restaurant tenant. The petitioner would like to acquire the vacant lot and improve the space (see attached concept plan) for an outdoor serving area for the new restaurant. The concept design was approved by the Design Review Board in November.

If this action is approved, staff would be authorized to sign all necessary documents related to the transfer of this property to the petitioner per the terms of the purchase agreement.

## Design District:

- ☐ Downtown Design Overlay District
- ☒ Hilltop Campus Village Overlay District
- ☐ Historic Shopping District
- ☐ Residential Infill Design Overlay District

**Not sure which district you are in?** You can click [here](#) for a map of the districts or you can contact Community Planning and Economic Development staff at (563) 326-7765 or [planning@ci.davenport.ia.us](mailto:planning@ci.davenport.ia.us) and we can help you.

## When is a certificate of design approval required?

Prior to the commencement of the work.

## What type of activity requires the approval of a certificate of design approval?

### Downtown Design Overlay District:

- The construction of a building, structure, improvement or sign and which affects the exterior appearance
- Any substantial external appearance changes not requiring a building permit where changes are visible from the public right-of-way.
- Encroachments into and over the public right-of-way.
- The demolition of structures.

### Hilltop Campus Village Overlay District

- Alteration or the construction of a new building, structure, parking lot or fence.

### Historic Shopping District

- Alteration or the construction of a new building, structure, parking lot or fence.

### Residential Infill Design Overlay District

- Any new dwelling or an addition to a dwelling which is visible from a street and exceeds twenty-five percent of the square footage of the original structure and is located within the R-1, R-2, R-3, R-4, R-5, R-5M and R-6M zoning districts (generally south of Duck Creek).

## Submittal requirements

- Please contact Community Planning and Economic Development staff at (563) 326-7765 or [planning@ci.davenport.ia.us](mailto:planning@ci.davenport.ia.us) so we can help you determine what exactly is required to be submitted.
- Incomplete applications will not be accepted.

### Submittal requirements for all types of requests:

- The following items should be submitted to [planning@ci.davenport.ia.us](mailto:planning@ci.davenport.ia.us) for review:
- The completed application form.
- A work plan that accurately and completely describes the work to be done.
- Color photographs depicting the building elevations and proposed construction.

Submittal requirements for specific types of requests:

Minor alterations to existing buildings and new and replacement signs (all of the above and):

- Specifications, including dimensions, material used and color of the material.
- A rendering of the proposed alteration as depicted on the existing building.
- Samples of the materials, including the color, along with scaled, accurately colored elevations for any proposed sign and/or sign package.

Minor additions, site improvements and outdoor storage areas (all of the above and):

- A dimensioned site plan, including the locations of any proposed or existing buildings on the subject parcel and on surrounding parcels.
- A preliminary grading plan showing before and after grades at two-foot contour intervals, where deemed necessary by the development official.
- Outdoor storage areas shall be reflected in the elevation drawings submitted and shall show their relationship to the building elevations as well as the materials and treatment proposed that would accurately reflect the screening of the storage areas.
- A landscape plan.

Major additions and new buildings (all of the above and):

- Reproductions of building or site information found in the historical surveys if applicable
- A verifiable legal description, or a land survey.
- A map showing the existing topography of other properties at two-foot contour intervals, extending one hundred feet from the subject parcel.
- Elevation drawings, in color and drawn to scale, of the front, sides, rear, and roof lines of all proposed buildings or structures, illustrating the appearance and treatment of required screening elements for roof-mounted equipment, where deemed necessary by the development official.
- A materials board containing samples of each type of exterior building materials.

**Formal Procedure**

(1) Application:

- Prior to submission of the application, the applicant shall correspond with Planning staff to discuss the request, potential alternatives and the process.
- The submission of the application does not constitute official acceptance by the City of Davenport. Planning staff will review the application for completeness and notify the applicant that the application has been accepted or additional information is required. Inaccurate or incomplete applications may result in delay of required public hearings.

(2) Design Review Board consideration of the request:

- Only work described in the application may be approved by the Board.
- The Board may continue the Certificate of Design approval until its next meeting, if it determines there is insufficient information to make a proper judgment on the proposed activity. The Board shall not continue any request more than three regularly scheduled consecutive meetings unless the applicant requests additional continuances. If the continuances are based on the applicant's failure to provide required information, the board may make a decision on the information available, or it may return the application to the party submitting it for future resubmission. Notwithstanding the provisions described above and provided the application submitted is complete, the request shall be considered approved if the board should fail to take action within sixty days of the complete application having been submitted.
- The owner(s) of record may appeal the board's decision to the city council by filing a written appeal with the city clerk's office within thirty calendar days of the official notification of determination.

## ***Work Plan***

Please describe the work being performed. Please note that only work described in the application may be approved by the Board.

I recently purchased the property at 508 - 512 Brady Street. I also own the property at 514 Brady Street. These buildings all share common walls. My plan for the 508 - 512 building is to completely remodel all 3 floors. The first floor will house a restaurant and the second and third floors will contain eight - one bedroom apartments. I am currently in discussions with The City of Davenport to acquire a small vacant lot that butts up to 508 Brady. If I am successful in obtaining the property my plan is to add a large outdoor space that would be accessible from the interior of the restaurant through the south side of the building. I have been told that before I present my offer to the city council that I should have my proposed project approved by The Design Review Committee. That is the reason for my application.

I plan on presenting my plan at your November meeting. Please review my plan and contact me with any questions. Thank you for your consideration

### **Work Plan:**

I plan on attaching a 1,512 square foot elevated patio that is attached to the South side of the building. The patio measures 42 feet wide and 36 feet long. The area will be accessible through the restaurant via two large doors that will be added to the South side of 508 Brady. The frame of the patio will be built out of pressure treated lumber with the floor and sides being covered with composite decking. The pressure treated frame will not be visible when viewed. The rails will consist of glass panels to allow a complete viewing area. The entire property will be enclosed by a 5 foot decorative black metal fence. The property that is not covered by the patio will be completely landscaped with zero maintenance materials so it always has a neat and clean appearance.

I have attached an artists rendering of the proposed project. I look forward to presenting this material to you at your next meeting.

Applicant:

Date:

By typing your name, you acknowledge and agree to the aforementioned submittal requirements and formal procedure and that you must be present at scheduled meetings.

Meetings are held in City Hall Council Chambers located at 226 West 4<sup>th</sup> Street, Davenport, Iowa.

OFFER TO PURCHASE REAL ESTATE  
**THIS IS A LEGALLY BINDING CONTRACT**

Date 12/6/2018

To City of Davenport, (Seller):

The undersigned VZ Properties LLC, (Purchaser), hereby offers to purchase for the total sum of \$400.00, or other valuable consideration a portion of the real estate located at the northwest corner of Brady and East 5<sup>th</sup> Street, more particularly described as

The south 56½' of Lot 5, Block 48, of LeClaire's 2<sup>nd</sup> Addition to the City of Davenport, County of Scott. Otherwise known as Parcel G0055-16,

upon the following terms and conditions:

1. Seller shall furnish to Purchaser a Quit Claim Deed in conformity with this agreement, land title law of the State of Iowa, and in accord with the title standards of the Iowa and Scott County Bar Associations; Seller makes no representation/certification regarding condition, quality of land.
2. All real estate taxes shall be paid or prorated between Purchaser and Seller to the date of closing in accordance with standards adopted by the Scott County Bar Association.
3. The Purchaser or his/her authorized agent shall be permitted to make an inspection of the property prior to closing.
4. Approval of this agreement is contingent upon passage by the City Council. A public hearing is also required by Iowa Code. It is understood that the soonest these actions can be completed is by late January. As such, upon acceptance by City Council, transfer (closing) is requested to occur no later than Feb. 28.
5. If Seller herein fails to fulfill this proposal after the same has been accepted by Seller, Seller shall pay Purchaser any expenses incurred by Purchaser because of Seller's failure to perform.
6. Similarly, if Purchaser herein fails to fulfill this proposal after the same has been accepted by Seller, Purchaser shall pay Seller any expenses incurred by Seller because of Purchaser's failure to perform.

ORDINANCE NO. \_\_\_\_\_

Ordinance amending various sections of Chapter 8.14 (Tree Ordinance) to perform general language clean-up and clarify the following: definition of trees in the right of way, maintenance of city owned trees, permitting, licensing, and nuisance tree abatement process.

Section 1. That Division III entitled "License" is hereby deleted and labeled Reserved. III.

Section 2. That Division IV is hereby amended to read as follows:

#### IV. TREE ORDINANCE

##### 8.14.190 Short title.

This article shall be known and may be cited as the "Tree Ordinance of the City of Davenport, Iowa." (Ord. 2002-31 § 3 (part); Ord. 76-442 § 1 (part); Ord. 74-117 § 1: prior code § 39-32).

##### 8.14.200 Definitions.

For the purpose of this article the following terms, phrases, words and their derivations shall have the meaning given in this section. When not inconsistent with the context, words used in the present tense include the future, words in the plural include the singular and words in the singular number include the plural number. The word "shall" is mandatory and not merely directory.

- A. "City" means the City of Davenport, Iowa.
- B. "City arborist" means the city arborist or designee of the city.
- C. "Person" means any person, firm, partnership, association, corporation, company or organization of any kind.

- D. "Property owner" means the contract purchaser if there is one of record; otherwise the record holder of legal title.
- E. "Street" or "highway" means the entire width between property lines of every way or place of whatever nature, when any part thereof is open to the use of the public as a matter of right for purposes of vehicular traffic, within the city limits, including alleys.
- F. "Trees" shall include that woody vegetation, usually growing with a single stem and a height over ten feet.
- G. "Shrubs" shall include that woody vegetation, usually growing with multiple stems and a height under ten feet.
- H. "Right-of-way" is as defined in Chapter 12.20.
- I. "Permanent fence" shall include such structures that enclose an area. This includes shrubbery and fences made from such materials as wood, stone, iron or steel.
- J. "Park" shall include all public parks having individual names and maintained by the city of Davenport.
- K. "Removal" is the actual removal or causing the effective removal through damaging, poisoning or other direct or indirect actions resulting in the death of a tree. (Ord. 2002-31 § 3 (part); New: Ord. 76-442 § 1 (part); Ord. 74-117 § 2: prior code § 39-33).

8.14.210 City arborist—Office created—Enforcement duty.

A. There is created the office of city arborist. The city arborist shall be under the direction and control of the public works director.

B. The city arborist shall have charge of the enforcement of the provisions of this article. (Ord. 2002-31 § 3 (part); New: Ord. 76-442 § (part); Ord. 74-117 § 3 (1a); prior code § 39-34 (part)).

8.14.220 Reserved.

Editor's Note: Section 8.14.220, formerly codified as Section 12.52.220, previously contained herein, has been deleted in its entirety by the recodification of the 1990 Code.

8.14.230 City arborist—Authority specified.

- A. Generally. The city arborist shall have the authority and jurisdiction to superintend and regulate the spraying, treating, planting, maintenance, pruning and removal of trees and shrubs on city property or in the city right-of-way, and where indicated on private property, to ensure health or safety or to preserve the symmetry of public places. It shall be the arborist's duty to encourage the planting, culture and preservation of trees in the city.
- B. Care of Trees and Shrubs on Streets. The city arborist shall direct the necessary removal, cutting and pruning of trees and shrubs located on city property or in the city right-of-way.
- C. Master Street Tree Plan. The city arborist shall have the authority to formulate a master street tree plan. The master street tree plan shall specify the species of tree or shrub to be planted in the city right-of-way.

- D. Arboricultural Specifications and Standards of Practice. The city arborist shall have the authority to promulgate arboricultural specifications and standards of practice governing the planting, preservation, pruning, removal, fertilization and insecticidal treatment of trees and shrubs on city property or in the public right-of-way. Practices shall be consistent with best management practices established by the International Society of Arboriculture.

#### 8.14.240 License Required - nontransferable.

No person, firm or corporation shall carry on or engage in, as its principal business activity, the business of cutting and trimming of trees without first having procured a license therefor and complied with the other requirements of this chapter. No such license may be loaned, rented, assigned or transferred by the licensee. (Ord. 2002-31 § 3 (part): Ord. 79-1168 § 3 (part): prior code § 39-21 and 23).

#### 8.14.250 Fee.

The fee for the license shall be fifty dollars per year. (Ord. 2002-31 § 3 (part): Ord. 82-158 § 49: Ord. 79-1168 § 3 (part): prior code § 39-22).

#### 8.14.260 License Requirements

- A. Bond required. Any license applicant shall deposit with the clerk a good and sufficient bond in the sum of ten thousand dollars conditioned that such applicant shall faithfully comply with the provisions of this chapter, and further conditioned to indemnify, save and keep harmless the city and its officers from any and all claims, damages, losses and actions, by reason of any acts or things done under or by authority or permission granted in this chapter. Nothing in this Division IV shall not be construed as a waiver of any immunity the city or its officers may have. (Ord. 2002-31 § 3 (part): Ord. 79-1168 § 3 (part): prior code § 39-24).
- B. Liability insurance required. Any license applicant shall deposit with the clerk a policy of public liability insurance in the amounts of not less than fifty thousand dollars for damage to any one person, one hundred thousand dollars on account of one accident or event, and property damage coverage of not less than twenty-five thousand dollars which covers the licensing period. The policy shall provide that it cannot be terminated for any cause without fifteen days advance notice to the city. Upon cancellation of insurance the city license shall be null and void. (Ord. 2002-31 § 3 (part): New: Ord. 79-1168 § 3 (part): prior code § 39-25).
- C. Any license applicant shall deposit with the clerk satisfactory evidence of compliance with the requirements of the Iowa Workmen's Compensation Laws. (Ord. 2002-31 § 3 (part): Ord. 79-1168 § 3 (part): prior code § 39-26).
- D. Approval of insurance policy required.

- E. Any insurance policy tendered by a licensed applicant shall be approved by the city's risk management division. (Ord. 2015-117 § 10: Ord. 2002-31 § 3 (part): Ord. 79-1168 § 3 (part): prior code § 39-27).

#### 8.14.270 Removing, cutting or trimming

- A. Licensee shall not remove, cut or trim trees located on city property or in the city right-of-way without prior authorization of the city arborist. (Ord. 2002-31 § 3 (part): Ord. 79-1168 § 3 (part): prior code § 39-28).
- B. Removing, cutting or trimming without a License
- C. Whenever it appears to the city arborist that any licensee has done business without proper license, the city arborist shall consult law enforcement to stop work. A municipal infraction will be issued in accordance with 8.14.360. A violation may also be charged and adjudicated as a simple misdemeanor including the arrest of the offending party.(Ord. 2002-31 § 3 (part): Ord. 79-1168 § 3 (part): prior code § 39-29).
- D. Cleanup required. Each licensee shall promptly clean up and legally dispose of all tree trunks, limbs, branches, twigs or brush debris generated as a result of tree trimming, pruning and removal activities. (Ord. 2002-31 § 3 (part): Ord. 79-1168 § 3 (part): prior code § 39-31).
- E. The city may refuse to issue, suspend or revoke any license for violations of this Division IV. Any appeal of a refusal, suspension or revocation will be pursuant to the process set forth in Chapter 2.86.

#### 8.14.280 Duty of Property Owner to Prune and Remove Trees – Obstructions, Hazardous and Nuisance Trees

- A. It shall be the responsibility of property owners to maintain private trees and shrubs in a manner that:
  - 1. Will not obstruct the passage of pedestrians or vehicles on public sidewalks for streets, or otherwise obstruct the sight of traffic control devices, or obstruct the view of any street intersection or create other hazardous conditions.
  - 2. Branches do not hang over a sidewalk at a height of less than 8ft above the sidewalk, or hang over a highway, street or alley at height of less than 14ft above the highway, street or alley.
  - 3. Does not pose hazardous conditions due to the threat caused by death or disease from falling branches, limbs or the vegetation itself onto adjacent sidewalks, streets, highways or alleys, or private property.
- B. It shall be the responsibility of abutting property owners to maintain public trees in the city right-of-way in a manner that:

1. Will not obstruct the passage of pedestrians or vehicles on public sidewalks for streets, or otherwise obstruct the sight of traffic control devices, or obstruct the view of any street intersection or create other hazardous conditions.
  2. Branches do not hang over a sidewalk at a height of less than 8ft above the sidewalk, or hang over a highway, street or alley at height of less than 14ft above the highway, street or alley.
- C. Public trees grown within a permanent fence enclosure shall be the responsibility of the abutting property owner.
- D. Abutting property owners must not remove public trees growing in the city right-of-way without prior authorization of the City Arborist.
- E. Nothing in this article shall prohibit the city arborist from maintaining public trees in the city right-of-way.

#### 8.14.290 Obstructions, Hazardous and Nuisance Trees – Notice to Abate

- A. Should any person or persons owning real property bordering on any street fail to prune or remove trees or shrubs as provided in Section 8.14.280, the city arborist shall order such person or persons, by written notice in accordance with the procedures as specified in Section 8.14.350, to prune or remove such tree or shrubs.
- B. The notice and order required in subsection A of this section shall be served by sending the order and notice to the property owner as listed in Scott County Parcel Query.
- C. If the property owner fails to maintain the property as required under this chapter and after notice is given as provided in this chapter, the arborist shall order the work to be done. The total cost and expense of the work to be done, including any administrative fees, shall be paid by the property owner. Failure to pay shall result in the cost being assessed against the property as provided by law. (Ord. 2002-31 § 3 (part): New: Ord. 76-442 § 1 (part): Ord. 74-117 § 5 (1, 2, 3): prior code § 39-36 (part)).

#### 8.14.300 Abuse or mutilation of public trees.

- A. Unless specifically authorized by the city arborist, no person shall damage, cut, carve, transplant or remove any tree or shrub; attach any rope, wire, nails, or other contrivance to any tree or shrub; expose public trees or shrubs to any gaseous, liquid or solid substance which is harmful to such trees or shrubs or vegetation, or to impede the free entrance of water or air to the roots; or set fire or permit any fire to burn when such fire or the heat thereof will injure any portion of any tree or shrub on city property or in city right-of-way.

- B. No spurs or climbers which injure the bark of a tree on city property or in the city right-of-way shall be used as an aid to climbing such tree except when such tree is to be removed as authorized by the city arborist. (Ord. 2002-31 § 3 (part): Ord. 76-442 § 1 (part): Ord. 74-117 § 6: prior code § 39-37).

8.14.310 Reserved.

Editor's Note: Section 8.14.310, formerly codified as Section 12.52.310, previously contained herein, has been deleted by the recodification of the 1990 Code.

8.14.320 Interference with city arborist.

No person shall hinder, prevent, delay or interfere with the city arborist or assigned staff while engaged in carrying out the execution or enforcement of this article; provided however, that nothing in this article shall be construed as an attempt to prohibit the pursuit of any remedy legal or equitable in any court of competent jurisdiction for the protection of property rights by the owner of any property within the city. (Ord. 2002-31 § 3 (part): Ord. 76-442 § 1 (part): Ord. 74-117 § 8: prior code § 39-39).

8.14.330 Protection and replacement of trees, shrubs and vegetation— Infrastructure Maintenance and Construction

A. Protection.

- 1. All trees or shrubs and their root systems on city property or in the city right-of-way shall be protected from damages or disturbances by infrastructure maintenance and construction activities. The city arborist shall determine any physical protection or precautions required during construction, boring or excavation adjacent to trees or shrubs on city property or in the right-of-way.

B. Replacement. Any person injuring, damaging or destroying vegetation in violation of this article shall in addition to any other penalty imposed by this article be required to repair or replace the vegetation damaged as and to the extent deemed necessary by the city arborist.

C. All changes or improvements to land use shall meet tree requirements established pursuant to the City zoning and subdivision regulations .

8.14.340 Placing materials on public property.

- A. No person shall deposit, place, store, or maintain any stone, brick, sand, concrete or other materials on city property or in the city right-of-way which may impede the free passage of water, air and fertilizer to the roots of any tree or shrub growing therein, except by written authorization of the city arborist. (Ord. 2002-31 § 3 (part): Ord. 76-442 § 1 (part): Ord. 74-117 § 10: prior code § 39-41).

8.14.350 – Reserved.

8.14.360 Violation—Penalty.

Anyone who violates the provisions of this article is guilty of a municipal infraction and upon conviction shall be fined as follows:

1. First Offense \$100
2. Second Offense \$200
3. Subsequent Offenses \$500

In addition to the civil fine, the city may seek equitable relief or take other abatement actions. Each day a violation exists shall constitute a separate offense.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed as are any motions or resolutions of council that purport to give authority to a council standing committee to make a determination as all such determinations shall henceforth be made by the city council.

EFFECTIVE DATE. This ordinance shall be in full force and effective after its final passage and publication as by law provided.

#### 8.14.240 License Required - nontransferable.

No person, firm or corporation shall carry on or engage in, as its principal business activity, the business of cutting and trimming of trees without first having procured a license therefor and complied with the other requirements of this chapter. No such license may be loaned, rented, assigned or transferred by the licensee. (Ord. 2002-31 § 3 (part): Ord. 79-1168 § 3 (part): prior code § 39-21 and 23).

#### 8.14.250 Fee.

The fee for the license shall be fifty dollars per year. (Ord. 2002-31 § 3 (part): Ord. 82-158 § 49: Ord. 79-1168 § 3 (part): prior code § 39-22).

#### 8.14.260 License Requirements

- A. Bond required. Any license applicant shall deposit with the clerk a good and sufficient bond in the sum of ten thousand dollars conditioned that such applicant shall faithfully comply with the provisions of this chapter, and further conditioned to indemnify, save and keep harmless the city and its officers from any and all claims, damages, losses and actions, by reason of any acts or things done under or by authority or permission granted in this chapter. Nothing in this Division IV shall not be construed as a waiver of any immunity the city or its officers may have. (Ord. 2002-31 § 3 (part): Ord. 79-1168 § 3 (part): prior code § 39-24).
- B. Liability insurance required. Any license applicant shall deposit with the clerk a policy of public liability insurance in the amounts of not less than fifty thousand dollars for damage to any one person, one hundred thousand dollars on account of one accident or event, and property damage coverage of not less than twenty-five thousand dollars which covers the licensing period. The policy shall provide that it cannot be terminated for any cause without fifteen days advance notice to the city. Upon cancellation of insurance the city license shall be null and void. (Ord. 2002-31 § 3 (part): New: Ord. 79-1168 § 3 (part): prior code § 39-25).
- C. Any license applicant shall deposit with the clerk satisfactory evidence of compliance with the requirements of the Iowa Workmen's Compensation Laws. (Ord. 2002-31 § 3 (part): Ord. 79-1168 § 3 (part): prior code § 39-26).
- D. Approval of insurance policy required.

- E. Any insurance policy tendered by a licensed applicant shall be approved by the city's risk management division. (Ord. 2015-117 § 10: Ord. 2002-31 § 3 (part): Ord. 79-1168 § 3 (part): prior code § 39-27).

#### 8.14.270 Removing, cutting or trimming

- A. Licensee shall not remove, cut or trim trees located on city property or in the city right-of-way without prior authorization of the city arborist. (Ord. 2002-31 § 3 (part): Ord. 79-1168 § 3 (part): prior code § 39-28).
- B. Removing, cutting or trimming without a License
- C. Whenever it appears to the city arborist that any licensee has done business without proper license, the city arborist shall consult law enforcement to stop work. A municipal infraction will be issued in accordance with 8.14.360. A violation may also be charged and adjudicated as a simple misdemeanor including the arrest of the offending party.(Ord. 2002-31 § 3 (part): Ord. 79-1168 § 3 (part): prior code § 39-29).
- D. Cleanup required. Each licensee shall promptly clean up and legally dispose of all tree trunks, limbs, branches, twigs or brush debris generated as a result of tree trimming, pruning and removal activities. (Ord. 2002-31 § 3 (part): Ord. 79-1168 § 3 (part): prior code § 39-31).
- E. The city may refuse to issue, suspend or revoke any license for violations of this Division IV. Any appeal of a refusal, suspension or revocation will be pursuant to the process set forth in Chapter 2.86.

#### 8.14.280 Duty of Property Owner to Prune and Remove Trees – Obstructions, Hazardous and Nuisance Trees

- A. It shall be the responsibility of property owners to maintain private trees and shrubs in a manner that:
  - 1. Will not obstruct the passage of pedestrians or vehicles on public sidewalks for streets, or otherwise obstruct the sight of traffic control devices, or obstruct the view of any street intersection or create other hazardous conditions.
  - 2. Branches do not hang over a sidewalk at a height of less than 8ft above the sidewalk, or hang over a highway, street or alley at height of less than 14ft above the highway, street or alley.
  - 3. Does not pose hazardous conditions due to the threat caused by death or disease from falling branches, limbs or the vegetation itself onto adjacent sidewalks, streets, highways or alleys, or private property.
- B. It shall be the responsibility of abutting property owners to maintain public trees in the city right-of-way in a manner that:

1. Will not obstruct the passage of pedestrians or vehicles on public sidewalks for streets, or otherwise obstruct the sight of traffic control devices, or obstruct the view of any street intersection or create other hazardous conditions.
  2. Branches do not hang over a sidewalk at a height of less than 8ft above the sidewalk, or hang over a highway, street or alley at height of less than 14ft above the highway, street or alley.
- C. Public trees grown within a permanent fence enclosure shall be the responsibility of the abutting property owner.
- D. Abutting property owners must not remove public trees growing in the city right-of-way without prior authorization of the City Arborist.
- E. Nothing in this article shall prohibit the city arborist from maintaining public trees in the city right-of-way.

**8.14.290 Obstructions, Hazardous and Nuisance Trees – Notice to Abate**

- A. Should any person or persons owning real property bordering on any street fail to prune or remove trees or shrubs as provided in Section 8.14.280, the city arborist shall order such person or persons, by written notice in accordance with the procedures as specified in Section 8.14.350, to prune or remove such tree or shrubs.
- B. The notice and order required in subsection A of this section shall be served by sending the order and notice to the property owner as listed in Scott County Parcel Query.
- C. If the property owner fails to maintain the property as required under this chapter and after notice is given as provided in this chapter, the arborist shall order the work to be done. The total cost and expense of the work to be done, including any administrative fees, shall be paid by the property owner. Failure to pay shall result in the cost being assessed against the property as provided by law. (Ord. 2002-31 § 3 (part): New: Ord. 76-442 § 1 (part): Ord. 74-117 § 5 (1, 2, 3): prior code § 39-36 (part)).

**8.14.300 Abuse or mutilation of public trees.**

- A. Unless specifically authorized by the city arborist, no person shall damage, cut, carve, transplant or remove any tree or shrub; attach any rope, wire, nails, or other contrivance to any tree or shrub; expose public trees or shrubs to any gaseous, liquid or solid substance which is harmful to such trees or shrubs or vegetation, or to impede the free entrance of water or air to the roots; or set fire or permit any fire to burn when such fire or the heat thereof will injure any portion of any tree or shrub on city property or in city right-of-way.

- B. No spurs or climbers which injure the bark of a tree on city property or in the city right-of-way shall be used as an aid to climbing such tree except when such tree is to be removed as authorized by the city arborist. (Ord. 2002-31 § 3 (part): Ord. 76-442 § 1 (part): Ord. 74-117 § 6: prior code § 39-37).

8.14.310 Reserved.

Editor's Note: Section 8.14.310, formerly codified as Section 12.52.310, previously contained herein, has been deleted by the recodification of the 1990 Code.

8.14.320 Interference with city arborist.

No person shall hinder, prevent, delay or interfere with the city arborist or assigned staff while engaged in carrying out the execution or enforcement of this article; provided however, that nothing in this article shall be construed as an attempt to prohibit the pursuit of any remedy legal or equitable in any court of competent jurisdiction for the protection of property rights by the owner of any property within the city. (Ord. 2002-31 § 3 (part): Ord. 76-442 § 1 (part): Ord. 74-117 § 8: prior code § 39-39).

8.14.330 Protection and replacement of trees, shrubs and vegetation— Infrastructure Maintenance and Construction

A. Protection.

- 1. All trees or shrubs and their root systems on city property or in the city right-of-way shall be protected from damages or disturbances by infrastructure maintenance and construction activities. The city arborist shall determine any physical protection or precautions required during construction, boring or excavation adjacent to trees or shrubs on city property or in the right-of-way.

B. Replacement. Any person injuring, damaging or destroying vegetation in violation of this article shall in addition to any other penalty imposed by this article be required to repair or replace the vegetation damaged as and to the extent deemed necessary by the city arborist.

C. All changes or improvements to land use shall meet tree requirements established pursuant to the City zoning and subdivision regulations .

8.14.340 Placing materials on public property.

- A. No person shall deposit, place, store, or maintain any stone, brick, sand, concrete or other materials on city property or in the city right-of-way which may impede the free passage of water, air and fertilizer to the roots of any tree or shrub growing therein, except by written authorization of the city arborist. (Ord. 2002-31 § 3 (part): Ord. 76-442 § 1 (part): Ord. 74-117 § 10: prior code § 39-41).

8.14.350 – Reserved.

8.14.360 Violation—Penalty.

Anyone who violates the provisions of this article is guilty of a municipal infraction and upon conviction shall be fined as follows:

1. First Offense \$100
2. Second Offense \$200
3. Subsequent Offenses \$500

In addition to the civil fine, the city may seek equitable relief or take other abatement actions. Each day a violation exists shall constitute a separate offense.

SEVERABILITY CLAUSE. If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed as are any motions or resolutions of council that purport to give authority to a council standing committee to make a determination as all such determinations shall henceforth be made by the city council.

EFFECTIVE DATE. This ordinance shall be in full force and effective after its final passage and publication as by law provided.

Subject:

First Consideration: Ordinance amending various sections of Chapter 10 (Vehicles and Traffic) for the purposes of allowing the City of Davenport the ability to immobilize vehicles in lieu of towing and simplifying fine schedules. [All Wards]

Recommendation:  
Adopt the Ordinance.

Background:

Updates to section 10.24 will allow the use of a 'Denver Boot' immobilization device as well as set fine schedules as follows:

- All handicapped parking violations (ramp or street) – per State of Iowa code (no change)
- All other parking violations on street and in city owned parking ramps: \$25 (reduce ramp by \$5, increase on street by \$5 in most cases)
- All parking violations will be subject to an administrative fee of \$30 once the violation is outstanding for 30 days to cover costs of gathering owner information and facilitate the collections process.

Ordinance amending various sections of Chapter 8.14 (Tree Ordinance) to perform general language clean-up and clarify the following: definition of trees in the right of way, maintenance of city owned trees, permitting, licensing, and nuisance tree abatement process.

## **Chapter 10.24 PARKING VIOLATIONS - ENFORCEMENT**

### **Sections:**

**10.24.010 Ticketing for parking violation.**

**10.24.020 Admitted violations.**

**10.24.030 Fine—Collection.**

**10.24.040 Prosecution.**

### **10.24.010 Ticketing for parking violation.**

In the event of a parking violation of the provisions of this ordinance regulating the stopping, standing or parking of vehicles, it shall be the duty of the police officers, parking ambassadors, code enforcement officers, and other authorized employees of this city to issue a notice of a fine and attach it to the vehicle. The notice shall state:

- A. The violation involved.
- B. The state and license number of the vehicle.
- C. The time the ticket was issued.
- D. The location (may be described in terms of hundred block if applicable).

(Ord. 2011-399 § 4: Ord. 84-247 § 8.1).

### **10.24.020 Admitted violations.**

A. In all cases of violations of the provisions of this ordinance regulating the stopping, standing or parking of vehicles, such violations which are admitted may be charged and collected upon a simple notice of a fine, as set forth in this ordinance.

B. Violations which are not paid as provided in this ordinance within thirty days after the date of the violation shall be deemed admitted and the corresponding fine imposed.

C. The date on the notice of a fine issued for the alleged violation shall be presumptive evidence of the date of the violation.

D. In any prosecution charging a violation of any law or regulation governing the stopping, standing or parking of a vehicle, proof that the particular vehicle described in the complaint was parked in violation of any such law or regulation, together with proof that the defendant named in the complaint was at the time of such parking the registered owner of such vehicle, shall be sufficient for conviction. .  
(Ord. 2007-80 § 1: Ord. 84-247 § 8.2).

### **10.24.030 Fine—Collection.**

1. The owner or operator of any vehicle who receives a simple notice of a fine, either personally or by the placing of such notice on the vehicle, that the vehicle is in violation of the ordinances of the city shall pay to the city a fine for such violation as follows:

- A. For all violations of designated handicapped parking spaces the sum as set by state law.

- B. For all other violations the fine is set in the amount of twenty-five dollars.
- C. After thirty days a thirty dollar administration fee will charged for collection efforts.

2. Any vehicle parked in violation of the city code and whose registered owner has five unpaid parking tickets is hereby declared a nuisance and subject to immediate towing and impoundment; In lieu of towing and/or impounding any, police officers, parking ambassadors, and code enforcement officers may attach an immobilization device commonly known as the "denver boot" to immobilize the vehicle. Any vehicle immobilized by the city through the use of such immobilization device shall be released to the person entitled to possession thereof when both of the following conditions have been met:

A. After payment of all the registered owners' outstanding fines

B. Payment of an immobilization removal fee of Eighty Dollars (\$80).

3. After 48 hours without payment, the booted vehicle may be towed. This subsection shall not be construed to in any way limit the towing of the vehicle under Chapter 10.76 or as evidence in a criminal matter.

. (Ord. 2011-399 § 5: Ord. 2003-460 § 1: Ord. 96-486 § 1: Ord. 93-248 § 1: Ord. 92-637 § 1: Ord. 90-549 § 1: Ord. 88-419 § 1: Ord. 87-377 § 2: Ord. 84-247 § 8.3).

#### **10.24.040 Prosecution.**

Notwithstanding any other provision of this chapter, violations may be prosecuted the same as any other violation of this code. (Ord. 84-247 § 8.4).

**SEVERABILITY CLAUSE.** If any of the provisions of this ordinance are for any reason illegal or void, then the lawful provisions of this ordinance, which are separable from said unlawful provisions shall be and remain in full force and effect, the same as if the ordinance contained no illegal or void provisions.

**REPEALER.** All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed as are any motions or resolutions of council that purport to give authority to a council standing committee to make a determination as all such determinations shall henceforth be made by the city council.

Resolution approving the plans, specifications, form of contract and estimated cost for the Alley Resurfacing Project between LeClaire St and Farnam St from Garfield St to Columbia Ave, included the Alley Resurfacing Program CIP #35038. [Ward 5]

Recommendation:

Approve the Resolution.

Background:

This project will resurface the alley between LeClaire St and Farnam St from Garfield St to Columbia Ave. A portion of the cost will be assessed to the abutting property owners as previously established by Council in conjunction with the FY 2017 Alley Resurfacing Program Part 2.

Construction is expected to begin this year. Depending upon weather, the final surface may be completed in the spring of 2019. Funding is available through CIP #35038. The estimated project cost is \$30,000.

RESOLUTION offered by Alderman Dunn.

RESOLVED by the City Council of the City of Davenport.

Resolution approving the plans, specifications, form of contract and estimated cost for the Alley Resurfacing Project between LeClaire St and Farnam St from Garfield St to Columbia Ave, included the Alley Resurfacing Program CIP #35038.

WHEREAS, plans, specifications, form of contract and an estimate of cost have been filed with the City Clerk of Davenport, Iowa, for the Alley Resurfacing Project between LeClaire St and Farnam St from Garfield St to Columbia Ave, included the FY 2017 Alley Resurfacing Program Part 2, CIP #35038.

WHEREAS, Notice of Hearing on plans, specifications and form of contract was published as required by law:

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Davenport that, said plans, specifications, form of contract and estimate of cost are hereby approved as the plans, specifications, form of contract and estimate of cost for the Alley Resurfacing Project between LeClaire St and Farnam St from Garfield St to Columbia Ave, included the FY 2017 Alley Resurfacing Program Part 2, CIP #35038.

Passed and approved this 23<sup>rd</sup> day of January, 2019.

Resolution of acceptance for the FY18/FY19 Sanitary Sewer Manhole Rehabilitation and Replacement Program (Bid 18-16), completed by KIM Construction with a final cost of \$1,127,149.30 budgeted in CIP #30034. [All Wards]

**Recommendation:**

Approve the Resolution.

**Background:**

A number of manholes of the sanitary collection system were identified as structurally deficient which allows for inflow and infiltration. Rehabilitation is needed to comply with the Iowa Department of Natural Resources (IDNR) Administrative Consent Order.

This program is a combined effort by the Sewer and Engineering Divisions of the Public Works Department. The manhole rehabilitation areas were based on inflow & infiltration studies and manhole inspections.

Work has been satisfactorily completed by KIM Construction Company, Inc., Steger, IL. The final cost for the project was \$1,127,149.30.

Subject:  
Motion authorizing City staff to approve the design, construction, and ongoing maintenance of the North Marquette Off Road Bicycle Trail in the form of an agreement extension with the Friends of Off Road Cycling. [Ward 7]

Recommendation:  
Pass the Motion.

Background:

The Friends of Off Road Cycling (FORC) developed and currently maintain the off road paths at Sunderbruch Park in Davenport and various other parks around the Quad Cities. The group has requested to be allowed to design and construct off road bicycle trails on the City-owned land south of 46th Street along Marquette Street. This is a highly wooded area that is adjacent to the North Marquette Dog Off Leash Area. A public meeting was held on October 4th with approximately 70 neighbors present, along with Aldermen Matson and Gripp and City staff. Overall, the proposed trail development was met with favorable responses. Since the public meeting, a FORC representative met with City staff to ensure the placement of the trail did not interfere with the flow of Robin Creek. FORC also presented a signed architectural drawing of their proposed bridge structure. The location of the bridge was looked at on site and approved by the Natural Resources Manager and City Engineer. The Letter of Agreement is a no cost agreement between the City and FORC.

Motion awarding a two-year contract with a possible one-year extension for low voltage repair services to Tri-City Electric of Davenport, IA. [All Wards]

Recommendation:  
Pass the Motion.

Background:  
An Invitation to Bid was issued on December 5, 2018 and was sent to 266 contractors. On December 21, 2018, the Purchasing Division received and opened one responsive and responsible bid. See attached Bid Tab.

The Water Pollution Control Plant requires a variety of electrical repairs of under 600 volts at the plant. This contract includes the necessary labor and equipment rates to secure the contractor when the need arises. In addition, this contract is extended City-wide for additional departments to use.

Funding for this services comes from multiple departmental operational accounts.

Recommendation:  
Approve the Resolution.

Background:  
This is a sole source purchase. No other producer or supplier provide these products/services. This system is compatible with the Federal Alcohol Tobacco and Firearms (ATF)'s NIBIN system and network.

This purchase includes the hardware and software that is necessary to run this program. The system will allow the Police Department to collect images of cartridge case evidence and analyze the results. The captured images will be stored on a remote NIBIN-IBIS Data Concentrator and Server, for a national integrated ballistic information network.

Funding for this purchase is from Acct 50102510 530303.

Subject:  
Resolution amending Parks and Recreation fee schedule. [All Wards]

Recommendation:  
Adopt the Resolution.

**Background:**

The Parks and Recreation department is requesting approval of all fees for programs, rentals and services for the 2019 year, for each of the rates listed in the supplemental material. Several factors taken into consideration during review include cost to provide program or service, competitive matched pricing/area benchmarking, and specific program/service users and the impacts on them.

Within the amended fee schedule golf rates for 2019 will see a \$1 increase for some greens and cart fees and a 5% increase for season passes. A detailed fee history for golf is included in the supplemental materials. Fees at the City of Davenport golf courses remain competitive with other area public golf courses.
